THE REALIZATION OF THIS INSANE AGE
PART 1
Sunday 2nd January, 2005

Can't you see why I'm so happy?

Hallelujah.

I've accepted the Word of the Lord

Oh yes, we have

The revealed Word that was spoken

By the Prophet of Malachi 4.

What a great confession of faith that is this morning. Amen. Let's bow our hearts in His presence. What a great thing it has been for us to see this greater than Solomon, this great revealing of the Son of Man in the end time. Elohim, God coming in human flesh in a day like Sodom, the very Creator of heaven and earth. God veiled in man like a prophet coming, this super sign, Immanuel, the mighty God being unveiled before us. Blessed are our eyes that we see. As He sat there with dust on His clothes, we know It was the very voice that spoke the universe into existence speaking through Him, revealing these hidden secrets of redemption.

And what a joy it has brought to us, the joy that we have looked forward to, the pressing coming of this great Light, breaking between mortal and immortality between a dying world of corruption, a bright new shining day, bringing us from mortal to immortality. Oh, can't you see why we are happy? We receive the Thunders to open a mystery that these vile, old marred bodies will be changed. We accepted it, we made it ours, the Abstract Title Deed. Oh God, how grateful we are this morning.

And truly this great transforming Power works within us. This quickening Power pulling this body in subjection to Your Word, showing it's already being brought into a raptured condition. This immortal Life within us speaks of that new day, we feel It all over us. It is lifting us up to walk in this world of perfect faith. It has anointed our eyes to see the believer's position in Christ, what you have made us. The grace that you have given to rely upon this

Word and knowing it is the infallible Word, It is an Absolute, it is impossible for it to fail.

We thank You, Jesus. We thank you for this heavenly vision. We thank you, oh God, for heaven being opened, not just the bottomless pit opened and hell being created on earth, but heaven opened. And we saw Him who sat on a white horse, Who's Name is called the Word of God and His vesture dipped in Blood. Now the armies of heaven do follow Him, while that other group is riding, hell following death. God we are thankful that when this great drama, this great symphony of Your Word is being revealed, heaven is following Life. And we are glad that we can say we are one of them, we are in that number; for they are called and chosen and faithful.

We see ourselves in the vision, Lord, we claim our place, we identify ourselves, we have heard from our Theophany. Oh God, hadn't we had this grace to believe this Word, had we been trapped in blind Laodicea, in that insane age, drifting aimlessly in the darkness with sin upon our lives, what a miserable condition we would have been in, Father. To think that is what we were, that when the Son rose, and the morrow after the Sabbath, hallelujah, when You said, "Let there be Light", and the greatest Light that ever shone began to shine with the coming of the Son of Man in these last days.

Then we, seeds, that were trapped in the darkness, in the gloom, something begin to quicken us Lord, under this great Easter Seal. We begin to come forth Lord, "Rise and shine", you says, hallelujah, "Thy Light has come". Here we are today, seeds of God, palm, oak, lilies, everyone taking place in your great economy Lord, being transformed into the specie that they were ordained to be, identifying their place. They are part of this great economy of God.

Oh, we thank You Jesus. That it is not we who live, it is Christ, the very mystery of God being expressed, this great chain of life, this great Eden, oh God, this great faith civilization. We see the faith of Abraham. We see the faith that was in Sarah to judge you faithful. We see the faith that was in Rahab to apply the Token. We see the faith that was in the mighty Gentile warriors to bring forth a clean, fresh drink. We see that faith that was in Joshua, oh God, that faith that was in Caleb who wholly followed the Lord. We see

all these species coming forth, that faith that was in Esther, we see it Lord, being reflected out of dirt, Trinidad dirt. You showed, oh God, there was a Scriptural seed, a Scriptural Life, laying there. A life that could come forth out of this dirt, Lord, and make the Bible live, give witness and testimony, that You are the same yesterday, today and forever; the identified Christ of all ages now being identified in Bride form, in the Bride age, in the Bride coming.

What a time it is for us, Lord, You have made us thus. And this blessed revealed Truth of the Seven Seals have illuminated our hearts and minds to let us see what you have made us. Today we stand in your house at our post of duty, Lord, with this illumination, rejoicing to know that we have passed from death unto Life. "He that heareth My Word", oh God, the Prophet said, "Understand this place, believe in him that sent me would not come into condemnation, but will pass from death unto Life".

That's our experience, Father. We were dead in sins and trespasses, but this quickening Power quickened us and raised us up into heavenly places. We are so glad to see everyone, Father, that has caught this Faith and have this testimony, Lord. It's been a new Day for them, Lord God when it was made real in their hearts. How that is beyond a New Year in the time calendar because they crossed from the Laodicean Age into the Bride Age, into the Eternal Church Age, old things were passed away and all things became new.

Lord, how we want to shine, Lord in all Your glory and all Your power this year, the witness can become that so much more powerful in the earth, that it will draw the others that is yet to be brought in. It will truly show forth your victory and the reason of your death. With this purpose in heart and mind, we stand here today, this 2005 Lord, purpose in our hearts to sweep this Message to the coming of Jesus Christ. We buckle on the armor tight, Father, armors gleaming and colours streaming, engaged in warfare for possession of every divine promise.

Let this divine influence move through this Word, move up the chain of islands, move into the assemblies, move into the hearts of the Elected, that they would be a mighty marching army, Lord God, throughout this region that would revolutionize this region, oh God, and the power of God would reverberate. There will be such a surge of the current of the Spirit, such a invisible Union,

that Light would lighten up this region, Father, that it would have never been before, wherever Your children are gathered.

We ask this today. Continue to speak to our hearts and unfold Your Word. If there are those to be brought to Life, here this morning, like it was back in Genesis when that risen Son Light begin to shine and quickened those seeds that were waiting for that Light, so let it be today Father. Grant it we ask. We commit all things into your mighty hands; we give you all honor and glory. May this great Light also ripen the faith in the hearts of your children. In Jesus' precious Name we pray. Amen.

Praise His mighty Name. God bless you. I trust you are still having a happy new year, you are still spilling over, It is still all around you, your hearts are filled and overflowing. Amen. And you are ready to shine forth in all His glory. It's what we are called unto. Amen. This is not our ambition, for like some human ambition, this is what we are called unto, this is what he has proclaimed unto us in this hour. This is why He opened Seven Seals. This is why we are called out of organization.

Amen. I would like to read out of **Galatians** chapter 1. I trust your heart and mind is still meditating and feeding upon that Word that He gave to us there, Old Year's night, such an opening. It is one thing to talk about the Word, but then when it opens and you can see the revealing, the Light coming out, It gives us faith and courage to walk. Amen. '**Conspirators and their Conspiracy**'. A great evil in the world today, that's why the Message has come, there's a group riding doing that. Hell and death, all his subjects who have taken sides against the Word, is becoming hell personified. That's what He called them. He called them hell in this age. In the age when the world is uniting, in the uniting time. Religion, politics, demon power, under that Fourth Seal, the world uniting together. Think of it.

And while all that uniting is taking place, God is uniting with His people, the Bride is uniting with the Word, the Marriage of the Lamb is come. Is that right? **Galatians 1, Revelation 18**. I would like to take, speak this morning on a subject I spoke down through the years, and taking back the same title but speaking it in 2005, 2005 version. Amen. I am just updating my site. Amen. I want to speak on, **THE REALIZATION OF THE INSANE AGE, THIS INSANE! THE REALIZATION OF THIS INSANE AGE.**

We are in the age of the mind, as we move from the eyes to the mind. When we were in the eye age, the world was blind. When we came into the mind age, the world is crazy. That's right. How many know that Laodicea was promised to be blind? And how many are naked and don't know it? Insanity. That's the Bible. If you are a Bible reader, that is **Revelation** chapter 3, verse 15 to 17. And **Revelation** chapter 3, verse 20, they rejected Jesus Christ, they don't want Him. The falling away is here. What did they fall away from and what did they fall away to? They are continually increasing unto Absalom, the one who stole their hearts, stole their mind, have them in darkness, have them in an insane condition and they worship him.

But there is a people worshipping the living God. The Father seeketh such to worship Him, in Spirit and Truth. Do you know who God is? Do you know He is one Person and not three? That's right. Glory be to God. When the world thinks He is three people, you know He is one. "Here ye Israel, the Lord thy God is one."

Galatians 1, verse 3:

Grace be to you and peace...

And what a good way to start our year, with grace and peace. Message of grace and peace is union and He came to bring union and the Headstone comes to the body.

...from God the Father, and from our Lord Jesus Christ,

Who gave himself for our sins, that he might deliver us from this present evil world.

That is the only way we could be delivered from this world. That is why Paul is saying, "Grace and peace comes to you", "because He gave himself that he might deliver us". If He didn't pay the price, we would have been trapped there and stayed trapped there forever and be slaves in bondage to the one who conquered us and trapped us. But there is One Who came to open the prison door and set the captive free. Is that right? And He knew it took a price, but He was willing to pay the price, to take us out of the slave market.

Who gave himself for us, for our sins, that he might deliver us from this present evil world.

That word really is, age, this age, it is a time word. It is not so much speaking of the order here, but the emphasis is on the

condition of it in the time, because Satan is called the god of this evil age, but he blinds the people. And this age, the god of this world has blinded them, they are in a Laodicean condition, blind. But this is the age He say, “Come and buy eye salve, that you will see”. Amen. He blind them from the Coming, blind them from the Truth, blind them from who God is, hold them in organization, hold them in an insane, blind condition. They rejected Jesus Christ, being blinded. But we are not in that condition. The election obtained it, there is an opening of our understanding, because that is what was promised to for the Elect. The Elect will not be deceived, the whole world will be deceive, but the Elect will not be deceived.

Who gave himself, for our sins, that he might deliver us from the present evil age.

This is the evil day Paul talked about in also **Galatians 6**, “That we might be able to stand in that evil day. That you would have on the whole armor of God”, when Satan builds his Eden here and everybody is under his influence, there will be a people with the armor. That’s why he said **The Greatest Battle Ever Fought**, “Put on the whole armor”. “**How Can I Overcome?**” Why? He came to bring a people. If the Trumpet gave an uncertain sound, who shall prepare. That’s why a certain Word came in this day. Do you understand? Understand. See, we have the books, but it takes an understanding to put it together of what God was saying to us, that brings the awakening.

*... according to the will of God and our Father:
To whom be glory for ever and ever. Amen.*

And **Revelation 18**. **Revelation 17, 18** and **19** is something happening, is placed there between the **Vials**, the **Third Woe** and the **Millennium**, because **Revelation 16** is the **Vials**, **Revelation 20** is the **Millennium**, **Revelation 21** and **22** is the **new heaven** and the **new earth**. But **17, 18** and **19** were put inside of there, and **17** reveals a woman who has drunken the whole earth, who have deceived the whole world and who sitteth on a scarlet coloured beast. The beast carried this woman, the most diabolical power, that red dragon that was in heaven, is the power one earth that carries this woman. And this woman on earth is who has taken this whole world in, that is **17**. And **18** is a Voice calling out of there.

