## **PREDATORS AND THEIR PREYS PT. 4**

### **SUNDAY MARCH 30, 2003**

*Lead me Lord, I will follow,  
Lead me Lord, I will go.  
You have called me, I will answer,  
Lead me Lord, I will go.*

Amen. All around the building, let's lift our hands and sing it in surrender. Let the Dove lead us, amen.

*Lead me Lord, I will follow  
Lead me Lord, I will go,  
You have called me, I will answer,  
Lead me Lord, I will go.*

*And I just want to follow the way You will lead me,  
I just want to follow the way that You will go.  
For I know You will lead me  
In the footprints that You have left  
And I know You will guide me  
And keep me in this path*

How many love that Dove this morning? Can we sing that, 'I just love that Dove.'

*I just love (Oh, thank You, Lord) that Dove  
For He (May His presence fill every heart here  
today) is my Lord  
I just Love that Dove  
For He has been my guide;  
He has brought me up seven steps up  
To a perfect faith I've never known.  
And now He'll send me with His Word  
(That's the promise of this hour: 'I'll ride this trail  
once more!'  
'Dove leading eagle', that's the message coming  
forth.)  
As He rides this trail again.*

*I just want that Dove to lead this eagle*

(Oh, lead us, Father. Lead us into that faith we've never known,

that rapturing faith, that faith to be changed. The hour is here; we see the

end time signs. The world is again falling apart.)

*I just want that Dove to lead...*

(But Lord, like that Dove came to Noah, 'and lo in her mouth was an olive leaf, at evening time; that he could go into that faith civilization, that new civilization.)

*For I know the Dove is here, He has come*

(That's why He has come, friends. 'It will make a cycle and come back around.' 'And lo in her mouth' - He is saying something to those who are shut up in the ark. Hallelujah!)

*For I know He will guide me, and keep me in His Word.*

Let's look to Him in prayer. Truly You are the same yesterday, today and forever, Father; and how inspired is Your Word. It's the infallible Word of the Almighty God; and You put Your seal upon It when You said, 'Heaven and earth will pass away but my Word will never pass away. The Word that proceed forth from My mouth will not return unto me void, but accomplish the purpose whereunto it was sent. For all Scripture is given by inspiration.'

Lord, we thank You that the promises of God are yea and amen, that we could abide in Your Word and Your Word abide in us, Lord, knowing all Scripture is given by inspiration. The prophecy of old time, oh God, was not of any private interpretation, but men of old were moved by the Holy Ghost to write that Word, Father. And we are so thankful to know that here You are in this hour, looking at every one of the words that You have spoken, remembering it, dear God, and bringing it to pass in this hour. And this whole Book is being made manifest: every promise, every chapter, every verse, every line.

God, Your quickening power is here quickening our minds to recognize these things, to see that this is the age of the fullness of

the Word when the Book is open - the great climax age. How we rejoice to know that those angels came, and that rock was ripped off that mountain, and the light shone on those things that light had never shone upon, opening up the entire mystery. For You said that, "In the days of the voice of the seventh Angel, when he shall begin to sound, the mysteries of God would be finished."

And God, to know that that Word proceed forth from Your mouth, the mystery of those Seven Thunders, that the hearts of the children might be literally turned back. That the Church would be restored in the last days, that that branch that was hidden in the roots - the royal seed of Abraham from all nations - was going to come forth. It would bring forth the same pedigree, the same characteristics, the same DNA, the same faith, the same life, the same Name, the same signs, the same wonders, hallelujah, to show Christ in the true Church is the continuation of the book of Acts in the last days.

We rejoice to walk in this evening light as our fathers rejoiced to walk in the morning light. We rejoice, oh God, when we see the offering up of the evening sacrifice as they rejoiced when they saw the offering up of the morning sacrifice. God, as they offered their incense and saw prayer answered, a present-tense God who was with them wherever they went, confirming the Word with signs and wonders following, so we come offering up the evening incense, Father, knowing You are here to bring it to pass; to answer every prayer, because this is that hour when the Lord is avenging speedily His elect that cry unto Him.

And God, as we assemble here this morning and our prayers come up to You through the Blood; coming up, Lord, from this altar that is built foursquare, a golden altar in our hearts that has horns that have been sprinkled with the Blood that has a voice, the Blood of the Lamb slain before the foundation of the world, the Blood that speaketh better things, oh God, may we realize the hour, Father. May we recognize the day, the time, the Scriptures, that we can live in this great realization, oh God, that the Word is coming to pass, the kingdom of God is coming from negative to positive. All these things that were mysteries, all these things that were written in the Bible are coming to pass; and blessed are our eyes that we see these things.

How we thank You for the eyesalve, even as You said, ‘Come and buy eyesalve that your eyes would be anointed’ in this blind age that we live in, when the Gentile world is blinded and the Jews are still blind. But You said, “Arise and shine for thy light is come,” oh God, and our eyes are being anointed that we can see, we can recognize our day and its Message. We can see the coming of the Lord, the great Seven Seals mystery that is coming to pass. We rejoice in that, Father. Truly, oh God, while this world is being deceived, while that group is riding, deceiving this world, we can see what they are doing, those supernatural devils unseen to the eye, blinding the world with all their propoganda and these things. But because of the Seals being pulled back, because of this prophetic vision that has come to us through the evening light and the anointing of our eyes, we can see, Father. The Bride will not be deceived, the elect will not be deceived, and we are so thankful for that.

As we walk in this light, let this fellowship be so sweet, so great, so intimate, and let Your great will be revealed in our hearts that we will have the mind of Christ and know what You want done with the Word, that we can see that by and through the members of Your Bride all that is left to be fulfilled is being fulfilled; and that the testimony of Jesus is the spirit of prophecy. This Word coming to pass in our very lives, becoming history, giving us a testimony, Father, as we stand on the outside of the Bible looking back *in* the Bible and seeing where these things are written, and seeing this made actual in our lives and our experience, becoming personalized within us; that our lives and the Scripture are coming together like the two halves of the Chinese ticket. We thank You for it, Lord.

What a faith it brings to us, to know we have not followed cunningly devised fables, but we have a more sure word of prophecy - the word of prophecy made more sure because You vindicated and confirmed It. It has become an absolute that our soul is tied to, that none of these things that are happening in the world move us.

Bless all that are gathered in Your House. Bless all that are gathered in the only provided place of worship, where they abide in the Word of God, under the shadow of the Almighty, sheltered under the Blood. There they eat the hidden manna, there they feed

on the unleavened bread that You have given in this day, for You taught us to pray, “Give us this day our daily bread”, and You are that very Bread of Life that has come down from heaven, and if a man eat of it he shall never die. It’s the unfailing body Word of the Son of Man that we are feeding upon. May they feed and be changed. Grant it, Lord, here and across the lands where Your children are gathered, we ask it in the Name of Jesus Christ.

May You meet every need in the midst of Your children today. May You do something special; may Your great power be made manifest, may You get honour and glory in our midst. May You give witness once again. Grant it, Lord. Let the Dove lead the eagles, we ask in the Name of the Lord Jesus Christ, amen.

God richly bless you. Certainly happy to be in His house, aren’t we? Amen. What a place to come and be gathered into, and what a joy and what a thanksgiving. We could come into His courts with praise, and into His gates with thanksgiving, lifting up holy hands. ‘Blessed are they who are called to approach unto Him’. My. What a time! What a great time! No time like this.

I would like to read in Genesis and Revelation - two book that Satan hates; and two books that have been questioned by theologians and psuedo-scientists because they expose Satan, and reveal his evil works. It’s really written for the Bride of Jesus Christ, this great book of the genes, Genesis: *g-e-n-e-s*, genes, seed, beginning. The book of the generations: the generations of Adam, the generations of Noah, the generations of Abraham, the generations of the heavens and the earth. What a Book! A book that reveals election, calling, predestination. And Revelation...

Genesis your the seed, Revelation your the harvest. The Bible is a law of reproduction; what starts in Genesis goes all the way through the Bible until it comes to its full manifestation at harvest time in Revelation. Genesis is the beginning of the world; Revelation is the end of the world. How thankful we are to have these two books today. God kept them. Is that right? And everything in Genesis, all the seed that is sown there in the book of the beginnings, is being made manifest; and everything on the earth today can be traced all the way back to Genesis. Do you believe that? Amen. God bless you.

It’s always a privilege when you could be in the midst of a people that are called out and separated and washed, whose

thinking have been filtered. The mind of Christ - the great secret that was in the back part of God's mind - is come down in the form of the capstone revelation of Jesus Christ. The Head that settled upon the Body is put into the hearts of the Bride. Did the prophet say that? The great secret that angels didn't know, Seven Thunders uttered their voices, opened up this mystery and put it in the hearts of the Bride. "Thy Word have I hid in my heart." That's right. My! Good things could always happen when people gather together like that to fellowship around the Word.

Genesis Chapter 2, we want to begin reading. I want to continue my message on **PREDATORS AND THEIR PREY**. I can't stop, and I don't want to stop because, you know I'm not a sermon preacher. People with prophetic vision and prophetic anointing and prophetic insight can't be a sermon preacher. Seven Thunders was to be given to a fivefold ministry in the last days who will find the Messiah; and when they find the Messiah, they will have the mystery of the coming in their mouth. Is that right? "Humble herdsmen hastening with the greatest message ever, that the Messiah is on the earth." The key message of all the Messages is given to herdsmen in the last days. Sorry if that hurt your feelings, but a prophet said that. God said that, and God vindicated that, and the Bible shows that. Amen. And once God has already vindicated it, let every man's word be a lie; forget man's feelings - God has already spoken. Amen.

God gave it that way so a little nobody like me could have courage; I don't have to fear anyone, amen. I don't have to look at people's faces and wonder what they think, because I'm here to say what has already been said and vindicated and proven. Amen. I know He's riding this trail once more. Glory be to God in the highest! He spoke to me this morning. He spoke to me this morning! "*He woke me up this morning and started me on my way.*" That's right. I'm glad when Jesus talks to me. He promised that, 'the world will not see Me but you will see Me. I'll come to you and manifest Myself to you.'

At evening time He opened the Scriptures and He opened their understanding. He was showing Himself alive, appearing unto them. Is that right? Opening the Scriptures, speaking things pertaining to the kingdom. That's the Bible! You can't get away from that. There's a Dove with the olive leaf in its mouth at

evening time, ministering to those who believe the prophet's Message and are shut up in the Ark while the world is dead, and the former and latter rain has fallen, and the Ark is raised up, amen. And he opened a window, the greatest window of all windows; a window that the Dove has flown into; a window that he could climb and see over into the new civilization.

I tell you, Bill Gates would have liked to get *those* Windows; but that came from the information superhighway, the one from the Tree of Life - not the tree of knowledge - from the Tree of Life. Yes, sir! William Gates, he gave them access to the tree of knowledge; William Branham, he gave us access to the Tree of Life. Yes, Sir! And spiritual scientists today on the earth, in the zero hour, in this countdown time, brother, in this great astronaut age, are working with the chemicals that a prophet laid here. Material that scientists would come and use like Thomas Edison took the material that Benjamin Franklin laid. Is that right?

You see, I have to let you know that I know what I'm talking about. Amen. The Spirit and the Bride say the same thing. Not, "The prophet said...the prophet said..." *God* is saying! She is the final voice to the final age! No man could take that from me - God put us there! That's right. That's the Bride's place! That's the faith that is being revealed in this hour to take the place.

He said, "The voice of God in the last days." He had to take that place. They said, "No, no, no, you're just a little evangelist. You're not supposed to teach, just pray for the sick. You're ruining your ministry." He climbed up in them places because he was a prophet that was ordained to come in them places. He said, "Man like to keep you from them great places, but that's your place." They tried to tell Jesus, "You're born in fornication, you're from Nazareth; you're not supposed to be doing this; You're trying to make yourself God."

Brother, He climbed into them places and He thought it not robbery to be equal with God. He preached *Invisible Union - the Bride and the Word united; Uniting Time and Sign - the Bride and the Word united; The Marriage of The lamb is Come - the Bride and the Groom united! Oneness*, he reestablished the oneness that was broken in the garden of Eden. Seven Seals come to bring back the oneness. 'Father, that they may be one, and in that day they will know I in You and You in Me.' Is that right?

If you try to take that from me you are saying that God lied when He spoke through the prophet; but when I testify that I say that God is faithful, He kept what He said; and He's been working and has achieved that since the prophet went off the scene. That's why He sent the prophet. That's right! That's why He sent the prophet, that my heart will be literally turned back to the faith of the fathers. That the same way Peter knew himself in the Word and Paul knew himself in the Word, I can come behind the Son of man and know myself in the Word, because the same God that was *with* us is now *in* us. That's right! From a one-man Scripture to a "little group", amen. Yes, sir!

I don't know why I said all that, but I didn't say that - amen - I heard that too. It came like a thunder! It came like a thunder! Because I know the places I'm walking shakes chipmunks, it shakes buzzards, it shakes crows, it shakes hawks, because I'm stepping in the Bible and saying things, but I have to say things. The spirit of wisdom goes beyond the clapping of the hands, goes beyond the rhythm of the music, goes beyond the joy of the saints; it goes up into the prophetic realm and catches the mystery and brings it down among the people and lets them see the hour, lets them see the time and the season. 'Herein is to him that has wisdom', the Bible says, amen, the principal thing.

If you want to go into a golden age you rally around the gift that God give you, yes, sir! You'll go into a golden age, that's right, because that's the intelligence to divide the Word. Spiritual scientists, in this age of bioengineering, they are working there in biotechnology and bioengineering to bring a body without sin. We are working with the same thing, rightly dividing this Word so closely, so precisely, because there's a power that's let loose that changes a man in his atoms. Yes, sir! Oh, brother, we could have prayer meeting, now, amen! Glory be to God in the highest!

You see how powerful that Word is? It shouldn't be a sick person inside here right now. There shouldn't be a sick person inside here right now, if you understand in reality. Oh my. Genesis 2, verse 9.

