

Third Exodus Assembly

# Remember Lot's Wife

Pastor Vinworth A. Dayal  
**3<sup>rd</sup> August 2005**

## REMEMBER LOT'S WIFE

3<sup>rd</sup> August 2005

Bro. Vin Dayal

Amen, praise His mighty name. Let's bow our hearts in His presence. That was the song they sang when they saw their enemies destroyed in the Red Sea, the very enemy that God had delivered them from tried to come back and make a second claim. Moses says stand still today you'll see the salvation of the Lord. When they saw Jehovah came down and drowned everyone, those Egyptians, in the Red Sea they began to sing; *the Lord is my strength and my song He has become my salvation*. It was a time of great mighty deliverance. What a great expression of Calvary when they saw that great crimson stream, that Red Sea of His Blood and every devil's power was broken that the people might be redeemed to serve God, to worship Him in Spirit and in Truth today. Blessed be His wonderful name.

Gracious God we rejoice tonight because of the great mighty work of salvation that Thou has wrought on our behalf and the great revelation of it, Lord, that has been proclaimed in this day through the opening of the Seven Seal, showing to us what Christ has achieved for us. What great benefits for every believer that laid in that great redemptive work on the cross. With these things on our hearts, dear God, as we sing the song tonight, singing Lord with this understanding, singing, dear God, with this realization that You have become our song. A new song that we can sing to see You unveiled, to see You reveal, to know that you're the theme to everything that we do, dear God, Lord and what so ever we do in word and in deed we do it in the name of the Lord Jesus Christ.

We rejoice tonight Father that we have been redeemed by the Blood of the Lamb saved and sanctified, as the song writer, says, all my sins are under the blood I've been redeemed. Lord God we thank you father that it was a work once and for all, a finished work that after you have triumph over the enemy the bible says you sat down, oh God. To know that those priests in the temple Lord with the old animal sacrifices they continually offer them day after day after day but by one sacrifice once and for all You

perfected them forever. Then who are sanctified Lord, oh God Your work was complete, dear God. And tonight we stand Lord rejoicing in this completed work of our Lord Jesus Christ. We sing our praise we offer our prayers that it can come up to You through the Blood oh God. Hallelujah! that speaks on our behalf in the presence of the living God where that great Shekinah glory hangs there over the mercy seat between the wings of the Cherubim's. And our great High Priest offering Himself oh God as that Sacrifice for us. Oh God, how we thank You tonight, Father, at this great revelation has been proclaim once again Father, seven thunders uttering their voices to make known these things, Lord, to the Church that we might live in our God given privileges. Too long you saw your church halting, drifting, oh God, unable to live in the position that You have restored them back to, Father, but, Lord God, how in this hour we strive, dear God, even as we come into your house tonight to take up our position. We come striving Lord to take that place and to keep that place like it was to them that crossed the Jordon and entered into the land, when it was revealed to them where their inheritance was, what their position in the holy land, in the Holy Ghost was, Lord they fought and they took that place and they refused to be shaken from that place because they were placed positionally with all authority and power, oh God in this great Ephesians at the end of this age, since the seals have been broken as we come back in the land of our fathers, this great Holy Ghost, this inheritance Lord where we can live in victory, oh God, in this hour.

We prayer tonight that your Holy Spirit, Lord, will quicken our hearts and minds that every one, dear God, would be in the channel, in that only provided place of worship, where we can offer our sacrifice, Hallelujah! Where we can worship You dear God, in the place where You have placed Your name, in the allotted revealed Word for this hour, dear God, where You meet with the believer, Father.

Have Your blessed way tonight. Bless all that is gathered in Your presence tonight. Let the healing be made manifest, let the salvation and deliverance be made manifest oh God, let the out pouring of the Holy Ghost be made manifest. All Your children Lord would come in your presence believing expecting to receive confessing, oh God, **Knowing The Power Of True Confession** oh

God that You are the great High Priest Who intercedes upon our confession and You make the promise good, Father.

Oh God, have Your blessed way in our midst tonight, get honor and glory.

Remember Your children out in the islands, oh God, may you be with them in like manner also that the spirit of the living God will pulsate in every heart, oh God, and You will move in the breaking of the Bread, the quickening power bringing divine revelation, bringing the Word back to the understanding to Your children teaching us further on these things and leading us and guiding us into all truth, even as you promise You would do taking the things of Christ and showing it unto us, Lord, that we might stand, that we might overcome in this evil age dear God. Knowing that this is the dispensation of overcoming that we might possess the inheritance, that we might inherit, oh God, Father what You have given to us in Christ.

We thank You, dear God, we give You praise tonight in this great hour Lord that we can be a Christian that we have this blessed assurance that purifies us in our hearts. We look to You, dear God, that You would do the exceedingly abundantly above all we can ask or think tonight because we believe and prayer asking these mercies in the almighty and precious name of Jesus Christ our Lord, amen and amen.

Oh praise His mighty name what a mighty God we serve. I certainly want to greet you tonight in the lovely name of the Lord Jesus, trust that you're doing fine. I've been in Tobago over the weekend, so long I've not been with the saints there I just try to stimulate a little faith, encourage them with my personal presence amen. I bring you their love and greeting. They are all in anticipation like all the saints in the different islands for the convention, it just seem like every one is being built up and with great expectation and we are happy for that to see this kind of faith in the hearts of the children of God. You know it always a great blessing to see when we ...God have something prepared for us so we can believe it, prepare and make ready for it by God's grace.

We have been having some meetings, other night we were in a meeting there for the preparation for the convention, sitting with the deacons and the trustees and some of the brothers in the

committee and so we are certainly happy to see how things are shaping up and how every one can play their part and be a great blessing in the household of faith and may God honor all that we do and bless us.

Like to invite your attention tonight in the book of St. Luke chapter 17, and Hebrews chapter 2 take a reading out of there tonight. Just feel so good to be in His house, in His presence tonight amen. Praise His mighty name. It is not a Sunday morning, Wednesday night or Friday night for me, I just want to walk in the Spirit amen. To be in His presence at all times and worship Him. Job worshiped on the ash heap, Abraham worshiped on the mountain amen and Israel worshiped by the Red Sea amen. Once you're in God's presence that's what counts. You don't have to be in the geographical location but here is a post of duty. So when we come in on these nights we come in conscious that we are at a post of duty and this is a time that God have been helping the young ones and we certainly want to help the young and the old, even the in between, even the strangers, all that's within the gates may the Holy Spirit just refresh our hearts.

A little message but a kind of big message too but we are going to see..... we just want what He wants to give us tonight. Just something to stimulate a little faith and a desire to obey and to walk in the word and to recognize the hour, to strive to overcome. Luke 17 verse 26 .

This is the Lord Jesus Himself, the Son of man standing on the earth coming to the end of his ministry prophesying the same ministry is going to come back in the last days to the gentiles and verse 26 he says:

*And as it was in the days of Noah so shall  
it be also in the days of the Son of man.  
They did eat, they drank, they married  
wives, they were given in marriage until  
the day that Noah entered into the ark,  
and the flood came and destroyed them  
all.*

And He expresses here that you might see what is normal living: to eat, to drink, to marry, to be given in marriage. Life went on as usual, amen, until the day that Noah entered the ark. One of these days between 6 and 9 the rapture will take place, it

will be a normal day. The sun will rise, everything will go on as normal. Except you have the token to examine these things, he says, it will past right through you. People will wake up in the tribulation and say, "wasn't there suppose to be a rapture?" That's the kind of hour we are living in.

Look at Jesus Himself speaking that here that until the day that Noah entered into the ark the floods came and destroyed them all. In Matthew 24, remember how he says, and they knew it not until that day but Noah knew. Noah knew, he was having experience, he was having visitation, he was fulfilling a vision, and he knew when the ark was completed, he knew when every animal every species that God told him was to be in there, was in there. Every name that was in the book of what was going to be carried over: plant life, animal life, every thing that God specify to him, he could look and see that it was completed. He closed that book and God closed the door amen.

*Likewise also it was in the days of  
Lot; they did eat, they drank, they brought  
they sold, they planted, they builded;  
But the same days Lot went out of  
Sodom it rained fire and brimstone from  
heaven and destroyed them all*

So if you notice here He is contrasting the two great judgments: the one by water and the one by fire. It was told in the scriptures, it was told in the heavens that there were going to be two great judgments. The world will be destroyed by water, next time the world will be destroyed by fire. And so Jesus prophesying of the judgment by fire and showing us how even in the days when the earth was destroyed by water, that same history is going to repeat in the last days. And the same day that Lot went out, the same day that Noah went in the ark, same day Lot went out watch how He's contrasting those things,-it rained fire and brimstone from heaven and destroyed them.

The same way it rained water from heaven and destroyed, them it rained fire from heaven and destroyed them. God sent the water to destroy it. God send the fire to destroy it, coming from heaven and destroyed them all, the same way the flood came and destroyed them all.

*Even thus shall it be.....*

See as it was so shall it be, likewise as it was.

*Even thus shall it be in the day when  
the Son of man is revealed.*

And he's tying these things to a specific day. He's tying these things to the apocalypse, of the son of man. The day when he's revealed. You look there and the Word reveal is apocalypses that is His revealing, that's the unveiling, that's the making known because this one is Christ the mystery and Christ the mystery that was seal with seven seals was to be revealed. The mighty God that was hid was to be unveiled. After two thousand years, the One that was not seen that the Church after He had ascended on high, He was to be made known back among the people again. And when that time come it would be the condition and in those two days only the elect knew what was happening. The wrath came and the world didn't know.

*Even thus shall it be in the day when  
the son of man is reveal.*

*In that day, he which shall be upon  
the house top and his stuff in the house,  
let him not come down and take it  
away and he that is in the field, let him  
likewise not return back.*

And it is so strange, He didn't pick up Lot, he didn't pick up Noah, He didn't pick up Enoch, He did not pick up Abraham, He didn't pick up Sarah, but He picked up this woman:

*Remember Lot's wife.*

I want to take that for a title tonight: **Remember Lot's wife** .

It's strange that in His preaching showing that judgment; destruction that would destroy the whole world, as it happened back in the antediluvian world, as it happened in Sodom, was going to repeat and destroy them all in the day when the Son of man is being revealed. And while He's warning of this great wrath that is to come down in that day, He picks up a woman as an example to give a stern warning to profess believers.

He picks up a woman as a stern warning, as an example in that day. Are we in that day? Then we who are in this day who have seen the revealing of the Son of man we have to know this woman because Jesus points her out.

Hebrews 2 verse 1

*Therefore we ought to give the more earnest heed to the things which we have heard,.....*

Just this years alone we have heard about **The Conspirators And The Conspiracy**, just this year we have heard about **The Realization Of The Insane Age**, just this year we have heard **Now Is Christ Risen In The Sunday The Evening Time Resurrection, Showing Himself Alive With Many Infallible Proofs, The Judgment Is Set And The Books Are Opened**, just in this day, in this year, since the beginning of this year we have heard these things.

*...We ought to give the more earnest heed to the things which.....*

Things are mysteries. The Holy Spirit will reveal all things, Elijah will restore all things, Spirit of God search the deep things of God, you have an unction that teach you all things.

*...the things which you have heard the mystery truths that was seal in the book that the Holy Spirit was bring out to us and making plain about the hidden manna the new body and all these things that we have heard least at any time we should let (these things that we have heard) them slip*

*for the word spoken by angels was steadfast and every transgressions and disobedience receive a just recompensation reward*

And that's not angels with wings, that was men that brought the word down through the Old Testament. Messenger with a message. If the word spoken by angels let me say this if the word spoken by Paul was steadfast, the word spoken by Ireneus was steadfast, the word spoken by Martin and Columba was steadfast, the word spoken by Luther and Wesley and Malachi was steadfast and the bride under her messenger will become the final voice and the minister become the voice of many waters amen. That's thus saith the bible.

*...for if the word spoken by angel was steadfast and every transgression and disobedience receive a just recompense reward*

Not some. Did he say some transgression? Every transgression and every disobedience receive a just recompense. Why? Its the

just judgment of God. It is the righteous judgment of God. It is a God who don't judge unrighteously. It is a God when he is recompensing people.

