

Third Exodus Assembly

# The Breach Between The Trumpets And The Vials Pt.2

Pastor Vinworth A. Dayal

**17<sup>th</sup> August 1989**

**THE BREACH BETWEEN THE TRUMPETS  
AND THE VIALS PT.2**

**Thursday 17<sup>th</sup> August 1989**

**Brother Vin Dayal**

Oh my lets bow our heads and close our eyes. Truly that's the desire in our hearts that we can find that humility to humble ourselves. Lord we just want to follow, we know we can't lead our own selves and we thank you for that guide that we have, the great Holy Spirit. He was sent to make sure we don't come up lost what a confidence we can have tonight blessed be his wonderful name.

We bow our heads and close our eyes. We have a special request tonight, we don't have any written you may just come into the house of God down in the deeps of your heart, something that you're desiring the Lord Jesus to do for you and you believe that he can do it. It would do no good to lift your hand if you don't lift it with faith you lift it believing that God would supply your needs according to his riches in glory because if you believe and you want to lift your hand to show unto him why don't you do so his angles are here as the prophet says taking a record tonight amen.

Father we thank you for the faith that the people have indicated by lifting their hands tonight that they have in you as the true and living God, the one that is able to know what they have need of and the one who has promised to supply that need. We do things Lord many times so simply but it expresses Lord a great faith and confidence that we have in you the God who we serve and come to gather here tonight. Everyone with unspoken request but yet we are so fully satisfied in our hearts. You know every request because you know the thoughts of every heart.

We thank you for serving a God like that. We thank you for the precious promises and the invitation that you have given unto us, we can come before your throne of grace, we can make our request known unto you with joy, we can have the confidence that we can have the petition that we desire of you and we know we ask according to your will. Hallelujah!

May you grant every need tonight Father because these wouldn't lift their hands if they didn't believe and Lord God they are asking no doubt because they have been thought in your word.

They are asking for something that would draw them closer to you that would cause them Lord to stand and live for you that you desire and require of them in this hour. You said we know that we are justified in asking these things Lord so we can have the confidence.

Glory be his precious name and I believe we have one common desire to hear from you tonight in this hour that we are living in as we see the darkness sweeping across the face of the earth, as we see a great hideous thing coming on spoken in the book of Revelation and the warning that have been given by the Holy Spirit through the end time messenger you send Malachi 4:5 to turn the hearts of the children back to the faith of the fathers, less you come and smite the earth with a curse. Oh God just as you did in the days of Noah those who saw and recognize what that prophet was saying and the hour in the vindication of the word and they flee in that ark.

Even those in the days of Moses when the wrath of God was poured out throughout Egypt but they saw a prophet in the land, they heard a message being proclaim, they knew the hour of deliverance was at hand, they flee under that blood Lord desperation they applied.

Even in the days of Elijah Lord when they saw judgment sweeping in the land you moved your prophet into a hidden place where he was given food. Great things happen Lord among the elect those who was willing to sacrifice the word under that prophet who held that sacred responsibility in their hearts to keep that word alive, it did great things in their midst in that hour so Lord we are standing like in that hour. Help us oh God to recognize it.

May the Holy Spirit deal with us in such a way that every one of us there was not one here in our midst Father and also them we can warn because the bible says the spirit and the bride say come and he that heareth say come. Also that we will warn every man Lord and we do it with hasten. Enter into that secret place will you move your people; called blasphemous name, everywhere that death is going to strike; into the only provided place where the blood is on the door. Where the name is, where they are feeding on the lamb. Oh God, where they are eating the bread in haste, where their feet is shod, I pray that there will be a place like that

tonight and everyone that find that place under the reveal word where in our hearts we that we have past from death unto life.

That Revelation would be a reality in every heart but Father the things we have seen happening roundabout us daily only so that judgment is going to fill up oh God and that cup is brimming and fixing to run over he that is filthy is filthy still he that is righteous is righteous still, he that is holy will be holy still and he says seal not up these things for the time is at hand. As we endeavor to look into these great things.

The prophet says there is a great message I've been looking at them vials there the other day such a great message laying in there. I've been so led to preach on these last seven vials oh God and how Lord we rejoice and be warned by the Holy Spirit as you open up them vials last year it followed that great supernova. It followed that great sign of international year of peace where they begin to loose them dove but every time it happen Lord you reveal right here in the assembly to us what is happening. Just looking last night and seeing that moon go into a total eclipse but you see a people gather around the message as we see the handwriting on the wall oh God a prophet in the land. One like Daniel in the form of Malachi 4:5 revealing these things, Babylon is fallen is fallen is fallen oh God may we wake up and recognize oh Lord what is happening as gross darkness is upon the earth bringing back all these end time signs one more time. Help us Lord that we would have spiritual discernment and we would move under the leadership of the Holy Spirit at the sounding of the message. We take earnest heed to the things that we have seen and heard lest at any time we let them slip. May we not neglect so great a salvation that you have given unto us in this hour. May we earnestly contend for the faith that was once delivered and has been restored back lest we fear and come short of this promise that we can enter into your rest oh God. As your spirit would speak expressly as we labour take heed to enter in Father. Grant it oh God. Speak to each one tonight help me to bring these things to your people which you have laid upon my heart. I prayer for your divine grace I need it tonight Lord. May your people be in one mind and in the spirit, may there be such a pull of faith, may the Holy Spirit be so able to work and operate so freely amongst us great things would break forth by the inspiration of the word that we can leave

strengthen, that we can leave under the effects of the message. Grant it dear God we prayer and we ask these things. We commit them into your hands now thanking you in advance. For we ask it in Jesus precious name and for your sake amen. Amen.

Amen. God bless you. Let's turn to our bibles Revelation chapter 13; I'd like to welcome everyone in the house of God tonight. May God richly bless you. May you have a prayer in your heart tonight, certainly trust him to kind of finish up and feel satisfied as I take you in **The Breach Between The Trumpet and the Vials** just by the grace of God. See to set in a place where we can just have our hearts ready for Sunday morning. We want to take the first vials, have most of the message already speak on it just wait on the Holy Spirit with this little breach having it set in order.

I believe it is going to be a wonderful time for us. We have come through the church ages we have come through the seals, we have come in the vials, we had it in a measure back in 1984, all these things back in a measure but when we have reason to see God promised to make it plain and as we come to a great winding out time, all these things being spoken will be fulfilled and we are just trying to preach maybe for an hour and half right in the message so we can make the tapes in a proper way if the Lord permit us to put it in book form. You can read and study it on your own then we would not want so much of problems for these things just takes the grace of God to help us. We can't do this by our own self and our own human ability it would depend on the leading of the Holy Spirit and the way we would and it would depend much on our faith here in the assembly when we come up in the meeting prayed up sitting right there with a prayerful heart with an attentive spirit just want a pull of faith in the word and God can come right down while it is fresh in our minds, strike it there in our hearts and we can just leave under the effects of the word and really receive the nourishment from the word.

The vitamins in the word. The Holy Spirit wants to give us the warnings because these things when we get there it is not so much a nice rejoicing time we are on the judgment side. It is a fearful time when these things are happening it is now. Did you apply the blood? Did you make your wrongs right? Are you standing there without any condemnation in your heart? You see we're looking

back now. When it was coming for the age we are looking forward because out of the ages come the seals. When it comes to the vials it is finished because the ages have already run out, the trumpets have sounded, the thunders have already gathered the bride, the trumpets is showing the Jews are back in their homeland, the earth is fixing to be destroyed, Israel is waiting for the sound of that seven trumpet and it shows the doom that is going to strike.

Those who have failed to receive the word in this hour, those who have failed to apply the blood. That is why we are looking back. We are looking back. Now we are at the end of the book so in speaking these things it takes the inspiration of the Holy Spirit to strike it just right that we can stand. Just looking at it we know it is foretelling what is coming in the sense of the pouring out of that wrath but the people who is going to be there, when those things happen, are the ones who you are speaking to in this generation right now. Not another people. So they take earnest heed. So they mix the word with faith or did they murmur and complain while they were on their journey? Did God swear in his wrath they weren't going to enter in his rest? Are they come to the borderline and falling back and going into sin after they live so clean and right in coming down in the journey? Are they to be made manifest now when they should be going over and seeing the Holy Ghost upon their children, upon their own life with expectation loving his appearing? Are they drifting back now? Are they cooling off now? You understand what I'm saying?

This is very a serious time. Revelation 13, let's just go right in the word. I have to skip and jump and the reason that I am doing that is because I designated two services to take **The Breach Between The Trumpet And The Vials.**

I wanted to bring that information that's why I spent quite a long time Sunday showing what was also preached. What the Holy Spirit gave us between the trumpet and the vials in the church right here too and many of these things have already been preached but I believe it is the same spirit finishing the work. That's why I feel the inspiration is not leaving it undone, the same way the Holy Spirit knew those seven trumpets was to be opened up, same way he knew those seven vials was to be opened up and you can't just try to play around with the word. God have to give you inspiration

to go to the word and when God reveal those things then you can go to it and it is timely.

It is timely if every body don't go in the rapture in this church some is going to remain behind and there is going to be a reason why they miss it too. They sat under the message and wasn't made ready then when people come right under the word and they fall away too and fall under them conditions and God's wrath comes down upon them. You see things is going to happen, you see how these things are very personalized.

You see the last time I share with some of the brothers there how a seal opens in your home. It have trumpets in your home, it have vials in your home being poured out in your home. Oh, it is for the age, for the individual, God poured a vial upon you. Sure, vial is the wrath of God.

While Paul stand to bring mercy to the mayor he smite the next man blind who was trying to hinder the word. Was the wrath of God come down upon him and judge him because he wouldn't cease but try to pervert the right ways of God.

And you see God pour the vial on some people they go into insanity, they go into all kind of conditions, backslide, go into sin. It is God pouring a vial upon them. You see them get blessed when a Revelation is poured on them, blessed. Flesh and blood haven't revealed this to you. My! Change your life, bring a new birth, it is a seal open. Sure, caught the message of the hour they moved with it. Sure! Revelation 13

*And I stood upon the shores of the sand and I saw a beast rise up out of these having seven heads and ten horns and upon his horn ten crowns and upon his head the name of blasphemy*

Same beast we had in the morning Revelation 12 the big red dragon we meet him over here again.

