## **Dreams, Visions And Dimensions Pt. 2** **Sunday, 14<sup>th</sup> January, 2007.**

Amen, praise his mighty name. We have our precious Brother Hayden and Sister Alicia to dedicate her baby girl Rizpah, Jewel onto the service of the Lord this morning. The Bible says

*Lo children are an inheritance of the Lord and the fruits of the womb is his reward,*

*As arrows are in the hand of a mighty man so are children of one's youth,*

*Happy is the man that has his quiver full of them they shall not be ashamed but they will speak with their enemies in the gate,*

*Blessed is everyone that fears the Lord and walks in His ways thou shalt eat the labour of thine hands Happy shall thou be and it shall be well with thee, thy wife shall be as a fruitful vine by the sides of thy house, thy children like olive plants roundabout thy table,*

*Behold that thus shall a man be blessed that fears the Lord,*

*The Lord shall bless thee out of Zion thou shalt see the good of Jerusalem all the days of thy life amen.*

Our beloved Lord Jesus, we consider it Lord such a blessed privilege to stand in Your presence, to bring Lord our off-spring before You. To know dear God that You have provided a way for us. And dear God even in the things that You have blessed us in, the things that You saw fitting to give to us in this time as You have done to Your sons and Your daughters, Lord giving them this love gift of Yours and Father how grateful we are that You have looked down upon them and blessed them that You care for them dear God. And Lord You stand by them to see them through life's journey to add to them all the things that they would have need of Father that they might fulfill Your purpose and Lord that they might live to Your honor and Your glory. And dear God the purpose that You have raised them up for Father You can show it through them dear God. We thank You today Father to know that

You are the Giver of every good and perfect gift. You are the author of Life. You are the great mighty God Lord who have reveal Yourself in our midst as the one true and living God. And this morning we bring this little blessing that You have blessed Brother Hayden and Sister Alicia with Lord that they have called her Rizpah, Jewel and coming today in the house for dedication knowing oh God that that was the custom of Your people, Your sons and Your daughters down true Bible times.

We see how Joseph brought his children to Jacob that they might be blessed. Lord we see how Hannah thought of offering back up Samuel for a life of service. We think of Joseph and Mary coming with You dear God in infancy into the house for dedication and Lord even in times of dedication how Your spirit did move. It is written that the Holy Spirit moved upon Simeon when he picked up that child and blessed him in his arms. How Your Spirit moved when you crossed Jacob's arms Father knowing that You are still the same dear God. You blessed Hannah in conception dear God. Father you see the faith in the hearts of Your children.

Lord these things are not natural things but dear God behind the life of Your children is something supernatural and Lord even at this time I pray that the Holy Spirit Lord would have them conscious Lord of their life's journey, of the junction where they're at, how You work in their lives Father how you bless them at different stages and even as they stand in Your presence here today let it be with meaning. Let it be with purpose, let it be with objective dear God that the faith in their hearts would be anointed that their hearts, Lord would be centered upon You and dear God even at the time at the dedication of their off-spring of theirs Lord as Your servant I pray a blessing upon the parents in the name of Jesus Christ. May You bless them, may You strengthen them dear God, may You give them the faith and the courage that it would take in this dark hour, in this treacherous hour that we are living in, these perilous time. May Your Holy Spirit undertake for them in every way.

Father I pray that they would remember as You told Abraham; I'm Your shield and Your exceedingly great reward and Lord David wrote concerning You in the Psalm that he that keepeth Israel never slumber nor sleep but as the mountains are around Jerusalem so you're around Your people. How we desire to see

Your people fortified. How we desire to see Your people restored. How we desire to see Your people oh God standing Father in Union with You living under Your headship under Your divines influence and this is what You promised and this is what You made accessible to them Father. Lord God may You send down a measure of Your grace into their hearts even Lord as the responsibility has now being increased Lord by You sending this child into their home. Bless little Rizpah Jewel Father in the name of the Lord Jesus Christ we bring her before Your great mighty presence we offer her up in Your great mighty hands by faith Lord Jesus and that You would receive her and that Lord she would be dedicated Lord into Your service today and that dear God Your Holy Spirit from this day would be with this child Father that You would watch over her and Your great might hand would be upon her life and Your blessing oh God would be in attendance upon her dear God a s she grow in grace and in knowledge of the Lord and may she grow to honour You may her life be dear God magnify Your name may her parents be inspired oh God with revelation Father of how to raise her according to the purpose which You have sent her. May dear God she be safe and secure under Your blood sheltered of safety and Father I pray that no harm and danger Father that no evil design of the enemy will ever be able to be successful against this child Father and that she would be preserved Father Lord God to fulfill the purposes for which you have sent her. Grant it dear God we dedicate her unto You today for a life of service for Your honour and Your glory Lord and we ask once again, Lord a special blessing upon the parents in the name of Jesus Christ we prayer Amen.

Amen! Lets just bow our hearts once more get ready for the word you have a special request upon your heart this morning. You come in God's presence you are looking unto Him you know He is all-sufficient. We had such a wonderful time Wednesday and Friday and last week Sunday here you know and God bless You we are certainly in this 2007 we just want to give Him we just didn't make an ole Years night resolution by some tradition but each day we want to live as he's coming today, we want to live each day closer to Him as we did yesterday and we know the lateness of the hour and we see the things in our very nation we see the darkness that have envelop the nation that has gripped it. We

see people drifting everywhere from religion to religion. People trying everything they could in the form of superstition and everything else but God always have a people upon the face of the earth that He can be in union with, that He has raised up to fulfill His word, that His Holy Spirit can lead them and guide them in all of His will and we believe that we are such a people this morning. How we want to have that great faith as we approach His great mighty presence knowing that His ear is attentive to our supplication knowing that His eyes are upon us knowing that faith always finds God a responsive God and we know that we have access in his great presence He says if we come with boldness before His throne of grace we shall obtain mercy and we shall find grace to help us in the time of need. You think of the need you have the situation that you're faced with of where you are and you put your faith in Him this morning as we look to Him in one mind and one accord. When we stand praying believe that we have receive what we ask for amen. Whatsoever things we desire in prayer believe that you have received it. If you say to t his mountain be thou removed and don't doubt in your heart you shall have those things that you desire of Him. So lets believe Him with all our hearts today remember he says cast all your cares upon Him because he careth for you. Blessed be His wonderful name.

Our gracious Lord Jesus with bowed heart in Your great august presence coming and being assembled in Your house today looking unto You the author and finisher of our faith knowing that something good always happens when we come in Your presence knowing the potential and the value of keeping the appointment that You give to us telling us not to forsake the assembly of ourselves much more as we see the day approaching for where two or three are gathered together in Your name there You are in the midst and Lord we are thankful that You angels are here encamped roundabout us dear God You the chief angel the arch angel the great Jehovah angel is here in our very midst the great creator is here and we are part of the redeemed whose names are written in the Lamb's book of life. Who have been called by the message of the hour Lord God who have been assembled and gathered by the great shout Father we are so thankful Father dear God that we can have this privilege to stand in this only provided place of worship and so we bow our hearts Father in humility in sincerity we come

confessing our sins, our short comings, our mistakes, our failures we ask that you blot out all our transgressions dear God that there be no hindrances oh God, to our prayer dear Father we don't want to come presumptuous oh God but we want to come in sincerity dear God and we prayer that Your precious blood would sprinkle every heart dear God. Father everyone standing dear God confessing their sins and short coming dear God Lord God that we be forgiven Lord God. You said that if we confess our sins You are just and faithful to forgive us our sins Father and dear God we could present our petition Lord God before You Lord we can make our request known with joy. We could present our token with our prayer Father knowing that whatsoever we ask of the Father in the name of the Lord Jesus Christ You will grant it dear God.

And I pray dear God that every heart Lord that need attendance this morning everyone's faith that is fixed on You Lord God every one that is asking and believing that they have received dear God even asking for more faith that dead God our faith will not fail You but Lord God we can ask and know dear God that you are interested You see our needs dear God You see the things that we are faced with You see the circumstance that confronts us and dear God You know the measure of faith the faith that we need to have Father to climb up into that realm where the blessings that have been made secure can be appropriated can be apprehended and Lord God can be made actual in our experience knowing the power of true confession Lord when we stand there praying if we believe with our hearts and confess with our mouth Lord God what we ask of concerning Your promise concerning us who believe dear God Father we can se it be made a reality to your honor and to Your glory and so I pray this morning in the name of Jesus Christ Lord God may You see every need in every heart and may You see every believer dear God Father applying the token with confidence and may the great Holy Spirit dead God being in attendance and minister the blessings as they have need. Let those blessing be released dear God into every life now in the name of Jesus Christ and Lord we pray that You would lead us and guide in the paths of service today for Your honor and Your glory and the things that we need to be awaken to and the realm that we need to be brought up to and the things that we need to be sensitized too and the awakening oh God that we need to have that the thunders are

suppose to wake us up Lord that we can walk in Your presence in union with You under the leadership of the pillar of fire as many are led by the spirit of God they are the sons of God that we might walk by faith and look to the unseen we pray dear God that Your Holy Spirit will minister the unsearchable riches and divine realities that creates such a faith in our hearts and give such an understanding and enlighten us oh God may You grant it Father.

Remember our love ones our brothers and sisters throughout the region dear God in the name of the Lord Jesus Christ may the same surge of the current of the Holy Spirit Lord that would move in this channel this morning will move all out there Father and in God we know there is no time or space television prove to us Lord God that when we turn on the channel everybody around the world could partake of the same thing at the same time and how much more dear God Your science is a great reality oh God Father that natural is a reflection is a perversion of the greater reality the very spirit of the living God can be here and there at the same time. May You grant it Father and may every need be met and may the blessing enrich the heart and lives of Your children grant it oh God remember the strangers the visitors within our gates and knowing oh God that we are so different from the denominations and we are so different from the tele-evangelicalism and these things that have messed up the minds of the people oh God blinded them in these days that gross darkness are upon the earth and upon the people but Lord may Your angel stand and give utterance to Your word as the Holy Spirit send forth the word quicken by the spirit that can break the shackles oh God it can open the scriptures and open the understanding oh God that we might understand the scriptures grant it dear God in the name of Jesus Christ Lord we commit all things into Your mighty hands thanking You in advance for what You will do for we have receive oh God Father what You have given oh God in Jesus precious and wonderful name we prayer and we ask it for your glory amen.

