

# *THE AUTHORITY OF THE WORD*

E-1 . . . Christ's Name. Amen. [Blank spot on tape—Ed.]

If the people could just believe, have faith for all things . . .

Today, way down on the highway many miles below here, almost to Jeffersonville, there was . . . I stopped in a little place to eat a sandwich . . . Taking my children, wife home . . . And I was eating and the phone rang. And from way back in another district, there was—someone had seen the car going down the roads with the signs on it, and I stopped at the restaurant to go pray for a woman who was nigh unto death. And as I was ministering to the lady, what a—a pity I—I thought . . . That she was just so close to being healed and yet that little precious part of faith was blocked so she couldn't get over it. Oh, if she could just only have seen, she'd been setting here tonight. The Holy Spirit there, perfectly willing, wanting to do it, already had did it . . . All that can be done, has been already appropriated for every one. All your salvation's already complete: Christ died at Calvary. That settled it. Your healing was completed the same day your salvation was, if you can just believe it.

Now, I appreciated one thing in the woman: that she was sincere. She didn't say she believed when she knew she did not. She was honest about it. She said, "I just can't seem to grasp the faith."

E-2 Now, see, faith doesn't look at any—at any symptoms. Faith doesn't see nothing but victory. Faith has already appropriated it, and there's nothing else to be done. No matter, if you were laying dying, and a half a dozen doctors was stand around saying, "They're blood pressure is dropping. They're heart's failing and . . ." That wouldn't faze you one bit. If you believe that you're going to live, no matter what would take place, you still believe it. See? That's faith. If you can just get to that . . . That's what you need tonight, is that type of faith.

E-3 Now, this centurion . . . A centurion was—is a man that's over, I think the right word would be, over a century which would be a hundred men. And he was—put himself in the background.

Now, I want you to do that: keep yourself in the background. Never be somebody that you're not. I've often wondered, when wheat was growing in the field, you see the little wheat that sticks up and just feels like it's so—the inferiority complex. There's nothing in that head: a heavy head bows, a full head bows. A full heart will bow. "Lord . . . (See?) not worthy . . ."

But this man thought he was unworthy: He said, "I'm not worthy that—that You should come under my roof." He said, "And I didn't think myself worthy to go to You, so I sent someone else." But said, "Lord, I am a man under authority, and I say to this man go, and he goes. And to this man come, and he comes," for he had authority. He . . . In other words, if he told that man to go, he must go, because he's over him. He's superior to him, and he must obey his master.

E-4 Now, notice. In his own line of work he saw Who Jesus was. He said, "I know that if I say to this man go, he goeth; to this man come, and he cometh. Now, Lord, I'm not worthy for You to come under my roof, but just speak the word." There you are: the authority. He knew that Jesus had all power over all sickness and all diseases; over death, hell; and he knew that all Jesus had to say was speak the word. That settles it.

Now, Jesus was willing to come in and lay His hands on the boy, rebuke the fever. So it astonished Him. He said, "Why, I have not seen so faith—so much faith, not in Israel." That was the believers. He never seen such faith among them. Just to know that His Word, It was a power of testament, His power of authority. And Christian friend, tonight, His Word is the Power of authority. What He says, it will be, regardless of what you or I think. It's going to be just the same.

E-5 He spoke that these days would be here. Someone said, "Are you praying for this or that? What are we going to do about all the immorality of the world?"

I said, "It's got to be. There's nothing I can do about it. God said it would be this a way." Just like it was in Sodom and Gomorrah, so would it be. So I—you can't do nothing about it. You can only preach the Gospel and let those who will, come. And no man can come unless God draws him; so it all belongs to God. And if God has called you, and give you a call to come to Him, you should be very, very happy.

E-6 Now, that is God's Word. This is first always. In any religious doctrine that's not based upon the Word of God, through the entire Word of God, I'm afraid of it. You can make the Word say anything by twisting It around, but it must be proven to be the truth. And now, as . . . If I come and told you, I could heal you, I would be doing something contrary to the Word; for the Word doesn't teach it that way. I cannot do one thing that Jesus has already done. He healed you when He died for you. That's Scripture: "He was wounded for our transgressions; with His stripes we were healed."