And **19**, the ones who are called out comes to the Marriage, the Marriage of the Lamb is come.

It's a secret. It's happening. That woman is here. In her was found the blood of the saints and the martyrs of Jesus, she was the one who was drunken with the blood of the saints, she was the one who killed the Christians. But the world does not know her. Brother, in the Vatican there it's called the leader of all Christianity and she is called the mother church, the great church. And all the kings of the earth recognize her as the true form of Christianity. Think of it. And the power there that carries her is Satan, the red dragon that Michael fought, who came down in Eden, who entered the human race, opened a door to himself, and since then, his seed is on the earth. The tares are being matured. It never went out of existence, not even in the flood, the giants were still on the other side.

In the time of Jesus, He looked at those Jewish priests, they were handling the Torah, they were carrying on the services in the temple, and Jesus said, "You of your father, the devil". They had the law and the scrolls of the prophets, while the whole world was in darkness, he had moved right in the Jewish system and is in control even in the Jewish system, and he used that system to crucify Christ, the very God of creation who had come down. Do you get that? And when the church started, they came in the church too.

As the serpent beguiled Eve, so they corrupted and they came in the church too, and they are in the Message of the hour too, trying to kill this, still. The dove in the ark was in the same... the dove and the crow was in the same ark. Esau and Jacob was in the womb of the bride Eliezer called out. Michael and Lucifer were in the same heaven. The two trees were in the same garden, side by side. The two seeds were in the same field, the wheat and the tares. Is that right? Judas was right next to Jesus. That's why it takes revelation, friends, not church membership, revelation. That's what we desire, revelation.

Revelation 18, verse I.

after these things...

That's **Revelation 17**, after the revealing of the woman in **Revelation 17** who drunken the kings of the earth and clothed in

scarlet and purple. Those are the official colours of the Vatican, you know that.

And after these things I saw another angel come down from heaven, having great power; and the earth was lightened with his glory.

1946 to 1965 they saw the earth lightened with His glory. No man could deny that that wasn't Jesus Christ. He confounded science, He shew signs in the heavens and the earth, in the realm of medical science, He raised the dead, healed the sick, everything, create. Is that right? Brought Truth, things that were sealed in the Bible, sealed before the foundation of the world, His glory lightened the whole earth.

And he cried mightily with a strong voice, saying, Babylon the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird.

Babylon has become that. It has become what? A habitation of devils, a residing place, a dwelling place, a habitation. The same devils that were cast out and came and said, "Let us go in the swine", and looking for a place, now they have a place. They have a habitation.

... and the hold of every foul spirit, and a cage, a cage of every unclean and hateful bird.

Have you ever seen birds in a cage? How do birds get in a cage? Trapped, trapped in a cage. And this world has become a cage. This world has become a cage. Are you in the cage or out of the cage? There is a Word that came and said, "House of hell give way", to open the cage, "that He might deliver us from this present evil age". Babylon, that is the cage. This evil age is a cage and they are blinded and they don't know that they are in the cage.

And he dressed them, he gave them their identities, he has them in such a condition. Do you ever go in St. Ann's? Who ever went in the madhouse, or Ward 1 in the hospital? They have them caged. Have you ever noticed that, and they have to keep them sedated all the time? And when you see them walk around want to hit Roger Gibbon... One time I went there, boy, he was only talking about cycling and he parked up his bike and get on his bike and then he

is riding against Morelon. Brother, you see them with all kinds of conditions.

But today, some of them play Batman and Superman and Spiderman, and they want to be all kinds of things today. How does that connect? You see a man climb the world's tallest building without rope and things? That's right. You see you see things but when you hear the Word, it is then you understand what you are seeing. Otherwise, why does it be normal to you, and it does not strike you in a certain place? Why? Because the extent of your liberation, the extent of liberation you need to be raised up to see the world you are in, friends. That is why I am speaking this morning on, **The Realization, The Realization of the age.**

For all nations have drunk of the wine of the wrath of her fornication,

He didn't some nations, you know, a-l-l. Do you have that in your Bible? Trinidad is in there.

... and the kings of the earth have committed fornication with her, and the merchants of the earth...

That is the realm of politics and that is the economy. Kings of the earth those are rulers, leaders of nations, all nations, kings of the earth, rulers of the nations, merchants of the earth, the economy.

... are waxed rich through the abundance of her...

Her, Babylon.

... delicacies.

And I heard another voice from heaven, saying, Come out of her, mpeople,

Not everybody, "Lazarus come forth". "My people".

Come out of her, my people, and ye be not partakers of her sins, and that ye receive not of her plagues.

For her sins have reached up unto heaven, and God hath remembered her iniquities.

May the Lord bless the reading of His Word; you may have your seats this morning. Praise His mighty Name. I would like to just speak on, **The Realization of this Insane Age**, and to take a little look at these souls that are captured and caged up in the

prison house. Because when you come to a cage, they have to captured before they are put in the cage. They are in the cage, but before they could get in the cage there was one who had a thought how to cage them.

You know in the Bible they talk about fowlers, they call them fowlers, we call them bird catchers. And I remember as a young boy growing up we were from an environment, in the evening all these fellows came out by the street corner with their bird in the cage. Everybody walking around with their birds, they put their birds their and they have all their birds whistling and everything else, and you know, whose bird can whistle the best. And I remember in those days they had primitive methods before all this science came in, they went and get 'laglee, they called it 'laglee'. They cut the chataigne tree and all the sticky sap that comes out, they have a way they take it there and they set it to catch the birds. They make the little cage with the trap door and they know the trees that certain birds are in. Is that right?

Who in the pleasure tree, who in the sports tree, who in the political tree, they know which birds are in which trees. And they put the trap inside the tree because they know the time that bird is in that tree. And sometimes they sit there and come back and they see birds in the cage, they have all power over it once it is trapped in the cage. They can cook it, they could set it free, they could pluck it, they could cut the wings and put it in the yard, let it walk around the yard because it can't fly, once they keep it controlled. And all this power, the bird catcher has even before he gets one piece of cedar wood and a piece of wire to make the cage.

They use to construct their own cage, because they never use to sell birdcage. After a while people realize they could sell birdcages and they started to sell. But in my time, every man used to make his own birdcage. And they made the birdcages, they varnished it up nice and they used to even get a nice little thing of water at the side, like a little tube with the water and they had the little thing for the seed and they had the trap part of it and, you know, they had it nice. And sometimes in the cage, they have some in this part of the cage and they have some in the next part of the cage separated too.

Now think of it. We used to look at that and see that and as we think of it in these very primitive thoughts, in simplicity. If a man could design something knowing the bird, knowing the tree the

bird is in, knowing the time the bird feeds, knowing... and sometimes do you know what they do? They don't put an empty cage to trap those birds, you know. They put that bird who sings plenty and when those other birds see that one singing, a little Absalom inside of there, all of them take off after that cage. Not knowing it is a trap there he has put up to draw them, he have a magnetic pull to pull them in that cage. Now you can see that, can't you?

Then if we are liken to birds... How many know we are likened to birds? How many know God likened Himself to a bird? How many know the Holy Spirit came in the form of a Dove? How many know God likened His Prophets to eagles? How many know He called the religious systems vultures? How many know He called the Pentecostal age a hawk? How many know a singing group called themselves 'Nightingales'? And we have 'Sparrow'? Do you get what I am saying? So you look at this and you realize now a bird catcher, he knows how to catch a certain bird that he wants. He is not going to catch any corbeau, you know. He wants a nice little canary, he wants semp (a local bird), he knows semp likes fig, he puts fig. Do you get what I am saying? He knows what they like.

That is showing man studied the nature and the personality and the behavior and the environment of things that they had their heart set upon to bring under their control, to capture, to make it their possession. And said, "You are going to sing for me", today they call it contract, "and I could take you to court if you break your contract". It is a cage, you know, it is a chain. And that bird in that cage, he gets up in the morning and he sings, sings, sings, and that man just sits down there and he is drinking coffee, he is doing different things, he goes now and again and he drops a little bird seed inside, he kind of changes the paper, puts in new gazette. He has a prisoner, just like Remand Yard, just like a maximum-security prison.

How many know the Bible used that same illustration in the last days, people will be hunted, people would be snared, people would be trapped and caged. That's what He is talking about here. The word, habitation, there means an abode, a habitation, it means to dwell, an inhabitator. Metaphorically He is speaking of divine powers, supernatural influences that are said to dwell in the soul of

the inhabitant. It's a habitation. A habitation, like a bird, has a habitat and you create a habitat for a certain bird. Now when you take a bird out of its habitat, it can't survive. You take fish out of water, it can't survive. You take a bird that was made to fly and you trap him in a cage and you deprive him from what he would normally get in that environment, he get domesticated and he becomes another specie, he can't maintain his originality.

And God when he designed nature, that was a Bible. Before we had a printed Book to read, nature was the Bible. That is why Jesus preached about shepherd and sheep and sower and seed and these things, because why? He didn't need a written word to preach about God, because God had revealed Himself in nature, God wrote it in nature. David said, "The heavens declare the glory of God", God wrote His mystery in the stars. And it had people who could look at the stars, and read the mystery because that's a language. Because he say day unto day it uttereth what? Speech, night unto night it showeth knowledge.

So Satan has reconstructed the world, this is not the world, God made. Now follow me close. When God made His Eden, it's not this world, same earth, same trees, still living by air, still have seas and rivers, still have birds and animals, but the world around us have changed, this ain't the world. When your father and mother were alive, let us say in the last sixty years, not this world. Your father used to have computer and laptop and so on, they had cell phone? Father knows man went on the moon and all these things? And your father could, any body know ... they sending unmanned space thing to Mars, bringing back images of Mars? It didn't have that in your father's time. Had malls and all these things? No, different type of world.

Back there you think you could have seen your great grandmother walking in one of those navel breaker things down *here* that they are wearing today, below their navel? Brother, they would lock her up in an insane institution. Now if it was naked then and it was crazy to do that, isn't it crazy now? But they don't call it crazy now. They laugh at you if you are in a long dress. Yet they take a picture of their old grandmother. Look at our Sister Rega here; she is eight-two years old... (I'm sorry to say your age in church, but I should have thought before I said it. But I want to make a point here). Why I am saying this is because we have

somebody here who could say, "That is true what you are saying here, brother, because I know what the world was like there, eighty-two years ago." See? Before the war.