*And the beast which I saw was like a leopard and his feet was the feet of a bear and his mouth like a lion and the dragon gave him power and his seat and great authority and I saw one of his heads as though it was wounded to death and his deadly wound was heal and all the world wondered after the beast and they worship the dragon who gave power unto the beast and they worship the beast*

*saying who is like unto the beast who is able to make war with him and there was given unto him a mouth speaking great things and blasphemy and power was given unto him to continue forty and two months and he opened his mouth to blasphemy God to blasphemy his name and his tabernacle and them that dwell in heaven and it was given unto him to make war with the saints and to overcome them and power was given him to make war over all kindred and tongues and nations and all that dwell on the earth shall worship him*

Same one who was fighting Michael in heaven same beast but now he's on the earth now. The whole earth is going to worship him because that is exactly what he wanted to have in heaven. Now it is very important for you to notice all these things that is put here between the trumpet and the vials if these things wasn't put here you wouldn't be able to correctly explain what was revealed. What those vials were? It put there to tie the two together for that very purpose, that's why it is revealing these things. It is not just a happening, it is not by verse but it is just a lot of different things laid out here verse 9

*If any man have an ear let him hear he that leadeth into captivity shall go into captivity he that kill with the sword must be killed with the sword here is the patience and faith of the saints and I beheld another beast coming up out of the earth now*

First one come up out of the sea this one come up out of the earth

*And he had two horns like a lamb and he spoke like a dragon and he exercise all the power of the first beast and he causeth the earth and all them who dwell upon it to worship the first beast whose deadly wombs was heal*

You see what he's doing? He is causing them to worship the first beast.

*And he doeth great wonders so that he maketh fire to come down from heaven on the earth and in the sight of men and deceive then that dwell on the*

*earth by the means of those miracles which he had power to do in the sight of the beast saying to them who dwell on the earth that they should make an image to the beast that had a womb by the sword and did live and he had power to give life unto the image of the beast that the image of the beast should both speak and cause them as many that would not worship the image of the beast should be killed and he causeth all both small and great rich and poor free and bond to receive a mark in their right hand and in their foreheads and that no man shall buy or sell except he that have the mark or the name of the beast or the number of his name here is wisdom let him that have understanding count the number of the beast for it the number of a man and his number is six hundred three score and six*

Let's pray one more time. Oh gracious Father may out of the abundance of your mercy a needy people before you desiring oh God to be prepared by your word and have a clear understanding and have the wisdom of your Holy Spirit to have the spiritual discernment to see the things that are taking place on the earth in this hour. Knowing it is happening all round about us, knowing that we have to see and understand and come under the effects of the word in order to live Lord God with faith and be made ready and keep our eyes and our affections with things above and not be ensnared with the things of this life.

Breathe upon us the Revelation of your word tonight. May it come forth with power to every heart. We ask it in Jesus name and for your sake amen.

God bless you, you may have your seats.

So I'm just going to take it like part II and go right in the breach between that trumpets and the vials. Now as I said this year we are going to try to strike and go into these things into a very deep way and many of these things if we don't leave something there no doubt we are going to get it when we go back unto the vials but we are going to be back and forth into the scriptures and these things must come from Genesis to Revelation. If it is a Revelation I'm not going to try to bring something and say it's a Revelation that

must come from Genesis to Revelation and it must compare with all the word.

Any man trying to bring an interpretation of that word it must compare with all the word in the bible. It must start in Genesis and come all the way through Revelation and when we took those seven vial in 1984 we prove that over and over that those things was coming from Genesis to Revelation and a lot of those things we have to repeat those things and it would be good to refresh because it is very timely to look and see.

Last night it had a great sign in the heaven how the moon went into total eclipse and we are believers in the message and we are familiar in 1963, when the moon went into total eclipse it was speaking of what was happening on the earth amen. And here it was God's prophet a couple years before that had preached seven church ages and show what was happening on the earth in the book of Revelation and God was showing it in the sky then exactly how he was thought and how the Holy Spirit had wrote those things on the wall and you know we was thinking on those things here, it is last night we had that tape designated to be played; **The Handwriting On The Wall** and it was happening right at the same time when we are thinking of opening up these seven vials right here.

Which is judgment and all these things we know it is timely. It's timely because we see around the world what is happening.

Just this evening I was talking to couple of the saints that come and we talking about the scriptures there you know how it was, saying in Revelation chapter 17 how it was saying for God had put in there hearts. He was talking about them ten kings to fulfill his will and to agree and to give their kingdom unto to the beast. Oh he's shaking the whole world, this communist God is making them agree in the western world. God put it in their heart to agree. God making them open up their kingdom, bring back the Catholic Church, let the beast begin to set up itself, take over to communize and get in the free world of trade and all these different things that's happening right before us. So that they will fulfill God's will he put it in their hearts to agree. Forty years them leaders stand up there and close down them churches put them people out, send them into labor camps, all kind of things. Take away their

rights they operate in. See? Communist begin to move in the earth and all these things.

Conquering territories and all of a sudden it comes like that and right in the soviet block they begin to put up a cardinal in all them nations. Open up back all the Catholic Churches, Roman in-roads as they say in Time Magazines. As in Poland just this month last month rather we saw all them things east to west across the breath of the land. All those Catholic Churches, numerous in rapidity going up all over, buildings being built at the same time it is all happening quickly. The thing is in the book of Revelation. It does baffle so many people I remember it was one of the first things that woke me up in 1984 when I realize that many of these things is not down the road it is already happening because I will send Elijah before the coming of the great and dreadful day of the Lord.

The generation that see Israel in their homeland will not past away until all these things be fulfilled. This is the last generation there is not going to be another one. You believe that? Sure, there is not going to be another one and we see those things happening and we see how the Holy Spirit have dealt with us. Look at that message there **On The Wings Of A Snow White Dove** when we took that message with Noah Holy Spirit give it unto us show how death was all over and the fowls of the air, the crow was feeding on the dead body that life have left while the dove was ministering to them who had believe the prophet message and shut up in the ark amen. Sure, all over don't matter what side you take the scriptures when you see that last day messenger comes and his message is rejected there is no more message to the gentiles. There is seven church ages and there is seven church age messengers amen and at the end of the sounding of the seven church age messenger down is going to come by heavenly angel. Is that right? And he is going to bring the next announcement and his message is going to gather the bride together amen. He is the one on the earth right now the great Holy Spirit amen. The end time messenger leading the bride out in this great Exodus and this Exodus is a different Exodus. It is not like the first one or the second one this one is going to that theophany amen.

In my father's house are many mansions I go and prepare a place for you and I would come and receive you unto myself. Is that right? And he had come down in this day II John 14 he was

speaking about Revelation 10 he has returned and begin to gather them together, to take them up into the mystery of the seven seals that where I'm there they would be also. Oh its baffling the whole world in the natural realm of science, they trying to work with such rapidity and labour. In it day and night trying to find life on another planet because they have seen the effects of those seven trumpets. They don't know it is the seven trumpets but they know all nature is fixing to take a tumble. They know that but you see the scientist break down nature to mean the environment: earth, sea, fountains and rivers and lake and the atmosphere. Sure, nature, the environment that man lives in amen. And you see everyone: the earth, the seas, the rivers, the lakes, the atmosphere is all being polluted and being destroyed right now. What is the sign of the end of the world? They asked Jesus after. What is the sign of your coming? Is that right? And he begin to reveal the coming and then he went to the end of the world and we took that on the days of Noah who saw the coming... God came to his prophet. Is that right?

Prophet begin to call a people out and we saw the end of the world so those who fail to give heed to the word of the prophet ...we saw Abraham sitting at the tent door. We saw the coming of the Lord. Is that right? We saw the last sign before the discernment. We saw him reveal the mystery of Abraham. Is that right? It brought the change and we saw the end of the gentile world by fire and Jesus says as it was in the days of Noah, as it was in the days of Sodom so shall it be and he begin to reveal the sign of his coming at the end of the world because he read the same Genesis we read and then when he came back in this day here, he was in his prophet come to the gentile and revealing to us the royal seed of Abraham exactly in the bible.

What he was referring to and where he was pointing us that we might see the hour that we are living in and what is coming upon the face of the earth. That's why it is a very tremendous time for us here and we see all these things moving in rapidly and we want to be ready. We want to be ready amen.

The prophet went to the place in the message he went to Exodus and preached **The Token**. He says this is the highlight of my ministry, this cap it off. This was the one needed to follow the seals then he came the night with **Desperation**. Don't be no

church member walking with your bible and saying I'm in the message no. He's saying be desperate or perish amen. Yes sir. He says the token must be on display, must be seen. Amen, there is no one going out who never display the token before they went out. Every one who went out had displayed the token before they went out. Is that right? Many houses but one place under the blood of the lamb, the life of the lamb. Many houses that's why it is encouragement to see the Holy Spirit moving into your hearts and get many of you serious amen. Many of you taking heed, many of you getting in a spirit of obedience even though you don't fully understand. That's the right attitude. That's the right attitude begin to walk into it and God will come and let you know whether it is his word or not and despite if you read the bible and you don't understand believe it any how because it comes out of God's word and God's prophet say it directly and quote it and write it there. Do it anyhow because God says it in this generation amen. Don't waste time. Don't say well God give it to me different. God don't do that. That is not God you're talking about God of this bible here, there is nobody here who have no experience that when you're calling God that is not in this bible amen because when God come to that prophet he says the only way we can have faith in anything it have to come out of that bible. He says I know God can do other things but let me see it in the word first amen. He says when that angel comes and speak to you he always speak according to the bible then you can know if the angel talking to you or if it is your own imagination amen. When that same angel comes in the pulpit he was speaking the same way because the bride will know it's he because we already know how he speaks when he comes. Is that right? Sure, we want to be serious in the word. We want to believe the word from the bottom of our hearts, we don't have to come round on the side come round on the side and say I believe it you know and I really can't take all of it and I really want a little place for my human spirit.

No, you have to believe what the word says. Take it like that amen Hallelujah! I tell you you're going to see the faith muscle come on, you're going to see the strength come on it, take obedience and humility to the word of God and you're going to see the deliverance come. Let me tell you the old leaves is just going to fall off for itself amen. Sincere hearts the old things will just

past away and you'll see the new life coming by the grace of almighty God. Take God at his word amen. Amen.

All these things that we see just moving in moving in with rapidity and here the prophet is identifying these things. Elijah says was judgment coming into the land amen, before the judgment struck God sent a prophet, a type of the bride, into a secret place amen before the judgment and he preached **Spiritual Food In Due Season, Hidden Food Hidden From The World.** Jesus says I have meat that they don't know of. Is that right? While the vials is being poured out the seals is breaking to Elijah and he saw the seven thousand was going up but he saw the vials of God and the judgment striking the land in famine and different things. Famines and depression and war were destroying them completely. Is that right?

But where did it come from, from the mouth of the prophet. He says Ahab you the political system and Jezebel you the perverted church who controlling the politics all of you is going to perish the dogs will eat your flesh and destroy you. Elijah stood there and put it by his mouth came mercy and by his mouth came judgment because the judgment seat and the mercy seat is the same seat amen. Oh may we be grown up in the word now. May we not be playing with our little carnal church ideas but may we be walking in the center will of God knowing that he has come by the Revelation by the unveiling of his word amen. His will have been made plain, he didn't leave us to guess, and he didn't leave us to presume.

You go up. Moses say I preach to you the will of God, I preach to you the word of God, I bring to you the pillar of fire from the message and want to put that aside and go up with a another thought he say you go up and preach you will never have another victory. Is that right?