And as Moses lifted up the brass serpent in the wilderness, so must the Son of Man be lifted up. Moses lifted up the brass serpent for a compound reason: for healing and forgiveness of sin. The children had murmured against God and against Moses, and serpents had bit them. So it healed their sick and forgave their sin. And just as the brass serpent was lifted up, so must the Son of Man be lifted up for the same cause. There you are.

E-7 So what He has done, I cannot do, or no one else. But now, if you can appropriate faith, have faith to believe that He has did this and it's for you, individually you, then the healing will be there. It will not fail. So have faith in God.

God has set preachers into the church. These pastors here, throughout the countries, wonderful men of God, anointed of God, they have just as much right to pray for the sick as I do or anyone else. And not only the pastor, but every member of the church has a right to pray for the sick. The gift of healing works in the church, the entire church; not only in the pastor. Said, "Confess your faults one to another and pray one for the—another, that you may be healed; for the effectual fervent prayer of a righteous man availeth much." I believe Him.

Now, I want you to do this for me tonight: have faith in Him. Then after that, He sent gifts into the church, such as prophecies, and every—the other gifts, teachers, and pastors, and so forth that He's placed in the church all for the perfecting of the church to get the people to have faith in His finished work at Calvary.

E-8 Can we bow our heads again. Lord, in Whom we take delight to call on Thee. Our hearts just melt with love when we think of Your great grace that You've had towards Adam's fallen race: how the Father gave His Son as a ransom there at Calvary, to take away the sin of the world and to heal the sick and the afflicted. And how down through the age, every time a great stirring has been in the church, there's been healings and miracles and signs. How that down through all ages where You came, there was miracles and signs and wonders.

We thank Thee for people who believe yet today. The question was asked by Your own dear Son: not when He come to the earth, would there be holy people? Would there be righteous people? But He said, "Will I find faith?" How precious that faith today. God, help now, our unbelief, and bless the sick and the needy tonight; and the sinner man and woman, may they find grace in their hearts; through Christ's Name we ask it. Amen.

[Blank spot on tape—Ed.]

E-9 So I'll . . . Tomorrow night I'll try to get that story of the Angel of the Lord, and we'll have the picture of It here. See? Now, let's call from . . . Let's see. Let's call from about 85. Start at 85 and go up to 100, and see if we can get those in the line and the—that getting them here, is just merely to get the a—anointing started for the people, that you might . . .

Now, remember friends, this is not a stage show. We're dealing under the sovereign grace of God. I want you to know that it's for no other purpose. God, Who is my solemn Judge, knows that it's for the glory of God and for the praise of Jesus Christ. And these things are done that it might be fulfilled which is spoken by our Lord, "The things that I do, shall you also."

Who has prayer card . . . Where were we? 85. [Blank spot on tape—Ed.] That doesn't look. Is that—see if we got—is all of them . . . ? You count them. If there's not, then they . . . Sometimes there's somebody out, and then if they're out, then I don't know what to do. You see? [Blank spot on tape—Ed.]

E-10 . . . ? . . . God, I pray for Divine guidance tonight. And now, when Jesus of Nazareth, Your beloved Child was here on earth, He spoke great things to the people. He never claimed to heal them. He said, "I only do what the Father shows Me." And then, Lord, that it might be fulfilled, His precious Word, in this day that we're living, great dark hours of trouble, I pray, God, that You'll be merciful and will heal all that's needy here tonight; both here on the platform; out in the audience; or anywhere, even in this city, in the places, the convalescent homes or hospitals or wherever it may be. Many people's suffering. Our heart goes for them. May Your grace be shown to them tonight. God, grant it.

Help us now. Give us a great meeting, great revival of the city. May every church, because of the revival, be filled with people as the revival is over, coming and taking up their places in the churches. Grant it, Lord, for we ask it in Christ's Name. Amen.