Why don't you turn round and greet your sister and brother one more time tell them God bless them we are happy to be in His house. Special greeting to all strangers and visitors, we know that we have some friends of the believers that is invited here this morning may God bless them all and may the service be something that would be meaningful of great value and benefit not just to

them but to all of us that is gathered here in this great divine presence.

Speaking a little bit Wednesday and I sort of little exhortation and I spoke Friday night on Dreams Visions and Dimensions and so I would like to maybe take the same title and continue to speak on that a little bit again Dreams Visions and Dimensions and like maybe to take 2<sup>nd</sup>. Kings 1 first and start from there.

2<sup>nd</sup>. King 1 to 8:

*Then Moab rebeled against Israel after the death of King Ahab*

*And Ahaziah fell down through a lattice in his upper chamber that was in Samaria and was sick and he sent messengers and said unto them go enquire of Baalzebud the god of Ekron whether I shall recover of this disease.*

What a shame. What a shame. Here is Moab a hybrid race come from an incessual relationship between Lot and one of his daughters that produce the Moabites and here they are coming against Israel they were at war and Ahab son Ahaziah fell through a lattice in his upper chamber that was in Samaria he was sick and being sick he fail to realize that only one person that can heal is God. He fail to realize the devil cannot heal. When in that very hour in that very land a vindicated prophet had come down challenge every organization challenge the Jezebel system repair the altar and the evening sacrifice the fire of God came down vindicated the word amen. And God show that he was God shut the heavens for three and a half years all these things call fire and rain out of the sky the same day and yet these people see all these miracles but stayed in that Jezebel system and refused to walk in vindicated truth amen. And that Jezebel womb that he was born out of his mother was Jezebel he was born out of the womb of that false prophetess who had darkened the land with all her idolatry and then here he is now such a perverted child from a perverted system refusing the vindicated word to walk in truth he sent to enquire of Baalzebub. And that's what they call Jesus one time in the Bible they say you is Baalzebub you are prince of the devils.

And he is going to enquire of Baalzebub the god of Ekron whether I shall recover of this disease. He wanted healing and he wanted to know the circumstance. Am I going to live through

this? Is this going to kill me? Should I make my will? Should I try to live in riotous living and live full to the hills that I can enjoy life if I know I am about to die? Should I set my house in order? What should I do? Go and enquire of Baalzebub the god of Ekron whether I should recover of this disease. It was so right in the very hour God had proved that He was God the power of God was manifested and the presence of God came and yet he refuse it.

Keep your Bible open you might have your seat may the Lord bless the reading of the word. I just want to continue to read;

*But the angel of Lord said to Elijah the Tishbite*

While that is happening Elijah is here in the land. Ahab is dead Elijah is still here. What a great thing.

*And then the angel of the Lord said arise go up to meet the messenger of the king of Samaria and say unto them is not because there is a god in Israel that you go to enquire of Baalzebub the God of Ekron.*

God felt offended God saw his word had gone unheeded that God said go and ask them because God is alive. God was talking to his prophet, God is seeing what they doing. God is seeing he is bypassed for Baalzebub and that was God's people. God had called them out of Egypt by Moses God had brought them out of Canaan. Under David and Solomon God had established them to be the greatest nation in the world. And the queen of the south came form the uttermost part of the world to see the glory of God in the time of Solomon and all nations feared them and now it had deteriorated.

You see how you have no franchise on God. Great mighty people called by a prophet established in the Holy Spirit Canaan land a type of the Holy Spirit become so powerful in the earth but then look at the same people in that same hour of Elijah. Isn't that the Bible? Look at the church in the day of Pentecost. Look at the great mighty book of acts that we have the record that we can still read about. Look at the great mighty epistle we have the great things and how them church was established. And then we see how the church fell in the dark ages and we see the church come up through organization from one Lord one faith one baptism we come to a thousand denominations with one Bible. Did God change his mind? Amen, and then in the last days now when Elijah the prophet comes on the scene according to the Bible gross

darkness is on the land and on the people and if it were possible even the elect would be deceived the Bible says.

Revelation 12:1 says and Satan deceived the whole world. So then you realize look at the age we have come through a great glorious church just like Israel so glorious with the acts and the presence of God so visible in the time of Moses and the mighty acts that could take place. Then they come over in the land under the David and Solomon and the glory and power among Israel and then to see in the time of Elijah in that place after God did all he did it didn't move them people. It didn't move those people.

And God is rejected in the time of Elijah here. How many know God was only able to get 7000 people a little remnant

Remember I mentioned to you I'm continue speaking on Dreams Visions and Dimensions. And you say what does this have to do with dreams visions and dimensions right there if you have spiritual discernment you would see it already.

Here is two powers, here is two set of people living in the same time here is two people anointed form two worlds.

This man inspiration and influence in his life is from the underworld. The realm of demon powers. When he thinks of hell, when he thinks of knowing the future

Eh, eh God bless you our beloved sister you sit down there like the queen. Welcome back amen. Eighty-four year she has been away for a little time we are glad to see you back amen. Wonder if she could miss all this great times? But I guess she rest, look real good fresh and nice today may God bless her.

Yes, so watch the prophet message had come forth. Elijah was God's restoring prophet. He had turned the heart of the children back to the faith of the fathers. They had seen miracles in Elijah's time but they didn't see down through the age until Moses. Is that right? What we see in Paul's time we didn't see down through the years until the last days. That's right. Moses with the pillar of fire established the doctrine laid the original truth. Elijah came when there was apostasy. The land was darkened that Jezebel system kill all the prophets darkened the land. Is that right? And then turn the people of God into organization and false worship and we see the results of it here. The very king of the land the very head of the nation the whole thing is saturated. From a king like David who can go before God and God can come to him who used to set

up the temple worship and sing to Solomon a king who God come down to Mt Gideon in a dream and vision and inspiration. Is that right? Who build the temple and God came and filled the temple with the glory of God. Kings in Israel the nation under that atmosphere. If the head is in a certain atmosphere the rest of the body can be in the same atmosphere because that body is united to that head. If that anointing from that head would come on that body that's Bible teaching Psalm 133 how good and pleasant it is for brethren to dwell together in unity. It didn't stop there. It. What it? The unity is like the anointing that's poured on the head of Aaron not on Aaron chest not on Aaron foot not on Aaron hand but on Aaron's head. He's the great high priest. He represents Christ. Hallelujah! Glory and that anointing on the head Jesus is the messiah the Christ and that means the anointed one there was never one anointed like him. And that anointing came down to the body and you know the church is Christ's body. That's right and the anointing from Aaron's head went down the body to the very hem. He wants to tell you it went right down that garment used to drag on the ground as the priest walked amen. Holy, holy, holy, so it cover the entire body the head and body under the same anointing but it comes on the head first. Hallelujah! The priest used to go in and get the hidden manna. He had that little more to teach amen. He had to be a little higher up amen. It had to come to the head first you have to be tall enough to get in there and bring it out amen that's why when you see a different part to God programme you know something is wrong. Trying to get some woman to go in there to get it. Trying to get a person with a crystal ball to go in and get it. Trying to get some palm reader to go in and get it. It cannot be amen. It seal. Hallelujah!

God ordain only those in the loins of the high priest amen. Only the priest sons born into the priest family had access in there and God appointed the time in the day of atonement between the feast of trumpet and the feast of atonement between the people being gathered and change in dwelling place.

Are we gathered? Are we in the time for a change in dwelling place? Changing of tabernacles. Then in between that time you have to get the hidden manna to get the new body. You have to get the new name first to get the new body. A new name is a new

nature and you can't get a new body without a new nature. Is that right?

You have to come from your new birth if you only have one birth and you're trying to put on religious clothes if you only have one birth and you're trying to maybe you know get religious it wouldn't work it is the birth that gets you in. Except a man be born of water and spirit he cannot see the kingdom of God he cannot enter into the kingdom. Is that right?

Enter the kingdom seeing the kingdom is tied to birth. Because why it is not tied to the five senses. The five senses is only to contact this physical world and that kingdom is not of this physical world, amen.

Not of this physical world. That's why people like church steeples and bells and stained windowpanes they like classical sanctuaries where they feel kind of holy when they see that. Then men have to come out with certain special kind of garments that they could buy their cloth and a tailor could make but God talked about being robed with the Holy Spirit. Hallelujah! Not all this ceremonial business. Glory that is just a shadow of unseen realities.

My, so right here in our scripture we see in that dark hour the people who had rejected the word was sinking, sinking into such degradation sinking into such demonic influence. It showed that the minds had been darkened it showed that they had been given over to a reprobate mind.

You get that? It wasn't just a few days ago Elijah brought the fire; Elijah proved that those prophets were false. Elijah proved that this whole big Jezebel system the whole nation was going after was wrong. Elijah proved he as God's prophet he alone had the truth. How many know that history repeats itself. Jesus says as it was in the days of Noah so shall it be in days of the coming of the son of man. How many know the spirit of Elijah foreruns the first coming. How many know the spirit of Elijah is prophecy to forerun the second coming. That's right. How many know Jezebel is prophecy to control the world in the last days. Not that woman she represented a system Bible in Revelation 17 called her the great whore the mother of harlots who drunken the kings of the and the inhabitants of the earth with the wine of her fornication and

in her was found the blood of the saints and the martyrs of Jesus Christ.

You say is she Jezebel? Only one woman in the entire Bible outside that system in them was found the saints of the prophets. How many know it was Jezebel that killed all the prophets? How many know that Elijah says Lord they have slain thy prophets and only I alone dear God. How many know in the New Testament in the book of Revelation God says that's as that woman Jezebel there? Amen. And God takes that women in Kings and bring her over in the book of Revelation and he names a church system and calls her Jezebel. And how many know there is only one church system who killed over 68M Christians in the dark ages. And how many know in the book of Revelation tells us that she will be judged because in her was found the blood of the saints and the martyrs of Jesus Christ. That's history now. That's not criticism, that's history. That's history and the close their eyes to history they close their eyes to facts and reality then you have one other channel fiction; fantasy; the lie. That's right. So watch.

The truth makes free the lie puts in bondage. So what a situation we have here what a picture we have here. I want to pause here a little bit, because it feels good right now. It feels like I should stay in here a little bit and break that down for some of the less underdeveloped ones. Help you climb the ladder step by step.

