

Third Exodus Assembly

The Beginning And The Ending Of The Gentile Dispensation

Another Loosing of the Four Winds

Pastor Vinworth A. Dayal

28th October 2001

The Beginning And The Ending Of The Gentile Dispensation Sunday 28th October, 2001.

You know that is my experience today? There is none like Him. No person can compare. He stands in a class by Himself. Hallelujah. He is The All Sufficient One, The Fairest of Ten Thousand, The Lily Of The Valley, The Bright and Morning Star. Oh to Him be glory and honor and praise, dominion, might and power---Father we exalt You today, we lift up your great mighty name of the Lord Jesus Christ. We bow down before You and we worship You as the only wise God Eternal. Oh God, The Blessed and Only Potentate, King of Kings and Lord of Lords, we known all this Father. Blessed be your wonderful name. Thank You Jesus. Thank You Lord. Thank You Jesus. Amen.

We are certainly happy to be in His presence. We come into His house to honor His resurrection today. To hear his Word, to worship Him. To be made ready. We sit under this great message that was sent for preparation, getting a Bride ready in this hour. God gave us such a beautiful picture in the Bible of a marriage and the wife making herself ready. It is granted unto her to be arrayed in fine linen, pure and white. For He, this Great, Lovely One, who chose this Bride, was going to come and receive her unto Himself. And what a beautiful picture that is, to know that we are called and chosen to be part of this great number today. We live with this realization that we've been called by a message. We live with this realization that when He came to us, He said, 'You didn't choose me but I chose you'.

The prophet said its like a man choosing his wife. He said, " I no longer call you church, I call you bride". Put the wedding band of unmerited, predestinated grace upon us. Revealed to us our name in the Book, the marriage certificate. And this great mighty name, He sealed us in our foreheads. The name revealing the Seven Thunders, giving us part of His own very name, His very own life. Blessed be his wonderful name. Let's just bow our heads for prayer.

Father we bow with thanksgiving today. We feel so honored that You could be so interested in us that we grow in this great knowledge. As our understanding becomes enlightened, and we see it was way back in the eternities, when there wasn't even a star, atom or molecule, You thought of us. You chose us in Christ. You predestinated us unto the adoption of children by Jesus Christ. You came down in this day and you open the Seven Seals Book. You revealed all names. You call us to walk in this marvelous light. You brought us into this blessed fellowship. You didn't hide Your secret things from us. You whispered them in our ears, as a husband would do to his wife. Sharing the most intimate and blessed things with her. How dear God a people of low estate, You have raised to such a place of honor, Father. We thank you Lord. When we look at this picture that expresses Your thoughts. When we look dear God at the way you describe the intimacy and the relationship and the love that You feel for us, it overwhelms us dear God. Who are we that You should be so mindful of us? We are just grateful dear God. We feel so indebted in our hearts. Such a desire stimulated within. We want to please You and serve You. To live for You. To bring glory unto Your mighty name. Teach us Your ways dear God. We come into Your house today to assemble ourselves, being made to understand by the scriptures. We put in remembrance, receiving revelation from you Lord that we truly can recognize the time that we are living in. All these things that You have done and is doing for us we will not miss this great hour but it might put us in the rhythm of the Word. We might walk in harmony with You and the same harmony that existed between the Father and the Son, will now exist between the Bridegroom and the Bride.

Dear God have Your way today. Let Your love penetrate so deep down into our hearts that, dear God it will bring us under Its divine power and influence. That we will have no will, no thought of our own, no desire, Lord, outside of You dear God. Lord we would be moved to a place to such surrender, complete surrender. Let Your love have that conquering, overwhelming effect in each and every one of us and it will be shed abroad in our hearts by the Holy Spirit today. Speak Lord, thy bride heareth. Direct our thoughts into Your Word and lead us in this scripture, our faith can

be perfected. Meet every need in the midst of Your believing children.

Take into consideration and remembrance also all that are identified with us. The gathering of this great revealed truth in this hour. Hearing across the seas we have the same desire, we have the same need. Oh God we see in Your Word You made provision. We just ask that that which You have provided will be ministered to us. That we might walk in the full complete blessings of our Lord Jesus Christ. Truly that will bring glory and honour to your name. Even the strangers and visitors today that is in our gates, them that do not know You. Lord unveil Yourself. Speak to them Lord. Touch hearts, lives today. You are the kind one Father. You are the one who cares. The one who understands our every need. You are the one who can meet every need. Who can we turn to in this dark hour? But we lift our eyes from whence cometh our help. Our help cometh from You lord. We thank You Father. We have this confidence that You will meet these needs. Get honor and glory today in our midst. We ask these mercies in the precious name of Jesus Christ our Lord. Amen.

God richly bless you. We'll like to make you all feel welcome today in the house of God and I'd like to invite your attention to the Book of St. Luke chapter 21. To speak maybe more, putting you in remembrance of some of the things we're trying to bring from another side, from more of what we have been speaking and looking at and we want to give special mention and give welcome to our precious brother Brian Rollingson. He is here with us today. We are so glad, right now he is in the transition of getting everything sealed up that he can be with us here again in the house of God and he got an appointment here in Trinidad and the Lord just seem to answer prayer and work so favorably and give him his hearts desire to be in fellowship and we feel encourage by the way God has done these things. We thank God for that. Amen. God certainly know to just a testimony that you just believe God. Ask that your joys will be full, that the right motive and objective in asking for these things, God will turn things around for you in ways that you can't even imagine. Amen.

St Luke chapter 21 and we'll read from verse 20. I want to take for a little title this morning **'The Beginning And The Ending Of The Gentile Dispensation'** and just speaking a little bit on

prophecies which we have been trying to bring these prophetic messages because the things that we see happening and we believe where they fit in the Bible and the meaning that it has for us that we can be enlightened and better posted. Amen. Luke 21 verse 20.

And when you shall see Jerusalem compassed with armies, then know that the desolation thereof is nigh.

This is Jesus speaking to His believers, His apostles, His disciples at the ending of His ministry. He had come to the end of a great ministry. Though it was rejected by the denominational world in that day. Pharisees, Sadducees, they came together to reject the message. They gave their support to the state. The Roman power and they came and united to crucify the message of the hour. But just before He went of the scene He begin to give them national signs of political disturbance that was going to strike into the earth. He said when you shall see Jerusalem compassed with armies. Right now you see merchants in the city. Right now you see young people going about, right now you see church people you know, in the activities, you see a kind of domestic situation. But one of these days you will see armies garrison this place, like a nuce around the city. A siege to cut off everything. You will see inflation, devaluation, recession, and unemployment. You will see crime. You will see political disturbance. You will see violence. You will see these streets running with blood. You will see people in this city eat their own children. It was coming. It was prophesied that after he is going He said not one stone will remain standing on this temple here. Daniel said, "and he shall be given the sanctuary right here". Ezekiel saying those slaughtering angels were coming and Jesus knowing that the prophecy for those things was connected to His being rejected. Because He was rejected it had to come. Messiah was going to be cut off but not Himself. But then desolations are determined. Amen.

And the people of the princes went and destroyed the sanctuary. Daniel prophesied. And Jesus gave them the sign here speaking from the inspiration of the scriptures. He said then you know the desolation. That desolation is what Daniel and they were speaking of. When you see Jerusalem compassed with armies you know this temple is going down. You know this nation will be scattered and be persecuted and scattered into all the world.

Then let them which are in Judaea flee to the mountains; and let them which are in the midst of it depart out...

In other words when you see these things happening don't think it's just going to blow over. Desolations are determined. When you see these things coming, don't be like Lot's wife and study your riches and your money in the bank don't and you know, you can't get to draw it out and you know, your house and you just move up in this neighborhood and you just buy this new car. Don't even think about that. Let the revelation of the Word coming to pass, being identify, the prophetic Word, that heaven and earth will not pass away. When you see these things, you get your running shoes and go to running. Many people didn't do that and they perished inside of there. They didn't know their day of visitation. They didn't recognize the messiah much more know these other things.

...and let them which are in the midst of it depart out, and let not them that are in the countries enter there into.

And you think you want to get around there. You like to go to America and you like those things there. You think you want to enter in when you see a certain hour come, you better be careful of where you want to go when the hour comes. You know the Bible. Now this was Jesus saying this, the saviour. Remember though he is a saviour you get saved in His provided way. You get save according to His provision that He reveals by His will. You don't just say Jesus saves and He could save me anyhow and anywhere. No! Salvation is a provided way. He is telling them when Jerusalem comes here don't look for me to save you in Jerusalem. Because I'm telling you don't be here. If you're there it means that you disobeyed my Word and still want me to save you. You understand what I'm saying? You see some people get a religious concept of God that they think God is anyhow. We had that Friday, you work by laws. You don't scream and holler, "oh electricity light up the place". You work by the law of electricity to get the benefit of the electricity. Is that right?

For these be the days of vengeance, that all things which are written may be fulfilled.

See. There were things written for that hour and they had to be fulfilled. Daniel wrote it, Ezekiel wrote it.

But woe unto them that are with child, and to them that give suck. In those days...

Women with their babies, pregnant women. It will be very very difficult. It wouldn't be like single women. See, to move around in that condition it's not easy.

...for there shall be great distress in the land, and wrath upon this people.

These people... the Jewish people.

And they shall fall by the edge of the sword...

This time it's by the atomic bomb. Back there was the edge of the sword. Armies, watch it. Compassed with armies, the edge of the sword. And a sword was given to take peace from the earth. Political disturbance. You're getting that? But there was one who had already caught the mystery and brought a religious disturbance. But the church went into messing with politics. They went saying we have no king but Caesar. And they were rejecting their messiah. And when the church goes into messing with politics you get problems.

Watch war, famine and depression and these things come in. when this is Bible. This is Bible. As it was in the days of Sodom, as it was in the days of Noah, as it was in the days of His first coming so it shall be when the Son of Man being revealed again. Watch these things. They shall fall by the edge of the sword. The same Jesus who prophecy the Holy Ghost, same Jesus who went out and healed the sick is now opening up the Trumpet of the political disturbance that was coming because his message has caught away the elect already. Is that right? And then the demons fell upon the church world and Pharisees and Sadducees start to unite. To do what? Crucify Him. And they gave their power to the state. How many knows that is repeating now? That very same thing is repeating again. That's Thus Saith The Lord. The prophet said that. Exactly right, my.

...and shall be led away captive into all nations...