And Brother Branham preach **Presuming** venturing without scriptural authority. The bride will have thus saith he Lord or keep still. Is that right? Yes sir, let me tell you we have to stay in the centre of this word. We have to be grown up we have to be rugged to take the word say Lord I believe your word amen. Thank you for it Jesus amen. I see it in the word you know it cannot fail because let me tell you when you come to death's door and you trying to play your little tricks and you going along with your little

canal ideas, let me tell you you'll want reality then and the very thing that you play around all your life and you try to bend to make to fit you'll want to cast that aside to find the word because you know that is not real. Don't be trapped in your own folly. Don't be a victim of your own folly, no sir. Say God filter my thinking amen. Hallelujah! Renewing the spirit of my mind, let me put off the old man amen, Glory! Make me the kind of son you want me to be. Make me the kind of daughter you want me to be. The hour is here we are at the end in the last days amen. What else we want to see to know the prophet has brought thus saith the Lord, we should be convinced to know he brought thus saith the Lord then it would be an insane man to see and hear thus saith the Lord and don't want to line up with it.

Any man that know that's thus saith the Lord let me tell you, you want to walk in it just the way he said it and if your friend don't want to go that's your friend business. God call you amen.

Its an individual thing if you're a Gentile other wise go with Israel and wait for Moses and Elijah. Sure, but its an individual walk with God yes sir. You line up and get the word right not my brother, not my sister but it is me oh Lord in need of prayer amen.

Lining up in this great hour because you see what is coming in upon us amen and I've been taking this title **The Breach Between The Trumpet And The Vial** and I know some of you get some ideas and these ideas they have no foundation for and they kind of hold there concepts and it give then little battle with the word. How could you bring a breach here?

I saw the breach in Revelation chapter 5. Breach just means a gap. That's not a gap because in the book of Revelation is just a book of visions. It is not like a writer writing Matthew, Luke and John visions here, visions there it is the same things that was showing a first visions show back something else. I will show some of that back in the bible. Ezekiel saw the sealing angel coming. Is that right? Now, he foresaw Pentecost. The prophet says Ezekiel foresaw Pentecost. He saw a man with an inkhorn coming to mark them in their forehead. That's Pentecost. He saw the coming of the Holy Spirit and then he saw the coming of Titus, the slaughtering angel coming after the elect was seal.

Now Daniel saw the vision of the sanctuary being destroyed with a flood. The same coming of Titus. The people of the Prince

shall come and the sanctuary shall be destroyed with a flood but Daniel didn't see the sealing angels in his vision. You understand what I'm saying? He didn't see that part then when Jesus came he knew the sealing angel had to follow the Son of Man because he was the lamb and he came to make available the Holy Ghost. The Holy Ghost couldn't come without him releasing the life but Ezekiel didn't see that part. You understand what I'm saying?

So one seeing this part of the vision and God taking a particular part of that vision and showing it back there with something else. Many things Daniel saw Daniel saw the fourth kingdom: the legs of iron and going down to the ten toes but when John saw it, it was the same ten toes but over here now it is like ten crowns. Same ten kings. You understand what I'm saying? But it is the same things God is dealing with.

So the book is not like this if you're going to read it like this all the way along no. You see the book was meant to be interrupted by the rest of the bible. Everyone of these things there start in Genesis there and come all the way down and you always have to go back to the beginning of the book for it. So he brought that breach when he was preaching his message in 1965. I want to read back something here close to two years before the seven seals had open up and he had preach the seven church ages which is the first three chapters of Revelation then he had chapter 4 and 5 before he come to open the seals but he know that after that ages comes the seals but he couldn't just jump from the ages to the seals he had to explain chapter 4 and chapter 5 because it was put there between the ages and the seals for a purpose. See?

So he went there and he preached on that and that's why I was showing you on Sunday from the first trumpet to the seven trumpet was from Revelation 8 verse 7 to Revelation 11 verse 19 and that covered the seven trumpets but after Revelation 11 you had Revelation 12, 13 14, 15 and then you have the seven vials but out of the trumpets come the vials but you just can't jump to it like that you have to find out what it is because God who wrote the book, it is not John wrote it, he was just a scribe, it is the Revelation of Jesus Christ. The sealing of the last will and testament of Jesus Christ and it is written in a certain way so that it would not be understood by everybody. Is that right?

We don't want to go in all them background but I just want to put enough for some of you, you mightn't be hear and who would hear the tape it would help them okay.

So right inside of there it was put like that for a purpose and we find out that when he came of the message Revelation chapter 5 page 28 he says;

A few months ago we went and background a few days ago rather we went and background the 3<sup>rd</sup> chapter to the 4<sup>th</sup> chapter and now last Sunday we background the 4<sup>th</sup> chapter to the 5<sup>th</sup> chapter and now today we want to background the 5<sup>th</sup> and lay the foundation for the oncoming 6<sup>th</sup>.

Now why I'm doing this and reading this I'm trying to show you that was a pattern and to show you that when God come to go into something there is always the right way to go into it otherwise you would not understand and be able to put things together, and I believe the Holy Spirit is opening the way then it must be a way we can have confidence in that is a way that was used alright but remember the book begins in Revelation 1 and it unfolds and unfolds and unfolds until the whole book is opened wide before our wondering eyes alright.

Out of the ages comes the seals, out of the seals come the trumpet, out of the trumpet comes the vials and it is seal up by those seven thunders. Those seven thunders utters it voices is making this things like a Roman candle. Those seven thunders is bring out that Revelation what was hid in the book. Is that right?

Okay as I say this is like teaching a lot so we have to go slow in some places, we just have to kind of read in certain things but we want your undivided attention and I want you that to kind of read between these two chapters. Do it when you go home kind of get yourself familiar because when I stand up here and speak many times I just quote the scriptures but the thing is if you don't know in the bible what that is saying. You know if I say the mark of the beast which part of the bible is that in. Look down in the Old Testament it there but you wouldn't see mark of the beast alright. Remember these things are all through. We found out that Naomi coming back was trumpets. Is that right? We found that Elijah was seeing seals back there so it don't say trumpets and seals and church ages. We found Abraham's life was revealing the seven

church ages we find the gentile world being burnt was the six seal but it doesn't say that but it is hid in the book amen.

Well it is the same way all the vials was in the Old Testament. What's a vial? It is the wrath of God poured out it is his judgment because Vials is just a symbol word. Ages is just a symbol word see that God is putting it in symbol in the New Testament but really speaking of something but for us to understand. The symbol we have to go back and see what the type was, what it is speaking of then we can see what these things really means see like in over there in Revelation 13 Michael fight the dragon in heaven but it goes over in the Old Testament how art thou fallen from heaven oh Lucifer son of the morning. Same vision. Because thou said in thine heart. You understand what I'm saying? Cast down to the earth and then Jesus in the New Testament said I beheld Satan cast down like lightning from heaven alright.

So then we can look down and see then things come down in the book from the Old Testament so we can know it is correct. There is a way we can know that it is correct because all the word fits together you're not presuming because it must make one goal and purpose when it come together. You can put together what you want it is one goal and one purpose, it is a three fold secret but part is call Vials, part is called Seals, part is called Trumpets, part is called this but it is really one goal and one purpose.

Keep these simple things in your mind so we can just go free amen. You have been thought on these things. You have been established on these things. This is the type of ministry we have we should be familiar with many of these things already but I know it is necessary to background some of these things. We have a lot of new people coming in '84 and '85 since after '88 and the trumpets still have a lot of people coming in still. So I say some of these things for them so that they would know and be able to follow up after when they want to listen certain tapes to have a better understanding then they know what to ask for in the library, where to fill in the blank space in their mind to help them in their own personal study. You the general assembly should know and be established in these things alright.

So here when he had come to after he had finished the ages he had to come to the seals. So he explains Revelation chapter 4 and 5 so he came to the church. He says today my purpose is to set in

order the scriptures for maybe in the future I don't know when it will be but if the Lord provide some day to take the seven day meeting in the tabernacle on the seven seals.

This is 1961 June; seals didn't open until March '63 but here he know as a prophet that must come the seven angel message. He knows he was that seventh angel, see and he knows I must come to chapter 4 and 5 if I got to go to the seals because that's my message that's going to be coming. So he comes there a year and a half almost and says my purpose is to set in order the scriptures for when that time is coming that's why I'm taking this because the time is here and I must take it first and I don't know when it will be but if the Lord provide for me to have that meeting and it says we have had the seven church ages. Now, now we are going to take seven night and open the seven seals of God, opening a seal each night when it come down to the seven seals now I don't know when the Lord will provide that he says I'm just going to lay the background of it this morning and getting down to the last verses he says getting down to the last few verses of the scriptures we get to the seventy weeks of Daniel and you know that exactly how he preached it because from the 4<sup>th</sup> to the 19<sup>th</sup> chapter. First three chapters is the church age when it come to the fourth chapter thou it appear in the 19<sup>th</sup> chapter from the 4<sup>th</sup> to the 19<sup>th</sup> chapter God is dealing with the Jews. Is that right? Jews was given seventy weeks seventy weeks are determined.

Paul says there is a part left for Israel because Israel is blinded until the fullness of the gentiles. So we realize when Israel is blinded at the cross there they refused the Messiah. God begin to deal with the gentile for seven church ages out of the gentiles call a people for his name's sake. We have had seven church ages, seven church age messengers amen it is time for the bride to go off the scene. We see the last age is being blinded so the gospel could go out to the Jews the same way they was blinded for it to come to us and while the nation was blinded God was dealing with a handful of the elect. Peter and James and John and Paul and them. Is that right? They was seeing what the Holy Spirit was doing but Titus was getting ready his army to come and destroy the rest. Is that right? The same thing is happening right now God is not dealing with the whole world, he's dealing with the bride the elected ones who recognize what is happening. The Holy Spirit is getting them

ready amen and the army is getting ready to come and destroy the world to bring on the Third Woe exactly how it happen there is how it happen here. So we are at the end and since Israel had sixty-nine and a half weeks already completed, they only had three and a half weeks remain. Daniel 9 explains that.

So then we know then we are at a time when the bride is being pushed upward, that's why all this condition that is coming on the earth is not to get you all flusterated and scared no, its pushing you upward. You may find that you have to loosen up and let go a lot of things that you get familiar with, that you get to like that you get bound to down here and like God is shaking it up. Don't be bothered, don't cry and try to look back like Lot's wife amen. Move on with God. God will take care if you have to go on without a meal, don't vex and say you become a vagrant go on with three square meals is not eternal life amen.

If you have to wear two suit of clothes and having a wardrobe don't mean you're going to the wedding supper, make sure you have on the right robe so you won't get thrown out of the wedding supper; the robe on your soul, the robe on the word amen. Let me tell you be ready to abase sometime. Sometimes God wants to abase you and be ready for the abasing just be confident that you're in the will of God amen. That's your blessing don't be jealous that you don't have this and this one have this. Don't cry that you want this and that and you're going through all kind of fears and you're in the rat race forget that.

