

Third Exodus Assembly

# The End Time Daniels

Pastor Vinworth A. Dayal

**13<sup>th</sup> April 2003**

## **The End Time Daniels**

### **Sunday 13th April 2003**

Amen, let's just bow our hearts one more time as we pray and commit this service into the hands of the Lord. I want you to believe and trust him this morning. This is my last service before I leave for Norway and Poland. It will be a couple of weeks before I come back. You pray for me in your hearts also, that God will give me health and strength and grant me grace and protection in these perilous times that we live and travel in, and carry out this great commission.

How we need His never failing presence in our lives. May the Lord watch between us; and keep us all in His presence, in His perfect will. Knowing that we have all those saints gathered with us, not just here. Even as we gather here, we are in the thoughts of those in Grenada and St. Vincent and Tobago and Dominica, who gather with us like this. Then also our loved ones and friends, and brothers and sisters in Christ, across the face of the earth, people that stand for this message.

Lord Jesus, moments like these can never be underestimated. When we could find a people united together in prayer, having faith, looking unto You the author and finisher of our faith. Believing in You who have shed light in our pathway and You didn't leave us in darkness. So, we could walk in light: You, who have illuminated our understanding that we know how to travel this road, through Your grace.

And dear God, to see what You have called us unto in this end time, and Lord, we can strive lawfully to achieve these things. May the Angel of the covenant, the great Holy Spirit who said, "I will never leave you nor forsake you but lo, I am with you always even unto the end of the age." Oh God, and the Lord was with them confirming their word with signs and wonders following.

Bless us today Father. God on the eve of our departure, Lord Jesus take this Word among the elect of God, to other lands where You have given us favor, where You have established us in relationship and a friendship. People who have respect and have confidence in the ministry that You have placed here among us.

God, how we want to go out in action, with reverence and humility.

Remembering that it's not him that willeth or him that runneth but You that showeth mercy. Knowing that is not by might or by power but it is by Your Spirit. Knowing that You promised, oh God that Your Word will be mighty in the last days and that the Bride under her messenger will become the final voice in the final age. The Spirit and the Bride say come.

What the Spirit said in the prophet, what the Spirit said in the Word, is now being rehearsed, reiterated vigorously through the ministry of the Bride, who knows how necessary it is to say only what has been said. How I've strove for that down through these years. Like He told Joshua, 'not turning to the right or to the left'.

Like Elisha followed Elijah, not taking his eyes off him, Lord. He said, "If you see me go." Oh God, May the dove, lead the eagle, Father. And even this morning, as we are gathered here to minister, not just to these who are visible but to the invisible ones who are out in the Caribbean where the tape goes also. Our precious beloved brothers and sisters, God even as they are gathered in their local assembly there, hungering and thirsting after righteousness, You know the needs among them.

Speak Lord, that Your Word would strengthen them. You would reveal Your will clearly. You would build them up in the faith, and You will open up the way and lead them in a plain path, so they will know how to go. Put the right emphasis in the right places, dear God, that it will have the right effect. That the things that need to be emphasized and bring them into focus, Lord, their faith could be concentrated in those places.

Remember the sick and the afflicted. Remember the needy among us. We don't just come and gather to hear a sermon, Lord. We know You are the living God, the Rock that is in speaking distance and hearing distance. You're the omnipotent, omniscient God in our midst today.

Take into consideration the strangers and the visitors within our gates. Remembering even those who have to be baptized in water baptism today, Lord Jesus, do the exceedingly abundantly above all we could ask or think. May Your Spirit speak to us? May faith come, victorious over coming faith, by the hearing and

the hearing of the Word? In the name of Jesus Christ, we ask these mercies, amen.

I would like to invite your attention, before you have your seats, to the book of Revelation. I will speak out of chapter thirteen for our scripture reading and then go to Daniel. We've been looking at Daniel and Revelation. We've been speaking a lot on the modern events. I want to drop over in the spiritual side this morning, a little bit, and try to preach a little bit on faith.

**'The End Time Daniels'**, I want to speak on **'The End Time Daniels'**. I was speaking in prayer meeting, a couple prayer meetings ago. 'It's time for the Daniels to Rise.' The prophet saw some Daniels in the end time, under the seventh trumpet and under the seventh seal. Because when Daniel saw this great last vision, he saw Michael with the open Book. He saw a group coming up that is going to overcome the beast and the image. That is going to sing the song of the Lord, the victory song, hallelujah, with the Father's name written in their foreheads.

Yes sir. They'll overcome mystery Babylon. He saw them. He saw people in the end time, who will overcome this mystery Babylon and will not bow down to the image in this day. End Time Daniels! That when persecution comes, they can stand with faith and be ministered to by the angels of His presence, oh my! I believe the Bible. I love the Bible. I believe the Bible is God's divine thoughts. It's inspiration. Do you believe that? All scriptures, I believe God specifically laid it out, painted the pictures He wanted and left it there to speak of an end time people.

To my young brothers and sisters I have you here around me this morning. I don't get time to get up the hill to you; I have the brothers there. But when I feel, you know, I'd like to see your face and see how you are doing, see how you all are progressing; I'll have you here with me by the grace of God.

So I hope that you enjoy that a little bit too. I am a little longer than they are. Sometimes I leave you all out a little bit because we are here in more variety, different categories of people but I need your support. I need your support. I need you to stand here and believe together with me, amen! Praise His wonderful name. We are all contending for this great faith. Precious young brothers and sisters; I really thank God for the new crop.

Revelation 13, quickly we'll read from verse 1. The chapter is really divided, giving you a picture of two beasts; one out of the sea and one out of the land. I have been preaching and this is simple for you to follow this morning. We have gone through this so many times. And especially in the last few services this has been the focus of our attention around these present things.

But for the strangers and visitors, for the new ones coming in, these are scriptures that we need to emphasize and make plain. Out in the organizations, there is no real light on these things, about the beast and the image and the mark and these things in last days. This was revealed by the third angel's message. And that's the seventh angel messenger, the third angel in the reformer age coming back for the Protestants. Okay, now watch. Revelation 13 verse 1.

*And I stood upon the sea,*

This is vision. It is a book of visions. And its visions are in symbol. And the symbols are mysteries of prophecy sealed up.

*And I stood upon the sand of the sea, and saw a  
beast rise up out of the sea, having seven heads and  
ten horns, and upon his horns ten crowns, and upon  
his heads the name of blasphemy.*

All this detail, his attention is focused upon it, as he is in the spirit seeing this by vision. God wants to communicate a vision. God has His servant to see the vision. He can't see the vision for himself. God is transmitting the vision. He is the recipient of the vision. And God had him to focus by the Spirit, on certain details that hold the mystery why God is showing the vision.

That's why attention must be paid to the details, especially in the book of Revelation and Daniel; otherwise you'll miss it all. So he tells us where he was: in the sand and the sea. He tells us what he saw: a beast rise up. He tells us he counted the heads and the horns of this beast: it had seven heads and ten horns. He tells that he even notice ten crowns on the ten horns. And he tells us that upon the heads was the name of blasphemy. So all of this in one verse; all this detail, he is very particular in expressing it.

*And the beast which I saw, was like a leopard,*

He was acquainted with the animal kingdom, so right away in the vision he said, "This beast looked like a leopard to me."

*...and his feet were as the feet of a bear,*

That means he had to have observed a bear before and bear's feet. So when he saw it again in the vision, he could say, (even though he is not seeing a bear and he's only seeing bear's feet on a leopard) he could say, 'the feet are bear's feet.' And if you have any understanding of the Bible, John was the eagle. He was very particular with seeing. That's the eagle vision.

*...and his mouth as the mouth of a lion:*

He was not getting mixed up with a tiger's mouth here. He was not getting mixed up with a horse's mouth here. It was a beast like a leopard but it had a mouth like a lion and feet like a bear; and he noticed that mouth. That was a lion's mouth. So it was a combination here of these three powers.

*...and the dragon gave him his power, and his seat, and great authority.*

And chapter, 12 which is the preceding chapter, tells you about which dragon that was. That was the great red dragon that was in heaven, which was Lucifer himself. So this beast is connected to Lucifer, the devil. That's where he gets his power and his strength. That's the authority he exercises.

And since that beast is in the kingdoms of this world and Lucifer is the one who produces these kingdoms, the kingdoms of the world belong to him because he offered them to Jesus. Then that beast in this world is exercising the authority of the god of this world. Are you getting that? All of that is right here. It doesn't take much understanding to understand that. That's simple.

*And I saw one of his heads as though it were wounded to death; and his deadly wound was healed: and all the world...*

And Trinidad and Tobago is that what he says there?

*...all the world, (all the world) wondered after the beast.*

*And they worshipped the dragon*

If I were to ask you to show me where all the world is worshipping the devil, you don't say, "I don't see that; I see people go to church and talk about Jesus." See? Then either you are right or the Bible is wrong. The Bible said, 'let your word be a lie and let God's Word be the truth.' Notice that there - all the world! Only the elect friends will not be deceived.

*...all the world wondered after the beast.*

*And they worshipped the dragon, which gave power unto the beast:*

*And that dragon was Lucifer  
...and they worshipped the beast, saying, Who is like unto the beast, and who is able to make war with him?*

And you saw the beast make war recently here, right? And one of the things this war was to show to the nations of the world is that, "We are the mightiest military power. We can fight two wars at one time." That was one of the points that they wanted to express to the other nations in the world, in the manner and the attitude, in the approach of how they fought this war. That's a fact. I'm not making that up. That's reported.

That's why they are fighting something in Afghanistan right now, where they have troops there, and they are fighting over here. And they are threatening North Korea at the same time. They are threatening Syria and Iran at the same time. You're seeing these prophecies coming to pass.

*And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty and two months.*

That's three and a half years: One thousand two hundred and threescore days, times, times, and a half of times. All through the book of Revelation you will find that will dovetail there together.

*And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty and two months.*

*And he opened his mouth in blasphemy against God, to blaspheme his name, and his tabernacle, and them that dwell in heaven.*

Notice; from the time he gets this power, look how he begins to blaspheme against God. Look how he begins to blaspheme against His name. Look how he begins to blaspheme against His tabernacle and them that dwell in heaven.

*And it was given unto him to make war with the saints, and to overcome them:*

That's the tribulation-saints, not the bride friends. That's the tribulation-saints. Satan is powerless before this Bride. This Bride is an invincible army. This Bride doesn't go down in defeat

friends. That's the tribulation-saints, the remnant. The dragon will make war with the remnant of the woman's seed. See? That's why the foolish virgins will have to give their lives. A hundred and forty-four thousand will have to give their lives. The bride goes in the Rapture. She doesn't have to go through any persecution. She goes through a squeeze but not destruction like it was in the dark ages. Yet many people could die before we go. That's right. Now watch

*...and power was given him over all kindreds, and  
tongues, and nations.*

You mean this beast is going to have power over all kindred, all tongues, all nations; the whole world will wonder after him? Notice when he's showing this beast he's showing you something global. Why? - Because the iron was in all the ten toes. She will hold the world trade and commerce; she will control the world. That's the picture. The Bible has no other picture. That's the picture!

*And all that dwell upon the earth shall worship him,*  
See where it comes back again: all, a-l-l; a-l-l, all.

