

Third Exodus Assembly

Church
Order
Pt.13

Pastor Vinworth A. Dayal

8th August, 2008

Church Order Pt.13 **Friday, 8th August, 2008.**

Consider the love that He gave
Remember the love and the peace
That He showed you
Look what He's done through
His grace
Look what He's done through
His grace

Amen. Praise His wonderful Name. We want to have prayer for Sister Lucy, here. She has an abscess in her jaw. [*Bro Vin prays for Sister Lucy*]. God bless you. You may have your seat.

I want to welcome everyone in the house of God, tonight. I feel very blessed to know we already have saints coming in for the Convention, and we have saints from Guyana and Venezuela who have already arrived on our shores and we would like to welcome all of them.

From Guyana we have Bro Ravi Rajkumar, Bro Joshua Rajkumar and Sister Mariella Kiraty. Could they stand where they are, by God's grace? Amen. God bless you, amen.

Praise His wonderful Name. Amen. Glad to see you all here again by God's grace, amen? Also we have a bigger contingent here from Venezuela and we certainly would like them to stand tonight.

Our beloved Brother Alexander Perez, the pastor, his wife, Sister Yalenee Perez and all the rest of the believers that have come with them. Could they stand by God's grace? Amen. Praise His wonderful Name. Amen. God bless you all. Praise His wonderful Name. Amen. You may have your seat.

And all the precious believers that are looking in tonight, not just looking in but participating with us here in the Service from Guyana and Tobago, Grenada, St Vincent, Dominica, St Kitts, Barbados. We have the saints united with us here, so I'm sure they are all happy to see all our brothers and sisters, both from Guyana and Venezuela.

And Guyana and Venezuela are neighbouring countries, so maybe, they don't know the saints from Guyana but you know, sometimes, they have little contention in the political realm for piece of land, there. But we are happy that they are here tonight together coming in and to enjoy this wonderful time that they are in anticipation to have among us. Amen

And we certainly are very thankful God has brought the saints in safe. I know they were supposed to come in an earlier time, in times past. Things did not work out, then they decided to postpone the trip and then to come at this time and God has made the way for them. Our old, beloved, friend, Sister Franka, from way back in the old days, the first one we knew. God bless her heart. Amen. And I think it was two years ago she was with us here in the Convention. Amen. And we are very, very happy.

Since then we have had some of the saints make that journey down there to Venezuela, where the saints are and fellowship with them and, you know, they have built up such a relationship and a friendship that they desire very much for them to be here, by God's grace.

You know, they even had a special...a group of believers that came together and set this up with a code name called 'Operation Ezra'. It was in the time when we were having those Services last year. And spearheaded by brother Selwyn, you know, and all the rest of the Spanish speaking saints in the assembly. And so, tonight, I want to thank the saints who where able to sing the song in Spanish.

Because of these beloved saints, and many of the other Spanish speaking people in Central America and South America that we are also associated with, we desire to see that the Church can come up from regional English speaking to become bilingual and we are very, very happy for that. Because they also played a part, they also made an investment by having some of these saints down to Venezuela, taking care of them. Bro Dyer and his wife have been there. Sister Collette has been there. Bro Junior has been there. Bro Bishop's boy, Gideon has been there. Bro Fortune's daughter, Hadassah has been there.

So these saints have made a great investment in having them, receiving them and through that it even helped them to become a little more bilingual. So now that they come back here, some of

the bread they cast on the waters could come back to them, by God's grace. Amen.

It's just...Where is 'Liz' at? I don't know where she is. I feel at least she could have sung a verse in English, by God's grace, but nevertheless, you know. We got left out clean. I guess she was only seeing Spanish tonight. Praise God. So we are very happy for that and with this now it's going to bring closer bonds of fellowship.

You know, sometimes, you appreciate saints, you want to have more contact with them, you want to receive them you want to visit them, you want them to come here and the language is a barrier. But now that barrier has come down very small and what little is left of that barrier will be completely removed, by God's grace.

And we trust that even their coming; it would inspire even many in a more realistic way of catching the vision. You know, the thing is, with the people in the secular world you have what they call geo-politics; where you are located. And if we, as a Church in the Spiritual realm really catch that revelation, you know, where we are located, you would realize we are surrounded with Spanish-speaking countries. And when you surrounded with Spanish speaking countries, if the gospel is not a home thing, and the gospel is the commission, 'Go into the world' then you realize your first boundary of stepping out beyond your home is into a Spanish-speaking country, and that, I trust, will become even much more real among us in that we would see, its nice to have sisters and couple brothers there, but you know, when you could get brothers rising up that can speak the language and maybe, can become good interpreters, think of what could be done and the kind of association.