How many know in this hour the message Behold I come quickly and my reward is with me to give to every man according to his works that's his wages or reward. There is wages he is coming to them who do evil they will get it, to them that do good they will get blessed too. To give every man according to his works. Some their works are evil like Cain. Is that right? Who reject the message of the hour that was Cain's evil works to kill his brother. He killed his brother because his works was evil and some works is their faith expressed. Hallelujah, justified by faith and justified by works by God and man and people. Man see that they believe and God knows that they believe.

*How shall we escape if we neglect so great salvation?*

How shall we escape if we neglect so great salvation the salvation that is to appear to us at the coming at the revelation of Jesus Christ?

I Peter 1 the grace that bringeth salvation the thing that we look for for two thousand years the appearing the iphiphany his unveiling his apocalysis Hallelujah has it come, has it been vindicated the word. Do we have a more sure word of prophesy? It is a vindicated message. Did God put his seal of approval? Did God confirm the message? Then how shall we escape? Did they escape in the days of Noah when they turned down that vindicated message? Did they escape in the days of Sodom when they turn down that vindicated message? Then how shall we escape if we neglect so great a salvation? You can't neglect it friends.

*which first began to be spoken by the Lord*

And that's why I read here Luke 17:13 spoken by the Lord and was confirm to us by them who heard him. God also bearing them witness both with signs and wonders and with divers miracle and gifts of the Holy Ghost according to his own will in the alpha church. They took note that they had been with Jesus, they saw the same Jesus doing the same things in them confirming with their word also. Is that right? And the Lord was with them wherever they went, doing what? Confirming their word Mark 16 my. May the Lord bless the reading of the word you may have your seats.

**Remember Lot's Wife and for a little subject **giving the more earnest heed to the things which we have heard how shall we escape if we neglect s great a salvation****

So great a salvation has been reveal to us in this day, beyond what Luther knew, beyond what Wesley knew, beyond what the Pentecostals knew, so great salvation has been reveal and made manifest, so great word, angels coming from on high prophesy foretold, photograph in the sky that the world saw it. Science took the pictures themselves 27 miles high and 30 miles wide where no moisture exist, then God come down in the meeting around the world and manifested the thing.

So great a salvation. Here we are in 2005 and the world has refused that salvation because in this age Christ is revealing these things in the outside of the church. Christ who do these things had been rejected by the church world. Revelation 3:20 the world has gone into apostasy he's on the outside of the church. II Thessalonians 2 that there was going to come the falling away first. Is that right? But while that falling away is taking place there is a gathering unto him. It says there is a gathering unto him, the shout is gathering the bride while the world is falling away after Absalom, while they are going after the false king there is a people despised, identified with the despised and rejected David with the beloved Hallelujah, who is outside of Jerusalem. Oh my what a great thing, what a great picture that we can look at to think that Jesus reading as the prophet, the very same bible that we read. He said Jesus read Genesis we can see that from his preaching in Genesis 6 the days of Noah 6 to 9, in Genesis here 18 and 19 the days of Lot when the son of man is reveal in that hour and when Sodom was burnt with fire. When it rained fire and brimstone we see Jesus reading the same Genesis and as he read you know he picks up that woman out of Genesis 19: 26 to think of it.

From chapter 11 God speaks of Lot and Abraham being called out and then from all the way to 19 we see there was nothing spoken of Lot's wife. The only time the woman appear and the only picture we have of the woman, the only time the woman is mentioned in a real way other than when they say the angel held her by the hand to pull Lot and his daughters, his sons and his wife out, the only time she is mentioned is when it says and she looked back and was turned into a pillar of salt. Yet out of that one verse

Abraham's whole life reveal there, Lot's whole life reveal there, Sarah's whole life reveal there but Jesus emphasizes this women. She is only mentioned in one verse from chapter 12 to 19 that's in 19:26.

The only thing in the entire record she looked back and was turned into a pillar of salt but yet Jesus gives a stern warning yet she becomes part of his preaching, yet it had Sarah who was the free woman the married wife, it had Hagar who was the bond woman gender it to bondage, they were two covenants. Sarah represents the heavenly Jerusalem Galatians 4 teaches that Hagar represented the law Mt Sinai earthly Jerusalem what was in bondage with her children but yet Jesus bypasses these and he picks up this woman here.

If He is the word, if He is the fullness of the Godhead bodily in flesh, if this is his divine thought, if the one verse mentioned of her, nobody preached on this woman in the whole bible but Jesus preached on that woman right there and he preached on that woman when he's giving the promise of his ministry to be reveal again in the last days.

You get that? When it comes in a global form not in a city form but the day of judgment was on cities, here the judgment is on the world. The world is in Sodom today, the whole planet is in Sodom today that's why it'll burn with fire. This civilization will past away yet we see Jesus lifts out of the pages and put before us because there is lessons in this woman's life to warn every believer there is things in this woman's life that he saw it necessary to focus out Sarah, to focus out Hagar and to focus out them other women and focuses us to this woman.

Her name is not even given. Hagar's name is given, Sarah's name is given this woman's name is not given she is just called Lot's wife. What ever she name was it was blotted out of the book yet this woman was the wife of a righteous man whose soul was vex constantly. A bad woman can put down a good man. It is strange after what Lot did Peter said the righteous soul of Lot was vex with the exceedingly wickedness of these people. Abraham said will thou destroy the righteous with the wicked. The only righteous there, the bible didn't say Lot daughters the bible said Lot. You get that? How many believe that all scripture is given by inspiration? How many know the scripture is the spirit breathing

word, the eternal thoughts of God put on paper and before it can become word it had to be in his thinking but even though there is one line of scripture inside of there the Holy Spirit has something because it is given for teaching, for doctrine so it have something inside of there that when he breaks it open he held up that warning flag and say watch this woman. You who living in the last days when the son of man is being reveal because the fire never fell on this woman. The fire never fell on this woman the Bible says in II Peter he turned the cities into ashes, he lick up the whole plain and everything, all the grass and the cities was nothing but the pillar of salt remained oh my.

It is something about the mind, it is something about the way God thinks, it is something about when you brings a soul in the face of the naked unveil word as a looking glass amen and he called man and women to look in the glass and consider themselves.

Let me give you a little idea of what the time was like first before we focus on him a little bit with the appearing of the angels to Abraham. Remember the same angels that went to bring the destruction there and destruction came when Elohim went down himself but before they went to Sodom the angels was reveal to Abraham first.

Abraham knew the time of the coming of the angel, Abraham knew the coming by revelation that he was going to have a visitation of angels because God had told him I would return I would come to you this time next year Sarah will have the child and he knew twelve months from now the baby will be here. It takes nine months for the baby when God come God said next 28 days that's 10 months so in these two months Abraham shut down everything. Abraham went in the tent door and Abraham know within the next two to three months and he only know when Elohim came.

You understanding me? He was counting the time, his eyes was on the heavens, that's the only way he can count the time his eyes was on nature God's bible that was God's clock. He watched them birds flying away in a certain season, he watched that stage of the corn he knows its a certain season, he watched the position of the stars he knows there is a certain season. Why? That was the truth

how it came down through his lineage. He came from a lineage of prophets, he came from a lineage of the sons of God that God reveal to Adam that this is your bible here nature its for times and for seasons to know every purpose under heaven. He came from that lineage and so they had the capacity because it was a family trait.

If you find them family today they know their time and season they know to read the signs and the hand writing on the wall. They are people that could look out on the nations and say what time it is, they can look on the church and say what time it is, they can look on the heavens and say what time it is. Is that right? When a prophet was here he showed us the time **Sir Is This The Sign Of The End, Shalom**, look what the morning star. Is that right? **Uniting Time And Signs.** He says they can't discern the signs of the time because that's a trait in the church world because the Father sees that and they in this world couldn't read the sign either but believers know the sign. Believers know the sign; believers know to tell the time because that's part of how God deals with you because you can't have expectations if you don't know the time.

He says knowledge of time and season will put you under expectation. A woman is expecting to give birth when she sees certain signs in her body. Is that right? Because you can tell the time of the month and of the week you know when you're getting pay too. Is that right?

And if the paymaster didn't show up with your pay you want to know what going on, today is suppose to be payday you're checking that time. Why? Because you're under expectation you're labouring but you know there is a reward at an appointed time. Is that right?

Oh my and so here he was expecting that and here appear those angels in Genesis 18 when they came to him first. Something was on; something supernatural was on like the appearing of the angels to Brother Branham something supernatural was on. Is that right?

The coming of the Lord is on you believe that. The end of time seal started when the angel was coming. He says look the first pull was with the birds the second pull was little bigger birds but what the third one is angels coming. Could this be the second climax? Is this the thing I've waited for? Is this the time my brethren?

Seriously take if it is the end of time seal has started it will be a total secret from here on out. The world will not know what is happening but you will know what is happening.

Oh the coming of the Lord was on the great appearing was on the great iphaphany was on, the revealing was on, there was an appearing and a revealing the apocalypsis, tearing away the veil from of the word to give them a glimpse of the eternal, the fanarou was on, he turned his back and say "Why did Sarah laughed?" The word was manifested before their eyes he said yes you did laugh. He wasn't rolling on the floor he wasn't just getting goose bumps the omniscient one just sat there the one who knew every space and time. The one who knew every thought and everything that was taking place, every blade of grass that moved, every fleas that bats its eyes he was sitting right there that day. How many know that same omniscience and omnipotent was manifested right before that generation and he say okay I'll turn my back now.

You does prayer in your heart what ever you want amen you just pray if you believe I am of him just pray and believe and then he begin to call he say now there is one here praying for such and such and he would pinpoint and say exactly and precisely what the prayer was and what it was about every intricate details prove that same one was here with a suit on with broken up English with no education of this world walking with a bible a man known as brother Braham from Kentucky and everybody had their opinion of him and some say he's a polished up soothsayer. Some say it is mental telepathy he's reading people's minds some say well he have a gift to pray for the sick but when he stood to say who that was he went on to say that is non other than that same Elohim back there again in human flesh like a man standing there in a prophet that knows the secret of the heart. They give their version, he give his version and when he give his version the scripture was manifested to show that their version was wrong his version was right. Then what did we have before us he say the mighty God unveil before us is what we have. It is an apocalpsis, it is an unveiling, a manifestation, an appearing it was a resurrection that was unfolding.

How many know that when them angels appears to Abraham it was a resurrection site unfolds? When them angels appear to Abraham judgment start to unfold. Is that right? Because the son

of man comes in the cloud of heaven he came with a cluster of angels, he came with a cluster of angels, it is going to unfold to that one alone standing there that supreme deity with the white wig when them angel appeared the long awaited promise that the elect waited for begin to be made plain to them. I want that kind of time it is the long awaited promise being made clear with details with intricate details that could not be preached and explain. Twenty-four years before things that no message believer could put their hands on, that's right, things that churches break up for, something was happening that the world didn't know but Abraham was so conscious.

He wasn't like Joshua when that one appeared to Joshua, Joshua draw his sword and say who you for answer quick. He appeared to Gideon, Gideon see an old man and the man say well bring a sacrifice and he thought was some old prophet or something he says I have to go and get my sacrifice but he angel went up in the fire and disappeared before his eyes. Is that right? But when Abraham sat there looking, when Abraham sat there looking he ran out and he say Lord, Lord he didn't even say Lords he say Lord showing that the believers in this hour, what kind of revelation they're going to have if this seven seals breaks those who are ordain to walk and catch these mysteries, those who ordain to live in this realm of the astronaut. You get what I'm saying? Oh my, God was dealing with the elect, he was perfecting their faith. How many know when the angels came he begin to call them by there new name? How many know with that coming of the Lord with that seven seals you can't call them by the old name? He told Abraham do not call your wife Sarai no more, thou shall not call her in this wise. How many know he told Branham?

Okay now you're going there and before you open this seal, you can't call them church no more and Braham came and he says I call you not church tonight I call you bride God had to change their name God had to change their name. You get what I'm saying?