*And out of the ground made the LORD GOD to grow every tree that is pleasant to the sight, and good for food;*

My. “*Out of the ground made the Lord God to grow*”, that is botany life coming out of the earth. But watch how He changes now.

*...the tree of life also in the midst of the garden,*

That is not a botany life tree, now. That’s a life Tree - eternal life.

*...and the tree of knowledge of good and evil.*

And that’s not a botany life tree, neither, because when you want knowledge where do you get it from? What is the source of knowledge? What kind of tree? A man is like a tree. Oh, sure. See, He changed, it went to two different trees: from natural tree it went to spiritual tree.

*And a river (and a river) went out of Eden to water the garden;*

The One who designed the garden also knew the need in it for a river.

*...and from thence it was parted, and became into four heads. The name of the first is Pison;*

Josephus, in his writings, said that was the Ganges River.

*that is it which compasseth the whole land of Havilah, where there is gold; And the gold of that land is good: there is bdellium and the onyx stone.*

Remember gold and the onyx stone was in the sanctuary, we went in to that.

*And the name of the second river is Gihon:*

That’s the ancient name, but that’s the Nile River. You say it’s not? Watch.

*the same is it that compasseth the whole land of Ethiopia.*

Go in your geography book; go take a World Atlas and tell me what river it is that compasseth that whole land. Remember Moses wrote the first five books of the Bible fourteen hundred years before Jesus came, so that’s twenty-six hundred years after God had created these things.

*And the name of the third river is Hiddekel:*

And that’s the Tigris River.

*...that is which goeth towards the east of Assyria.*

*And the fourth river is Euphrates.*

May the Lord bless the reading of His Word. You may have your seat. I'll read from Revelation now, Revelation chapter 9. I'm speaking on **PREDATORS AND THEIR PREY**, and I'm taking for a subject, ***The Devouring of The Whole Earth***, (which I was using for a subject back there also, and we want to keep these thoughts in mind) ***And The Methods By Which It Is Being Accomplished***, because Daniel says the fourth beast will devour the whole earth. But we can quote Scripture, but if we can't see how it is doing the devouring, how he's 'breaking in pieces' and how he's 'stamping the residue', all of that means something.

And before he could devour the prey he has to hunt the prey. And before he could devour the prey, he has to hunt and capture the prey; and when he captures the prey then he could begin to 'tear it in pieces.' Is that right? In his devouring he is tearing it in pieces; and while he is tearing it in pieces he's not just with a knife and fork around a table, with a napkin on. No. Brother, he's standing up on the prey; part he is trampling while he's eating and tearing up another part. When he's finished, his tail has blood, his foot has blood, his mouth has blood, but he has hunted the prey, he has captured it; he has devoured it. He's torn it in pieces - break it up into trading blocs, if you want to understand what it means.

You know, in the Old Testament they used to cut up the sacrifice in pieces, too, but what does that mean? Cut like in slices like a loaf of bread? No. That means cut the head, put it *here*; take the inwards out, put it *here*; dissect the feet, put them *here*. They had to divide it in a specific way, that's what 'cutting it up in pieces' means. Well, in the earth that is happening here. The devouring of the earth is bringing in a new world order, is bringing a global system: one religion, one politics, one world economics, one world ruler, according to Revelation and Daniel. It's coming. So it is something that's highly organized that is coming.

So the devouring, and breaking up in pieces, and stamping the residue, out of all that which looks like chaos produce the climax of Satan's Eden. Is that right? Is that real to you? Can you understand that?

Now, you know that they have cut off the electricity today. We have our own generating power here this morning, in the natural - our spiritual power they can't cut off - so we can't afford to give you all the fans and all that luxury that you normally have. But if

you're hybrid and you want to die, we could try to create a seat for you outside, only you may not hear to well. But if you're thoroughbred and you don't mind sweating in your clothes a little bit, and some of your nice deodorant and your perfume get washed away, then you could sit right there and get charged with the Word. Is that okay? Amen. My. That's what I love you for. You see, you understand spiritual things.

And you know astronauts, when they are going into training; the training involves a lot of things, all kinds of pressure tests and different things under certain conditions that the normal civilians don't have to go under. The normal little airplane pilot and airplane flyers don't have to go under that. Those who are flying around in the Pentecostal realm don't have to go under that. But astronauts who are leaving this earth to go into glory have to be pressurized for that kind of flight; they have to go under different kinds of conditions, by the grace of God. Amen. So I know you want to go to glory. Is that right? You don't just want to go to the United States; you don't just want to go to some little convention; you want to go into a new body, into a new civilization. And that's what's promised for this hour, and that's what we are preparing for. The Message has come for preparation. Okay.

So, we had Genesis there, and I read Genesis to pick up those rivers because it is important. I want to draw to your attention this morning as I speak, on how the war that is being fought right now is right in the region of the Tigris and the Euphrates. Do you get what I'm saying? Babylon, ancient Babylon, Iraq is where ancient Babylon was; and Babylon was built on the River Euphrates; and the Euphrates and Tigris flow into the Persian Gulf. But that was the river that watered God's Eden. You get that? Now listen close here, now. Listen close, because when you think of the Word here now you have to think according to how it's written in the Bible, Scripture - not your imagination. "The Word is of no private interpretation."

So we go to Revelation here now, and I want to get to Revelation 9, and that's the Sixth Trumpet. How many know that we are living under the Sixth Trumpet right now? That's correct. The Sixth Trumpet is your Second Woe; the Seventh Trumpet is your Third Woe. Between the Sixth and Seventh Trumpets, **between** means *under*. You know, some people say, "Well I am

*between, I'm not under.*" No, no. You see, between is chronologically speaking; under is what you... because that...

We are in the post World War world. And from an international world, then we come into the Cold War; from hot war then we come into cold war. Then from the Cold War, with the tearing down of the Berlin Wall, we are coming now to globalization. That's what's happening in the world: from international to globalization. World War I was national, they went out there. World War II, then it moved, the post world war world was international; everything became international. That came about because the nations had to get together in union to destroy Hitler; and they saw the results of nations coming together to work for a common cause, and out of there was born the League of Nations and the United Nations, and so on. And then from there came the Ecumenical move, started to unite the churches too to bring peace so that we wouldn't have another war. Do you understand?

Now I know some of you teachers get taught here different to how your school program teach you, but don't mind that. And don't get any trouble if I'm teaching you different, because it's not me, it's Him, because this makes the Bible clear. I don't know that the other one does - it blinds you from the Scripture - but this one makes the Bible clear. This one tells you and proves to you that there's another world coming because this one is falling apart. That other one tells you that this is the world here, and you have to follow politicians and the educational system, and how they arranged it in the world, and that heaven is a myth. But *this one* here tells you that this is going to fall apart and there's another kingdom coming; and the evidence of that is the ones who are going in that kingdom have to loose all their manmade learning here.

The Message came in this age to prove that the wisdom of man was foolishness to God. That is what the Message did. That's why the Message shook science, shook medical science, shook politics, shook the world; and then all that they had covered up and lied about in history, and exalted the Catholic church, blackened the Jews and did these things, the Message came and opened the Bible and showed you who the Catholic church is, the one who wrote most of the history. Because the conquering nations are the ones who wrote the history of the conquered nations.

You say, “Is that so?” Then how did we learn, “*Hickory dickory duck, the mouse ran up the clock*”? And Cutteridge (J.O. Cutteridge, an English author – Ed.) and all those things he taught, how did we learn that? And Sir Francis Drake and Sir Walter Raleigh, and all these great, great people, how did we learn that? The Colonial power taught us that when they conquered the region, and sedated us and mis-educated us. That’s right. But now we go back to the Bible: real civilization, real history, real truth. This is Light; this exposes. This is Truth; this opens and reveals. My! Whew!

The Spirit is strong here this morning. My, I tell you! Oh, what an awesome place to be in! Jesus. You just want to be reverent in an atmosphere like this; you just want to drink. It’s like, ‘*Cause me to come to the river; cause me to drink*’ You don’t just want to drink outside like *this*; you want to go into the water and have the water in you, and you’re drinking while you’re in the river. You in the Spirit and the Spirit in you, too. “I’ll be with you and in you”, that’s the way you want it. Amen. Thank You, Jesus.

Revelation 9:13, the Sixth Trumpet. Five had gone before this. The Fifth and the Sixth were ‘*Woe, Woe*’: World War I, 1914 to 1918, was the Fifth Trumpet. World War II was the Sixth Trumpet, 1939 to 1945. The world was reshaped by war; you know that. War changes the earth. War brought the world from a faith civilization to a science civilization, how many knows that? Then God came down to judge and make war in the days of Noah, and God changed it back. Is that right? And He started over again; and Nimrod went forth in conquest and war and changed it again, from agriculture to industry. Is that right? Then Jesus came, and there was war, and changed it again; and Christianity went forth. And it’s scriptural war - political war, scriptural war - political war; constantly struggle in the earth.

Then the early Babylonian power, they captured the Jews, they conquered the earth by war. Then the Medes and Persians changed the world by war. Then Alexander the Great came and changed the world again by war; and that is the way we’ve been coming. And then World War I and World War II changed the world. And World War III – Armageddon – will clean it up and change it to bring us back now to the faith civilization again. So we are creatures borned by war, shaped by war, influenced by war, and

it's a great thing. It's all happening. War is mystery in the Bible. War started in heaven, and that war ends on the earth in Armageddon; and that's two spirits all the way down. So that's your Church Ages, your Seals, your Trumpets, your Vials all the way from heaven all the way to the end, that's the whole Book: it's war. God is a man of war! That's right! My!

(Revelation 9:13)

*And the sixth angel sounded, and I heard a voice from the four horns of the golden altar which is before God,*

Aren't you glad that God opened up the golden altar and the four horns to you? Because when you read that now, you know that's the time of prayer; that's right before the Holy of holies. That's right before Revelation 10 take the Seals off of the Book, and the God that was veiled is unveiled that you could go in to Him. How many caught that?

Your Sixth Trumpet – Revelation 9, is before Revelation 10. Revelation 10 is the mighty God unveiled; He ripped the Seals off of Himself to bring Himself in plain view. God used to dwell behind the veil, and the golden altar was just before you entered the veil. Are you getting me? A time of prayer, this is the great prayer service. This is the call to the new consecration. “Let me consecrate myself.” For what? “The visitation of the angels.” What are the angels coming for? *‘Swing low, sweet chariot, coming for to carry me home.* A band of angels – theophanies – coming after me, picked me up; and I come back out with the mysteries, not as some little Kentuckyian hillbilly, but as God to the age; a manifested son, adopted and placed, with the King’s Sword.’ That’s right, friends!

He went to meet the angels, the Sword came; he was caught up in the midst of the angels. ‘Go back and open the Seven Seals for God, that only the Lamb can do. This is your placing. You went west for the blast and then you came back east; and when you spoke, it was like you commanded, all men understood. You were white all over, put at the head of the communion table, dressed in Chief Authority.’ Whew! Yes, Sir!

I left the strangers out there for a moment, but don’t feel bad, those are Message things. You will learn that as you sit around and

grow in the Word, fear not; just take it into your heart. But let's get back here.

In the vision, he said,

*And the sixth angel sounded, and I heard a voice from the four horns of the golden altar which is before God, saying, to the sixth angel which had the trumpet, Loose the four angels which are bound in the river great Euphrates.*

Do you think it is some spirits hiding in H<sub>2</sub>O in Iraq that he's talking about there? How do you get demons bound in the water? The natural River Euphrates has natural water. He's not talking about that. Everything in the earth has meaning. A tree has a meaning, a butterfly has a meaning; a dove has a meaning; a crow has a meaning; a bullock has a meaning in God's creation. Because when Jesus came, the river was the Holy Ghost. *River* in the Bible speaks of the Holy Ghost, or the other spirit. River flows out of the city of God; river flow out of the sanctuary. You get what I'm saying? He said, "Out of your innermost being shall flow rivers."

A bullock represents an anointing, an ox, a cherub. God's things are supernatural.

But it was a time to...

*...loose them four angels who are bound in the great river Euphrates.*

*And the four angels were loosed,*

You know we've gone through this for years and years; it's on books and tapes.

*And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men.*

What does it tell you, right there? What do you get from that Scripture? It tells you that the things of God are pre-planned. It tells you that God has a time and a season for everything. They are prepared for a day, a month, a year: a certain hour. They are prepared for an exact, appointed time.

Let me show you something, too. He said, "the same time they were hoisting that flag, I was in Green Mills, Indiana, in that cave; and that Angel appeared to me at that very same hour that Israel was back in that homeland. And now a servant at supertime,

while the fig tree is putting forth it's bud, the Gentile nations - other *trees* - have to bring forth their buds and have a reviving also; and it's time for a servant at suppertime to go out with a healing revival." And that Angel was connected here; and that going back of Israel to the homeland was connected here, because when Naomi was going back, Ruth had to come in, too. Is that right? So a time, and a season, and a day - all that is appointed. I give you that illustration; I'm not trying to say...

This one *here* is dealing with World War II; the Sixth Trumpet is World War II. I wouldn't have time to explain it to you but it's on the books and tapes; I've preached it over and over. It's not my subject this morning, but I just want to remind you, to say Hitler, Stalin, Mussolini and Roosevelt - four angels that were bound in the River Euphrates. You say, "Where did you get *that* from, brother?" Seven visions had four nations, four men; and Roosevelt was the fourth dictator, "the rascal of them all" who took the world into World War II, which history doesn't say, but a prophet said.

He said when they were firing on the Vatican, Roosevelt called and told them, "Don't do that!" And here is a Protestant saying that is a holy place, the 'head of Christianity', the prophet says in *Indictment*, (page 17, paragraph 1: 63/07/07) saying, don't fire on that Vatican, when the German soldiers were running in there for refuge and firing on the Americans. Roosevelt gave the orders, 'If Americans have to die, let them die there, but don't shoot at that holy place.' He said Roosevelt took America to England's tea party, threw the world into war.