*...whose names are not written in the book of life of  
the lamb slain from the foundation of the world.*

Then that means, is my name there? Have I seen my name? Do I have the identification that I am part of His Bride? Am I seeing His Word interpreted in my life, to know that's the name being manifested? I can't just come to church. I can't just walk with a Bible. I can't just say, "I believe the prophet." It says, 'all those whose names', plural. The reason the prophet was an over-comer is because he saw his name. You have to see your name also.

*If any man has an ear, let him hear.*

And this verse is the thing that connects the two beasts: verse 10. It's strange how he puts it in here. I mentioned it the last time and I want to mention it again.

*He that leadeth into captivity shall go into  
captivity: he that killeth with the sword must be  
killed with the sword. Here is the patience and faith  
of the saints.*

May the Lord bless the reading of His Word; you may have your seats. We'll read the other one while you are sitting.

It's kind of warm today but don't be bothered about it. Hell would be much hotter than this. This is the most heat you might face for a long time. It is better if you face this heat than face hell, because you are going in the Rapture. If you get in the Word in this heat, it would cool the fire.

And I want to preach about those boys who were in the furnace when they heated it seven times hotter. So if He cooled that fire back there, well this is joke. Just show some faith; don't bow down to Morpheus. Morpheus might want to make you bow down to him but you stand there. He'll cool your heat. He'll stand there with you and cool your heat, by the grace of God.

**'The End Time Daniels'**, I'm taking that for a little thought here and I want to continue to read quickly. Verse 11, this is speaking about the second beast. The first beast, verse 1 to 8; then verse 9 tells you, 'he that hath an ear to hear'. Verse ten connects the two and shows you, 'he that killeth with the sword'.

I want you to notice something as we read in verse 4 it says, what? "And they worshipped the dragon, and they worshipped also the beast saying, who is like the beast?" And verse 8 says, "And all that dwell upon the earth shall worship him whose names are not written in the Book of Life of the Lamb, slain from the foundation of the world." It means to say we are living in the most religious age. More mediums are spreading the gospel. More Bibles are being printed. We have satellites.

People have the Bible being preached on the Internet. They have it on radio and television. They give it out electronically, in every form, through magazines and books. And it seems as though so much evangelism is taking place and yet the Bible is saying, the whole world will worship the Devil? Seems like a contradiction doesn't it? But that's the age we are living in, gross darkness upon the earth and upon the people. That's the time we are living in, when we need the unction from the Holy One to teach us, when we need the inside Teacher to give us divine revelation.

That's why I enjoyed Friday night so much and I felt the Holy Spirit came behind that. Amen! Why? Because that's what the church needs, teaching on the Holy Ghost, not just talking about the Holy Ghost. We need teaching on the Holy Ghost; to know who the Holy Ghost is, what He does when He comes, how He operates in our lives; and how a Spirit filled life moves.

Not just saying, "I think I have It. Well if I don't have It, you mean I'm of the devil?" No, no, no don't go into those things. Get It, know you have It, live by the power of It, overcome, have fellowship with Him, let Him lead you, let Him teach you, let Him guide you. Let Him give you discernment to tell the difference between light and darkness, right and wrong, truth and error. Is that right? That's what He does. And He could never lead you wrong, that brings you back to where Adam was, friends.

Now watch, coming to the second beast here now, coming out of the earth.

*And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.*

*And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein*

Another beast coming up out of the earth, he had what? Two horns like a lamb and he spake as a dragon. When you get a dragon and a lamb coming together, you had better be careful. You are seeing the meekness of the lamb. The lamb in the Bible represents religion. Since the time Abel slew that lamb on earth, the lamb was slain in the mind of God. Then down through the Bible Moses slew a lamb. Lamb represents religion.

But watch this here. This was speaking with the voice of a dragon. And the dragon and the serpent are the same person. The Bible tells you in Revelation 12:9, that old serpent the dragon comes with flatteries, speaking lies to deceive, like the serpent brought the fall in the garden. Is that right?

Like what Cain had, that was a product of that serpent. He was a product of that dragon. Is that right? And he had a religion. Is that right? But there was something diabolical about Cain's religion. Is that right? God couldn't respect it. Well, that's the seed in Genesis, true worship and false worship in Genesis. When you come to the book of Revelation, there are only two things being worshipped in the book of Revelation: those who worship the beast and those who worship the Lamb.

In Genesis, there are two people worshipping, the first two people who were born of human beings, coming on the earth there to worship. One coming with false worship without revelation,

one coming with true revelation, and they clashed. One persecuted the other one. Is that right? The false one, as I said, was not just a symbol religion; it was a symbol of politics too. It was a military symbol too. It was a symbol of science. It was a symbol of industry. Is that right?

He built cities. He established false religion. He worked with atomic power. He invented the sword. He brought violence in the earth. Is that right? That was Cain. When you come to the end time, Babylon, she controls all commerce. She controls all trade. She controls all religion. She controls all politics. Is that right? I love the Bible for that. That's how it's opened.

A prophet opened it in the last days. Where it's opened we can look and see. We look and see the patterns. We see the types. We see the continuity of God. We see the line of scripture, how it never changes its course. It is one thing unfolding, opening itself, revealing itself, giving more light of itself, until the whole thing is opened wide before your wondering eyes.

That's the beauty of the Bible, so you can know what you believe and where you are standing. You can know, that it's nothing but the truth, amen. I just love God for that. It is so great when you look at it, my! So notice here, this lamb is speaking like a dragon. And it says here, 'he exerciseth all the power of the first beast before him'. God's putting these two beasts in one chapter and referring the second beast to the first beast. Why? Because they will be connected together, they are connected together. He says, this one,

*...exerciseth all the power of the first beast before  
him, and causeth the earth and them, which dwell  
therein*

We've come back to all the kindreds, tongues and nations. We've come back to, over all the earth. We've come back to a global picture again,

*...causeth the earth and them that dwell therein  
to worship the first beast, whose deadly wound was  
healed*

This second beast, which is going to exercise the power of the first beast, causes the earth to worship the first beast. Its purpose of existence, the authority it exercises, the objective it's working to

achieve, is all for the first beast. It's a vehicle by which the first beast is achieving its will. Amen?

That first beast, you know is Rome. We go back to the book of Daniel. Daniel saw that the fourth beast was like a lion, like a bear, like a leopard. Daniel saw that beast. It was a composite of the first three beasts. The first beast was a lion: Babylon. The second beast was a bear: Medes and Persians. The third beast was a leopard: Greece. The fourth beast was all this absorbed into itself. John was seeing the self-same beast.

God is bringing back the revelation of Daniel for the end time because Daniel heard the thunders; and John heard the thunders. And the thunders are the mysteries contained in the seals; and these things are sealed in symbols because they are mysteries. That's why God did not explain it plainly. He sealed it up. It's mysteries of prophecy. The revelation of it will cause the elect, who are in the earth at the time, not to be deceived. They will know it, while the rest of the world who doesn't have the revelation, will worship the beast. And the second beast would cause them to worship the first beast. Amen?

That's why we are living in a prophetic age. We are living in an age, where we have received a prophetic message that has opened up to us prophetic revelation. We don't just come and talk about Matthew, Mark, Luke and John. We don't just try to play little church programs. We see the hidden things. "Seal up the Book Daniel until the time of the end. It is for many days. Seal up the Book John, it is for many days."

An angel came to Daniel. An angel came to John. When the revelation is being made known, angels are coming to open the Book. Angels are connected to the opening of the Book, amen. Angels are connected to a church getting ready for the rapture. Angels are connected to prophetic revelation being made known all the way to the consummation. Is that right? It's happening in the earth. It's happening in the earth.

Look at something about this beast here, who is going to cause the earth - this beast who is the vehicle by which the first beast is achieving its will. It says; he will cause them to what? Worship. Do you realize so far, this whole thirteenth chapter is about worship? It's about worship. It's about worship, the thirteenth chapter in the book of Revelation.

When you go into chapter fourteen, it reveals three angels' messages. And that third angel is revealing the mystery beast, the image and the mark, so the people can escape; because the greatest torment and the greatest judgment is pronounced by that third angel. He talked about people being tormented forever and ever. Why? Because they refused the love for the truth, they didn't have the love for the truth; and God gave them a strong delusion to believe a lie and be damned by it. They put Christ on the outside of the church and they exalted – they cast down the truth and they exalted the lie, and they love denomination and creed more than the Word.

When God gives you a gift and you reject God's gift, you can only go into chaos. When they rejected Jeremiah, they went into Babylon. When they rejected Joseph they went down there in Egypt for four hundred years. When they rejected Elijah, Jehu slaughtered them. When they rejected John and Jesus, Titus destroyed them. Is that right? When they rejected Malachi 4:5, He will burn the earth with fire.

You serve God by receiving him whom God sent. To get blessings, you receive whom God sent to you. When God sends light to you; when you refuse God's gift, brother you go into chaos and destruction. Always! Whether it's the age, whether is a nation, whether it's a church, whether it's a family, whatever it is! Because Joseph and they were a family; with Elijah and they it was a nation. Is that right! When they rejected Noah the earth went into chaos and darkness and God destroyed it, whether it's a world. Is that right?

"For God so loved that He gave." When He ascended on high He gave gifts. He gave men to the church that could teach them, that could establish the church; that could open the Word to the church. He gave them prophets. He gave them apostles. He gave them teachers. He gave them pastors that could shepherd them and give them sheep food. He gave them an evangelist that could shake them and stir them. Is that right? Call them out from darkness and bring them to the Word. That's what God sent, friends.

That's why in God's church, in the economy of God, we are walking here and we need revelation. That's why we need the inside Teacher, this anointing in our lives, to teach us because He

will guide you into all truth. And not just truth for information; truth that pertains to you not coming up lost; truth that pertains to you as an elect in your day manifesting the Word; truth to bring you into oneness which is the achievement for this day.

If you don't have the Holy Ghost, you could never come into oneness with God. If you don't have the Holy Ghost you could never understand the mysteries of God. If you don't have the Holy Ghost you will never know your place and position in the economy of God. If you don't have the Holy Ghost, you will never have the power to testify and pray and give witness to the message anywhere. We need that inside Teacher and how God wants to give. He's looking for empty vessels. He's looking for empty vessels this morning. People who are willing to empty out and open up to God

The whole thing is connected to worship. And this second beast - watch something here.

*And he doeth great wonders, so that he maketh  
fire come down from heaven on the earth in the  
sight of men,*

Do you mean that this second beast that came out of the earth, has power to bring down fire from heaven, in the sight of men? I'll get it for you just now. The prophet said that's the atomic bomb. In the sight of men: on television and on the Internet, around the world. Do you know in human history; in human history from Adam in the garden until this day, there has never been a war that was ever covered and reported? And people were right in the battlefield, getting the news as the bombs were falling and what was happening, as in this war?

This is the most covered war in all history. There has never been a war that was ever covered on the face of the human realm, on the planet earth, as this war. Do you know there has never been fire come down on a nation from heaven; a beast that caused it to come down in the sight of men? Do you know that this nation - in all the history of warfare, no nation has ever been bombed as that nation, more than in World War II? World War I did not have the atomic bomb. In World War II, only two bombs were dropped.

And do you know this is so phenomenal, because these bombs are not just fire coming down. This is laser-guided fire. This is fire by satellite. This is what they call precision bombing. This is

what they call the mother of all bombs: the bunker buster. And while they are hitting the bombs, they are showing it on the television screen: what kind of bomb it is, what is the range of the bomb, how much damage the bomb can do, how much the bomb costs. You are getting all that information on the battlefield while you are sitting there and watching it.