He was setting them in order. How many know when they call you by your new name you're being set for the promise? How many know it is not an explanation or something that you teach in the bible? How many know while that word is going forth some of you just sit down there? And say it is more new thing but remember he reveal that in 1981 not 2005. In 1981 when some of

didn't know it had seven seal to be reveal. You get what I'm saying? You must get your mathematics right in the church then I realize who was doing all those things way back there that you can sit down now, because you grow up now and you hear it all through the years because it was to be complain it stood in all the theories, it stood it, it didn't got puff up, it don't get a big head, it didn't run out in some wild radical business, it is still the same way it just get close to God, it just get more surrender to God, it just get more plainer.

He's getting them ready for the promise. I'm bringing all this here to show you what was happening while Miss Lot was down in the mall but they was to get a visitation to disrupt there whole life. You get what I'm saying? While Mr. Lot was sitting down in the gate Abraham was in the tent door. He in the city gate but Abraham was in the tent door, Abraham looking for a promise, Abraham expecting a promise and following the continuity of his life could recognize the visitation. Lot had no continuity to follow.

We're going to get that in a little while. Lot had no continuity to follow friends, when he sees the angels he didn't know that was connected to a promise, he know didn't that is connected with judgment, he don't understand what it is at all. One was desensitized one was sensitized, one was desensitized and one was sensitized check yourself tonight.

When God begin to call them by the new name he's identifying them as overcomers that's the first time their names was changed and that's the first time God calling them by new name. Genesis 17 he reveal there new name in Genesis 13 and called them by new name in Genesis 17 out of God own mouth God say don't call him so call him so and when God came he didn't Sarai nor Abram God say Abraham where is your wife Sarah. Is that right?

It showed God was firm in what he meant, it showed God was firm in what he meant, glory. God was identifying them as overcomers: shall I hide from Abraham. He sat there and he begins to draw more hidden manna, things that no man knew what was about to happen. You get what I'm saying?

I'll tell my friend the bible say Abraham was God's friend right there, that's where he's the friend of God because God is telling him about judgment and he is not in the judgment, he is in the throne with God's judgment. You say is that right? What are you

saying? I'll get that for you in a little while too, watch this he was in the throne of mercy and judgment, he pleaded the cause when God set up the court he pleaded the cause. Is he called God the judge? Because he understood the court was begin set up he saw the book opened and out of God mouth God begin to identify. You get what I'm saying?

Watch the things I'm pointing out to you that has come down. This message is to pick up all what I've preached for the year, this one here that's why I tell you its a little message but it's a big message too. God give me this. That's what I like him for, he just come by me the same way that dove know which window to come in and find Noah. When Noah shut up and nobody can't see Noah that dove does come to Noah with something in his mouth that Holy Ghost does find you. The same way he does sent you to find people too led by the Holy Spirit, he the Holy Spirit, does find you because he's the great Sheppard Hallelujah. Glory be the God. Because the overcomers had a new name there was the hidden manna, they was getting ready to go in a new body, they saw the judgment set and book open, they saw the supreme judge, they saw the man come in a cloud come to the supreme judge, they knew a resurrection was unfolding, they knew judgment was unfolding, they saw the appearing, they saw the manifestation, they saw the revealing, they saw the personal presence sitting right there with them, they saw the iphiphany, they saw the phanroo, they saw the apocapsis and the Perusia right there Genesis 18.

All these things in Genesis 18 all these things happening and God pick them things up one by one and then let it out from Easter come down. This is a way of bringing it back to remembrance, as we get ready for the great gathering again where the saints of God are going to be gathered in this place.

That also is a sign that never happened in thirty-seven years in the message forty-two years in the message. You get what I'm saying? In this region from 1967 then 2005 thirty-eight, thirty-nine years there these thing never happened no church went out in the region to established nothing there is no place that they have people coming in all like that to a place not to listen somebody from America, they coming to participate, they coming and participating because they are part of the family and they all coming in believing the same thing. They all come believing the

same thing that is unheard of since the first message book come in the country that's why we walk in the place we sit but we don't understand but catch and let it be written in your heart tonight.

That gentile world was going to past away when them angels came and nobody knew that was the end of that gentile world, when them angels appear. You get what I'm saying? They knew it not. Many were going to be caught unawares, many were going to caught in surfeiting and drunkenness in Genesis 19 it was right there. God describe that even while the man was in the land they were still persevering fighting to find that door and come through that door.

The lust was so strong, the perversion was so great, the damnation brother they were so lost so impersonal waiting to be executed and the day before the execution they were burning with lust.

The condition of the world, the condition of the world the Sodomite, Lot the lukewarm church they didn't know it until it appeared from the catholic to the Pentecostal. How many believe what was happening February 29<sup>th</sup> 1963? How many does say we're still standing looking at the head? They don't believe it they rejected it. How many scientists know they photograph it but can't explain it? Put it away it is just another phoneme but the church but the church the church was given the very understanding from the bible by the very one who receive it by the very one who spoke it and it didn't stop February 29<sup>th</sup> 1963 because April 8<sup>th</sup> 1965 God say turn it to the right side the cloud and here he was standing there the wigged judge. Is that right?

They didn't know. You think they know tonight? Look at the condition they're in, burning in there lust tonight all through the region now it is every body having two three carnivals a year. Right now you can't have fights. You know why? It have Jazz festival it have small carnival because everybody trying to bring in tourist to raise revenue but it have people trying tooth and nail to come of them place to come to a place of gathering. And it's not no Jazz festival it is not no carnival the son of man is being reveal to the elect and the world didn't know the mystery of the son of man went through changes before the eyes of the elect started with a sign then with the voice.

Shall I hear then he came and was called the supreme judge and they saw the progression of the revelation right before their eyes? The last thing was the elect who sat there being ministered these revelations being moved into intercession, standing in the gap between the living and the dead. Is that right? All these behaviors in this same hour identify the believer, different to the unbeliever and the make believer.

You don't find Lot interceding, you find Lot arguing with the angels, you find the Sodomites burning in lust for more perverted flesh and more perverted acts but you find Abraham there with the mystery with the revelation sitting in the presence of the, the personal presence of the mighty. God that was unveil seeing the judgment set having these things being ministered. It filtered his thinking it give him a holy man's taste; it raised him up into another level. Are you raised up tonight? Have your thinking being filtered? Has these just being some little sermons in Barataria and Third Exodus Assembly and Longdenville?

You kind of go through that and you kind of decorate your self and want to make yourself look super spiritual or something. What it is?

Or have you sat and understood? Have you watched the bible close? Have you watched the scene and the setting? Have you watched the things that have been put there to reveal the happening? That Jesus say this day it is going to repeat and what is to repeat to our benefit and our understanding those are the things recorded in the bible so we can know the hour because if they say so shall it b. When the son of man is reveal and there is no record of the three groups in Genesis 18 – 21 there is no way how he come back the second time in the second cycle there is no way how he lift the faith of Abraham's wife into a place of victory to live in a new name. She laughed in her heart and Lot's wife looked back in her heart one got blotted out and one got faith to push her in oh brother think, lets go on a little bit.

The Sodomites didn't know it, the lukewarm church didn't know it, that the son of man came in a cloud in the cluster of angels that he went in a next fold of his ministry as the supreme judge, as the ancient of days. They didn't know that things of it. Do we in this church understand the ancient of days? Do we sing the ancient of days is come with experience, maturity and wisdom?

Was that the revelation of 1980 the supreme judge in the Lord's day sitting there one day when the Holy Spirit comes and people running about the message trying to say cloud turn cloud and all kind of different things. Foolishness but there was a real understanding given by grace way back there, watch friends.

The elect understood when that happened, when they entered into the zero hour they knew the countdown. Does the church know tonight we're in the zero hour? How do you live when you're in the zero hour? Does the church know that a prophet count down the ages? What do we sing? Spiritual scientist have gone to work they are sure to get the work done. Overcoming power is what we have to day our Moses is already gone. How long we're singing that song? We saw what happened in Mc Allister Street that night the place was and we have our testimonies there.

Abraham knew when the supreme came the proof that Abraham knew he throw himself in the gap. He says I'm dust and ashes but I take my place and serve I ask of you if there is fifty would you spare the city if there is forty would you spare the city he begin to plea he became an advocate in the court. He saw the throne of mercy becoming the throne of judgment and before mercy could move off the scene. Is that right? Abraham was right there in the throne with him an elected son with the new name, an elected son who had eaten the hidden manna was sitting there, an elected son who was fixing to enter in the new body, an elected son who knew the junction and changes of the reveal son of man, in that appearing, in that revealing, in that manifestation of the son of man whose presence, personal presence was in the midst of the elect and it was not unrecognized.

Could you see his appearing? Could you see this manifestation? Could you see his unveiling? Could you be convinced of his personal presence iphanny his appearing in theophany. Who is this Melchizedek? His manifestation. Who do you say this is? A prophet was preaching and he understood, a manifested son of God and he understood an elected son knew the ministry was changing and the ministry was changing he could stand up and say this year America have there last chance 1957.

He say look at Billy Graham come of the field, look at Oral Roberts come of the field, look at me cancel my meetings. What

are we doing here? Its America's last chance. An elected sons who knew, that's the trait of an elected son. Faith means you must know. Faith is what reveal to you otherwise you are going to work yourself up in a faith. You're going to manufacture faith, you'll come up with a make believe faith but when something is reveal to you you can't help but have faith. You can't have unbelief because when that is reveal it drives unbelief from you.

It brings courage and fearlessness that's right. That's why even in that infancy form there he spoke them things out without fear or respect for man's reputation. He saw it in the word God was revealing that's right from the time the elect understood. They know time running out for the Gentile world. Do you know time is running out for this world? The way you live your life will show you if you know or no. Where your crave is and what you're craving for will show whether you know it or not. Where your heart is there your treasure will be. What you're laboring for will show whether you know it or not.

I'm not talking about the picture on your wall, I'm not talking about your tape your book on your shelf, I'm not talking about your long dress and your clean shave and your tie, I'm not talking about you belong to a message church I'm talking about a work that God has done inside of you that links you up with omniscience and omnipotence and you'll never be the same and you'll live and become a prisoner to that.

Jesus give us stern warning. I'm working my way to this woman but I want to show you the time so when we hit this woman she can be right here tonight in these chairs. You say that's so. Where are the foolish virgins? They saw the same angels they had a ministry of the same angels. Abraham could talk about angels he could talk about angels. Abraham talk about judgment they start to find out about judgment when Abraham talk about new name and these things he get a little to high for them because they wasn't in that realm. They can't understand them things. You get what I'm saying? When you check desire and conviction they are far apart, they near near in some things, when you start to check certain identifications they far apart. You'll find out who they are you'll find out who they are.

Don't play church friends. Don't get caught in playing church at all at all. Don't get complacent not in this hour we're going to

follow this out watch. They knew when the son of man come to the ancient of days they saw the judgment was set. When they saw the books opened and he start to declare Abraham you and Sarah next twenty-eight days to the Sodomites by morning when the sun come up is ashes. Your nephew he'll come out for your sake. Abraham sat there and he started, who in which section of the book what has these messages on these things has it sensitized you there. The reason these places are being pointed out is because it have people being sensitized there because these things are designed to give you rapturing faith. These things are designed to bring you in perfect faith. These things are designed to bring you into rapturing condition. These things are to raise you up in the astronaut realm, astronaut faith not automobile faith. Like Jairus astronaut faith, like the Roman Centurion just speak the word.

In that appearing under that seven seal breaking under that seven seal spoken by Elohim into the heart of Abraham. You get that? The God who the word came out of his mouth and the world was created, the God who the word came out of his mouth and brought out the Eden that God. Abraham was right there that God, the Logos was coming out of his mouth into Abraham heart right there and Abraham became conscious that he had fed on hidden manna. He became conscious what his new name meant. Abraham became conscious that the new body was on hand. Abraham became conscious that the gentile world was passing away, Abraham became conscious that time shall be no more very soon, Abraham became conscious that judgment was set and the books was opened. Has he not spoken these things to us clearly? Did he not say something was happening?