Because the first three visions were Fascism, Nazism, Communism, and the last four has to do with America. And that's the book of Revelation right there, if you could understand. Because while those four anointings were in the earth, 1929, the world went into depression after World War I, that's when Roosevelt got elected. Hitler was preaching the Third Reich; Mussolini was preaching his fascism doctrine; Stalin had taken over from Lenin in Russia, and was bringing that communistic doctrine. And you had those four anointings there: fascism, nazism, communism and capitalism, which has become Catholicism today, because the sixth vision showed a beautiful woman rising up - the Catholic church, leading that nation to its destruction.

And while that was happening there, 1933, the Pillar of Fire came down on the seventeenth person being baptized. Is that right? “As John was sent to forerun the first coming so shall your Message forerun the second coming of Christ!” The Voice spoke on the banks of the Ohio River, and there was a prophet there who earlier was told, “Don’t smoke or defile yourself; you’ve born for a special work.” He had to wait until World War II put Israel in the homeland. In the first War Jerusalem was recaptured; in the Second War Israel was rushed back to the homeland. That’s history; that’s your school history. They don’t teach you the Bible part in school, but I’m giving you the Bible part here. I’m letting you see why *you* are called.

Between World War I that Angel appeared to the seven-year old boy – a prophet, between World War I, 1916, seven years old. World War I was 1914 to 1918. 1933, that’s between World War I and World War II. World War I was 1914 to 1918, World War II was 1939 to 1945; between there down come the Pillar of Fire. Then May 7, 1946 after World War II, in the cave the Angel came. That Angel is coming, appearing between those wars. He said that’s that same Angel that said, “Hold the winds!” But before He said, “Hold the winds” to those men, He was talking to this boy. You get what I’m saying. And while these people who are going to lead the world into World War II was getting mixed up in their dirty politics, He was speaking to this man and saying, “Your Message.” And while the world was in chaos, He came back to this man again.

And He was seen of me also. And He was seen of me also. I’m saying that before Him. He could kill me in this pulpit right now if that’s a lie. He could make me dumb after this, but He was seen of me. I want to say He appeared with me, too. He wasn’t ashamed of me, though I am ashamed of myself. Though I am ashamed of myself, He wasn’t ashamed of me; because when I couldn’t understand how His Blood could cleanse, He was saying, “Son, I’m not even seeing that, I’m seeing you through the Blood. I’m looking at your gene, I’m not looking at that, I’m looking at your gene.” And then I began to grow in my understanding of what it is to be justified, amen, like I never done it in the first place. I start to understand the sea of forgetfulness. Amen. Yes, sir.

So that's the Second Woe. And those four angels were prepared to slay what? *The third part of men*. And that was Jews that they killed. You know that. Is that right? It had eighteen million Jews in the earth at that time; six million were killed in World War II, a systematic destruction of the Jewish nation - the holocaust. I've been to Austwich; I've gone through there. I've seen all the torture chambers; I've seen all the heaps of glasses and things. I've been to Israel and I went to the Holocaust Museum over there too and saw the things that they have there as evidence of what the people had gone through in the war. So you look at those things, and you realize.

Then people try to say that, "Oh, those things never happened," to confuse the minds of people. See? But watch here. They killed six million, which is one-third part of the men, and I'm going to pick one verse here. Verse 18, it says:

*And by these three was the third part of the men killed, by the fire, and by the smoke, and by the brimstone which issued out of their mouths.*

"By these three": the fire was the ovens that they cremated them in; the smoke was the gas that they gassed them with in the gas chambers; and the brimstone, you know brimstone is sulphur, that is the bullets that they killed them with. "By these three", six million they killed by these three. Do you see how specific the Bible is?

And Hitler, Mussolini, Stalin and they, these dictators, were men who were financed by the Catholic church, voted into power by Catholic votes, operated with Catholic wealth, and became the political arm for the Vatican, who was Jezebel behind the scene working through these dictators to achieve her political ambitions. She was using hot war to do it: Woe, Woe. After World War II, then they realized that the world was shook up by war. After Nagasaki and Hiroshima were bombed and hundreds of thousands of people died in the explosion of one bomb on those cities; and up to today you have deformed children still being born.

And back there, through those things, then Satan changed his tactic. From the big bad dragon breathing fire, they took off the battle fatigues, removed the tanks, and they came out in their ecumenical robes, and the same people whom they once called heretics, they changed the terminology and began to say "separated

brethren.” And you know, coming up to the ending of the last millennium there, in the year 2000, the Pope was going around everywhere – it was the year of reconciliation, and the Catholic church was saying that they were repenting, repenting and I preached right here, “Jezebel cannot repent. It’s a lie; it’s make-belief. It’s no repentance, it is deceit.” And that’s a quote from the *Church Age Book*. (Page 231 paragraph 4; Thyatira Church Age) Sometimes I don’t call the page, so you think it’s my thoughts if you don’t read the Message; but if you’ll sit long enough, you will know I say what has been said.

Sometimes I don’t quote it even though it’s in my mouth. I say, “No, no, no, they have to believe me. And then they have to go and read and try to find where it is for themselves too, and study, if they want to know. They can’t get all the food on the table, and just sit down there and get fat: go and find it for themselves too, search it out.” ‘Search the Scriptures,’ Jesus said. ‘And the people in Berea searched to see if these things were so,’ and they were more noble. Search. Search it; seek it out.

Now watch. Revelation 16. That was the Sixth Trumpet; watch the Sixth Vial here now.

I’m after that river: *The Great River Euphrates*. Remember that was one of my first messages that really began to break in to start to prove those Seven Trumpets back there in 1984. But I’m not so much on what I spoke back there as I am on what is happening now; I’m dealing with *Predators and Their Preys*.

And some of my more scholarly brothers tell me, “You were saying ‘Preys’, but there is no word like ‘preys’. It’s ‘prey.’” Like the word *sheep*, the plural and singular are the same. Well I said, “I ain’t no scholar. I don’t get these things by learning - He gives me these things.” Because if I go in a next country and I say “Prey”, I’ll have to explain to the interpreter that I mean, ‘prey’; and I’ll have to stand there between my preaching and tell him I mean *p-r-e-y*, and that’s singular though I mean it in plural. English, which is a made-up language, is so confusing. But if you take the Spanish language, ‘*ovejas*’ means *sheep*, and ‘*oveja*’ means *sheep*. So they have plural. See? But English is so complicated. So sometimes, maybe I speak in my “universal self” when I say ‘preys’. So one brother told me, “Well, we should fix that.” I said, “Well, no, we should send it out just like that. When

we send it out like that people will know it's not an educated man talking, so then they recognize that it's God." My.

Revelation 16, verse 12

*And the sixth angel poured out his vial upon the great river Euphrates; and its water was dried up, that the way of the kings of the east might be prepared.*

Look at that, that's a prophecy. Oh, how I love this book! You know why I love this book of Revelation? Brother, you put that in the hands of Message believers and say, "Do you believe the Seven Seals are opened? Then interpret that for me." They can't move. They can't move with some of those things there. See? "Well, you have to find a quote for it." But he said, "I'll give you sermons to dovetail all scripture." So that's why you have to believe him whom God has sent. And when God sends somebody with the truth, it will come from Genesis to Revelation every time; and that gives faith because that identifies God's presence among the people.

Now watch.

*The sixth angel poured out his vial upon the great river Euphrates;*

So Euphrates, as you know, was in Babylon. Babylon was built on the River Euphrates. Euphrates is where the war is being fought: if you listen to the news and you read the papers, all the tanks are crossing the River Euphrates and going there. And in Genesis, too, it was one river that broke out into four heads. And Euphrates and the Tigris rivers flow out into the Persian Gulf, if you watch your geography.

And that's why, for some of you scholars who like to ask questions, before you do - so don't just read - get a map. The Bible has geography, too. So then you'll have an idea of what the Scripture is saying; you wouldn't be asking a lot of questions that many times make it look like you are guessing. If somebody can see you saying something that you have researched, and you "*study to show yourself approved, rightly dividing the Word,*" they could start to respect you. Otherwise, if they see that you don't know what you are talking about, they will realize that you're '*vooping*' (i.e. making wild shots), and that you don't know exactly where you're at. So that's why the Scriptures say, "here a

little, there a little, line upon line, precept upon precept.” That’s how truth comes.

So notice there, that one river broke out into four and that was to do what? Water the garden, because God made the garden. And then what did God do? God put the man that He had made in the garden to dress the garden and to keep the garden, which means that the man was to be a conservationist. But look at man today: they tear up the atmosphere, pollute the rivers, pollute the oceans; tear down the trees and every thing else. They destroy the planet. They overpopulate it and ruin it by trying to manufacture a scientific world; and now they are dying. And while millions and hundreds of millions are dying of starvation and disease, they could walk away and look away from that without compassion and spend billions in space exploration, trying to colonize Mars, build a space station in the sky.

They could put money into the genome project because they are seeing a race of people in the near future without disease. They’ll be able to read your genetic history, decode your genetic script, trace your pedigree all the way back, see what come down in your lineage, see what your children are susceptible to and what kind of genes you carry. And where you have certain genes that are hereditary, they eliminate that from you so that when you give birth your children will not come with those genetic defects.

How many know that God does the same thing with the Church? When Luther and they were giving birth to those Baptists and Methodists everybody was coming with genetic defects. Man was coming cross-eyed: he couldn’t see one God, he’s seeing three and four and two; he’s not sure which one is God. Man was coming with flat nose: he had no discernment to tell the difference between Matthew 28:19 and Acts 2:38; he couldn’t understand water baptism. Man was claiming to be a Christian for years, and then turned out to be a dwarf, didn’t grow one inch. Next man was a hunchback, a big compromiser - no backbone to stand up for anything, because preaching is a meal ticket in the denominations. Oh my! Genetic defects - they’ve been born of perverted seed. And all of us were children of the system: the world system and the denominational system. Whether religious or political, it’s just two sections of Satan’s system.

But then a prophet came with the Pillar of Fire and a ministry of what? Divine healing. A ministry of divine healing to heal both body and soul, to bring man back to what he was in the garden of Eden. Is that right? To take him back to the faith civilization, to the restored Eden. And God began to find every defect from the Baptist gene, defect from the Pentecostal gene, defect from the Jehovah's Witness gene. He began to find every defect, no matter which one of those families you came from and you were crossed up in, brother, under this Message when He brings you out you have none of that inside you - you're born by the incorruptible seed of the Word of God. Amen. God breeds out all those things. Hallelujah!

Brother, with God's laser, this sharp two-edged Sword - Hebrews 4:12 - when God performs that surgery upon people, they come out without all those defects. You come back with faith like Peter had, faith like Paul had, faith like Phillip had, amen; you walk in a world of perfect faith again. You come into a rapturing grace, faith like Enoch had to be translated; faith like Elijah to go up in the chariot of fire without seeing death. Yes, sir! My! So we're going to travel along that road.

So here in Genesis, as we look at those three things there: that river Euphrates. Babylon is in the beginning of the Bible, Babylon is in the middle of the Bible, and Babylon is at the end of the Bible. Babylon appears in the beginning of the Bible with its founder, its ruler, showing you its origin: how it came into existence, where it was built, how God came down, how God broke up the city, how God scattered them in the earth. Is that right? Genesis 10 and 11 tell you about Nimrod, the mighty hunter, how he hunted and his conquests. He was the first one to lead the people in war in the world in its pre-industrial state, when they were bringing it from an agricultural civilization into an industrial civilization. Then they began to make more weapons. Is that right? Then you had rich, rich people who didn't know they were rich. They were planting cassava and dasheen and melongene, and they were on land that had uranium and oil and copper and silver; and they didn't know that because their minds were trapped and locked up in an agricultural society. And Nimrod realized that the world civilizations were clashing; it was

time for a new move. He was doing exactly what Cain did when he went out from the presence of God.

Remember, God had turned the world back into a pre-industrial state. The Bible said Noah came out of the ark, and what did Noah do? Did he build a city? He planted a garden; he planted a vineyard. Is that right? He planted a vineyard. But now we see Nimrod going into war, into conquest. And war is to conquer territory, to control resources, to control trade routes, to monopolize a region in order to establish another power. He was building city after city, and then he came to Babylon. And he had a space program; he wanted to go into heaven by science and technology. Is that right? Nimrod wanted to go into heaven. They were trying to link up, build a tower so that when judgment came they would run up into heaven.

That's the spirit of natural man - always trying to bypass God's judgment. When God put a curse on the earth, when Cain killed Abel and shed blood - human blood shed for the first time upon the earth - what happened then? Then God said, 'Cursed be the earth sevenfold time', because God had already cursed the earth. The first time the earth was cursed was when Adam fell. God said, "Thorns and thistles shall grow out of it. By the sweat of your brow you will eat bread now." Before that Adam ruled the earth by the spoken word as a placed son of God with authority and dominion, but he fell from that in the battle, in the war - the war with human beings.

Where did the first war take place? In that region. I'm in my thought now - in that region. The first war that took place was in the region with the river Euphrates. Satan started his war there. God established His kingdom there. Then when Nimrod was going forth now...cause remember, Satan started to squat and build his kingdom because up in heaven... Why was Satan cast out of heaven? Does anyone know why Satan was cast out of heaven? Isaiah 14:12-14, he had five "I wills": "I will be like the Most High, I will be worshipped like God, I will sit upon the congregation of the saints." Is that right? He had five "I wills" that caused his fall, and there was war in heaven. He broke the unity between God and the angels.

The type for those things: Adonijah tried to steal the kingdom; Absalom tried to steal the kingdom; Korah tried to split Moses'

group. Moses was Christ; David was Christ; Solomon was Christ. All through the Bible you see that. They wanted to come up into a higher place; they were not contented with their place. The serpent tried to come into the realm of humans to cohabit with Eve when he was an animal and should have stayed in his realm. He left his own habitation. How did the angels fall? They left their own habitation, they “did not keep their first estate”, the Bible says. How does death come? When you leave your original place, you cannot continue to live and retain your originality. We went through that recently. So watch something.