Never before in six thousand years of human history and it is put in the Bible, that there will be a nation that will come out of the earth, where you don't even have peoples: the United States of America in prophecy. You say, "Is that right?" Yes, because the first part of the then known world was Europe, where the powers govern the world, where the height of civilization was. Learning institutions, cultures, banking; everything was there.

Because what does the book of Revelation tell you? Where the multitudes of people were, that was the sea. Waters were multitudes of people, but this was a beast coming out of the earth. Why is it so important? Because there will be a nation that will arise, in other words a nation not previously known. This one didn't rise up in the sea; this one rose up in the earth, in an uninhabited place. But the one that rise up will come to such prominence, will come to such power, it will have power over the whole earth.

There is no nation in the face of the earth, brother since the Protestant Age; no nation that arose in the last two hundred and fifty years anywhere in the world; that has global dominance and global power; and is closely connected to the first beast other than the United States of America; 'she causes the earth.' When and how she moves you, you move.

All these islands here, brother that were established, that were discovered by Columbus when he came here and found the Americas and so on, all these places are under her control. Not only here but also her troops are in Afghanistan. Her troops are in Iran. Her troops are in the Philippines. Her troops are everywhere. She is the only nation, in the last few years that has gone across into other nations and has removed Presidents and Prime Ministers and locked them up and took them back and has put them in prison. No other nation has done that.

We are living in a time when we see the reality, when we see the end time and God bringing to us the light. This first beast was

typed out in the Old Testament as Jezebel. The second beast was typed out in the Old Testament as Ahab; and they are united. And here in the end time prophecy in the book of Revelation, they are connected, the Vatican-Washington Alliance.

And anytime you have the Vatican and Washington in an alliance, you must have Elijah. Anytime you have Ahab and Jezebel, you must have Elijah. Amen! You must have false religion becoming predominant. You must have abominations rising. You must have sorcery in the earth, Pharmakeia. How many know, in the Bible the word sorcery is Pharmakeia? And Pharmakeia is drugs.

How many know that drugs are an industry, a billion-dollar industry? How many know that drugs are designed to break economies and isolate a people from reality? How many know, it's the big armies of the world that control the drugs? Presidents! It destabilizes countries, weakens and corrupts the economies. That's right! Some of you sit down here and you are living in Disney World.

Look at this beast here; he is exercising all the power of the first beast. What kind of power did this first beast have? Who was that first beast? Pagan Rome; what did she do? She had the whole world dominated and controlled. You mean this other power that rose up on the earth, will exercise that kind of power, will have military power to control the whole world? Are you not seeing it? And do you mean to say they can rain fire down from heaven? Are you not seeing it? Who dropped the bomb on Nagasaki in Hiroshima? Who dropped those bombs? - The United States of America; World War II.

Now they are coming with smart bombs, precision bombing, bombs controlled by satellite, an eye in the sky where they can spy on everybody. And what are they doing by these things? Deceiving the nations. How many saw the secretary of state, before the war when I preached on it there? He sat down there and took all the satellite photographs and showed them, "Weapons of mass destruction here, weapons of mass destruction here. We have to go in right now." They got all the leaders of the world and everything else. What are they doing? Deceiving the nations, getting a pretext for the doctrine of preemptive strike.

The predator wounded in his economy, in his nations, in his politics. He needs a war; a war is a political necessity. It is for economic survival. He must have a prey, otherwise he is going to starve and die. He is wounded. He has to get food and get it quickly. Amen! He's angry, he's ferocious, he's going to plunder he's going to devour, he's going to break up in pieces, he's going to stamp the residue, he's going to have that thing. That's what the Bible tells us in Daniel and Revelation.

*And he doeth great wonders, (verse 13) so that  
he maketh fire come down from heaven on the earth  
in the sight of men,*

Great wonders, technological wonders, scientific wonders, you say, "Is that a wonder?" You do it. Get all the Caribbean islands and all the Latin American islands; all the Fiji islands; get Europe and all of them and tell them, to do it. Could they do it? Do you know why? Because they are advanced in all science, remember this kingdom is of Satan. And its source of life comes from the tree of knowledge, which is in the midst of the garden. The first bite of the tree of knowledge did what? Brought knowledge - they went from innocence to knowledge. Then a little while after they invented gunpowder. Then they invented the rifle. Then they invented the bomb. The prophet said, as they keep eating off that tree, look where they are going. Is that right!

Then Bill Gates came and taught them how to fight information war, by opening up Windows 95 all the way to 2000. Giving man more and more access that they could guide those bombs. They put maps inside of it and store them. And the intelligence in there, brother artificial intelligence will read the contours of the place. Maps that tell you where the city is that they want to bomb and which street the building is on. Just like a driver will drive his motorcar if he has a bomb in it, and he follows his road map of the city, and drives it and bombs the place. Well they don't need a man to drive it. They could send that thing unmanned.

The same way guided GPS system (Global Position System) guides that thing exactly where they want it. And what is it? Fire, it is fire. And where is it coming from? Heaven, above; and is man seeing it around the world? How could man see it around the world? Internet information revolution makes the world a global

village. Communication unites the world, the information super highway.

Every man can sit down, whether he is in a motorcar with his laptop, whether he is in an office with his desktop, whether he is somewhere with his little videophone or whatever it is, brother he can download things. Wherever he is, he could see that thing: 'In the sight of men, in the sight of men'. Oh my! Brother it thrills me to see those things because here we are in the midst of the prophecy. What is this about? False worship, this is about false worship, a false system bringing a false worship. When? In the end time; but that's when the Daniels must rise.

Where are the Old Testament types of these things? That's what I want to show you. We read it in the book of Revelation; we see it today but where is it in the Old Testament? Where are the patterns for those things? Is it with Nimrod when he went forth and built Babel and brought a false worship? Is it with Nebuchadnezzar when he devoured the whole world and brought a false worship?

Was Babylon a type of mystery Babylon? Did it come from Genesis all the way to Revelation in the last days? Did it take in the whole earth in Nimrod's time? Did it take in the whole world in Nebuchadnezzar's time? Is it taking the whole world in the last days? Was Nimrod a seed in Genesis? Where is the harvest for that? Was Babylon in Nebuchadnezzar's time a seed in the beginning of the Gentile dispensation? Then where is the seed for that at the end of the Gentile dispensation? Is this what we are looking at here?

The point that I want to bring, I am just trying to lay this out here for you. Because I'm saying if that is so we have to be a supernatural church, a gifted church. Revelation gifts that could access the mysteries of God that could know the beast in the earth and what they are doing.

Did Daniel know those beasts? Did he see the he goat? Did he see the bear? Did he see the ram? Did he see the lion? Did he see those predators in the earth? Did he see those devouring the prey? Then if you say amen and you are shaking your head then you see the same spirit is here. I guarantee you didn't read the papers and saw that. You sat here and you heard that.

Then do you look at that and you turn the page and keep on going on or you say, "Oh God what kind of place am I in? What hour it is Lord? What's happening? Where ought we to be in this hour? Are you in a place where you see prayer is becoming predominant? Are you hearing that, that prayer is for a reason and purpose when these things are happening? Does it connect? Where are we walking? What kind of life are we living? What kind of consciousness governs us? What is influencing our behaviour?"

*And he doeth great wonders, so that he maketh  
fire come down from heaven on the earth in the  
sight of men.*

*And decieveth them that dwell on the earth by  
the means of those miracles which he had power to  
do in the sight of the beast,*

Do you mean to say he is deceiving the world by doing that? Oh sure he is. Everybody believes he had to get rid that. They had to go with all those troops, burst up that nation, kill all those civilians, hide it and call it collateral damage. Show on the television only two or three American soldiers crying when one of them died. You know they showed images, how they all posed in a nice way, like you used to see in those old war movies to glorify the US army. And when they rescued the woman there, oh my. And then they showed the mother in the States, and how they are praying there. But they aren't showing all those Iraqi bodies that they are blowing up left and right everywhere.

And with all the precision bombing that they are talking about, they say the man is still alive. Some people have the appetite for that garbage, electronic garbage that the media house is putting out there. The propaganda machines with those nice, beautiful young ladies. Oh and they are well spoken and could report the news. And it looks so classical and high profiled; and what an image is sitting down there! And they are gloating over war and dead things in an age where we are so informed. Oh, I thank God for the Bible friends. Thank God for the Bible, amen! To recognize our day and our message, 'Sirs what time is it?'

There is to be a church. Where is that church Lord? When those things were going on in the Old Testament, Shem and his group were there. In the time of Nimrod when they saw a man

going forth to conquer and conquer and conquer and then a crown was given unto him. And then he set up his religious system and brought all things under his feet.

In the time of Nebuchadnezzar when he went forth conquering and to conquer and to conquer and devour the whole earth, they set up an image and forced it (worship) there. Daniel and they were there, amen! Glory be to God in the highest! And in the last days there is to be some end time ones also. That's why it is put in the Bible there; 'End time seed sign': deceiving. And no wonder, you hear everybody in the world is just deceiving, being deceived.

Because even though they say, "Well they were going there for oil. I believe they were going there for oil." And you don't know the Bible? And you don't know where you are and what you are suppose to be doing? You are still deceived. Because to see it is oil, your natural human mind could understand that. But to see your position in the Word and what you have to be doing while that is happening, and what is happening in the spiritual realm, it will take revelation to know that. Amen?

When that handwriting came on the wall, do you think Belteshazzar and all of them couldn't see that there? Everybody saw the supernatural but who could interpret it? They had no man in the kingdom to interpret it. They had to find a man with the Spirit of God. They had to find a man with the Spirit of God who could get supernatural revelation to interpret that. That's right, friends.

Jesus knew that He was the Messiah because He saw what came out of His life. John knew he was the forerunner because he saw what was coming out of his life. Peter and they knew that they were the 'Alpha Bride' because they saw what was coming out of their lives.

The prophet said, "Honey, am I crazy? Why am I against that? I seem like a sore thumb. Every time I get up I'm cracking down on those organizations. What's the matter with me? Those great ministers are not doing that. They love them. But it seems like I'm ruining my ministry really, according to what they are saying." But the way God was dealing with him, he found it in the Bible. It was to help him even recognize more, who he was and what he was.

Brother, as Gabriel came to Daniel, the Holy Ghost is going to come to the elect. When God can come to you and reveal it to you, in that hour, what is happening and keep you in step with God, you know whom you are. Because He's dealing with you in that hour and you can't be deceived. Deception can't come around you. There is a repellent that has you immune from that. There's a guiding light that guides you in the Word. There's that anointing that teaches you on the inside, the Son of God who came to give you understanding, not an outside God now. From 1946 to 1965 He was an outside God for the Bride but from 1965 to the year 2003, He's not an outside God for the Bride. He's changed His mask for another act. Yes sir! Oh my! My, my, my!

*...saying to them (second part of verse 14) that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live.*

Watch; how that nation is going to use its influence to bring legislation. They are going to change around the world and move the whole world under the designs of the Roman Empire. Do you get what I am saying? And this war on terrorism has already done that. You see when you make a war on terrorism you don't have a definite enemy. Years ago they were going against Germany, Hitler was the demon. You get other states to back you up to go against a state.

When you have a war on terrorism, it could be from one individual who doesn't have a state, until it becomes any state and then when they drop the line. All those who are not with them are on the side with terrorism. Do you get that? They've found the right war. They've got the right war. You see, in World War I they had their enemy; World War II they had their enemy. But then now, to get the same powers to pass; when you have that kind of war, they were able to pass it and evoke it and pass the laws, by saying, 'war on terrorism'. That could be anybody.