Elijah wasn't just a man who just come out there and wants to preach. Elijah was a man that was sent. Elijah was a man that was born for that. Elijah got his ministry from an angel from another world. What does it says here? The angel of the Lord said to Elijah.... What does that show you? This man was in communication with another world. This man is talking to eternal being. Is that possible? That mortal can break into the realm of immortal. Is that possible? That man and God can be so linked and if God is talking to him that's a channel of communication and if he can understand and act on what God said that mean that this man has something to understand to receive the transmission and understand what is being transmitted to him.

And when that transmission comes though it is sending him in some places where his life can be in peril yet it shows how obedient he is to that voice. If it says go back in the blizzard you

go back in the blizzard. Because you can't be in a presence like that, you can't be in association with the unseen world, you can't be talking to angels, you believe in angels? Hallelujah! You believe there a demon Baal Ekron? You better believe that. The Bible says that. That Bible says that. What do you think they was controlling the whole nation and even pull them away from the truth of God. What you think that was human influence? She bewitched the land with her sorceries. She bring it out as fashion, she brings it out as entertainment, she brings it out as pleasure, she brings it out in books, she bring it out in movies, and she make it so disguised but it was poison. It was killing the spirituality it would darken the mind. It was enticing them and seducing them from the truth. It was opening them up to demon powers.

You say I don't understand this. A young man who have evil intentions who is not trained who is dishonest would see a young girl going her way, he sees that and he wants that. He studies her where she goes. He sees he go to school and come back go back home. He sees where she waits for her transport. He puts himself in place. And then he begins to speak to her. What is he speaking? He is trying to unlock her mind. At first she says.... She gives him a clod stare. Next day she feel harassed she walks away, about the third or fourth day she's having conversation.

That's what happened in the garden of Eden. Eve say the day we eat we'll die. The Serpent say no no you have it all wrong sister, you will not die. How will you die? We talking about life her you bring up death. You're so paranoid. You can't relax. You sounding like them Jehovah Witness you're a religious fanatic. She was a Jehovah witness. Maybe not the kind today but she was a real one. Maybe not he denominational kind, a witness is one who sees. She came from the hand of God, she knew God and she was testifying that she knew God. But that Serpent unlocked the mind. Because that Serpent wasn't no snake on a tree, that's from some old reformer picture. The Bible says they was talking, they was talking about the Bible. They talking about what God said. And he was able to shift her away from what God says. At first she was tied to what God said but he unloose the knot and he unlock the mind. Because she didn't have the shield of faith to quench the fiery dart of the devil. Took the

righteousness of the armor off. Took the loins that was girded the truth from the mind. Before she knew it she was prey.

And Paul writes in 1<sup>st</sup>. Timothy 2 *and Eve being deceived was in the transgression.* And in 2<sup>nd</sup>. Corinthians 11 he writes *and as the Serpent beguile Eve so do these now...* preachers, Serpent like preachers talking the word, and misplacing the word and moving the church into fable.

Well that whole land was in fable and Elijah was running for his life and saying look God is only I remain and they want to kill me now. She drink so much of blood of all Your prophets and she want my blood too. And so God loves a challenge.

God is not spray up your self with perfume and look nice in the glass and say I going to church. I ain't saying nothing against that but God not really on that. Man on that. Man dainty when they have on their nice clothes, they vex they start to complain about seat. Meh nice dress on that seat? They want a better seat. They want a nice seat because that one too small. They conscious of their apparel-how they dress-and they want to keep their apparel. They not interested in the word and why they are there. Their emphasis is on something else.

And then you know what happens, after that God help him in the wilderness he was running for his life now God tell him go and tell that man it have no God in Israel You going to Baal Ekron ask him if Moses went to Baal Ekron. Ask him who bow in Egypt? Ask him how they come out of Egypt? Ask him who God fought in Egypt? Not Pharaoh. God fought the gods of Egypt. The gods of Egypt. He says all yuh worship the Nile He turn the Nile into blood. He make all the fish die and stink. All you talk about the god Ashtoreth and fertility, God make locust come and eat everything in the land. You understand what I'm saying?

And everything that they worship some god for and did some ceremony for God hit that thing. And all the thing that they feel is abomination and is a stink to them God fill their house with frogs and lice and everything. And God too said let your go do something.

Now here is the same church, same Israel but another generation. Because from that generation to this generation they lost the truth. It was seduced away from them. That was the same way like an individual. It have a time in your life boy you're

close to God. God could visit you in dreams. You getting inspiration you sing you're singing from the heart. You're singing loud. You're happy in the house of God. You're getting goose bumps. After a while you open the songbook and you're singing: a mighty fortress of God and that is the mighty Fortress of God. You understand what I'm saying? Why? Something is being removed. Sampson had a great ministry. Did Sampson demonstrate great power? Did he lift up the gates of Gaza? Did he slew a thousand Philistine? Did he tear the lion apart? But then did Sampson loose all that? Did he end up blind? Did he end up there? Was he seduced by Delilah and lost it? And then they start to make sport with Jehovah servant. Isn't that right? That's the Bible.

When God blessing you, you hold that and you walk in it and you be sincere. While the Holy Spirit is speaking to you and calling you "while it is called today harden not your heart."

When God is speaking His word when God is moving among His people is not just something normal.

Elijah just didn't come and talk normal things. When Elijah came it was made known to them again. Just like Joshua stopped the sun he stopped all dew for three and a half years and they saw a man again had power over all the elements. They saw man again like Moses when he called for things in Egypt there and bring hail and so on they saw a man again that could control nature. And they realize the same God that was with Moses was the same God back there. The same God that was with Joshua was the same God back there. Somehow in people's mind when they get formal and classical and they get intellectual and they become unspiritual and they get trapped in the material realm and they become a socialite-a religious socialite. Somehow they just settle for attendance in the institution. So they attend the institution on certain days. But in the hour of the rapture Enoch walked with God it have nothing to do with attending: walking with God. And when you're walking with God, God does walk you in the house of God. And when you walk in the house of God I guarantee that when God walk you in the house of God and he's bringing you into his gates you enter his gates with praise. If you being in the house you enter with thanksgiving because in walking with God you can't come in no other way.

Just like David say enter His courts with praise enter His gates with thanksgiving. Why? God bringing that person. Because when God tell him let us go up in the house of the Lord. Not his friend you know, God. God say we going to church today Me and you. You know what it is to be in the presence of God.

You need to come in my sanctuary and understand brass altar. You need to understand that Laver. You live your life different. You need to know a man can walk from the cosmic light in the outer court to come in the holy light of God that come from the olive tree when they cross it and they bring the oil out and the fire from the sacrifice that heavenly fire that consume the sacrifice that fire that lights that candle stick in there and you have oil in there and a man now walk in that realm. And then he can keep on walking and he can come in the shakinah glory itself to the eternal. Just by walking in the house of God because the house of God, God put those things in the house and every one of them was a mystery of Christ in the house.

And that was design so that the God of heaven would dwell with man on the earth and this is where God had communion and fellowship and man understood the approach to God, how to access God's presence, how to walk in a relationship with that God who was leading them in the wilderness through a promise. Is that right?

Why they had that communion, why they was growing up in the knowledge of that approach, why they was understanding these things in the house of God and Moses went up into heaven and brought it down and established it there by vision he break into the supernatural realm and saw heaven. You say he was up in the mountain in the body but in the realm of vision he was being shown the sanctuary of God in the heaven. And God say what you see here represent it on the earth. Because that wasn't on the mountain. You say what I going up on the mountain and see what Moses see. You climb the mountain as a mountain climber you see nothing there because he wasn't there he was seeing things in heaven.

How many believe heaven is a dimension that's here? How many believe that if God's purpose in His word this great eternal purpose of God is for man and man is on the earth. The Bible shows us how he used to walk with man on the earth an din

Revelation the last book in the Bible God id with man on the earth. The plan of God even in the Exodus is to dwell with man on the earth. How many knows that's God's plan that's God's desire? And then it means to say if a man on earth has a certain amount of time so much of years some people like we saw in the papers recently had some centurions all of them celebrating a hundred years they arrive and some was beyond that and then some we read they're dying in child birth all in the hospital everywhere. Some young before they can even get out the crib they're dying. So we know everybody is allotted a space and a time. Everybody life's span is determined by God. There is a time to be born and a time to die. To every purpose under heaven there is a time and a season. So we realize that God had a purpose in these things because earth is the place God reveals himself to man in his walk in his journey. And the Bible is the book- the road map, how a man does be born in sin, shaped in iniquity come into this world speaking lies and come to the place where he and God become one. And man and God can dwell together again, because Jesus prayed Father that they maybe one as I and You are one and in that day you will know as I was in the Father and the Father in me so I in you and you in me. So that oneness is God's purpose. That oneness is to be achieved. That oneness is to be fulfilled in this hour. That's right.

And so it is here in the Bible in this time Elijah had come to take a people out of darkness who had been seduced and gotten away from God and bring them back into the place of God. While we walk on the earth that world start to open to him and he begin to understand there's a dimension here. This angels comes to me, he vanishes. And Elijah start to grow in that knowledge. He's receiving a heavenly messenger coming to him from another world. As a Bible believer he read Moses had that and Joshua had that. He read Gideon had that, he read David had that. He read them things in the Bible and then he being born in his time he realize he had access to that too as a son of God.

Do you believe you could have access to that? Do you believe that the blood of Jesus Christ was shed to give us that access? When the Bible says come with boldness to His throne of grace. Is that a geographic place in Trinidad? Is that another world? That's right. Then that means you can't enter here in the flesh in that

world so it is some part of you get there. So when you talking about prayer you know it is not your flesh had to be praying. When you want to please God you know it is not in your mind you have to get work up. That's where church people does loose it. Church people don't stop to see what the scripture is saying.

Let's read again, verse 3

*But the angels of the Lord said to Elijah the Tishbite*

Angel of the Lord speaking to him here

*Arise go up to meet the King of Syria and say unto them*

Isn't that something that God does know what everybody is doing? How many know? In the book of Acts when Peter was on the rooftop and the angel come in Cornelius house, the angel say go down in Joppa it have a man name Simon the tanner, that's the man you're going to ask for inside that man's house have a man name Simon Peter that man have keys. And you need that key to unlock your mind here to know something but it in that man there. The angel ain't doing it himself because it is the angel who set up that plan and the angel is sticking to the plan but the angel will like direct them in service. Is that right? And when he coming down there God timed the vision so when Peter coming out of the vision the people reach. God working on two ends. And Peter by vision another world open up to him and he starts to talk with God because God say kill and eat he say not so God. Not so Lord. They were talking. You remember that in the Bible. Oh we have Bible readers here that's good.