Say God you're shaking me down I thank you for it. I know you would never leave me amen. If that is what it means let me serve you amen. Let me hold my true testimony here stand just like when I have plenty amen, be matured in your belief don't serve God for bread and fish be a little more rugged than that amen.

Be a little more rugged than that, have confidence in what God said. God said I would never leave you. If your faith starts to shake and you food start to disappear it just shows what you have confidence in. Your confidence should be God is with you. You walking with God and that's no sign that God is with you or left you; lack of this and lack of that; once you're filling up with the word, once you're filling up with the Holy Spirit that's what is important amen.

Learn these things. Get it rooted down in your heart. Don't let it bypass you. A little shaking down is good you're going to come out with gold tried in the fire. Buy of me gold tried in the fire amen. A little purging is good, a little shaking is good, God puts us on an ash heap. The prophet says to bring us with a testimony I know Hallelujah! Glory! When you get on your ash heap don't be afraid and discouraged wait there.

You may not get no inspiration for a while but you know that your faith is in that sacrifice. God puts bibs in trouble mouth and harness it and control it to give you a testimony of; I know. Let me tell you you're in the rapture right now it is already going on. Where is the rapturing faith in the rapture? Where is the Revelation that we are in the rapture amen. Glory amen.

Elijah food went down too and then God lift him from there but he wasn't bawling and screaming God said I've already commanded the ravens to feed you Hallelujah! Amen, glory be the God in the highest. You're in the same kind of hour. You don't get scared for the real things you move right in there with God amen. You're eyes is on God. Many times our eyes is on so many natural things that God have to remove these things to get our eyes on him to realize everything come from him is good. He remove it sometimes it is just our pride that we feel embarrassed to come in an old shirt and old dress that's our pride. God have nothing to do with that amen.

New dress don't give you favour with God sure amen. Brother we have to get in the spirit to get real faith. God don't want make belief faith in this hour. My, my, my I tell you.

We are going to take the seven church ages. We are going to take seven nights a seals open each night till we come down, I don't know when it is. I'm laying the background of it this morning.

Then he went to preach Daniel seventy weeks at the end of Daniel seventy weeks amen that will bring the Pentecost jubilee that will bring the people in the last seal and we sitting ready for the lamb to open up the seals.

That's why I'm trying to take some of these things in here like those mysteries: Daniel in heaven, the woman in heaven, the dragon on the earth, the beast on the earth, the image of the beast, the three angel's messages all these things between there so when

we get to the vials there and I see the third angels message and God sign for the mark of the beast you know what is happening. If you don't get that you don't know what we are talking about it is put there to get you ready for when he step in there amen and we know the mark of the beast is going on all now. To reject the Holy Ghost the manifestation of the marking will come later on but is to reject the Holy Spirit then you need discernment remember I preach that message right there; **Sin Layeth At The Door** right in your mind. The gate is the sound where decisions are made where they accept or reject. Is that right? Where the Holy Spirit presented his word and the enemy presented his lie and Eve believed Satan's lie and Mary believes the angels' message. Is that right? Sure, right there they tied every word in this bible together.

And remember the seals are mysterious things. The book was seal it was in the back and seven seals have not been reveal in the book these things are not even written in the bible it wasn't written it was hid but if anybody can give an interpretation of it, it would have to compare with the rest of the bible and the same thing with these vials if any man give an interpretation of it, it would have to compare with the rest of the bible. Did the seven trumpets compare with the rest of the bible? Sure, throughout the entire bible it compared same way with this watch and see. Then page 760 and 761

He says now we find out then that in the first beginning of the chapter the 5<sup>th</sup> chapter is just like a tie block it is a diamond hitch.

I tell you the prophet had language.

He say that 5<sup>th</sup> chapter is a tie block well that is exactly what the 12 to 15 is - a tie block. It ties the two together. A block between the trumpet and the vials because he called it a breach. He called it a tie block. He called it a diamond hitch. He could have said diamond hitch between the ages and the seals but that sound too dramatic he could have say tie block you know it sound too crude so he said breached amen. Not too crude not too dramatic the breach alright see.

I'm using back the same words, I'm using back the same things because I have to walk the same path. The spirit says breach in the word so I'm saying breach but I'm trying to show you it's a tie block. It is a diamond hitch amen.

He says the last part of the church ages the 3<sup>rd</sup> chapter the 4<sup>th</sup> chapter tells what John was taken up into heaven 5<sup>th</sup> chapter is preparing for these where you went through the seven church ages. John lifted up in the 4<sup>th</sup> chapter and the 5<sup>th</sup> chapter he is just setting up a scene for the opening of the seven seals. That's all Revelation 15 is a scene being set. I beheld seven angels with seven golden vials with the wrath of God and all these different things. Then we have to find out what the seven angels was. What the temple is? What the wrath is? All these things we have to find to know what he is talking about alright and we took a lot of that the last time but as I said what I want to emphasize this time is God's character in judgment.

Oh he's a great God who come down in the form of man. God walk in a humble tent to talk to his prophet, they spit in God's face, God humbled himself God do all these things they laughed at him, they used his name to pull money from the people, they sent filth for him in the mail all these things his mercy. When we come here his eyes like a flame of fire his feet like fine brass there is a sharp sword coming from his mouth, its a voice of many waters when we come here they already have the time to repent because the prophet preached and the bride preached and they sin willfully because they had a knowledge of the truth but I'm trying to show you one place is the age but God is judging the world. God is judging nations. Is that right? God is judging churches. God is judging families, homes, God is judging individuals and we are trying to pick up all them vials that does come on individuals.

Vials that would pour out on the nations when one of them vials poured out back there in **Influence** it killed 20,000. Is that right? Sure, there is a temporary judgment every time a church age close. Vials pour out, sure exactly right. You get a Revelation for a real believer it more like chastisement sometimes amen but to the unbeliever who is unrepentant it would be to there destruction. The real believer he sees the truth he fall in it and repent you see.

But even in the very home father comes in there begins to reveal things to his children oh sure it's a seal; he's revealing things to them that was previously hidden from them but they didn't know that was in his mind alone that he had plan for them: I'll carry you all on vacation, we'll spend a week with you all and so and so. He's revealing it to them sure, things that he have, his

thoughts, he's thinking things that he wants for them, a blessing he has in store for them sure.

Then the time he comes home there he has to come in investigative judgment pull them aside find out who caused the trouble in the home, sometimes he have to lock them away in the house. Is that right? Some times he has to pour out a vial there and put some good spanking on them and display his wrath sure, it happens see always through the bible but it is all gathered up for the last great seven that is going to strike everybody that is not under that blood amen. What a time. What a time, may God take these things in this hour and drive it down in our hearts to such a place that we could realize how far up the road we are, where we are standing in the presence of almighty God and the things being spoken to us how responsible before God we ought to be and how he's expecting us as faithful and dedicated children that love him because he first loved them to carry out his will exactly and please him because that would be the desire of their heart amen. My!

That's what he did he said in the fifth chapter he's setting a scene for the opening of the seven seals just as he did in the first chapter of Revelation before he come in the first church ages God had a first chapter of Revelation. Is that right?

And that had to be reveal before you could understand the seven church ages. I'm alpha and omega, seven fold glory and all these things, seven stars in his right hand, seven candle sticks meant the seven church ages, seven star meant the seven messengers, all these things and each age he's the one with the white hair, he's the one with this, if we didn't have that first chapter you couldn't go into it. Same way if you didn't have Genesis 4 and 5 you couldn't go in the seals same way. I'm saying if you didn't have this 12 to 15 you can't go into the vials. See?

He look upon as a Jasper and Sardis prepared for those seven church ages. He's preparing for the seven church ages. Can't you see him tonight preparing for the seven vials? Could you really see him there? Sort of a total eclipse in the sky. Total black out and everything there. You sit down right there around the prophet of God wasn't no body I've heard a lot of brothers come to the church and different things see and here we come all of a sudden boom! The handwriting on the wall they moved into total blackness. Hear the prophet, the voice in this generation, Babylon is fallen amen.

Sure also have a mystery Babylon and all these things. Look what is happening. Doom is gone, see right there he's talking about the vials and you know what the vials is? Judgment upon the beast of this kingdom. Mystery Babylon. Nimrod and his state. That's what it is. Lucifer in his Eden. The God of this evil age Satan's Eden with all the souls in prison who reject the blood exactly. You're going to see these things. We went through that many many times but this is a little way.

Now he's preparing for the opening of those seven seals of redemption

See what the fifth chapter is? That's the reason I kind of read it and then take it from there and talk on it and give the other part of the scripture that's what I'm doing.

It's because it isn't verse by verse something's that's happening. And that's why these things here I'm trying to pick it up in bits and pieces just to through out that. I took part there Revelation chapter 12 is part of the breach, I'm taking Revelation 13 which is part of the same breach okay and we'll pick up part of Revelation 14 and 15 which is part of the same breach because when we get to the vials we are going to have to come back there to see because the first vial he's pouring out that vial on the earth. The second vial he's pouring it out on the sea, third vial he's pouring it out on the fountains and the waters, fourth vials he's pouring it out on the sun exactly what it was back under the trumpets but there was three woes in the trumpets woe woe woe, three birth pains this earth went through to bring a new earth. Is that right?

But under there we find out they was working in science and war and different things building up their Eden. Under the vials he's not building up his Eden he was reigning over his Eden. He wasn't now a spirit in the bottomless pit he was the beast who ascend out of the bottomless pit, the devil incarnate the man of sin himself he's in flesh now he's in his kingdom with all his angels in flesh. You understand what I'm saying? Two wars have already gone but now they're in the third woe, the third birth pain so it comes back to the earth, the sea, the rivers and the atmosphere because why? It comes back to the third birth pain on the same earth to renew, to purify that Eden for the new millennium.

After the vials is the millennium, Armageddon to the tribulation. Have nothing between there I'll show you how 17 18 and 19 in Revelation is also under Revelation 16. God help me with the next half hour before we close to cover Revelation 12 to Revelation 19 and show you the tie block and Revelation 16 is really the vials because it just give you the history of the Catholic Church it shows how it controls the economy of the world. It shows how God destroys that but it already tells you he destroying her under the vials but you don't know who it is.

It just says the beast and his kingdom but it tells you here now where that kingdom is. All the kings of the earth, all the merchants that trade by the sea, all these people here that she had that's where her wealth went. She was decked with jewels in one place but it let you know a little further of what it is now see amen. May God help us. I just pray you sit down there just pray I sit down watching that first vial there and watch and watch and saying how on earth am I going to preach that. This isn't one message I'm coming up there telling brother Ken, this is about five messages to put this thing right. To put that first vial and then from there it wouldn't be basically from vial by vial because I have to take up the whole environment. I have to come and pick up the earth, the sea because it is the whole earth and the inhabitants of the earth again.