And then you see the time changed when women start to fall from that condition. When women started to come into a pant, and then you see what the women come into today, now they have mauve hair. You see a woman which mauve a hair back there, brother, you would think she crazy. You talking about mauve hair, blue eye shadow, red nails, I mean it is crazy, you can't think of that, you would have run and hide little children would have run and hide. Your father was a young boy, your mother was a young girl would have run and hide, they would have gotten scared and said, "What is this, where this creature come from?"

But something has happened in the people's understanding, it's acceptable, it's fashionable, it's advertised, it's nice, it have shops everywhere. And people call themselves beauticians and they get degrees and they study cosmetology. And people go and work hard for money and more money is spent on that than groceries. That's statistics. More money is spent on cosmetics than on groceries. Something has happened to the minds of the people, they have grown into it. And the pressure on the world... even look at we have young girls, and may God put the inoculation of the Holy Ghost through this Word in your hearts, my brothers and sisters, that your eyes of your understanding would be enlightened. And you will realize, "No, there is a deformity." There is a power and a influence pressing the hearts and minds to accept that. There is a spirit of blindness coming upon people to make them see that as beautiful. There is a manipulation and a control upon a unsuspecting people that psychologists get in their head and start to experiment with their brains.

Why? They observe nature. They take things out of it's environment and then they put it in a next environment and then they study it. And realize after a while it can't find its food, because this one is made to smell its food, so God gave him a certain sense he tracks that. This one has night vision, he goes in the night and moves around and finds certain things. This one gets up a certain time in the morning, he does crow and he knows where to go and find food. And they all have a provided way they

are living in, they all have a God-given instinct and sense that they move around in their environment.

And then they say, “If we could take them out of that and make them still survive, and teach them a new way to get their food.” For the first time when it dawns on you, that you are in an new environment, they have light all the time, you accustomed with your night vision, you can’t use that anymore to find your food in the night. They have you in a laboratory, in a cage. Then they come and hand you your food. After four, five times they hand you that food, the fifth time, the sixth time, at that certain time of the day, you are looking for that hand coming with the bowl, you know. They start to change the way you think.

Friends, what they call the educational system and school and university, that is what it is. That is just not, “boom”, an explosion. That’s man sit down and say, “We are going to take you through your first seven years this way. And then we are going to take you through here. And now when you reach this age here we asking, we are going to start you with sec... we found a new way to put things in your subconscious from small. So we bring you through Oscar, and Big Bird, and we give you Sesame Street, and we give you things a certain way there, now when we bring you up here. From time we hit you Darwin, over here, and no God, it is easy.” That is why the Prophet said, “Education is of the devil”. He said, “God have an education, but not that kind.” The education that man ...

Look like in the field of medicine... let me show you something. Your mom and your dad, a few years ago, would know to read every bush around the house. They knew this is for fever, they knew this is for cold, they knew this is for there. And the children growing healthy and they are not running down in any hospital day after day, and still the same sickness there, because sickness is of the devil, and all those devils were there even during that time. But they had a way they could have moved around. They had a way your mother was the doctor. Something get up in your foot, she sit down there, brother, she cut open your foot with a razor blade, she get that thing out, she get up in the night, she take the butter, she take the oil, you get the thing on the head, you get the old penny with the copper and the piece of salt fish, and that big bump go down. That’s right.

Now you go there, the man says, "I think you need a brain scan, \$1500. I think over here we have to operate on you because I think this is cancerous. We have to inject certain things in you and take certain things out of you." And then what is going on? Why? They educate those men and they make them an authority and in your mind they are a power. And then they tell you, they start to dictate to you, "Okay, don't come back in this hospital here if so and so happens. We are not responsible." Or, "You retaliate, we will get the psychiatrist for you. You are crazy, because you defying our word."

If man want to control you by their word so much, and people.... And they will get psychiatrist for you, and prove you are crazy and they lock you up and sedate you, and they feel it is recognized because this man went school and learnt this, because their system teaches that. And you know, when it comes to God now, you are trying to believe God's Word, they tell you, you is a cult and they want to lock you up in jail for polluting the people's minds. And you say God's Word, the Bible didn't change, It's still the same Word.

But now they are going to force you to sit down and listen to a woman preacher and tell you, you are prejudiced and you have discrimination if you don't want a woman to preach. And now they exalt their knowledge above the Word of God, and they reconstruct the church, and they reconstruct the religious way, system, and they reconstruct the laws concerning medicine. If somebody goes for bush there now, brother, they look at you funny, they kind of feel that you are crazy. Because now you must buy from the bio... pharmaceutical companies, which are big billion-dollar industries, and you don't even know what it has inside of it. And then even on it, it is telling you, "And this has after effects, if you suffer with this, you can't take this. You can't take this, and if this happens to you after go and see your physician right away, but they could sell it still.

Do you get what I am saying? That's a pressure that is to take away your control over your own life and to establish their control upon your life. And it becomes the accepted way. And after a while, you yourself, if you don't have the Holy Ghost...does think people are indifferent when they rebel against that, because you get under the influence of the way they design and reshaping people to

think and to function. That has been the plan of the bird catcher, I am talking about. He sat down and he is going to build his cage, he is going to build his kingdom. It's an Eden, he has a way to bring it up because when it is done, you are trapped and you are controlled and you are influenced. Because the cage builder, the cage dose, says, "We are going to make the cage so wide".

I have been to Auschwitz, in Poland where they killed six million Jews. I went to Robin Island where they had Mandela there, and I saw how they constructed those prisons. And I saw how it is designed to control and break the will and remove the dignity of the people, and to debase them. You have about... Jews, *this* is the only place you have to stand up, people *here, here, here, here*. They construct it with so much people inside here and that means you can't sleep, that means you can't use a toilet, you have to do it on yourself right there. They debase you, they break you, they make you feel that you are an animal; they make you feel you are worthless.

Why? That was the final question to the Jewish question. Those were devils from the Euphrates River, the same Babylon. Babylon is built on the Euphrates River. Do you know that? Symbolic of the Roman system, designed with torture. They construct that. Why? Because they know after three hours standing there, you get irritable, you want to move, you want to do this, but you are restricted. Then you start to lose control of yourself, because there is no discipline to handle that extent, because they are carrying you beyond your limit. Why? Because they know what the limit of the human being is, through tests, so when they are building this, they know how quick they will break you.

How you think they have those Iraqi prisoners in Guantanamo Bay and those places? All kind of music, loud, hard in the night so they can't sleep, then big, bright lights. They know after two days of no sleep, they lost control. Do you get what I am saying? How did they come to those places? Study human behavioral psychology. How did they develop that science? By taking animals, and birds and different things out of their environment, and then they reconstruct now a world based on that.

And so we are in a world, they put new values, you wear a certain type of clothes, you are special, you drive a certain kind of car, you are special, you live in a certain kind of house, you are

special. It is all false values because it is all still dust of the earth, the serpent meat; and to live there, you have to be this man, because that is not designed for the inner man. Do you get what I am saying? And so they create a class-system, and mind control and they give an attitude to people who feel they are better than who. And that's why to deliver you from the present evil world, of false system and false values, false standards, had to bring back the original Christ, the original God.

And when they say, "We have God", and they have a billion members, Roman Catholic system, Protestants and all these things. And they put a homosexual bishop, openly confessed homosexual bishop there, and then he has man marrying man, that is what his theology taught him, and all the priests are pedophiles with little boys, that is the character of the clergy. Then God comes down now and took one born in a log cabin, with one little window, and the Pillar of Fire comes in there and God take a man with a seventh grade education, who can't even read and write, hardly, and God shook science, shook medicine, shook theology, and demonstrated it in the Bible and challenged their system. Speak things out of existence, controlled nature, raised the dead off of the floor, when they certified them they were already dead, come down with a sign and let the Pillar of Fire be photographed and be tested and proved the Light struck the lens.

And when God did that, God was showing, for that Voice was saying that God was not in those places, that is Babylon, that is of the devil, that was the same Voice here, "Come out of her my people", a strong Voice, a Voice that had a glory connected with It. When that was happening, friends, in this day, we begin to wake up. He said, "Who do you say This is?" What it was? It is the same Lord Jesus, come to do what? Deliver us, because the evil age had come, it was built. And says I will tell you what this place is here, it came through the agricultural civilization, it came through the industrialized civilization, and now it is in the information civilization, and now the whole world is connected, the cage has been built. And now the tree of knowledge in the midst of this garden, that everyone in this garden lives by. He has his Satan's Adam and Satan's Eve in his Satan's Eden, and the tree of knowledge is the tree in the garden. Knowledge based civilization.

Are you seeing the picture? Is that a true picture? That is a real picture, picture from the Bible, picture in the present time, picture that you see how the thing changed down through these years. Then when you see the reality where do you think you stand? You say, "That is a nice thought. You know I kind of liked how he explained that." That is what you say? You say, "My goodness, this is the world? Is that why It said don't be conformed to this world." Be transformed by what? (Congregation says, "**Renewing of your mind**") Because Something gets a hold of your mind to make you see this world as something not to be conformed to, It gives you Its standards, It gives you Its values. But a Word comes and says, "**A thinking man's filter, a holy man's taste**", and begin to put another kind of thinking inside of you, through another Word that opened it, exposed that thing. And said, "My kingdom is not of this world", and his subjects say, "We confess that we are pilgrims and strangers, here we have no continuing city, but we seek a City whose Builder and Maker is God".

Then you begin to understand there is a reality about real Christianity, not denominationalism, real Christianity there is a reality about it. And that was for the Elected people that they would not be deceived, a Truth was going to come at Evening Time, "It shall be Light at Evening Time", and what is that Light going to do? The path of Glory, the path to Glory, out of the cage into Glory; like Enoch, like Noah and them, they came out of that perverted world that Cain and them built to trap the world. God dropped down and the mystery of the ark, the rain, and the dove, a threefold secret to take them above of this world and into a new world.

They begin to wake up to the age, the kind of world they were living in, because Satan had built a kingdom, he had built an Eden. You have heard me say, it have engineers and contractors that architects of this world who designed it that way. He gave you a credit card, he gave you your picture on it. He gave you some figures written down in the bank, that you have so much in the bank, it is just numbers on a piece of paper, it means nothing. Do you know banks don't lend you money that you deposit in the bank? Do you know when you deposit money in the bank that is only an entry? What they do you do when you carry in \$10,000; do you know what they give you? A piece of paper, they type it up on

a computer and they give you on a piece of paper, and you keep that in your pocket. They make an entry, they give you a record of an entry, you don't see the money again.