Today you tell somebody that God appear to you or God talk to you everybody start to watch you funny. Two things: jealousy it ain't happen to them and the second thing in there mind you ain't qualify to have that, but God is sovereign. The same way God does choose the lowest place to be born in a manure pile the meanest city to grow up in Nazareth to fulfill his works the despised things the debased things is what God does choose. So when people decide to get classical on God, God does show I get classical on you. You understand?

Get in this atmosphere here I try to break this down to you. You see scripture is a thing you can't read like the newspapers. Every scripture is given by inspiration.

And right here this scene opens one man sending his messengers go to Baal ekron he's a king. He is running a country. He's the commander and chief to the military, all the arm forces. He's the president today of all the superpower. From small the family he born in being raise up in politics for that position and train he had the best teachers in the university. Understand what you're reading. He was a prince when his father was king and when his father inspecting the forces of Israel he right on his father's side, and when the dignitaries and delegates come he's on his father's side. Because he is being exposed to all this because his time would come when he would sit in that same throne and succeed his father. So this man is not a fool. This man as king of Israel had to know the law of Israel. He had the best Rabbis the best holy men around him well guard to see Nathan and all of them in the courts with David, Isaiah with Uzziah in the court a prophet inside of there to instruct them in the truth. Don't just see somebody just doing something. No, no you see it could be all of that but revelation comes from God and faith is a thing you don't have with the natural birth. Faith is a thing that God does give you. And without faith it is impossible to please God and so as I say some of these things I'm not giving you a lecture on Ahaziah down there you know that? I say history repeats itself. I'm bringing you the thought look two realms. One in the book of life and one in the Lamb's book of life. One is a predestinated seed to catch the word for his age, one is the communication with angels the other one is enquiring also. And when he sent to enquire they used to get answers from there too. That they learn to have confidence in their source and they sticking with there source. Because thing that Jezebel say I going and restructure this whole part of the country and here is my plan build this build that I'm going to put a temple for Baalal over here, put one for Asteroth here put one over here I'm going to bring this feast day and I'm going to bring malls over here I'll put some cinemas over here and they say how she achieve all of this and she restructure the whole land. Didn't Nimrod go forth and build and change the world? Didn't Cain went forth and change the world? After they left the word. Understand the Bible didn't this mighty sea of denomination came after they left the word.

In this Auza Street revival where it start? In cathedrals? In warehouses, in homes, but today it have multimillion building and these things. It have television programmes, it have global satellites network. You understand what I'm saying? It is no longer the same as it was in Auza Street. Understand. You see if you don't know the time you won't know how to live. And if you want to face the challenge and you don't have access to a source to combat this challenge because that challenge is spiritual power.

When he say go to Baalekron that is not some hermit somewhere they have a priest who carrying out those mystical sciences and those rituals. You go and see a man on a bed of nails, you see a man levitating in the air like that you see a man writing on a steel beam with his eye. I read these things for you already. When you read about the Hindus, Buddhist, Muslims and the Skeiks there, when Elijah met them with all that old Babylonian religion. Come on but now it becomes Harry Potter for the young kids. Wiz kid. But they open up to evil influence and the girls like it because it comes like entertainment but it enchanting.

You see we have to have discernment of spirit. You have to know how to look at a thing and how to judge a thing. Why does that do that? Why does that bring forth that under that kind of atmosphere? Why does that duck go to water every time? It have something inside of it for water. Why that duck have that kind of feet? Why this one beak is different to this one beak? Why this one does eat grass but his one does eat meat? You understand? Why this one could see in the night but this one can't see in the night? And when you start to see birds of a feather they'll flock together. You know that? Because that was God's first Bible that was part of God's Bible. God made nature reflect the one who did the making. When God made the Stars, the Zodiac, David says the heavens declare the glory of God day unto day uttereth speech night after night to showeth knowledge. A man look up there and see stars what God put it there for boy God tell Adam in Genesis it is for signs and seasons. It have a language, it have a voice it speaks that's why read the book of Job. God talked to Job in astronomical terms concerning the Zodiac because Job understood it. David wrote about it.

Now watch something. So all these things we are seeing here God offended. And when you go to a source because the Bible

tells you in Psalm 1 walk not in the what? Council of the ungodly. Ungodly do not mean a man who is like a sinner out there. That's why in one place he says sinners and then he says ungodly. Ungodly does come to the religious people who don't have the right concept of God. They think God is three persons in one. They think God's church is an organization instead of a living organism. They think you could join God's church instead of being born in the body. You understand what I'm saying? Ungodly, refined, cultured people. Not renegades. It was the Rabbis the learned people who say you have to wash this pot and do this Jesus says you all straining and nagging and swallowing a camel. It is they who looked at Him and called Him Baalzebub. They called God in the flesh Baalzebub they have no concept of God. They think God is a Sadducee and God is a Pharisee and because he wasn't a Sadducee and Pharisee they couldn't accept it. They think that a God can't come in flesh and called them snake in the grass and whiten sepulchres full of dead men bones. That's what God called them when He came. Truth.

So this man says go and inquire. Find out. Hear what he is going to find out whether I shall recover of this disease. Is this death for me? He is going to find from a source he believe knows the future. One who could travel in a next dimension in time. Walk down this fella road, see where that fella road ends. See what remains. How much chapter remains in this fella book. Right now he's in chapter twenty-seven. See if his book only has twenty-eight chapters. He was sending to a source who he feels could read that book, who had access to that library where that book is written. He believe, because they believe there is such a thing, but they believe this Baalekron was the authority on those things. Catch this, when did they call Jesus Baalzebub? When? When he discern the secrets of their hearts. When he start to reveal, because they identify Baalzebub as having that power.

When He say I saw you when you was under the fig tree. He say how you stand up here and see him under the fig tree? You have to go round that mountain go up this place here, then where this man living is way in the back so. How You could stand up and see them things. Is no way You could see that. Not with binoculars, telescope nothing. And then this man had a big orchard and he named the tree in the orchard the fig tree. Not the

pomegranate not the apple not the grape vine, He say where he was. And he say I saw thee, that's what shock the man. He say what Rabbi thou are the king of Israel. When he saw that he know it take God to do that. But when the people saw Him do that they called Him Baalzebub and they give the credit to Baalzebub. They say He doing these things by Baalzebub He's a fortuneteller He have psychic powers He's a clairvoyant.

Brother Collette you see, you read in the papers yesterday. I sat down there after the service Friday night, I reached home about 2:30am talking to him, Brother Ricardo and some of the other Brothers and I went so far I guess I was inspired and I called the woman name. I say Lycenia Adams. I say they going for she to locate this woman. You know when they opened the paper they say they recruit this woman now to help them locate the woman. I called the woman name I say it just so in the room after the service here. Brother Steve read the paper, he sent an e-mail to me saying check the Guardian page 5, page 12 or whatever page it was. I did done read it already.

I have about four places I want to go from this morning somehow I say let me stay right here. Here is a place of introduction to walk you in the next few services that we would have after the Brazilians go. We have the Brazilian interval in here; we have to get some samba inside of here.

Now watch. I tell you it's a time to believe it with all your heart. God is raising up his church, he's brooding, brooding, brooding, brooding from a dark chaotic earth and from a valley of dry bones it will become a mighty marching army. And that's why that army is launching over to Tobago here on a campaign and then going over to Grenada because you know why what follow this inside of there: The Contest. The Contest. And what is the Contest – the greatest battle ever fought. And what is that – wisdom versus faith. And what is that –life and death coming to the final struggle and in here you better be trained for the knockout punch. You don't play around with the enemy here. You have to know your enemy because you're going to meet him.

As I told you young people just recently I said I cannot hide you and shield you from these things we have the word of God to equip you. To equip you and fortify you and teach you and enlighten you and then let that word be a lamp to your feet and a light to

your pathway. Gird the loins of your mind with it and learn to examine and scrutinize things.

While he wants to talk with Baalzebub in verse 2 verse 3 says

*But the angel of the Lord said to Elijah the Tishbite arise go up to meet the messengers of the king of Samaria and say unto them is it not because there is not a God in Israel go to inquire of the God of Ekron.*

You see how God say it? You going to do that because it have no God in Israel then. God say if you living in Israel know it have a God in Israel. Know it have a God who have a mouth and does talk. Know it have people who god raise up he wants to come to them. Know that God is in union with his people-invisible union. Elijah was invisible union he was united with a head.

*Now therefore thus saith the Lord thou shall not come down from that bed on which thou art for thou shall surely die.*

God say go and tell him for Me. He want to play he going to a next source. He say I root up this vine in Egypt, I bring it in Canaan, I plant, I cultivate, I cause it to prosper and I come down and can't eat the fruits off of it. I ain't being honored and glorified in the thing I raise up. No, no, no remember when Ezekiel did tell him have a meeting out there where your navel string didn't cut and how I wash you deck you and dress you up and then when you start to get popular now you start to run after every passerby. Is that right? And then in the end now you know what that means – I do all of this to come and be ridicule and look upon and made a laughing stock and end up in shame. No, no, not God. You have to be careful. When God call you to serve Him you are not your own you're bought with a price. Remember if you're bought with a price God have rights of ownership.

You know people like to see him with the blood and I thank God for the blood boy and the blood the blood of Jesus and Lord I plea the blood, well you're purchased by the blood. And if you're purchased by the blood you're His, you belong to Him. He bought you with a price and if He bought you He have rights of ownership over you. And when He says do this and you want to refuse then you're trampling the very blood that brought you. You understand?

I say a lot of people want to call Him savior but they don't know to call him Lord. Lord means master and ruler. Savior is deliverer. They want deliverance but they don't want Him to rule over them but that's where His power comes. The power that they trying now to look for and work up their self into. You don't have to work up yourself into that that comes freely. He empties you out so He can flow through you. He breaks your self-will so you could be bound to His will. He purges the branch so it can bear much fruit that in this He could be glorified.