First that was Bin Laden. Now that's Iraq here. Now it is something else. Brother, you are talking about a man and his sons and some members of his party you want to get rid of and you destroy a whole nation. And then you still don't have the man. They destroyed the whole of Afghanistan and they still have troops in there. From the Gulf war, they still have troops in there because

that is where the big oil reserves are. That is where the big oil reserves are.

If natural oil could mean so much to them to run their economies that brother, they fight those wars. Brother, they get their forces so sharp. They harness the powers. They don't care what it costs them. They go into billions and billions and billions to fight those wars, to put people inside there. Because they want to secure that, "If we have that, we see continuity."

Brother it's time the church gets desperate and realize without the Oil you are finished, amen; that you need some energy, the Oil is the energy, the fuel, amen. They need those rivers of oil, like I preached a couple weeks ago, to water that garden. You need that River of the same Holy Ghost to water your garden. That's right. You need that Oil. That's your fuel. That's your light. That's your power. That's your energy. That's your energy resource. My! Watch again now, verse 15:

*And he had power to give life unto the image*

He had power to give life: political life, economic life.

*...that the image of the beast should both speak, and  
cause*

Watch that word *cause* all the time, *cause*. That is working by certain methods to bring about a desired end. You caused this to happen. You had it figured out, how to do it, how to achieve your goal and you worked by your plan. You caused it.

*...and cause that as many as would not worship*

See what it comes back to again: worship, worship. There is somebody that wants worship. There is somebody that must have worship at all cost. There is somebody that is willing to kill those who refuse to worship him. Worship is very important here.

Now that's the beautiful thing of the Bible. The Bible doesn't just come up with something at random. If that comes up, it would be all the way through the Bible. Abel died because of worship, the way he worshipped. Cain was marked and separated because he refused to change his way of worship. Is that right? Cain killed Abel because he didn't like to see God honoring Abel and proving that that was the true worship. He wanted his worship to be accepted above Abel's worship.

Nebuchadnezzar when he put up that image, he was willing to force those who didn't bow and worship it. Is that right? Nimrod

did the same thing. He forced them into a false worship; that he was god in the flesh sitting down there. He was the woman's seed. Watch.

So the Bible is putting those seeds there, telling us, to understand this end time and what is happening in the hour, when you see that beast causing fire to come down from heaven in the sight of men. When you see that beast deceiving the earth and the nations by what he is doing. He is rallying them on his side. When they start to produce satellite evidence of all who have nuclear capability; all who have materials to produce things that they shouldn't have. Brother it starts to shake nations because they realize, "We can be targeted as terrorists if we have something."

And all of a sudden you find yourself now under the dominion and the authority and you have to ask the US 'permission please.' Then they say, "No; sanctions on you." And they starve your children, no medicine, nothing. Nothing can fly in there. They break your economy. Brother, you can't fly out of your air space because of treaties they have with other people. And they offer by the billions of dollars to get people on their side. Countries that have no infrastructure, they tell them, "We'll build roads and highways for you. We will modernize your cities. Stand with us. We will bring in food. We will help your economy."

They help empower politicians to stay longer in rule. And they love that; and they side with them. Look at all those leaders there who sided with them. In the streets there were hundreds and thousands of people protesting the war, yet those leaders went. Why? It is giving them power.

Do you think it is a little thing happening? Brother this is a thing that has global implications. This is the Word of God coming to pass. This is the end time prophecy revealed by the end time prophet when the seven seals opened. This is the Thunders uttering their voices saying, "Come out of her My people and be not partakers of plagues. Her sins are come up into heaven and strong is the Lord God that judgeth her. And all her judgments and her plagues shall come into one day."

God is saying, "And these seven thunders, wait until they utter their voice to that little group who can take the Word and hand it there. 'I'll raise them up in a faith economy.'" They wouldn't have to study whether they can't buy or sell. And I'll bring them

to walk where I walked; amen they will live and walk. What I did as Messiah, they will do as Messiah-ettes.

“The works I do shall you do also and greater than these shall you do. I’ll have a super church in the last days as she nears the Headstone. When all hell comes against this truth, Satan will have to be powerless because I will be the invincible God inside the Bride. She will be an invincible army. They’ll have the token on display; proudly displaying the message of the hour, marching onward Christian soldiers.”

Oh brother, I believe God keeps His Word. I believe God is going to meet the challenge. When the enemy comes like a flood, God is going to raise a standard. I believe when God’s people can become sensitive and recognize the Word of God is being fulfilled. And see that for the last three to four weeks, brother everything from morning till night, every paper, every radio station, every television station is the war, the war, the war, the war.

They have bombed the minds of the world with the war. That’s right, because we are under a fourth seal. It’s cataclysmic changes. It is upheavals, political upheavals, religious upheavals, economic upheavals, and social upheavals changing the world. And out of that, upheavals and cataclysmic changes is going to come what? A New World Order - one world government.

Remember there are still nations but there are only ten kings. What does that tell you? Divided world; divided world. You fall in an area where you are becoming a dependant society. And brother, you are under the influence and you have to work in accordance and harmony with the main technological, political power; the economic power in your region. That’s right. That’s right.

You see, sometimes people only see that kind of invasion but this kind of invasion only comes when it is hard to get foreign investment: Invasion, economic invasion. This kind here, you go in with tanks and bombs. You have to put on your battle fatigues when you cannot go in with your business suits. And when you can’t go in with your business suits or your battle fatigues, you go in with your religious clothes. Exactly right. That’s the Bible, friends!

They take by religion. They take by the economy: foreign investments. They tie up the money in the World Bank with the

IMF and cause you to change the laws among your people. Then they commit economic sabotage upon your nation and squeeze you. And then start to raise and inflate your tax and everything else. Then you cannot pay and they strangle you. Then they come and they own you and your industry and everything has to be privatized afterwards.

Oh my! I tell you the Spirit of Daniel is here. I tell you that same Spirit is here, at the going out of the Gentile dispensation. Sometimes I wonder how I know those things. Brother, I hear myself saying that and I say, "Boy, you sound like you know what you are talking about." I don't know what That said but whatever That said is right. I am sure about that! It's Him friends. That's His thoughts. I think I see it sufficiently in the Bible too.

If you watched the message last week especially, 'A Dismantling of a System', a systematic dismantling; they took the smiths, took here; broke up the treasuries, burnt down the main buildings. Stripped their identity and when it's done – do you see how it started over there? Everything was Saddam. They pulled down the statue defaced that thing there.

That was an image that held the people. Whatever street they walked on, whatever city they went to, that big face there held them. He was right there with them everywhere in the city. And so, they knew that's 'de-Saddamizing' them. No, that's what they call it. I guess that's what they may call it, but it's 'de-Saddamization' taking place. (I tell you the Holy Ghost is sweet. When I hear Him, He is so musical.) And they broke all of that from around them.

It's like they see the little Pillar of Fire on the prophet and the altar of fire, and the Cloud and they take all that and they start to call it, 'seditious things that they use'. Then they start to say, "Look how they give their people those pictures when they come in. It's a way they establish that fear for this prophet and that cultic thing. And they get them tied to a personality because all dictators and all cults have to use that. And pictures are part of the psychological warfare they wage on them.

They are going to 'de-Branhamize' you too. Thank God I got 'de-Branhamized' a long time ago. God already de-Branhamized me. That's right, because he did not come to 'Branhamize' me. He said, "I come to establish a spiritual union between man and

God; whereby the old things are passed away and all things are become new,” and establishes a true spiritual belief. He said, “I never came to proselyte anybody.” He said, “Are we establishing our persons in the heart of the people or are we getting them to Christ?” Christ in you is the mystery. In that day you will know I in you. Christ in you and great is He inside of you. That’s right.

That doesn’t mean I disrespect the pictures. I don’t mean that at all. I have them. I believe in them. I believe what they are. But I know, if I’m going somewhere and I take the picture and put it up there, God does not want to see me put up the picture. Elisha didn’t want Elijah’s photo. Elisha wanted the Spirit that was on Elijah, hallelujah! The apostles didn’t want Jesus’ picture, amen! They wanted the life that was in Jesus, the Token.

Jesus died on the cross to release the life, to come back in and live in the church as the Token. That was His plan, not the picture. Otherwise He could have said, “Oh I come and give you a picture. Here’s the picture of Me. Here’s a picture when I was born. Here’s a picture of Me when I was fourteen. Here’s a picture of Me when I was thirteen at the baptism. Here’s a picture of the Pillar of Fire coming down in the Jordan. Here’s a picture of the transfiguration. You have all my pictures now so I’m going back into glory.” No, no, no, He came to die to release His life that the same life in Him could come back in you, amen! That’s the thing, friends. Oh my!

Quickly, I’m still reading the scriptures. My first scripture now friends, I can’t even get out of it. And watch; in verse sixteen now because verse fifteen tells us, ‘as many as wouldn’t worship the beast should be killed.’ This is going to end up in a force to become part of a system, friends.

*And he causeth all, both small and great, both rich and poor, free and bond,*

All the time is ‘them that dwell on the earth’: ‘nations and kindreds and tongues’. But now he comes down, small and great, rich and poor, bond and free. No middle class, middle class is gone out from the earth. Either you are small or you are great. Either you are rich or you are poor: either you are bond or you are free. Friends, do you realize that slavery still exists? You hear me preach that many times, the slave market is here.

All those third world countries, Indonesia, the Philippines and all of them, do you see how the SARS got there now? Isn't it strange where the billion and the two billion population nations; and then all those other nations with hundreds of millions, after they have controlled their industry taking them economically, they are being depopulated now. SARS is to depopulate friends just like AIDS was to depopulate - by sword, by pestilence.

Go back to 1999 when I preached 'The Coming of the Global Epidemic.' That is in twenty-two nations already. What spirit knows those things? 'The Four Horses of Death.' All of this that I'm preaching here again was, 'The Siege and the Conquest' 'Babylon's Method of Destruction', 'Power Given Unto The Beast' The whole series in 1999. 'The Four Horses of Death', then 'The Coming of the Global Epidemic' and bringing back some of that as the 'Immune Church' to you.

He knows those things. The anointing teaches us all things. That unction from the Holy One empowers us. Raises us up above to look and see what is coming. Years ago He said, "Watch communication, watch the money proposition, watch trade and commerce." These are places you have to keep watching those trends. Why? Because the end time world state, that is the thing that empowers it.

So we have to watch that and see and then it's very easy to follow. Because you see once God opened the Word to you (and the Word is opened), you can track that devil any time, because he has to work in certain realms to achieve his goal. The same way you could track the Holy Spirit too. When He came with justification with Luther, you have to find where he brought the second part, the continuity of that message and you find Wesley - sanctification. Then you find the continuity of that; the Pentecostals had it. That was them. Then you find Malachi 4, Revelation 10: 1 to 7; that was them. And then you have to find Revelation 10: 8 to 11 to be confronted with the same eternal life still.

When you find that you are tracking the Holy Spirit because He cannot change His mind about His Word. He cannot leave the line of the Word and the line of the Spirit. He must come in the unchanging continuity of the Word. He cannot bring stalk and jump back to something else. He had to come with stalk, to tassel,

to husk, to grain. That's the way He has to come. He has to come from justification to sanctification and baptism of the Holy Ghost and to the change. That's the way He has to come. That's why he could tract it. It's laws in the Word, laws in the Word.