Every nation under the sun you had Jews. And then they had a national resurrection in this last day, Ezekiel 36. Is that right? Feast Of The Trumpets, to do what? Gather them from the nations back to their homeland. Rush them back, woe, woe, rush them back. What for? To recognize the day and the message. The same thing

has rushed us from all denominations back to the promised Word, is that right? Where are we today? In a denomination? In a creed and dogma? In the only provided place of worship. How did we get here? A messenger took the Word and shot a bride out of the nations, slay the organization, said, "come out of her my people" and a resurrection out of dark denominationalism took place. Is that right? Is that why we are here? We are in the Bible; it's a prophetic hour. That's why you are here friends. If your experience is somebody called you and gave you a book and talked to you and you're coming because of them, I'm not talking to you. But His quickening power came and hunt down the elect and quickened them to the Word, I'm talking to you, amen; that you recognize that you are part of the Word for the hour. And how many knows who rejects this message is going to be destroyed, led away into all denominations? And how many knows all denominations took the mark of the beast and went back into Catholicism, and the atomic bomb is Catholicism? How many knows that? You see the Bible.

And Jerusalem shall be trodden down of the Gentiles until...

And watch this word here,

...until the times of the Gentiles be fulfilled.

Jesus. Can you see from Jerusalem compassed with armies, the desolation is nigh, trodden down of the Gentiles until the time of the Gentiles be fulfilled? Do you see how...He's in the Book of Daniel. He's in Daniel's prophecy. But Daniel told you about the time of the Gentiles. Daniel told you when the kingdom will be restored to Israel again in the last days. Daniel told you that. And here is Jesus looking at the scriptures. He said what? "For it is written that these things may be fulfilled." My!

Romans chapter 11, verse 25-27. My subject I'm speaking of, **'Another Loosing Of The Four Winds'**. The winds are let loose, wars and strive is in the earth. Winds speak of war and strive. How many knows that is Daniel 7, that is in Revelation 7? How many knows Daniel and Revelation is apocalypse? That's right. How many knows Daniel heard the Thunders and John herd the Thunders? These are mysteries in the Thunders. How many knows that's In the promise for the last days? Yes sir! I'm glad to be in a church like this, I tell you, glad to be in a message like this, glad to be in a hour like this. Romans 11 verse 25, Paul in the whole book

of Romans form 9-11, in the book of Romans, this great powerful book, after he deals with the Gentiles, he comes now and he deals with the Jews in 9-11 and show how they were blinded, why they were blinded, how their blindness is in part and how they are going to be restored. They had rejected the Messiah, they were blinded and they couldn't recognize the Messiah. Isaiah spoke of them, hardened their eyes so they couldn't see. Now watch something here. Paul giving them hope still that it is going to come back to them in the last days.

Verse 25,

For I would not, brethren, that ye should be ignorant of this...

What? Mystery, mystery, it's a mystery. It means the spirit has to make it clear. How many knows comparing scriptures with scriptures don't make a mystery clear? It requires the teaching of the spirit, otherwise won't become clear. That's right, amen, it's a mystery. It's something God has sealed up, one of the mysteries in the Book. And Paul said I would not that you should be ignorant of this mystery, I would not that you would be ignorant to spiritual gifts, I would not that you would be ignorant of them who are asleep, I would not that you would be ignorant of this mystery. Whether it's the Fifth Seal, Sixth Seal, Seventh Seal, I would not that you be ignorant of these mysteries. We don't want ignorance in the church in this hour, we want understanding in the church. Is that right.

*...lest you should be wise in your own conceits;
that blindness in part is happened to Israel, until
the fullness of the Gentiles be come in.*

Just now we were looking at the times of the Gentiles, until what? The fullness of the Gentiles be come in.

And so all Israel shall be saved...

And you know He goes on there too telling you all Israel is not Israel but all Israel chosen in the thoughts of God, one hundred and forty four thousand names in the Book. All Israel shall be saved.

*...as it is written, There shall come out of Sion
the Deliverer, and shall turn away ungodliness from
Jacob: For this is my covenant unto them, when I
shall take away their sins.*

He'll make an end for her sins, He'll finish transgression and so on. Daniel saw the six-fold purpose of Gabriel's visit. Is that right? Oh my, praise His mighty name. May the Lord bless the reading of His Word, you may have your seats.

So glad to be here in the house of God with you today and to keep you in remembrance of what was spoken by a prophet. Sometimes we see the Word breaking, it's breaking so fast, it's going so deep, it's getting so great in such a magnitude. But then inside of there we still need to reestablish what we know, what we believe and walk in. and we still need to bring real and clear to the young ones coming in that they too can better understand what they are growing up, what they are hearing, what time it is, what meanest all these things, what kind of Book the Bible is, why do we give such preeminence to the Word of God, why we will let no politician, no king, no potentate, no emperor, no teacher, no philosopher, no wise man, we will not let their word take place of the Word of God. Because the Word of God stands by itself, the Word of God is the thoughts of God. It's the infallible Word of God that we have in this Bible here. Amen. That has been proven to us in this day, that from Genesis 1 to Revelation 22 is the inspired Word of Almighty God, it's the infallible Word of God.

I was listening to William Jefferson Clinton express to the United States, speaking to CLICO there and he is saying standing, you know, as one of the voice of many waters of the beast, amen.

As he spurs open his mouth, and spurt his water he said, "nobody can claim they have the truth". He said, "these are heretics, these people who become extremists and they say they have the truth and the way they see things and view the world, that that is the only way".

Came down here, they paid him a hundred thousand US I think it was, spoke for an hour. And when they look for leadership training he gave them leadership training. But it was in another realm of leadership training that they couldn't understand. Because they see themselves in the global leader, as the real super power and then they are leading the world in a certain direction. And they came here and they begin to speak those things and anoint the people and out of their mouth came something. You watch, the Bible said the religious realm that out of the mouth of the beast, the false prophet - the pope, the Roman Hierarchy, he said come, out

of the woman dragon, come three unclean spirits like some lying spirits, deceiving the kings of the earth. Is that right? He is chief false prophet, singular, the chief false anointed ones in the end time. And all under his headship become anointed ones with the same lying spirit. Same Jesus Christ revealing the Son OF Man, Seven Thunders. Because it were seven spirits of God, amen, blasting forth, amen, the Word of God. And every one united under that headship, everyone govern by that headship. Amen, everyone have that same mind that was in Christ, amen, he's an anointed one in the end time. And the message being shown us there are...the message is not false anointed ones in the end time, look back, the message is The Anointed Ones In The End Time, true and false. Everybody anointed, the rainfall on the just and the unjust. He said they are all anointed, but watch the teaching. Watch what they are teaching and watch what this one is teaching. Is that right? Look what they're teaching. I'm saying this morning, amen, and I'm ready to die for it. I'm not being a fanatic but if I have to die for it, I can die for that. That's the vindicated proven Word of God. Hallelujah!

That is the Word that is going to bring everybody who has to come out of the grave out of the grave. That is the Word that is going to judge this world. That is the Word that created this universe. And that is the vindicated proven Word of God. That is the Lion that roar in these last days. That is Thus Saith The Lord to this generation. There shall be light at evening time. Deity himself was going to speak. And how many knows He spoke through a prophet? How many knows He spoke through William Branham? Amen. How many knows that was the voice of God in the last days? And how many knows the Bride under her messenger is the final voice to the final age? And she is the true Bride, she will say what the prophet had already said if she is the true bride, is that right? That's exactly the truth.

The way we see the world is the way to see it. Because God said come and buy eye salve. I'll open the Word, I'll show you Satan's Eden built for six thousand years and is about to be enthroned upon it. I said Catholicism would rule the world and control trade and commerce, amen. After she has drunken the kings of the earth with the wine of her fornication. I said God have come down, a midnight cry. Behold the bridegroom cometh, to pull a bride out

and getting her ready for His coming. Is that right? That's the way to see the World. This world is again falling apart, Satan's Eden, the god of this evil age. That's the way to see the world. The atomic bomb will burn the earth after this Elijah. That's the way to see this world. Yes sir! Yes sir.

He born August the 19th, I born August the 19th. He say so, I say this here, amen. He look at the false prophet, I look at the true prophet. Amen, yes sir! My! He's a lion, I'm a lion under the real lion. He tried to roar like a lion but the real lion has spoken in this day. The Lord God Amos. Hallelujah,....shepherd from before the great earthquake. Yes sir. He said we are trying to give stability to the region. I say study nation for expansion. I said that's a lying spirit. That's right.

Jesus said when you see Jerusalem compassed with armies, when you see that red horse rider, riding a red horse and a sword is given to him, is given, to take peace from the earth. Which part of the earth? Any part they choose to carry out their campaign of terror. Any part of the earth they find an obstacle to their objective. If diplomacy doesn't do it, if we can't take it by flatteries, we'll take it with the sword. If we can't take it by famine, by bringing sanctions and starve the people, we'll take it by the sword. Where we can use flatteries, the false prophet will speak and seduce the nations. Is that right? The same serpent is the same dragon friends, you just rub him the next way to see what is happening. He took the thing over by flatteries. How many knows the Bible said the forth beast destroyeth the earth wonderfully? But how come you don't see the forth beast in all this, he took a vacation or the bible wrong? She has a veil, just the same way they can't see God too. But God has a people. Is that right? God have a people he will work through and express His thoughts. The prophet said it wasn't me, it was He standing close. I was just a voice reflecting Him. What do you think them is, it's a voice. How many knows the Bible said, "and the lion spoke with the voice of the dragon"? How many knows the Bible said that? You're not seeing no dragon but you're hearing his voice. And if you can't see that, the same way you can't hear God's voice either. They will see the Bride talk to Him. Exactly right. You know what's the difference? The ability to see, the ability to see and tell the difference, to discern good from evil, right from wrong, to know the difference, to recognize the

Word, not in the Book here, manifested in their midst. Is that right? That's the message. And that's what eye salve is for.