Do you think they have it in a big box, that when people come to borrow now they go out of the box and hand you? No, that is paper money, that is not real, that is things they print in a printers; and they print so much based on your mathematics, that you work out on the computer too. And they are controlling the whole world with that. And you have a piece of plastic, and to prove it is just plastic, when the expiry date is finished, they bend it up and they give you a new piece of plastic, with a next digit on it for the new year. Is that right? That piece of plastic represents your life savings and your labour and your sweat and your toil and everything. And they could tell you in the morning; the bank went into bankruptcy, the system crashed.

That is why He said, "Buy of Me gold tried in the fire that you might be rich. Buy of Me gold tried in the fire that you might be rich." And when the fire comes on this Sodom age, it is only one thing it cannot burn, it could only purify. Hallelujah! What a place for believers to walk in this hour, friends? The god of this evil age.

You see, like speaking in tongues, is one of the low forms of manifestation of the Holy Spirit, the least of the gifts. Now wisdom that is a glorious thing, because that is the intelligence of God, far more exceeding in glory. Well the same way when people see demons, and they see a man, a coke addict in a corner, and a fly around his mouth, and they see that kind of demon, that is a low kind. When you see one of the super demons of the world, high up who does construct the world, who does design it the principalities and powers, the rulers of the darkness of the world. When you see the kind of intelligence they come out with, and they sit down there, see? Like I was saying the other night, not the old Catholic priest who walk a few meters and then sit down and he goes down by the statue, he could hardly bend down himself to genuflect, (**genuflect**), and you say look at that and you see it as powerless. See? No friends, they are controlling the world, the cage. Leaders, the leaders are great nations, the cage.

Its just people have better cells than some. You caught that? Some in better cells than some. Some has toilet in their cells, some has toilet outside their cell, and some they will bring your food to

you in your cell and some you have to go down in the big mess hall? And line up for your food. He designed this world the evil age. It took Seven Seals to open, to unveil Lucifer, who he is. He said, "They thought he had a fork and a tail, he made them think so", until he said, "No, it is the tale he told." It is the educational system, that is the tale he is telling the whole world. It's all these big university books and all of this, opened the fourth dimension and flood the world with knowledge. That's his tale.

And it takes the opening of this Seven Seals to take, loose you from that tale and the grip and the influence of that tale. It takes coming back to the Tree of Life to put the mind of Christ in your heart. Otherwise you say, "Well I believe the Message, you know." But you will have a different idea about the system, and you will have a different thought about your future, and you will have a different idea how rich you are. He played with you, he messed up your mind, he messed up your mind. Do you understand what I am saying? That's right. And then he gives you a false idea of where happiness and peace is, and as a crisis comes you see you are full of fear. You see that you are willing to step on people to get your security. Do you get what I am saying?

So it is not a kind of idea about, "Yes boy, that is the Word, I believe the Word." No, no, no. When the Word is in your heart and It becomes anointed, then the Word masters the circumstance. Then out of the abundance of the heart the mouth does speak, when that mouth speak it does delivers from that... this world. We are talking about evangelism. Can we go in the Caribbean and deliver people? You see what it takes to deliver? He gave Himself that He might deliver from this evil age. Do you think that it is a plane ticket? Could you just go up there and say a few words to a few people and explain something you read in the Bible and learn? No, friends. Only one kind of deliverance, it had to be He again giving Himself. The form might change, it might be people, mightn't be the Hoffman head, it might be a different kind of dirt, but it had to be He alone because He alone could deliver. Another mighty Angel came down to do what? Say, "Come out of Babylon. Come out of that cage", breaking the power and the influence.

Habitations speak of divine powers metaphorically, supernatural influences, a habitat that is designed to hold. They have some of these zoos that they don't have to put them in cages, the beasts in a

cage. They have one in Singapore we were in, it is so scientifically built, one of the most advanced zoo in the world. And they know the limitations of all the animals. So they know a lion he could only jump so high, and they know he could only go so much amount of water, and if the water is that deep he can't handle that there. And they know this kind of bird that it can't be in a certain environment because it is depending upon certain things for its food and if you have that, you will find all of them will go there where that food is. And so you could stand up see the animals all there, without cage, moving around like that; it's that kind of zoo there.

They want to come with prisons, because they can't lock up all those people behind walls and buildings, so they want to track them. And instead of all these walls, they put certain laser and different things to control their area and the space. Why? Because as the technology advance. Because when you go and invade in a country and you get 200,000 soldiers as prisoners, what are you going to do with them? You have to find a way to control that amount of people. Do you understand what I am saying?

When you are dealing with mass cities that through urbanization, people are leaving all the country and coming around the city for factory jobs and industry and all these kind of different things, and they are leaving that kind of life because they want to make more money and they want to be in the limelight that is pulling the people. How will you control all that city, because that means more people will mean more crime? You have to have more surveillance; you have to have more methods of control. Do you understand what I am saying?

You see this is what I want you to see. I want you to look at the world because my whole subject here this morning is, **The Realization**, of what we are in. In other words, I was closing up on Old Year's on, what is our view, what is our concept of the world? And I said, as we come into the year 2005, what kind of world are we seeing? Are you seeing the same old world that you have been seeing all your life? Or are you seeing the world as it is revealed to us by the Message? The Word tells us that this is the insane age. I am trying to break that down for you this morning, and show you how they grow into insanity. The Word tells us this is the age of blackout and apostasy; they are worshipping the devil thinking that

it is God they are worshipping, because they reject Jesus Christ. Do you think they know that they rejected Jesus Christ? They are being so controlled with theology and the mind and they are so being given rituals to make them feel that when they pray they are praying to God, to make them feel that when they sing they are worshipping God. But it is done so subtly that it is the devil they are worshipping and they don't even know it.

Until you get a lot of Message Christians does get pulled there and they can't even tell that the boundary that they are crossing there, until they want to impersonate some of those singers and sing like them, and bring the same thing inside the church. Like the other day they got me so upset, when I opened *this* door here, they had some big thing playing through the sound system *here*, with some crazy person, I don't know which part of the world they picked up this thing from. It was a song they wanted to learn so they have the... and service was just finished where the Word was preached. But that is the unconsciousness many times that exists around the church. And when you come against things like that people does see you funny, because their mind can't even think on that level yet, so they don't see anything wrong. But they don't know those are mediums that a certain influence is coming out.

Like Kirk Franklin and Yolanda Adams and them come out with their, Sweating in the spirit, these demons from hell, these modern day Elvis Presley and Pat Boons. They are not Christians, friends, these people are not Christians, they are projecting that. And those women are in their tight leotards and they are sweating for Jesus and Jesus Name? and different things, and their rap thing. That is not Christianity, friends. Have you seen what ended up in the churches now, all those Pentecostal churches? This is where you have to have a filter, friends this is where And the filter is what? A thinking man. And a thinking man is what? The man in the mind age who got the mind of Christ. And what is the mind of Christ? The Seventh Seal has come down and Seven Thunders blow the world out of you and you see what God is. You see what the Tree of Life and you see what the perverted tree, the tree of death is and you realize that was only an impersonation, this is the reality.

Wake up, friends. You are pulling death into your soul, you are polluting your system. When you do that you have a nice little

spring and you let a sewer run down inside your spring. Because these people are not governed by any Word, no Christianity, no standard, no conviction, they are not trying to fight the world, they are trying to make money. They are not on Jesus, Jesus is a word they attach on to the world and make it sound like gospel. Because the the Christian environment represents so much people listening to music, and that is a market. So if you sing things attached with Jesus' Name on it, that means you break into that market, you get thirty-five percent of that market and you get thirty-five percent of the other side of the world, you are coming out good, you are lucrative. And when you are simple minded and you have no revelation, you does get trapped in all of that, because you are not watching where your source is coming from.

And that is why Eve thought it was pleasant to the eyes and good for food to make one wise. But that was Absalom stealing the heart, Absalom was the serpent, the serpent was Absalom. The one who was right next to throne, the one who was perfect in beauty, the one who fell, the one who came out of his habitation and tried to come into a place he wasn't ordained to come, and the one who was cursed and went right down crawling out. That is why I tried to show you there, it has a big, major Absalom stealing the whole world as the leader of all the other Absaloms, the chief false prophet and the many false prophets.

And in every part of the civilization that he has built, he has one there. He has sports models, sports idols, he has fashion idols, he has music idols, he has movie idols, and the people are in idolatry and don't even know it. Because they are laughing at a man kneeling down by a statue, sure that is the ignorant kind and the real debase idolatry. But when that statue starts to move, and that statue is funky and that statue starts to talking to you and that statue gets in your head, it is not a piece of concrete stand up there you have to go there now. Brother, the picture on your wall, and you sit down there and the music in your head, is the same thing like one of those Hindus and Buddhists and everything, and a Catholic bowing down towards some image. It is the same thing. Because in this age idolatry got on a next level. Because if he keeps doing that there he wouldn't catch the ones who said, "We leave Paganism to come into Christianity".

But that is what Balaam did. He gave them things to eat sacrificed unto idols. What kind of idol Balaam was talking about? Because he believed in the same god as Israel, he had seven altars like Israel. Wake up, friends. Wake up. Only movie idols today, fashion idols, you does see it and you want to be like it. Why? It stole your heart, it impressed you, and you start to grow in the taste. Next thing you find the new thing come out, you want that too, and a new thing come out, and you want that too, and a new thing come out, and you want that too. You are failing to see your addiction. You didn't realize what you are eating have things to get you addicted to it, because you are not reading the fine writing on what you are eating and you are not seeing who manufacturing that. Do you understand what I am saying? You aren't seeing who is producing that goods.

Remember the Bride is called out. Ecclesia means what? Listen. Habitation, I wouldn't even get passed these words here. Trying to explain what this Babylon, this present evil age, what it is. Hold, it becomes from a habitation now, the next word used it's a hold, of every foul spirit. A hold of every foul spirit. There is Holy Spirit and there is unclean spirit, both are looking for a body. God wants to dwell in man, Satan wants to dwell in man. Both is almost powerless without a body to dwell in. The choice is yours, every man is a free moral agent, you accept and you reject. The reason the world became hell is because they reject Jesus Christ and they accepted denomination. And they didn't see it is that they did.

Do you know they didn't see is that they did? Because why, the god of this age blinded their minds. They didn't stay long enough to see exactly who Jesus is and what He is and what results He is supposed to bring in your life. They say no, "I go to church, I went to church, I am a Christian, nobody can't tell me I am not a Christian. Our church is preaching the Word." That is deception. "Our church preaching the Word"? It is not, "Our church preaching the Word", you living the life, the results are in you. He said, "I will write My laws in your hearts and your Minds. I will be your God, and you will be My people. I dwell in you and walk in you", is what He says. He didn't say, "Our church is preaching the Word". The Word is a seed. He said but that seed falls on what? On the rocks. He said, that is them when things get deep they have no roots. He said next thing they fall among thorns he says that

they who have a lot of pleasure in their life, lovers of pleasure, and it choked the seed. He said, it fell at the wayside, He said, as they go to church somebody plucks it out of them. “Do you believe what that man says? Do believe so and so and so and so? Do you think that is really the Word?” Pluck it out. Only where it finds good ground friends it brings forth a hundred fold.