God gave you wings so you could fly in those places. You see the age. You see the time. You see where a prophet like the great mama eagle put us here and said, "Children I'm going to open the seven seals, come for a flight." And then He flew up there and He put us on the mountain and He opened the seals. You couldn't see the seals down here; these seals are prophetic. This is showing you things that never a man saw sealed in the Bible, hidden truths, mystery truths. My! Watch this here.

*... he causeth, (causeth again) all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:*

*And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.*

*Here is wisdom.*

Look at the Holy Ghost there with that.

*Here is wisdom.*

*Let him that hath understanding count the number of the beast:*

Notice those two things: verse 13.

*...he maketh fire come down from heaven on the earth in the sight of men (and verse 18) Here is to him that has wisdom.*

This beast has an objective. He is working to achieve the goal of the first beast. The first beast was pagan Rome that became papal Rome. It was wounded in the head. It rose from a political empire to an ecclesiastical empire. But now it's working through the kings of the earth who gave the strength and power to the beast. That the beast might achieve his political and religious ambitions, by working through these systems that he has built for this very purpose. Amen!

Just let me gave you a quote quickly on that, on those two things it's in 'Mark of the Beast' 1954. Quickly it's in 1954 way back in 1954. Watch here a prophet speaking on Revelation 13 here. Revelation 13, he said:

*Look here at the eleventh verse. I beheld another beast coming out of the earth. He said, not water out of the earth, thickness, multitudes of people. Then this is where there was no people, in the Untied States. "And he had two horns like a lamb" not a lamb. What is it? It's our American buffalo. You see it's like a lamb. Sure, there he is; two horns like a lamb. But then what did he do? He had freedom of religion. First he acted like a lamb; he spoke like a lamb. But remember he never did become an old ram. He was a lamb.*

Those countries in Europe are hundreds and hundreds of years older than The United States. The United States started in 1776. That's about two hundred and twenty seven years old, the nation is. That's just how old it is, it's young, its national life.

*Two horns like a lamb he said but remember he never became an old ram. He was a lamb. This country is only (when he was speaking back there) a hundred and fifty years old, just a lamb.*

Now watch here now.

*"And he exerciseth all the power of the first beast before him (the red dragon) and causeth all them that dwell on the earth, and so forth to worship the beast, whose deadly wound was healed. And he does great wonders so as to maketh fire come down out of heaven on the earth in the sight of men"*

And here he says:

*The atomic bomb and hydrogen; smart, intelligent nation and so forth deceiving the nations by these things.*

Smart, intelligent nation deceiving the nations by these things.

*The United States will come to a time that church and state would unite together. Protestant and Catholic will throw their things together to fight communist. It's exactly playing in the hands of what God said right here. And you Protestant people laying yonder sound asleep*

Hear him warning them, he said, "You Protestants laying yonder sound asleep reading a love story magazine instead of your Bible." He used to tell them, "You are home watching 'I love Lucy' and you are not coming to Wednesday nights' prayer meeting." He saw the Russians were putting the nation to sleep; psychological warfare on a nation. And they were moving into Cuba and those places there with the Bay of Pigs, where they could almost throw the world into a nuclear disaster.

And a prophet standing there on the earth having those seven visions. And seeing the realm of politics, the realm of religion, the realm of science, seeing what was developing in the earth, and knowing that he was the end time voice, the voice of God in the last days to warn the generations. He said,

*This United States will come to a time, he said, She would throw her power. Church and state will unite together. You Protestants laying there sound asleep, reading a love story magazine instead of your Bible. Out gathering around somewhere in some kind of party, instead of a prayer meeting somewhere. And fussing with one another about little old petty things that don't matter that much. You ought to be on your knees somewhere if you know what eternity meant.*

Now this is where I'm getting my inspiration with this. Watch here Revelation 13, but watch where he goes now. He's talking about, what's happening in America, the bomb and all those things. He says,

*Now notice, when king Nebuchadnezzar, in the beginning back yonder when the Gentile age was issued in, let's watch how it comes in. And the way it comes in, you'll find it goes out the same way. We know that there's a beginning of time of grace for the Gentiles and an ending of time.*

He's watching Revelation 13. It's going to cause them, to force them, to worship an image. The whole thing is image worship. And he's talking about this nation, America. How she's going to deceive the nations with all its scientific things, its technology and science. And then he says, "Now to open that in revelation 13," he said, "Let's look back at Daniel. Let's look back at Daniel with king Nebuchadnezzar." Because that was when the world-state came in, that was when the world religion came in, that was when the world politics came in.

Herein is to him who have what? Wisdom and understanding - What is wisdom, I pray thee tell me? That's the first gift of the Holy Ghost. Showing the gifts; revelations, gifts, discerning of spirit, wisdom, knowledge, things that reveal something, healing, miracles, faith, gifts of power and demonstration to shut the mouths of the lions, to quench the violence of the fire, working of miracles demonstrations of power, gifts in the church.

“God show to us, reveal that You are the infinite God. Open up to us what the king dreamt, those mysterious symbols, those beasts in the earth, and interpret it for us Lord. May Your wisdom come? There’s a man here who has wisdom and understanding in the Spirit of Gods. He can interpret this unknown language here.” Gifts in the church: gifts in the church in the end time.

That’s what I’m coming to. “Oh, we have prayer coming.” That’s fine. That’s a blessing for us as it increases and gets stronger and consumes us, and the fire of God accepts our sacrifice. Right now you are there. You are trying to get in the Spirit. “Get them in the Spirit.” John had to get in the Spirit first then the acts took place. How did these things happen? Get in the Spirit first. The revelation’s opening up. Prayer, what does prayer do? When Daniel began to read in Jeremiah’s writings and it started to open up, what did he do? He went into prayer.

When you sat down here and God took the book of Samuel, opened it up and started to open up the revelation and showed you the hour, what did it do? It got you into prayer. Why? You began to see the time: you began to see the time. Then what happened? Not just gifts alone, not just miracles alone but; “Angel Gabriel, show the man the vision?” Amen, and the angel Gabriel came and said, “Thou art highly favored Mary.” The Angel Gabriel came to Daniel, “Oh Daniel you are beloved in heaven.” Three times he told him that, in the book. When he came he said, “You are beloved in heaven.”

As many as I love in the last age, not as many as love Me, as many as I love. Their names are in this Book that I have in My hand. I came down on the earth here to deliver these names because they are greatly beloved in heaven. Do you know you are greatly beloved in heaven? Half of your worries are over.

“This boy doesn’t love me. I dress nice and sweeten myself up, I kind of watch him. I let him hold my hands a little long but the boy doesn’t love me.” “This girl does not love me. You see it is better if I backslide; I have nothing to live for. This girl does not love me. You know I sent her a card. She smiles at me and makes me feel everything is all right. And the next thing I see she is smiling with somebody else.” And you are all bent out of shape and you are supposed to be a Daniel in the last days. You are supposed to be a Shadrach and Meshach, Amen! You are

supposed to be an Ezra with the hand of the Lord strong upon you. My!

But brother, when you know you are greatly beloved in heaven, amen! When He loves you everything is all right. Jesus loves me. I'm so glad that Jesus loves me. Jesus loves me, even me. Amen, and because He loves me, amen, He has everything in store for me already. He's my provider. He's my leader. He's my guide. He's the supplier of my needs. He knows how to bring me into things. Amen! Glory be to God. I could rest in the assurance and comfort that His love gives to me. He understands what I'm going through. He's the High Priest who can be touched with the feelings of my infirmities, amen. That's right. Glory.

I'm trying to close up. I won't have time to read those scriptures in Daniel. I wanted to get chapter 3 and chapter 6 but I won't have time to get them. In both places, the things I wanted to catch were the laws, how they passed their laws. How they had a plan and they could not execute the plan until they got laws. They could not prosecute until they got laws.

And they said, "We have to try to find fault with this man's God. We have to structure our laws a certain way and we can't pass it ourselves. We have to get the king to pass it, so we need to get support here. It has to be in a very discrete way where it doesn't show our motive. We have to veil this thing in such a way that they can't know this is really to persecute a certain sect of people. This is to target; this is profiling a certain class of people."

That was the scheme to get the laws passed. He said they would put pressure on the governments and enact principles into law. They cannot touch you. If they carried you in the court there is no law to try you. They have to get the law to try you. To make it a criminal offence you have to break a law. And that's what this war on terrorism has done. That's why they spread it world wide to put every nation on the face of the earth under that auspices. You get what I'm saying? Oh brother, so you see what's happening out there? We took about five messages on those predators.

We had 'It's time for the Daniels to Rise' in the prayer meetings. We have the unction as Gabriel comes, this one that is come and is teaching us and quickening us, and is moving us into this realm, this one that is interpreting and revealing; this one that

is causing us to consider the matter and understand the vision. This one that's empowering us and giving us an effective witness and testimony where we don't compromise. This thing that is making us uncompromising; do you have something in your life that is making you uncompromising since you came in?

How many saw compromising come out of their lives? Be honest! You see what we have here? Now if I bring that down to the Holy Ghost now, where does it go? Do you see where it gets you? Do you see Friday night here? You felt intimidated there, just now; you felt intimidated. Because the Holy Ghost in you is not giving you courage. The Holy Ghost in you is not giving you the kind of assurance to seal down the places where doubt operates.

That's why you want to know, "It is in my heart; it's in my heart. I can get quiet and hear His voice. I can get into the Holy of Holies and get before Him. And start to ask things sincerely and believe He will lead me in the Word. And then I begin to turn the pages of the Bible and something stands out there and says, "Dig there." And you start to dig in some obscure thing and it begins to open and open, and open.

Let me tell you, the church of the living God now, should be walking in that kind of thing every day. That should be every day living for you if you have the Holy Ghost. You mean to say you could be in this message thirty years, twenty years, fifteen years, and God dropped these things in your heart; and you are nurturing that and you are walking in that and you are praying for that and you are believing that and you keep feeding that and then you don't have that assurance?

You take the little red bean when you go home tonight. Get your bottle, put some dirt in it, put your bean, put some water into it and put it there by your window. Tell me what happens when you look at it in a next couple of days. They give that to little children in school, to teach them how a seed grows, how to cultivate a seed. And that bean will bring food and that food will feed people and then they will have enough to sell in the market afterwards.

It is giving you nourishment and it is giving you financial power. It strengthens you and it moves insecurities from your life. It is giving you more flexibility because now you can operate more

financially because you learnt how to cultivate something. And it starts to unleash the capabilities in your life and empowers you and raise you up in a higher standard, a little seed you got.

What about when you take the Word of God, the seed of promise, friends and it finds the bedding ground of faith in your heart, where do you think you are going to walk with that anointed Word living inside of you, cultivating that faith inside of you? No wonder he said the church is living far below her God given privileges.

*Watch how it comes in and watch how it's going to go out. That's the way the Gentile dispensation.* He says,

*Now watch; king Nebuchadnezzar made an image of gold and set it up out in the field and said that everybody will have to bow to that image.*

See? Daniel chapter 3, after Nebuchadnezzar conquered the world by warfare, the sword: the red horse rider taking peace from the earth. Then he was able to control all the resources, the black horse: economy. He could control all trade and commerce; he had the scales. Then under the fourth seal, the pale horse: Nebuchadnezzar united everything together.