So back there in Eden, the fall took place in that same region, because that’s where God put the man. That’s where Eden was. That’s how you could locate the garden of Eden - by those rivers. Those rivers are here. And you don’t hear anything about the first two rivers anymore, only in geography; not in the Bible, because Egypt was a land watered by the Nile. It still is; but they use irrigation. When we were in Uganda, we went to the very source of that river. And it begins in Uganda and flows through all those African countries into Egypt, and that’s why Moses floated down that very river in the ark, a child of promise who came after four hundred years. Oh, my! God laid that out, friends! Think when God was forging the courses of those rivers in Eden, He knew, “Moses is going to come down here.” Is that right? He knew, “Nimrod is going to try to build a city here.” God knew that way back there.

But watch as God’s mystery unfolds, when we come to the middle of the Bible, Babylon is in the middle of the Bible in the time of Daniel and they, Nebuchadnezzar. It became the head of gold; it became the superpower. And catch this thought: when it did, it did it by conquest. Babylon conquered the world; and Israel was the last one they conquered and became the world power. Do you get what I’m saying? Now remember I’ve been preaching and showing you this war here; and this is what I want to bring to show you the conflict that is going on right now is for oil. (I don’t want to jump ahead of myself. I almost go to speak some things that I should speak later on.)

So watch, in the middle of the Bible, when it became a superpower it set up an image and forced people to worship - a religious persecution. Isn’t that strange? Because that is exactly

what Nimrod did. Nimrod conquered everything round about him and then forced them to pay tribute to Babylon. He had broken up the land. You remember my message on ‘*And Lo There Was A Great Earthquake*’ – he divided the land for trade and commerce. He broke it up in pieces after he devoured it. And then when he had formed Babylon and became the king, he claimed to be what? Semiramis had claimed that Nimrod was virgin-born; that he was the promised seed. But Ham, who was the father of Cush, who was the father of Nimrod, was one of Noah’s sons; and he was the one who went with Noah’s wife.

Hear my message on ‘*And Ham Is the Father of Canaan.*’ What brought the fall in the garden of Eden? The serpent went with Eve. What brought the fall in the new world after God gave Noah dominion and put the fear and dread of him upon every creature, and he stood there as the head of the race, a new head of the race – a prophet, just like Adam was back there? What brought the fall? Adultery again. Adultery again.

What brought the fall in the Church? Adultery: “*as the serpent beguiled Eve, so do these come.*” Who does judgment come on in the last days? The whore and the harlots. Do you see the Bible? Do you see how this Word is so straight? Do you see how one revelation keeps unfolding? And when Nimrod built Babylon on the River Euphrates - cause that’s where Babel was - he said, “that we will have a name, and a city, and a tower that reach up into heaven; so that if God judges the earth again, we would escape.”

What did Cain do? When God said, “Cursed be the earth,” do you know what he did? Cain started to work in science. Cain started to work in hybridization and science and started to build cities, trying to bypass the curse to get the earth to yield more so that he would not have to suffer the punishment that God put him under as chastisement for the criminal offence he committed against the Word of God. He did the crime but he didn’t want to do the time. Are you listening? Then, after that took place it went on from there, and they developed the world until the antediluvian civilization got so great, as we had in the second part of ***Predators and Their Prey*** – overpopulation, man began to multiply, women started becoming more beautiful, the earth was filled with violence, empty of peace. Men became of great renown, scientists, until the species was about to be extinct.

It got so bad, everything became polluted and defiled, and all the sons of God fell. And there was one last son of God left and God said, 'before this man falls, let me save this earth.' And God moved him out. Is that right? God found Noah perfect in his generations, an undefiled man in a polluted world. Noah the eight person who went above the judgment, caught a mystery of the tree that was to be cut down and the sap that was to come out of the tree to build an ark of three stories where he could be shut in and judgment sealed out, and he could go above the judgment and come back in the new world. It was a mystery of Christ, the Tree that was cut down, and the Holy Ghost that came out that seals a man in the place of safety where the wrath can't touch him. Is that right?

It was Christ who was being revealed, because there is no salvation outside of Christ; every time God saves a man, He saves by Christ. God can't save you by anything else. There is nothing that God can offer a man outside of Jesus Christ. God doesn't talk anything outside of Christ, because death is rejecting what God offers. Salvation is in Christ, peace is in Christ, joy is in Christ, happiness is in Christ - everything is in Christ. That is the sacrifice that God and man feed on.

So watch. Let's move again. So, it's coming down. When he comes to Babylon now, look at man trying to bypass the curse through science again. They said, "in case judgment comes, we'll try to escape this place quickly; we'll go up into heaven. If this earth starts to fall apart, which, tidal waves will hit us soon from all this global warming of all those things that froze over in the ice age back there now starting to melt, and rivers have begun to expand. All the trees have been cut down; storms can hardly be tracked anymore, things are getting worse and worse. There're earthquakes; the earth is falling apart because the minerals have been pulled out of it for industry and war and everything else. What are we going to do? If judgment comes upon this earth to be destroyed again, we'll get in our rockets and, brother, we'll make our voyage like *Star Trek*."

And right now man is building a house in the heavens. Do you know God said He has a house in the heavens made without hands for the believer? A theophany? They have a space station in heaven that the Russians and the Americans have been working on

for years now, because they are going to colonize Mars and it's too far from earth; so they're going to work from there to do so. And they already know how they are going to colonize Mars. Do you know what the scientists say? They say when Columbus left Europe to come here, he had very little knowledge about the sea to map the journey, because nobody had ever made it and came back. He didn't even know whether the ship was seaworthy, it was a big risk. He didn't even know what kind of tides were out there, and the currents and all the different things that go on out there. The charts that they had were not up to date because nobody had explored that far to have prove these things, man still thought the earth was flat; yet the man came. And look at the western world today, so civilized, so built up just five hundred years after Columbus.

So the scientists say, "Well, we could make that same journey because we have more knowledge of space than Columbus had of the sea. That is a sea of space and we have a spaceship traveling the sea of space. And we have photographs, we have samples; we have already tested the atmosphere there through our science and technology, and we brought it back to our laboratories, and we did all these things. Through our mathematical sciences we have worked all these things out and estimated the time, and we know how to condition the minds of the astronauts to make the journey." They say, "The principle is the same."

When the Polynesian people went to New Zealand, down there was not yet inhabited. The people in the islands of the Pacific Ocean got in a canoe and went out there, and landed in this place. They looked around. They did not know what kind of beasts were there, so they carried some dogs. Those dogs had night vision, they had special tracking ability through their sense of smell, and that was their technology. So the dogs would go around; and they were trained, so a certain bark meant, "There's something here." Then in the nighttime, they didn't try to use their own sight to journey - they followed the dog, because the dog could see in the night.

Well today, science, when men are going to do something, they develop all their equipment to test *this*, to sense *that*; to know whether there are mines buried *here*; to know different things, where a dog would normally use his sense of smell to detect those

things. So the principle of making one journey is the same for all. Some of you make a journey of twenty, forty miles to come here. When you come you make sure your car had gas, you made sure your car was functioning; you know your route, where to pass. You watch the traffic on the road, and you know what speed you need to drive at in order to get here on time. The same way you make a journey of ten miles, to make a journey of ten million miles it just takes mathematics: if you need *so much* gas for ten miles, you will need *so much* gas for ten million miles. If you have to change parts ever so often, and the wear and tear is *so much* for *this* journey, it will be *so much* for *that* journey. They work those things out.

That's not a small thing, you know. That may not exist in your world. Your world may be to go in the market, talk to a brother by the corner; but scientists, N.A.S.A. spends day and night and billions and billions of dollars to train people to go out there because they are certain that here is going to fall apart. Nimrod wasn't building that tower to go up into heaven like some crazy man, you know. This was a man who had conquered the world. This is a man who knew that an atomic explosion had hit the earth in the days of Noah and had brought a catastrophe in the weather system. A mist used to come up from the ground to water the earth; now they saw something coming from the sky for forty days, until every mountain was covered. And they said, "What has happened to the global weather pattern?" They had *El Niño* and *La Niña* back there, because the same thing it's doing here, by destroying the ecological system, it's the same thing it did in the days of Noah. The problem that started the overpopulation back there is the same problem that started it here.

That is what Jesus was speaking about when he said, "And there shall be nation rise against nation, wars and rumours or wars, and the stars shall fall from heaven, and the sea shall roar, and men's hearts failing for fear," and these things. He's talking about the catastrophe, because the Sixth Seal is nature taking a tumble. What brings it? Civilization - the way we live, the way we work, the way we carry about our lives in this society. That's why our cars are not going to heaven, our houses are not going to heaven, our food is not going to heaven because that belong here; this is of death, in this kind of system. We're going there where there would

be greater clothes, greater transport, greater life, everything! A higher level, we're ascending into a higher order. Seven Thunders opened up to do what? Show us how to prepare for rapturing faith, to evolve and come back up there.

You say, "Is that really happening?" Look what the Church was when Luther came out: he was smoking a cigar; he was pouring water on people in a false Trinitarian baptism. Look what it evolve to when it came to the prophet. By the time it hit the fourth messenger there, by the time it hit the third angel's message, look what was happening there. God was brooding on the Church, from a stalk that don't look like the grain to a tassel, to a husk, until one man came and said, "The wheat age is here, the first one is mature. One ready for the faith civilization, one in a faith civilization is here."

He said, "If I say to that chandelier, 'Move', would you believe that?" He said, "Move." Amen!

That's what the Message is. That's what the Message is. That was God's thought! To raise us up. That's why He come down here in this church, walked so close among you, speaking things like *'Thy Faith'*. He said, "Little children, by faith Enoch was translated; by faith Elijah went up. By faith Abel worshipped God and offered a more excellent sacrifice. By faith Enoch walked with God and was not." From Abel to Enoch, from Paul with the sacrifice, to this day when we'll be raptured, the seventh from the second Adam, *this* day, God has been raising a people up.

Every time the battle takes place in that region, something happens. Man fell right there, where the River Euphrates is. Man lost the deed and his dominion there. Catch my thought. I'm laying seeds to say something at the end. That's where man lost the deed; that's where man lost power and dominion. There is a religious sect trying to cross back to Eden. *'Feast Of The Trumpets.'* I want to read it and put it on the tape right in here. Page 24: "What was it? *The old Roman Empire being revived, the persecution of the Jews.*" He's talking about that Sixth Trumpet. "And they'd been bound for nearly two thousand years at the river Euphrates, can't cross to the promise, a religious sect that was trying to get to the other side. Euphrates, you know, come through Eden. But they were bound there, two hundred million devils of persecution."

What does he mean? What does he mean? What is he talking about? “*Crossing the Euphrates to go back to Eden*”? Is it making sense to you? I was telling my boy, I said, “Timmy, I’ve waited eighteen years to understand some of those things. This morning God spoke to me. God gave me the language to say it in.” The prophet (I’m saying this by faith here) used to see visions while he was preaching, too, because he’s talking this, and then he’s talking geography; and next thing he’s talking papal Rome. Who is the religious sect crossing papal Rome to go to Eden? Does that make sense? No, it doesn’t make sense. And then I saw something; and when I saw that, I jot it down there in my notes. I was going to preach something different, but I jot it down there in my notes. I said, “That’s just what I want to say. That’s just what I need to say.” I just want to hold that right there to show something in that region. I see it. I know what I’m talking about.

What was I preaching on Friday night? It’s now coming to me here in the pulpit - what was I preaching on Friday? “As Gabriel came to Daniel.” They went before God to know things that was pertaining to what was happening. I was speaking that on Friday night. In the coming in of the Babylonian kingdom and now in the going out; in the coming in of the Gentile dispensation and in the going out of the Gentile dispensation, he says, “It’s time for the Daniels to rise.” That’s why the song leader was singing it; that’s why the brother was praying it. They are praying out of the service on Friday night.

And when He spoke that there, I saw something. I said, “My, River Euphrates, Tigris, this war is being fought.” Why is this war being fought? You see, I’m not saying this in a boastful way. Please, understand me, I’m saying this in humility. But if I don’t say how it comes then it may have no value to it. So I have to say it, and I have to declare if I believe it that it’s God who is telling me that. And then I have to believe that I’m one of His “voice of many waters in the earth” (I’m in the Bible), that He’s speaking those things to His endtime Bride in this hour. So that’s why I have to say those things.

Now watch something. When that thing was going on there on the Internet with the prophet’s sons and so on, He spoke it right there in the Bible. When the war started, He picked that up. When it was the International Year of Peace, He spoke that. Brother,

when the supernova came, He spoke that. When they were breaking down the Berlin Wall, He spoke those things! Well, I see that over and over, and you in the church here see that over and over. I don't go looking for that. I always say it's like Joseph's brothers and they, when they opened the bag they saw a gold cup inside it; he didn't put it there himself. It's He who slips those things in.

And I was telling Timothy, I said, "Tim, you know, it amazes me - whatever Spirit it is inside me - the connections *He* makes with things, it blows my mind." I have to go back to something twenty years ago, an old note which I went back to this morning when this started to break. I could hardly even read it, because I write on top of other writing, and write in between, and put an arrow, and I myself can't read it even with my glasses, now. And I was trying to see what it was, and I was expressing a thought on predator and prey, quite back there. I said, "My goodness!" Look how, because of what is happening now, I went back to that, saw that, and then this shoot me off into the new world order that is coming in which will be a result of these conquests.

These are strategic conquests that are tied to the new world order. The oil is a resource that this western world runs on. The industrialized nations need that resource. That's why I was saying when Nimrod began to go into the industrial age, and started to build cities and expand his kingdom; and build the tower to go into heaven, linking earth and heaven by science and technology, going into heaven without repentance. Man want to go into heaven to escape judgment, because the world falling apart is judgment; and they want to go into heaven by their scientific achievement. The judgment is only coming because of what they have done to the earth. God will destroy them who destroy the earth; but the very ones who destroyed the earth now want to run to Mars to escape judgment, and are using their science to do it.