He don't have to come and do this Sunday morning he could come Wednesday night because he's not on keeping a day like a Sabathtarian because the bride when these things are opened there is no more time element. She is going to the eighth day this bring you to the eighth day to a holy convocation, she gone beyond time because this is the eternal man at the end of the seven church ages that's going in the rapture. The man that's redeem by the blood. That's right. It was in that hour when all these things was happening and Mistress Lot didn't have a clue. She can't believe all this thing happening.

You know tonight how much time went there maybe about forty minutes. All that time that went there has total all these things revealed right there in this church. I wasn't talking about the age. I wasn't talking about the age something happened in the age but I prove to you it happened right here, right in that hour the son of man begin to give a stern warning. Isn't it strange a message like this ***Remember Lot's Wife*** is coming in, in the midst of all this between the judgment is set between the seven seal between the coming of the angels between the science civilization passing away because that's why it come in and that's where its promised.

I'm catching that right there on the desk now I done past that element here too but shouldn't this be normal to people who have the new name and really eating hidden manna and people going to a new body and people who have overcome and people who qualify for the first resurrection and people who prove those rewards are here before you go into that new body. This prove we don't play church here, this prove we don't play church here, this prove how lost people are who not living and don't desire to live there, this proves how lost they are.

Lets go a little further right in there Jesus took them in the wilderness some where maybe in the streets in the market place in the synagogue wherever he was teaching this and stood right there and he begin to speak and the eternal mind standing where he was went straight into Genesis 19:26 and pulled the woman out and brought her. Look how he stood there watching that day a certain day when the son of man shall be reveal, he's expressing a revelation that that day is coming back, its in Genesis it will be in Revelation. When it comes back in Revelation and them thunder start to utter its voices is that the time when a new name is to be reveal it, that's the time when the hidden manna is to come forth.

Is that the time the thunder will come forth and give them a new body? Does it promise those things in Revelation? And are those things in Genesis? And is this the place in Genesis in the coming of the Lord with the coming of the angel when these things are being reveal to the elect on the earth? I'm having a convention time right here. I don't know what is going to happen in the days to come but I'm having mines right there tonight. Oh I'm not having a convention I'm having a convocation, I'm having a convocation because I'm having a conference with God the last

couple days Hallelujah, sitting there and he's speaking these things in my heart here I come to reflect the light from the throne back into the congregation it give you light to walk in Hallelujah.

Isn't that what the angels in the church used to do reflect light from the throne into the congregation. How can you teach others if you don't get some hidden manna; a little more revelation to teach to prove he's the angel to the church? That's right. This is not play thing friends, this is not some make belief business, this is real. Jesus zero in on this woman though he knew it but it is blot out of his book like Vasthi and the king but it was God. God won't speak that name no more he say Lot's wife, she's called Lot's wife because the one who blot her out calls her Lot's wife. He won't call that name that the one who has Lot down in that low condition. Are we getting somewhere now? He is going to start to open and break the seals of this woman's life.

How many know she was brought out of Sodom by angels but how many know outside of Sodom is not salvation? How many know to be called out of the world is not salvation? How many know Israel was called out of Egypt too and that was not salvation? How many know you might leave the world tonight change your clothes, change your dress but that isn't salvation? You have to get into Christ. You have to get into Christ and that's the only place of safety. Not outside of Sodom, not out side of Egypt, outside of Egypt wasn't safe. We're getting somewhere? Where does that put some of you who come to settle down in church? Where does that put some of you who go with a good life? Where does that put your good life? Oh brother I don't want to hurt too much, I just want to sensitize I just want to sensitize.

Lot and his family, especially Lot's wife her name is not mentioned and she never received no new name and while we're remembering Lot's wife we want to remember Abraham's wife too because Jesus didn't say remember Abraham's wife because he kept the seven seal sealed and he spoke the seven trumpets. You get what I'm saying? But Abraham had a wife too and she is coming into a mystery, she coming to a promise she coming to a new name. Is that right? She coming to receive dunamist she is coming to a new body. God tell Abraham don't call her by her old

name no more call her Sarah, God breath the H into her but with this one he blot her out of the book. That's right.

She was right round the message, she was around Abraham like Branham. We getting somewhere? She was around there but they didn't walk in all the word, they didn't walk in all the ways, they start to see prosperity, they start to see glamour.

Oh my God help me I want to move quickly, let's get to Genesis 13. Let's catch something here quick I don't want to wear you out let me just cut of some of those things here I think we lay the foundation that we need, let's us strike some of the high places here Genesis 13 verse 7 quickly let's find them where they drift from the word, where they drift from the fellowship, where they drift from the continuity.

Let's find where the worlds get through their eye gate and took a hold of their heart and set their heart on fire and they start to burn for something else other than the promise. No where in the bible we find where Lot offered up sacrifice, no where in the bible we see Lot get circumcision but when Abraham came he circumcised his whole household. Is that right? When the angel came everybody in Abraham's house was circumcised my. Genesis 13:7

*And there was a strife between the herdsmen of Abraham cattle and Lot's cattle in the land*

Where the Canaanite and the perizites dwell in the land watching these two family members of the same blood and from the same loins.

*and Abraham said unto Lot let there be no strife I pray thee between me and thee and between my herdsmen and thy herdsmen for we are brethren*

He was thinking about the testimony watch what makes the make believers different. They're thinking about their testimony before the perazites and the Canaanites in the land don't let the unbeliever see us fighting and fussing and in contention. Today it get so bad they're going on the internet they posting thing, they sending books,, they lying, they posting, they doing everything because they don't have Abraham's life. They trying to hid it and saying don't call name don't call name. Man could call man's name but he can only confess the name in the Lamb's book. He says them other he would blot it out he would not confess them names. Now watch.

*There was strife between the herdsmen of Abraham cattle and Lot's cattle and Abraham said unto Lot let there be no strife I pray thee between me and thee and between my herdsmen and thy herdsmen for we are brethren it is not the whole land before thee separate thy self before me if thou will take the left hand I will go to the right or if thou depart to the right hand them I would of to the left*

Abraham being the senior one, God called Abraham, God didn't call Lot when Abraham brings Lot out with him but watch something Abraham gives him the first choice, you choose. Abraham didn't grab for nothing Abraham not in no competition with nobody, Abraham not in strife with nobody because when you're called of God Hebrews 11 say by faith he went out by faith he had a visitation. Did God as a glory appeared to Abraham in Santa Cruz, Mesopotamia that's what I want to say Mesopotamia. He had no strife with any body no sir. You get what I'm saying? You watch.

*and Lot lifted up his eyes*

Catch this now this is very deep

*and Lot lifted up his eyes*

I want you to observe some things here. You're going to watch some things here that started the downward thread in Lot's life from 11 to 13 they was together coming out of the Chaldees cross the Euraphates river in baptism come into the land coming in. Now watch now but this is where a condition arise strife and contention but Abraham is a man of peace, he'll fight for his brethren and fight the enemy and go to deliver his brethren but he's not going to fight his brethren. He's not going to fight his brethren he's a man of integrity even though he know his brethren don't have no revelation like him. He doesn't walk around and say I have it and you don't have it, no he don't say that, he behaves like all of us have it because he knows every man have their own measure. That's right, watch character.

*Lot lift up his eyes and beheld all the plains of Jordon*

Keep that in mind that's where the fire fell on it lick up all the plain. Keep that in mind.

*that it was well watered everywhere before the Lord came and destroyed Sodom and Gomorrah*

See the spirit injects that there because it will show you in 19 where all what he lifted up his eyes and looked and behold and influenced by to make his decision thinking he's getting the upper hand. Watch and see what is going to happen to it in the end. You see it started wrong it can't end up right the greatest detriment was to separate from Abraham that's where Elohim was. That's where El Shaddai was, that's where Melchizedek was, and that's where the covenant and the promise were. Watch what was blinding this man here now watch a man who was around something but never understood by revelation what he was around, they feel man could study and preach you have to go deeper than that to understand what was behind that all these years straight as a line, continuity, opening things up making it clear, you have an understanding that that is not man no man on earth could do that live before now and after.

That's the works of God that's the sovereign grace of God that don't originate in man. That is given no man have nothing except he receive it. The bible says it come from a giver and the giver that's his sovereignty. Consider your calling he choose the base things the weak things it don't make the thing great it base and weak the thing is so, God can get glory because no flesh can't glory in his presence That's why God choose people off the street and different things hoodlums who can't amount to nothing except God don't put his hand upon them. That's why man that know where they come from they give God the glory Hallelujah. Not by might by power or him that willeth and runeth but God that showeth mercy amen.

He watch all them watered plain that run from Sodom and Gomorrah even at the garden of the Lord like the land of Egypt as though comest unto Zoar.

Its giving you some geography here its giving you some geography; the plain, Sodom and Gomorrah until you come to Zoar that is important in the bible chapter 19 you'll see he came out from Sodom and he went into Zoar he say let me go in that city and they crossed the plain and it says when he entered the city the fire fell. His wife was just behind him the bible says she was right there he got through the gate and she step in. I'm pointing out these places so when we hit there you will understand how he get there. A lot of people does make decisions, a lot of people have

exulted the word, a lot of people have exulted their own thinking above the word, a lot of people have lean on their own understanding, a lot of people have went after their desire outside of the will of God they let desire and passion control them and not the word of God. They saw the word of God like a chain too tight for them because they don't want to be a prisoner, they want to be free they don't know in God's economy being a prisoner is being free. All God's free children is prisoners to the word and all those who are not prisoners to the word and think they are free brother they are servants to sin and don't even know it.

They're church members it show you what he lift up his eyes and see it described the plain how it is well watered how it like the garden before the fire fell on it how it come from the plain into the city of Zoar. That's the exact journey Lot make coming out of his life in the end the same way he looked down with admiration and desire and going to choose and lusted after and got out of the will of God that hour of temptation that came upon him you'll find out why he wasn't no over-comer but this decision Abraham made here he say you choose first.

Abraham showed that he had already come to a measure of overcoming he was about overcoming so he start to overcome himself and his desire, he start to overcome his superiority complex and put it subject and preferred his brother and say you choose first because security wasn't in himself no more. He had run down in Egypt in chapter 13 when famine come when God dealt with him so when he came back out of Egypt, now here he was coming out of Egypt and then the strife started because he and Lot both of them have plenty cattle now, both of them get a bumper harvest and both of them get an increase and then contention and strife started. They started I of Lot and you of Abraham because that's the herdsmen, the herdsmen was fighting sheep was feeding but the herdsman was fighting. Cattle were feeding together but the herdsman was fighting.

I had to talk to some grazers who I put to graze some places there is contention and strife among them but not among the people. I had to remind them I'm a very very straight man I don't mix matters every time they come God will pull that rock from under you and put you on the bench. That's right, the hour is too late to play church. Any spirit like that can't govern no people,

that's sin trying to govern people, that's ambition trying to govern people. Too much people does think authority think service, service Jesus say who be Lord who be in charge who be this, Jesus say he who is the greatest among you let him become the least and serve service. Service, not authority. People to authority conscious, power conscious and service ignorant because there is a lack of love because love does bring service. Love does bring humility. I does see them spirit big like this building here. I does take down the door but I does see it when it start to rise up in people. I does see it that's right friend I does give grace that people overcome, preach the word so that people would see the light, make back the vision, hold the mirror little long in certain places before certain people hoping they get sensitized again and come out of the drunken state that they get themselves into.

The hour is too late for that.

Watch the bible watch talking about **Remember Lot's Wife** she is the one who in the end turn into a pillar of salt when they got out. So it tells you who carry him down. It tells you who carry him down there; it tells you who had to choose let me give you some of the unwritten part of the word right here. He says I was talking to my wife and see what she say he says, 'honey Abraham give me a proposition today, he tells me both of we kind of increase now and both of we is men of authority now both of we have we own sphere of influence and we have we own followers and everything else and it's a big land after all you know everybody could go their way and they could be a certain way and so on and he tell me choose but you know you have been a good advisor to me down through life. Remember when we got married I tell you all the major things I would handle....' (Bro Vins laughs). He says and this is not so major. So tell me what you think she says, 'am this is our opportunity now.'