And we are even trying to have that Latin-American Meeting which we now have put into Panama, because to have it here as an English-speaking Church, having a Meeting like that is difficult. See? Now we have to put that in Panama because when you have a volume of Ministers come in, you don't need a bunch of sisters, so to speak.

And sister Collette, her Spanish has reflected right in the singing tonight. She is not a musician and a singer, but through the language it comes in. The songs are being translated, becoming a

blessing. Amen. Because when that happens that looses the song where it is bound in the English realm.

If the Bible stayed in English, could you imagine the problem tonight? If the Message had only stayed in English books, you could imagine the problem tonight? But when the Message Books could be translated into Spanish from Spain to every Spanish-speaking country in the world, the Message become loosed out of the English realm and could reach people. And the same blessing in the Message that an English speaking person can enjoy, a Spanish speaking person can enjoy and receive and be enlightened and be established and their heart can be turned back by the Message in Spanish.

Well, think of the great work, when God, through the Word could bring songs out to glorify God according to the revealed Word for the age. And that can go into a next language and be loosed. You have so much thousands and tens of thousands of people could begin to enjoy the same blessing because now it comes from English into a language that they could sing themselves.

So, what looks like a little work, the little dedication, to learn the language, to go down there, to make contact with these saints, to come back, even to sing the song and translate it so it can be sung in their language is great, by God's grace.

So, God bless the workers. This is workers. People raising up to become workers in the gospel. To see, you, by that little knowledge of a language and a little service, it could take you, maybe a few hours to translate that and get it right, and then the singers take the time and they learn that and they sing that, before you know it, its tens of thousands of people in a certain language and different nations could sing that song.

We are seven miles, point to point, from Venezuela, and from Venezuela you can go all the way back this way to Mexico and all the way back that way to Chile. To see how much countries and how much people, because in every one of those countries the Message is there established in Churches throughout the continent.

So, sometimes, inside of here it may look like nothing, it may look like a little work, but then it get into the right channel, it becomes a bigger work. And we certainly are happy that we can think beyond the walls, because when we begin to go beyond the

walls, you know, it gets into the place, by God's grace, where we could see, we don't just sit here but the gospel can go forth in a greater way, by God's grace.

I'd like to invite Brother Alexander to come and greet the people, just as a visiting pastor, just maybe, a word of greeting tonight. We'll get to hear more from him over the week, but tonight being here... Come brother, your interpreter is already in place, so you don't have to worry. You can just come and speak. *[Bro Alexander gives greetings].*

Hallelujah! Amen. Praise His wonderful Name. Today is truly a special day. Today is the eighth of the eighth of the eighth. You know that? And that's a new beginning. Praise His wonderful Name. Tonight is the last Prayer Service before we officially go into the Convention so we just really have these saints from Guyana and Venezuela here, which is on the South American continent with us and we are very, very happy again to have them.

I wonder if we could have a couple more of the songs by God's grace and just kind of get this place feeling good, by God's grace. Amen? But when you sing, sing bilingual. Sing Spanish and English. Where is sister Kim and the rest there, by God's grace. Was that a one shot? Is that what it was?

You know, it's nice when you singing to us to sing Spanish because we don't know, but sometimes you get intimidated when you watch Spanish people sitting and you have to sing Spanish. It gets a little different. You get sensitive. Maybe, "I hope I saying it right", you know. Some of us who know Greek, we won't know the difference.

So just feel free tonight, and just be relaxed in His Presence and let's just worship the Lord together. Amen? Praise His wonderful Name. God bless you, Joy. Praise the Lord.

So, Bro Alexander, you will see some of the work that has been taking place here, live.

[Sis Liz and sisters sing].

Let's all join together.

Let us arise today

Let's all stand, amen? Sing it one more time.

Let us arise today, arise today

Let us arise today

And rebuild Jerusalem

Oh, thank You, Jesus. Hallelujah! Glory be to God. Glory be to God. Thank You, Jesus. Certainly sounds like you blowing the roof off, tonight. Certainly sounding like you are getting ready for a Convention. Hope you understanding me. You don't want to see the next side of the belt.