E-11 [Blank spot on tape—Ed.] . . . ? . . . is your subconscious? Is that right? We're taught that. Now, let's look this way. Here's your first conscious. Here's your second conscious. Now, how many dreamed a dream long time ago and you still remember it? Let's see your hand. Now, where was you? What part of you was where abouts? You remember what you did in another place when you was laying on the bed asleep? See? It's your subconscious.

Now, when this conscious becomes inactive, this conscious becomes active. All right. Then when that conscious becomes active when this is inactive, then you dream of things you did here

while you were in this conscious. And then when you wake up, you remember, over in this conscious what you dreamed about in this conscious. See?

E-12 Now, notice. Now, the man... Some of you here, number of you, didn't hold up your hands—which that's—that's—you—you didn't. There's many people doesn't dream at all. I've seen thousands of people that never dreamed a dream. Well, why? Let's just illustrate this. Now, watch closely now.

Now, here is the first conscious. Here a normal man... Normally a man in the majority, his subconscious be that far from him, about, which, just is a parable. Well then, the man that doesn't dream at all, his subconscious would be back as far as that pilaster there, or work. Now, see, he—he—when he goes to sleep, he sleeps real sound. A man that dreams isn't sound asleep. Your dream's only just a second. But it's just... You don't get back to it. Now, he can't help that.

E-13 Now, what if I'd say to you, "Dream me a dream, you people that dreams"? You couldn't do it. Ever what makes you dream a dream could do it, but you can't do it. Now, watch. That man back there can't help 'cause he doesn't dream a dream. This man can't help 'cause he dreams a dream.

Now, a seer or prophet, his subconscious is neither back there nor here. It's right here. He doesn't go to sleep. He just breaks from one dimension to another. See? And he sees things when he's standing with his eyes wide open. Now, he can't help that; it's nothing he done about it. It's in God.

How many believes the gifts and callings are without repentance? The Bible said so. Jesus Christ was the Son of God from the very beginning: from the garden of Eden He was the woman's Seed (Is that right?), that was to bruise the serpent's head.

E-14 Moses, when he was born, he was borned a proper child. God had him brought here. Moses had nothing to do with it. Is that right? John the Baptist, seven hundred and twelve years before he was born, he was the voice of one crying in the wilderness. Jeremiah, Jeremiah 1:4, God told Jeremiah, said, "Before you was even formed in your mother's womb, I knew you, and sanctified you, and ordained you a prophet over the nations. How could he help it? See? Gifts and callings are without repentance. You're that way because God made you that way. "Who taking thought can add one cubit to his stature?" Why try to impersonate anything when you—when you're

just—you're making a—well, you're just doing something that's not right. See? You—if you had brown eyes, you'd never get blue; they're brown. You can't make your stature one inch larger or smaller.

E-15 Now in this, you realize that if these people are standing here and being talked to, it's got to be something that happens here that takes myself into a—this person—or whatever it is there's out in there, into their life and opens up their life. 'Course, the more you talk to them, He begins to move in. You begin to see more, talk more, and it opens more. Now, that's when you almost press your way to it. Take up a parable, words: no one knows but God and I alone. See? And that goes into the—that dimension.

Now, you be in prayer. Pray for me; I'll pray for you.

E-16 How do you do, lady. Now, I suppose we are strangers to each other. I do not know you. And I'm not here to make you a public example before the peoples. And if you're sick or something wrong with you, God will reveal that. If it isn't, God will reveal that. And I trust that you come with sincerity, and I believe that you are.

Here, some time ago, a man came to the platform. He thought it was a mental telepathy. He said—wrote on his prayer cards; said, "I got so and so, and so and so," on there. When it come, it was a lie. And God called him right out. And the things that he had wrote on the prayer card come on him right on the platform: and dying with it today. Don't play with God; it's not playing. And he was a minister too. It's for believers.