And then under the sixth seal, Nebuchadnezzar sat there as god over the whole thing. He brought a false worship but it had a little group who had a prophet's writing down inside of there. Isn't that right? There was a little group who had the writings of a prophet. There was a little group who had the same Angel of the Lord with them. Is that right? History is repeating itself friends, amen.

When Babylon became the ruling world power it had besieged and conquered everything. Even Israel, when it took Israel that was the end. There was nothing else to take. It controlled all politics, all economics, and all religion. And that's the same thing. History is repeating itself again. If we look back at how Babylon became a world power back there, at the beginning of the Gentile dispensation, you will see exactly how she's becoming a world power that will rule the world today, at the end of the Gentile dispensation.

Revelation 13 shows you, it will rule the world economically, politically and religiously. It's going to rule the whole world: Revelation 13; Revelation 17 and 18 tells you that you can't even buy or sell except you have the mark. It tells you that the world

will be so structured, you will have ten kings over the earth, and it will be divided up into trading blocks. You know that right now, he's dividing the land for gain. He's going to break the present day money system.

All these things we have gone into, showing you in the Old Testament, showing you in the book of Revelation in the New Testament. Then these things being opened up, seven thunders uttered their voices. But watch something, when Daniel heard the thunders it put them in a certain realm. They had end time revelation all the way down to the end. Daniel saw all the way down to the end, he saw the consummation.

The Bride has the same thing; the Bride has the same thing. We've been given the same it way. God has dealt with us in every way in the same manner. That's why there must be those Daniels and Shadrachs and they who will rise up. There must be gifted people rising in this message. There must be the Holy Ghost operating in supernatural signs and wonders in this message. There is nothing new under the sun friends. There is nothing new under the sun. My, we are understanding these things. We are seeing these things, amen.

The Bible says, he shall destroy wonderfully; destroy the mighty and the holy people. Through his policies, he shall cause craft to prosper and by peace he shall destroy many. They caused craft to prosper. Do you know how they caused craft to prosper? They broke all those Asian economies. And when they broke all those Asian economies, they had cheap labour force, slave labour, child labour where they are paying them so many cents to sew one pair of sneakers.

And then Michael Jordan is wearing one (Nike sneakers), that he's getting a thirty million dollar contract a year to endorse. And he's only one of the persons who have a contract. If Nike can pay him thirty million, (pay one man) a year just to wear a Nike sneakers when he's going out, when he's on the court and these things, and he is only one of these persons, then how much money is Nike making?

And then, it is some little child who is a slave in a sweatshop down in Asia who's sewing that. Have you ever noticed where all those goods you buy in America are made? Made in the Philippines, made in Indonesia, made in Taiwan, made here.

That's where they are making them but they put their brand on it, in the States. All the big clothing industries and all these things, all the people that manufacture the computers in all those places are out there. When they come there, they just buy it cheap and put their label on it.

You have to conquer a nation and enslave them, economic slavery, bondservants. The Bible says what? Bond; bond and free - bond, bondservants. The creditor comes and takes the children as what? Bondmen: why? They couldn't pay the debt. He trapped them in the debt trap. And so poor people - that's why the message, if you watch the message, let me explain something here to you.

Through the Protestant age from Luther to the Pentecostals, it was Europe and the United States, the big civilizations that had the Gospel. Then these rich nations carried the Gospel into the world, to the third world. And when the message is coming forth, it's coming out from where? The third world, the real message; and that's a fact. I've been around the world. I know what I'm saying, the real message and the real churches.

If you go now to America and Europe, they are cold and they are starchy, they are formal and they have a program. And there is no apostolic church and no one is even looking for an apostolic church. They are living off a past reputation that God sent a prophet in the United States. People can't even take more than forty-five minutes of preaching. That's the truth.

But brother, you go to Africa, you go to central America, you go out in India, you go to some places in China there, you go down in those islands out there, Fiji and those places, and you see how many people are in the message. People come out early in the morning.

I remember when we went to Malawi, brother we walked in. We often testify of this. We went in there. We drove about four hundred miles from Lilongwe to Blantyre. Then we went in the meeting. We went in the meeting and preached there. There were people who had walked from about eight to ten miles and different places coming to the meeting. People had no shoes and different things. After the meeting, the brothers went out and they brought lunch in a corner for us because the next meeting was going to start in a half an hour's time.

I was soaking wet, tired from preaching for two and half-hours. And then we got some chips with a fry egg on top of it. That's how chicken and chips is over there. You get a whole chicken with the chips but in an egg form, as greasy as greasy could be. When we looked at the people they had a bunch of figs. There in a corner, everybody went and took a fig, ate it and went back to their seat, ready for the second service.

Brother Sanchez stayed in a house with this young man who was in the message with them. When the night came the boy had one suit of clothes, he took it off because he knew he had to wear it the next day; and jumped under the cover. He had no shoes. Brother Sanchez bought a pair of shoes for the boy, a little pair of plastic shoes. The boy's mother came almost wanting to make obeisance because her son never had a pair of shoes in his life. And she could never afford to buy a pair of shoes and she saw him with a pair of shoes there. That's right, but if you hear those people sing and worship. And walk back home ten miles where they were going back, determined, in the dark, getting back to where they came from in the villages.

I remember when I went behind the Iron Curtain there, in 1987, down in a basement there. A husband and wife, they travelled for about eight hours from Poland coming over into the Czech Republic and we were downstairs in a basement. In those days there were underground churches down inside of there. And she heard they were going to have a visitor and they were going to have a service that night. And they came with a sick child all that way there for that service. Because in those days, brother they couldn't have a book to walk around with or they would get locked up.

I remember when I reached there; I went by myself that first time. I walked in there. I landed in Prague. Some fellows drove up in their car. They looked at me. I looked at them. They said they came to get me. I said, "Okay." And I went in the car. I didn't know the people at all. I travelled all the way to Prague got in that car, stepped in a car and travelled with these people for two and half-hours. While in the car one of them took out this thing that a man had handwritten. I preached a message back there before, on my first visit, on 'The Vatican-Washington Alliance.' That night they had these secret police in the meeting. And when I

was preaching, the brother got so scared. He got ground off. Afterwards in the office he said, "Don't preach about those things at all."

I remember in those days, I had to take my passport and carry it in an office in the place where I was staying. After I came through the airport, in the local place I had to go and hand down my passport because they had to know who was in the village. And then they came up the night in the meeting.

And to see the types of conditions and the faith that those people exercise; in those days it was just about a handful. You go to about ten to fifteen people sometimes, in those days. Now, the people see the Berlin Wall was torn down and things opened up now. Those brothers in the car they had a message I preached there. They translated it, handwritten and put a cardboard cover on it. And they were showing me. They said, "Look when you came here, the things you had preached have opened our understanding."

In those days Poland was the biggest ally to Russia, when they had a communist pope working there to bring down the communist power in those days. And when I preached the message exposing the thing, telling them, I said, "Right in your own nation, the scripture is being fulfilled." I remember the brother, the same brother in the morning I think, - I said, "Lord, I came here with these messages. I can't go and preach anything else because I am not a formal kind of preacher, to preach something that the people want to hear or something that is nice for them. I have to preach what You put in my heart."

So I went to the brother the next morning and said, "Look brother," I said, "Hear what's going on." And I started to talk to him, showing him in the scriptures and different things. I had to preach to him first. When his faith got charged he said, "We have to preach this! We have to preach this!" Brother that morning the Holy Spirit just swept down the place after the service. Why? And since that time that was back in 1987 there, I've been in that place and Norway for the last seventeen years – sixteen years in those places.

That's where I am going because those people, something bonded there. They know that I am not coming to entertain. They know I am not coming with cameras and videos and things, to throw things on people, to enslave them and trap them with

technology. When I go in there, I say, "I'm coming here from a little island. If you look on your map, it is a dot. I'm a poor man just like you but I have the Word. I have the Word; no politics."

Brother and do you know what I find? Not everybody may like that because a lot of people like the other things. But there are those little seeds. Brother they don't care whether you where a tuxedo, whether you drive a Mercedes Benz, that doesn't matter. You could go there in a pair of sneakers and preach to them but when they hear that Word, brother they hold to that.

Brother we went there, when did we go there? Was it last year? Year before, year before we were there in Poland. We were right there in Warsaw. The brothers came. They had this tape playing in the tape deck in the car. They were playing the tape from the first time I went there and preached. They said, "We realize when you came and preached here that time we hardly understood anything. It was so way above us but now we can see what you were saying." Down through the years they watched how those messages came.

One of the places where the Pillar of Fire came down and was photographed there, in Czech Republic where I went and preached, 'The Return of the Global Village.' And at that time all the industries - when they were talking about air pollution behind the Iron Curtain in the communist countries where their laws were so lacking; they had some of the most pollution in those places because they had no real laws.

When you meet all those brothers there, who were working in those industries and refineries and things, they had some bad coughs and they were sick and everything else. If you see the conditions that they worked under, trying to build their homes and these things. Under a system that was oppressing them like that, they tell you of the kind of faith. That when they had that Chernobyl thing there, and that radiation was flowing all that way through Europe; how there were people, brother that you know God preserved; and where other people died who were exposed to the very radiation. That's right. Because the scripture is true, friends, "Don't come near these."

Let me close with this. Finish up with this quote here.

*Now I want to ask you something. Is wisdom one of the gifts of the Holy Spirit? First Corinthians 12 touches the gifts, all the gifts*

*in the church. Wisdom; let me see, one of the gifts? Now, watch, He speaking in the last days directly, He is speaking in the last days directly to the Body, "Here's to the one that has wisdom" Oh I like this. Here's the one that will shock you.*

The prophet said; listen to this.

*Here is the mind that has wisdom. If those Holy Spirit gifts didn't come down to all the age, why did he speak this for the last days then?*

He's talking to people who don't believe in the gifts of the Spirit. He says, if it didn't come down then why is the Spirit saying in the book of Revelation 13, when this thing is happening in the earth; when that fire is coming down and deceiving the world; when these things are happening; when he comes back in the book of Daniel; like the going out of the Gentile dispensation, the forcing of a church; why then did the Holy Spirit say, "Here is to him who has wisdom?"

That's what Daniel and they had to interpret the things that were going on in their time. And then they had faith and they had the working of miracles that could quench the violence of fire. Then it was for a church. They had angelic ministry among them, candidates of the supernatural and associates with the unseen world.

*That's the reason, ('The Serpent Seed', hear this) God hid it from the eyes of the wise and prudent and promised to reveal it to the sons of God in the last days, when the sons of God would be made manifest. When God's sons that rejoiced with Him before the foundation of the world, when the great revelation of the Godhead and things will be brought down in the last days, He would manifest these things to the sons of God. You know the scripture teaches that. And here we are. That's the reason that God is opening these things to us. God is bringing His sons into manifestation. He's going beyond the limitation of any human knowledge, way into the spiritual revelations and bringing it down.*

How is He bringing them into manifestation? God in the last days when the sons of God will be made manifest those sons that rejoiced with Him. When the great revelation would be brought down in these last days, He would manifest these things to the sons of God.

*You know the scripture teaches that. And here we are. That's the reason that God is opening these things to us. God is bringing His sons into manifestation. He's going beyond the limitation of any human knowledge, way into the spiritual revelations and bringing it down. Haven't we been teaching in this Bible, "Here's to him that has wisdom?" Not what he learned in some seminary but what he can learn on his knees before God and what pleased God to give him: sons of God made manifest.*

How do they come in? I am reading for you how he's interpreting Revelation 13. The fire, the revelations; taking it back to the book of Daniel; how it came in, how it's going out. Oh my!