Abraham wasn't all himself too, remember Abraham's wife come and tell him go with Hagar what happen to you, you slow you can't see I can't bring the thing. God didn't mean it so and he listen to his wife too but thank God when Elohim comes he asked for the advisor.

Where is the advisor? Where is your wife? He says, 'Where your wife is your advisor? Remember when he come down thirteen years after the thing with Ishmael he come down thirteen

years after 86 and 99 and when he come after he come to Abraham alone. So now when he comes by the house he says call she out where is she. Where your wife is? You know where your wife is? He say yes she's in the tent behind you.

You think he didn't know he know what it is in her heart but when he says where your wife is that's to bring she out that's to bring she out. He set she up with that he had the goose neck hoe right here, so he sit down with the goose neck hoe right under the cape and he says where your wife is and she come out a little closer brother he make a cut he says yes you did laugh whoa he knock the wind out of she. She realize it wasn't no man like Abraham she playing with there that's Abraham's God not Abraham yes sir brother.

When you see God come down all them spiritual woman have to park up. When you see God come down sure. Listen I said something wrong there I feel the church get extra quiet it was quiet but it get extra quite that's good that just prove what I was saying when the lion roar even the mosquito does keep quiet. That's Revelation 10 every denomination get quiet when that mighty angel drop down with an open book so brother he could show them their pedigree all the way back every one of then. That's right. Now watch catch this quickly here now.

So you get the unwritten part you see how he went down

Verse 11 says

*then Lot choose all the plains of Sodom and journeyed east and they separated themselves one from another*

First thing Lot lifted up his eyes and beheld.

Second thing Lot choose all the plains of Jordon.

Third thing Lot journeyed east and separated from Abraham.

*And dwelt in the cities of Canaan and Lot dwell in the cities of the plain*

Fourth thing Lot dwelt in the cities of the plain not in Sodom yet he still had some righteous indignation then we find,

*And pitch his tent towards Sodom*

It evil down there but the money bigger, the opportunities look brighter, it has the better college, it has university. You get what I'm saying? It have bigger malls it have more amusement parks it have nicer houses it have better cars but it have more homosexuals,

it have more prevision have more night club and casinos. You young ones who have your heart set on this world follow me close tonight. You who is being attracted and influenced by the glamour of this world listen to me close tonight, look in the mirror close let the voice in your heart reflect out see if it is something that can say amen to the word comfortable. Check your desire as you look into the word here tonight.

He dwelt in the plains four, he pitch his tent towards Sodom five. From verse 14 to 18 it tells you about the Lord say lift up your eyes Abraham and look, after Lot lifted up his eyes and look, God tells Abraham to lift up his eyes and look at all this land I give it to you. I want to follow Lot a little bit that's why I'm getting to his wife.

Genesis 14:12 this is when the kings came and captured the people in Sodom and captured Lot, Abraham nephew verse 12:

*and they took Lot Abraham's brother son who dwelt in Sodom and his goods and they departed*

Sixth thing he dwelt in Sodom.

It started with him lifting his eyes and beholding the thing then he choose then he journeyed then he separated from Abraham then he dwelt in the cities of the plains he's going down then he pitch his tent towards Sodom, he's going closer then 14: 12 he's living in Sodom. You see what does start with a look.

David look at the woman and he saw she was pretty and then he find a way to kill her husband and then he find a way to take her and then he find a way to live with her. A look.

You see what happen with Achan he go in the tent and see the golden wedge and Babylonian garment. A look. But that day when he and all his family died that was the end of that look.

When Nathan came to David he say the sword that would go through your house... that was the result of the look.

When Lot the fire hit them in Sodom and they had to run for their life that was the result of that look. It seem successful for a while but watch how it originated, watch the ungodly influence, watch the just recompense of God, watch how he did not take earnest heed to the things that God was speaking to Abraham about the land and the promise about the seed. He had this kind of concept God does bless me too. You get what I'm saying? Genesis 19:1 oh Jesus I didn't get to the woman, this is after

Abraham's intercession at the end chapter 18 after he understands the time next 28 days to move in that second cycle.

*And there came two angels to Sodom and Lot sat in the gate of Sodom*

He was the mayor that was the place of the elders in the gate from standing there. He end up being the mayor he went down went down went down he change cities he went where he was getting more influence, he was climbing the social ladder, he was getting recognition, he was getting to a man now who they saw with administrative skills. He's a man being respected he became more wealthy he get friends in high places. You get what I'm saying? From 11 to 19 we see him coming out of and we see his end. I traced for you seven steps and eight the end result where he lost his riches he lost his wife and then he had children by his two daughters from that one look.

That look that's the end result but I want to show you from the time he separate from Abraham's revelation about the promise, I want to show next thing Abraham met Melchizedek and sup with Melchizedek, the omniscience one the El Shaddai. The next thing Abraham had visitation from Elohim next thing he saw creative power of Jehovah jirah. Abraham came from justification, Abraham went to sanctification, and Abraham came to the baptism of the Holy Spirit. Abraham came to receive the mysteries and faith to be changed while he was going down and down and down.

Abraham was going up and up and up during the same period of time from the calling out of Babylon until the body was changed. Watch the natural church and the spiritual church from 1963 to the year 2005 watch them in journey, watch then in journey. What the old man talking about up there boy God supping with him at evening time. He says what he preaching up there, he says he's talking about I and El Shaddi expose the breast can you nurse he says I sure he have new thing. What he have this season he says he talking about invisible union and hidden manna and new body and Elohim and the son of man and ancient of days and the **Judgment Is Set And The Books Are Opened** but it was true Abraham was walking all there with God visitation after visitation Abraham was walking there I think that's a good picture.

I think that's a good picture, I think I'm tracing the two churches when the God of glory descended in Mesopotamia in Babylon and called them out how they traveled at a certain place and then they branched of how one get desensitized and the other sensitized and locked in and tied to the absolute. Lot went to depth to depth hit rock bottom but Abraham came from justification to sanctification and baptism of the Holy Ghost to a new body he sup with Melchizedek, he had visitation from Elohim, he experience the power of Jehovah Jirah he receive confirmation of the covenant, he receive new name he receive circumcision he receive revelation of the time and season of the promise. He receives hidden manna, he receives new body, he come into the promise son all these things in abundance he was coming to these things.

Are there such a people? Have such a people come into these things? Did they get light on them things? Was it Melchizedek? Was it El Shaddai? Was it Elohim? Is it Jehovah jirah? Lot know the king of Sodom, Abraham know king of peace and king of righteousness. You get what I'm saying? Natural church verses spiritual church.

Abraham had seen the appearing, Abraham had sent the iphanny, he saw the phanaroo the manifestation, Abraham saw the apocalysis he saw the unveiling, Abraham saw the perusia the personal presence. It wasn't unrecognized to him Abraham saw the son of man who came in the clouds in the cluster of angel who came to him from heaven he saw it came to the ancient of day he saw the supreme judge the judge of all the earth, Abraham saw the judgment set and judgment determined in the supreme mind of the supreme judge. Abraham saw when he convened the courts and he opened the book and show him how he will dispense his justice. Abraham actual saw these things during that time while Lot, that church, getting desensitized get grip and lost its testimony and get desensitized.

Remember when he was talking to his own son in law they thought of him as one who was joking and laughing Genesis 19 verse 12. I'm going to close with this close with this hope the woman inside of here, I'm going to get her inside of here.

*And the men said unto Lot (this is the angels now) has thou here any beside son in law and thy son and thy daughters and what so ever thou hast in the cities bring them out of this place*

Oh what an hour when the angels come you have family in Sodom bring them out of this place. This place going up in flames this place is going to turn to ashes. You have any there bring them out of there the angel didn't come and talking about the next bazaar they telling you; you want your love one saved get them in now, get them out of there shake them warn them.

*For we will destroy this place for because the cry of them is waxen great before the Lord and the Lord had sent us to destroy it and Lot went out and spoke unto his sons in law which marry his daughters and said get you out of this place for the Lord will destroy this city but he seem as one who would mock unto his sons in law*

They say you talking so we didn't know you does talk so why you sounding so bossy. You does come every morning and ask the score who win the game last night. He said you stand up here and talk now you're saying run for your life judgment going and fall. He says daddy what going on here you feel oh I shivering I'm scared feel my heart they thought he was joking they playing joke with him. He last his testimony already.

*and when the morning arose*

When the morning arose, the morning star, the day was dawning friends. The day was dawning.

*then the angels hasten Lot*

Catch this first its still night time you have loved ones get them out this place wherever they are go get them out of this place.

And when the morning rose the angels now moving with more haste now because they know the hour now. I want to hit some very microscopic things here that judgment was determined when he sat with Abraham. he was the judge and he was going down for the last pull because when he went down the fire fell. He had told that in **Souls That Are Imprison Now**; Lot was the first pull, Abraham was the second pull, the third pull was to the doomed when Elohim went now watch.

*And they hastened Lot*

In other words these evangelist, these angels, the word of the angels is steadfast and those who neglect so great a salvation

receive a just recompense reward. The angel came to escape the wrath it was a message to help the people to escape the wrath because the wrath was determined.

The men of Sodom was exceedingly wicked their cries came up to God. He says I've come down in investigation and I fit is so I will know. He sat with Abraham and when Abraham called the judge he knew it is finished because he opened things to them, the cup is full, it is finished and going down there but the whole thing is over. That's why Abraham went into intercession. You think sometimes believers let me say this sometimes you can't understand real believers' behaviors that's why they thought the prophet was a wild radical man the church world because they are not accustom to it. You trying to scare the people man he says Brother Branham if you preach that way you're scaring the people they scared of you. The bible says he that love him love his appearing, he says they shouldn't be scared the coming of the Lord is the greatest hope for the church. How should that scare you but how can I overcome they become soft and dopy that's the kind of Christian they come in Laodecia lukewarm that God spew out of his mouth.

He says you're neither hot nor cold they come in that condition so they are looking at spirit filled people but they get cultured and refine. Man can't scream in the pulpit no more, man can't really come down, man can't hit the pulpit no more that's like wild business you stand up in a glass pulpit and you say amen and you get cultured and refine and you get intellectual but watch, watch what it is coming down too friends.

So the angels hasten and said take thy wife and thy two daughters which are here lest thou be consumed in the iniquity of the city

Warning, warning Jesus now is pointing here they say get your wife she lift up the glass well if I have to go out I can't look like this but how I go wear this shoe that ain't matching this dress, you expect me since I'm trying to get on this diet plan I can't fit in that no more and that's the only thing I have nothing to wear. I was to go and shop and get a few items give me time to make up myself at least and she paint she self and splash powder and everything else and the angel past by that room and see she spraying and spraying up he say get your wife, you don't understand what is happening.

She was one of them modern ladies she get all under the impact of society's influence, it desensitize her why? The prophet says she was the main lady in the city. She leads all the clubs and tea party she is Miss Sociallite. You see politician's wife how they does move and denominational wife how they does move, they always in the front ground, they always stand up and say their piece. I guarantee when you get some real angels come from God....

What Paul says in Corinthians he says them angels come through and see people with cut hair. Is that right? They will blast them thing. Them angels come down and see hat and these things brother oh my them angels know the word

*and while he lingered*

Watch the desensitized behavior. The angel hastened Lot verse

16

*and while he lingered the men laid a hold upon his hand and upon his wife and upon his two daughters*

Them angels looked at one another they say what happened here, they say the woman still in there the man can't talk to his wife, he can't go in the room she chew him up push him out the door and locked the door. They say what is really going on in this house here. He says Look at the time, the fire will fall, the day is breaking, this is the day of judgment we're in the conjunction son of man is reveal the angel say okay we are left with no alternative, this is where he say compelled them grab this one hand, grab this one hand, this one hand and start to get them out of the house.

Look what it take to move the lukewarm church, look the shaking of the lukewarm believer but look where this man used to be with Abraham in a certain atmosphere hearing about the God of glory hearing what the angel say. You get what I'm saying?