You see under the trumpets they destroyed the earth. Under the vials he's destroying them who destroyed the earth. You understand what I'm saying? Sure, so when we get there you're going to see that I don't want to just kind of go all different places here because I already know what I'm going to be preaching Sunday. This just wants to jump out here see. I just have to have a little temperance amen.

He says because of the preparation you're ready for it and that's the way by faith and everything else, this is a whole step of faith here. I just see it believe it and Saturday night there it dawned on me look the breach between the trumpet and the vials, take that there and start here because that is going to open up this and that's the way you're suppose to go to it. The bridge that trumpet to go to the vials because the trumpet ends Revelation 19 and the seventh one was the millennium. The kingdom of this world become the Lord and his Christ so it means all those vials is

somewhere inside of there because the seven trumpets ends with the millennium. See that? But right before Revelation 11:15 is Revelation 14 behold the third woe cometh quickly. Armageddon what's that? The battle that started in heaven ends up on the earth can't you see the Holy Spirit come and give us all them messages on the three battle grounds and all them things talking of a heaven, speaking of the human mind and now he's bringing it to the last battle ground.

Right there we're catching the seven vials I mean by a spiritual discernment you can see that's a perfect leading of the Holy Spirit. The word is so straight and so timely and so direct. I mean who else could plan it or think it but God. That's why I say never fuss, never struggle, just walk. You don't understand? Just walk. You have nothing to say just whistle and sing amen. He's going to put it in your mouth before you say it. Don't struggle and wrestle with nothing because he promise to do it. It don't come him that willeth and him that runeth, it don't come by your might or power it come by my spirit saith the Lord and you apply that with anything in your life. It's not a principle, you're walking by faith trusting God going on his merit and his grace. He says he's going to give it to you, before you even know it have that as a promise, before you even recognized you had a need for it he has already said he's going to give it to you and die for you and secure it.

So what you're fussing about? Just do what he tells you do. Obey him and you're not going to miss nothing. In your mind here you start to compete because you missing this, you go miss this and you're have to try hard because you have to do this. No! Just surrender, just let go and keep walking with a desire to please him and he's going to take care of everything because in any case you're not going to watching that amen.

See? So I thought I would lay that in there I want another quote with that because that tie block. He found a tie block, a diamond hitch between that ages and the seals and the same way with this vial here and that is absolutely necessary and when Brother Branham preached **Future Home** and remember we had a whole series on **Future Home** right here baptism of the Holy Ghost, new heaven and new earth new city and new heaven and new earth and all those great things that God come and show to us out of that message **Future Home** where he speak to us.

“said am the brother asked Billy Paul about his testimony if you understood what I preached Billy not so I understood what you preached and when God open up those things to us we found out why nobody didn’t understand what he says because look what he’s talking about and people’s mind was fifteen miles around the tabernacle and they start to move in Jeffersonville looking for the millennium and he was a million miles from talking that. He even give an illustration of what it was going to be like and he was really talking about the plan of redemption to bring a new earth. Right? To bring a new heaven first a new soul. Is that right? Then a new body then a new city the theophany in that new earth that’s what he’s talking about and a baptism of the holy ghost on the 8<sup>th</sup> day which is this very message that brings the new earth amen.

And on that message when he struck that message he achieve something and he says I’ve been tell you on page 4 about the time past on the seven seals and seven ages things that have been taking place now this morning. I have a very important subject to me it’s a blessed one and I hope it strikes you the same way. If I can only give it in the inspiration I receive it in it would be wonderful but that would be up to God to do that. See? Many times you get things to really say it the way you get it if the person hadn’t been brought the way God brought you, many times they can’t appreciate the way you appreciate it because when it comes to you it comes as a series of experiences leading up to that. When they’re hearing it their experience might be somewhere else. You understand? So when he got this message he say it would be up to the holy spirit to give you the inspiration that he give it to me in. He says but I’ve being telling you where and what happening we see all these things taking place he had preach **Shalom, God In His Word** and all them things come up there he says now I’m speaking this morning on the **Future Home Of The Heavenly Bridegroom And Heavenly Bride**. Where they are going to live and I trust by God’s grace we would all be part of his great economy. Then he says now for this great subject I would take my time on this because I have to bring in many things, it would take weeks but I wrote down some scriptures and some notes just to hit the highlights of it where it would let you study.

That’s what we are trying to do. To let you study a lot of these things and when you study and the word begin to preach it is going

to explode in your heart, you're going to see it he says if the Lord willing maybe in October (this was in August '54) I don't know when but whenever he'll provide I'll like to have a few days of just constant meeting on the 12<sup>th</sup> chapter of Revelation to tie in with this here. See?

He had seen something in Revelation 12 that ties in with Future Home. Now Revelation 12 is Lucifer up in heaven who desire to build his own Eden too and how he builds his Eden for 6000 years. This is just the perversion of God's Eden because in **Future Home** he's dealing with the earth being redeemed through water, blood and fire because the reason it need redemption because the earth fell when man fell and it is Satan that caused man's fall and begin to build his own Eden and when the fire comes God is really moving the cosmos, removing Satan's Eden not annihilating the earth. You understand that?

So when he broke into that he says I must take Revelation 12 this will never be what it is suppose to be if you don't see Revelation 12 then you'll understand how Satan get your life deform, your life, that it is going to take the baptism of fire to transform your life that's deform.

And remember we took that here with all the trees and all the hair and all the earth. Is that right? Being deform and all these things. Sure we took it went through all that.

Then he says I'll like to take this constant meeting on Revelation 12 and I want you to see the Holy Spirit knowing it was the spirit in the heart of the prophet wanting to have these meetings though he never came and brought it out the way he would like but it is laying there for the five fold ministry to take it up and polish up these things and show you what is laying there.

He says oh I believe it would be great to see how it is done. Now in page 9... and not knowing the time the Lord Jesus would appear I thought it would be good if it is pleasing to the Holy Spirit that we speak on this then and come back to it again two or three times on Future Home.

He says we should come back to it two or three times and he did in **God In This Evil Age, Satan's Eden, God's Power To Transform** you see him bringing up those things over and over.

Remember we took a tape service and we studied it for three services **Power Of Transformation** and we took that earth how it

is deform, how it is being transformed and he took it with this earth also and show the same thing that's happening.

I won't have quite ample time to get all this out and when you hit a subject you might be stumbling to someone you can't carry it all the way out to make it plain then you come back and catch the next subject and then later on if the Lord willing when we come into the 12<sup>th</sup> chapter of Revelation which lays in the coming of the Lord and the end of the seven trumpets and so forth.

See he had just finish preaching **Feast Of The Trumpets July Recognizing You Days And Your Message** then he come over into August and preached **Future Home** and in **Future Home** he says now he says Revelation 12, I want to get that to you Lucifer was in heaven all these things and if you notice he says that is laying between the coming of the Lord and the beginning of the trumpets exactly. So he just says it different back to front because Revelation 11 is the end of the trumpets Revelation 19 is the coming of the Lord to bring the new Eden and Revelation 12 deals with Satan right there how he was in heaven. Revelation 13 he's in his Eden on the earth.

So from Revelation 12 to Revelation 13 is eons. You understand what I'm saying? From the battle up in heaven to when he was cast down in earth is so much years or billion that was then 6000 years you add that to this time when he's building Satan's Eden now getting ready to be enthroned as God.

So Revelation 12 is Lucifer with his five I wills in heaven trying to overthrow Michael's kingdom. Revelation 13 is Lucifer in his Eden ruling over his subjects. He's not the antichrist spirit, he's not called false prophet, he's called beast and that was the trinity of the devil. Is that right? When he becomes incarnate in flesh which is really Nimrod in Babylon in the world still because there is a mystery in Babylon and a mystery in Nimrod everything is unnamed so watch all them things as we had got them messages from the Holy Spirit thus coming into this. Watch.

Revelation 14. What it is Armageddon? The reaper coming to reap the earth, the wine press destroying that entire system all those things. We had that message in the library, we played it many times I start to preach to you the day before what it is. It is the battle that started in heaven Revelation 12 ends up in Revelation 14 because Armageddon is in Revelation 11 the third

woe cometh quickly. Armageddon is in Revelation 14. Armageddon is in Revelation 16. Armageddon is in Revelation 19. Armageddon is in Daniel 19 the rocks smiting the toes is that Armageddon all the time and Armageddon always follows the third angel's message. Sure Revelation 10 the third angel's message. Revelation 11:14 Armageddon 14:9 to 11 the third angel's message. Revelation 14:14 to 20 Armageddon amen. Sure Revelation 18:4 the third angel's message. Revelation 19 Armageddon, Armageddon follows because that angel comes between World War II and World War III. He comes to pull the bride out before a bomb falls. I'll send Elijah before the earth burns as an oven.

Let me tell you the supreme faith that you can have in this message seeing where we are sitting, seeing what is coming, seeing that they are going to destroy themselves as in the days of Noah but the grace of God comes to a prophet to pull you out that you wouldn't be atomic fodder. Like he pull Abraham out before the Gentile world was burnt with fire and Abraham was changed just exactly what God promised us in this hour where we living in.

If our soul could only stay in that place where God can talk to us and keep feeding us the hidden food, the divine revelation of this word, let me tell you, we walk with him daily not just come to church on Wednesdays, Sundays and Thursdays we walk with him daily. It is just God's love towards us coming in the form of a humble prophet begin to pull us out being reveal to what was coming, begin to show us he has already provided, know our fears, know how we are so prone.

When it begins to get dark don't you fear there will be a man here that could turn on the light for you amen. He wouldn't let nothing happen to you that great Holy Spirit it is like the bigger brother was comforting the little sister when he was preaching the message to us letting us know everything will be alright. He got the word, he got the assurance, he says my hand is on the chief engineer right here amen that pillar of fire. You see? He's going to move you in secret place you're going to fed on the hidden food. He'll take care of you in the time of draught in the world but he'll take care of you you'll have something to eat it wouldn't be famine for bread and water alone but for the hearing of the true word. You'll be able to come in the presence of God. Feel the presence

of God, be filled with the presence of God and walk with your faith growing and coming into a perfect faith. While people are going into religion and getting more and more worldly everyday, while they getting all kind of bingos and bongos and parties and this and that and the other and you will be walking into a new body because there will be a word that you can feed on that can bring you into a new body.

What was that? God's provision thinking about you while you was out in the world. He had it all stored up. He was storing it up when you was in the world looking for rubbish in garbage pans amen. No wonder the wrath of God will be divine when people spurn that kind of mercy. When man walk away from that kind of correction of the word, when man refuse the divine leadership to walk in their own imaginations, no wonder the wrath will be divine they would be without excuse amen.