Let's turn to our Bibles. The people in Beijing put on a show, they says, 'Like the world has never seen'. A great thing is happening in the earth. I'd like to read out of Revelation 16, just for a few minutes, from verse 12. Revelation 16, verse 12.

And the sixth angel poured out his vial upon the great river Euphrates; and the water thereof was dried up, that the way of the kings of the east might be prepared.

Let's bow our heads for a word of prayer. Beloved Jesus, we bow our hearts in Your great Presence tonight. Lord, as we have come and assembled ourselves, knowing it is our custom to come on this night and pray. We ask, tonight, dear God, as we would sit for the next few moments, before we take a little time to prayer, that Lord, You would give us some Words that would sensitize the people to the hour that we have come to. To the things that the Holy Spirit has been speaking so expressly to us, Lord, since last November, down to this present time.

Already, dear God, going in nine months since You dropped in here and dear God, begin to reveal things to us that we could become sensitized to the lateness of the hour. Things, dear God, that Your prophet spake, that laid in the Message down through these years; things that we would quote and things that we would talk about, Lord, but seeing it way off into the future but how in these last few months, Lord, You have shown to us that these things are no longer in the future. But what was in the future is being made present, Father. Prophecy is becoming history.

And Lord, You have come down so close, especially in these last few Services, when Your Holy Spirit witnessed, right here in our midst that Father, the words that was coming forth, it is not coming, Lord, from the earthly realm, but it is the Word from Heaven, dropping down. The mind of the Spirit of God being revealed, and Lord, knowing how You have tried to set things in order in the Church. Getting together with the men and getting together with the people and getting together with the officers in

the assembly, in every department, oh God, trying to see the Church line up and be made ready for Your coming.

How, dear God, this should have sensitized us to prayer, to walk close. When we think back in the Bible of those, dear God, how it is written in the Scriptures, the people when they saw the time of promise coming nigh, being drawn nigh, it set their hearts to hungering and to praying.

And it is written that You heard the cries of Your people and You did come down. And Lord God, You begin to wrought a great deliverance in their midst. You begin to break the bands of bondage from around their lives and You set them in order and put them under the token. Oh God, when the land was being filled with darkness and plagues and everything filling up the land, dear God, Your children were getting ready, their ear attentive waiting for the trumpet to sound, eating the bread in haste.

And, so, we pray tonight, Lord that we could break into this realm, Father. That, dear God, we could recognize that this gathering tonight, is also, Lord, another grain of sand in the hour glass, one Service passing away right before us.

Lord, as it becomes fewer and fewer. The last few opportunities that we have to assemble like this, Oh God, Father, it will be taken away from us soon. May we realize, Father. May we break out of slothfulness. May we break out, oh God, of the carnality. May we break out of the humanistic realm, oh God, where we cannot see nothing. Where we are blind and dumb and deaf, but Lord, may we move up into the Spiritual realm, the realm of revelation, oh God, that though the gates of hell, Lord, try to prevail against us, the Church is so anointed and lifted up in the Spirit that the gates of hell cannot prevail against the Church of the Living God that has become sensitized and awakened by the Seven Thundering Voices. They are awaked out of sleep, like them virgins and they are sensitized to the Presence of the Bridegroom who is on the scene.

May You grant it, Lord, that they who are ready went in with Him. So it is in this hour, Father. And we pray it will be like that tonight in every heart. May You grant it, Lord. Our lamps could be trimmed and we could be filled with oil and be as a people that is filled with the Spirit, Lord. Our lamps trimmed and clear, looking up, knowing our redemption is near.

May You grant it, and may You lead and direct us in what should be said and done. For we ask it in Jesus Name, amen.

You may have your seat. It's a very simple Scripture there, but it speaks of the kings of the East. And the only place you going to find them, you won't find it in the Church Ages, you won't find it in the Seals, you won't find it in the Trumpets, but it is mentioned under the sixth vial.

And a way would be prepared for them and so we realize that when we see the Message, especially as we have been looking at in recent times, the last few Messages: **SOON COMETH THE EARTHQUAKE, EARTHQUAKE AND DISPENSATIONAL CHANGES** and then **THE LION ROARS AGAIN BEFORE THE GREAT EARTHQUAKE** and Sunday, **THE FINAL VOICE (amen) OF THE LION OF JUDAH TO THE FINAL AGE.**

And, here we are in a time when we see so much is happening and when the Holy Spirit would try to take the Word and bring it down and identify it to you, it is difficult when the speaker is looking at something, is speaking it, is seeing it reflecting in the Bible and the hearers do not realize the importance and the significance of what they are hearing.