Those Jews, the messiah stood right there, and they said get away with him and crucify him, this man say... we have no king but Caesar and he is going to be our king? And he is going to destroy this temple and build another temple and all these things. said the man is preaching for false doctrine. Deal with the charges, they saw Him as a terrorists, they saw Him with sedations, they charged Him for? Sedation. He's trying to do things against the state. He's upsetting the community. And what was doing it? He wasn't teaching like the Pharisees and Sadducees who was very moderate and liberal and who was trying to get deeper into the politics for greater control. But He was saying, woe unto you Pharisees, woe unto you Scribes, woe unto you Sadducees. You snakes in the grass, you... you're full of dead men bones. Is that right? And in the end, how did He die? He was tried in a court, a real kangaroo type court. Had false witnesses and everything else. That's how He died friends. When you look on the next side, you see He was predestinated to die. Oh the Lamb was slain in the mind of God, hallelujah, glory to God, the atonement. But in real life, how do you think the atonement came? A man was preaching, a man believe He was the Word, a man believe His hour, a man shook the organization, a man begin to identify where they are in prophecy, where he was in prophecy, what hour it had come to, what brought a church to the prophets in the Bible. And God was confirming that with signs and wonders. Is that right? And the whole nation wasn't crazy about it; they were crazy about the healing. But when the message went forth, only the elect said, "to whom shall we go"? Thou has the Words to eternal life. The Word that they call false doctrine, the word that they call sedition, the Word that they say was perverting the nation, the apostles said to whom shall we go. That's the words of eternal life. You know why? They were part of the same Word. But He called the Word a seed a sower sowed. Is that right? To bring forth His own life in them. Is that right? My!

You are taking a Word that is making you more Christ like but they are seeing it as false doctrine and sedition and contrary and extremists. This is where it has to come back to. Who is the author of this civilization? Who rules in every government? Who rules in

every kingdom? See when it get on a certain side, people does can't take those kinds of things. They figure you're threatening their security, they figure you're trying to make what they have and God let them use in this life devilish. But in the end, it comes down to, either you take the side with the Word or...what shall you do with this Jesus called the Christ? It came down to that. Is that right? My! **The Beginning And The Ending Of The Gentile Dispensation.** We are living in treacherous times. I'm trying to capture the moment, I'm trying to stay abreast. I'm trying to draw and search the scriptures and get a clear and better understanding and trying to find ways to drive these things down to you that you can see what these things are. And it's such a great thing for the time that we are living in because many many people, they don't know the Word on these things. And I want to read couple things there for you because as I said, I want some of the younger ones to catch this too because sometimes they go to school and they have Social Studies and they have this and they hear the news and in school they have them focused to know what is happening and then the education system, you know they deal with news, the media is their source of information. Our source of information is the Holy Spirit, the Logos Brother Branham said Moses and Baalam stood there on the earth. Baalam was getting his information from Baalak, Moses was getting his information from the Logos, the pillar of fire. Both of them had a head. Is that right? It depends on who your head is has the Head come back in this day? That's right. Is that vindicated headship in the Bride, the Word coming down to the body? It's a sign that the headship is here, that the rapture is at hand, that the two is becoming one. When the Bride has the mind of Christ she will know He wants done with the Word. Is that what the Word said? Is that a quote or is that happening to you now? You are becoming enlightened, you are beginning to see, you are beginning to understand, say, my! I've heard but now I see. I was reading the scriptures the other day and then later in the day I was looking at the news papers and it was like, what I was seeing in the papers, is what I was seeing in the Bible is happening. And my! I look to try to tell somebody about it and like nobody was interested. Somebody was reading a diary of the weeks' events, oh a party over here or they're having a football match over here. Or do you know this rock star is coming

down and he is going to be in the complex this weekend. And I'm trying to say, look at the scriptures coming to pass. It's where you're walking friends. That's the difference of whether your lamp trim and you have oil in your lamp or you have no oil in your lamp. If you are foolish virgin you just look at your morality. You say well I go to church, yes, we're not talking about your virginity, we're talking about your oil. They were still virgins but they had no oil. So as far as your morality, you're fine, as far as your sanctification, you're good. Congratulations for that, but that is not rapturing faith. Oil has to do with the rapture. No oil has to do with tribulation. This is to save people; I'm talking about save people here now. It has saved people that are to go through the tribulation. How many knows that? Foolish virgins are saved; they didn't go through the tribulation to get save. They go through the tribulation to get purified. Amen. Because they wasn't really under the blood. If they were under the blood then the Holy Ghost would have claimed them showing that the blood was shed for them and they have the evidence that the price have been paid. They'll have the abstract title deed. They'll have faith to overcome the cosmos, faith to keep them focus. Is that right? I told you that Friday night, that's the key there. The oil, my!

Listen to this, he's talking about Amos on the message, we have a true prophet on the earth, bringing some things here. And he's kind of contrasting the time with this time, which I don't want to take time to read some of those things. But he's talking about United States of America because he is a prophet, he's opening the Word here. Maybe I should take a little bit.

Israel was in a backslidden condition, her preachers, her priest, also her government have all left the Word of the Lord. Now they didn't believe that. Now they didn't believe that. They believe that they were with the Word of the Lord. But there is a way that seemeth right unto a man but at the end is death. Now I'm talking about the man who God vindicated saying this, there is only one vindicated man in this generation, him. All those denominations didn't have any scriptural vindication. They have their lying signs on wonders and emotions. This man said Father if I have spoken Your Word, comes tonight. This man had Thus Saith The Lord. Is that right? We come in because we see the Word vindicated, then we begin to walk and take that Word in our hearts. Then God begin

to confirm that that Word is in our heart and that we are part of the elect that the Word was sent to call. Then God confirms that again. Is that right? Sure. But remember it came with a one-man scripture first, not a group. One man like Eleazer had to go and get the Bride. One vindicated man, one vindicated man like John that the Word came to. Not a group, one man. In the days of the voice of the Seventh Angel when he, personal pronoun, singular, masculine, shall begin to sound. Behold I send Elijah the prophet that he, not a group, one man. That's why I said one man stood before all those hundreds of preachers. Bring your Bible and stand here. You are a preacher? I have the pillar of fire, who do you have? The organization. Organization can't stand the pillar of fire stand, not a man move. Is that right? That's right.

One man, God put a sword in his hand, many men in the healing revival, one man had a sword. One man taken up in the midst of Seven Angels. One man given the revelation for the age, one man. Who was going to the Bible school and their reformer books to get their knowledge and the angel hanging in a ball of light saying, "pull out the page, read that scripture", and he went into Nazareth, throw the Rock up like Moses did. Amen. And he said, he told me go in the pulpit and says it that way. And then he comes down behind. And he said, mister, your name is so and so, lady you over there is praying about that, young man you have had these problems here. And prove it before them. Is that right? That's how God did it. And God had a reason and a purpose for doing it that way, why? There was a generation coming behind who would need to see it that way to have faith in it. When the world get real dark and real evil and many impersonations right and they get so close, there'll be a Bride who will have an absolute, who will be tied to something that has been vindicated and proven. And that's why in this shaking hour you have a people who know where they stand in the Bible, amen. That's right, glory. And I'm going to show you it was done that way in the beginning of the Gentile dispensation, that's why Daniel could have faith in Jeremiah's writing. He knew that was the prophet, its Thus Saith The Lord he had followed. Is that right? When he came to interpret the handwriting on the wall, he knew Jeremiah had spoken those things; Isaiah had spoken those things in the Bible. Is that right? Sometimes you think it's a man standing there, don't know the

Word, not watching what the other prophet had spoken and just getting thoughts, no, no. These are men who studied what the prophet said in the ages. These were men who knew the prophet had Thus Saith The Lord. These were men, when Isaiah spoke, they said, I'll rise up my servants Cyrus who will open the gates. And the Medes is going to take over the king of Babylon; he is looking and seeing the Medes in evasion. He is seeing the Medes have a leader called Cyrus. And the judgement will take place yet; you know what is going on, he knows, that's it. Because what he received concerning the prophecy, he could now recognize the prophecy coming to pass. He is standing up and watching it. So when he goes to interpret the writing, he can get into the channel because it was the continuation of the same spirit. What Isaiah said, what Jeremiah said, after seven decades, and after seven decades is were the invasion was going on. How many knows that. Exactly the Bible. They live in that realm; they walk there without the Holy Ghost. So what you get trouble for when you live in an age of the Holy Ghost, and the Holy Ghost is talking to His bride? They know all that without the Holy Ghost under the old covenant of blood of bulls and goats. Is that right? And you sit down there and figure, "how that could be so, maybe it right for them who have the Holy Ghost? If you have to doubt anybody, doubt who don't have the Holy Ghost. You get what I'm saying? Because they long to see what we see. They saw it in symbol form; we see it in reality form. I'm trying to give you faith in what you say you believe. I'm trying to quote back the words of your prophet here. I'm trying to that's why he came

If you are a believer you know that and you believe that. Because that's what make you a believer. Amen. And you can't have that in you, alive in you and then walk around, "brother how are you going"? "Well I'm pressing, ah hope ah make it". The African king son, brother you make it already. What are you talking about? Quickening power has come to us and what change it is reversible. Hallelujah. It would take us and raise us up. Don't you know Revelation 10:8-11 is people preaching the mystery of the position revealed? They're not saying Jesus saves; they're not saying it's good to show God. They're preaching the mystery of a position no bride in seven church ages could preach. And spiritual ages have run out and it wasn't revealed there and three and a half

years for the Jews, now it not promised over there. Then from sixty-five to the year two thousand and one somebody better understand what is that they're saying.

Who said that? Oh brother. How many knows faith is recognizing your position in the Word? How many knows you have to know whether you are the feet, the thighs, the chest, the mouth, the eyes or the intelligence? You have to know what part of the Word you are.

How many knows when the woman anointed Jesus, one woman anointed His feet in one season, another season, another one anointed His head? Is that right? They had to know which part of the Word to anoint in which season. Which part are you anointing? Amen! You anointing the Word? Which part of the Word you anointing? The foot part? The mouthpart? You're trying to speak in tongues. You wish you could speak in tongues. Oh my brother, my sister, my!