The same ones who hybreeed the body and caused all kind of filth and everything else, now want to come and remove all sickness and disease, which was judgment and chastisement for their crimes. Now they want to remove it and give you a body without sickness, and clone you and everything else, because they want to bypass the judgment, because the serpent seed always want the blessing without repentance. Notice how with water baptism

you have to repent first? It starts with repentance; you repent and then are baptized? The sin question has to be dealt with first to get into the baptism of the Holy Spirit.

That's why, when Peter started to speak, you know how much repenting was going on in everybody's heart, that the Holy Ghost could have fallen on them? He came and met Cornelius and his whole house fasting, do you remember? Because when that Angel came, he said, "Go get that man and bring him here. He'll give you what you're longing for." He came and met all of them fasting and praying. When he came he found that Cornelius had gathered everyone he could gather in that room. Friends...

Then notice, every time the battle... Catch this; this is a point I want to make. Satan tried to bring Eve to what? A false worship, and he succeeded. He broke down her walls, he entered her gates, he defiled her temple. Is that right? He got into the bedding ground, into the holy of holies, where Adam didn't even get to yet.

That's why it's such a thing for a young girl whose womb God sealed up, and brought her to the earth to come to her husband as a virgin, and she gets defiled before she meets that husband, sometimes let so many men know her, that she is a whore by the time she gets in to her husband; and what she wants to offer him is her whoredom. You know why? It can't be blessed here, when it was the cause for God becoming flesh to die back there. That was the cause for the Church to go down into martyrdom and die, and for all the denominations that killed the earth spiritually too, because Eve, spiritual Eve was deceived and received wrong seed just like natural Eve. She received denominational seed and brought forth denominational children the same way.

That is why the real pregation is coming now by the Spoken Word, like Mary got it to bring forth Christ without sex, that God could have a people who is not manipulated by men, and manhandled by men, and programized by man and cultured into religious things by man. God is doing it by His Word. And that's why God raised up His own fivefold ministry out of the earth. Amen, glory! Because a man's sperm comes through his body. The Angel directed Peter, but Peter had the Word. The Angel directed Paul; Paul had the Word. The Angel directed Phillip; Phillip had the Word. Why? They were in the body of Christ.

God can't work through the dead. It didn't come through Caiaphas. It didn't come through Annas. God doesn't work through the dead in denomination; God works through the living that are called out and walking in the present truth. That's right.

She went into false worship, she received a false doctrine, and she bowed to a false image. And she was preganated by that beast system that deceived her, and she was carrying Cain. Is that right? They lost everything. They became a powerless church, a church that crossed the lines of the Word from truth and went into error.

Then what happened at Babel? The same thing. Ham came out of the Ark, he was the first one to defect. That was the first one to defect. That was the first set of defectors in the New World. When they went out there, Cush started a movement and then they ended up with more than one God. When Noah came out of the Ark they all believed in one God. By the time of Nimrod they believed in more than one God. From ...I can't use the theological word, it's not on my tongue right now. I think it is monotheistic, which is one God, to polytheistic, which is more than one God.

When Paul and they were walking there on the earth, there was one God, but when they went to Nicea, Rome it became more than one God. Then they got scattered at Babel, and what happened? It went into many languages. And after Nicea, Rome, what did it go into? Many denominations came out of the Catholic Church. And now we have a thousand tongues: Baptists can't understand Methodists, Methodists can't understand Jehovah Witness, Jehovah Witness can't understand Seventh Day Adventists. They are all confused. They are all talking a different language. And now they are uniting them back in an Ecumenical move. And they have their own Bible for them. And they are bringing them to an ecumenical service. And every body is standing together because they have a movement that is bringing in 'that we all may be one'.

And that is what Nimrod did. The whole earth became what? One language and one speech. Then God broke it up into confusion. It was only temporary. The success was always temporary. He conquered and then he made them bound to Babylon. And then they were going to heaven, religious and scientific. Political - united them, conquered them by the war; religious - brought them to their false worship; and then scientific - trying to go into heaven. That's Genesis. But Shem, Shem had a

group, because Shem was the one that killed Nimrod. Shem was the one that killed Nimrod and sent his pieces into all the earth to let them know, because, 'when the enemy comes like a flood, God raises a standard'. Because Noah had said, "God will dwell in the tents of Shem." And out of Shem came Abraham - that is the covenant continuing on. There was a group, there was a remnant that didn't get caught up and refused to bow to that system.

By the time it came to Babylon with Nebuchadnezzar, he conquered, conquered, conquered, conquered, conquered, conquered. How? By war. The Assyrians had already taken the ten tribes, if you know Bible history. Why did they take the ten tribes? They were conquering. Different nations were conquering for globalization, and to become the world power.

Just like you have France, do you know how many people in Africa talk French? Haiti right here is talking French, Guadeloupe is talking French, Martinique is talking French; right here in the Caribbean. Look where France is. Look how far it is - in Europe. Look at how all through Latin America they are talking Spanish, but look at where Spain is. These were nations colonized by the colonial powers - the conquistadors - who had conquered them. And then what did they do? Teach them their language.

Didn't Nebuchadnezzar and they teach them Chaldean when he conquered them? Didn't he give them Chaldean names, Babylonian names? Exactly right. When the Baptists conquer you, don't they teach you Baptists doctrine? When the Methodists conquer you, don't they teach you Methodist doctrine too? And the Pentecostals, when they conquer you, don't they teach you Pentecostal doctrine? Exactly right. Do you see what the Word is? Children awake, awake! Seven Thunders were to wake you up. Wake up and understand.

Then watch. Then when Nebuchadnezzar conquered, what did he do? Set up a false worship again and brought a religious persecution, just like Nimrod, just like back in the Garden of Eden with Cain and Abel, right in that region all the time. Because Nimrod and they, after the flood, they went right back to that place to start the new civilization. Do you understand that?

Remember the flood was in the days of Noah. Remember Nimrod is after the days of Noah, but remember Nimrod went back by the river Euphrates and the Tigris and started to build up

Babylon there. And remember God broke it up and stopped it; their success was just short.

When Nebuchadnezzar came it didn't last long either. The Medes and Persians came and broke it. And how did the Medes and Persians break it? Anybody knows how Babylon fell? In the book of Revelation it says, 'Babylon is fallen, is fallen'. Twice: Revelation 14 and Revelation 18, 'Babylon is fallen, is fallen'. The Medes and the Persians, Cyrus diverted the river bed and dried up the river Euphrates for the kings of the East to come in and take Babylon.

When Belshazzar was having the party that night, they came right in the city. The reason that he threw a party was in defiance and contempt. He said, "We are so fortified. We are so protected. Do you all want to attack us? We are going to have the biggest party. We don't care if we are at war with you all, we are having the biggest party ever." Until he got so drunk, he said, "Bring out the vessels and everything. Let us really play this thing up to the fullest."

When you get to the book of Revelation, it says, 'And the river Euphrates, the vial is poured out and it dried up the river.' I'll tell you what every theologian is teaching today, out in the organizational realm: That's two hundred million men on horses who came riding through there because they had to cross there on horseback. Brother, in an age of Apache and BF bombers, parachute, all kinds of different things, they could cross that on horseback? Look how they are moving back and forth across that place there (in Iraq). Do they need anything to cross that? That is like if it doesn't even exist. That is like it doesn't even exist.

What is it about this place? What is it about trying to cross back to Eden? Why does something in the human heart move them, and why do you think when they came to that place? It is a place of contention and war.

You know, there are many things you don't understand, and you could only understand by knowing the genesis of it. To understand all wars, you have to know the first war, because the first war defined the characteristics of all wars. To understand salvation, you have to understand the first time the lamb was slain and the blood was shed to understand the principles of salvation. Are you getting that? That is the kind of book the Bible is. It is God's

thoughts. He put it in seed and then He starts to open it. That's the root of the truth. And every time He gives a further truth, it is to further unfold the same truth. But the first time He presents the truth, that's the way you need to start to see it, if you are going to understand the rest of it. That's why anybody who is looking for real truth goes back to Genesis to know if you have real truth, because whatever you're trying to read and pull from somewhere, you have to start in Genesis. And when you find it, you see the first time God presented it; and then you see how every other truth is designed and intended to further unfold that original truth until the last time He shows it the truth is completely revealed. That's principles of interpretation, because Scripture has to interpret Scripture.

God, to give more information on the subject, to make it clearer for the mind that is not fully developed, He can give you a lot of history and different things that is not in the Bible to help illuminate the thing to you. But if you have enough light, you can look and see from the Scripture the way God is presenting that, because all Scripture is given by inspiration. That is not just a statement, you know. If God didn't tell you that, you wouldn't give Scripture the value that belongs to it, and you wouldn't see a reason and purpose for God introducing it to you in that manner. You wouldn't see it. You would just take it casually.

And that's why when truth begins to open, you realize you know those Scriptures, you read those Scriptures, but you always had it in a superficial way. You never gave it the value; you never looked at it closely. You never saw that God put it there in *that way*, in *that manner*. And that's why it takes revelation. When it comes and it throws the light on it, you see how God hid the truth. He hid it from the wisest theologian. Amen? Okay.

So when we look then, and see how Christianity was in the first coming, what we are seeing today is actually a repetition. Because why? There is nothing new under the sun. That's a next important principle. There is nothing new under the sun. What is happening now happened already, and it is recorded already in the Bible; so anything you want to find on earth is in the Bible. You might not know how to find it, but it is there. That is why you need the Guide. You might go and spend all day looking for it without the Guide and find nothing; but when the Guide comes He stops you:

“Pick up that cigarette pack there. Watch that picture on the wall here.” He guides you a different way.

That is why sometimes in finding some of these things it just blows my mind away. I say, “My goodness! Who could have found that?” God really knows how to hide things. And that’s why he says, “once you see the Message, the rest is filler.” He said God has the thing hidden in such a way, like the artist who painted the cow in the bush; you are looking all day and you can’t see the cow at all. He says, “But once you spot the cow in the bush, every time you look you see the cow in the bush.” He says, “The rest is filler.” He said, “And that’s how the Bible is.”

The Bible is a threefold secret that God had in the back part of His mind, hid and fixed in the Bible. And once you see it, every time you open the Book afterwards, you can’t help but see it; no matter which part in the Bible you go to, you see it inside of there. And remember this is the day under **this Message**, this is the day of revelation - the apocalypse, the unveiling - showing *what* He did and *how* He did it. That work was covered up and hid, but now He is in the uncovering of it. ‘You shall know as you were known. When that which is perfect is come that which is in part shall be done away. You will see face to face’. He is unveiling it now completely in this hour. That’s why Seven Thunders, “wait until those Seven Thunders utter their voices in the last days to a little group; they’ll take that Word and hand it there. It will slice and cut.” Amen. Just let me give you some more types here quickly.

*‘Nothing New Under the Sun’: Christianity was born out of prolonged economic struggles of the Roman Empire.* You read in the Bible John saying, “Be content with your wages. The oppressor tells you to carry that burden one mile, carry it two miles.” Jesus said, “If they ask for your coat, give them your cloak also.” You see the prostitution of Mary Magdalene and they. Why? They were signs of depression, economic depression in the land.

When they checked the offering, two hundred pence, can’t even feed the crowd that gathered for three days of meetings. He had to multiply bread and fish. He wasn’t multiplying bread and fish just to show He had power, you know. He was doing that because there was a need. People didn’t have money to buy food, so He was multiplying it to feed them when they sat there; because they

had come to hear the Word and He held them there long. Did you hear that? That's right.

The Jewish land was occupied by Romans. The Jewish land was occupied by Romans. That's why Barabas was fighting a revolution; he was charged for sedition. And that's why Jesus became a threat because He began to rally the masses. And that's why the Pharisees had to find a way to kill Him because He was rallying the masses just by Word: preaching love and forgiveness and healing and deliverance, and they couldn't find any fault with that; so they had to get false witnesses to trap Him and blacken Him.

Because even the denominational people said, "We know that no man could speak like this man. This man is a teacher that came from God. And that's why God is with Him doing these miracles and these things." Yet they wouldn't follow it. And when he challenged them, "Is John's baptism of man or God?" brother, they backed off, because they feared if they said it was of God and that John was a prophet, He would say, "Well then why didn't you follow him?"

And Jesus operated in the manner...Even remember when the soldiers came to arrest Him, He said, "I was teaching. Why are you coming against me with SMG, and you know, all this kind of SLR and all these different things?" He said, "I was there preaching all the time among the people; teaching the people. What crime have I committed? What do you want to hold me for?" But it was even one of His own who betrayed Him. Is that right? That's right.

Even His own followers, under the pressure, Peter denied Him. Is that right? The intimidation was so strong and that atmosphere with all those soldiers armed to the teeth, and that dreaded Roman beast, that fourth beast that was devouring the earth quite back there as imperial pagan Rome. Papal Rome is not soft, you know. Imperial pagan Rome, brother, it sowed those nations to salt. It tore them up in the earth, occupied that Jewish land, held all the nations in a grip, that when Peter went there around those soldiers and the girl said, "You are one of them." He said, "Me? I don't know what you're talking about. I don't know that Man." It wasn't that he didn't love Jesus. He couldn't handle the atmosphere and the pressure, the intimidation that was there, the fear for open

identification, because they were arresting and locking up and imprisoning everybody who was attached to that. That was the realm.

That's why when they started to preach, they beat them and said, "Don't preach in that Name no more." And they shut them up in prison, in the *inner* prison. That is why it took an angel to come. No man could go in there and bail them out - an angel had to come and loose them and take them out. And that Holy Ghost gave such courage. He said, "Go right back in the same temple they locked you up from and start to preach there again."

And to send a lesson to the Church, to break the power of the Church, they killed James. And when they saw the crowd loved it, they said, "Well, Peter is going a few days after. We will give them more of what they like." Because they were watching their influence, and the behaviour of the masses. And the Church started to pray. And the Church knew how to pray. And the Church understood they had access through the riven veil, and that every man is a priest to go before God; and they had the power and the supernatural. And they had angels ministering to them and answering their prayer in the Bible. Is that right? That's what's on the move, friends!