E-17 Now, my sister, I just want to talk to you in order to get your life and singled out from the rest of all this that's here. In order to do that, like our Lord Jesus, He . . . It's Him. It would not be me. And I'm just a—a man with not even a grammar school education, just seventh grade. So I know nothing about any of their big words and what they talk about. Only thing I know: I love the Lord Jesus and He loves me. And that's—that's . . . I don't know too much, even about the Book, but I'm acquainted with the Author. That's the best thing. . . ? . . . That's right. I'd rather know the Author than His writing. That's right.

But I perceive now, in talking to you, that you are a Christian woman. You're a woman of great faith. And now, you begin to get little and go away from me now. And that feeling that's upon you now is nothing to hurt you. You're aware that you're in the Presence of Something. Isn't that true? It's true; yes, ma'am. But that—that's the Angel of the Lord. Do you always notice in praying, I turn this

way 'cause He always comes from the right hand side: always. Never has failed to come from that way. And I bring the people up this a way so His Presence can be with them as they're coming to me.

E-18 Now, just a moment ago you started fading away and then you come back. I knew that you was a Christian, 'cause I seen you praying. You were kneeling, praying somewhere. You were a praying for—about this meeting. And you said if you could ever get here to the platform, in your prayer, ask if you could be, that you'd be made well. Is that your prayer?...?...very nice. Thank you. Now, see, God can reveal your prayer. You suffer with...It's—it's a tumor. You have a tumor. And the tumor is in the—in the stomach. Is that right? It's causing... Yeah. Then you also—you have a—a some kind of attacks like, I believe it's gallbladder something. You get severely sick like that. I see. Isn't that right? Yes. Is that true? Uh-huh. You are a person that you're—you're against medical aid. You don't fool with doctors, do you? You just trust God for... Isn't that right? I could see you're in... I seen that...?... .

Now, are you convinced that Jesus Christ is—rose from the dead and is here tonight, making Hissself manifest to make you well? You believe that? Won't have to say nothing else, but just ask Him now, and you believe? Is that right? Does the audience believe that? Now, right now I don't know what I told the woman, what was said to her. It was a vision. But I... They tell me after the service is over what taken place. See? But I know something taken place. Now, what you heard, you heard my voice; but it wasn't me talking; 'cause I was somewhere else; and whatever was—I was in another place somewhere. But it... Was it the truth? If every... Was that truth? If it was, raise up your... Yeah. See? All right. Then He said, "The things that I do shall you also." And that's what He did.

E-19 Now, something in the supernatural realm has spoken to you tonight, through mortal lips (Is that right?), revealing your life to you, whatever it was, and what was wrong. Now, do you believe that the Lord Jesus has sent me to pray for you? Come here.

Our heavenly Father, as we bow in Thy Presence, humbly as men and women, our heart goes out in deep sympathy for the sick and the needy. And, God, in the midst of criticisms and everything, Thou has taken us through every storm, Lord. And in that great day when we stand there, we want to show battle scars, that we've been on the battlefield.

Now, our sister stands here needy. Thou knowest her conditions. You know what's wrong with her, Lord. We do not. Thou knowest, and Thou has revealed to her the things of her life. And I pray that You heal her.

Now, this is Thy Word. You said, "They'll lay hands on the sick; they shall recover." And, "The effectual fervent prayer of a righteous man availeth much." Now, we're not righteous, in that we're sinless; but a righteous man is one who confesses his sins to a righteous and holy God, and believes by faith. I ask for her healing in the Name of Your Child Jesus. Amen. God bless you, sister. Now, look. If God could reveal to you what was in your life, He can reveal what will be in your life. Is that right? You're going to get well. So you can go now and believe it. All right.