He's talking about the nation. This prophet opened the Book. He is in the book of Amos here. And while he is in the book of Amos here, the Lion getting ready to roar, the Lord God is getting ready to speak. Who can be prophesied. And Amos was coming to his nation. They have gone into idolatry and getting ready to go into captivity. And the captivity is prophesied. Because they have rejected the Word. And here stands the prophet. He said lets transport Amos here. And we looked at the idolatress church, the USA church that started of so nice but now dance to rock and roll music, a which. He sees the fifth vision, Catholicism rise in America and she will lead the nations to her destruction. And he sees these things. And he's watching the Pentecostals swinging the church into Babylon. Preaching about communism, here communism, and blinding the people by showing them the iron curtain, blinding them from the purple curtain. Is that right? Because they didn't know the Bible. They went to Bible school but they didn't know the Bible and those things, good people, they feel the pull of the hour but they couldn't get awakened. Because you have to know those things to get awakened. You have to know the Bible to understand certain things happening now. That's the thought I want to bring here to emphasize that to you. Because there are so many things that are happening right now that many people are failing to realize. If you wait for information by the

media you'll get problems. Because the media controls the information. And they can read it out in a way that you have no effect. Just like preachers can preach the Bible and preach people to sleep. or preach them into prosperity gospel, preach them into march for Jesus. They get inspiration you know. Prophet saw the bride marching. But you see when they strike down how they get it? We hear onward Christian soldiers on the battle field, take your position, an army. They take out their plaque card, "we marching for Jesus". But the Bride was marching with the rhythm of the gospel. Onward Christian soldiers, going into rapturing faith. And the messenger standing here saying, "stay in line". It fall on the just and the unjust. When it falls there look it carry them in the road, plaque card. Listen, get in the spirit here. My!

"I think myself the picture would fit very good today," he said, "as I read this book of Amos. You must read it when you go home. All the governments, priests, all them had left the Word of God". He stands here, he said all the government have left the Word of God, all those priests have left the Word of God. It's not that they couldn't come back to the Word of God because here's a prophet the Word of God is coming to. And they said, "you aren't called to teach, pray for the sick and keep quiet, you're getting out of line. God blessing you praying for the sick, don't go into no doctrine, this Serpent Seed you're talking about and you have to be baptized in the name of the Lord Jesus Christ otherwise you have to baptize over. You're scaring people, you're only talking about judgment, judgment, judgment. Oral Roberts, look at Oral Roberts man, he said God is a good God. God is a God of love". And a few ministers come and say come brother Branham, let's pray for you, you know I think it's going to ruin your ministry". He said any ministry the Word of God ruin ought to be ruin. You think he wants to be mean? He went home, he said, "honey what's the matter with me? I can't fellowship with people. I should have said something nice there but whatever was taking me over at that time...you know sometimes I feel I should compromise. How many knows when the gun blew up in his face it almost killed him, he said I stood up to the wrong man, knowing the man was wrong, see. We have a true prophet

Because remember in my mind I can't say it's A.L.Alleyne. Thus Saith The Lord, he said, when he said the man was in

adultery, the man wife called him up. He said, I pray for my brother he said I saw where I could pick up for Mr. Alleyne. They were criticizing him, Mr. Alleyne criticized him but he tried to be nice so he was going in a meeting, and the man was criticizing him, he said... and everything else. And he said, "Sir, I think you're just criticizing. Mr. Alleyne at least he's still trying to preach the gospel and get somebody saved. Trying like Paul you know, whether is preach the gospel for fame or popularity or for money. At least the gospel is still being preached Paul said, maybe somebody is going to hear and accept the Lord or know that Jesus Christ lives still. It might send somebody to read the Bible. He said, I picked for with the wrong man and God had that thing happened there, he said I know why it happened to me, criticize him.

Sometimes you want it to be nice, he said, honey am I crazy? I love these people. He said, when the Seals opened, he said I found out that it was the spirit of Elijah on me. He don't compromise. He said, ministries pull you that way. People don't understand half of what you say. When the Word of the age in people. When God say you are not your own, you were bought with a price, a prisoner.

Look, he said, I think myself the picture would fit very good, today I read the book of Amos, you must read it when you go home. All the governments and priests, all them had left the Word. And then he read the scriptures to prove it, where Amos had said how they despise the Word of the Lord. He said, now they have the Word, the Bible but the lies that they have joined with it cause them to error. And I thought it was fitting to today that so many wants to put their own idea to the Word and we get in a mess. And then he talked about Amos being one of the most fearless prophets, and this is the part I want to get to. Israel in the allegiance with the enemy, because in the book of Amos, Jeroboam, the second, he start to make an allegiance with the enemy. He was taking money out of the treasury to help them. He was trying to buy his way. We're going to restructure your debt, three hundred and seventy million; we're going to give you loans here. You just join with us in this coalition here because we don't want any opposition, we don't want no anti-sentiments in the Arab world and we're going to give you...we're going to remove our sanctions, give you some more money and we're going to make some investments in your

country and create some jobs and help the economy recover. And then they say, “fine, we are doing a great service, we are helping people”. No, it’s a man using his money to manipulate people and to get them under his influence. If a man do that they call it rotten, when a nation do it, it is rotten still.

Now watch. Now remember when I’m speaking this, I’m not talking politics here. Revelation 13 is America in prophecy, that’s where your squeeze comes from. The vehicle the Roman Catholic Church is using...that’s why you don’t see Rome, you see America. The things were signed in Ahab’s name; it’s done with Ahab’s seal. But you don’t fool Elijah and Miciah, you could fool the population if you want. God talks to them. Amen, yes sir. Now watch...

Israel in their alliance with the enemy...first they had to get away from the Word of God before they could make an alliance with their enemy. All these collations are enemies you know. All the time...if you see a man saying, “we against dictatorship, we against dictatorship, they need to be persecuted, they need to get their act together otherwise we could make it rough for them. And then tomorrow you see a man hug up the dictator and call him your friend and they are such a fine people because they have accommodated you and give you a place and give you...use your land and your air space and all these different things. And then those people, they raise these children over here; that other country is a result of this country. And they say, you doing your own children, friend and neighbor that because that man come with overseas money in his pocket. But you are a rotten dog. Well that is what is going on. When you read the news that is what is going on. They go over there, restructure this debt, and this loan, take the pressure of off them. Then they say, “oh sssshhhh, I thought I would have suffocated, that rope was so tight around their neck for the last ten years, I couldn’t breathe, catch my economic breadth. Any you say okay I could breathe a little better here now. And we bring some goods, we send in some aid, we restructure that, we sign some new agreements. And say, okay you use my air space, bomb them but don’t use certain kind of weapons because I will get anti-sentiment here in my house; my children and my nephew and they will come against me, because they know that I am the god father of these people over here.

Could you imagine people who profess Christianity doing that? You going to let somebody with kind of policy rule your life? You want somebody to preach to you, you wouldn't have that because you know you're lost. Well that is the world; this is the doctrine of the world. The whole world is behind that. I'm saying...I'm not on the people of the nation you know; I'm on the spirit that motivates that. Which spirit is it? It only has two spirits, God's spirit or Satan's. And that surely is not God's spirit motivating that. Then how did the Bible say the whole world would get deceived in the last days? And count yourself worthy to escape what is coming. And because you kept the Word of my patience, I'll keep you. Now think, think with me.

He said before we could make an alliance, and I'm quoting quite back here where he's watching the behavior of this nation you know. This is a prophet watching it, he was sent to this nation. When a man...he stood on the platform, and this man come and say, "Sir, you're not here for yourself, you have a kerchief in your pocket to lay on your wife and you come there standing in place of your wife because she's sick home in a bed". He sees that condition. He goes in a church, he said I went in that church and I saw something happened to that church. God gave me an inspiration, I preach deceived church, Samson, the Philistines are upon you, Delilah about to shave you. He found that church spirit in the Word. He found the world creeping up in that church and taking that church that was raised up to be a light, being morally broken and spiritually stripped. Then he looked at a nation under the same discernment. The same discernment that discerned the man, the background, his telephone number and thing, is the same discernment for the church, is the same discernment when he see the person. Because it only has one discerner and that's the same Word. How do we know God? How do we see God? So he stands there and look at the nation, he is not calling them a witch you know, God show him the nation as a witch. He didn't get vex and say the nation should get a bomb you know. God showed him the nation bombed. He was only a recipient of the revelation from God. How could you have the spirit of God, line up with God and see it different? You could? Watch...

You poor miserable backslidden, so-called prophets, my! He's talking about those denominationalism ministers. He said you poor

backslidden, so-called prophets, what's the matter with you? Here this now. They don't know the Word about God in these things. What things? They know the Word about-Jesus died for your sins, you should live a moral life, you should trust God to pay your debt. They know the Word of God in those things. When you come to the book of Revelation, America is Revelation 13 in prophecy; Rome is Revelation 17 in prophecy. Look Jezebel in the White House, Israel... herself in America. Look Elijah preparing the altar of incense; they don't know the Word of God on these things. So it's church leaders who is preaching God is such a good God carrying the church into Catholicism. Demons loving this present world forsook Him and took the full gospel businessman right into the same thing. Billy Graham went to the Vatican and got honored. Oral Roberts built a place there and then had to beg for money and tell people if God don't give them seven million he will die and all kind of different things. Until a man who had gambling place feel... he said, of all the thing man, this is the man here who used to have such a great meeting and in this place and built this big thing here. Oh God, to see the man cry in TV like that, the man have to come out and write the cheque to help him. Find this is such a mockery and a shame for him, a man who kind of represented God one time in the States. And that same prophet, we have it in writing. He said, I went in those halls and I held those big marble pillars and I begin to cry, I said, oh God, I'm so ashamed of myself, these men ministry came off mine. He said, look at how you bless them and look at me in the old trailer in the back. He said and as clear as you hear my voice, the voice spoke right in Oral Roberts place, in the nice pillars. And He said, but I am your portion.

In Tulsa, Oklahoma, I went there in that place, I went through the whole tour, and the tour is so psychological, at the end, when they start you when you was born and then all the great things in the end is to make you enroll and become part of that to help win the world for Jesus. So the men play basketball to catch the basketball, women play hockey to catch who plays hockey, do everything to get in the world in a certain part of the world. And that's the interpretation of becoming all things to all men. Remember the prophet said, I sat in the study in Oral Roberts study and I look out there and they had the choir going to pick up the

offering. He said, and they were joking coming through the corridor to go in to the audience to pick up the offering and they were playing blind Batimaus begging for the money. And he looked through the door and he saw them and he said, “my goodness, to think what the thing has come to, there’s no sincerity”. He said, and I stopped and I looked at Billy Graham’s meeting and they were chewing gum and speaking to one another, “go up nah, come and go up with me nah, let us go up and accept Jesus, come let us accept Jesus nah”. And they think Christianity is like that. You read those things if you read the message, if you don’t read the message, it’s Greek to you, brother it’s in the books and tapes, it’s in the message. Read the message. You see it’s not somebody in the year 2001 trying to tell you run for your life. This was way back there. This ain’t gone here now, this gone way back there. This day it is rotten now, it is stinking now. Look...