So it says:

*Now therefore thus saith the Lord you shall not come down from that bed on which thou has gone up but shall surely die.*

What a terrible message and God send Elijah with it. And when the messengers turn back on him he said unto them:

*Why are you now turned back and they said unto him.*

Elijah met them and give them the message

*There came a man up to meet us and said unto us go and turn unto the king that sent you and say unto him thus saith the Lord. Is it not because there is a God in Israel that thou sent us to enquire of Baalzebub the god of Ekron therefore thou shall not come down from that bed on which thou has gone up but shall surely die.*

*And he said unto him what manner of man was he which came up to meet you and told you these words.*

He done start to get in an inclination. I feel that is that man, he's the trouble man in the country you know. He ain't like nothing I doing. I have four hundred prophet and a head prophet does back me up in parliament, back me up on TTT, back me up wherever I go. He say but it have a prophet there he does only call out my sin and bring judgment.

Watch. And they answered him:

*He's a hairy man and gird*

You hear description? They only see flesh. They stand in the presence of a man who just came from the presence of an angel. The angel with thus saith the Lord. A word for the king that the

best doctors, best hospitals in the land and all their religious belief and everything nothing can't save him he's going to die on that bed. He ain't coming down from that bed. And when they go they see he was 5' 4" hairy, baldhead he ain't dress too well. He have a piece of linen girdle and it make out of camel skin too. They observe the threads close and they fail to see he spoke as one having the authority. And his face shined like an angel. When we walked in that presence we was terrified, even though all of us was armed and it seem like he was in communication with the unseen world. Is like he spoke for God, he was like a man correctly ordain and sent and all of heaven was behind him.

They ain't talk so. They say he hairy and have a linen girdle. That's what the eye does see. They can't see nothing more than that because that's where they was, that's where they live.

*And he said its Elijah the Tishbite*

When they describe that hairy man with a gird of linen about his loins.

*...He said it is Elijah the Tishbite then the king  
said unto him a captain of fifty with fifty.*

You know what my mother and them wouldn't do I finishing it here I going and take him in here. He says I ain't coming off my bed....

He on his bed sick eh, but watch rage, watch rage. He on his bed sick and sending to the devil for help he get rage to go and kill the servant of God now. You think it easy. You does sit down by the best table, eat the best food, wear the best clothes. You see what does be inside of people? Have the highest name in the land you see what does be inside of people? That's the kind of book the Bible is because the God who write that word sees in him even though he is king in the land God see him as he is. And God shows the character of the man. God didn't tell we whether it is a nice satin robe he had on him on the bed. God didn't tell we is nice mahogany furniture and how the bed head design maybe with an eagle or a lion or lamb and how he have seven golden lamp stands inside the room and the pastel colors and how thick the rug was. God didn't do that you know. God show us the heart of the man. Sick, going, his mind possess.

Go up to Baalekron, tell him I need to know right now. The pain last night I had a real hard time last night and I don't know if I

can make it through the week. Go and find out for me. He's interested in the future. He's interested in his future and he's trying to make his future secure. You blame him for that? Many people try to make their future secure. They think going to Baal-ekron, maybe they don't know they're going to Baal-ekron too and they walk in to a doctor's office he say look lady the record for this is this don't bring no God business here. I am the only physician in this country could perform that operation. Leave your religion out when you come to my office. You say okay doctor. God does send people many times to be humiliated by these people sometimes. Not all doctors bad pray for medical science, but today they have all kind of medical profession. And sometimes people doesn't want to trust God, God does send them in places to see look where you going to for your health. Amen.

I kind of going slow but it is a good word still. I chewing up I was chewing some chilli-bibi the other night maybe this is some chilli-bibi here. I chew it up fine, fine, fine, fine, fine to make it as simple as I can make it, because you see the things of God is very simple too. But when the heart get in a certain atmosphere and start to think of it God does be close. And you realize it is the only way I living. Is why I does think God so far but if I could get my heart tender, maybe if I can walk close to God maybe if I start to yield my spirit if I could see my insufficiency and see my human weakness and humble myself under Him the mighty God who have death and life in his hand and ask Him for grace and strength, He will me. And before you know it before you start to wonder if it have angel and God could talk to you in dreams and give you vision you find you stepping into things because that attitude is moving you up steps coming up into the very presence of God. And you keep that attitude and you start to study and study and buy encyclopedia and buy Greek dictionary buy computer and get Bible programme change your attitude just throw your hands up in the air change everything change everything

Lets put on a little speed here. The time going slow and I going slow. Something supernatural is happening here I tell you. You better believe it.

*Then the king sent unto him. verse 9*

*Captain of fifty with his fifty went with him and behold he sat upon a hill and he speak unto them thou man of God the king had said come down.*

He's speaking in the name of the king on earth and he was speaking in the name of the king in heaven.

*And Elijah answered and said unto the captain of fifty if I be a man of God then let fire come down from heaven and consume thee and thy fifty.*

In other words your king arm you and they tell you I'm dangerous and they post me on the internet and in everyone of their police station and they say I is the enemy number one and if you see this man call the hot line right away and tell we are looking for him. We are looking for him and he can be dangerous he just kill the other day four hundred prophets he's wanted by the state signed Jezebel.

You understand? And now they come, and he say okay them fellas come heavily armed with long shield long lance cross bow armor they pull up with some military horses fifty of them, elite troops because they taking a man they know who does deal with the supernatural. And he sit down on a hill, you know he sucking a piece of cane or something or he eating some nuts or something (Bro. Vin laughs...) and say easy pickings, easy picking. Brother they park them horses and crouch up easy and they come right close round the hill and they go you're surrounded the king demands you.

He looked in one flash. He say I saw you coming from way back there. Brother they get disarmed right away and watch the thing now. He says

*...if I be a man of God*

Because if you think I is some prisoner or some enemy of the state or I is some person coming to disrupt the country he say if you think I'm that he say

*...if I be a man of God*

Because you coming to me dealing with me like a criminal remember when they come to Jesus like that in Gethsemane. He say am I'm a criminal you coming with wood and staves. He say I sit down and teach you in the temple and as fifty come in so everybody fall back and Peter draw the sword and chop the man's ear off. He pick up the man's ear and stick it back on. And while

they trying to take him into custody arrest the man and everything else like he's a criminal he having compassion on somebody that just get hurt. He's not even taken up with his life in danger and he getting arrested and you know what the next question was? Right now I could call for legions of angel now. How many know Elijah is a type of Christ. He say right now I could call for legions of angels. In other words they are in contact with the unseen world.

Could you call home to your family if you're on the job? Could you say I need you all here right now? Could a child in school get his mammy in school immediately? Mammy come for meh right now come right now mammy come right now. The principle say .....brother she drop that, take that pot off the fire she take that apron off she put on she shoe jump in that car and she head to the school. He could get his parents on the scene immediately. And if he have big brother she tell them I think he's trouble come and go with me, and they get in the car and go. Then if you evil and know to give your children good gifts how much more the heavenly Father. If you with one phone call could have your mummy and daddy coming right away. Could you call 999 and see them fly in your yard with a police car lights coming down the road brother they passing with that siren on and pull up in front your gate because you need help? Do we have that as citizens of this country? You mean to say this country 70miles by 50 could provide that kind of assistance? You mean to say it have that kind of hotline operation? You mean if your house burning down you could just make one phone call and firemen who sleeping jump out of their bed put on book taking out their hatchet everything and running on that truck and that truck coming down to your place? On phone call. You believe that?

You mean to say if somebody collapse in your house and you call EHS and you call emergence and they coming here and they run out with stretcher and they run in that house? That does happen in Trinidad?

You mean God government less than that? God does run his affairs different? Which is more powerful the shadow or the substance? Doesn't God have government? Doesn't God set up special services for His people? Doesn't God have a faith

economy that this natural world does pattern of off? My! This man had access to the things of God.

Is where you're living. You hear what he say?

*...if I be a man of God*

He ain't say I from Tishbite-Elijah the Tishbite- I from Tishbe the hill country up there. Yeah and my mother and father...what did John say? *I am the voice of one crying in the wilderness* He didn't say I is Zachariah son you know. They know their self. They know their credentials and they ain't getting no trouble with people and that was put in the Bible to give you faith. And when a next man of God come and say *...if I be a man of God* You draw back. Man of God? But because he knew who he was it bring something.

Your thoughts have to be elevated. You have to understand and believe what God has done for you. God has done something for you church. What God has done for you I point it out in the Bible for you. You who were not a people have become a people of God. He called you out of darkness to walk in this marvelous light to show forth His praises. You are a chosen generation. You who are a peculiar people. Is that right? You are a royal priesthood. You have access to God. The Secret Of The Access. Elijah had access to that angel, he had access to the power of that God and he spoke in the authority of the position that God had placed Him in, in that nation. And Jezebel didn't know that was she pastor, but he was. Because your pastor is who have the word, who have the hidden manna. That's right!

Any man talking for God cannot preach a lie. He has God's truth. God is the word. So when you find a man with the word of God you find God's man. You find where God's authority is. But the problem is people don't know the word so they can't tell word from error. They can't tell the real word. From what look like word and sound like word. But you have to know. We having Bible study.

You wouldn't believe I went to sleep about 6:00 o'clock this morning I just open the Bible, you see how God strange, brother that message is big like this building. I come here sometimes I don't even have the scripture I come here and stand up (Bro. Vin. Laughs...) this is how it is. So let me close. I want to finish off a little part here and close.

I want to get a little part in chapter 2. Chapter 2 is the rapture. Chapter 1 is the days after the altar is broken down. You understand? When the truth was restored back to the people and the children hearts was turned back to the faith of the fathers. Because 1<sup>st</sup>. Kings 18 is where the altar was repaired but the hearts was turned back. 2<sup>nd</sup>. King 1 is show those who reject truth, it show where they are descended into. You understand that? They descended into witchcraft. They descended into idolatry, they descended into sorcery they have no contact with God. They are shut out of the presence of God, they have no access to God but they have access to Baalekron.

And God...the spirit of God is grieved he's hurt because he's a living God he brought back rain for them, He remove the drought, He send a prophet with the word, He bring the truth back, He enlighten them and bring them back to the faith of the fathers, He did the miracles to show that He was still the living God among the people. And the people failed to see that and it's the same thing they did in this day. People this day wants denomination. They don't want the truth, they want denomination. They want to be in politics, they want to be in religion, they want to be in business, they want to be in these things because that is their God. Now nothing wrong with business and politics I talking to a church that I always talk too, you know where I'm coming from. When I say these things these things are what people put before God, these things that give them prestige and power and make them feel important. And they say you want to know how important you are take a bucket of water stick your finger in it if you pull it out and it have a hole remain you're very important. Take the rich man, take the king, take the beggar let somebody put their finger in the bucket and see if it will make a difference. You understand what I'm saying? It don't make no difference, because in God's site all man has to come by the way of the cross. All man has to accept Jesus Christ. All man have to repent for their sins and receive God's free gift. God have no other way. What a great thing.