Hearing about the promise: I bless you who bless you I curse who curse you I give you the land I make your name great I'll make you a great nation. Abraham preaching and sharing these things with Lot but look at the condition he come too when he get in society but this is God's grace.

God's love is dragging them out of Sodom; God is going to do anything to get the righteous out of Sodom. Sodom's cup of iniquity is full the angel say we come to destroy it why because the judgment is settled, the trial took place, the verdict came back they

were found guilty the cup was overflow. We come to destroy it they tried to shake loose the lukewarm and cold and indifferent, the Lord being merciful to them the angel grabbed them and took them out and that was what the Lord being merciful that was the Lord's mercy they brought him forth and they set him without the city but nobody wasn't saved yet.

He get you out of the filth, he get you out of the world, he drag you out he bring trouble to some people to run them out of the church because after they get trouble in their life they never darken the door of a church God dragging them out of Sodom. Jesus watch all this; angel hand on the woman; angel ministering to the woman; angel delivering the woman from the grips of Sodom, angel get the woman far beyond the gates of Sodom outside the city of Sodom.

*and it came to past when they had brought them far abroad he said escape for thy life*

In other word don't settle down outside of Sodom, don't feel secure just outside the city he say

*escape for your life look not behind thee neither stay there within all the plain*

Because they know when that fire fall it is the whole plain going. In other words they know the extent the boundaries of the judgment marked of and they know that place is not the spot of safety in Egypt there is only one place of safety on the earth that's under the blood.

In the days of Noah there was only one place of safety in the ark not near the ark, not on the ark step, not around the ark. You get what I'm saying. You who God trying to shake you the angel in the pulpit saying hasten come out but you're lingering. A lingering spirit, you're hesitating, you're deliberating, you're indecisive no prompt action you're not under the influence of what you're hearing it running off you it isn't saturating your soul. It hasn't grip you so God increased the intensity.

He grabbed them a vise like grip he put on them, drag them out he was so determined to save them. Now that first stage I help you out I root you out from that you was deeply planted now run escape, run for your life look not behind escape to the mountains less thou be consumed what mountain. What mountain? The

mountain where Abraham was. The mountain is where God the only place of safety in that whole land was where God met man.

I want to show you God and man met in the tent when the end of time seal started when the angels came. God met man in the tent and inside of there God set up his court and God convene his court and then God begin to dispense justice and inside of there Abraham begin to plead with God because the bible says, *..stood and look down in all the plain and all these places.* Abraham was up in the mountain Abraham was up in Hebron the place of communion and fellowship the place where the altar was, the place where the tent was.

The only place of safety today is where the elect is who have the new name and the hidden manna. The only place of safety is where God open the word and reveal the secrets. The only place of safety is where the divine presence who descended from the Lord come down and was in communion with the elect that was the only place of safety was in Christ in type. He was the elect only those in Christ could be changed, only those that the angel come to and open up the mystery would be changed, only when God changed the new name they would be changed. Everything else around was going to perish. Only the elect can't be touched he says, *flee get to the mountain* that's the man that's going to the rapture.

Something special about that mountain.

Where Jesus is the God on eagles' mountain, where God come down on Sunset Mountain where that pyramid is, that last mountain before we go in the other country, the Continental Divide. There is something there when God come down, where the ark landed on that mountain. Where Jesus was transfigured on that mountain, the only place that sacrifice that was accepted and worship was accepted was when Abraham was on that mountain who had the access to God's true sacrifice. Is that right? You half spiritual can you could see that?

He bring him out of Sodom but you're only safe in that mountain. Get in that mountain!

*Lest some evil take me and I die* no, hear him *less thou be consumed*

*and lot said unto him oh no not so my lord behold now thy servant have found grace in thy sight and thou has magnified thy*

*mercy and thou has showed unto me in saving my life and I cannot escape to the mountain lest some evil take me and I die*

He says, 'who is going to climb that big mountain, I?' Me not ready to climb that mountain; faith, virtue, knowledge, patience, brotherly kindness, temperance and quite up in divine love? It don't have a next city around somewhere? That man get accustomed to city life that man get soft in Laodecia.

Behold now this city he looking for, a next city that have no foundation. Abraham looking for a city what has foundation, whose builder and maker is God. Watch the hawk and the eagle friends, watch the hawk and the eagle. I'm placing them in the message for you in the same time frame I'm showing you the two experiences, I'm showing you the two courses, I'm showing you the man walking by sight and the man walking by faith, I'm showing you the overcomer and the man who could almost overcome, I'm showing you his wife she couldn't grow in that influence. A lot of good woman who might have gotten saved. You hear what I say?

If Lot is your husband you're in trouble, you need a Abraham. God have to turn your Lot in a Abraham and then he's going to turn you into a Sarah. You get what I'm saying?

He says I can't escape to the mountain. The angel telling him the angel come he didn't know nothing about judgment you know, he didn't know nothing about the only provided place of worship you know, he didn't know about the place of safety you know all these things in write they're short quick the angel place of safety flee there that's the place of safety, here not safe here not safe here not safe at all they're arguing.

He have a better opinion he exalting his knowledge above the word, he resisting the Holy Ghost, church members that when they get desensitized that's the condition they does get in verse 20

*Behold now the city is near to flee unto it is a little one*

In other words it isn't so big and bad like.. it is a little one. How will they get there? I could handle this one it isn't going to corrupt me I could handle this one.

*and my soul shall live*

*and he said unto thee I have accepted thee concerning this thing*

That's what God tell Balaam, that's the way you want you don't want God's way you want your own way. The angel didn't argue

go ahead you want your way more than the word go ahead. We come to do a job we didn't come to negotiate we didn't come to argue. We are under instructions, we understand the hour, we are looking for people who could cooperate with the word.

why this day is hot that's to show you how close the fire is to fall. That's right.

*hast thee escape thee now for I cannot do anything except you escape thither therefore the name of the city was called Zoar*

Go back to Genesis 13 where I was telling you about Zoar, all the places look they're leaving Sodom now to go Zoar. He's tracing back his steps you get a next view of the time here now. First was verse 50 when the morning arose now the sun was risen upon the face of the earth. The rising of the sun watch it is in the rising of the sun he turned the cloud you know it is the rising of the sun the quicken power came to change your body.

April 8<sup>th</sup> 1965 that's when he turned the cloud the first supreme judge, the rising of the sun.

*The sun was risen on the earth when Lot entered into Zoar then the Lord rained from heaven fire and brimstone from the Lord out of heaven and he overthrew those cities and all the plains and all the inhabitants of the cities and that which grew upon the ground*

*Lot wife look back from behind him*

The sun was up at daybreak, they say look move fast hasten they know when that sun was up it was over. They know when that sunrise, the Easter seal opened. When that sun rose Lot was coming through the gates of the city his wife was behind him. Get it, it tell you where Lot was when Lot entered into Zoar, then the Lord rained fire rained upon Sodom and Gomorrah, then when Lot entered into Zoar, then the Lord rained fire he got into the place the refuse that he choose. He didn't want God's refuse but those in God's refuse had a new name. The name of the Lord is a mighty tower that the righteous run into it but he stayed with the old name and he went into a next city.

He just changed denomination, he just went to a next lukewarm place, he get so accustomed to be with sinners and being around the polluted he never as a man could make total separation, he had a desire for popularity, he wanted back patters, he wanted 'yes men' around him.

Sometimes people doesn't realize the desires in there heart to walk in a way to get criticized, they don't want to walk there they want to walk in a place where they offend no body but everybody love them. That's people like Obadiah that's in Ahab's house but Elijah brother they waiting to kill him because he does offend.

Jesus say the world didn't hate you they hate me because I does testify against evil. He says when you get the Holy Ghost they will hate you because they hate me, the world don't hate you don't have no Holy Ghost if you have the Holy Ghost the world can't love you. Jesus say because they're of the world they can't receive my word no place for my word in the world because he that is in the world is the devil. The world lieth in the wicked one, greater is he inside of you who is not in the world is greater than he that is in the world.

The he that is in the world is the devil so how could the world who has the devil in them love you and you have the Holy Ghost. It can't work friends. Just as they called the master Beelzebub they would do you the same things because the Holy Ghost will make you separate. The Holy Ghost will give you conviction you can't have it without the Holy Ghost. The Holy Ghost does bring certain kinds of conviction on you but Lot come to a place he didn't have the Holy Ghost. He could sit down and laugh he had no name change he had no Holy Ghost, Abraham name change was he had the new birth.

*and the Lord rained fire and brimstone from the Lord out of heaven verse 25 and he over threw that city and all the plain and all the inhabitants of the cities and that which grew upon the ground*

God lick up all the cities II Peter say he turned the city of Sodom and Gomorrah into ashes then he condemn them with the overthrow making them an example on to those people who are unchristianised and ungodly

II Peter 6

*And he delivered just Lot from the city of the wicked*

But watch here now in Genesis

*But his wife verse 26 look back from behind him and she became a pillar of salt*

All the cities was turned into ashes, all the plain all the inhabitant, all that which grew upon the ground, all that was lick

up with a lava with fire and brimstone when that volcano start to erupt but that pillar of salt remained and no fire came upon her and so far that's the only verse where she is mentioned and Jesus picked up this woman here but I show you how he come down and he become down inside of there and the one who suffered the judgment when the recompense for reward. Come now get this now watch these two verses here this is so great.

*And Abraham got up early in the morning*

Verse 15 tell you when the morning broke when the sun was risen then the fire fell, verse 27 now tell you Abraham had got up early in the morning to the place where he stood before the Lord

*and he looked towards Sodom and Gomorrah and the plains*

He knew the city as it was.

*and he beheld to the smoke of the country went up as the smoke of a furnace*

After Elohim left Abraham, Abraham got up early next morning and went to the place right where they sat there when the judge opened up the judgment that was determined when it was going to happen, how it was going to happen and Abraham know it was going to happen in the morning time. He get up early and he went right back there and he looked towards the very place on the mountain he could look all around in a 360 degrees but he went and he looked out in the plain where the Lord had went to see judgment follow grace, the place where he stood before the Lord in other place, the place where he and the Lord had communion, the place where God and man had met in the tent, where that seven seal mystery was opened up to Abraham and Sarah concerning their new body and the coming of the promise son, the place where the judgment was set and the books was opened, the place where Abraham became an advocate in the courts and pleaded the case for his kinsman before the judge and secured a pardon for his nephew in that place. Can you see a picture here?

Here is the elected covenanted son with part of the father's name, here is the son who saw that seven seal mystery, here is the son to whom was given the hidden manna, here is the son who had set with him in the throne of mercy and judgment when he convene his court and declared his righteous sentence. After his investigation and after the trial he was looking down from the lofty heights of the mountain top and he saw the righteous sentence that

was determined in the court being executed on the guilty and condemned sinners who had sin away their day of grace.

He saw them perish and turn into ashes under the fierce wrath of God this bride to whom is opened the mystery this bride who get the new name, this bride who get the white stone, this bride who get the hidden manna, this bride who is going to sit with him in his throne, this bride who is sitting with him in judgment, this bride who is the final voice, this bride who has a ministry of testimony to the lost, this bride who secure there love ones from the wrath of God because they could present their token with their prayer, this bride is going to look and see this world turn into ashes.

She will look down from the lofty heights and know that this earth this civilization will past away in Revelation 19 and all the bible says and they rejoice when Babylon fell all of heaven and these things they looked down and they saw in Armageddon how the earth was cleaned off. God showed like in Noah he saw that world past away when he came out of that ark there was no more world. Like Israel stood at the Red Sea and saw that whole Egyptian army disappear under that water and they saw the wrath of God come down and they saw redemption manifested in themselves and judgment in the world. You get that?