He said you poor, miserable, backslidden so-called prophet, God said what’s the matter with you. They don’t know the Word about God in these things. They don’t study the Word, they don’t realize. They say communism is going to take the world over, no it isn’t, Romanism is going to take the world over and do it under the name of Christianity. Didn’t the Bible say Jesus said, it will be so close, it will fool the very elect if it were possible. Amos knew Israel, her ungodly lovers would soon destroy them. And their ungodly lovers of today will soon destroy them. He was watching what they were doing. He was watching the politicians, he’s watching them. Listen a little more of what he said, you’ll understand. And even when I speak in a certain way you wouldn’t think I’m being radical, you wouldn’t think I’m over magnifying something and that it is a overkill on something. But you will get to realize you don’t know that, we’re not talking about...let me tell you this, if you spiritual and you know the Word of God and you walk with God and you pray TO God and God talks to you and you tell me you can’t see an increase in demonic activity like you have never seen before, then you have no discernment, you are blind as a bat. And if I say demonic activity then some people say, “well I pass couple vagrants in a box the other day and they were fighting among their selves, that is one of the lowest devils. I’m talking about the realm of politicians and policy makers and these things, I’m talking up here. When they do something, it manipulates a

whole nation and a region. Like when Zedeciah begin to prophesy, armies and kings are being swept into a certain direction, that is what I'm talking about. Because when this Bible is showing you demonic activity in this hour, that demon came out of hell, went into the mouth of the false prophet, a lying spirit to do what? Deceive. Is that right? And what was it doing? Contradicting the Word of the true prophet, trying to bless what God curse. Is that right? You tell me that's not the hour and I'll tell you where your light does come from and if you have light. And that's where...it's eating down the throne, it must come there. Now watch, listen. There will be a one-man system this Jezebel religion come forth with power and the anointing of Elijah to fulfill the prophecy. He'll shake. And remember he prophesied to them, he prophesied and told them these things and God worked with him. But his final message was 'Attack On The White House'. When John came, his final message was 'Attack On The White House' of that day. Here's a prophet in the spirit of Elijah, he look at Elijah, before the famine and the depression, the war set in, Elijah was blasting the White House. Before John was imprisoned and persecuted, what happened? He blast the White House. This prophet start to read the Bible and his message come down to the white house. What does that show you? The unchanging God in the unchanging continuity of His Word in the Bible. What was he doing? Walking right down to Samaria into the presence of the... Thus Saith The Lord, fear him not, the churches are thinning down, the people are thinning down so now he's giving the final attack upon the White House. Churches are thinning down, people are thinning down, he's giving his final attack on the White House. Then what happened after that? Listen, after the attack, his voice became quiet, you see how the politics in the country start to fall through too? Everything. When that...they are on the fault line. And when it start to shake, everything shakes. Listen, after the attack his voice became quiet, nobody heard him no more, God called him of the scene. Elijah, you have done made your message known to Israel, they know it; now come up here in the wilderness, get away from them, shut out yourself because I'm going to do something. I'm going in to show them what it is to turn my message down. I'm going to show them what it is to turn message...Elijah comes away, I'm going to show to them what it is to turn my message down. He said, what set in?

War, famine, depression. He said Thus Saith The Lord, watch what's coming, watch what's going to follow. There was a famine, there will be a famine. He look and see what follows the rejection of Elijah, he look and see what follows the rejection of John, he look and see how they attacked the White House, he look and see his rejection, he look and see Jezebel in the White House. And he said, now watch what is going to follow my message now too. I'm bringing this to get you to see something about that, the ending of the Gentile dispensation here. And to see you sitting in the midst of it with a message that call you out and many of you don't live in the place to realize when that Lamb step forward and took that Book and I heard that brother sang that song this morning and broke that seal. He has come to gather his redeemed subjects, leaving the Father's throne to take His own throne. "You will sit with me in my throne that I overcame and sit in my Father's throne". In His Father's throne, he was Son of God, in His own throne He is Son of David. And when He opens that Book He is going to be Son of Man between Son of God and Son of David, in a white wig. The supreme judge between His priesthood and His kingship. And He said what? Shalom I say to you, a new day is breaking, this world is falling apart. A prophet, a dispensational prophet closing an age by scripture being fulfilled that was promised outside of the age. After He was put out as Son of God He was revealed as Son of Man. Revelation 10 cannot come in the churches. After denominational ages are run out then the Seven Seal book is to be opened to reveal what took place, what they missed back in the ages. He'll wine up the New Testament and introduce the Messiah. Is that right? That's the message as clear as clear can be. And here we are... and the winds are let lose again, and it's war, famine, refugees running, people in terror, people dying of hunger, people looking for a land to go. A few days before, a man lie down on his bed, put on his little radio and the big war ship is moving and is parked up out here in the Gulf. And then the British come and they park up theirs and all those big jets now fly of there, and then they start to control the air space. You think it is about one man? You think they're going to do all that to fight a man in a cage? Would you burn down your house to catch a rat? Let me tell you, the blind will lead the blind and all will fall in the ditch, but you come and get your eyes anointed with eye salve

to see the age you're living in to see the deception of the age, the lying spirits have gone forth in the earth deceiving. And the mouth is the news media, because that is where who control it, their thoughts come through it, that's their mouth. Because if a man want to talk to the world, he have to get a media right? Where people can hear him, he have to get a channel, he have to get a website, he have to get something but then what is coming through there? His thoughts. And he could tell it to the whole earth, all who can feed from that satellite. Is that right? And it only has two thoughts, God's thoughts and Satan's thoughts. He said brother, the way you saying it, it start to make sense to me. Well that is Seven Seals open, you think Seven Seals is about a man in the States have the revelation of the Seven Seals and who have to go up there and get sealed and who have to go around here, you think that nonsense? Seven Seals open and these divine mystery truths literally turn their heart back. They don't know the Word of God about these things. That is why they're trying to fight communism that is not even a threat. That is a tool in God hand that God is going to use and chastise you with. That is God pass down and says, "I want a guava whip, break that guava branch, he said, you see that here, I have a woman to beat with this, she's a bad woman, she's drunken all those people, she killed all them... people. I'll take this guava whip and put a good licking on her. I'll let that guava tree grow for a while, and God let communism just rise up on the earth then one day God took communism as a tool in His hand to reap the earth. And take communism and put a bomb on the Vatican, a bomb on the United States, a put good licking on the one who corrupted the world; a tool in God's hand, a whip like king Nebuchadnezzar.

Get your eyes opened children, you're supposed to be eagles, flying; fly or die in this hour. "You say watch what's coming, watch what's was going to follow this message?" he said. There'll be famine, not of bread but of hearing the Word of God and his truth. All the churches will socialize and go right on into it just the same, just like they 'd already been swallowed up with it. When God send forth a message and tell the people and they don't receive it, then He would go as the servant and sends His plagues, famine, death, spiritually speaking, physically also, you watch for a depression brother. Global recession, and General Motors laid off

so much and American airlines laid off so much, and United Airways is going to lay off so much, and people whose debt is in the trillions the last time they checked it, maybe reached the moon, give out thirty billion, forty billion, twenty billion without decision people will be starting to...today they sit down and talk it, tomorrow they make it forty billion. Next day you get thirty billion, who is making all that agreements so fast to find a rat? Sit down and realize... You sure the anti-terrorism bill sign? I told you the pressure they put to sign it? Well they signed it. Listen, he said this government will enforce the law with all the urgency of a nation at war, Bush said. The legislation wise somewhat weakened from the administration original proposal. The original proposal, when they get they say was kind of weakened, but hear the weakened thing, so could imagine what the original proposal was. Expanse the FBI, wire tapping and electronics surveillance authority, imposing stronger penalty for harboring of financing terrorists. It increases the number of crimes considered terrorists acts and toughens the punishment for committing them. The bill also gives police wide ranging new anti-terrorism powers to secretly search people homes...what do you think that means? Five men in black clothes come in your house in the night and lie down under your bed and go in the fridge? Some of you in the old world mentality, you think it's so? Listen, power to secretly search people homes and business records and to ease drop on telephone and computer conversations. From your air space, your water space, remember battle ship rider agreement when I was preaching? You remember I was preaching on the ship rider agreement? I said it come like they break down the petition in the house, the whole house open. This become an extension of there. What you used to call privacy, it have no privacy because their electronic eye could track you, they prove the credit card is still being used. How -----when I preached the message on people like prestigious things, in this age of photography, they like to see their picture on everything. And they advertise it and they're going to say get so much miles when you fly here and you can be in Hawaii for vacation over here when you build up so much miles, and you can stay at this five star hotel and you can eat in these nice restaurants and this card, you know, you can call anytime you're in trouble anywhere. They know every move they made, where they

went and show what that card is. But when it comes in, it comes in as something to help you, it advertises as something that is going to make you more secure, make you better and by flatteries they take away all your rights. Nicholation, Satan conquered Eve in the garden, took her clothes off, the holy veil, when she was naked and didn't know it, right? And at the end of the Laodecia age, he has the whole age naked and don't know it. Because they are blind, wretched, miserable, naked and they don't know it. The prophet said, it's a complete perversion of what happened back there. Sometimes the carnal mind, you can see how they will deceive the whole world and you kind of doubt the Bible. Because you're seeing so much of people enlightened, yes, but what they're blind to is what led us into captivity. When Elisha smote them blind, they were still seeing. Is that right? But the thing they couldn't see is what brought their captivity, you know that? Is what they couldn't see is what brought their captivity. Go back in the Laodecian age and see eight clean saved souls. I'm only saying what he said. All the churches will socialize, how they will socialize? A social gospel will strip away your expectation, will strip away your desperation, it will make them feel they are great people of God in a backslidden condition, they will preach them into heaven. That is why you see all these thousands does be around these tele-evangelists and they carrying on and they put on their act and they could preach what they want. And people just laughing there saying, you will be a covenant partner with God and God is going to bless you. And you start to say, I'm ready for the money, you say it, I'm ready for the money, you say it, I'm ready for the money, and they're working them up and they're building them up. And they're making them all kind of un-repented, unconverted sinners, thinking they are covenant partners with God without the blood or without the new birth, without seeing them in the Lamb's Book of life. That's the false anointed ones in the end time deceiving the worldly church; that's it. And get all these little ones, when they look there, they say, "look at me here, I struggling there with these few people, and look at that man out there, I have more teeth than him and look at...he even have a fifteen thousand, that is his private church", you know what is happened, the ambition does want to be like that. So they start to pattern after that is the image of success to them. So that is how the world thinks

with the new leadership training, they show you what successful and they pattern like that. Well we saw one successful, God prospered him and gave him good success because he didn't turn to the right and he didn't turn to the left, and He gave him a Joshua commission. Is that right? Yes sir, my!