E-20 How do you do, lady? I don't suppose that we know each other. It . . . Yes, ma'am. Well, I just know I'd never seen you, and I just want to talk to you just a—just a moment, as your brother. And no doubt that you're in need or you wouldn't be up here. And if you're up here, I trust God to make you well. And I'd do all I could. I—I can pray for you, but I—I believe that our Lord Jesus, when He spoke to me many years ago, about seven years, and told me to go and pray for the sick people, and get them to believe, that nothing would stand before the prayer . . . Well, that's been confirmed around the world many times: scientific and everything. Ah . . . I . . . There's a little difference. You have had some trouble or you just been to a doctor or something. I see you as a—you—you've taken some kind of a treatment or some . . . It's—it comes with a—a needle; it's an injection. Isn't that right? And you've taken several of them. I believe that's SR penicillin. Is that right? I heard him when he said it. Uh-huh. And it's for some kind of a—an infection in the kidneys. Isn't that right? I see it in the kidneys. And don't—don't you also have a female condition, trouble? Isn't that right? And he—he wants . . . That's up for an operation for that. Is that true? Now, is that the truth? You believe if we'll ask our Lord Jesus, myself and all these believing Christians tonight, that God will let you get well, sister? All right. Come here just a moment.

Our Lord, we come to You in the Name of the Lord Jesus for this poor little woman who stands here in need. Thou can make her well, and Thou alone can do this. We are not sufficient, Lord. The only thing that we can do is bring the Gospel. And the Gospel is the Word plus the power: Gospel came in power and demonstration of the Holy Spirit. Lord God of heaven, Creator of all good things, I pray Your blessings to this woman. And as I lay hands upon her, as a believer, signifying that I believe that she's worthy of the blessings

that I'm asking for; I pray that her faith will mount up, and may she be healed. May she get well and live a good long life for Your glory; I ask, in Christ's Name. Amen. God bless you, sister. Go now, and may the Lord Jesus be with you and make you well. [Blank spot on tape—Ed.]

E-21 . . . ? . . . I don't—don't know you. I believe we may be strangers. We're strangers, yes, ma'am. Well then, your life is [Blank spot on tape—Ed.] . . . ? . . . lady? Oh, it's these people setting here, the ladies. It's right here. You love the Lord, do you? Aren't you needy too, of prayer? Isn't there some sort of a—a—your body swells at times. Isn't that right, or something? It's a—kinda like a dropsy, isn't it? A heart condition, isn't that right? You want to accept your healing? Do you believe that Jesus will make you well? You do? Just stand up to your feet just a moment. Stand up to your . . . Let's bow our heads.

Father, I pray that You'll help her. Seeing the Spirit of the Lord move that way to this poor woman, maybe she is in more need than we think of, and I—I pray that You'll have mercy on her and heal her. In Jesus Name, I pray. Amen. God bless you, sister.

E-22 Just kinda felt sympathetic for the woman. Yes. That's fine that you would do that, that the Lord would—would bless you. There's still some connection with this woman and that woman that just set down over there. Standing here there's . . . Let me talk to you, just a moment if you will. You know what's the matter? Do you believe that the things that you see done comes from God? It—it has to, doesn't it? Oh, yes. You have an infection also. Isn't that right? Uh-huh. Did that woman—did you have an infection or something there? That's where it was at. See? The lady was healed and the demon that was doing that was screaming out (You see?) for mercy. This one here was calling the same thing. See?

It's just like you got to have a cooperative faith. Jesus put the people out that didn't believe. Where unbelief is, you can do nothing: you can't even preach the Gospel. You can't even talk where there's unbelief, hardly. It takes faith. And they try to unite themselves together and call one to another. And that's what it is.

You've also had a great nervous condition, haven't you? Haven't you had a break or something another like that, a nervous break—a breakdown? I see that you've been very . . . Say, aren't you something like a . . . You're a preacher of some sort, aren't you? Kind of a . . . Yes, you are. And isn't it some . . . Isn't it with something like a—the Salvation Army or something like that? Isn't that true? Yes.

That's a . . . And your husband has some kind of a position in there, a kind of a—they look up to him; something like some officer in the ranks. Is that true? The Lord bless you. Come here.

E-23 Lord God, Creator of heavens and earth, Who sent Thy Son Jesus to the earth, and now has raised Him up from the dead after the cruel sins of the world's crucified Him, and He appears here with us tonight in the same revelation that He's always been. The Father shows Him. He works, and He works hitherto. "A little while," He said, "and the world seeth Me no more; yet ye shall see Me." O God, make me one of the "ye's." "Ye shall see Me; for I'll be with you, even in you, to the end of the world." Bless this woman, who I bless in Thy Son's Name. May she go home and be well and happy and serve many days yet in the kingdom; for Jesus Christ's sake I ask it, in His Name. Amen.