Abraham got up early and went to he place where the judge and himself had sat in the place of mercy and judgment because he knew the hour that was determined. He knew when the execution of the righteous sentence was going to take place, just like Noah knew when the door was closed God and Abraham his prophet God and Branham his prophet sat together in the throne of mercy and judgment in this day and **What Shall I Do With This Jesus Called Christ** and warning them judgment on **Trial** on all these messages on **Indictment** on **Souls That Are In Prison** it was God and his prophet sitting in judgment and God revealing to his prophet who was already justified and who was living under the new name in the book in the Lamb's section and God tell him America and God tell him Los Angeles will go under and God was telling him like the atomic bomb like I showed you in the vision would clean this whole place and God could tell him and he has no fear of judgment he is not in danger of judgment but the judge is revealing to him like his friend his counsel.

What he was about to do like when the judge came and said cut this tree down and the vine dresser throw himself in the gap and say no no spear it a little bit and he comes standing in the gap. Is that right? He says if it don't bring forth then cut it down after but the owner could tell the vine dresser what was his counsel concerning the unfruitful barren tree oh my.

I feel God had spoken tonight I feel God has spoken with a clear voice I feel God has opened this word here tonight it should make hearts tremble I feel God has spoken tonight to make people search them selves

Abraham witness the judgment but he was in no danger of the judgment, this bride had already past on from death unto life and will not come into condemnation into the judgment she is declared righteous justified she has the seal of God she sits with him in his throne. She is his voice dispensing his judgment in this hour and yet is not in no fear and danger of judgment why because she has the new name, she has the hidden manna, she saw the judgment set, she saw the book opened and the bride was sitting with him in the throne is not that the bible.

Lot's wife when they entered Zoar the sun was up and the judgment fell and she was right behind the bible says she was right behind she was just about to get over the threshold too but she looked back, she didn't believe the message. I don't see no judgment coming they shook me up make me leave all my possessions behind like a mad woman. Who are these men to begin with? Who give them this authority? How can they talk to me I am the mayor's wife my husband is the mayor in this place eh heh she start to look at her social status she start to look at how much money she have, she looked at her education she looked at her husband's position and her indifference and cold heartedness her unbelief.

Who is this giving me all this instructions I could think for myself, I'm an educated woman, I can't put my life in people hands just so I am not no fool in this age you know how much preacher it have saying all kind of things and she start to look back. Let me think for myself man. Where this fire is? This whole place gone? This big mall, this big park government building all kind of administrative building all kind of school and universities all this past away you think God will do a thing like that? Look at me like

a crazy woman run out my house four o'clock in the morning run quite to this place here, my foot sore and everything else they have me like a crazy woman running and she looked back to sin. The fire didn't kill her, she got judged before the judgment of the plain. She was judged before the judgment hit the plains and Jesus say remember this woman. Let's take up this woman quickly. Let the musicians come quickly for me.

This woman you think she wanted to be saved? Why she went out her house, while she went out the city? Why she let them drag she out and why she went all through the cities in the plains to the next city? You think one city to the next city to the next city is two yards the big city she went to the smaller city they hustle. You know it was from the daybreak to the sunrise, you know she had to take out them high heel for sure, maybe she put on her jogging sneakers and while she running for a while in she track pants she must be saying it is a good thing I does keep fit, I does go down in the gym it paying off. It paid off see but running wasn't safety. Safety wasn't the safety place friends I can't make that hard for you the safety place is in Christ outside of that it have no safety. The angels wasn't just talking about coming judgment they was revealing a way of escape, they was pointing to the safety place where the elect was with the new name and the hidden manna, with the reveal mystery, with rapturing faith to be changed because they had the thunders where God make them to take the third pull where they could get a new body. Seven seal, tent vision, third pull, seven thunders Genesis 18, coming of the angels second cycle.

Not one bit of that fire fall on that woman, she was judged but not on the judgment that fall on the city friends that turn then into ashes. She was judged because of an unbelieving heart, she was judged because of rebellion to the reveal word, she was judged for resisting the Holy ghost, she was judged because of exalting her own thoughts above the word, she was judged because she had a lukewarm spirit and she wasn't in desperation, she was judged because she was a hypocrite full of pretense she play she come out of the city she play she run out of the city but her heart is in the city still she looking back with desire into a world that already been judged because she didn't really believe but she's acting the part and she is behaving like she is really coming out and she

really want to be saved you know she really tried to escape destruction why because she start to run from this place to the next place.

She really wanted a place with security for her family with her husband and her children. She also represented a church like Sarah Abraham's wife represented a church, like Hagar represented a church, she represented a church too. Qualities of a church, qualities in a church in the day when the son of man is being reveal in the hour of the third pull after the angels came before the fire falls in the last part in the ministry of the son of man after the judgment is set and the books are opened.

The city was turned into ashes but she was turned into a pillar of salt but Abraham's wife was turned back to a young woman from a barren woman to a fruitful woman from an old name to a new name. Abraham's wife isn't that wonderful, she was the free woman she was the mother of the children of promise.

We as Isaac was are the children of promise who come through the free woman not the bond woman. Galatians 4 Paul says so that was the free woman that was the elected lady they say she is heavenly Jerusalem the mother of us all she's the bride who come into the change but Lot's wife didn't believe judgment was coming.

You believe judgment is coming tonight? You believe the angels that appeared started that? You believe the opening of the word and the changing of the name brings him into a new body? You believe the last part of the ministry of the son of man was becoming more and more judgmental? When he threw the rock up and the cloud was turned and he say the son of man who was reveal in mercy is now being reveal in judgment and he said what is this vision is it building churches and different things he says what it is its judgment remember the rock that was thrown up remember the bride keep her in step he say remember those things remember when the priest hand me the book remember when the cloud turned what it is? Is it judgment or is it what they're talking about in the word do you believe?

Lot and his family had a ministry of angels she was the one knew that there was a way of escape but she didn't take it. She was the one who was dragged out of Sodom under the ministry of angels but that didn't save her from the judgment of God. She was

dragged out of Sodom but she never reached the place of safety. Have you reached the place of safety or are you just out of the world? Your security is that you don't smoke and drink? Your security is you don't wear makeup, your security is that you're outside the world you don't wear pants? What is your security? Are you in safety friends? Here is a woman who was not in the place of safety she was outside of Sodom, had a ministry of angels. Here was a woman caught between two desires, here is a woman run to escape but then at the same time want to look back in the world. Here was a profane person like Esau living between two desires; a perverted thirst thirsting for a perverted world. Here was people walking by sight who didn't have eagle's faith to see the fire hanging above that all she can see is the glamour and the glamour and prosperity parallelized them.

Unlike Moses, Moses refused the glamour of Egypt, Lot and his wife and them couldn't refuse it. Lot didn't overcome Sodom you know Lot was dragged out of it and hustled out, Abraham was out of it all the time because he was gripped by a visitation from God and a promise and he saw how God was bringing him from stage to stage to bring that promise to past and every time he had a revelation whether it Melchizedek or El Shaddai or Elohim of Jehovah Jirah. Whether its justification or sanctification or that confirmation of the covenant or circumcision or revealing of the time of the promise or the second cycle coming according to the time of life or the supreme judge the judgment is set he was moving up higher all the time in God.

Moses choose rather to suffer affliction than to enjoy the pleasure of sin for a season. Lot and his wife and them couldn't choose to bear reproach with Abraham they choose glamour and prosperity they couldn't esteem, by faith Moses esteem the Christ greater riches, Lot and them couldn't put such a high value on his going the way of the wilderness and staying close to Abraham where the supernatural was where the revelation was, where the manifestation was, where the appearing was. Moses forsook Egypt knowing judgment was coming and he applied the blood and get under it Lot and them couldn't forsake Sodom they had to be dragged out of Sodom but Moses by faith forsook Egypt. You better reach Christ tonight my friend.

Many of you outside of Sodom but you're not in Christ yet you better get in Christ tonight the mountain. You better get to the mountain.

You have to get to the mountain tonight.

Many people think outside of the world is safety, many have to give up old habits brother in a haste she had to throw away that lipstick, throw away that pants, throw away all that thing in a hurry to run for she life. She had to leave all that baggage lay aside every weight of sin and take off like she's running a hundred meters in the Olympics but she still didn't finish the course.

She didn't finish the course. The only place of safety is where Abraham had communion with God. That was a type of Christ, that's a type of God salvation. Escape for your life but remember Lot's wife. Tonight is a night to run to that place friends you must reach Christ.

You must get up in that mountain you don't want to run to a next little city it is not how near you get to Christ friends. She thought well two more steps I could take the peep now because I'm going right in my husband and them done gone in already I go take the peep now. That was the fatal thing.

He says don't look back they had no real adherent to the word, they taking the word casually but the word spoken by angels is steadfast and those who neglect so great a salvation and those who could find a way of escape the real way of escape they receive a just recompense of reward. How near she was? She was just behind her husband just step in the gate the bible says and the judgment fell she was right behind how near she was. How far she run from Sodom but she was not in the place of safety. This is home time friends.

This is a time when these things ought to be settled in your heart, this is a time where you can't be playing church.

Tonight is a hot night, tonight is a sticky night, tonight is an uncomfortable night the devil is raging tonight but tonight is the night that is going to settle for a lot of people because that day when that man take that look and looked down in that city, that man looked the way of the world and that man saw some glamour and that man saw worldly opportunity Hallelujah his eyes saw the well watered plain but he didn't look at the wickedness of the people. He felt comfortable in the midst of all that unbelief, he

enjoyed climbing the social ladder, he couldn't get his priority right. A gay city and he's the man that you meet first in the gay city.

He is the man up keeping the city and administrating in the gay city yet they came together, yet they was coming along in the journey together, yet they was enjoying the blessing of God together, yet the same angels in that last hour was with the both groups.

It there is a perverted thought in your heart tonight? You need to get Doctor Jesus to come down inside of there and check out that life. You can't be conform to this world, this cosmos, this Satan's Eden, this place where the cup of iniquity is full, this place the judgment of God is already being pronounced upon. You can't be looking back in such a world with desire tonight, you can't be trying to look for a future in that world, you're deceived, you are in the same place where Lot was, you are in the same condition where Lot's wife got in and Jesus says remember that woman she came out of the city she run behind her husband running to safety but all the time it was just church gymnastics.

It is outward behavior of religious church life because there was no real discernment of the angels and what they was saying there was no heart that was under the effect of that word, a word when God was so merciful to them when they should be gripped by that word they were in such a condition. I trust tonight that it's not built on sinking sand when the whirlwind of fiery judgment swept that place everything was swept away because it was built on the wrong foundation. They saw angels they was ministered too by angels in that late hour but it wasn't angels that bring you into rapturing faith it was not angel moving them into a new name, there is no overcoming, there is no new name, there hidden manna, there is no new body yet they was associated with them.

You hear these things and you think it is thoughts sometimes some of the things like more thing in the word because it have no real depth of experience of life in those things because there is no real identification because the picture is not clear to you of the day when the son of man is being reveal. The three groups; the lukewarm church, the elect believer and the Sodom group I preach to you on **Abraham and Lot** I preach to you the **Sodom Sign** I preach **God Describe Time By Signs** and **God Coming To**

**Abraham And The Sign Was In The Bride Body In That Hour**  
and now I'm preaching to you **Remember Lot's Wife** take them four together you will understand something.

Preaching on El Shaddai preaching on the place we shall call Jehovah Jirah preaching on supping with Melchizedek from the dust to the stars. God deals with Abraham seed the same way he deals with Abraham, that same history with the church come through Luther, Wesley, Pentecostals and God in a man like a prophet all the way to Sodom being burnt that same history is repeating itself, called out of Babylon all the way to a new body and watch the two groups the hawk and the eagle come out. The lukewarm church, the man walking by site and the man walking by faith coming along from 1963 to 2005 watch them two *can't you hear you theophany calling you*

I told you the last few days I've been getting these things my wife say what's the matter with you? What kind of thing is this something wrong with you? You can't sleep you come in your bed five o'clock this morning what is the matter with you? My life is not my own, something is pushing me to do that because I'm getting somewhere where such a word is telling me it's very very late.

Fire never hit this woman she was judged before fire hit the world. Maybe she wasn't salty enough God turn she into a pillar of salt for a testimony. Salt does preserve to corruption but she get so corrupted down inside of there. Isn't it strange it's a pillar of salt he turned her into? He says you are the salt of the earth isn't that what we are to be in this hour? Isn't that what we're called onto but you went down in the world and the salt lost all its savor it is good for nothing. No more anointing in that life, it is trodden under the feet of men, cast out, it can't preserve to corruption. It is salt but it lost its savor so it can't preserve to corruption.