So the bill also gives police new anti-terrorism power, you see it for yourself. People homes, business records, ease drop on telephone and computer conversation. He said, when that church get too strong politically, she will put pressure and government is going to act principles into...How did they get in the Gulf? Create a sphere and then come as their savior. How did they get all the people rights? Create a sphere and then come as their savior. In this age, people know how to manipulate human, they study behavioral physiology. What you think it have all those rats in those laboratory for? And what you think they're doing with all these guinea-pig, all these different things, take it out of this environment, put it a next environment, you know why? They're restructuring the world, so they want to observe how people will behave when certain changes come. If it comes too quick, if it comes too drastic or when to bring it in, we will send them paranoid, how to sedate them, bring them back, how to make it in a way that it disarms the human defenses and the fears and make it acceptable. And when they study all this, they teach behavioral sciences and then when it works for a rat, it works for ten rats, it works for twenty rats then they take it in little groups, then they start in communities then they give them to nations then it comes in a whole world. Then they glorify it, new training, new thinking and they make it into nice courses and you sit down there and you pay for it and some is satellite, nice personalities, some of you get your menu autographed and you feel prestigious about it.

Seven Seals opened friends, Seven Thunders uttered their voices to filter our thinking so you don't think like the world think. They put them to sleep, and Jesus came and the disciples were asleep. And Jesus came and they were heavy with sleep. And Jesus came and he said, sleep gone, you all better rise because...sleep, sleep on the church. Going into the squeeze. Leaders in the message, Peter, James and John, all who was on the mountain with the prophet and the experience and all these things, oh my! Almost like in a coma and all those things happening round about,

Sadducees, Pharisees, they're making things, they're passing laws, they're coming to arrest Him now, they done have their false witnesses already, everything in place for the persecution. Yes, who can't catch themselves. And then say, "we in the bride you know boy, let we have a praise service, get the singers". Get revelation, get oil. This law will give intelligence and law enforcement officials new tools to fight a present danger. You think that is all? Listen the next side here. That is Ahab, listen to Jezebel on this side. Bishops from around the world have received a sharp condemnation of terrorism coupled with a moral denunciation of god, inequality between nations. The Vatican said yesterday the closing message of special month long assembly of Bishops. Bishops from around the world, after September 11th, were summoned to the Vatican, from around the world. While these things going on here, Rome is saying nothing, they're all cloistered inside of there. For when Bishops started flocking to Rome in late September for the meeting, the shockwave of terrorists attached on New York and Washington reverberated at the Vatican. Terrorism topped the list of concerns in the Bishop's closing message.

And I'm kind of apologizing and I'm telling you maybe I'm over killing here. They leave from around the world and gone inside of there. Well they know what it is, they know the timetable. I'm trying to keep you abreast with God's time table here, I'm trying to say, let's have a march for Jesus, proudly displaying the blood of Jesus Christ, the message of the hour and to buckle on the armor tighter soldiers, amen. When God sent forth a message and tell the people and they don't receive it, he withdraws His servants, sends His plagues, famine, death spiritually speaking, physically also, you watch the depression brother. You think you're seeing something, you just after a while, you haven't seen anything, you think you're dying for a good spirit revival? You wait a little bit, you just wait long and cry to hear the Word of God. We went to St. Vincent, those brothers who preached there can tell you, sit down there with that pilot and he said ten years now he's in organisation, he knows something is wrong, he can't understand. We could tell him about the eagle we understand why he can't understand nothing. Hear the Word the first night, come in the second day here, hear the Word there, sit down and didn't miss a service. He

said I flied that plane as hard as I could... and come back. And then here he was going under the water, he was baptized. Come back the next day and the Holy Spirit said, drive that Word down, see. It had a brother there fifteen years inside a denomination, when he saw it, he... he said I want to run and fall on the ground and cry when I was hearing the Word. Hungering for the truth, he said that's the truth, that's the truth. And that Word is slaying night after night, after that every minister come slaying the organization. And yet they say, that is the truth. This what you all saying is the truth. We're seeing that in the churches. Few people there don't want no social gospel, they ant the truth. Some of them can't cross the line and see it so God make the people ho had the food cross-land and sea and go to them. His plagues, famine, death, spiritually speaking, physically also. You watch a depression brother. He say there will be famine in the last days said the prophet, and not for bread and water alone, my!

I have to close so just let me get another high spot here quickly. My, I tell you, you see these things, it shake you. He said, they had a conference the other day, I don't know whether you know it or not, watch. Some of those people, he said, we who are in touch with God, I think we ought to enlighten our people to what's going on. - God in the last days, I read it here last couple weeks ago but I want to repeat it. He said, today, how we know it's the voice of God because the manifestation of the prophet's word. This is God's prophet. How do we know it's the voice of God? It's the manifestation, all these things I'm trying to tell you here, these who received the manifestation of the prophet's word. This is God's prophet, a true voice only brings back that real living supernatural God with the supernatural Word with the supernatural manifestation of the true Word, then we know it's the voice of God. And he said, there is a voice today in the world of politics, there is a great voice. People - this great day of politics, there all mixed up in the churches and everything else. Look how that there, voice in politics in the United States and what it's doing. Brother they have the whole world swept right up out of the feet, running out in arms with them. Because the power, that voice of politics. And nobody is thinking about, "it's a little man, the man going up for government but the man don't have a name, the man don't have a nation, the man don't have an army, you're sure we're doing the

right thing, anyhow let us go if you say go.” Because that’s the power of the voice of politics. You say that is not in you, you use your voice if you - You get that? His voice rally the whole world, tack, bomb, plane, ship, everything. You say that is not powerful, you try to get - see how powerful your voice is and find how powerful the voice of politics is.

Listen, and many times...we have just seen recently that the voice of politics is actually stronger than the voice of God in the churches. You say that is not so? Let me walk in a church and take these things and start to preach to the church. They’ll listen to what they hear in the media and they see me as a next extremist. And you see how strong the voice of politics is in the church. He said the American people would have never did what they’ve just done, see? They have never done...if the voice of God will be kept alive in the church they had never make that mistake, they had voted in John Kennedy and bring a Catholic in there to fulfill the scriptures. He said if they were spiritual, they would have known the Word of God and these things but they don’t study the Word. They were saying what Romanism while they were voting for Catholicism. They were saying watch Communism and they were voting for Catholicism. And they were saying now we have a good president, we have a strong man to fix those Russians. Now we have a good leader, he fought in the war. And the prophet is saying, my the greatest indebtment this nation ever was in. See. Two people looking at the same thing, seeing it differently. Miciah looked at it, he said, no, no, no, no, it ain’t coming back, all of it there. Zedeciah got up and said, praise the Lord, God people, I tell you, somebody touch you, they have blood to deal with. All those people in Ciapias time, they run in the synagogue, “Titus, what Roman power want to touch us, Abraham is our father, Moses is our prophet, we are Moses disciples. Remember the time when they went there in the...Jeoshefat went in the temple and God stopped the invasion, He is the same yesterday, today and forever”, and everybody challenged them up, you think it came to pass? The street ran with blood, because why? They didn’t recognize the messenger.

Friends know the junction time for this world was when that messenger came. That was the junction time for this world. Not you and me friends, the messenger. That was the junction for the

world. God only raise us up to let them see you all rejected it and laugh but look a people here who believe it because my Word will not return unto me void. Like Jesus said, he said, harlots and publicans and sinners will get into the kingdom of God before all these Pharisees and Sadducees who - does swallow a camel and you know, who make the long prayers and fast three times a week, He said, all you Publicans and harlots will get in the kingdom before you. He said go in the Highway and Byway and get the - because they refused the invitation. That's right, that's the message. So let me leave that off because the time is up and I want to let you out early a little bit, we have plenty other things to do and see about and we just want to...I believe I kept you long enough already and just to make a few more comments here and bring it to a climax.

Daniel, Daniel saw the beginning of the Gentile dispensation. Daniel lived in the beginning of the Gentile dispensation. Daniel saw Babylon devoured the whole earth, break the nations in pieces and stamp the residue. Daniel saw it. Daniel saw that great lion with eagle wings, fierce, powerful, nothing could stand before it and yet the swiftness of its invasion going forth. God had revealed to Daniel powers in the earth in the form of beasts. And each beast had a particular characteristic which was going to define the nature of the policy of these nations and how they will strengthen themselves and establish themselves in the earth and how they will break other nations and what they will do. God revealed that to Daniel. Now I'm saying it in that way to show you God's thoughts in communicating these things to Daniel. That's why He showed him...when he showed him Medes and Persians, He said, watch them there, that's a bear, you see that bear. And then it was leaning on one side and it had three ribs in the mouth. It had just devoured up three small nations, nations that had existed politically, nationally, with an identity. But after their invasion and conquest, they disappeared. They were absorbed into another nation and restructured. You today my friend, now Daniel actually saw that you know, he saw it in symbol and he saw it in events. Because he saw Medes and Persia rise to become that world power. He saw how Medes and Persia made an invasion against Babylon, break the power and became the world empire, he saw the nation. The book of Daniel deals with kings and kingdoms. The book of Daniel

deals with what? Gentile powers, all these nations are in the earth today still, they restructure, out of them comes other nations, some lost their identity in other nations and so on because the world is always redefined where it is divided up and different things and some lose their identity, some new nations are formed but it's the same peoples. You get that? Sometimes a leader changes the name of a nation and put another name. Sometimes people come and they call a certain state and they call it certain states and they draw the geo-political lines. And they make it exist and maybe a community, like how Politics right now is getting us to redefine our national identity and come into Caricom, a Caribbean state, well that's happening all around the world. One time it had East Germany and West Germany. It had no East Germany after the war, it come Germany now. One time they had Chekslovicia, it don't have that any more. It have Check Republic and Slovac, see, Slovicia and that's how it is. And what cause it to keep changing like that and now you hear them talking about the post Afgan world. The war ain't even start good yet. Israel didn't even have a homeland one time, now you hear them talking about creating the Palestinian state, giving them a homeland. You hear it everyday but you see, when you hear it, it don't quicken to you- that that's Bible. When you hear it, it doesn't send you in the scripture and say, there is nothing new under the sun, it happened before. But that is what it is supposed to be doing to you when you hear it because these books couldn't be read for all these twenty-five hundred years and it have no more generation to read it after this and when the Seven Seals opened, if it could ever be read-----could be read. And it's opened so we don't get caught in this in this hour but we can wake up and get ready, seeing the reality of the world, seeing the sprits and being able to identify it in the Bible. That was what he saw at the beginning of the Gentile dispensation. How did the Gentile dispensation start? What was characteristics of the time from international to global? You know it came in to an age of globalization when Nebuchadnezzar became the head of gold? Half of them were just nations, half of them became international because Nebuchadnezzar, you read in II Kings 25, he had some smaller states with him and he sent them here and he sent them here and he use them here because he was made a great tree that all the fowls in the earth came, representing all the nations, like