*What a place in Babylon, when the force was brought into true worshippers? 'Questions and Answers', they were forced into worship of an idol. Is that right? Idolatry; they were forced into worship of an idol. And they had to bow before the idol. And if they didn't do it, they were persecuted. Oh, what a picture we could pull out of Daniel, Revelation, tying those together and show by the scripture that the church is coming to the same kind of persecution before She's called out.*

He said, "Oh, what a picture! We could go to Daniel and revelation, take those things and tie it together and show you how the church is going out the same way it came in there and show you what is happening. My!

*When you see all the eastern and middle-eastern powers ('Handwriting on the Wall'). When we see the eastern and western worlds again uniting, see those two feet in Daniel's vision, it's just repeating again. And it's a revival of the old Roman Empire, coming up as certain as I'm standing here. It's true.*

In 1956 he said that. In 1962 he said, when they tear down that Berlin Wall, it would make the whole circle and we would be back in the empire. In 1989 they tore down the Berlin Wall.

I remember when I went there in Czech Republic, I preached 'The Destruction of the Jericho's Wall and the Deliverance of Rahab', because the wall had them shut in. But God's attack was on the wall, to break the wall because He had elect in there, in the hour when Joshua the destroying angel came, when the iniquity of the Amorites was full. When He is coming to place His church positionally in the inheritance; that Gentile had to be delivered.

The last elected ones, a Gentile with the Token on display in the hour of judgment.

And here from 1989, when the first time President George Bush talked about the new world order in the Gulf war; now it's the Gulf war part 2. And the fire is raining down like never before, since there's war in all human history. And isn't it strange at the same time, the Holy Spirit picked up those things: Depopulation, biological warfare, pestilence, long before the war even started and placed it in the Bible?

I listened to a learned brother trying to preach some of what is happening now and can't make head or tail. He doesn't even know where to go with some of what is happening. Why? It is not in the reformer realm. These things belong in an apostolic church with an apostolic faith and the children whose hearts are turned back. Seven thunders uttered their voices to turn the heart of the children back to the faith of their fathers.

It is not about a program, friends. It's about you finding your place, knowing positionally who you are and what you are. To recognize what He has made you in Christ. To bring you into union with Him where He can have the preeminence in your life. Listen, he said,

*When we see that old Roman Empire as certain as I'm standing here. It's true. It's time for Daniels to rise. It's time for people that will purpose in their hearts that will live true to God.*

Does the Bible prophesy in the last days, there will be a Bride who will not bow down to the image? Does the Bible prophesy that there will be a hundred and forty-four thousand who will overcome the beast and the image? That they won't bow down under the seventh seal and the seventh trumpet? And their seventh trumpet is our seventh seal. And the book of Daniel - times and times and half of times, is for those under the seventh trumpet, when He comes to deliver the names found in the Book, when Michael stands? And is Revelation 10, Michael with the open Book, delivering the names that are found written there? It is time for those Daniels to rise. My Lord delivered Daniel and my Lord delivered me, amen.

Those men knew, the only way they could get at them; they had to have those laws passed. They said, "We have to get legislation passed." So they had a scheme by which they were able

to get the legislation passed, both in Daniel chapter 3 and Daniel chapter 6. And it tells you it was the counsellors. It was the sheriffs. It was the treasurers. It was the governors and it was the princes.

It showed you the elite society, how it was linked to every level of authority in the kingdom. It was a well-orchestrated move that involved people. A syndicate of people at all levels who wanted to control things in the kingdom; people with a hidden agenda, who made it look like they had higher and nobler aspirations. That it really wasn't about targeting a certain sect of people to bring a persecution upon them.

That is how the image came in. And that was how Daniel, for praying three times a day and continuing to worship... And the two places had to do with what? Worship - Persecution for worship, that when you come to Revelation, it's mystery Babylon when it's going out. I think that should be clear. It should be clear to you.

So I'm putting a pause there for me this morning. I'm going to be away for about a few days to try to stand among another part of the Bride. Some real friends I have there that love these truths and the ministry just the way you do. A few days in Norway and a few days in Poland, maybe Czech Republic as well and then we'll come back.

Easter is coming up this weekend, a great resurrection time. We'll have some of the brothers out in Tobago and out in Grenada and here you have service Friday and Sunday. And we trust, by the grace of God, that we could really have a real turnout for the services and support for the work. Now remember this is not built on man. I didn't try to establish myself on being here. But we go in the Word and find these things and it comes to the church. And if the church sees it from the Word then it becomes individual responsibility, to people who in the assembly don't warm a bench. But they have a post of duty. And when I'm not here how much more you need to give support. See? When I'm not here you need to come together.

You know that we will be travelling there, all the SARS and all these kind of things that are going around there. And then all these pressures and terrorism and they have the whole place paranoid over this. It doesn't bother me so much but it's the harassment.

The last time without the war, brother they harassed me back and forth, back and forth. They checked me. I went through a gate there and before I even got there to go in the plane, they checked me again. There is nowhere you could go between here and there. They called me, I had to take off my shoes, take off everything. It's just frustrating.

They looked at my passport. I guess, sometimes they see you travelled to certain kinds of places. They want to know. They kind of look at you, profile you. You don't look like some big executive or some rich person. "Why is some little third world person floating around here?" They think, you might be some kind of terrorist, 'check this thing out real good'. And you know sometimes when they harass me, I get little upset sometimes too. So I say, "What's the matter with you? Do you think I'm going to blow up the plane?" Then I see I have to learn to keep quiet and say, "Thank you kind sir," and go about my business.

But you see I know what it is. You see my battle is not with those people. It's with Satan. He knows I was about my Father's business. I have become too seasoned not to know that I have to take some licks sometimes. And when he has me on his ground and he could beat me up, what can I do? I have to take it but I always say, wait until my turn comes because I'll show you I can take it but I can dish it out too. We don't just have to take blows; we could dish out blows too.

When God gives me my chance, I say, "Come on devil, you don't want to be exposed? Come on now tell me who is that in the Bible there? Tell me, what is he doing? You can't tell them you are hiding behind this, that and the other. But I know it is you; that old red dragon, behind there." Amen and expose that thing wherever it is there. And he doesn't like that.

We as believers may have to give our lives for this one of these days, who knows? I try to avoid going through England because you know they have that tape in England there, after they held that brother the last time. They asked him, "Who is this man here?" And they kept the tape and they sent him back to Africa. But now you don't know what is going to happen. You see how Bush and Blair those two B's. But those two B's don't have enough stings for me friends. Those two B's lost their stings as far as I'm concerned already.

Amen, praise His wonderful name. Do you love Him? Isn't Jesus wonderful this morning? Amen, that's what I'm looking for friends. I'm preaching here and I'm looking for an apostolic church. I'm looking for people in the pews there who are catching that faith; who are rising up. And when I say, 'The end time Daniels', I'm showing you in the Bible this morning.

Are you Simeon Bovell, you who are watching me there, this gentleman there? Yes, you see this boy here, they told me he comes to church here. He's so famous. I saw this person in the newspaper and they said, "This boy comes to church here." I said, "Is that right?" He's the Carifta champion, in the under-eighteen category or somewhere about there. In the Southern Games there they said, "He ran the race of the games because he broke the record at his age group." The time was even faster than in the adult section when the man in Venezuela won.

So, may God bless him and help him and let him shine his light out there by the grace of God. Amen and I like to see how he is in church too. I don't know if he has been baptized. Have you been baptize already? Not yet, amen. May God reveal these things to you in a real way son, that you can take your place? If you are one of those Daniels to rise in the last days, maybe some of those people out there will never get a witness, but the end is come. Our Lord Jesus Christ has visited this generation by a mighty prophet and revealed these things. May God give you a witness before he takes you out of there and bring you where you belong.

We are running here by the grace of God, friends. I tell you it's a marathon for the past 30 years. Brother, I tell you I have to stay trained. I have to stay fit here, amen. But I admire his achievement in the natural realm there. And I wanted to see him and meet him. I am just preaching to close now and getting ready to go and I looked there and I saw his face. And something said, "That's him." It's an honour to know you son, amen.

I like people who can achieve. I like people who have discipline. I like people who are focused on something and can be the best at what they aim at. I like people who are not losers and don't want second best and third best. Amen, they aim for the highest. They go for gold. I like that. Yes sir! Because I am the same way, I believe in that. Yes sir.

We have another precious brother in the back there. He came to a couple of services. I saw him in the back this morning. He's a saxophone player. And brother, when I saw him play there in the wedding in the evening, I was so thrilled. I said, "I never heard anything like that in my life." And I am a man, from way back in the sixties. I used to be back in the days of the blues, all the way to the present time. And when I heard him blow, brother I was back in the days of King Curtis and all those fellows. When I heard that young man blow here the other night, and then he didn't just come to show his talent.

When he came here that first time, he didn't want to leave the compound. He asked Bro. Joe he said, "I want to meet the minister before I go." He said, "I want to meet him before I go." When he came there to meet me I was talking to a brother who got baptized recently, the Pentecostal brother. He came and said, "Look this Word really blessed me here today." He said, "Because I go to different places and all I hear about is Matthew, Mark, Luke, John and these things, but the things for now, what is happening now." He said, "And I am so moved." We talked a little bit and then he told me, he is a saxophone player and so on. And you know God really blessed him with his talent.

You know I believed him, but then the night of the wedding, brother, when he displayed some of his gift; all I could have said was, "Here is a gift coming out of Babylon and is coming around the Messiah." Amen, then I told him, "If I didn't meet the Lord Jesus Christ as yet and I didn't know Him, and I met you back in the world, I would have given you everything I had and followed you." You all think that sounds humourous.

Brother Sammy and I did that; Brother Sammy and I did that. Because the thing is, what I believe in I put in 100% behind it. When I see something and that blesses me and I like it, I don't stand up and watch it and draw back. Brother I'm going hook, line and sinker (all the way). That's why, when I came in this message, for the last thirty years, people think I'm a fanatic. But I live, eat, sleep, dream everything in this message. This is my life. This is all I know. But I met Jesus so he (the saxophone player) had to lose that. But the thing is, the Jesus we met, God brought him around to meet the same Jesus, amen; this one, who has made

Himself real according to his Word in the last days. I think he has his son in the back and I am thankful for that, amen.

God has drawn people to the Word in this hour. I trust that, He deals with them in a way, because they are looking for something. They are searching for something. And He will give them in their hearts the witness, and the revelation that that's the truth. Like Hattie Wright, "That's nothing but the truth." And once they see that, it will take care of everything afterwards. You don't have to tell them to do this and do that.

Brother, God gave that young man the revelation. Brother in that kind of way, he has dedicated himself and kept his focus, lived day and night. Get up in the wee hours of the morning to train, even when he was tired he knew he had to keep there. But he knew the games are coming up, and he wants to be the best. And when he steps out there, in his National colours, and he looks at the opposition from different parts of the Caribbean and America and around the world and different places, he doesn't get intimidated. He knows he believes in himself down in his heart, amen.

Just like Paul, when God gave him the new birth and threw him on the spiritual side, brother he was the best on the next side too. Because you are born to be a champ, you are born to be a champ, friends. And sometimes, like me when I was in the world, I used to have long hair, a beard, a middle part. And I wanted to go up in the Himalayan Mountains. I wanted to be like the physical Jesus.