So it is not that we church preaching the Word, that don't help us in this hour. We go beyond that, we go a little further than that. Aren't you glad how I said that? What if I stood here saying, “We are the church, and we have the Word and we are the Bride”, I'll deceive my own people, I will give you a false security. That is why a lot of church people locked up there and blind. You know Why? They have ministers there on a big ego trip and they way to get the people to have confidence that they are serving God is to let them feel that the minister is of God, and the church is of God, and then nobody is watching their life anymore to see what they are bearing.

It is because of that deception I talk how I talk, because I want to get it exact to say make sure... because He said, “In that day you will know I in you, and you in Me.” And greater is He that is in you, than he that is in the world. It has to get in there first. Until Christ is formed in you, Christ in you is the mystery. That is why I get in there because I want to make sure I don't stick it, I sow it, I want to make sure it is sown and it is conceived and take root. And then you see strong Christians come forth. Don't think that I try to criticize my thing and make the people feel bad. No, no. It is my understanding. Because why? In this age he makes people feel they are Christians when they are not Christians. But you have to be born again by the incorruptible Seed, Amen. And he took a man, he said, when that ordained hand can hold that sword, it ripped those veils of tradition from around the lives of the people, and make them serve a historical God or some ritualistic God. It brings them to walk in reality with the presence and power of God around them and in them.

And that is the place, ministering what? An entrance abundantly into the everlasting kingdom, make you written epistles read of all men. And that next way that's why they will call all those people who sing Christian songs, called them Christians. And then this big Pentecostal minister said, “Sister so and so, Sister Helen Baylor is

going to come and minister”. Come down here with all her thing exposed, and all over, all those ministers, “Oh how nice it was”. And then Sunday morning, they have somebody to sing a big ‘gospel-lypso’ and a big something else and then the whole church is jamming and wining and take out things and wave, and then that same thing come inside the church too, because they can’t see, they get blind like to how the apostolic church was on the day of Pentecost. Do you get what we are talking about?

You don’t want to get caught in that kind of nonsense, friends. This is what we are called out of. We have been delivered from this present evil age, this Laodicea condition, where they are blind and naked and wretched and don’t even know it. Let me tell you, this age, the age where it’s a complete perversion of what was in Eden. Not in Luther’s time, not in Wesley’s time, in this time. In this age, Adam and Eve was naked in the garden and didn’t know it. And in this age, the Bible says, Revelation 3:18, he said they are naked and they don’t know it. It is something here about their knowing, something pervert their knowing. Because the same way God had full control over His Eden, Satan, now, has full control of his Eden. He had the same plan, “I will be like God”. He has had great success.

Friends, outside this Revelation, ‘**God of this evil age**’, the god of the age, ‘**And knoweth it not**’, the subjects, the church and its condition. And, ‘**Satan’s Eden**’, the world he built and reconstruct to trap them and make it the cage, and they become slaves without redemption, because they rejected their Redeemer. The fellow down inside of there saw a Man came in with the pardon, with the president’s seal, and he didn’t believe it was the pardon. A Man opened the door and said, “Johnny Crow, you are free”, but didn’t know they were free. That is the age, because in their minds they got messed up.

I think It is a good Word this morning. I think It is a clear Word. I think It is a Word that should make us think and consider and ponder deeply. And while we are hearing it in our hearts, we say, “Oh God, Lord don’t let me lose this vision, this Light that is shining right now, and the way that I am seeing it while I’m sitting under the Light, Lord, let me hold that. And when I get out there, this could be a guiding influence, this will control me and influence my decisions and how I deal and respond to things there

so I could see my life come up in another level where I could have more power over the environment and influence that is around me. Because now I see it was built and designed by Satan, the architect and his angels to enslave and trap man.” Until he owned all of them, they have the mark of the beast and the name and the number, and it is written in their forehead and their hand. It got into their mind, he indoctrinated them, and their works, the very influence of that indoctrination. But the ones who escaped have the Seal of God, and that’s a repellent, that’s an inoculation. Why? And we see the breaking of a new day. And we see earthquakes, 9.0 on the Richter scale, shook the planet.

Do you know what the scientists said, the Russian scientists? Oh God, I came across that yesterday and I said I am going to read it in church here for you. It shortened the day. Oh yes.

The massive earthquake in the Indian Ocean that spurred the deadly tsunami claiming tens of thousands of lives over the weekend was so huge that it caused the earth to rotate faster, shortening the day, Russian scientists say.

The earthquake, which hit 9.0 on the Richter scale, caused the earth’s diameter to decrease, Roman Vilfand, head of Russia’s Meteorological Center, was quoted by Interfax as saying.

The earth’s axis changes constantly, it never remains at one point, he said. Because the diameter of the earth decreased as a result of a shift in tectonic plates, the speed of the earth as it rotates around its own axis could increase.

This can cause an increase in the length of the day by several milliseconds, Vilfand was quoted as saying.

Scientists in Italian geological centers have concluded, meanwhile, that the Earth’s axis has shifted 6 centimeters eastwards.

In Russia and Italy different sides. Oh my. You know there was something I was saying there, I made a statement and even myself in saying it I kind of pondered, “What is this coming out? What is it I am saying? I have to be careful what I am saying.” When I was talking about this depopulation thing and the nations. Some of you just think you are talking out of your head. Only to find out... maybe I should take a little time and read this here, because this also will show you the present evil age that we are talking about.

And I was leaving the house this morning and they had the papers on the table, so I just looked at it, I just glanced and I saw they are also planning Thailand and they are planning to investigate why they weren't told before, ahead of time and informed that the thing was coming. They said people had this knowledge and could have avoided tens of tens of thousands of people from dying, but they didn't give them the information, no warning. And when they started to investigate with the people, they have treatise and different things set up to pass that information, to find out why. Listen.

This world that we are talking about friends, you sit down and hear. You see, and that is why this Revelation is so important to me. Because we are finding out the very power and influence and the very design and the very objective to achieve in this hour is something that started since way up in heaven. And this is the age when the Revelation came, it only came to help get the Elect out quickly to uncover the scheme of the enemy because this is the age he is coming to be enthroned as God, and he did it by deceit. If it is by deception he brought the whole into death in the garden of Eden, then by deception he is leading all of them away from Christ, which he has in this age, that falling away has come, Jesus Christ has been rejected, and this age has been blinded. And the mark of the beast, the manifestation is going to come, they already took it when they rejected Christ.

Because the soul that sinneth, shall what? [Congregation says, "Surely die"] That is why hell is here. And I am explaining to you this morning to break it down to show you how this world is constructed. Not what you see looking nice and shiny outside there, friends. What it really is, designed to hold you is a cage.

'Foreknowledge of a natural disaster', I would not be able to read all of this, but I will just read a little bit because it is about three pages, I don't want to spend time reading that whole article.

The US Military and the State Department were given advanced warning. America's Navy base on the island of Diego Garcia in the Indian Ocean was notified.

Why were fishermen in India, Sri Lanka and Thailand not provided with the same warnings as the US Navy and the US State Department?

In other words, all of them are out in the Indian Ocean, and they sent this information directly to the military people on a naval base. And to people in their country, who were in direct line for the hit, is not told anything.

With a modern communications system, why did the information not get out? by email, telephone, fax, satellite TV...?

It could have saved the lives of more than 80,000 people. And the death toll is rising.

The earthquake was a Magnitude 9.0 on the Richter scale, among the highest in recorded history. US authorities had initially recorded 8.0 on the Richter scale.

As confirmed by several reports, US scientists in Hawaii, had advanced knowledge...

You know Hawaii is a US State, you know that, out in the Pacific there?

US authorities had initially recorded 8.0 on the Richter scale.

As confirmed by several reports, US scientists in Hawaii, had advanced knowledge regarding an impending catastrophe, but failed to contact their Asian counterparts.

You see the tsunami comes after the earthquake when it hits, that creates the wave. But the distance it has to travel it will take a certain amount of time before it gets there to do any damage, and information travels faster than that. That travels at 186,000 miles per second, the tsunami is not traveling that fast. I am glad the Word travels fast, He does beats the telegram by 24 hours. Oh, thank You Jesus. That Angel is like lightening. That's right. Sometimes you say, "Boy he talks too fast", no, no, no. He have that devil beaten by a mile. You want to hear with your ear here and your mind here, get in the subconscious and then He brings it back up to you. Sometimes you forget you even hear that and you think that it is you thinking that, but He already put that in there so fast.

Now watch.

Charles McCreery of the Pacific Warning Center in Hawaii confirmed that his team tried desperately to get in touch with his counterparts in Asia. According to McCreery, director of the National Oceanic and Atmospheric Administration's center in Honolulu, the team did its utmost to contact the countries.

He is the man who on the Richter scale picked up the thing, and that is on a map, that is a big map and they are seeing exactly where that is hitting and they are seeing the direction and they know those tectonic plates, they have all of that information there and they know exactly, just like they track a hurricane and thing, same way. See, this is in the realm of earthquakes, so it has the science developed for that, it is designed for that.

And His team contacted the US State Department, which apparently contacted the Asian governments. The Indian government confirms that no such warning was received.

When they started to ask these people, they start to come up with all kinds of fabrications. So when they start to check the source, they find out, they started to block them. So they make them dig deeper. Watch.

Nine (9.0) on the Richter scale: The Director of the Hawaii Warning Center stated that "they did not know" that the earthquake would generate a deadly tidal wave until it had hit Sri Lanka, more than one and a half hours later, at 2.30 GMT.

That is the time zone.

Not until the deadly wave hit Sri Lanka and the scientists in Honolulu saw news reports of the damage there did they recognize what was happening... "Then we knew there was something moving across the Indian Ocean," said Charles McCreery.

This statement is at odds with the Timeline of the tidal wave disaster.

This is the people who are doing the investigation now. What they quoted there is the man who has the information.

This statement is at odds with the Timeline of the tidal wave disaster. Thailand was hit almost an hour before Sri Lanka...

They caught the man in his own speech.

... and the news reports were already out. Surely, these reports out of Thailand were known to the scientists in Hawaii, not to mention the office of Sec. Colin Powell, well before the tidal wave reached Sri Lanka.

We wanted to do something, but without a plan in place then, it was not an effective way to issue a warning, or to have it acted upon," Dr. McCreery said. "There would have still been some time -- not a lot of time, but some time -- if there was something that could be done in Madagascar, or on the coast of Africa.