While that group is riding, I want to show you another group crossing back to Eden too. And you are not going back without conflict. Amen. Yes sir! CNN is saying one thing, NBC is saying one thing, brother, BBC is saying something else - they can't see what they are doing. But to the Bride, "*it is supernatural devils unseen to the eye but we can see what they are doing.*" He said, "*We can see.*" Why? The Seventh Angel Message has uncovered their schemes. We know exactly. And that is what I'm showing you this morning, "Look what he started in Eden *here*. Look when he went to Babel *here*. Look when he went to Nebuchadnezzar *here*." Every time, he is doing the same thing in the same place every time. That's his road to get back to Eden. Why did they go back and start civilization there after the flood? They went back to where they knew it had begun, when God started them in the beginning.

Why is the church looking for power? What are they trying to find? Revival, they are trying to find revival. What for? To get back to the book of Acts. They know that's where they had power.

To get power, brother Baptists are reading the book of Acts, Charismatics are reading the book of Acts; Pentecostals are reading the book of Acts; Independents are reading the book of Acts. They know if you want to find power, angelic visitations, stand in one's shadow and get healed, discernment, they knew they had to get there. When a Prophet came he went back there, too. He said, "I watch how those men set that Church in order. I watch how Paul laid that thing out." That is a key. Man knows that: "Go back to the origin. Dig there, dig back there." Civilization is doing that. Politicians are doing that.

You ever watch the historians? A man is going to fight a war. He says, "You know, Cochise fought this kind of war, and he beat two cavalries twice his size. These were the methods he used." They say, "Custer fought *this* war. Patton, when he was up against Rommel and they here; this is what he used." And when they go into war school to be a general, they teach them back through the history of the great wars and the great victories.

When you're in the Word, what does it do? Doesn't it carry you back to where Daniel overcame, where David overcame, where Abraham overcame? That is principle; but you see, when you're religious and not spiritual, you just see it in religion and think that it is something in religion. That is something everywhere in the world. The young athlete, he watches the one who broke the record. Why? While he is coming up, he has that crave in him, and that one is doing what he desires to do and don't yet know how to do it. So he watches that one and starts to behold that one and is changed into the image of that one.

That is why they were beholding Jesus. God told Elisha, "Keep your eye on Elijah." And he kept his eye on him and said, "You have something I want; and if you go *here*, I'll come *here*." A man said, "You're impersonating." He said, "You could say what you want. I'm seeing something. I want something that he has here. He has a hold of something."

Brother, when I saw this prophet my eye became single. And I know I am following him. Do you know why? When I get back in these places I get back right where he used to be, I stand up right where he used to stand up, and I'm seeing exactly what he used to see. And that's why I could say it back exactly the way he said it,

and bring what he said to light, because I'm standing there. That's why I sing that, "*Let the dove lead, Father, I pray.*"

Look at in 1986, when He dropped down. I came back from Africa, He said, "Go to Tobago." Brother, they sent special secret agents inside the hotel to take one of the rooms. The man came out there. They broke open my house there, where I'm living, and they searched up the house and they broke up all my brief case. They had men outside there, in a Coast Guard ship with binoculars, watching to see what was going on in the meetings; men inside the meeting, because it was in the time of elections and they thought some strange thing was going on in the country. "How did all these people rent out all these hotels in Tobago? What is going on?"

Brother we were going in there, "*Father, let the dove lead. There is a message coming forth.*" Amen! There's a message coming forth! There was no "Abel's country" yet, friends, but Abel's country was seen afar off. Amen! Brother, when the tides started to rise in Barataria and overflow the banks and started to spread and move the wall, He said, "*Enlarge your tents and let the barren rejoice.*" Amen! Hallelujah! "This is the time of visitation. I remember Rachel. I remember Hannah." Amen! Glory be to God! And God began to come for His own, friends. We came into Abel's country and began to go across the land, amen, and then from there go out into the region.

Look those brothers are having their last service this morning in Dominica. I talked with them last night and they were testifying to me. And they wanted to kind of connect up, to know the last great day of the feast is coming for them over there. Oh my! Do you know why? Because there was never a desire to congregate people, it is walking in the vision, walking in the Word, fighting the battles. "Go around Jericho, thirteen times, take *that*. Stretch the spear unto Ai. Go over here."

An unseen Captain: *A New Science of Warfare; Our Gilgal, Our Jordan*, circumcise the church, heap up the foreskins; roll away the reproach of Egypt. While preaching *The Joshua Commission* (Guyana in 1982), He came down in the Cloud, moved through the congregation. People stood there and saw it. Ministers ran outside the church, they thought somebody lit a fire; but it wasn't the kind

of fire that man lights. It wasn't strange fire - it was God's fire. It was God's fire. My!

That Roman Power was devouring the earth back in Jesus' time. Brother Branham preached the message, and now I'm going to quote messages for you and you'll understand what a prophet was seeing and saying.

He preached '*Falling Apart Of The World*', December 1962. He is coming up to the Seven Seals. One week after that he is going to see the vision, 'What time is it Sirs?' Because when the world is falling apart that's the time the Messiah was to be born: "*The full Word must be born again; and vindicated by the Spirit of God in the full strength to show that the grain is here.*" It came through three women: Hagar the unbeliever, the Egyptian; Sarah, slightly doubting the promise; and Mary, bringing forth without knowing any man. And after Mary there was no promise given to come because it came through Mary.

And after Luther went forth there, the Egyptian, a type of Hagar the bondwoman, then came Sarah, slightly doubting the promise but brought forth a gentleman, a clean sanctified one, like Isaac. But that wasn't the promise. But then in the Pentecostal Age, down came the Holy Ghost - 'without knowing any man.' And in there was formed a seed in the shuck; but the shuck had to pull back because the seed was not going to be heir with the shuck, to bring out the grain that was formed, that was the image of the life. And then there was no further stage than the grain. And he stood there, he was revealing those things. So 1962, '*World Is Again Falling Apart*'.

My goodness, the time is gone. Let me jump quickly. Listen fast, I'm going to speak a little fast. You see, I was kind of enjoying taking my time this morning and speaking to you and going back and making sure you get it clearly, and making sure I expressed it clearly, too, and that took some of the time; so quickly.

When the world started to fall apart back there and it was time for the Messiah to come, there were economic struggles. What brought Rome in Israel? Now this is the side some of you will never ever study. You just know that Jesus was born there, and you know that is the time He came, and the Messiah was to fulfill the Scriptures. But Jesus' ministry had to operate in the second two

thousand years when the world is falling apart, just like in the first two thousand years when the world fell apart. Because Noah was a type of Christ who saved them out of the old world and bring them into the new world. Jesus was going to come and save them out from the old birth and bring them into the new birth, from the old creation to a new creation.

And these things are always by war. In the time of Noah the earth was filled with violence, in the time of Jesus, same thing. Rome was taking over the whole world and even Israel came under their control. How did Jesus die? The church gave their power to the state. The denominations submitted to the Roman power, and the Roman power killed Jesus. Is that right? God had to make the type for this hour.

So there were economic problems - **economic** problems. That is why it was such a **great** thing, when the woman went and took all of her money and bought that alabaster box of ointment just to anoint Him. Because, do you know how many men she lived with to save that? She wanted to get out of that condition because she was an elect. But she said, "Oh God, one more time and I'll be able to pay down on the land. I'll have the house, I'll get the furniture, and I will never get back in this life." And she was saving up there.

And the most expensive and the most costly thing, brother, when she saw Him ridiculed and rejected, that was too much. She forgot herself and she came back to His feet. And that's why He said, "If this gospel is preached all the years until the end, this will always be told." He put a value on it. He put a value on it because even the apostles knowing the oppressions and the economic problems, they said, "This is a waste. You know how many poor people we could have fed with this." He said, "You have the poor with you always." They were so blind they could not see faith anointing the Word. They were on a religious work and a program to feed the poor. He shook them and lifted them up to see, "Watch what that woman is doing." And when they saw what they thought had no value, He even said, "This is unto my burial. It is for a purpose here."

Brother, I tell you, sometimes you'd better have eyes to watch some people's behaviour in the presence of God, to watch where the anointing moves and strikes a heart and somebody does

something; and where religious men stand with scorn and speculate and try to criticize, and ‘*shoo, shoo, shoo*’ (gossip) about it because they don’t understand anything about it many times.

Remember Gehazi? The woman was running to Elijah. He said, “What happen to her? The prophet told me to talk to you, girl. Look I have the man’s staff here. What’s happened to you?” He said, “Leave her alone. Let her come to me. Don’t you understand what is going on? She wants to come to the source. It is faith. She knows that the child came from *here*, not that stick!”

How we need the eye to see spiritual things; to have discernment, spiritual discernment. How we need to ask God to raise us up that we could see, we could perceive, friends. We could walk with God, that this Holy Ghost can flow through us and move us, brother where it is not by our might or by our power, but we become so conscious of being moved and being used as an instrument in His hand.

Because the economies in the world, as I was saying. Just like you have France, you have Spain, you have England who has the Commonwealth, you have America now. All these colonial powers, it is because of the economy and the economic problems that they need wealth and resources to keep surviving. I’m closing, so listen to the thought. They need that to keep surviving.

It is like a wounded predator, a wounded animal that is going to die from its wounds. Just like the hart that is losing blood has to find the water brook to survive, and if she doesn’t find that water brook she will die, the predator knows, “If I don’t get meat, if I don’t get food, I will die. Because once those other big ones see me wounded here, lions in my own pride will fight me to take charge of the pride. Other leopards and hyenas who usually have to run and back off from me, they will gang up now. And as they see me kind of wounded, they will want to kind of move in on me to kill me, because they will realize I’m vulnerable.”

You ever see how vultures see a man walking and drifting in the desert for a few days, and they start to gather? Life has not left the man’s body as yet, you know. But they realize he is vulnerable, he is dying; and they know there is no water nearby because they are flying so they could see afar off. They know, “Let us hang around here. We have food here for the next month, if we stay here. Don’t go and run after some rabbit there. Hold your hunger, “band

your belly” and just keep hanging around here. He will fall any day now.”

Remember when the Soviet Union was collapsing? It was each day, each passing week almost, one (nation) went down, one went down. And they were coming out in the streets and they were protesting. They come out of the universities. You see how the spirit has started to move again with all this war protest around the world? And it is spreading like fire because everybody is seeing the image around the world. It is on the TV screens, it is on the Internet and the world is seeing it. And the fire is striking others, and they say, “We should do something too.” And some rise up *here*, “And we should do something too.” And some rise up *here*. And some are saying, “But we are just letting it go on. Whose side are we on? We have to stand for something too. Look at that fourteen-year old boy outside there, look at how the boy is speaking up. Look at this old man here, he is not saying a word.” And then people start to rise up and rally.

And that is what is happening right now in the world; and when you see the winds blowing on the waters and the waters are moving and the beast rising up out of the water; that’s Daniel we are talking about. I mean, I can’t be teaching these things here for the past four or five weeks and then some of you sit down here in church and you’re hearing Daniel and taking notes and your head is somewhere, and you don’t really know what is happening. Are you sure you are getting what is being said? Now listen. We have baptism coming up here in a little while. My!

So when Jesus came, there were economic troubles. The politicians came up with the taxation, more taxation. They started to restructure the society because they had to bring in new management to establish greater control, and pass new laws to control the population that was exploding, and to keep them checked, because there were revolutions stirring among them, and they didn’t want any problems.

If you all ever saw *Ben Hur* - which the prophet said was one of the inspired ones they made, along with the *Ten Commandments* - *Ben Hur* showed you clearly how the Roman legions were oppressing there and breaking everything and controlling the people. And these people who were religious: God and Solomon and David and the father Abraham and the prophet Elijah in that

land, had done all those things, now they were seeing Romans, with all kinds of false gods in the land and all kinds of pagan things all over the land, dominating them. They couldn't handle that. They couldn't handle that at all. And they see their own religious leaders, the Sanhedrin and they were playing politics, and started to get sweet with Pilate and the governor and all of them to exist and get better conditions. And that is why Barabas was fighting because He saw their hypocrisy.

That is why we have an Abu Bakr too, you know, and we have all these kinds of different things here. What is breeding that? Economic trouble in the land is breeding that. What is bringing paid killers? Economic problems. What is influencing it? What they are seeing, the life they are seeing on the screen: they want to wear *this*; they want to drive *this*; they want to be *here*, and then their economy isn't supporting that kind of lifestyle. And then you watch the politicians, the 'parasitic oligarchy', and you see what they are doing. Read it. You have to understand the Bible. And that is breeding this kind of society. And that's why God moves.

When do you think Daniel and they got revelation? Lying down in their beds? Brother, they were building an image, and Daniel and they sat down there and saw that image forming. They saw that image forming, 666 forming: six hundred cubits, sixty-*something*...it's in the Bible, right? And they sat down and watched it forming. The day it was formed now, they knew, "Aha, this is the big Inauguration Day." And they got the music and they got all the people. That was a political necessity in order to bring all the different peoples of different cultures and different religions in the empire to be bound by religion. There are certain things, friends that are a political necessities.

That is why sometimes, you young ones, you're outside there in a world that has so much influence. When you hear the Word and you take in that Word, the Spirit brings it back. So sometimes, something comes up there and your friends and they say, "Oh gosh, isn't that nice? It is fashionable." Because it comes in a way to entice and seduce the public, it comes in way that is appealing to the people, so they would accept it. And you have to say, "No, no, no. The Word of God says *that* about *that*. I was in church; I heard the minister say that. He referred to *this* Scripture here." He said, "Look at what happened back there in Daniel's time. Look what

happened there in Nimrod's time. Look it's the same thing that's coming here. Don't get fooled with *that*." And you understand what is going on.