When I saw the prophet, the first time they showed me a picture of the prophet, I said, "Is that the prophet?" It deflated me. I saw a man in a tie and a jacket and then I read he was driving a Ford. Brother, I wanted the Ten Commandments. Moses with the rod and the long beard, standing there with the breeze blowing back the garment and the Red Sea parting and he is standing there. That's what I wanted to see.

But when I began to understand a prophet is not just that. A prophet is the gift, to see the visions, to have access to God, to get up in the supernatural realm, to bring down the Word. Then you don't care what kind of clothes you are wearing, what kind of car you are driving. It is what God made you in your heart. And so, you see I wanted to be like the physical Jesus. I found out I didn't have to do that. Jesus didn't want me to be like Him physically.

Jesus wanted me to have his humility, his faith, his love, his forgiveness, his patience, his life and his obedience. That is what Jesus wanted me to have.

I never knew I was an athlete before. I never even knew I was a wrestler before. I never even knew I was a scientist. The Bible says I wrestle not against flesh and blood. I wrestle against principalities and powers. The Bible tells me, He says to run the race with patience. Don't strive for a corruptible crown but strive for an incorruptible one. Strive lawfully for the mastery. Keep your eye on the prize. When you are running amen, get your rhythm, be in condition, get the training right, understand your race, know your distance. Know these things. That's right.

The same way I am sure, he saw all kinds of make believers. Men in Nike sneakers; and they go down by the track and they can't even get down good. They can't even get up. They don't even understand the race. No wonder they can't make anything. He will win them every time, no matter what country they come from.

That is the same way; that is the same way. When you get your Christianity right, and you understand your age, and you understand your prophet, and you understand your anointing, and you understand the approach to God, you understand how to work with the Word, amen; you will not think about wearing church clothes and you have a hymn book and you know those two songs and a time you gave an offering. You will not think about that kind of thing, no, no. You will understand what it is to live by the Word everyday, in every situation.

So may God be praised and may God give you great victory son. Because when you have great victory, you may have a chance to give a good testimony. May God reveal these things to you and if He lets you lose, don't feel too badly. It could be some signals too, to see what you have inside of you. Whether you could rise up and go again. Whether you could handle defeat and rejection and come out of the glory a little bit. And as you understand it in the natural, my prayer is that He will make it spiritual for you. Amen, that you understand these things spiritually.

Because I want to be the best in my thing, and to be the best doesn't mean I want to compete with people. It means I want to give my best. When I give my best I can be the best. If I don't

give my best I can still be better. But when I give my best that is all I can be. When I give my best that is what He wants, amen.

Let's stand to our feet. We certainly appreciate Him. We have baptism I believe. Is that right? Somebody tell me. Yes it's on. Amen, we have baptism. A couple of people last week, I was talking to a nice dear old lady and her daughter there. She was from a Pentecostal church. I don't know if she is here this morning. She was talking to me, she said, "Pastor, I really have to get baptized next week". She said, "In all my life I've never heard anything like what I've heard here." She was a Pentecostal woman for many years.

Brother Junior's mom, (a precious sister) testified to her. She is a worker, man. At her age, retired from her job, came and received the message, walked out of denomination. And she did not just come to sit down like some of you and just adorn the bench. When service is finished here, she goes up there where she used to be with some people there, testifying, inviting them out to service, get them here. And here she already has a couple of souls who came, walked in here, heard the Word and want to be baptized and these things. That is what it is all about, friends.

God is not dealing chronologically. God is dealing with desire. Are you hungry for God? Do you want to see God move? Do you want to get in the spirit of the things of God? God will work with you. I trust we all will be like that; I trust we all will be like that. Praise His mighty name. We have four people to be baptized. Amen, my! "Singing I love you Lord". Let's just sing that. I love you Lord. I'm sure there are many that love Him here. Even feeling that they love Him a little more as the love has been shed abroad in their hearts today.

*Singing I love you Lord*

*I love you Lord*

(Hallelujah)

*Singing I love you Lord*

*I love you Lord*

(Do you really love him? Do you want to love him more? Lift your hands to Him and sing it. Sing to Jesus. He just loves to hear His children say, that they love Him.)

*...love you Lord*

(He is worthy of our love friends because he first loved us and gave his life for us.)

*I love you Lord*

(Thank you Jesus)

*Singing I love you Lord*

*I love you Lord*

How many will serve Him. Love brings service. If there is love in our hearts it must be expressed in service. Serve him with all your heart.

*Singing I'll serve you Lord,*

(Hallelujah)

*Singing I'll serve you Lord,*

*I'll serve you, Lord.*

Let's bow our heads for prayer.

Our gracious Lord Jesus, in this sweet little song, we express the pent-up love and appreciation we have for you. But dear God as the Word opens up to us and the light shines, and we see your plan for this age, and the things that you have in store for them that love you, and to them that are called according to your purpose and exceeding measure in part already, how you are working and bringing these things to pass, giving us positive identification, that we belong to you. That we are part of that group that you have spoken of, saying, 'as many as I love'; not as many as love You, but 'as I love': and we thank You for this great elective love, to know that we are beloved in Heaven. We are at the end of the Gentile dispensation, when we see the kingdom going out Lord.

Oh! God, in this day of the ten toes of iron and clay, when the rock cut out without hands is come. And we have received a kingdom that cannot be removed. When we see the fourth beast devouring the earth. When we see Lord God, the miracles and the wonders of fire coming down from Heaven in the sight of men, oh God by which the nations are being deceived. When we see this beast that came out of the earth, causing the earth and forcing them into a place to come under the control and dominion of the first beast; that mystery Babylon Lord, will take full control of the world.

But God how grateful we are to hear by supernatural revelation and supernatural understanding, you are revealing and interpreting that unknown handwriting, that unknown language. Taking these

mysteries and prophecies that are sealed up in this book and opening them up to gather a people together and show them how to prepare for rapturing faith. To bring them in a condition for great acts of faith. For it is written, "They that know their God shall do great exploits."

You're lifting a church in the power of God. You're raising their faith in a higher bracket, even to a place where we never noticed it before. You are bringing us to be associates with the unseen world, to understand better this ministry of Angels, how to yield and co-operate and become co-workers with You in the fulfilling of Your Word. Finishing up this last part of the ministry, as You promised You would do by and through the members of the bride. We thank You for that Father.

How we pray that You would bless Your church. Bless these You have separated from the world to walk in truth. Bless these oh God who are desiring understanding. Bless these oh God, who have not yet come into a real experience.

Our little brother Simeon here, recognizing him, feeling God that suddenly You came down there and caused my eyes to focus upon him and see him. You will reveal these things to him Father. Make it real and personalized to him, that God, he can see the greater race. He can see the greater prize. He can see the greater glory, one that will not fade away.

And that which he is engaged in, in the natural realm, God You will so quicken him and inspire to him, that You will raise up the seed in the spirit realm. Only You can do it for him. But we ask that You will do it for him Father. Let his light shine bright.

Because of the way you let his natural life unfold, under his Old Testament, under his first birth, Lord God as You bring him to the cross and he crosses the Chasm; and he comes over into a new dispensation in his life under a new nature; Lord God, he'll be able to have influence and testify of Your goodness. Still an athlete, a runner, running for a greater prize but running on a higher realm dear God; running a greater race, greater opposition; and in the end to receive a prize of greater glory. May You grant it?

Our dear friend, the musician, God recognizing that something draws him to this place again today; how we love the gift we see in him. How we pray dear God that You will open Your Word to him; Your Word of Truth, that he is seeking and desiring to know

and is thirsting after. You will open his eyes and cause him to recognize it, knowing no man can come except the Father draws him. He said, 'all that the Father has given will come'. We look back and see in our time, when you drew us, where we were coming from, how you attracted us and brought us to the realm of the message. We never went back out Father. We were never the same after that. God's gifts always find their places. We pray, Lord God that his name will be in the Lamb's Book of Life. This would be the hour that you'd cause him to catch these things, in the name of Jesus Christ.

And gracious God, those that stand within our gates today, people that have come here through receiving an invitation, desiring something more, trying to seek out and find Your will. God I pray that Your grace will abound to them today, Father. That Your Holy Spirit, Lord, will give witness to them and you will deal with them in such a manner. You would minister these unsearchable riches to them and they'll recognize Your presence like Jacob. He said, "Surely the presence of the Lord is in this place. This is none other than the house of God, the gate to Heaven." He saw those angels ascending and descending. God, You can do the same for every elect that might be walking in the realm of unconsciousness. Because you have chosen them, you know how to lead them and bring them to the fountain.

Even these who are getting ready to be baptized and having their sins remitted in water baptism; we thank you Lord for the great decision that they have made. You have opened up their hearts like it is written in the scriptures; You opened the heart of Lydia to attend unto the things that Paul spoke. She was able to recognize the truth, coming out of the mouth of an anointed servant of God in that age. He was carrying the message of the hour. And dear God, that Light lighted her path into the Kingdom of God, to take her place.

So these Father that have embraced the truth, and today before witnesses making a public declaration, that they have taken sides with You Lord, coming to be identified with Your death, burial and resurrection in water baptism. You said, "Though their sins are as scarlet, they shall be white as snow." Oh God, and You will put it all in the sea of forgetfulness. And You'll write Your laws in their hearts and minds and this is the new covenant You will make

with them, dear God. May it be their portion today? Grant it Lord. May the old things pass away and all things become new.

And if there be those who have heard the Word today, God may they realize that it's a deciding time like the Ethiopian eunuch hearing the Word. His understanding began to be enlightened. He saw the water. He knew there was one there to baptize him. He knew that that was his opportunity and he didn't want to put it off for another day. He said, "Look, there is water what hinderest me from being baptized." And Philip asked him, "Does thou believe that Jesus Christ is the Son of God?" And upon the confession of his faith he was baptized and went away rejoicing.

So dear God, if there be any in the category like that, may Your hand be extended to them, Father. May You grant it, we ask today, in the name of Jesus Christ. May Your presence linger with us? Those who may have to leave, Lord take them in peace and safety. As we would remain, may Your presence continue to minister; move among your people. God, even myself getting ready to depart on the trip, how I ask dear God, that you'll watch over the flock here as a family today; committing them, this congregation into your hands.

Those across the lands that are confederated with us, You watch over them, Father; keep them in peace and safety. You provide and You supply their every need. And those dear God that have the responsibility to watch over them, that they be diligent and faithful and committed, to the sacred responsibility to watch over the flock. And dear God may You bless them and all those that come within our gates. May You provide and do great things in their midst. And may from each passing service You get greater and greater.

God give us safe travel, brother Steve and I. May You protect us and guide us. Give us the strength we need. May we be used as instruments in Your service? Bring what You see fit to be brought and be ministered to; be of assistance to Your children at this time, Father. God, may You grant these things we ask. May it be a great mighty Easter, powerful and a wonderful time in Your presence?

We love you, Lord. We desire to serve and please you; to be led by You, to live in close communion with You, Father. May You grant these things we pray, in the almighty and precious name

of Jesus Christ. Bless all Father from the greatest to the least. Strengthen the young ones especially. Give health and strength to the older ones Lord. Keep us all under Your divine leadership we ask. In the name of Jesus Christ, amen.

Singing I love you. I love you Lord. You may have your seats, as the candidates get ready to be baptized. I invite the song leader to come.

*Singing, I love you Lord...*