The investigator says the above statement is also inconsistent.

The tidal wave reached the East African coastline several hours after it reached The Maldives islands.'

Now catch this. America, Europe and these big industrial nations, I told you Thailand and those places are sex tourism destinations. Now it is wintertime, everybody is going down there. I read in an Australian papers two days after the tidal wave, in Thailand there, people still sat down there outside drinking. A man said, "Aren't you all scared?" Some of the people are still up the mountains, afraid to go back in their own homes. He said, "What? We came here for the girls, man". He said, "I already have my eyes on a bar girl there already, hoping that I get the breakthrough tonight." See? You think that that is something. In the book of Revelation, when Moses and Elijah preach, they start to curse God. The attitude of the insane age.

How did they get in that condition? Watch the condition. This is not a quote from 1965 now, this is something that happened two days ago. Watch the condition of the minds of the people. How are they deformed into this hideous condition? Do you know why? Appetite of pornography, appetite of pornography. All on their minds is sex and obscenity. They are not studying the life, life for them is pleasure, "*lovers of pleasure more than lovers of God.*" What it is? Serpent's seed, Serpent's seed. Because these are the things in Satan's Eden for his subjects, this is what he provided for his subjects. Casinos, nightclubs, orgy, he provided that for his subjects, that is how they have pleasure. Wake up and see the world, friends. I am trying to bring this to you, the realization of it.

The tidal wave reached the East African coastline several hours after it reached The Maldives islands. According to news reports, Male, the capital of the Maldives was hit three hours after the earthquake, at approximately 4.00 GMT. By that time everybody around the World knew.

He said by that time everybody around the world knew it had taken place. Then how come they are saying we couldn't contact so, so and so. He said, it is inconsistent. He said by the timeline of the tidal wave, the time it was hitting those places, and the hour of the day, and when the earthquake took place. Remember the earthquake did some damage for people on the fault line in Indonesia, but all the rest of dead, were because of the tsunami,

which is the water from the sea, the tidal wave. All the people in Sri Lanka, those people, all those trains that got blown away and all these things, all in the East Coast of Africa, in Somalia and Kenya and Tanzania, was tidal wave, the sea began to rise.

Now listen.

It is worth noting that the US Navy was fully aware of the deadly tidal wave, because the Navy was on the Pacific Warning Center's list of contacts. Moreover, America's strategic Naval base on the island of Diego Garcia had also been notified. Although directly in the path of the tidal wave, the Diego Garcia military base reported "no damage".

Where they sent the warning had no damage there, where the Naval base was, a little island that the British had control of, out in the Indian Ocean, where America has a base there with about 3,000 soldiers. But that is where they saw first to warn. How many know in Africa where they have all the slaughtering of people that they have there, they get their nationals out first? The US helicopters go and pick up their nationals, the British come and pick up their nationals, the French come and pick up their nationals, leave the people to slaughter. "When it quiets down we will come back to control the resources further. And while they are killing let them depopulate themselves." Listen to me.

All the places it hit, Sri Lanka, Thailand, East Coast of Africa, Indonesia, cultures, different cultures, different races, different parts of the world. Listen to me, all of them are Third World countries. All of them are overpopulated places. All of those places are AIDS ridden places. No wonder they bawl and say, "We are getting all this money like before," like Grenada, since Ivan back in September. "We are hearing all these things but we are not seeing the aid reaching. We are hearing so much of millions, so much of millions, so much of millions, but we are not seeing anything really happening yet." The disease is moving faster. Do you know why the minds of the people sometimes cannot think there? Because they see a nice world, and as a Christian, they think everybody is a Christian outside there, because they didn't view what world they are in. And when they ain't view what world they are in they don't believe Jesus is coming just now, they don't know that the hour is late, because they ain't see the condition. And the

reason they can't see what they deformed into, they can't know what they matured into either.

But when you know what you were and when you know you becoming the Word, and you know what matured you into that, you does know what mature the others into that. When you meet the people you were on the corner with and you came off of the corner and they never came off, and you meet them, you see what they matured into and you see what you matured into. Do you get what I am saying? Then you understand, but the mind has to be functioning, the mind can't be brain dead, it has to be functioning. That is what the Holy Spirit is doing, Holy Spirit is teaching you with things around you while you are walking.

Oh Jesus. Let the musicians come for me I am going to close, I don't want to preach all day today. Play for me and help me get out... you see I ain't even finish read my Scripture and my text good yet. And I will just try to find the place to finish it up, create a little feeling here. Because sometimes when you hearing the Word like this, you want to get a place to consider in your heart what you did in your life. Maybe this morning you are not in the Old Year's night service, so the little kind of pumped up, geared up thing for the Old Year's night and the change and the resolution is not around you right now. But now you sit here soberly and now you are hearing the Word like this and maybe now you are getting the conviction you didn't get the other night, and maybe now you are understanding better what I was trying to bring the other night.

The Conspirators and Their Conspiracy. This is the information revolution, this is the age of information, the world is united. They have so much of ways to send information, and this is the whole thing designed to save lives. But whose lives are worth saving? Do you get what I am saying? If your house is on fire and you have an old "wash-e-gong", I don't want to use that word, sometimes they try to print this in a book and they can't even read those words. But I am trying to make it sound so old, way back there when they called it a "wash-e-gong", now they say sneakers. And you have your computer, and you have your nice wardrobe, and you have your nice special things that you have in your home, your nice special things of value, and your house is on fire, you are leaving that and run for the old thing that ain't cost anything? You

try to get your valuables first. Do you get what I am saying? So under these conditions, what is valuable, who is valuable?

“The effort that we are going to put to try to save them same things, the kind of cost that it is going to cost us. And when we do that, we saddle and we tie with that and then that is not making any constructive contribution. And since that could be eliminated and we don’t have to touch it and it is an act of God, then if nature is disposing of it why should we want to save what nature ain’t feel bad to dispose of?” Are you getting me? Then tell me what you are worth. You only have worth in the eyes of Jesus Christ. Because Satan uses you and when you get old he dumps you and he gets something else to use. But God does take you and seal you away and brings you back up in resurrection to keep going on with him.

That is why choose this day whom you will serve because God doesn’t give up on you. When you get old God is taking better care of you, a little extra love, a little something special. When you are young He is helping you, when He gives you grace to stand He stands by you and goes with you. He is my everything. That is why I love Him so.

One of the few places in the Indian Ocean that got the message of the quake was Diego Garcia, a speck of an island with a United States Navy base, because the Pacific warning center's contact list includes the Navy. Finding the appropriate people in Sri Lanka or India was harder.

Now how hard is it to pick up the phone and call Sri Lanka?”

This is the investigator now. He said, “How hard it is to take up the phone and call Sri Lanka?”

According to Charles McCreery, director of the Pacific Tsunami Warning Center. “We don't have contacts in our address book for anybody in that part of the world.”

I wonder if they have any address for anybody in Trinidad? Sri Lanka is a place with civil war for years, the Tamil Tigers and them. In Indonesia have the other Muslim group. If they are killing themselves, would you their neighbor or distant neighbor across the Pacific on the other side, and brother and sister and uncle and aunt fighting and killing one another inside of there, are you going to cross the Pacific to save them, to let them continue fighting? You as a Christian will think twice, much more a political nation who knows, “You all have no oil. Do you all have oil? You all

might serve as some strategic importance, but we have other people that we... we have allies there already, so we don't need five allies in the same region, I have two good ones and that is enough."

Who controls the kingdoms of the world, who does it belong to? Who offer them to Jesus? That's right.

Only after the first waves hit Sri Lanka did workers at National Oceanic and Atmospheric Administration's Pacific Tsunami Warning Centre [PTWC] and others in Hawaii start making phone calls to US diplomats in Madagascar and Mauritius in an attempt to head off further disaster.

After they sat down and saw so many places being leveled. Now let me ask you something, 2001 they were boasting on how Bin Laden had a satellite phone and they could have tracked him way up in the mountains in Tora Bora, all of those different places there, and they could have followed him, and they sent their special forces because they knew where the bunkers were and they went with the bunker-buster bombs. And to show the power of their information, to find a needle in a haystack any part of the world with their GPS system. How it doesn't work here?

What kind of world are we in? The cage. The cage, a habitation of devils. And do you want to live here? A hold of what? Every foul spirit. Because Babylon, that woman, who is the power there? The god of force, the red dragon is the beast that carrieth this woman, and this woman have the whole world drunk. The root and seat of Satan. And where is the man of sin going to come from? Right in the Vatican self. Do you see what we are talking about? This is the world, friends.

I didn't realize that this would have tied in like that, then Something that told me go into this and read this for you. But this is looking at the present world here, look at it.

We didn't have a contact in place where you could just pick up the phone," Dolores Clark, spokeswoman for the International Tsunami Information Centre in Hawaii said. "We were starting from scratch." These statements on the surface are inconsistent...

Hear the investigators.

These statements on the surface are inconsistent, since several Indian Ocean Asian countries are in fact members of the Tsunami Warning System.

He said, “How come you don’t have an address, and all those nations are members?” Because it is a certain amount of nations that are members of this that they have an information sharing network. Hurricanes, different disasters, different types of relief, they have their point of contact and so on if they have to do something in the region for world security and everything else.

There are 26 member nations of the International Coordination Group for the Tsunami Warning System, including Thailand, Singapore and Indonesia. All these countries would normally be in the address book of the PTWC, which works in close coordination with its sister organization the ICGTWS, which has its offices in Honolulu at the headquarters of the National Weather Service Pacific Region Headquarters in downtown Honolulu.

The mandate of the is to “assist member states in establishing national warning systems, and makes information available on current technologies of tsunami warning systems.”

That’s why we have world weather. How could a man stand up there in world weather, and they have the global satellite monitoring world weather and they tell you, when they are giving you weather and you are watching Panorama, that weather doesn’t be weather in Cedros and Port-of-Spain, they are giving you weather over the whole world. Up in Europe, up in Africa, down in Asia, isn’t that right? And you in Trinidad down here does see the weather and understand what weather there is in different parts of the world. Do you know why? Because that’s information sharing networks.

Although Thailand belongs to the international tsunami-warning network, its west coast does not have the system's wave sensors mounted on ocean buoys.

Australia and Indonesia were notified. The US Congress is to investigate why the US government did not notify all the Indian Ocean nations in the affected area: “Only two countries in the affected region, Indonesia and Australia, received the warning”

China is a billion people, 1.200,000,000, India is a billion. You want those places to come down, they are getting too powerful, both have nuclear power. Do you get what I am saying? Think, friends. The god of this evil age. Think.