Because, if the trumpet give an uncertain sound who shall prepare for the battle. And we had that in the Men's Meeting also of the ability and the importance of being able to hear the sounding of the trumpet, because, Israel, when they were coming out in their exodus under the prophet, they were directly set in order where they had to hear the sounding of the trumpet.

There were two trumpets, two silver trumpets - and when that blew in the camp, it would denote to them whether they have to march, whether they have to prepare for war, whether it is to assemble the people together. In other words, it was coming by the sounding of the trumpet.

They were not passing out notes. They were not trying to get on the telephone and tell each other. That instruction was coming when those priests took those trumpets and begin to blow those trumpets. And it's a type of the ministry. It's the trumpet being blown.

Even like in the Book of Joel, when the great locust invasion was taking place, and if you know the Bible you will know that we

are in the hour of that invasion. The pit is open and demon powers...You see the killings, you see the murders, you see the condition of the world, you see the Sodomites, you see the darkness in the earth, you see all these things taking place; it is demon power that is behind that.

Demon power that has been let loose to bring on an age like the days of Noah and the days of Sodom and Gomorrah, because those days was not existing in Luther's time. It was not existing in Wesley's time. Wesley could not stand up and say "And, here we see the days of Sodom, again". Wesley could not stand and say, "And here is the days of Noah, again". They could not see that. That came back in the end-time. And that only come in the end-time because the demons that was there upon the people in those generations which were bound for a season in the bottomless pit was let loose again in this day. And when them same spirits come back upon an age it brings the people back in the same condition.

That's why in this age, you see all of a sudden, it come from nowhere, everybody tattooing their body. Everybody piercing their body, and all these things. Where do these things all of a sudden come from? And young girls with piercing in their lip, piercing in their tongue, piercing in their navel, piercing in their eyebrow. People with ten earrings – five in each ear. Where did all this come from? Twenty years ago you could not see that, but its here because those spirits are here.

Where does all the violence come from? Where does the violence in the schools and drugs and the guns in the bag, where did it come from all of a sudden? Because those demons have been loosed upon a generation. And the sad part, the darkness in the world, because the Church world, do not recognize that the Book of Revelation has been opened in the sounding of the Seventh Angel Message, the Book that prophesied these things. Then they don't know what they looking at. They don't have a word to deal with it, so they try to carry out rehabilitation programmes, social programmes, when there is a Word for the age; when the enemy comes in like a flood God promise to raise the standard. A seal opens and a mystery unfolds and then God loose a certain anointing upon people to meet that challenge.

And the only way, when you see an anointed Church coming under the sounding of the trumpet, coming anointed with the

gospel, with the Holy Spirit, you find a Church that is able to deal with the enemy coming like a flood.

Because, Revelation 9, it shows when the pit is opened and two hundred million demons come out of the pit, being loosed. It shows Revelation 10 to combat that, an angel come down from heaven with an opened Book and God is commanding the Bride, "Go and take the Book and eat it! Can't you see? Demons are loosed and the only thing, you must have the inoculation", amen. Then a people, by eating the Word...And this is the secret: The Word is not in the Baptist, this is the secret it is not in the Catholics, this is the secret it not in the Methodist and Pentecostals and the Jehovah Witness. This is the secret: The Word is in the Bride!

How did it get in the Bride? Because the prophet had the Word. Hallelujah! The Word came to the prophet. That's how the Word get to the Bride. Because when that angel came down and united in flesh to reveal the Son of Man and the Word was coming forth a Bride knew who had the Book. The Bride knew that's the Messenger, that's the Book; that's the opening of the Seals; that's the Word being revealed!

And the Church that was built upon the rock of the revelation of who the Son of Man is, where the gates of hell shall not prevail, for seven Church ages had to run out before Son of Man could be revealed again. Then we come back to the true revelation of what the Church is, who the Church is, how the Church overcome.

That's why he tells us, **GREATEST BATTLE EVER FOUGHT; HOW CAN I OVERCOME**, amen. And God had to send one to train us with the Word, to train us in the ways of the enemy. Not a man coming out of a Bible School and explaining that. A man who was waging war against the enemy. A man who stood in the platform and knew every spirit that came in people.