And those wounded beasts were conquering. The only reason they were going into conquest is because they needed resources to survive. They weren't going for resources to hoard, you know - their survival depended upon it. And the reason for the aggression, the reason why no amount of protest - there're millions in the streets and it means nothing to them. They say, "We have laws to control you all; you all are not our problem. We need *this* right now, and we can't afford to have these things in the wrong hands and running loose. When we have this, we are going to come back and give you all programs to sedate you all and bring you all back, behaving properly. We know we have a maniac running out there and carrying on wildly, and you know, want to cut down the tree in the yard and do different things; but right now we are doing something so important here, that we can't leave it. He may cut down two or three trees, but when we are done we will lock him away for a while. We will teach them some sense. We will deal with them when we are done, because all that they are doing there, we have camera on them. We know who they are; we know the body (group), we know their leaders. We know how to deal with them when the time comes. We are not going to leave this big buffalo, we are going after here to listen to these bunch of little goats that are carrying on and stamping up the place and eating down people's grass. We are not worrying about that. When this buffalo is in the deep freeze, we will deal with that afterwards." I have to bring it down in layman terms for you.

So like wounded beasts the Assyrians started to gobble up. Then, "the lion left the thicket"; he was going for Judah. And when he saw Judah, he said, "That is the one I have to have now." Because of the economic problems. What made the Soviet Union dismantle? Economic problems. Their economy suffered trying to go ahead with the arms race. Then they had to restructure: *perestroika* - restructuring, beating the sword back into ploughshares to help their economy.

But look what is happening now, friends. All of this that is happening, happened before. And in this present Gulf War you know what we are seeing? We are seeing how mystery Babylon

and her armies are taking over the river Euphrates. They are taking over the Tigris River. In other words - I'm speaking biblically, you have to understand me biblically now - they have not gone for the river with water. There is a river there that is flowing with oil. The river with water was to water God's Eden, but the river, the Euphrates that flows with oil and the Tigris that flows with oil, that is the water to water the beast's garden.

Let me wake some of you all up. How many of you know for six thousand years Satan has been building an Eden, on science and technology? He came from the Agricultural Age to the Industrial Age to the Information Age. He is getting ready to be enthroned as God. The *Fourth Seal*: globalization, uniting all the powers together, *Uniting Time and Sign*. While that uniting is going on there's another uniting happening here: the Bride is uniting with the Word. Is that right? *Invisible Union*. We are in the Message, right? So then watch something. So in this war and conquest, they are fighting for oil.

We are fighting for oil, too. We're fighting for oil, too! When the foolish virgins rose up they had no oil. They said, "You can't get ours. Go and get your own." Because why? This economy is running by oil. Oil is the energy that is fuelling this.

Now watch something. They are trying to get to Eden. They are trying to get to Eden, and they are at the river Euphrates, because if they take the river Euphrates and the river Tigris, they'll cross over into Eden. You say, "Is that so?" Yes, I'll show you how. Brother Branham preached, '*God of This Evil Age*', '*And Knoweth It Not*', and '*Satan's Eden*'. He took the vision and divided it in three, three parts: the god of the Eden; the subjects of the Eden, blind wretched, miserable, and don't know it, '*And knoweth it not*'; and the Eden, Satan's Eden built by science, a place where sin is legalized.

Because Adam, Eve and Eden in the beginning, was God's civilization. That fell. Satan wanted to be like God. And for six thousand years: first two thousand years the world fell apart; the second two thousand years the world fell apart; and the third two years the world is again falling apart.

First two thousand years birth forth Noah, a prophet revealing Christ, a mystery to save the elect out of the world. Second two thousand years, birth of the prophet, the God prophet Christ, a

mystery to save the elect out of the world, before Titus came and destroyed that whole nation. Is that right? Then the third two thousand years, a prophet on the scene bringing forth the Word again to save an elect and take them out again. Always! First time, the earth was destroyed by water. Second time, His blood sanctified it; fell upon it. Third time He is going to burn it by fire. Water, blood and fire brings a new civilization, brings a new birth to this world. Is that right?

Here, why are we getting out? We see the laws being passed already under 2001, September 11<sup>th</sup>. The Holy Spirit dropped down right here, went in the Word and opened those things and said, “Watch ‘*The Evil Councilors Behind The White House Throne.*’ Watch, ‘*The Real Cause Behind the Present Troubles.*’ Watch, they are ‘*Weighed In The Balance And Found Wanting.*’ Watch ‘*The Age Of Inquisition.*’ Watch the repeat performance of all diabolical cunning and cruelty. Watch, ‘*the Royal Seed Hidden In The House of God*’. Bringing the messages to show what was happening! Uncovering what was taking place, saying, “Look how they are passing these laws. People are giving up their liberty for security, because the governments create a crisis to bring fear on the nations, and liberties that they would never give up, they gave them up quickly.”

That is what they used on the Saudi Arabians back there in 1990 in the first Gulf War. They say, “That man is going to invade you. He took Kuwait already. We have to come in and help you. If we don’t come in and help you, he will take over the region and control all the oil. He will shut down the Western world.” They said, “Yes, come quickly. Come quickly.”

Thirteen years afterwards, that base has not come out of there and they’re still inside there. They are in Kuwait right now, and then they’re taking there (Iraq). And they’ve already started to tell the Syrians and they, “You’re giving night goggles? You’re doing so. Let us know, once and for all. We will deal with you all.” Do you see what they’ve gone in there for?

Then they told the Palestinians, “We are giving you all a state right next to Israel. We will give you a government, army, everything, right next to Israel”, because the Vatican is behind the Palestinians, not Israel. The plan is that they’re going to trap Israel

and bring them into debt, tie up their money and then break the covenant.

So if we see the world uniting and everything is uniting. And then with this resource here, the world's largest reserves get under their control, all the reserves; the energy that fuels his Eden. Do you get what I'm saying? He can't be enthroned and control trade and commerce if he doesn't have that under his control. Then he is incarnate as God. Then he holds the world's trade and commerce in a pact. He could rule everything and he could enforce what he wants and you can't buy or sell.

And he has his dogs already bred, and you see how ferocious those dogs are. Brother, in about eight days they saw more bombs than all the history of the world. And you are only seeing people fleeing; right now it has run into millions in starvation already. People who had a little thing they used to call home, a little place where they had a bed; a little place where they used to prepare their husbands' breakfast and eat with their children, you see them on the dusty streets going nowhere.

And then they say, "We can't send in any aid as yet, you know, because the roads are mined." And where they hand out some water bottles and one lunch, they show that to everybody, and they say, "We are trying to get some aid in." But you're not going to feed a people that are going to tie up your troops and divert you when you're fighting a war and you're trying to take the capital. You don't get tied up with that humanitarian business because they have to die, because you are depopulating. That is why you are there, because all these little elks and deer that are over-multiplying and creating famine in the world, don't know that the politicians and the religious ones, the spiritual ecologists and spiritual biologists know, "We have to reintroduce the grey wolf. We have to reintroduce the predator; otherwise we will not be able to restore the ecological balance. Everything will die. They are going to overpopulate and go into starvation and bring themselves into oblivion. But we can't tell them what we are doing." Watch the beast, friends!

When this thing ends up in a couple more months or a couple more years, however long it takes to finish play out, Satan's Adam and Satan's Eve will be in Satan's Eden. And the tree of knowledge of good and evil will be the tree in the midst of the

garden that Satan's Adam and Satan's Eve is getting their source of life from, that tree in the midst of the garden. And the river that waters their garden, is the river of oil that comes from the river Tigris and the river Euphrates because that's where the world's largest supplies of oil is. And when they control that oil that means they control that region, they control the resource; so that they could even break the other big predators, like France and Germany and they. They could break those big predators and squeeze them and pressure them to walk the line that they're walking.

This age is the uniting time and sign. He is devouring the earth. "*Devouring the whole earth, breaking it up in pieces*" - it is the restructuring. He is breaking up the world. The world was broken up in two pieces after World War II, which was the cold war, the Eastern World and the Western World. Russia and America are the two big toes, the two super powers that ruled the whole world. All the rest of nations polarize around one of them. They carried the world into a dead end. And the Roman power had to be let loose, so they had to de-communize. They had to break the power of the Soviet Union. And they took a Communist pope.

That is why they took a Communist pope, because Poland is the biggest ally of Russia; and that became their door. And America and the Vatican came together to break that. And then Poland made the Catholic church their legal religion in Poland. And then it came out in the open: "holy alliance", how President Reagan in the White House and John Paul II in the Vatican planned the destruction of the Communist system, dismantled it. But again, their success is only short lived. Their success is only short lived.

Then, "stamping the residue out." After they devour the main resource and they have it, they have to increase the death rate. And they have power to kill one-fourth part of the earth. And watch them, they kill by these three - smoke, fire and brimstone - they were killed in World War II; by these four they will kill: famine, pestilence...I'm saying this so whenever news rise up, and you see large numbers of people being killed, see what they are being killed by. And when you see that you understand in the back of your mind what the Seals are.

The Seals were mysteries hid in the Book, sealed up, that the world was going to be deceived if the elect didn't get the revelation

to see what is happening, because it is “*supernatural devils unseen to the eyes;*” but it took the opening of the Seals and the revealing of the mysteries to show what is in the earth, because it has happened already. It happened with Nimrod. Happened there in Babylon when Daniel and that little group came there. Happened in the time of Jesus when that Roman power came there; and Zechariah and Elizabeth stood there; Joseph and Mary stood there; Simeon and Anna stood there.

In ‘*How Can I Overcome*’ the prophet said, “Watch those groups: Simeon and Anna, Joseph and Mary, Zechariah and Elizabeth. They’re types of the Bride.” Shepherds, wise men down in there, they all had the revelation in the first coming of the Son of Man. When the taxation was passed, when all the troubles was in the land; when revolution and war and change was taking place, it was going on in the land because *that* was breeding in *this*.

That’s why we need that kind of Message. Do you know why God had to send a prophet? God didn’t have to send a prophet because it’s the last days and He promise that to the Church, you know. It took prophetic revelation because Satan is working through the nations. He is forming a system. Ten kings are to give their strength and power to the beast. They are to agree in one mind and give their support to something that looks good because when this man starts to speak with a mouth with great flatteries.

Friends, let me tell you something. Do you think it is the political man who sits down in an office, who runs the show? I mean, wake up, man. The real governments of the world and the real architects and the power brokers of society are unseen.

Let me show you a little thing here. Look at BWee (The Trinidad and Tobago Airline). With this war here BWee is going into receivership right away. Right? From the time it happened, a big billionaire, one man who owned Caribbean Star came in here, a predator. They are operating out of Antigua, and he has great clout with the Antiguan government. Have you ever heard about the Birds in Antigua? He has the Birds: left back pocket, right back pocket.

Do you understand what is happening? You see, you all sit down there, and there’s crisis, war is going on here but the big airline that the whole Caribbean depends upon is falling through. Then LIAT (The Caribbean Airline) had to get bailed out too, just

recently here. What are you going to do? Would you walk on water to go to St. Vincent and Dominica? Or would you pray them through from here? Or you would then get involved in the missionary work? Yes, you see, because people just sit down here, head in the clouds, feet off the ground; hearing things but can't relate, can't apply and don't know where it's at.

But look, friends. Satan is only impersonating what God is doing. And when she gains control of that resource then she steps into her Eden. They can't cross over and become the world power. The information age is the tree of knowledge. It's a knowledge-based civilization; information has become your greatest resource. It is greater than your weapons; it is greater than everything, your information. And what do you think is causing all this war and advantage? It's the eye in the sky. The eye in the sky - satellite; they are seeing everything. They have things to jam all the communication. They have things to eavesdrop on everybody, surveillance society. They have things that could track everybody. It's not coming in, you know, it is here.

And the government doesn't have to get elected, you know. They only have to become, the offices have to be filled with the faces, who behind the scenes. Have you ever read about these men, Mr. Rumsfeld and all of them back there? Go back in the history. Those men were way back past Kennedy's time. They had offices all in the White House and all those places. They come up through the rank of politics. Why? The power was growing through Ramses and growing through Moses.

This power that's here, this power was way back since the prophet was here. This is growing up for the last thirty-*something* years. This has been growing up. One is growing through a spiritual channel; one is growing through a political channel. Do you think that the Ecumenical move came in just so? That started since 1958 when John XXIII - isn't it John XXIII who said, "That we all may be one?" After him was Pope Paul VI. Right? After Pope Paul VI, then you had John Paul I. Then after John Paul I, you had John Paul II. Well, look how since the Ecumenical move started that is growing, growing, growing, growing, until that beast will speak with the voice of the dragon.

Look where the Holy Ghost is loosed, and the Bride is being gathered. And the Bride is being formed in the image, and she will

speak with the voice of the Archangel. That thing is growing. People don't know you today; but all of a sudden, when that door swings shut and God really begins to show some dynamics, "*He'll really anoint a Church after the doors are closed like in the days of Noah. Then you will see,*" he said, "*That little old washwoman, that little old man with the lunch bag over the hand going down there, you will realize who was God's man in the kingdom.*"

You will realize that all these big television preachers and all these kind of different things that they have there, you will realize where the Word was growing up. Because God said, "Hide yourselves. Hide yourselves." And then He said, "Show yourselves." Then He said, "Hide yourselves." And then He said, "Show yourselves."

Right at Eden, they are on the border of Eden right now. And that resource, when they get that resource and they control that region, the only thing left is the covenant with the Jews. As I preached to you already, a marriage has three phases: courtship, agreement and marriage. They already had the courtship. They already had the agreement.

When the pope went, 'the King of Babylon is come to Jerusalem.' When he went there a couple years ago and I preached, '*The King of Babylon Is Come To Jerusalem*', the main rabbis said, "The head of all Christianity has come here." They even recognized this man to be the head of all Christianity, because the Jews do not know that Spirit. They knew pagan Rome, they don't know Papal Rome. Moses and Elijah have to uncover that beast to them. When He seals them with the Father's Name, then brother, you watch them, they get two wings to fly like a great eagle. "*They will be nourished for a time, and times and half a time*" inside of there.

And friends, when I watch and see at the breaking of the things that are happening in the earth now: the biological warfare, the depopulation, the wars, the conquest for the resources; the Holy Spirit has been giving you the Word, showing these things. And this morning, think of how close they are to setting down that mark.