The northern tip of the earthquake fault is located near the Andaman and Nicobar Islands, and tsunamis appear to have

rushed eastward toward the Thai resort of Phuket. "They had no tidal gauges and they had no warning,"

The issue of the Ocean sensors is a Red Herring.

Hear the investigator again. He said, "They all are trying to make up a fabricated excuse, 'That is a read herring'".

We we were not able to warn them because we had no sensors in the Indian Ocean: This argument is a Red Herring.

They could have warned them by television, they could have warned them by fax, they could have warned them by email, and they would have got other people in their areas. And you know the location, and you know where the earthquake hit and what time, and you have the science and you know how long the tsunami will take before it hit the coast and what coast it is going to hit.

Why do people want people dead? You don't want to carry all this garbage. Who builds a new house and carry over all the old garbage? You are taking all the old pot, they are all black, you are going to build a nice new kitchen, you carry the old fridge that is leaking back in the new house? Do you think they want to carry all of that in the New World Order? Oh my, Jesus I love You. I feel this is so real this morning in my heart.

You see because what I preach, and because what opened to me in the world, from the time I see that kind of disaster I see the part of the world... You know I spoke it out just by my revelation, because if those things are right, then why are you going to try to help those people? And I came and I found this last night. And when I saw this I said, "My goodness I am thinking this thought but I am not reading this." But because of all the things I preach, then when I saw this I said, "It is not I alone thinking so." But you see I am thinking so from the Word. Somebody is knowing why are they keeping down that information, over 80,000 lives could have been saved. But I know why you can lose lives there.

If that was in the North American continent, if that was to hit, let us say Chicago, or hit New York City or something like that, or hit Miami, if that was to hit London or Paris, think. But watch the places it is hitting. 100,000 dead there, poor people, of no real value, catch some fish, maybe they have to find a next way to catch their fish. Now they have industrial fishing, so if a man has to come out with one little boat load of fish, once a month or twice a month, that would not affect the world today because we could

revolutionize the whole fishing industry here and now we can get rid of all the people with small boats and it will look bad if we try to suppress them. But if you get rid of them you can develop it in a better way.

Do you think this world is evil in joke? They bombard the minds of the people and make that Iraqi war look like we are going to free people and establish democracy. Day and night, day and night, information, bombard the people, culture their thinking in that way; and information to save lives here, they shut that down. What are they doing? Information, they are manipulating the minds of the people. The god of this evil age is blinding the minds of the people, with what? Information. Give them 500 channels, get drunk, see sports 24 hours a day, see pornography 24 hours a day, whatever you want to see, see news 24 hours a day. That is the world.

Why? Who is the thought behind it, and what is the purpose? That is how they built the bird cage, that is the cage builder, the one who built it, the one who built this Eden.

The latter took place at 00.58 GMT on the 26th of Dec. That information was sent to The State Department and the US Navy.

They had the information, they sent it to the State Department, sent it to the US Navy, and didn't send it to these people and the US Navy is in the same Indian Ocean with the rest of the people.

With modern communications, the information of an impending disaster could have been sent around the World in a matter of minutes, by email, by telephone, by fax, not to mention by live satellite Television.

That information can go around the entire planet in minutes.

There's no reason for a single individual to get killed in a tsunami, hear one of the scientist since most areas had anywhere from 25 minutes to four hours before a wave hit.

He said there was no reason for anybody to get killed since they had anywhere from 25 minutes to four hours and that information can get around the world in minutes.

Key Questions: Why were the Indian Ocean countries' governments not informed?

When I read this I thought I had in my mind to get confirmed, and listen to this. Because all of this now the US is going in but they put all of this operations in the hands of a General and some

battleships and some marines who led the Iraqi freedom. And they said, “Why are they giving this to the military, this is humanitarian groups does go in and do this?”

When you have disaster and you have no security in your country, you want aid. And everything is going under the cover of aid and in the name of aid, and you have to get the aid quickly so you can't hold up people with red tape in the airport and ports and harbors and these things. Then regions that you don't have, that are not established strong, and don't have the kind of control you want, and where you want leverage. And when in the jungle, when a deer or a wildebeest die, vulture wants that, lion wants that, leopard wants that, hyena wants that, jackal wants that, they all move in because it have competition for that fresh kill.

Predator and prey, friends wake up, **Predator and Prey**. The powers there, China, India, Pakistan, all of them, Russia, one landmass, nuclear, every one of them. They are not the democratic nations, and for balance of world power and containment you have to be strategically placed, if you want to influence the politics and economics within a certain region. And if before you could have only made an economic invasion, now you can get in, because why? There is a new plan for a new world.

What is the Fourth Seal? The world united. What is the Sixth Seal? The beasts, the kings of the earth and their kingdoms and everybody have the mark. That is the world that is coming. Right now the world is changing to produce the Sixth Seal. And this is the hour of the Rapture, and this is the time when He comes down and taking the Elect out, and is giving us the Revelation and letting us see the mark of the beast is coming. Look the ecumenical move, look at the nations, look at the power of the Catholic Church, look at the financial system, look what is taking place on the earth here, look at how the world being reshaped, get ready to go.

Lately I have been thinking I have got leaving on my mind. Do you have leaving on your mind? Nature gave that kind of warning. What kind of warning the Word has been giving? Think. When you sit in a church where God is keeping you under the Light of the Word.

Did US authorities monitoring seismographic data have knowledge of the earthquake prior to its actual occurrence at on the 26th of December?

The question is whether there were indications of abnormal seismic activity...

Because remember right now, if you go on a site with the US Geological Society there, they are monitoring earthquakes around the world. On that site has every time of the day an earthquake hits where their systems pick it up. Where it have volcanic activity, where it have tidal waves, where it have earthquakes, and it will shock you to see in the last six months, it had thousands and thousands of earthquakes. And it telling you where every one was hit, what it was on the Richter scale, how many times in different places, it is right on the site, you can see if for yourself. That is where they monitor in the world. That is not some little local person putting out information, you know, that is the science to put there to keep the world safe, to keep the world informed, in case of disaster because one natural disaster can kill millions. When California goes down, it will be millions that are going to die at one time, with the earthquake plus the tidal wave, millions, friends.

Do you know what that is going to do to that American country, you can't imagine that kind of disaster. You sit down here and laugh? Let me tell you Here will disappear too. If that little thing there, no island went down, some moved out of place a little bit, a few centimeters, but it shook the whole planet. When 1,500 mile long 300 mile wide sink 40 miles deep and send waves plumb to Kentucky. Go on a map, friends, don't just hear me say it, go on a map and see and then go through the state and see how many people in each state, and watch the part of the thing and see how many millions you come up with. And then think what that is going to do to the global economy, and think what that is going to do with a country like this here. And think about the United States which is like the big shield for many of these countries here. See what is going to happen.

When they loose that kind of power and strong hold, if we survive. Think. Think what your future is. And when you sit here, think that the only future this world has is the Message, this is God's provided way to get the Bride out. While the world and scientists in the days of Noah had the atomic power that was going to shift the world away from the sun, and cause rain to fall which they never had before, this time the atomic explosion is going to push it back into the sun and burn it. But before that happens a

Prophet came with a threefold mystery to take a people out, that is the only way we are going out. "As it was in the days of Noah so it shall be in the days of the coming of the Son of Man". He destroyed the world by water, He will destroy it by fire this time.

And which part of the Message are we, in the beginning part? The prophet is gone, the Message is gone, forty years ago, judgment started in the earth, mercy has being spurned. We are in the year 2005; when I came in the Message in 1973, people were looking for the Rapture to take place, they were fasting and praying in their churches, for it to happen in June, the next month. I am going in my 32nd year in the Message. I have become an old man and the things that I have seen in the earth, and hear me preach this morning. Think what I knew when I came in the Message, what I could preached hear what I am preaching this morning. And think of the ones that God had in mind that He drew under this Word. That is the grace and mercy of God.

Why is the US military Calling the Shots on Humanitarian Relief?

Why in the wake of the disaster, is the US military (rather than civilian humanitarian/aid organizations operating under UN auspices) taking a lead role?

The US Pacific Command has been designated to coordinate the channeling of emergency relief? Marine Corps Lt. Gen. Rusty Blackman, commander of the 3rd Marine Expeditionary Force based in Okinawa, has been designated to lead the emergency relief program

Lieutenant General Blackman was previously Chief of Staff for Coalition Forces Land Component Command, responsible for leading the Marines into Baghdad during "Operation Iraqi Freedom.

This is not a pen pusher General behind a desk. This is the man who led the thing in Baghdad that ousted Saddam Hussein to take the oil resources. Why is this man going into humanitarian things with all this marines? People said, "What is happening here when disasters take place?" Doesn't a hungry man look to loot? Why, that is a chance for him to get food, right? That he doesn't have to pay for? How many kinds of looters do you know? Are you getting me? Just make sure he doesn't loot your mind. Just make sure he

doesn't break in and steal your mind and fill up *here* with garbage afterwards.

They said, "Why is it necessary for the US to mobilize so much military equipment? This pattern is unprecedented." Let me read one more for you. I told you I would have read this for you from the Message the other night. This is where they are harvesting the human organs. And this is from three of four different websites, so it is different sites that had this article posted. It appeared in Saudi Arabia.

An article from Brussels based on alleged secret European military reports...

And this came out from secret European military reports.

The US military in Iraq is harvesting and selling human organs. Secret European military intelligence reports indicate the transformation of the American humanitarian mission in Iraq into a profitable trade in the American markets through the practice of American physicians extracting human organs from the dead and wounded, before they are put to death, for sale to medical centers in America. A secret team of American physicians follow the troops during their attacks on Iraqi armed men to ensure quick [medical] operations for extracting some organs and transferring them to private operations rooms before they are transferred to America for sale.

The reports confirm the finding of tens of mutilated cadavers or cadavers missing parts. Some were found without a head. The American military command could not offer reasons to explain the bewilderment about the missing parts.

You see the prophet preached scientists of the devil, on the Message, "**God of this evil age**". When that second rider was going forth they were mixing test tubes, this is the age of genetic engineering, hybridization. I will read for you too where they said they have pigs with human blood in them right now. They have mice with human brains inside of them. Genetic engineering and biotechnology, taking one specie and bringing it into another specie, cloning because they want to grow things for their experiments to extend man's life, the life span of man. What is the use that you have ten billion dollars and then you are suffering from diabetes and they can't help you? What is the use that you have ten billion dollars and you have a bad heart and you can't

even digest your own food, and nobody wants to give you their heart? And you stand a chance of a good life..... a dead Iraqi with a bullet in the head, and you can get a heart, good life, heart is better than what you had to extend your life, so that you can enjoy your ten billion.