He say we come back there and take the 12<sup>th</sup> chapter of Revelation the coming of the Lord and the end of the trumpets and so forth, he's trying to bring that back to show Satan what he did, where he come from, what is his purpose, how the great deceit he cause, that was what cause his fall his deceit cause his fall in beauty the same. Why? We find out who is Satan. One: what he did. Two: where he come from. Three: what's his purpose for. Five: how his great beauty that caused his fall and in **God In This Evil Age, Satan's Eden, God's Power To Transform, And Knoweth It Not** them messages there he goes right into it and he goes back into heaven how Satan wanted to build a kingdom more beautiful than Michael's own. How he come down in the earth through the serpent, through the human race, how he came to work in science he begin to build up his own kingdom. Is that right?

Comes back through Nimrod after the flood, begins to build this great cities and these things right down until this day destroyed the earth and hell is created on the earth now. It is all there he brought it out for us on page 25 if you take that and compare it with **Satan's Eden** you see where he says he referred right back to his message.

I said remember when I preached on those things I told you I was going to bring that in here and all those things because the accuracy of the Holy Spirit knowing that every vitamin of the word had to placed in and reveal and lay in the message everything

that we would need to grow into the full word that we would not be caught here unaware of what was happening. We would be able to have it laying there because he says by a commission I'm storing this up. He says I'm standing there anointed with the Holy Spirit for him to show me which one of these mysteries to open up. He was staying there under the leadership of the spirit and God was showing him open this up, open that up, open up this, open up that and it is all being stored away. He says and when that begin to grow in you you find that there is a crave and if you're craving things and them ministers is going to find it right there in the word already stored up waiting for you and begin to bring the spiritual food in due season, that hidden food to you that you can feed upon it and have something to eat in that hour.

That's why it is one of the most precious things for us is to have this word to sit in the presence of it because this is word the Revelation of Jesus Christ. It is he who come down from heaven, he is the bread of life itself, he who come down from heaven is the bread of life himself and that's the one you're feeding on not on a man but the unfailing body word and that message **The Shout** was the living bread of life to gather the bride together.

He says on **The Rapture** page 27 what it is to feed upon. Oh you hunger for it, labor for meat that is perishable that's his word. Labor to enter that land where you eat the old corn and no the little manna that get rotten as you put it in your mouth, cross over Jordon to get in there and begin to feed upon the mature word amen, that is going to give you strength to stand in this hour. Stand there as an overcomer amen, hold a testimony, have a testimony that you please God before you're translated amen.

So the word breach means a gap. After nine I'm getting ready to close, promise you and I'm going to stay with that don't want to be long, I just want to be right there put the word in.

Breach means a gap. Between the ages and the seals had a gap and here we find that it had many gaps in the bible and I told you also there is also intervals because he says Revelation 7 was an interval between the 6 and 7 seal.

What we found was an interval between the 6 and 7 age before had an interval between the 6 and 7 seal, the 6 and 7 trumpets, the 6 and 7 vials. So interval.... the age just keeps on going, trumpets keeps on going, the vials keeps on going but then these tie blocks

now is put here to hold things together. One holding the age and the seals, one holding the trumpets and the vials so on. Okay and since we come to these seven trumpets as I say we went in a very deep way and we knew he was going to come here and pick up the seven vials because back in '84 we was mainly proving that those vials was not Moses and Elijah, it was the ministry of the seven church age angels.

So when we come back to that first vial we'll pick back up Paul again because he is the one that preach the ministry of iniquity is already at work and when he comes to pick up his resurrected body at the last trumpet you know what is going to happen when the bride goes up? Satan will come to be incarnate to fulfill what Paul says. He will see this whole age reject his message that is going to judge the world. The world will be judge by my gospel and Malachi 4 says I preached what Paul preached. He was sent to restore, to bring back original apostolic faith.

Paul says my gospel judge the secrets of the hearts of men and that was the very word that come and discern the very hearts of them by the Revelation of Jesus Christ; quick and sharp and more powerful.

Hebrews 4:12 the word made flesh amen watch all those things how we are going to get all those things. It is very tremendous when we go into it all these things when we take Revelation maybe I should just read another scripture for you another bits and pieces here Revelation 14

Now Revelation 14: 1 to 5 is dealing with the 144,000 and I won't take that part because it deals with the name written in the forehead I'll pick it up later on because that's the seal of God you see. Revelation 7:2 they being seal in their forehead Revelation 14 they have a name written in their forehead and when we come to the mark of the beast we have to pick up the seal of God so I'll be able to get that but I want to touch something here which would be very good for us to read part of the same breach, part of the same tie block, the diamond hitch Revelation 14 verse 6

*And I saw angel flying in the midst of heaven  
having the everlasting gospel to preach unto them  
that dwell on the earth and to every man every  
nation and kindred tongue and people saying with a*

*loud voice fear God and give glory to him for the hour of his judgment is come*

Watch this now

*And worship him that made heaven and earth and the sea and the fountain of water and his judgment is going to judge them who destroyed the heavens the earth the seas and the fountains of waters*

That's them four things under the trumpets, that's them same four things under the vials but the judgment is going to come. Watch them four things right there again you'll see how it comes right back in the first four vials them four things come right there because God is destroying them who destroys his earth. Alright.

*The hour of his judgment is come*

There is an hour when his judgment is going to come. The hour comes first and the judgment will be in that hour like in the day of vengeance. Is that right? The acceptable day of the Lord that's the day of vengeance and then we find even before the hour came before he went in judgment he comes down in investigating judgment. Just like in the garden he came down why have you done this? Have you eaten from the tree? He ain't come down and started judgment left and right, no he investigate then he says you are curse. You'll go on your belly.

So out of that bring forth curse be the earth. Is that right? Then with Cain when he killed Abel he comes down again where is thy brother? He knew but he comes down in investigation. Revelation 18 come down in investigation judgment. Revelation 10, Genesis 18 rather Genesis 11 when they was building Babel he goes down and see again investigation always then judgment and that's why when that cloud turn it was showing we are in a time of investigation judgment but there has been a lingering time, the long suffering of God waiting all these years waiting, waiting all these years and may you who have sit there and take a lot for granted may through these messages you see the divine grace and mercy that was yours and see if in your heart you're appreciating it. See if after that kind of mercy with this kind of judgment that was coming behind if you had obey his word and made ready because you're so thankful of what he did for you and if not just in

your heart repent before him. Always may he find a repenting heart when you recognized that you're wrong amen.

Then the next verse 8 we find another angel...

*Babylon is fallen is fallen that great city because she made all nations drink of the wine of the wrath of her fornication.*

From those who destroyed the earth and all these things Babylon see where it come from exactly that serpent seed start through Eve came out through Cain false worship it come to its fullness in Nimrod when he build the tower of Babel because that where Satanic religion had its origin on the earth amen. It was actually a worship of Satan Cain was ignorantly worshipping the devil thinking he was worshipping God was corrected and he refused to do it. Is that right? Sure but then back there they was rebelling against God's word, fed up of there own system the God came down and destroyed it and the same way like in Paul where he says as the serpent beguiled Eve so I fear these beguile you the Corinthians.

II Corinthians 11 the second Eve now the Eve from the second Adam. Is that right? The niculations coming to deceive her then it ends up into what Thyatira age mystery Babylon. Is that right? Sure to bring the whole world under Roman power until today look what is happening.

So he says here,

*Babylon is fallen is fallen because she had made all nations the kingdom of this world drink of the wine and the wrath of her fornication and the third angel follow them saying with a loud voice if any man worship the beast and his image and received his mark.*

Now the first time that this is mention in the bible is in the book of Revelation. Revelation 13 see 13, 15 and 16 where he picking up the image of the beast, where you pick up the mark of the beast, where it speaks the number of the beast it is the first time in the book of Revelation it is mentioned and it is mentioned right in that tie block, right in that breach it comes up but the mark of the beast started in Genesis. It started in Genesis we are going to pick it up there on Sunday. It started in Genesis because the first person vials was being poured on men who worship the beast and bowed

down to its image but God never judge man without first warning him. Is that right?

God never ever done it. God never judge without warning. He says the day you eat you shall surely die told him back there. Is that right? He told Cain sin lieth at the door do like your brother. Is that right? They came up in the land in the time of Moses at kadesh barneah say I've come to the knowledge of the truth they saw the land was a good land and they refused to believe it. Is that right? And then they reject it and then their punishment followed after.

After the rejection of the word always come the punishment. What is the vials? The punishment that follow the rejection. The mercy. What was the mercy? The seven seals God so loved the world that he gave his only begotten son, the son of man to be revealed to the gentiles in the last days amen. God rich in mercy coming down, plan of redemption being reveal, the seven seals, the blood of Jesus Christ speaking better things. **What Shall We Do With This Jesus Called Christ** the blood is upon your hand. Is that right? They burn it mercy sent by a prophet then the punishment comes afterwards the wrath of God is full mercy exactly but here, here it is mentioned again a second time now by this angel is warning them first it says what it was it was Lucifer up in heaven who was the great red dragon come down on the earth had his own kingdom set down his mark. Is that right?

But here was an angel warning you about that mark and then under the first vials you see they being judged for it. Why are they being judged for it? They never listened to this angel that's why they end up there because they never listened to this angel. God never judges a man without warning him first and here is the warning coming. Can't you realize what you've being sitting under? You understand what I'm saying Sunday? When the word come to people and warn them and warn them and talk to them and they don't give heed to it then they reject the warning of the spirit then they go into trouble and God let them go into there because he cannot bless them for their disobedience. He pours out a vial upon them sickness is upon them put them on a bed of affliction or something else sure because they refuse mercy they refuse correction.

Look at Uzziah end up a leper in the leper house when the priest talk to him sure. Look at David after he went and sin there and Nathan says watch what is going to happen to you sure it always come those that of God they repent and get back right with God but these here watch when the vials was poured on them was blaspheme God done sin away their day of grace already in a hideous condition.

Brother let me tell you it is so serious the hour we are living in where we are sitting seeing the word of God that have being laying here to be delivered since 1963 and we are in 1989 to get us ready. The spirit of God screaming out on them tapes and here it is in this late hour when God is looking to take his bride of the earth so many people who have been around for so many years, when Rahab heard one message and she got that token on display, her house was marked and death could not touch that house the Holy Spirit forbid the slaughtering angels touch not them who have not the seal of God. Watch under them trumpets. Is that right? Touch not my anointed touch not where the blood is applied it showed they have obeyed the word of God. I promise I'd preserve them amen leave your hand off them but slay everything else. All God is watching and expecting his own covenant all through the bible

Any man worship the beast look at the warning of the spirit this angel is warning with a loud voice. A loud voice it rocked all Laodecia it rocked all 969 denominations, it is still echoing in the earth that angel come with a strong voice Babylon is fallen another voice cry out come out of her my people. Is that right? Sure that's the message right there. The hour of this Babylon is fallen that's where the judgment is going to come on Babylon, mystery Babylon who corrupt the whole earth. Is that right? Sure and who has the mark and who is worshipping the devil, lovers of pleasures more than lovers of God having pleasure in unrighteousness rather than the reveal word, any man worship the image and receive his word in their foreheads or in his hand. Some men ain't want to take it in the forehead but may take it in the hand. You understand what I'm saying? Oh they may know better sit here and being thought the truth what the beast is what it is, what denomination is but Esau that fornicator sell his birthright for a morsel of meat.