He knew the political spirit in the nations. He knew the religious spirits in the churches. He knew them demons of sickness. He knew all them deceiving spirits in the last days. He would call them spirits out. Conquer deaf, dumb, blind spirits, everything. Is that right? Did we see that? That's right. Come back. And these things has come back. It has been loosed. It had been made known to us.

That's why, in this hour and this time, you have to recognize what you looking at. This is not like a history lesson you come to Church and get your mind tickled with. This is eye salve that the eyes of your understanding are opened and it gives you spiritual discernment and you can walk and know people with spirits on them.

You can talk to people and know what kind of spirit on that person. You can talk to a young lady and know that spirit there is not a right spirit. You can know where she pulling her influence from. You can watch her hairstyle; you could watch the books she read; you can watch the shoes she's going to buy in the store; you could watch how tight she wants to wear that dress and the way she wants to walk in that even though she is hearing the gospel and you will know where she is influenced from.

That's why when the prophet stood there, he say, "You sisters, some of you there", he say, "you will be guilty of committing adultery though you could prove by a doctor's test you are a virgin." He say, "You present yourself in that way because you did not dress according to the Scripture". He say "I could prove to you the spirit you have on you is insane and you can't see that." On the Message **AND KNOWETH IT NOT**. You know that. That's right. You see?

And sometimes we don't see that. And when we don't see that it means we not really seeing where he was seeing from, because this age, the whole age is religious. Everybody is religious, everybody talking about God, but how many people are sealed with the Holy Spirit? That's the difference. How many people have the Holy Spirit?

When we come down there, you get to realize the characteristics of the Holy Spirit, the evidence of the Holy Spirit you begin to look for in a life, and then you see people when the Word would come and narrow down and they realize they don't have the Holy Spirit, you look and see that there is no desperation to get the Holy Spirit after you could prove to them they don't have the Holy Spirit, so then you know there is a mental block, something strangling their mind that they cannot wake up, but the Thunders was to wake the people up. Amen.

It was not the kind of seminary preaching that would come; it was the God preaching, amen! When God come down! And when

God comes down there is a fear of God. That's right. When God comes down God's people can't be joking, and God's people can't be slothful and God's people can't be all at ease in Zion. No Sir.

He say, "Blow the trumpet in Babylon, sound the alarm!" Is that what it says? 'Blow the trumpet in Zion, sound the alarm'...in Zion. Let me say, 'If the lion...' Oh my. You want to follow that with me? You follow that with me, quickly. Watch, in Joel, we coming right to what I want to say.

But the Holy Spirit has already gone, He has already gone ahead. Joel Chapter 2. I want to pick a couple of places here. Joel Chapter 2, verse 1:

Blow ye the trumpet in Zion, and sound an alarm in my holy mountain: let all the inhabitants of the land tremble: for the day of the LORD cometh, for it is nigh at hand.

This is the Day of the Lord. (Bro Vin shows the Cloud). When you see the Son of Man in a white wig, you know that you are in the Day of the Lord. When that is happening there is a locust invasion in the land. When that is happening that means the Seals is opened, and now the Bride is being separated out of Babylon. Why? Babylon's judgment is come up to God and strong is the Lord that judgeth her.

That's why He is taking His people out because He is about to pour out His wrath upon that system. That's why you see in that Scripture I read, Revelation 16: 12 – the Vial is poured on the great river Euphrates. Not the water in Iraq, the system, the system.

Babylon is built on the river Euphrates, you know that. Where Euphrates is, Babylon is. That's the symbol of Babylon. That's how Babylon fell. Cyrus and them, the kings of the East diverted the river bed and they came into the city and that's how Babylon fell. And here it's making a way for the kings of the East.

Now, for all the while, the big, top-notch countries and the big leaders in the world have been the kings in the West, here. You understand? Brittan and England and The United States and them – these kings are big, but the Bible says, 'Watch the king of the North'.

But these kings here is not neither the one in the North or these in the West, here. This is kings of the East; this is kings of the East. And the Scripture is showing us there is an hour at hand

here, and that's what is happening there, which I'll show you a little bit of what is happening behind what is taking place there right now.