Sister, now, He—I don't remember just what you're case was, but in prayer, I noticed that you are going to be all right. Now, you go on, just . . . You do as I tell you, and you'll be all right. You go away from here tonight, just as happy as you can be. And just be happy and testifying. See? He's the High Priest of your confession. He wants you to believe it; accept your healing now. You do? And then go away testifying, saying, "Thank the Lord for my healing." Go on and it'll just go away from you, and it'll be gone. See? God bless you, my sister. What . . . Amen. That's the reason your faith has done that. God bless you, sister. May He help you and bless you now. Just go like you've never had nothing wrong with you. Just bless God and be thankful.

E-24 Howdy do, sir? Do you believe that the Lord Jesus is here to—heal you and to make you well? I believe that. If you'll believe that with all your heart, the diabetes will leave you. Do you believe it? God bless you.

And Lord Jesus, may he go tonight, and may this—this diabetic condition leave his body, and may he be a well man because of his faith. I ask in Jesus' Name. Amen. God bless you, my brother. Go, be happy, rejoicing now. And thanks be to God for His great blessings. All right, sir. Are you believing? Then hold faith in God.

E-25 Howdy do, sir? We are just strangers to each other, are we, sir? Do you believe that the works of the Lord are to be manifested in all ages? That He is the same yesterday, today, and forever? That He—He truly rose from the dead and lives among men tonight? You believe that? Then it . . . 'Fore the world was formed, He ordained different things to take place. And some of them you see done tonight? Is that right, sir? You believe that? You are very much broken down; your

health has broken down. Many things are wrong with you. I see you, my brother, looks like you're coughing a whole lot, something wrong, like it's in your throat. . . . No, it's a asthmatic condition. Is that right? Haven't you a—a bunch of children? I see them at your. . . . About five or six little fellows, is. . . ? Six. And your wife is a sick woman, isn't she? She has a kidney trouble, something wrong in the kidneys. I noticed. Is that true? Look. Do you have faith to believe that I be God's servant?

Now, here's your trouble, brother. You once used to go to church, was a Christian man, and you fall away from that, haven't you? Is that right? You've went back on God. If He'll heal you and your family, will you promise that you'll serve Him and go back to church? Come here to me.

Father, I pray for mercy for this, our brother, who is in need. And I ask You to be merciful to him, to heal his body; make him well; send him along the road rejoicing. Now, as Your servant, I lay hands upon him in commemoration of the Word of our Lord. The last words that fell from His sacred lips as He left the world, He said, "These signs shall follow them that believe. In My Name they shall cast out devils, speak with new tongues, take up serpents or drink deadly things, it'll not harm them. And if they lay their hands on the sick, they shall recover." God, grant it to our brother, in Jesus Christ's Name. Amen. God be with you, brother. Go rejoicing and happy. [Blank spot on tape—Ed.]

E-26 Do you believe? Well, bless your little heart. Do you like to go to Sunday School? Uh-huh. Uh-huh. That's fine. You—you've been having some trouble, haven't you, honey? Isn't it in the head? A kind of a brain condition. Is parent of the child near? You understand what I'm speaking of, lady? That is the truth, isn't it? Well, you understand that I know, and been to a doctor, and some things has been taken place. And the child needs Divine help from God. The doctor's doing all that he knows how to do, and God bless him for what he has done, and what knowledge he has to do; but it'll have to come now from greater power than his knowledge. But have faith. I believe you're—the child will get well. Come here, sweetheart.

Lord God, Creator of heavens and earth, as I hold to my bosom, this darling baby, who Satan has determined to do this evil to, hear the prayer of Your servant. Lord, this child is yet young. Its faith would be small. Of course, now it's a baby, but, Father, with the faith of Thy servants here, help me, dear God, to have power over this evil one.