You understand what I'm saying? Look for a place of repentance and they couldn't find one.

The same shall drink of the wine of the wrath of God which is poured out without mixture into the cup of his indignation.

And what is that? Those seven vials. The wine of the wrath of God being poured out without mixture into the cup of his indignation.

*And he shall be tormented with fire and brimstone in the presence of the holy angels and in the presence of the lamb.*

And the lamb is Revelation 19 because the holy angels to pour out the fierceness of his wrath all them seven angels who stood there and brought mercy to every age because that's where the throne of mercy was in them messengers. Is that right? The Holy Spirit the voice of the blood in every age. *He that have an ear to hear what the spirit is saying to the church* and the Revelation is coming to one man for the age. Is that right?

*And unto the angel of the church I am he who have the seven stars in my right hand.*

One man with the angel and the ear he that have an ear to hear what the spirit is saying and they was calling the names in the book and that system started there. The mystery of iniquity is already at work and Paul says in the last days it would become the incarnate devil sitting there and the Lord shall descend when the bridegroom is coming II Thessalonians. Is that right? When he is being reveal in heaven and the day of vengeance and all these things is going to come and his name shall be glorified then Paul comes back to pick up his body that is here again on the earth. What a thing you think you'd be surprised you can't preach that if you preach it is out of the book of Daniel because Paul in I Thessalonians before the book of Revelation was even written saw Daniel 12:10 to 12 because Daniel 10 to 12 is the seven thunders where the mighty angels come with the open book to deliver the names and he comes to us first and then to them sure. Paul saw it Daniel 10 to 12 is Revelation 10 exactly. They saw it that's why Paul says he says remember when I was here I told you those things them Thessalonians and about the man of sin shall be reveal in this time where is it coming from the book of Daniel: the fourth beast, the

fourth kingdom, mystery Babylon all these things we have being taking these past services.

*...and the smoke of their torment ascended forever and ever and they have no rest day or night who worship the beast*

And we know what that is, that's why we are in that message and his image that's why we won't be pressured in no circumstances if we have to walk the street as a vagrant and die on the street. If God bid it so we would rather it go down that way than to go on for bread and butter and sell out our soul because we know we are going to come up in the resurrection. Revelation 20 and 4 says and them who was beheaded for the witness of Jesus and them who didn't worship the mark and who didn't worship the beast was with him in that resurrection but the rest of the dead live not for a thousand years sure.

Where was that being uncovered to us in this age? This message reveal the mystery of those things to us. He said that rider there look at him going there he's an antichrist spirit coming in the false prophet, now he's coming in the beast he says set down his mark then he says that imagine is the world council of churches and that didn't start until 1948 if you remember my message here on the third angel message when I preached that show what that was.

*...and whosoever receive the mark of his name here is the patience of the saints here are they that keep the commandments of God and the faith of Jesus*

Right here it is. Right here are they you have this Revelation. You have patience the word you're receiving tonight try me by the word oh Lord. You have the faith of Jesus right here knowing God's word will never never never fall to the ground its being spoken thus saith the lord. That pillar of fire is hanging there not just to show supernatural light it came for vindication, the earthly messenger was sent by the heavenly messenger behold I send you Elijah Is that right?

And that message is going to turn you heart back from all false worship. Like when Elijah called from Bialial repair the altar and bring them back from the original faith of the fathers it is going to bring us right back, repair the altar for the evening sacrifice exactly

right. Ahab and to be like thee the land all those things happening over and over we can go into the word and see that we are sitting here by the grace of grace of God under the Revelation of the hour that came to us by a prophet of God. A holy prophet that was vindicated by the pillar of fire with a message to pull a bride out. May we be pulled out from all contrary thing, all the world of sin, our own ideas, our own ambitions, all worldliness and may be pulled by the third pull into a perfect faith amen. Hallelujah!

And I took a little part there to show you that third angel message and when you go home you read the rest Revelation 14:14 to 20 Armageddon and Revelation 15 is setting the scene for the vials amen, so Sunday morning we are going to pick up the first vial I tell you we are going to get back I'm trying to remember as much as I could where I left out spaces here but this is just setting to show you the breach between the trumpet and the vials it is put there for a purpose amen. And those things is necessary to understand these seven vials it is the tie block it ties the trumpet and the vials together and when we come to those seven vials that earth is going to take us back to Genesis when the earth was created that seed is going to take us back to Genesis when that seed was created that river is going to take us back to Genesis when it was created it goes right back to that faith civilization because the vials is seen on the earth to bring that back exactly right.

Then that mark of the beast that I tell you we don't have time tonight but Sunday morning so try and pray over the weekend as I say I asked you last week faithfully do what you have to do. Get your things planed don't go haphazardly you know you see the Holy Spirit call you for you have a little washing to do, do your washing early don't keep it back get up extra do the work in the house all these things that you need to get done get it sorted out by the grace of God that we can come in here early we want to start exactly at seven o'clock by 7:30 or 7:25 if I can come to the pulpit right away by 9 o'clock in the night where we can finish, Wednesday, Thursday, Friday we have those services there. Start Sunday morning Wednesday, Thursday, Friday and then we finish Sunday morning because that's about the time I would have that would be five services and in these five service we can capture real long we had seven trumpets in four services right cover it off it was long services but here we have to get maybe a second portion.

We can get it after I come back that two weeks after that but right in here we just want to pour this in here to show the hour.

Oh how necessary it is to have the token on display because way back in 1984 I told you is it two things the token and souls that are in prison, redemption and judgment, those who were under the blood and those who were outside the blood, souls that are in prison is those who are outside under the wrath of God, the token is those who were under the mercy of God that entered in amen.

That's exactly where it stands tonight it don't stand no other way and that's why when we see all these horrible things horrible things moving in how we want to be ready. You watch and see when this things start to come out you're going to realize so much right now.

Jezebel was doomed that day when Elijah said the dogs shall eat Jezebel bones and these things. She didn't die until years after. When Elijah put judgment on Ahab he didn't die until years after and the people of this generation let me tell you they don't have much longer because as soon as the bride goes up it is a matter of 3 ½ years for Moses and Elijah and those gentiles will look so powerful on the earth until Moses and Elijah comes because they are going to have the system well organized. Every body have they job, everybody have they way they was going to get different things and they have they worldly security and these things and they think you know everything is alright you know they being little smart some of them trapped into it they don't know what is going on foolish virgins who hang around will be hunted down like dogs and it will be a persecution like it was back there in pagan Rome.

They are going to slaughter them, they have to seal their testimony with their blood. The dragon spill water out of its mouth make war with the remnant of the woman's seed. Is that what it says? The devil comes down but he knows he has a short time sure just exactly remember when we took that while Solomon was there being crowned Adonijah was making himself king on the earth and when they heard the shout in the valley of grace. See? Then it says what is that if Solomon is crowned king and every man start to scamper and Solomon was coming there with the sword to smite every one of them executes judgment. The hour of his judgment is come.

When we hit these vials is not the hour of his judgment it not investigative judgment that finished too this is now God executing divine judgment. I wonder if we understood how we have been coming from the time that cloud turn every message that was preached since that cloud turned you watch and see what it was, 1<sup>st</sup> one was **It Is The Rising Of The Sun, Quickening Power, The Resurrection, He's Come To Judge The Quick And The Dead** just like Daniel 7 the books was opened. When he opened them seven seals there the names was being called those who are going to have part of that first resurrection then from there he went on and preach **Does God Change His Mind About His Word** and then he started on the series **One In A Million** right on to the end of **Choosing A Bride** and at the end of **Choosing A Bride, The Wrath Of God** belched out all those Los Angeles, Los Angeles city of angels on that message half an hour he didn't know what he was saying and judgment was pouring out of the throne of God pronouncing judgment on that west coast and then he went to Africa and he came back and he said I'm definitely lead to start with these seven vials and he started with a shame as I always told you a shame to communion and in all those messages is under that since that cloud had turned showing judgment was coming he begin to bring in those trumpets those vials and thunders and was tying them together to follow ages and the seals.

Many people never saw it was that he did but God by divine grace let us see it was that he did and brought the revelation to prove it was that he did and then here when these things follow there it was the sign of the end of the world. sirs could it be my brethren all these is happening it is going to past right through the people except they have the token to examine it, it will past right through them. Take a little time and examine it. What does it mean?

Oh it is not that late you're trying to scare us brother Vin. You just trying for us to come to service on time, you know be a little better and these things but you don't really mean all that. Well then I'm the biggest hypocrite there is I mean that from the bottom of my heart because when I see God's prophet way back in 1957 the second coming of the Lord 1958 **Handwriting On The Wall** all them different things bringing them things here 1962 **Sirs Is This The Time** 1963 **Souls In Prison** scream out oh Lord have

mercy my family ain't saved yet Lord. 1964 throw the rock up on the mountain and all those things 1965 turn the cloud we don't mean that in 1989?

We are going to start that first vial the Revelation of the seven vial, we are going to start that first one there right Sunday morning and may you pray and may I pray and may God in his grace come down amongst us and make it so real in our hearts the hour that we are living in and as we recognize his mercy towards us while we still have it passing through and fading out as brother Branham says get a hold of that life line tied to your souls. Get your soul washed in the blood come up right before God. If he was a prophet and you come out of his family don't have your children wandering around all over you get right inside of there oh God my children are not saved they don't have the Holy Ghost you get out there too.

It wasn't emotion have them doing that it was revelation have them doing that and you have revelation the same way and it puts your heart in the same condition. Wouldn't it make the same behavior? Sure it would. See that's why with these things you don't want to be fussing. You want to be adults husbands and wife sit down and say you know we always disagree we always carrying on this way let's done these things honey you know I feel God is speaking to my heart. I want to really get right before God. I don't want nothing to stand between us you know get the children there when you play with them get in the place where God can move in your homes where you know you're marked you're sealed away.

His sign of ownership of a finished work is put upon you not trying to block your subconscious.

Oh Billy you're too good a Christian you know you know the words real good you ain't lost eh eh down in your heart you want to know Father I know you hear me always. Father I know I have done this according to thy will you show unto me Lord and I know I obeyed every word Father if I have missed it somewhere then show me because I don't want to be found wanting. I don't want the trouble on the river on that day. Can we find that kind of sincerity in our hearts? We need to be in that condition we need to up to the word not just come around like a spiritual vagrant, like a spiritual beggar almost well I ain't know nah saints you know

brother you know come to the place in your heart amen. You know how some people get slothful, spiritually slothful, you get to the place brother you know the word shook me up tonight I realize that I need to walk closer to God thank God for the word that can convict me because the spirit has really been dealing with me I feel tonight God has really set it down and I done with all this foolishness. I'm willing to line up by the grace of God.