Blow ye the trumpet in Zion, and sound an alarm in my holy mountain: let all the inhabitants of the land tremble: for the day of the LORD cometh, for it is nigh at hand; A day of darkness and of gloominess, a day of clouds and of thick darkness, as the morning spread upon the mountains:

Darkness and light together; when all that darkness coming in there is light at the same time. 'Gross darkness on the earth and upon the people, but rise and shine thy light is come.' Because, when you see the Day of the Lord, that mean you seeing the Son of Man. When you seeing the Son of Man that means you in the breaking of a new day between the Church Age and the millennium.

What is Shalom? 'Gross darkness on the earth and upon the people, but rise and shine, you light is come'. What is that? Son of Man being revealed between Son of God and Son of David. Where do the plagues come in? When is that bottomless pit opened and them demons coming out to bring the people in condition? Because, remember, demons cannot become incarnate until the people first reject the Word.

Have the people rejected the Word? Well, if there are no demons to come into the people what is going to happen? They going to remain moral, they could remain right there in Church, but before a new world could come the old world have to die and rot like a seed to give birth to a new world. You have to have birth pains to bring a new world.

Is that what we are taught? Did the prophet teach that in **BIRTH PAINS**? That's why religion is rotten and politics is rotten and education is rotten and denominations are rotten. It's rotten. Why? Because they reject the Light and they die because you cannot rot before you die. You have to die and then rot. Is that right? That's right.

Because, remember, Joel has three Chapters, 1, 2 and 3. And Joel 1, 2 and 3 is the fifth trumpet, the sixth trumpet and the seventh trumpet. I've gone through that over and over in this Church. Joel 1 is the locust in the land, the plague hitting the land.

Well, that is Revelation 9, your fifth trumpet, when the locust come out of the pit. Joel Chapter 3, the end of Joel Chapter 3 is the millennium because the Seven Trumpet - the kingdom of this world is become the kingdom of our Lord and His Christ.

So, the Book of Joel is happening, that's why I'm bringing this blowing of the Trumpet in Zion, because there is a roar to come out of Zion. But if that trumpet ain't blow in Zion, and Zion ain't get cleaned up, it has no roar could come out of Zion.

If the Bride people have the Message of the prophet and sit there and say, "We going in the rapture because we have the Message", which you mean the Book and the tapes on the shelves, because, if that Word is not Spirit and Life in a people, they can't finish this commission. They have to show the same Church in Alpha is still here. They have to be a sin-free Church. Is that right?

A day of darkness and of gloominess, a day of clouds and of thick darkness, as the morning spread upon the mountains: a great people and a strong; there hath not been ever the like, neither shall be any more after it, even to the years of many generations.

Drop down to verse 15.

Blow the trumpet in Zion...

Second time... 'in Zion', that's what we looking at.

...sanctify a fast, call a solemn assembly.

How many knows blowing the trumpet is what gathered the people? How many knows the trumpet had to be blown in the new moon? You forget the Word here. Psalms 29 – Blowing the trumpet in the new moon. The new moon was the beginning of the month. The month started when you saw the new moon.

August 1st, this August, this eighth month started with a new moon that brought a total solar eclipse, the only one for this year. And it come down through Canada, through Norway, through Russia and it ended in China and the sun set and the darkness fell on the Great Wall of China. And four days after a 6.1 earthquake shook the place again, after it had a 7.9 back in May. You are hearing the Word. I hope you're listening.

You see, when I see something in the Word and it strikes me, and I understanding the lateness of the hour and I trying to preach,

and I have a desperation and some of you like this (Bro Vin folds his hands). You don't know, you wondering. You like Alice in Wonderland. Then I'm trying to figure out what spirit you have to get in to hear and understand what the Spirit is saying?

And if you think its some light, little, frivolous thing we talking and you don't realize how late the hour is and if you watching the Messages, where they coming, it is Messages designed to place the people! Because you can't have faith and expectation until you know what time it is. And anybody whose life don't show expectation, they don't know what time it is.

They have a Message Book in their hand and don't know the hour they are living in. When you ask them what hour they living in, they say "I living in the last Church Age." They are correct. They are correct. So you living somewhere from 1906 until the atomic bomb falls. You are correct. You really living in the last Church Age.

Then when you go to what Scripture is anointing me right now? What junction of the music sheet I am in? What part of the symphony is being played out? What am I listening for? What am I looking for? The only way you could know that is what experience going on in your life.

Because if that Word experience is not in your life you don't know what to look for. You will try to get a fleshly desperation under the preaching, but then after a while you will tell yourself, "It ain't making sense. I can't work up myself into nothing."