So look what the time had come too. I'm trying to show you the day we're in, the time that has come too. I really don't like to bring up this topic here it's a poor lady who was kidnapped in the country here she was loved by her workers she treat them so nice and this thing has become so predominant in the news and in the

nation and then they had the next little thing with the young school girl nice little girl too who went out there and begin to read and they put it on the nation and it just shows how people you know anything that look like something attached to it. Everybody is looking for something to ride on. Anything that's going to put somebody in the media, anything that is going to give some sense of exposure or popularity.

The poor little girl in her heart she love the Lord and she going and do something there for the Lord but before you know it all kind of people around, they make it something they want to you know. What is all this? And who is saying a little child shall lead them now oh the Holy Ghost come to lead people, that's the leader and the guide and you see the ignorance of a nation brother that talking when it become a 2020 vision and come a big international exposure and what they want the nation to be and these things, let me tell you the atomic bomb is going to burn the earth soon.

When you have the blimp in the sky and you have Israeli technology and you have Scotland Yard, you know what it says we have the smartest police force in the world. That's what it says. I can't explain it too well but understand what I'm saying. You bringing watchman top put some people right among you to watch, you know get certain technology maybe some citizen out there or something, it ain't slow down it increasing. And then you talk we have the big national security thank when it come to national security I'm not part of this nation. I have another nation. You think that could keep me secure? Oh, God if I have to trust in that security I dead.

That's why I'm preaching this. Elijah is talking to somebody else. Elijah say Lord open the boy's eyes and that angels and charity of fire surround him and come in times like this, that's what you want link up with. And where this man was walking that other man follow that man and he came to a place too where he walk with that same kind of association same kind of protection because this is not a history book but this is to show us what walking with God means. And what the blood of Jesus Christ that bring a man in to link him up with omnipotence and omniscience to walk with God in fellowship with God. And then to know He got the whole world in His hands He got the whole wide world and we don't have a spirit of fear and bondage but we

have a spirit of love and power and of a sound mind a spirit of adoption whereby we cry Abba Father. That's where you're walking.

The days of earthly government is finished friends. You say Brother Vin what you're saying? The rock has appeared cut without hands. When that rock appeared and judgment is pronounced in the mouth of a prophet it is finished. The kingdom of this world will become the kingdom of our Lord and Christ. Have you believe God's word the Kingdom of this world belong to Christ Amen.

You know I was reading something the other day Brian and I was noticing it that's why it started here and make me check it. It says take any Google search and type and see all media houses everybody have the same news. You know why? Behind the scenes where it have so many it all shrink down and is controlled by certain powers that is united and so it is the same news. And for a lot of newspaper they have news agencies for you Caribbean so when you don't have that news and you don't have that fact that does pool certain amount of news to bring that news into this part of the world so it just maybe a subscription you pay and you have access to those files and it become part of your daily news. But you see this is the age we're coming too because this world is being united. Your fourth seal is uniting the world together and the world is united by communication and that's why I'm speaking about Dreams Visions and Dimensions because communication in this day bring to light the understanding of dimensions like it could never be understood before and we understand the power and the capability of information and how these things work through that dimension and God long before You see God is not going to drop down and say I want to send you image and your voice science didn't know what to do so they invent a camera, they invent television screens, they discover the internet and now they using that to send images send voice send pictures send everything across the face of the earth. Well God don't have to get a camera to send that. Man have to get a camera to send that. Man have to get a television screen for that.

When Moses see the vision. When God was show Elijah the man on the bed, he say he ain't on no rocking chair you know tell him that bed he gone up on. You understand? He's on the bed

sick. They tell you where he fall through the lattice. You see the details. You read the scriptures but when you start to get there so you see and he says that fall was a dangerous fall he crack a rib puncture a rib or something and he's in a life treating situation, so he says go and find out if I'm going to recover from this. Is a man who seeing he's about to die and is in desperation and he full of condemnation. He living the lie so long he can't come out and repent. Because to go through God he have to go through Elijah.

Go and talk to Elijah, Elijah is going to set you in order. But he can't do that because he's going to offer that sacrifice and God ain't accept that sacrifice.

See how God tell Job friend let Job pray for you. God tell Abimelech let Abraham prayer for you. Go to Elijah.

He don't want to do that they can't humble themselves when God tell them where to go. So you know what happen he decide to try Baalekron. At least half a truth better then nothing. See, that's the physiophy and Elijah could stand up there as Phillip could say where you before I saw you under the fig tree. Jesus see the vision floating in front of Him. When He tell the woman how much husband you have? You have five husbands the one you living with is not your husband go get your husband. She say I have none thou have rightly said because you have five and the one you living with right now is not your husband. Your mother don't even know that man there he under the bed. You're hiding that man in that room. Brother that whole life exposed He watch that thing floating in front of Him so she can't see it but He seeing it. You get what I'm saying? Vision.

Joseph lie down in the bed and he dream his brothers and them like sheaves bowing down to him sheaves next thing Joseph knew he was in a dream the angel come to him and say take Mary your wife quick Herod coming to kill the child flee into Egypt he gat up and do it. He didn't need no television screen for that. He didn't need to download nothing. God know his address, his e-mail address. God know his mail box and God drop that over in his mailbox and when he sleeping in the night so and no body in the room know what going on he seeing that in a next realm and he getting instructions and God didn't need no piece of technology to do that. You understand where I'm coming from? Communication. Dreams. Visions. These things coming from a

dimension that's open to science today but science have too use the technology to transmit it. But God don't use no technology to transmit that. So science at best have a cheap counterfeit what mesmerized the world as so great and yet they can't produce a dream like that. You understand what I'm saying? Can't produce a vision. And when they discovered that fourth dimension, they didn't invent it you know, they discover it. That was there when Adam was there. That was there when Elijah was there and God in this hour friends promise in the last days when I pour out my spirit there'll dreams, there'll be visions, there'll be prophesies. Young men will see visions old men will dream dreams and they'll stand at the prophet's side. God specify three things to be predominant and to be identified when that spirit is poured out in that latter rain here Dreams, Visions and prophecy in the church. You understand what I'm saying?

The first dream in the Bible mentioned in Genesis was Abimelech. Abimelech see Sarah and ask Abraham who is that. He say that my sister. And Abimelech send his men saying got get her for me. Take her, bring her as part of his harem because he's the king of the land and before he could even touch that woman the Bible says and God appear unto Abimelech in a dream by night. You hear what it says? And God appear ....and that appear before the coming of the angels and the revealing of the son of man in human flesh and before the promised son comes. That's where that first dream is put in the Bible positionally. You get what I'm saying?

Before Gideon went with the vision of the sword of the Lord, thou he had manifestation of the fleece being dry and the fleece being wet, he didn't get the real courage and the understanding that God is leading the battle until he get the dream. God realized that he needed something. Go down by the Midian camp. The Bible say the Midian children and the Amalekites children of the east was like locust maybe about seventy-five thousand of them all over the land devouring the whole land. One man and his friend goes down. God say you frighten take Poora your friend. They gone down while they walking he say I think we should use them trees you know by them trees there we will get good cover there, we mighten be seen. So they cover in the night they go in the dark by the trees they hide there. You know about seven-five thousand

people where he leave home and go down by the camp the man with the dream right there and he arrives when the man is telling the dream you talk about God because God send him there. If he go in another direction the man with the dream would be here and he would be over so.

You put seventy-five thousand people in a crowd and you leave home that's a big crowd you know. You think you could find that one man with a dream in there for you that never meet the man before and you don't know who have no dream and you don't know why God send you there. You see when God doing things is to build your faith and they get a dream and God know to make this powerful I have to bring the dream in the enemy's camp because the dream must serve too purpose. Strengthen his faith and terrify them.

When he tell the man now the man was an interrupter of dreams you have gifts in that camp you know. Where them three powers uniting it have spiritual gifts you know. You understand? But he is in contact with the angel and when that is expressed in the Bible you know that is expressed at harvest time; in the days after the going away of the prophet, before the three powers come in a show down. Before the ministry of the sword of the Lord that is where that dream come.

Joel say at that time in the last days...at that time when Joel 2 is to come. When Joel 2 is to come is after the messenger come after the planting with the former rain then to bring a latter rain. So you have both rains in the same season. You have the dynamics and the mechanics because Paul is kinos he emptied himself out. And how he does do it by enmorphing-changing his mask. But he getting this inspiration then in the beginning of the Bible at the opening of the New Testament it start with dreams you know. Joseph getting a dream and you know what his dream is in connection with; Mary carry the thunders. A pyramid being formed inside of Mary.

Let the musicians come for me I gone in the next message, trying to explain to you what I'm speaking about Dreams, Visions and Dimension.

Watch Elijah in contact with that world. Watch Michaiiah in contact with that world. Watch Elijah in contact with that world. Watch the widow and the shunammite woman they could have faith in whom God send. You understanding how the church set

up? It don't go to unbelievers there the widow could believe whom God send and she could make a sacrifice, mix it with the oil and bring it on two sticks. The shunammite have faith that's a channel of inspiration for communication. He have access to that God. He anointed and have the robe. They understand that. That making sense?

Deuteronomy 18 tells us there is eight means of communication with the spirit world necromancer you have medium you have a witch you have a wizard you have enchanter you have soothsayer you have fortune teller. Not only God man does see vision and contact the heaven. Satan have his men who does contact the underworld too.

Ahaziah was in contact with the underworld, Zedekiah received a spirit from the underworld that was anointing him until he prophecy and four hundred of them prophecy and both of them was right there. Everybody is influenced from two realms. This morning you either influenced from above or you influenced from beneath. In this mortal life everybody that live in this mortal realm, this dimension of time and matter this dimension of space light this dimension that we live in. In that next dimension you see a little above here you have the Holy Spirit, go up a little above there you have the angels, go a little above that you have the saints that die in Christ. Angels theophanies. Your angel behold the Father face in heaven. Your angel and God, below here you have demon power, go a little further than that you have the souls that departed outside of Christ. It have men here that does contact them and talk with them. Here man have outer body experience, where they went to that outer body and talk with people there too.

Paul say whether in the body or out of the body he say I really can't tell right now. You mean to say you can communicate outside the body. Of course, sure.