Pray for somebody will always respect and honor that when you're coming around like I ain't know nah the word showing you how to come out and be delivered and yet you still want to drift around in darkness and play around with the world nobody can respect that, it is a discouragement but I'm trusting by the grace of God where we have failed to praise him, where we have failed to thank him, where we have failed to surrender, where we have wrestle with him and will not really yield to him and where we resisted his will it will just bring us to a full completed surrender and say God you have been so merciful to me and never even realize how much grace how late it was and how much I was playing around and fail to recognize and yet your long suffered with me but from this day on Lord I want to walk up and take my stand bear my responsibility as a real Christian in this hour amen.

And I tell you God is going to honor God is going to bless it by the grace of God amen since it are to be I'll believe that tonight.

Let's all stand to our feet

Amen praise be to his wonderful name amen you love him tonight? You appreciate his word? You're going to pray for the services on Sunday and lets try and come out early by the grace of God just get right up into his presence I know he's going to bless us I can already feel it coming in upon us tonight. I trust that you see what we are trying to lay out to show you not verse by verse happening we have to take the scriptures here and explain part and throw out little things here to show when the times for the vials to be poured out the beast the image, the mark you know the nations coming together for Armageddon, all those things will already be in motion in the earth. Are you seeing it in motion in the earth already? Are you seeing it coming in where the money situation is being tied up? Do you see the kings of the earth coming together the world is being united, church world uniting, Western World uniting? Do you see all these things happening? Do you see all

the economies of the world breaking that they have to bring it to the place where they have to change the money system and all these things? Are you really seeing these things in the world? Do you know what these things mean? Remember it is upon those people why have they remaining in the systems when Malachi 4 came to them first before he came to us.

The king had called Vasthi first and she refused. Do you realized that? He says I must go back to evangelism to look for a bride because Jesus Christ has been turned down they have rejected him, the blood is in their hands I'm looking for character now Eliezer had to sweat it out. God was looking for character she says I would go and watered that word that would sit on that and follow that messenger and know it is going to take you to that unseen bridegroom.

I let me tell you this with all my heart I believe this message as we walk in it, it is going to walk right in arms of the Lord Jesus Christ. oh I want to see him to look upon his face wouldn't it be wonderful we have the opportunity right now let us recognize it and let it not bypass us.

I had so seen God moved in 1984 when those vials was preached and things happened in the church and I thought right there and then it would have come to its end right there but God knew how much more was laid but let me tell you when these things are going to be reveal it not leaving you no doubts in your mind. You know those seven trumpets finish it that was for us in the sense saying it was suppose to be for us it is there looking in the things that ought to be and when we see it already coming to past how we ought to lift that head up and look up knowing your redemption draweth nigh.

Lets sing a little song with real feeling in our hearts *oh to be like thee* song # 42 with a melody of praise blessed redeemer this is my conscious longing and prayer gladly I'll forfeit all of earth's treasures, Jesus that perfect likeness to wear amen. You want to be like that tonight I read a couple verses before we prayer that what the word ought to do for us.

*Oh to be like thee blessed redeemer  
This is my constant longing and prayer*

*Gladly I'll forfeit all of earth's treasures Jesus thy perfect likeness to wear*

*O to be like thee O to be like thee  
Blessed redeemer pure as thou art  
Come in thy sweetness come in thy fullness  
Stamp thine own image deep in on my heart*

*O to be like thee full of compassion  
Loving forgiving tender kind  
Helping the helpless cheering the faint  
Seeking the wandering sinner to find*

*O to be like thee lowly in spirit  
Holy and harmless patient and brave  
Meekly enduring cruel reproaches  
Willing to suffer others to save*

*O to be like thee Lord I'm coming  
Now to receive the anointing divine  
All that I am and have am bringing  
Lord from this moment all shall be thine*

*O to be like thee O To be like thee  
Blessed redeemer pure as thou art  
Come in thy sweetness come in thy fullness  
Stamp thine own image deep in on my heart*

*O to be like thee while I'm pleading earnest plead cry asking  
he'll not fail you  
Pour out thy spirit fill with thy love  
Make me a temple meet for thy dwelling  
Fit me for life and heaven above*

And everone with their hand lifted singing

*O to be like thee O To be like thee* all around the building all in the mothers room Hallelujah lift our hands and sing praise our God tonight express that great desire in your heart to him

*Blessed redeemer pure as thou art*

*Come in thy sweetness come in thy fullness*

*Stamp thine own image deep in on my heart*

We bow our heads we close our eyes looking unto him tonight o! to be like thee full of compassion, loving, forgiving, tender and kind helping the helpless, cheering the fainting, seeking the one sinner to find oh what a revelation of him expressed here tonight. This song bringing that divine nature out those characteristics expressed through all these circumstances described here that when we are walking in the same pathway faced with the same thing we could see that behavior. We can see that same influence upon our lives showing he's the same yesterday, today and forever that token has been applied and is now on display. Oh what an hour here we standing seeing the wrath of God and what it is and who it is going to be poured upon. We should be on the inside looking out, seal under the blood by the Holy Spirit knowing that death will not come nigh us it is going to past by: when I see the blood I'll past over you, oh this life of the blood the Holy Spirit we don't want to be on the inside, on the outside rather, after so long a time we hearing these warnings one of these days we will hear it for the last time then he that is righteous will be righteous still he that is holy will be holy still he that's filthy will be filthy still but before that time comes the sealing of these things is done the time is at hand.

Back in Revelation 10 it says seal up these things write them not but in the day of the voice of the seven angel when he begin to sound it will be finished when that time come the Holy Spirit says Satan want to get a hold of these things it is not time yet when you have reason to see God will make it plain. You're not suppose to get it but its going to come back around a second time and you who have been faithful in your ABCs: Always Believe Christ would catch on when these other things come.

Oh my brother, my sister I prayer tonight that here in this hour in this atmosphere of his word being reveal and placed out so clearly heavenly places the brides position in Christ living in a world of perfect faith, a perfect revelation of the word oh my your

heart is so full of faith looking to go with him when that trumpet sound. If you're not that way tonight we ought to be ashamed of ourselves, we ought to be in desperation crying out oh God do not past me by, I want to go Lord I don't want to be left behind. We ought to be doing everything that we could to make sure we would not be found wanting. If you hear his voice harden not your heart.

We close out tonight think on these things, think on the hour look at that blackout last night a complete blackout of the moon. Back in 1963 he says that meant the church world but to you bride that means good morning breaking of a new day. I wonder what it means now if our time it is time to go judgment is going to strike this world Brother Branham says even the rain drops is for a purpose when that was happening up in God's bible up in heaven look what you was gathered around in God's word on the earth **Handwriting On The Wall**, could we read it? Can we see it is not all these things about Babylon is fallen fallen judgment is coming, he that have the mark of the beast? Have the shield of God in your life oh my.

Our gracious heavenly father as we come to the end of the service it is so hard to close out dear God knowing that we are in an hour and time with so much scripture being fulfilled with such rapidity, the prophet says not even the born again Christians could keep up with it. It is accumulating so fast even he himself says what am I doing out in the Arizona desert here. He says the scriptures, the word of God accumulating so fast then he begins to talk about them rock being thrown up, the cloud being turned time and the beginning of time and all these things here we are all these years Father seeing how all these things are unfolded down, how you have dealt with us right in the tabernacle just finishing that series Lord and the mark of the man and sin layeth at the door and behold the people are warned and all these things then on the faith side of it, the bride side of it God great mystery of love expressed on this no longer twain but one uniting time and sign. God and man being one oh Father it is all around us Lord but it says that the people have eyes and cannot see, ears and cannot hear but in there hearts warp gross and they can't understand I prayer tonight that that you be gracious Lord these that have sat under the voice of your word tonight if there is a desire and longing in their hearts to rise to serve you not to escape hell but to serve you to love you

who recognize the provision that you have made was willing to accept God's provided way, turn away from the world, turn away from the darkness come to the light I pray that they would find grace and mercy.

I pray that the blood would speak to them tonight as they call upon the name of the Lord their sins would be blotted out and in their heart would turn around a new heart and a new spirit you would give them your Holy Spirit to cause them to walk in your stature, your ordinances, you'll remember there sin and iniquities no more oh God may you grant it.

We leave this place to go in our homes we go with our hearts trembling thinking of the hour, thinking of the word how many times you have spoken to us, how many times you have shaken us, how many times you have warned us you do it over and over and over again because you love us and you are willing that none should perish we stand longsuffering pleading oh God may we recognize that Father its your grace towards us. May we receive it looking forward to your word on Sunday, the opening of this vial the first vial trusting and believing by the grace of almighty God the spirit of this great God could come down amongst us in such a way you would speak out of your throne Lord the word would be made plain from Genesis to Revelation that we could stand with a clear vision Lord not like the nation. We don't want the word to be like that but it could be relevant and applicable to us Lord in a personalized way that we would not see the word we would see ourselves where we have come short, where we are failing, where we need to line up, how we need to stand in this hour oh God may you grant it.

I pray dear God that you would dismiss us not from thy presence but from this place, grant us traveling mercies on the road so many demon power on the road and on the way but we ask for the grace of almighty God that the great angel of God would encamp roundabout them that fear you. Your never failing presence would go with us all, keep us under prayer, keep us walking with a tender heart before thee mindful of your presence that would cause us to conduct and behave ourselves in a manner mindful unto thee that we would not bring a reproach and we would not be a stumbling block and our lives would not be an example others will see the light and glorify thee our Father who is

in heaven the salt in our lives would create a thirst to them that would come in contact with as we give every man a reason and a hope that is inside of us and bring us back on Sunday morning where we will anticipate you would meet with us the pouring out of a great blessing right here in our midst that would cause us to walk close to you in this hour.

If there be any unsaved in our midst oh God you remember them in such a special way and bring such a deliverance. We commit everyone into your hands now asking you this grace as we go in Jesus precious name amen amen.

God bless you. You may have your seat there is a prayer request here Anita Cunningham requesting traveling mercies that he would have his way with her as she would leave for St. Lucia on Saturday. Who is that sister there? Is she here somewhere tonight around? Okay let's just commit her to the Lord to give her a safe trip, her mother died and you know how it is when you loose a member of your family especial one like your mother.

Oh God thou art one to be touched Lord God by the condition that we find our selves many times that it brings grief and pain, thou art the comforter that could come and bring comfort and strength and give assurance in time like these we ask that this grace will be so freely given to our sister that she would go to meet her family at this time. She would go with the word of God in her heart that she would be able to give strength and encouragement to them and a witness of the Holy Spirit that could even open up the way of salvation for them and they can come in and receive the comfort of the Holy Spirit. We ask that would stabilize our sister at this time let them see that comfort in her Lord let them see that faith and let them be touched by it we prayer as she go and may you bring her back to us safely for we ask it in Jesus name amen.

God bless you we are dismissed.