But if a revelation strike your heart and it reflects in the Word, then nobody have to tell you anything. You look around and you know you have to get ready to go, because you seeing the time clock striking the hour.

Watch.

...sanctify a fast, call a solemn assembly:

Gather the people...

What are we gathering them for? To eat and drink? To entertain, to sing plenty? To get special garments for each day? Watch. Watch this Scripture. You know Joel is prophecy? You know Joel prophesy the former and latter rain in the last days? You know Joel is the Book that prophesy the restoration? All that the cankerworm and the caterpillar and the locust had eaten. You

know this was because them locust eat down everything, and destroyed the Church.

And this fast was to get lined back up with God, so the rain could come and bring a restoration. That is why they are blowing the trumpet for that. And notice, I read it twice, because the first blast of the trumpet was when the prophet was here.

He called them to repent. Called them to get desperate or perish. Because he was the one who revealed them demons loosed. He was the one that revealed what the locust was. He was the one that revealed how the locust eat down the Church. Because Elijah was to come and do what? Restore. He was the one that taught about the former and latter rain to come back. He was the one that planted the seed so that there could be a latter rain shower to bring the harvest.

You see, somehow, if your inspiration don't come from the Bible and the Scriptures you have nothing to work with. You working with your human mind. But when the inspiration come with the Word, you could say "Father, you said this and this is allotted for my time and I'm living in the day and I know you are a God who keep your promise and I tie my soul to Your Word. Your Word is the absolute."

Then you begin to do what? Anoint a promise of God. You begin to line up and come under obedience, under the instruction of the Holy Spirit, because that is foretold so you will know what you have to do in order to receive the blessing in this hour! When you see the locust eating you better say "If it really so, somebody have to be blowing a trumpet. Somebody has to be calling for consecration."

And if you not hearing a Message that calling you to separate and consecrate and put you under expectation and identifying where the locust is and these things, you could be playing Church. You understand?

Gather the people, sanctify the congregation...

How do you sanctify them? "I will sprinkle clean water upon you and cleanse you from your filthiness and your idols." Why is God doing it? Because the people don't know their own idol. And they don't know how filthy they are. So God say "I will do it. I... I... I... I..." Because He know what has to be cleansed. He

knows when He's done with you what you should not have. That is the grace of God!

Because if He tells you go and do it, you cannot get yourself ready! He has to get us ready! He knows the condition we have to be in, because we have to come into union with Him and fellowship with Him! Which one of us could know how to prepare to unite with Him? None of us. He has to tell us what to do to unite with Him. That's right.

Hear this.

*Gather the children, sanctify the congregation,
assemble the elders, gather the children, and those
that suck the breasts...*

What did we have Wednesday night? Whom shall we teach doctrine, them that are weaned from the breasts. The one that suck the breasts is still desiring the sincere milk of the Word, that is the babies. That is the little ones who spiritually, now born. Get the elders and them that suck the breasts. You see what He calls them? Elders - apt to teach. Does it have that in Zion?

This is to make Zion what? Spirits of just men perfect. This is to make Zion to a place where the blood, the Voice of the blood speaketh better things. This is to make Zion Heavenly Jerusalem, the Lamb's Wife, Mount Zion, City of the Living God.

But before Zion could become that, she has to have this, because Zion was broken down by the Babylonian power. The Roman spirit eat down the tree. The Babylonian power break down Zion!

*...let the bridegroom go forth of his chamber,
and the bride out of her closet.*

Even the young couples just marry. Your mind wants to be on honeymoon. You mind wants to be by the sand. You mind wants to be out by the pool. You mind wants to be taking out pictures. You mind want to have all your colours right, and your bridesmaids right and your suit right and the page boy and the page girl and all the decoration; the cake. You want to have all that, which is good. But the thing is when you hear that trumpet start to blow you better know what is priority. You better know what is priority.

This ain't my Word. If you have a different interpretation, maybe you will show me yours. I preaching it how I see it in the Bible. When He starts to preach so, everybody gets nervous.

*Let the priests, the ministers of the LORD, weep
between the porch and the altar....*

God line up their position. God specify the location. You know what that is? That was the approach where the priest can come from the outer court into the inner court and enter into the Holy of Holies. That was the approach to God. 'Blessed is the man who God chose and cause to approach unto Him', and the priest represented the people before God.