When the witch of Endor bring up Samuel was that a resurrection. Samuel Body done rotten and bury in the grave years ago and she didn't pull up the body otherwise the body would have been there but the spirit of Samuel is what she call up and Saul and Samuel talking, one in the flesh and one out of the flesh because he flesh rotten in the grave and they talking.

So when you dream then this come to me when I preaching these last two services I was in places like I preaching but it wasn't

my trips where I going in the body to preach, when I come out I know I was there. Well I trying to figure how could truth be given to those people? You hearing me? Then it dawn upon me it start to come open to me, the spirit start to show me for the last few years we have been sending our image and our voice to seven islands; six islands and Guyana, we sending our image and our voice on a weekly basis and we're using scientific methods we using human systems to send the image and the voice. We don't have a high definition video link here that they could sit and see the service while I preaching here. We don't have that. So you know what we do we have this camera here so we could film this service and we can't send it digitally so we does put that DVD when we make it in an envelope and send it by a human system a local system call TT-Post. So instead of fiber optic and these things carrying it or it coming over some server or something TT-Post carry the DVD so it delay instead of whether they could get it instantantly they get it about three four days after because that's as fast as they could get it to them. And when they put that on they gather every service day for service and that does be their service. And we see three hundred people come here recently in last August. Five months ago they come right here who grow up under that. You understand? Image and voice that we are sending by scientific means and by human systems. I am not there but my image is there. Whatever they getting that producing faith, writing songs, people being born again, the church growing, healing taking place, people getting revelation, life changing, I am not there. And all that is happening through image a voice.

When God start to show me that I say but that's man's system because when I come here to speak something, though I can be inspired to say things yet it have times God give it to me right in the desk yet many time he give me it I carry it in my heart and ponder it until its part of me and I come here and I speak it and God anoint it in the service because He is present there. So whether I go and talk to them on the telephone they will only get voice and when I talking to them on the telephone I'm not in the service but the same word I can preach in the service does come out more anointed many times because I have less minds to deal with and its a one on one. You understand what I'm saying? And I more relax I'm not in shirt and tie and in a hot building and

so on and I could speak that same word over that phone and it doing the same thing, but that limited to man. Is God bound to send your image your voice with the revelation He give you, because what they hearing is the revelation God give me. I ain't preaching somebody else revelation that's part of me. That grow on me. Then sometimes personally I appear amongst them and it have new ones sometimes say I longing to see you I long to meet you they know mw before I get there. They know how I look, they know how I talk, as I get of the plane they say that's him there. They know me and they start to tell me what bless them from what I preach when and how it bless their life and since that time they make a real stance to walk in this truth. You understand? Well if God wants to send that now that's the only way God could send that man ain't know no other way to send it but these ways. That's the way they discover but God could send a vision God could send a dream to you. You get what I'm saying? That's image and voice without technology. And the revelation is the same.

Abimelech dream that woman she have a husband and his whole kingdom going to perish, because he was intent on going and touch that woman. God say you and your kingdom is finish if you touch that woman. He says that is the wife of my prophet and you better restore she right now. He get up shaking from that dream, shaking he call all his councilors. He say go and get them fast get them fast please. He say and I apologize. Abraham say what you apologize for somebody tell you something. Only me and Sarah know this nobody know this in the country at all. He say well I get a dream last night. I didn't need a man to come and tell me. I didn't follow someone from Mesopotamia, not your uncle you have back in Haran or some one in you family. No, no he say last night I get a transmission from my receiving set. He say when that come up on my screen so I know thing that you ain't tell me. He say why you didn't tell me that your sister? You put my whole kingdom in jeopardy here. You understand what I'm saying? He start to rebuke even Sarah too. He say yeah, yeah your brother I just give him a thousand pieces of silver yeah your brother.

So when I'm dreaming these things now I saying but this is strange. You let me read something, I just want to read something.

You see if I leave this so somebody will say which part the prophet say that. I have so much here it would take the whole day to read. That's why I like this because it proves that some of you don't read the message when I start to go in the message and bring it out all that in the message boy how I past over that. You know why you past over that your thoughts have to be in them places first. Your heart have to desire to want to walk in them place first. Your heart calling because deep calling. Deep does respond because deep calling. If you're contended to come to church and go home dress nice and look like a Christian take out your picture with your Bible on your chest and that kind of business here. You will get that. But if you want something deeper than that God have a lot of deep things to lift your life up to walk with Him.

Fifth Seal.

*Oh look what happens? What happens before we left here you understand? Six dreams come exactly in the vision.*

He went back to Sirs, Is This The Time. You know that?

*A dream interpreted is a vision because a person may not be born with their subconscious to stay awake when he sees it God ducks over in the subconscious and speaks to him which he promise that which he promise that in dreams in the last days he would visit people and also in visions that's a promise.*

You think when God going to fulfill that He'll say today I'm going to fulfill a portion of Joel 2 in your life. You think God does say that. You have dreams in your mind how it got that there and something keep well the other part I wasn't bringing it. It start to bring scripture God talk to Joseph God talk to the wise men in a dream, they getting knowledge of saving their life. They getting knowledge of revealing the word of God, they getting knowledge of direction and leadership and understanding the schemes of the enemy from that knowledge, coming by God's transmission. You know Joel 2 says that? You'll dream dreams. Why God say that? When nobody can't dream a dream couldn't you go and dream a dream. No, God comes to you in that dream. That is something transmitted. Have to have a sending station to get that. Did it have a sending station?

How did Daniel go back and get the dream Nebuchadnezzar forget? Where it was? Had to be in a library somewhere? Then he had access to the library, then he was able to download the file.

Is that right? Then he had to come and tell the man the dream who forget the dream. Then the man who dream it confirm that's what I really dream. Then because he was in contact with the Sender and the other one was just a recipient he wasn't in contact with no Sender but God choose to drop it there so He could reveal His prophet to the highest authority in the land. What God did when it drop there God give the interpretation of the dream after which thou he dream he didn't understand what it means but when Daniel see it Daniel bring the interpretation also. Not only the dream the interpretation. So it tells you those things are recorded. And if that's information and we're in an information revolution and now through the opening of the internet the information superhighway man have greater access. And information can be processed in so many forms. That's why it become the most important commodity it has to create wealth today. Though it have the diamonds you need a market, and if you don't have access information you're localized. The internet puts you in touch with the whole world

The evolution of the communication and remember it was smoke signals man used to use at one time. Remember it was drum-sound technology to send message, primitive. In the Bible they had runners who run with a message run, run, run tired weary sit down and keep running. That was communication with speed. Then they realize put him on a horse back, the information move faster. That come like from dial up to DSL, faster more power carrying the information. Then they realize now you're land lock when it was water you in problems so they get airmail tie it to the pigeon and the pigeon flying, no boundaries and the information going the message going and we come today to satellite signals. We come to satellites signals today. The world evolve the world change around people, they way they eat, the way they work, the way they play, they way they do things it is all different. And it change on people and they can't even realize it. People using the technology and they can't think beyond of what they have in there hand and how it operates to see what man had broken into and to see that's only a counterfeit.

Here in the Bible Elijah was walking in a place where he had communication. After that chapter 1 chapter 2 he was waiting for angels to pick him up. He is waiting for angels to pick him up to

take him in the third heaven. And the same one who tell him where this man lying in the bed, tell him where to go and wait for the angels. Same way when the vision come He show him go and wait in Arizona where the angels. Same way He say go down by Miller's cafeteria and stand there I'm sending the woman there. Same way He say keep walking and drop the dream for Tanty and Tanty brother, there the boy crying and he say oh God when she give me the scripture the shunammite woman tell me I was going to have this child. I was a barren woman and I raise him for You Lord. Look where the boy gone and get venereal disease and dying now. She say oh God am I not like that shunammite woman? Where is Elijah? I need you Elijah now. Brother she lie down to sleep and the spirit drop it and she see a man with the cowboy hat coming with the promise. He coming walking leaving the hotel God had ground the plane the night way down in Memphis pack him up in the hotel and when he think he going to post the post card and then go to the airport. He say you're not going to that airport now we have a little stop to make keep walking. Keep walking. Oh my! Hallelujah! That's where the church is evolving friends. Had no man made science and technology there but he was wired up from the inside. He was wired up, he had a receiving set on the inside.

When he tell the story about the man in Kansas Arkansas, he say it was down in the south that they race right back in them days. Down in the south a lot of racial discrimination and prejudice and he goes down there and had the meeting among the white people and the old colored man blind for about ten years lying down one night. His mother raise him up to be a Christian from a boy, his mother die and gone into glory. And he say he lie down there to sleep that night all of a sudden he was stirred in the sleep and there stood his mother who had died so many years in the room right there. Saying son arise go to Kansas Arkansas ask for a man name Branham a gift of healing have been sent to the world and you shall receive your sight. He say parson it was raining, he say it was raining but my wife tell me to put my clothes on take off my hat. We went into the auditorium and you wasn't there. They say we'll find you out there and the crowds had gathered, oh my, and then here is the prophet he say while he was walking he hear a man bawling mercy! Mercy! Mercy! And his ear caught it in all the

turmoil and the noise in the crowd and every body pushing like at the wall of Jericho he found the faith he heard something he turned and saw the man there. When he saw the man he say mercy and the prophet want to go to him but police say; sir you cannot do that this is the south. He say these white people wouldn't tolerate that. Many of them is waiting here to be prayed for how could go over to that colored man. He say I don't care where here is here the south or what right now the angel of God is speaking to me and tell me go to that man. Brother when them police scared they say a riot will start here. He has to obey the voice. He's a prisoner to the voice. Hallelujah! He say I push my hand out there and went to the man and the man wife is saying okay the parson is coming this way he's coming to you. The parson is coming this way to you. And he come over and the man start to tell him his dream how he mamma appeared that night amen. He pleaded for his sight. He say parson do you have a minute to hear my story. He say go ahead uncle. I've all the time for you to tell the story. He say the man begin to tell him. Parson can I touched your face? The man said you're younger than I thought. He say you're younger than I thought, oh my. He start to pray, he say Lord I don't understand how that man mother can ..

This was in '51 he ain't gone behind the curtain of time and all them thing yet. He say Lord I ain't understand how that man mother can come and dream this thing and all this detail go down to Kansas Arkansas and ask for Branham. How it come down by faith there. How she could come and talk to him there.