You can be in the midst and corruption will go on like normal. That's what a Christian is? Friends what kind of Christian you are tonight? Could you have that new name could you have that hidden manna you see that iphaphani or that apolcalypis for you know his Perusia is here you see that phanaroo could you see these thing could you see man and God in the tent door could you see the judgment is set and the books are opened and you're lukewarm?

When that fire was hitting that place look where Abraham was he had the counsel of God, he knew the time he was under the influence, he knew who was going to be judged, he knew what kind of judgment in the time of judgment, he saw the execution of the right sentencing, he was there, he acted the part of the advocate to bring a pardon to his loved ones even before the fire hit. That's right. Watch the results watch the result of the man who saw going from depth to depth to depth depth until he end up lost. His wife lost, the riches he went after and ended up making children with his daughters. What a sad state, what a sad state. As it was in the days of Lot so shall it be. The day they went out is the day the fire fell but remember Lot's wife inside of there.

Let's sing that song *a new day had dawn*

What we are talking about when it was dawning Abraham was getting ready for the new body, the world is come to the place where it past judgment, its rotten, its gone death is already struck its rotting so a new world can come forth for the millennium for the people with the new body to go into and the new name. He's going to sit with him in the throne and rule the nation with a rod of iron but right here they sitting in judgment because the judgment is set they are the final voice they have a ministry of testimony to the lost what an hour friends.

*Can't you hear your theophany is calling you?*

*It's a sign its almost home time*

*I just waiting for (already got my new name that body change)  
for my promised body change*

*Soon I know we will be with him on high*

Oh sing it again

*Can't you hear* get your ears tuned in hear the spirit speaking to the church tonight. The voice himself declaring itself to the men on earth.

*It's a sign its almost home time*

*I'm just waiting with expectation for my promised body change*

*Soon I know* I know it by revelation it has been open to us by the word *we will be with him on high*

*A new day has dawn we heard a prophet saying shalom  
And I don't know what it bring  
But some how I feel I'm almost home  
No turning back friends not like Lot's wife to yesterday but  
pressing to my calling  
I can here my theophany calling*

*Can't you hear oh you got to be in the spirit tonight to hear.  
You got to be lifted in the word to hear that, that's not the natural  
hearing that, the Holy Spirit in you your theophany is calling you?  
It's a sign its almost home time  
I just waiting for my promised body change  
Soon I know we will be with him on high*

*The whole earth is groaning and travailing in pain but we as  
the bride friends this name is to glorified in you and me in this  
hour  
And saints even thou we may suffer stand and grid your loins  
for your perfection that's what Lot and them didn't have  
Is drawing near like a charge coming to a battery amen*

*Can't you hear oh get in the spirit now and hear it Hallelujah  
hear the beats changing friends Hallelujah, your theophany is  
calling you  
It's a sign its almost home time  
I'm just waiting for my promised body change that's a young  
man with understanding, that's a young man with sense, too much  
pretense friends.  
Soon I know we will be with him on high*

*My God knows oh the time is drawing near  
And very soon the dead in Christ shall rise again she is called  
out from the grave friends  
No more crying over there  
But for now Christian soldiers just keep on pressing*

*Can't you hear your theophany is calling you there is a place of  
safety its in the mountain. It's a place where God come with  
hidden manna, it is the only provided place in this hour, it is the*

only place of security, eternal security. It is the only place where the angels of God who came with the seven seals can birth anybody too in this hour, that's the place where the elect is abiding in a new name, feeding on the hidden manna with the Holy Ghost with the faith to be changed.

*Oh can you hear your theophany calling you he say I can almost hear that angel stand they say time shall be no longer he that is filthy will be filthy still he that is righteous will be righteous still he that is holy shall be holy still.*

*It's a sign its almost home time  
I'm just waiting for my promised body change  
Soon I know we will be with him on high*

*My God knows oh the time is drawing near  
And very soon the dead in Christ the Moses group shall rise again*

*There will be no more sickness  
No more crying over there  
But for now Christian soldiers just keep on pressing  
Press to enter in run to the mountain get into Christ you must do it in this hour*

*Can't you hear your theophany is calling you? Lot had a theophany, Lot's wife had no theophany, Lot's children had no theophany. Do you have a theophany? He say watch your desire you have a vulture spirit you love the things of the world it show you are just from below.*

*It's a sign its almost home time  
I'm just waiting for my promised body change  
Soon I know we will be with him on high*

*A new day has dawn for this church also  
But somehow I feel I'm almost home I watch where the word is pointing, I watch where it has opened up too*

*No turning back to yesterday but pressing towards my calling in Christ*

*I can here I'm hearing it so clear the spirit speak through the voice of the inner man, there is a receiving set on the inside that*

get communication from heaven because we have representation in that world. The word we bypassed thought he Holy Ghost that new name is leading us back to the body up there.

*For soon I know we would be with him on high 2x*

Hallelujah, I don't know what to tell you I'm not preaching to a church in the world, I'm preaching out in somebody else's church I'm preaching right here to the home church if this was a new word just come of the blue or something but if it the word we have heard and heard but it seem now we have lingered we have hesitated we have deliberated and the angels he grabs them and drag them out of there sin take them out hypocrisy, pretense, make belief all these false projections, all these false religious identities, all these mask Jesus says remember that woman.

That's what she was she was a make believer. We have too much of that but you see the word tonight I'm going to let you judge yourself by the word and I'm going to let that word that has been delivered to you judge you. You look in the mirror of the word tonight the same way you look at Sarah and say Mama that's me look at your attitude look at your hunger look at your desire look and see whether you're deliberating look and see you're hearing the word but you're not getting desperate. Look and see whether you're taking them things casual, look and see you can't obey all of what is being said, look and see how you're behaving as you're going forward but in your heart you're really looking back.

She had a frog spirit, she was looking back to where she come out from. A frog spirit does make you look backwards in your heart if you have trusted in a false security in that hour because these angels come to bring a change in the body these angels come to link us with the theophany, these angels come to reveal the mysteries to bring us into a rapturing faith, these angels didn't come friends to just give us a so far life in the world.

This woman had a so far life in the world she thought being outside of Sodom that was it. Judgment was coming on Sodom sure but she was not yet in the place of safety and then in that place where they had to go in the place of safety up in the mountain

where Abraham was, where God met with him they didn't want to go there. It is too hard they see to get up there it have too much dangers involved to go up there so they try to find a soft life, a smooth way a way accepted by the world, a little better behaved society, get away from the real bad worldly ones and find a little more balanced ones. They never understood they was just a social church member.

You know tonight what you craving for but that was the hour? How much years since the angels came? How much years since the book is opened? How much years since the appearing? How much years? 42; 6 x 7 will thou be made whole in this next year that's man's suffering.

Let's prayer brother Melville come and prayer believe in the prayer, believe with a sincere heart prayer that God sensitize this church, prayer that God wake us up, prayer that God bring us to deepest of sincerity prayer that God look in our heart with honesty in the light of the word.

The bible says we are to take the more earnest heed to things that we have seen and heard. What is this great cloud that came down and overshadow? What is this bride that the sister saw it three times? What is this strange things that believers sitting here over the months have seen? What is this word and where does it come from that the word spoken by angel was steadfast then how can we neglect so great a salvation. Word spoken by angels but they didn't take earnest heed to what they was hearing they neglect so great a salvation but Abraham had come in the grace that brought salvation. It was different with him friends I could have called it the hawk and eagle, the silver dollar and the penny. What it is? Total separation of unbelief. All these things the prophet spoke. He lifted his eyes he lifted hi eyes and see Sodom.

We are getting ready to have over three hundred people come in among us come in the church close to \$500,000.00 will be spent almost half a million dollars for a convention. What is it for? To eat a burger, to eat a meal. People have cross these seas, people

from Guyana last year being saving their money to come, people are going to get passports, people from Grenada, St. Vincent, Tobago out there they are saving their money since last year convention they're looking to come those who was here for Easter in anticipation to come because they need something. The visitation they come looking for. Are we in condition to give that visitation? Is God fixing for something to happen?

I was talking to one of the brothers on the phone today I says God is going to give people there portion of what it takes to hold their place and to keep their place if people can't have the victory God is going to give them a measure to rise up and have the victory in this hour. I say they're not coming here for no ordinary thing because you get what you expect. It depends what are your expectations, your expectations can only come by the revelation of the time and what God made real in your heart determine what kind of expectation you have and what you're looking for.

Are you looking for him to appear? He appeared last year, he appeared Easter that he would appear another time for them that look for him. He'll appear another time to them that look for him in this meeting he'll appear another time. Are you looking for him? What meaneth these things *when I see the blood I'll past over you*. Let's just worship him in that song

*When I see the blood* God was not looking for anything but the blood on display they had a time to apply it the token and they had a time they couldn't apply it no more applying time had run out it was displaying time. I prayer thee tell me what time it is if it is applying how much time we have from 42 years. When you see wars breaking in the earth, when you see hurricanes and disasters are these not judgment of God. Look at the bible and see wars and rumors of wars, sea roaring, Tsunami tidal, waves 12 nations these have we so quickly forgotten what is happening on the earth. Is a service like this unusual? No friends God want to shake us out of the church realm, the humanistic realm and bring us into the realm of vision where we walk in union with God friends.

Remember the main part what God opened from Easter this was only for these names in the book he wasn't appearing to the world, he was only appearing to the elected ones that's why when angels come in the house they couldn't relate to it. They didn't know

what to do, they didn't have a clue, they had no preparation to sensitize them. The Holy Spirit told the prophet prepare for the visitation of the angels they coming oh friends if you think different from this it shows how backslidden you're and how far away from God, be sensitize to what is happening that's the person that knows.

Oh God I've been walking in the message for all them years and I know it will build up to something and I hear the message come down from the last September 11 and I see the whole year the holy Spirit wait upon us on the personal side. What is happening among the believer? And here we are tonight Lord and look how the Holy Spirit placed that word out and tie all those things together in this one service and bring back the voice? If you're that Abrahamic group then all these things are real to you. If you're in the hawk group or a hawk spirit is around you then rise up and shake that thing and get in the eagles realm where you can receive the promise.

*When I see the blood 3x* That the only thing he was looking for to see if the word of the prophet was carried out  
*I'll pass I'll pass over you* that was the only place of safety

*When I see the blood 3x* That's what God is look for proudly displayed on the chest tonight the bride proudly displaying that

*Christ our redeemer died on the cross*  
*Died for the sinner paid for his due* sprinkle your soul tonight you have to apply it to your own house friend I can't apply it for you have to apply it to your own house  
*I'll pass I'll pass over you*

*When I see the blood 3x*  
*I'll pass I'll pass over you*

*Oh chiefest of sinners Jesus will save tonight all he has promised that will he do*  
*Oh washed in the fountain open for sin*  
*And I'll pass over you*

*When I see the blood 3x* The life of the lamb friends the Holy Spirit that's the token in this hour

*I'll past I'll past over you*

*Judgment is coming*

*All will be there*

*Each one receiving justly his due*

*Hide tonight in his sin cleansing blood*

*And I'll pas over you*

*When I see the blood 3x*

*I'll past I'll past over you*

*Oh great compassion*

*Oh brotherly love*

*Oh loving kindness find peace and shelter tonight*

*Under the blood*

*And I'll pass over you*

*When I see the blood 3x* oh she was marching she was proudly displaying the blood she ws dressed in the national dress she was going up into glory while the other church was going down into hell a witch dancing to rock and roll music friends

*I'll past I'll past over you*

*Judgment is coming*

*All will be there* Let's come out on Friday its vacation time lets put in some prayer that God will make a real visitation in this hour a real outpouring a dunamist amen

*Each one receiving justly his due*

*Hide tonight in his sin cleansing blood*

*And I'll pas over you*

*When I ..... God bless you*

*Remember Lot's wife 3/08/2005*