America today, the great immigration power that you go through the promise land, home of the brave, land of the free, land of opportunities, places to shop, five star hotels, Disney world, universal studios, you know, whatever you want to enjoy yourself, Las Vegas, whatever kind of place you like, it's there. So look, Babylon was like that, and long ago you send a man to go Babylon because his nation is conquered by Babylon, ----by Babylon, supported by Babylon. Nebuchadnezzar was brother, writing off foreign debts, restructuring societies, giving loans doing different things in his time. He was taking care of the whole world. That is what Daniel told him God made him. He was the architect, Babylon wasn't the city Babel you know, Babylon the empire that ruled the world, the world became Babylon. How many knows in the book of Revelation 18:4, the world became Babylon again. Babylon is became what? The holder of every foul spirit, cage every hidden and unclean bird, habitation of devils. The world is become Babylon again, she devours the whole earth. It's a revatical of the Roman empire. A prophet said, you see when they tear down that burning wall, it comes right back, the full circle. And the Roman Empire is here again, the Son of man is here again to be crucified. Exactly right, that's prophecy. In this church god didn't let you go asleep when they were tearing down that wall. That is why we went into the Traps Of The Mighty Hunter, Return Of The Global Village and all these things in that time. Even went behind there and preach The Destruction of the Jericho Wall and The Little Ones of Rahab. The Vatican Washington Alliance there, Destruction Of The Present Day Money System and they wrote it in hand, the message and translated it. Went back there and the brother climbed up in the chess and bring it down and said, "look". Brother have their little card board and things there was reading out of it. Went back this time here and they were playing one of the message from the very time, this last time I came back and testified to you. God didn't let us fall asleep, Daniel saw it was a transition time, it was becoming from international to global, an age of globalization with one great economy, one great world state, one great religion and there's a persecution for false worship. They were forcing the earth into a false worship to bow down to an image that was raised up there. Is that right?

Here we are at the end of the Gentile dispensation, it's going out the same way; invasion, famine, wars, all these things were characteristics of each transition. Daniel saw the transition while he was growing up from Babylon to Medes and Persian the same way as he saw it from Israel to Babylon. The time of the Gentiles begin with Nebuchadnezzar capturing Israel. Jesus said, and Jerusalem will be a global village trodden down until the time of the Gentiles be fulfilled. Israel was blinded, that is a mystery. Their eyes will be opened, after twenty-five hundred years Israel was back in their homeland awaiting Messiah, the fig tree has budded again. Israel has a nation again.

Right now United Nations are putting pressure, even the president of the United States told Israel, he said, you better come out of there quickly, we are fighting a war here, in other words, "you take your little local disturbance here, can't you realize that it is a little geographical local thing, we are fighting a global war, a terrorism here, let's keep the main thing center stage. You want to shift attention and cause a lot of problems. We have done give you instructions already". Otherwise you know what is going to happen? United Nations is going to come down on them. Is that far from the Bible? Read Zechariah 12, what God said? He said I'll make - I'll bring all nations against him right here. You see the world system of peace, just the security how it operates through the United Nations? You see who got the Noble Peace Prize for this year? And you know what the prophet said about it, it's a big rubber body, it's a stamp with the USA on it. Everybody said, "how come they didn't give this man and this thing here and then all this war and this killing and all these different things and injustices gone down there and they take so long to get the people and everything else. In Europe, in that Bosnia war and then they come and give them Noble Peace Prize". He said all...United Nations is a rubber stamp for the USA. Instead of they check the USA, USA is like the big train pulling all the carriages going. But that's its place in prophecy, that's its place in prophecy. And when that begins to happen, that's your wake up time, that's your waking up time, that's your wake up call.

Daniel saw part of his vision fulfilled and the rest remained prophecy, the apostles came, Jesus came and he saw part of Daniel vision become prophecy because he was the Messiah who was

going to be cut off not for Himself. And the people of the prince is going to come and destroy the sanctuary with a flood and he prophesied, he said, not one stone will remain standing here. The apostles came, “when will thou restore the kingdom to Israel”? And they saw part of Daniel’s vision become prophecy when that Roman Empire was occupying that whole region there and taking on the country and Herod even begin to kill and persecute and so on and that was continued on. Then Paul saw it and he said, this man of sin who will come in the last days, this little horn. He said, that mystery already begin to work here, the mystery of iniquity had already at work in this church. Is that right? Paul saw it, he saw Daniel’s vision, he saw Messiah cut off, he said that was an atonement, He had to die like that. Malachi 4 sitting there, knew Daniel saw part, Jesus saw part, the apostles saw part, Paul saw part, he sat down there, he said, did you see that summit there the other day when those five Eastern nations headed by Esienhower and those five Western nations headed by Kruchev, sat there and the iron and the clay couldn’t mix and Kruchev took his shoe, he said did you catch that, he said you who are in touch with God, let your people see and understand those things.

And here we are seeing part of the vision too. Because here we are in the transition between the toes of iron and clay and the stone kingdom, we already see the rock cut out without hands appeared in these last days. Leaving the Father’s throne to take the Seven Seals book to gather His redeem subjects before He comes and take His throne. Is that right? Seeing the marriage taking place, the governments shall be on the shoulders in the marriage, because that’s how she goes to the throne. She goes to the throne by becoming his queen. And He unites the two through the revelation of the Son of Man, the head and the body becomes one. Is that right? And he said, I don’t call you church, I call you bride now, at the end of the Gentile dispensation. Paul said when the fullness of the Gentiles comes because he is calling a people out of the Gentiles for His names sake. One is the political dispensation of Gentile dominion; the other one is the mystery of the church. A Gentile bride like Joseph got when he was rejected by his brothers. But the hour came and here we are seeing, as I said the winds let lose again in this hour.

I now get to the place where I would like to preach for a next hour but... But the winds being let loose, winds are war and strife, Revelation 7:1 He said, hold the winds, we coming up here to eighty-three years, November 11th when that eleventh hour, eleven minutes to the eleventh hour, the eleventh day, the eleventh month, the war stopped. The prophet said, I read every one of the volumes of the decline of the World War. He said, and not one, and he started up there... he said, no General, no politician, nobody stopped that war, nobody issued the order, they didn't know how it stopped. He said, I'll tell you, that same angel that spoke to him that stopped that war. And with the stopping of that war, war to baptism in the name of Jesus was revealed between the Methodist age and the Pentecostal age in the open door, came back into the church. And the baptism of the Holy Ghost is being taught again as the baptism for 1906 is beginning to fall in... as a first fruit, it begin to pour out. And 1916 between the... and World War I stopped it, a seven year old boy, the God of creation stood in a popular tree and a whirl wind begin to whirl, He said, you don't drink or smoke or defile yourself in any way because I've got a work for you to do when you get older. And that same angel went back and stopped the war after he talked to the boy. That same angel came back in the cage after World War II and said, son, time to go around the world now. Go with healing, your First and Second Pull like Moses. Then the Third Pull, that same angel came back and point that silver sword and put it in his hand, He said, go back East and open the Seven Seals for God.

Oh my! Can't you see why I'm so happy? I've accepted the Word of the Lord friends. I'll tell you something. Behind the loosing of the winds it's not just war. He opened the mystery of the woes. He said World War I the recaptured Jerusalem without firing a shot, that holy city. They thought they saw the allies coming and they ran out there and they put up the white flag. And they were saying Allan B. is come. He said World War II God raised up Hitler and Mussolini and they, persecution to rush them back in their homeland. That's on the spiritual side, getting God's elect back into position to come back and get the baptism of the Holy Spirit. On the natural side, birth pains in the earth. Is that right? Birth pains to bring a new earth; the earth in travail, in labor. Three main pains-World War I, World War II, World War III. Between

the Second Woe, it's past, the Third Woe cometh quickly. And that angel comes with that open Book. To what? Get the elect out before that Third Woe clean off the earth. Let me tell you this, things that are building up for that Third Woe, all those nations is being aligned, the laws is being passed because these laws is what is bringing a New World Order. That New World Order is his beast and his kingdom. And his beast and his kingdom, Lucifer and his angels is working to come against Michael and his angels. And the battle that started in heaven will end on the earth in Armageddon. Because Satan has an Adam and Satan has an Eve in his Eden. And Satan Adam and Satan Eve is naked and don't know it in Satan's Eden. Because he built his Eden in six days - six thousand years. Is that right? Friends we are at the end, you believe we are at the end? Not because I say so, I'm giving you scriptures, scripture and scripture and message and what the Bible said. And I'm saying, it's not to catch the rat friends but to take the resources of the world. I told you the other day, read Ezekiel 38 and 39. Russia and they is going to break up this collation, they are going to come out of it. And they and Iran and Iraq and they will have to go together falling into prophecy in the Bible cause that is not going to lie, that is convenient because nobody want to be left behind because they know behind the moves have political objectives, economic objectives, new designs, they know that so everybody have to go along and be a player before one get ahead and take control, that's what they call balance of power. They give you to leverage.

But that woman, that harlot, she is so smart. She is a smart duck making these two men feel they are the only men in her life. When she's ready to play up with the US and she used them and then she played up with Russia, see. And now England should give them a space. And so she have them behind there and Russia in the back in case one of them get out of line she still have something to fall back on. You watch the game friends. Remember it's not the Iron Curtain; it's not the Bamboo Curtain, though they are two great Curtains, but it's the Purple Curtain and you can't see that. That is the one that is camouflaged. Remember what the hunter does? Camouflaged himself while his dogs of war, his political animals go after the prey, they could... and the dog back him up then the hunter walks over and takes over. Traps Of The Mighty Hunter,

Return Of The Global Village, remember that is the thing that goes out friends, that's the kingdom, the New World Order is what they call it. And all these things that are happening and we see it, we are at the end here, it's a time to get ready to go.