This is going on for years, friends. But just this article, I am reading to show you war, the military, Second Seal, sword, taking peace from the earth. And the experiments now, the scientists who wants to clone, instead of putting pig valves in man's heart through the Genome project and the unlocking of the secrets of heredity and knowing if this you inherits a sickness you can bypass that, "We can manipulate the genetic code. And so, your children wouldn't have it and you wouldn't have to adopt a child, you can go and have a child. Because you stand to adopt one and all your inheritance will go to one who is not even your child from your loins". Abraham was worried about that, God said, "No, no, no, Eliezer wouldn't get it, I am giving you a son".

Well science is saying you don't have to worry about that either I am giving you a son. "You have defective genes in your family, you going to have a child you will bring forth a mongoloid. No, we will get rid of that, you are not going to bring forth a mongoloid. We unlocked a secret here." We unlocked a secret too. Ain't bringing forth a Baptist again, ain't bringing forth a Methodist, ain't bringing forth a Catholic with an idol. It is bringing forth a super race. We found a Mystery to divide this Word to bring a power back in the Church, that will change these old vile bodies, bring a new specie of Christians. Oh my! Think of what it has been, friends.

The reports confirm the finding of tens of mutilated cadavers or missing parts. Some were found without a head. The American military command could not offer reasons to explain the bewilderment about the missing parts,

Because the world said, "Look all these bodies have organs missing out of it. Who cut them open? Where did they go?" They said, "We can't tell where they went", because that is contrary to Iraqi religion and things. Now watch.

They Suggested that this may have been caused by the penetration of bullets to the [missing] parts. But these excuses cannot be medically accepted.

They said, “No, we used a kind of armor-piercing bullets and these explode on contact because we kind of fighting in a region there, so when we shoot these bullets there that will blow a man’s head off clean. That will blow the kidney out of a man”. They said, “Oh, that is a special bullet, because that cut the kidney out and leave every other part intact”.

How you don’t read this in Time Magazine? How you don’t read this in, you know,... on CNN? On Fox News? Who is controlling the information?

The reports also confirmed that the burning of bodies was deliberate in order to conceal the crime of organ extraction. [The reports] further indicate that American medical teams have [made] active and suspicious moves in Iraq to recruit some Iraqis to guide them to dead and critically injured individuals to engage in the extraction of organs. These teams offer \$40 for every usable kidney and \$25 for an eye.

Because US\$25. is plenty money there, you know. When that gets in the States, it sells for about twenty-five million, you know. Do you get what I am talking about?

The reports confirm the finding of mutilated bodies in Fallujah. The reports indicate that the cadavers are immunized inside special cars to prevent the spread of the plague until the bodies are buried by their relatives.

The reports have indicated the number of those killed in ‘Abu Ghraib’ and other prisons were subjected to operations for extracting their organs.

A lot of the people who were killed in the prisons too, they had there.

Following their mutilations, the bodies were discarded far from the prisons to conceal the facts. The reports revealed that that the American forces restricted the media by force to prevent them from getting near the scenes and recording the events. But the relatives of the Iraqis are aware of these facts. The reports have [also] indicated that the military forces of the European allies have noticed the absence of organs from the cadavers that were dealt with by the Americans and have reported to their high command, which instructed them to maintain silence and to avoid the discussion of the subject due to its gravity, while the military and intelligence high command have written secret

reports about what was observed by their forces and sent them to the European ministries of defense for their information.

Because remember it is United Nations' troops out there, from all different countries. And the British and them are seeing a lot of bodies that were under the American control and the area they were controlling, missing parts. So they wrote up the reports and they sent it to the high authorities, what they had seen and happened, and then they told their people, "Keep that quiet, don't start that here, nothing with that here", and they shut down that information. But they made the reports and they delivered it to their high command.

Brother, what a day that we are living in. Oh, I love Him. It's a challenge to accept, friends. Let us rise to our feet. That word, cage, hear what it means: imprisonment, prison, imprisonment, a watching, and a keeping watch, persons keeping watch, a guard, sentinels. Do you hear what that word means? A cage, when they imprison you and they keep watch over you, surveillance society. "We can track you wherever you go around the world. You are in the prison and we know what you eat, we know when you spend. Bring you to a cashless society, make you use credit cards. At 11:20 you went to HILO, you paid for such and such. That connected to a HILO register that said you bought ham, cheese, lamb, jam, juice. And then it said you went down to this store and you bought a shirt and a pair of shoes. And then it said you bought this on the Internet at this hour." Imprisonment, a guard watching you, a cage; Babylon has become the cage.

Look me I just finished reading my Scriptures. Hell follows death, friends. That is what the Fourth Seal reveals. Fourth Seal reveals it was Lucifer and a group called hell and he was named, called death. Hell and death were personified in this uniting time. And it was an eagle, the fourth living creature that sounded to uncover that. Doesn't this make you feel like crying out, "*Even so come Lord Jesus*"? Doesn't it make you look up and lift up your head, friends?

I want to sing this song, "*It is a challenge to accept, it is a faith to rise into, it's a way that I can show the world that Jesus Christ is true*". That's my desire, even at this very moment, that I can show men and women that Jesus Christ is true. If I can say, "Flee from the wrath to come!" It is already breaking across the face of

the earth, if I can give my every breath to see this Message sweep and catch the Elect, awakened them and bring such a charge of faith to put us into Rapturing grace, I would have served my purpose. Because what is coming, friends, and already is here, is only getting greater and stronger. Is only by the grace of God, that grace, look at that grace among us this morning, look at the place we can sit, look at the Word we can hear, friends. And I pray that the Revelation of the Word bring such a transforming effect in your heart, in the way you think, in your life.

And my young brothers and my young sisters, that God will make this real and write it in your heart, Amen, and you will be a real son and a real daughter of God, with the love of God, amen, with the joy of the Holy Spirit. You will not feel inferior; you will carry yourself with dignity, amen. You will know that God has called you, He has chosen you because you belong to Him. He gave His life that we might be delivered from this present evil age. It don't mean it removed us from the world, but it delivered from the power and the grip and the influence of this world, that we can walk in this world free outside the cage, not in the cage, the house of hell gives way from around your life where He has caged up the rest of the world.

Hallelujah. *"For I've got to prove"*, let's sing. [Brother Vin and Congregation sings, *"It's a Challenge"*].

Hallelujah, just praise Him around the building, give Him honor and glory. Hallelujah, thank You, Lord. Thank You, Jesus. Thank You, Lord. Let us just sing, *"Jesus I love you so, and what You've done for me is not in vain. I will stake my claim on Your holy Name, oh how I love, I love You so."* Amen, He gave Himself for us, He shed His Blood that He might deliver us. The word means a rescue, a rescue, a deliverance, out of this evil, where we are gripped, where we are caged, where we are blinded, where we are manipulated and exploited, where we are deformed; He caused Satan to loose his grip by the baptism of the Holy Ghost and fire. A total annihilation of sin under the Seven Seals, and the Seven Thunders, the hidden secret of redemption opened up to raise you up into a new life in Christ.

Oh my. And we look around the age and we see the hideous condition, the people want to look like beasts, tattoo on their heads, rings in their nose, body piercing, piercing all parts of their bodies,

clothes designed to reveal their body piercing and their tattoos, and they put it in certain parts of their bodies to attract attention to that place to send sexual messages, beasts. Way back in 1965, the Prophet said watch how they are catching the people like beasts and monsters. He said, "Watch that deformed prostitute church". What kind of pregnation did she get? Look what she is bringing forth. Her virtues have been marred, the bedding ground has been defiled, she has committed adultery fornication with organization, and she is bringing forth reprobates, they are trapped in the depth of Satan, depending on church joining and formal religion for salvation, knows nothing about a new birth.

But the Word has birthed a people, washed Her clean, dressed Her, filled Her with the Spirit and put Her on display as a real representative that Jesus Christ lives, and His Word is true, friends. Think of what you are called unto. A Word that separated us from this world, that when they look at us they know we are not of them, they know we are another specie, we don't fit in that world. We don't fit in a nightclub, we don't fit into one of those cinemas, we don't fit into one of those discos, we don't fit in with that crowd that is swayed by that kind of music, we don't fit in there, we don't fit into those fashions. Neither can they fit into this Word, neither can they fit in this Fountain of Living Water; neither do they have a thirst for it.

Why? Because there were two seeds. The good Sower sowed the Wheat and the evil sower sowed the tares. The tares are being bundled for the fire, but the Wheat is being gathered in the gather. Did Jesus teach that? That's the time, friends.

Oh my, I am going to continue right here. Who knows how long I am going to take on that now to bring this realization of this insane age. How the people have grown in this insanity. How the world is designed to trap them and hold them captive, manipulate and control and deform them into these kinds of hideous creatures. Guns in their school bags, drugs, they want cocaine and marijuana, they want LSD, they want Ecstasy, they have AIDS in their bodies, brother, they will shoot and kill, they feed on pornography, they love violence, they love to kidnap. What have they become? Who has sown that seed? Who has produced that crop? Hell, hell is here.

Young men know what you want in a wife. Young women know what you want in a husband. Look for a man who prays, a

man who walks in the Word, a man who surrendered his life to God, a man who loves Jesus Christ, a man who has values. Young men you don't look for some little sex goddess outside there who wants to wear filthy fashions, whose mind is just filled with lust and... you don't want those kinds of things. You want somebody who is in church and whose heart is not far from God. You want discernment.

Oh my, because demons are in flesh, friends, and God is in flesh too. Life connects with life and sin connects with sin. This is not the age your father and your grandfather and your grandmother and great-grandfather lived in, friends. This is the evil age. This is the age where gross darkness is on the earth and upon the people. This is a different age, friends. In every age they had to die to go to hell and die to go to heaven. This is the age where hell is opened and heaven is opened. And it has people in this age who will go to heaven without dying and people who will be in hell without dying, friends. This is the age. They will be changed around you.

And nobody could discern it, it took a Prophet to come and take the Scripture and uncover it. It took a man who had been in hell and in heaven came back and unfolded it, and we have watched it grow. Because when he was here it was in infancy. Look what it is today, the laws are passed, they are protected by rights, they can marry, everything is come out of the closet. he never live to see these things he saw it in vision. We have grown up, it is around us. This is the hour, friends, God is separating, the atomic bomb to clean up the earth. Look at nature already, volcanics erupting everywhere, nature is groaning, in labour, what for? Those sons of God. Where are those sons of God?

It can only groan when there is a Message coming forth. It can only groan when those sons of God raise up under birth pains and a Church under birth pains. That is why it can't be a social Gospel, it is a Word to bring labour on the Church. So She doesn't want a bench warmer. She doesn't want just some ritualistic formal person. She wants something that could give life so the Church could have hope to go in the Rapture, friends.

May God bless you. Let's bow our hearts, as Bro. Sam come, and pray my brother.