And, Satan, in the Name of Jesus Christ, leave the child. You might've hid from the doctor, but you won't hide from God. He knows right where you are. And you leave the child and come out of her. I adjure thee by Jesus, the Son of the living God, that you depart from the child. I bless thee, my little sister. As a servant of the Lord Jesus, I bless you in His Name, that you'll get well and serve God all the days of your life.

Now, I want to ask you something, honey. Do you believe now, that you're going to be well? You will. God bless you. [Blank spot on tape—Ed.]

E-27 . . . was something. Oh, yes. Now, what you're here for is merely a lift of faith. See? Now, your condition is nervousness, and you're breaking and going down all the time. And I asked Him, if I'm not mistaken . . . You was here a few nights ago and was prayed for. [The sister speaks to Brother Branham —Ed.] All right. [Blank spot on tape—Ed.] As your brother, you are a mother also, aren't you? Now, I . . . You've come here to—from a distance to be prayed for. And I—only thing I can do is ask. Now, I want you to do this. You are sure to die if you remain in the conditions you are now. You can't live but a little while. And now, that's known. Even your doctor knows that. Now, you've got to do this, lady. You've got to get up above that. See? You're—you're way of thinking. . . See? You're down here thinking you're going. But you've got to rise up here where you think you're going to stay. See? You've got to get above it. "As a man thinketh in his heart, so is he." Now, that's not—if you—you want to call it psychology, but it's whatever you want to say, it's the truth. But now, the thing of it is, you can't come up here unless you got faith in something that'll bring you up here. That's right.

E-28 Now look. As the lepers that laid at the gate, they said, "Why do we sit here till we die? If we go in the city, we're going to die. If we stay here, we're going to die. But if we go down to the Samaritans, if they—if they kill us, we're just going to die anyhow, so if we save us, we live." So they rose up and went down there to that camp, and God rewarded their faith. Is that right? And they—they not only saved themselves, they saved the whole—whole Sam—city of Samaria, didn't they? Now, you're not invited tonight, to go to the enemies camp; you're invited to come to the Father's house where He's waiting for you? Will you believe? Here. Lady, it—it—you—it's your life. You see? I can only . . . As His prophet I can tell you what started it. But I—I—can't—it just turns black in front of me, it's on . . . See? It's laying according to your faith. I can't have faith for you no more than just as long as my gift will carry what I'm talking about. But it—it takes your individual faith, like anyone else. Your

faith in saving grace, anything. . . But you can be well if you'll just throw aside everything and grind on into it. Do you believe? Do you believe if I'll ask God to make that evil leave you, that it'll be gone from you? And you'll go home and get well, and you—it'll rise up in strength? Well, I've seen people, that you look like a big strong healthy woman, the size of them, and them eat up with cancer is now living, because they had faith in God.

E-29 Now, bow your heads if you will. It's—it's mental nervousness. [The woman asks, "Should—should—should I believe when I feel like I'm dying all the time?"—Ed.] It's. . . See? That's. . . You must believe of regardless of anything. See? You never go to your feeling; you go to your faith. See? There's where you—the lacking of it is, sister dear. I want you to be well. See? But see? You're—you're. . . It's—it's a—a mental disturbance all the time. You must just keep saying, "Thank You, Lord, for my healing. Thank You, Lord."

"How you feeling?"

"Wonderful. Thank God for my healing," and just keep on like that, you'll get well. See what I mean? There's where you climb up over the riffles there. It's a battle. You've got to fight 'fore you have victory. You see?

Lord Jesus, bless this woman who I lay hands on and say to this evil spirit, "You're exposed. God rebuke thee in the Name of His Son, Christ Jesus. May you leave the woman. Come out of her and may she go and be well. God in heaven, grant this blessing, through Christ Jesus' Name. Amen.

Sometimes evil spirits want to hold on, but if you—I. . . It's left to the people's faith. They have to leave in the Presence. That's true. But when they get away, they'll return. You see? If the patient can have enough faith to take it, the thing away itself, much the better. All right.