Hope had left and then she come back and say Billy why you call me back. When he going through that frustration some weeks after he says her hand is around me in the room packing me don't worry about us. Don't worry Bill.

Friends science is looking for it, they have SETI- Search for Extra Terrestrial Intelligence, they are trying to find it they see the UFOs. They trying to attract them, they trying to build data bases on them. They trying to figure what kind of science and physic that these people know it seem like they loose some gravity. And now they saying the only goal of the 21<sup>st</sup> century is to find anti-gravity so we ain't tied down here. But they'll never find it you know why? It's under the seventh seal the Easter Seal. Hallelujah! That's the mystery of the thunders, because to go in

that third heaven, you're not going by no aero-plane, it is a word grow up in you a pyramid Christ being formed and that's is what Joseph couldn't understand.

Joseph couldn't understand the mystery of Isaiah unfolding Isaiah 17 to his own girlfriend. It so close to him and he cannot understand it. And he thinking to put she away because he misunderstanding it. He thinking it is some adulterous business how can this thing be. And the prophet says he start to search the scriptures, and while he start to search the scriptures he get tired and he fall asleep and when he start to fall asleep there God come to give him understanding of the mystery that he couldn't grasp and understand. A mystery in human flesh. Of Christ coming through human beings the third pull. Hallelujah! Of one who was overshadowed by the Holy Ghost. And the scripture begin to be interpreted in her life after the mighty angel descended. Joseph couldn't grasp it but in dream. And that first coming how many know it is a type of the second coming. That's right.

That's why the wise men came with the gift following the star that's why the Shepards found the messiah its a type of this. That's why the angel descend. As the word was in Mary so Christ is in the bride.

Look at the kind of mysteries God unfolded through dreams. We sing the song the earth is like a woman ravished by men. I fall asleep one day and I was singing that song the earth is like a woman and every time I sing it I hold on it and I say tell me more, tell me more. I came and testify about it in Barataria. Couple weeks after we have another gifted one who had contact with the unseen world too. We have a whole songbook here.

We have a few inside of here. Where you think Blessed Assurance come from? Where you think something is Breaking come from? Where you think the Secret Of the Access come from? This world? Another world. Another dimension. God texting them. They pick up their pen and they write a surge. God focus our sister in the church and while they put their heart on the sick they start to dwell on the sick. They spirit start to get tuned in to that dimension. And the song begin to come through. Communication. Hidden Communication from the world.

The brother come and tell me he says I write this song. I say what song you talking about. He say the one you was talking

about. I say that's a dream I was talking about. He say I write it, that's how we have that song.

Remember sister Sharon dream one time there in the church and come out the dream and write Gift of Grace. Remember when one of the brothers had the melody for Supernova after the word start to break, the brother come and say hear what I hear while they playing you just song the words but it past through the people. It past through the people but you see as the natural realm developed to a point now it can't be hidden no more and now you realize the things you looking for all the way out is hear and it just have to get more fine tune to become closer observers to be more sensitive because your life down to the hair on your head every hair on you head is ..... not counted numbered. If it is counted and one fall you just know you're missing one but when it is numbered you know which one you're missing. When it is numbered you know which one you're missing. Number 28 fall off today, it waiting for you. You understand?

And if a God would take such interest to design you that way and give you so much space and so much time and put so much experiences and chart out your life to reflect a part of Him because you came from Him and to unfold the mystery of Him in your life then you see where you need to be walking to get that communication.

While the world is descending into the occult and the people they get the whole calendar; every denomination jump in the barn-wagon, Catholic, Pentecostal, Seven Day Adventist, Anglican everybody Muslim, Hindu everybody they trying to get the person they don't know what to do you see what they get now army police; religion and politics and now they get the physic, and they all looking.

Saul wanted to know too like we had the other night. One time he lost his trained asses, they couldn't find them and they hunt and they hunt and they hunt and they couldn't find them. And them he came to Samuel, first time he meet Samuel when he meet Samuel he didn't know that was Samuel. He say could you tell us where the seer is we come to see the seer? He was talking to Samuel and didn't even know. He had never seen that prophet though he heard a prophet was in the land. And from the time that happened Samuel say about the asses you looking for don't worry

with it, it has been found. He say three days we search every valley, every mountain, climb every tree, we buy binoculars, we buy compass, we use every skill we get guide we get special trackers to track in the woods we come up with nothing. You mean you stand up and talk to the man here and this man now have a access. This man link up with a satellite in the sky GPS he do so I'll tell you where they are. Let us go and eat by the time. Don't worry with it no more your problem is over. Brother Saul scratch he head scratch he head.

Back in them times they understood dimensions this materialistic world disorient us, move us away from that reality. We get mis-educated that we can have degrees and we don't know the difference about life and death. We don't know where we going when we die. We don't know how to come in a relationship with Jesus Christ. You understand what I'm saying?

But something is happening friends. God is coming down, God is moving in a place where He so want to fill His church. Where these things are being opened to us.

He say when that conscious become inactive that first one when you go to sleep and you dreamt you were somewhere. Now it have all kind of dream not every dream is from God you know that? You read all kind of things and get nightmares too. We talking about things of God while I was talking that I preach the word hearing myself preaching things hearing myself singing things and doing things that the word that's the Bible, the subconscious that's the soul. And the soul where faith comes from that subconscious is part of the word. Is an attribute of God's eternal life. It is the same potential as the chemical in the ocean a little spoonful of that water is like the same thing with the whole ocean. Its in every believer but everyone of us call for different things. Some call to sing, some does hear music in their head, some does hear melody and words next thing they come out with a song. Some does hear messages, some does get leading of the spirit and say I going and pray for that one. And while that word is preaching there this one came upon me, I have to go and see that one later. The person get heal raise up and God word is coming to past in such simplicity but it takes eyes to see, it takes ears to hear it take a heart to understand these realities.

We are going to sing this little song have a word of prayer and dismiss and then we are going to do the announcements after because I don't want to hold back the strangers with irrelevant announcements. The announcements concerning the Tobago and all the Tobago campaign and then the offering for the Tobago campaign we will pick up. Have they take it up? Did they take it up? Somebody tell me. So all these things we are going to do so I'm giving the visitor and stranger a chance too.

Let's just worship Him. You love Him? You appreciate His word? One strung up the ladder, that we might see Jesus and His programme. This is the time for the mighty warriors to begin to rise. Look at Elijah a mighty warrior, look at Gideon a mighty warrior God open up that realm and communicating things to them giving them direction. Look at Joseph a mighty warrior one of the overcommers, six of them Joseph, Zachariah, Simeon, Elisabeth, Mary, Anna. Six of them down inside of there in the conjunction they lap over, when angels begin to appear at the end of the Old Testament. What a time friends?

*Something is breaking*

*.....removing the darkness of night*

The keys being given this morning

Life and immortality *is coming to life*

Oh sing it again; something is breaking. Can you see it breaking it is breaking open wide? 2007 press in there friends.

Oh the sun's coming up Hallelujah!

*...the darkness of night*

*....being given opening dimension*

Life and immortality is coming to life

A seal breaks open oh believe it

A man caught a vision heard the voice of a prophet

And just like Abraham

*...the unseen is now being made visible as dove leads eagle* that's where the dove leads into that new world, into that next dimension friends the last country oh my

The sun's coming up *.....the darkness of night*

When crisis arises

Oh the world gets in birth pains see the need to go forward. For its happening we see the need. Then the anointing oh my falls upon the vessel

*...and that's the real world we're going to live in*

That's the real dove that's the spirit of truth, searching to find some thing the evidence of that new world to minister an entrance into that new world so they can step out on that mountain and step into that new world. Oh my, you see what is in the mouth of the dove, you see a way that's opening, you see secret passages, you see where an entrance is taking you in, you see when God promise in the last days they will dream dreams.

Hear the prophet: he say I heard but now I see. Junior Jackson I've seen the boy's dreams, he's a dreamer, and interpreted them. He say he's come down here never been to Shreveport in his life, his wife pregnant. He was thinking about driving but then somebody somehow came because in the in the dream he flew and they give him the passage. He say and when he came he saw the coliseum, he saw this building he saw a stone with a wheel in it. He say I've never been here before he talk about the lattices in the building and the pillar of fire coming through the lattices. He say he was astounded when he came exactly the way it was and he never been there. You never been there in the physical body but he was there before. In the dream he came there. And he say brother Branham you preached during the week the last night you were going to pray for the sick. He had preached through the week and the last night he was preaching on the wings of a snow white dove and pray for the sick and he stood there and said Lord as Junior dream because he knew the Lord give Junior the dream. Let that dove come through the lattices this Dove of the word. Oh my, friends you understand?

What a place. What great science God has that when you marvel at man that science was here when Adam was here and when you try to grasp with this world and its achievement and its technology and its advancement and all the sophistication of it, it laughs in the face of God's word exalted itself but the wisdom of man is foolishness of God. The things that God can do in the body out of the body. They could send your image at the speed of light breaking time zones science find a way to do it using what God design the architect of the universe. How much more God can use His own thing greater than what science can us its own thing.

That's why God send a man in this age who live in two worlds because he is going to preach to a people who would have to live

in two worlds because the first church that we have been restored back too live in two worlds and the mystery of the son of man open up that place to bring them into these worlds. You get what I'm saying that's a great, great thing. You all know sister Carol she has a testimony she has something burning inside, something that she needs to say now so we are going to give her the opportunity. Sister Carol gives her testimony.

Oh praise His mighty name. Thank you Lord, thank you Jesus. Thank you Father. Isn't God good? You just walk close it is everyday living. Dog does be on dog things twenty-four hours a day, fish does be on fish things twenty-four hours a day, bird does be on bird things twenty-four hours a day, if you have the life of Christ and you serve Him every hour of the day, these things are everyday living for you. This is what fellowship with Jesus is all about, walking close with Him whether it is a still small voice whether it's a dream whether it's a vision whether its leading of the spirit, His direction ordering your steps. We are coming back to live in God's provided way. The birds still live in God's provided way, the fishes still live in God's provided way, it is man who has gotten out of God's provided way but God in the last day has open up the seven seal open up the channel of the word to lead us back to the tree of life and when you eat from the tree of life then it's a faith civilization coming forth a faith economy, faith children. They walk by faith. Wisdom children walk by worldly wisdom but faith children live by faith and faith looks to the unseen. Amen. I want to ask Brother Sam to come and prayer and ask God's blessing in the dismissal and then we would close this part of the service.

Brother Sam Prays.....