You say, "They need to pass the laws." After September 11<sup>th</sup> all those laws were already passed. They only have to identify who are terrorists. They only have to identify who is a menace to

society. They don't have to get a law for it; they only have to execute it now. On a national level, they'll start to show them up. They say, "the axis of evil." Then they are going to come to the *spiritual* axis of evil. Do you know what it is, friends? When you get down to the bottom, it is spirit. It is not flesh, "*You wrestle not against flesh and blood. It's against principalities and powers, the rulers of the darkness of this world.*" The principalities are the ones at the top, "*spiritual wickedness in high places.*"

Is the Church conscious of what it is going to take to do battle with them? You're coming against somebody who has laws and political powers to shut you away in jail and keep you there indefinitely. They have pressure, interrogation to give you a nervous breakdown. You better have the helmet of salvation. They have a thing, that brother, when they are done with you, they could take the law and make you look so guilty of so many offenses, that if you don't know in your heart that you are justified before God; and that you would rather obey God than man; and you know where you stand and you have on the breastplate of righteousness, brother there is no way to stand against them. Because, remember they have the world on their side. They have the system on their side.

Some people can't even handle disagreement with one another. Some people can't handle pressure with their neighbour. Some people can't even handle a little thing on their workplace. Could you resist that? People in the workplace have no law; they have no jail. When the system comes and shows you up a certain way, how will you deal with that? And then sometimes somebody tells a lie on you and you get so upset and bent out of shape. And when the system could publish their lies and influence a nation, how will you deal with that? The kind of test God gives you is what you're going to face, you know. Because your test is training for when the real thing comes.

Did you see what we went through here a couple years ago? Sure, because when you look back in the Bible, that is one of the ways. Everything that you're being trained with is what you're going to face. There is nothing in the training that you don't use in the war; because the training is really someone having a vision of what the war is. That is what they use in the war.

They're just about to cross over into their Eden. They are just about to cross over into their Eden. Those two rivers water Eden - the natural Eden - and make it flourish. But in this scientific Eden you have nuclear "plants", you have motorcar "plants", you have information "plants". You have all kind of scientific things. It's a manufactured world. God's world came by creation. God's world was built for life. This Eden is an Eden of death. It's a scientific world. And that's what we have come down to: scientific clothing, scientific transport, scientific food, scientific vision. Everything is by science.

But in God's Eden, Adam didn't need television. He had an information superhighway. Elisha, Elijah, Moses, they tapped into it. Daniel and they lived in it. Adam didn't have this kind of clothes. He didn't need this kind of clothes. This is a sign of the fall. This tells us we are still in the fall; our bodies are still trapped in the fall. But when you hear us speak, when you see us stand, you know the inside is not fallen. You know man is being restored on the inside; man is quickened and raised up into heavenly places. All these things are moving us up back into another civilization.

Are you conscious of that, brother, what we call the "Third Pull when the squeeze comes", is a people who have crossed back to that Eden too? When you're eating the mysteries, isn't it a man, "Take John and eat. Stretch forth your hand and take." God in the beginning said, "Put the cherubim to guard the way." Now He is saying, "Reach forth and take it and eat." Man can eat. The very fact that you are reaching forth to eat that Word in season, every season the tree is bringing forth its fruit, you are eating the things.

How did the fall come? By eating. How are the restoration and the redemption going to come? By eating. They eat from the tree and they died. You have to eat from this Tree and live.

Did a prophet cross back there? Did he have eternal life? Did he have fellowship with God? Did he have power over the earth? Was he in the image? Did he walk with God?

They are crossing back to go into that Eden. They are trying to get that resource, because that's where Eden was. That's the last thing they want: that's to secure the deal. That's to secure the thing, friends. That's why, September 11<sup>th</sup> He said, "Get the church in order." *'Spiritual Scientists In The Zero Hour'*, started, *'Faith'*, *'Ministry of Angels'*, *'Power of True Confession'*, kept

bringing the church through those things. ‘*Results That Follow Angelic Visitations*’. Then came over here and struck these things. Look where it has gone. ‘*Prayer*’, Tabernacle - ‘*Two Altars in the Tabernacle*’, ‘*Four Horns of the Golden Altar*’.

Look where those four horns are - under your Sixth Trumpet where the river Euphrates is, where those angels are let loose. Hitler died. Mussolini died. Stalin died. Are there no more angels in that river? Is Bush an angel? Is he unleashing the same terror for the same power to achieve the same ambition? Remember this is not God versus Satan, you know. The kingdoms of the world are of the devil: Iraq is of the devil; America is of the devil. This is beast fighting beast. Medes and Persians fought Rome. Greece fought *this one*. It’s predators fighting one another. Why? Satan’s kingdom is not by love. They fight and compete and have jealousy and envy, and push off one another for ambitions. It is a rat race. They all want to be on top.

But in God’s kingdom, they understand their place. Everybody understands his place. Everybody is placed out: Judah is *here*; Ephraim is *here*; Manasseh is *here*; Reuben is *here*; Gad is *here*. “*You cut wood. You mine the minerals. You go out in the sea. You raise these sheep. You plant the wheat.*” Amen, that’s God’s economy, friends, under the headship; united under one headship by the Holy Spirit. Amen. Let’s just stand to our feet. What a time, friends! What a time. Think of it. Think of it.

What is this “New World Order”? In 1990 in the first Gulf War, President Bush, George Bush (not this one - the father), when the Berlin wall came down, he was the voice that they used to declare for the first time the coming of a New World Order. A couple weeks ago, the Caribbean leaders gathered here. They are still trying to come together and can’t come together because few of them have a vision of globalization. *The residue will be stamped*. The residue is going to be stamped.

What is going to happen in this island? Do we have a part to play? What was our part? Where is our part? Look at our politics. It has no direction. Look at our religion. They don’t know where to go. What do we have? Carnival - a bunch of naked women “wining down the place” (gyrating). Look at our “think tanks”: They sit down and analyze Crazy’s calypso, and they sit down and write.

And where are all the great thinkers? You hear all the philosophers and scientists who tell you about the history of the Caribbean and *so and so and so*; and try to bring to bring in the Greek society and *this here*, and explain “the complexity of the nation” and all these different of things. Yet all of this is going on and not one of them can say anything about what is happening. All the political scientists, where are they? What is the future?

Remember here we have the Serpent’s Mouth on one side, the Dragon’s Mouth on the other side; the Devil’s Woodyard on the other side. They have the three peaks that Columbus saw and, being a Trinitarian, called it ‘Trinidad’, which means *trinity*. Someone said, “we have the steelpan and we don’t know what to do with it as yet.” Think about what I’m saying.

Where do we stand? Where is the Bride? Where is the Bride in the nation? Where are the leaders in the Message? I’m not saying that in a derogatory way. I’m trying to say, “Shouldn’t there be people standing out somewhere, seeing what is going on and trying to warn the people?

Isn’t that a lion crouching up in the grass? Aren’t the sheep nervous? Isn’t the wall about to fall? Then where are the birds? Is there nothing to warn the birds to fly out from the rocks? The sheep, the cows and they cannot sense danger and go out and stand away from the wall, in the hot sun against the shade? Is there no warning device?” Oh!

Daniel knew. Daniel said, “Oh King, you are that head of gold.” He said, “You are that lion, here.” He said, “Belteshazzar, your kingdom is finished now. The Medes and Persians, that river is dried up and your kingdom is finished.” This river is dried up and the kingdoms of the world are finished, too. Rome is going to rise and take over, because she will have that. The battle was always there.

And watch something. Now at present when she takes here, do you know what she is going to do? Set up a false worship and bring a persecution, when she controls the resource. Isn’t that what Nimrod did? Isn’t that what Belteshazzar did? Isn’t that what the Jews and they did back there when they gave their power to the Roman power? Didn’t they persecute the Christians afterwards? Think of it, friends.

Can you see what I'm saying this morning? Every time Satan tried to establish that. It wasn't yet in Nimrod's time. It wasn't time in Nebuchadnezzar's time. It wasn't time back there in the Pergamos Age. It wasn't time then; but now it is time, because the end time messenger has come and the Seals are opened. Now it is time, *this* time, but again, the success will be short. And right now where are they? At the river Euphrates. Who is it? A religious sect: Protestants and Catholics. They are crossing back into *their* Eden, their *scientific* Eden because if they don't have that oil, their Eden is going to dry up and decay, and won't live.

If God didn't have that river in His Eden, God's Eden couldn't prosper. It would dry up too, and die. That river was to water that garden. That garden was where God's Adam and God's Bride was there in God's Eden. Now Satan's Adam and Satan's Bride are in Satan's Eden. And *that* waters that Eden.

I don't know how to say it any plainer. That's the best way I could say it. But I know that's what it is, because they are not there for weapons of mass destruction. They are there for oil. They are there for oil. That's why when they get that they could destroy the present day money system. They could demand gold. They could bring the biggest of nations to crumble.

Then they could bring a 'forcing'. With terrorism around and people hiding under all kind of little forms of religion; and all kinds of people are raised up as self-styled preachers and self-styled imams and self-styled everything, and have no papers and are not recognized by the government? Then they start to herd you: "Get in there and register and get organized." And that is where the pressure is.

Remember we are not going to reach the place to buy and sell, you know. The Bride would not see the setting down of the mark. Remember that. Remember when the Bride goes up Satan comes down, incarnate in the man of sin and becomes the beast. Then he sets down the mark. The squeeze is to put you into his system if you have to survive and have continued existence; otherwise, you will be forced to stop preaching and give comfort and help to those connected to you. And to do it, you will be doing it against the law, without permission and recognition by the state.

That's why you see coming through here, we are walking a road that we must be ready to turn and just walk, keep on walking.

You don't go back for your goods in your house. *'When you see Jerusalem compassed with armies, let not your flight be in winter.'* Know your season to travel. Because your own fear and your own lack of understanding will bring your own death, not even the state. The winter will kill you if you try to flee then. You don't wait for the last minute, and then the conditions for travel is not suited for travel.

A lot of responsibility is left upon you who claim to be a believer. Do you get what I'm saying? You can't say God is not God, you know. There is human responsibility. Jesus told them why not to move in winter: "It would be too difficult to travel. Don't go to the mountains. You will trap yourselves up there and die. How will you survive up there? Wild beasts and everything will take you out there. Make sure you are not like Lot's wife, going out and still you're attached to *this*, and attached to *that*."

And that's why young people, many of you can't listen too long in church and get that Word in your hearts, and you are falling in love with a lot of the wrong things. And when it sets you on fire, you have nothing to fight it off with. Remember to fall in love with this Word. This Word will lead you to the right mate when the time comes. This Word will lead you to the right job; lead you in your life, lead you in everything you have need of. The Word will be "*a light unto your feet and a lamp unto your pathway. You will not walk in darkness but have the light of life.*"

Know the value of the Word. We are in a changing time. These kinds of pressures that are coming here... Right now you are depending on mammy and daddy, and they give you *this*. Brother gives you *this*, uncle gives you *this* and aunt gives you *this*. It is coming to time just now when mammy and daddy wouldn't be able to give you what they used to give you, because they wouldn't have any source to give you from there, where they are accustomed to getting. They will have to be getting from God then. They'll have to look for those ravens to come. They'll have to look for that angel to appear with them cakes when Jezebel is coming. This is the time you want to get in that kind of atmosphere because He is raising us up to live in another economy.

It is fierce fighting. It is some of the most powerful weapons that are being unleashed, because they have to have that oil at whatever it costs. You just come in and say, "Lord, give me the

Holy Ghost”, and then you’re done. You have to be prepared to fight for this; and realize that you’re wounded, and if you don’t get to that river, if you don’t get that oil, friends, if you don’t get a hold of that resource and it becomes yours; your talk might be big but your energy level...

You know ‘power’ in the Greek is a word call ‘*energia*’ or something like that, spiritual energy, anointing, a charge. “*A surge of the spirit is*”, is what the prophet said. A surge. How many want that surge today, when you see what we are talking about? Let us bow our heads for prayer. I want to call Brother Glaude to come and pray. I want everyone in the rooms right now, on the outside, in the multipurpose room, whether you are standing or you are seated, as we close this service here, think deep this morning.

What are these things? Is this what the Spirit is saying? Could it be these things? If it really is friends, think what time we are living in. Are you getting ready? Are you understanding? How are you living your life? What are the things that are happening?

Look in your own life; see how you are handling your battle. Are you overcoming? See if the enemy is prevailing against you. Who has control of your prayer life, you or him? Your energy resource, do you have a hold of the resources, or has something cut you off from it? You are living in human energy; you trying to live by human strength. Is that what it is? Or it is God’s strength being perfected inside of you? There is a hidden power you are discovering within you. Think of it.

As our brother would pray, let us not just listen to his prayer. Let us in our hearts unite, and let us too be focused. And out of the depths of our hearts, as this light that has shone upon the Word today, we have been hearing these things. Ask the Lord. Daniel saw things in the vision about what was happening around him and he couldn’t even understand. He said, “I sought God for it.” He said, “And then Gabriel came and I heard a voice say, ‘Gabriel, make this man to understand the vision.’”

You might be hearing things that are difficult for you to put together. Would you be sincere enough to seek God for it? Could God send that same Gabriel? Did he come in the time when the Gentile dispensation was just coming in? The time when Babylon was taking over the world, devouring it, getting ready to bring a

religious persecution? Is it going out the same way? Think about it. If it is, then are you one of those Daniels to rise in this hour?

The prophet said, "*It is time for those Daniels to rise.*" Gifted people: wisdom, knowledge, interpretation of tongues, faith, working of miracles, shut the mouth of lions, quench the violence of fire, God revealing hidden deep secret things; conviction to stand and not compromise; prayer life - praying three times a day. Where are those Daniels? That's the characteristics. That's the identification of the Daniels in this hour. It is time for those Daniels to rise, friends. Look where they are, getting ready to cross over into that Eden.

Let us pray. Take the person's hand next to you, right where you stand. And as our brother would pray, may God send His favour down upon us. May we be sincere in our hearts. Thank you, Jesus.

[Bro. Glaude prays.]