For you my brother my sister, get your lamps trimmed and filled with oil. Desire the Holy Spirit; start to desire the Holy Spirit; start to desire a fresh move of God in your life; start to desire a place where you want to get in and the things that trouble you and things you wrestle with that God give you strength to break those places and set you free; desire those things. Because the Holy Spirit knows you, you think if the Holy Spirit is not interested in you, He spent all this time, open up all these things in the Word, show you back and forth-----prove you, put you back in remembrance, shoe you what He said, show you what the Bible said, what the prophet said, what God said for this hour. If you're part of it you're part of it. You say, "me brother Vin, I'm part of it and I'm in this condition"? God knows your condition, God didn't chose you on behavior friends. Esau was better behaved than Jacob any day, it's God's election. But because it's God's election it doesn't mean He's going to carry you in half way, no. If God is not going to come back and live in this earth with its Salons, with its Casinos, with its Brothels, He's going to put a baptism of fire and cleanse it. Put on its Eden beauty and come back and live in it. What about a man and a woman who is His real tabernacle? You want God to come and live in you and you have this desire here and this self here, you old tornadoes, you old temper tank trunks, your little politics and all these things here, your polluted atmosphere? God's gonna burn that out with holy fire, loose you from the grip of Satan, make you put on you Eden beauty and then dwell in you and walk in you that the tabernacle of God could be among men. Hallelujah! God walking in your feet, speaking through your lips, thinking through your mind, God working inside of you in this hour.

Let's stand to our feet, amen. What a great God we serve, amen. Hallelujah, you love Him today? You appreciate Him? Let me tell you, you stay close to Him in this hour; you give your heart and soul to him, amen. You serve Him with all that you've got, put Him first, love Him, amen.

Once my soul was astray

From the heavenly way

Things like this make you look back friends to see where God took you from.

Look what He made out of nothing

Look what He formed out of clay

Look where we are standing today in this hour. Oh my, we walk in darkness one time but the light of God has lit up our lives. Isn't that right? Oh my, out of darkness, in this dark Laodecian age He came... His life to shine it to our hearts, to give us the light of the knowledge of the glory of God in the face of Jesus Christ. Oh my, I just want to give Him glory, I just want to give Him praise today as we sing this old fashion song we used to sing as young believers when we came in. those days we didn't have a nice church, we were under a house somewhere, but Jesus was real in our hearts. We didn't have nice clothes, we didn't have nice shoes, amen, we were still rough in many ways coming from the world, amen, but all we knew is that, "I ain't what I used to be, he reached down his hand for me, amen. It wasn't me who climbed up, He came down for me. He came down for me, He broke the fetters in my life". Amen, sometimes you walk and you get beaten up sometimes and you fall among thieves, like that man, the good Samaritan met, you might be wounded, laying at the side, left to die but you need oil and wine, amen. He could still get... today for you, He could still pour out His oil and His wine for you. He could bind the broken hearted, He could say set them at liberty who are bruised, amen. He could say open the prison doors, He can still do that for you my friend. This is an hour when the Headstone is shouting with grace, grace; this great message of grace. The world don't want Him but there's a people who wants Him. The world think they don't need Him but there's a people who knows they need Him. Oh my, He's first in the line, He's everything to them.

Congregation sings when He reached down His hands for me...

Sing it all for Jesus, just for Him, let it go up as a sweet smelling savor. Let Him know you love Him today, that you are grateful for what He has done for you. Let Him know you're going to serve Him, you're going to stand true to Him. - thick or thin, live or die, sink or swim, friends or no friends.

He said go tell David, I took him from the sheep coat, let him remember where I took him from to bring him to the throne. He is

bringing us to the throne today. But He's got us in the sheep coat friends.

Oh some of you wouldn't believe what some of us were. But He looked beyond our faults, He looked beyond our sin, He saw our need, He bled for us, He died for us; that's why we love Him today, that's why we would not turn Him loose for nothing. If we had a thousand lives we'd give it all to Him.

When He reached down His hands for me...

Sinner friend, if you don't know Him receive Him today, draw close to Him backslider. You feel weak and you want to fall away child of God, dig your heels in and run to His presence. He's here to help you today.

It's not many more days, we are going home soon friends. This world is not our home. The plane that we are going in could never be hijacked. It's going to land safely on that shore. He'll get you ready today. Hallelujah.

You say, "Jesus, set me free from this temper, set me free from this lustful spirit, this spirit of fear, this negative pessimistic ways, set me free from this devil in my body that's grip in this disease, this condition, this sickness, set me free from that Lord. Let the voice of the blood speak dear God. Let every chain around my life be loose today. I realize that only a few more days to labour and wait. God I want to endure to the end, I don't want to give up, I don't want to fall on the wayside. I want to finish my course with joy dear God. I want to fight a good fight and go to the end. I want to come out victorious. I believe that He will, I believe that He will, He is the high priest that can be touched with the feelings of our infirmities today. Whether it's oppression from the devil, backing your mind making you irritable, frustrated you, making your life miserable, rubbing you of your joy and your peace. Having you all gloom and doom and down, you can't even seem to pray, worship God, you can't even seem to be excited about the Word and down in your heart you know you never used to be that way, it seems like there's a siege, he laid a siege against you, trying to cut off your food supply. You feel like he's bombing you day and night, amen, feel like there's no way out. But like those soldiers who was pinned down, they loose that dove. You want to tie your message on the wings of that dove. Hallelujah. That bring some reinforcements for you today, you need some reinforcements,

you need the Holy Ghost to come with His angels, amen, hallelujah, and drive away every bit of oppression from around your life. oh my, He can do that for you today friends, He can do that today for you. They are having a war on terrorism, God is having a war on terrorism too. Anything that terrorize your life, everything that want to attack your economy, anything that want to attack your defenses, amen, hallelujah. It's not just some little crime, it's a war, it's a war with an objective to destroy the enemy, to see total deliverance come, to see the end of depression. The Holy Spirit is here friends and He is going to engage in this war on your behalf, He'll fight for you. Isn't that what Moses said on the Red Sea, he said, God will fight for you. Isn't that what Jehosafat was told when he was under invasion, God will fight for you. He said Michael and Lucifer is on the battle ground today. He wants to fight for you today.

And in that day shall Michael stand for those that found written in the Books. And all those who are found written in the Book shall be delivered and everyone will be sealed with His name in their foreheads and no plague, no devil, no sickness, no virus is able to touch them because they are forbidden, come not nigh these who have the seal of the living God. we look into the Word and we see that, we see God's intention to stand for His children. And we are anointing that and we are claiming that and we are saying Father that's Your Word today and this is the hour that we are living in and we are faced, and we have some of ours here, prisoners of war, they've been taken in battle by the enemy, but we can take them out of the enemy hands today. You believe that? We can take them out of the enemy hands today. The church has that authority, the enforcer can say Satan, you have to give them up. If two shall agree as touching upon anything it shall be done. What you loose, you love your brother and sister, you love the children of God that need a loosing today, you say that's my brother, that's my sister, I am glad for them father, they heard the Word, I am glad for them dear God, they have responded, I am glad for them, they have recognized that they can be loosed today. You're not going to negotiate with the devil, there is no negotiation. He said Satan you have to give them up. Through confession and faith, they are subject to every power in heaven. Believers can make mistakes, believers can fail, sure we are human, amen, but we can

confess and say Father, I'm sorry, I was wrong, father I made a mistake there, Father I don't know what happened but I'm asking You, blot it out today Lord. I don't want to be in defeat and if I stay in this condition Satan will bring a reproach on your name and I'm pleading your blood today, I'm coming forth for your help because You say come and I shall receive this help. And I believe God is going to give that today. Blessed be His wonderful name. This is the time friends, that's what God loves. Don't play church now, just be sincere, you need deliverance, you need a cheque, amen, not a cheque that would bounce, you need God to answer and God wants to give that. I can respect people who can believe, amen, and respect God, who can take God to his Word and confess that Word. I believe God will hear and answer prayer. Amen. This is not psychology, I don't have this power, you don't have that power but Jesus Christ promised these things. These are promises friends, these are promises that God kept and the church of the living God has this authority, amen, for our brothers and our sisters, to see them free from this. Blessed be His name. I'm going to ask the song leader to just come and just sing softly here, I'm going to ask my minister brothers and some of the deacons here, just come quickly right in among the people here and let's just pray with faith. I'm going to ask you to sit there and you in the rooms give Him your respect and be reverent and be unified in this one moment here where we can agree, where we can desire this, amen, and God could give us His victory. Just hold your place right there as a soldier, this is warfare, this is warfare here. We are not just coming to pray, we are not just coming to say a prayer, we are coming and saying, Satan...

We are not looking like somebody get emotionally moved and come up here this morning, we are saying these people recognize they have a need and they love God and they want to serve God, they want to be delivered. And we are saying, Satan, you have held God's people, turn them loose. And I want my brothers and I want you church, let's have this attitude right now. We're not going to bluff this, we're going to act upon what God told us to do. Blessed be His wonderful name. Let's bow our heads.

Father as we come to this... of faith as Your church - part of the great ransom church of God that You have awakened and caused to come to this realization and we have some precious brothers and

sisters standing here that love You but they recognize they are bound in places. My ministering brothers, elders standing here, anointed people Father that love You also. And dear God as we realize in our own selves we are no match for the enemy but You shed Your precious blood to loose Your life to come back and make us a co-worker and give us authority. And on the basis of Your shed blood and Your finish work and the authority invested in Your church, we dear God can act upon that Word and You stand here as the enforcer to make faith and give these up, the squatter who have stood before Your people like that Goliath threatening them, but today, he must back off of God's property. We come unified Father, may Your Holy Spirit honor the prayers that we would pray for different ones here. And may You give the request and may they see the deliverance and may your church rise in greater faith and greater power; may You grant it Father. For these next few moments, hold us in one mind and one accord, let no ranks be broken but let us be united under your headship Lord. And may this be a great victory today in the name of Jesus Christ.

Okay my brothers and sisters, go ahead.

(Ministers and elders pray for the saints who went up for prayer)