To me that look like Church Order. To me that looks like Church Order. To me when that happens, God says, "Get the children, have Meetings with them. Get the elders, get the couples." Sounds like Church Order to me. It even lined up the priest, too; the ones who stand and preach to the people, it lining us up, too.

We have nobody to preach to us unless we really listen to the prophet's tape. And then you could chose which ones you want to hear, so a minister could get in a bad condition, sometimes. You understand? Because, we could get preaching to people, and when we preach to people after a while we don't realize the Word applies to us, too.

That's why ministers in the Church here, I'm talking about local ministers here. When the Word come you don't feel offended. You don't feel you under pressure, because if you could stand and deliver the Word, you ought to be able to sit and take the Word the same way.

That don't mean you not under scrutiny because you preach the Word. When Brother Branham come in Chicago, three hundred ministers came under scrutiny immediately before God. When he stood in that tabernacle, he say "Bro Neville, you, Bro Beeler, Bro Collins, you all there, he say "Stop the foolishness!" On **THE TOKEN**, read it!

And that's why sometimes, the Word gets there, after a while people live in glass houses, so the Word can't have free course. The Word has to learn to make zigzag, like smart bombs, bypass people and bypass this one, bypass that one. But watch.

*Let the priests, the ministers of the LORD, weep
between the porch and the altar, and let them say,
Spare thy people,*

*O LORD, and give not thine heritage to
reproach, that the heathen should rule over them.*

Look how God is telling the ministers what they should say. He did not leave it up to the ministers alone; otherwise you know what is going on? The ministers will come with Calvinism. “This is the people of God. This is Bride. We can’t be lost. We in the Message. We make it already. Is the Baptist who not making it, and denomination who not making it, but we making it.”

He says, No, in Zion. You say, “Lord the people...” In other words God want you to see the people the way God seeing the people. God wants you to see the Church and its condition. If we can see the locust eating inside here and the palmerworm eating fruits in here, and the locust eating bark in here; when you expecting people to know the doctrine some don’t know the doctrine, when you expecting people to have fruits, no fruits, palmerworm on the tree. Watch.

*...that the heathen should rule over them:
wherefore should they say among the people, Where
is their God?*

*Then will the LORD be jealous for his land, and
pity his people.*

*Yea, the LORD will answer and say unto his
people...*

Watch, God is going to answer. God promised the blessing, but God is saying, “Before the blessing come you have to say this, you have to do this. I want this attitude, I want this approach, I want these things set in order, then the Lord will answer.”

Brother Branham say what? Get the mechanics right first, then the dynamics will come down. If the mechanics is not right the dynamics cannot come down. If you have a carbon knock in the engine get the carbon knock out of the engine. If the spark plugs can’t fire get the spark plugs fixed. See?

*Yea, the LORD will answer and say unto his
people Behold, I will send you corn, and wine, and
oil, and ye shall be satisfied therewith: and I will no
more make you a reproach among the heathen.*

Drop over into Chapter 3. I'm coming back where I was Sunday, right here, now. I'm coming back right where I was Sunday. Let's start from verse 9.

Proclaim ye this among the Gentiles; Prepare war, wake up the mighty men, let all the men of war draw near; let them come up:

Beat your plowshares into swords, and your pruninghooks into spears: let the weak say, I am strong.

This is God showing the armourment that is forerunning Armageddon. The stockpiling of weapons, proliferations of weapons, because beating your plowshares into swords, it means you restructuring from your economy to your military. Sword is a military symbol that takes peace from the earth. A plowshare and a pruning hook is an agricultural symbol; that is for your farming. But because war is coming, prepare war, He says. Wake up the mighty men. Let the men of war draw near.

Then if they are about to engage in war they need weapons and this is what we see among the nations – weapons of mass destruction today, stock piling of weapons, already here.

Assemble yourselves, and come, all ye heathen, and gather yourselves together round about: thither cause thy mighty ones to come down, O LORD.

Let the heathen be wakened, and come up to the valley of Jehoshaphat: for there will I sit to judge all the heathen round about.

Put ye in the sickle, for the harvest is ripe...

When is that happening? Harvest time. God is getting ready to reap the nations, but He must reap the Bride first. Both grow by the same seed, by the same water, by the same rain. Jesus tell the parable: the good sower sow good seed, the evil sower come and sow evil seed. Let them grow until harvest time. "At harvest time I will separate." He say harvest time is what? The end of the world; the end of the age.

...come, get you down; for the press is full, the fats overflow; for their wickedness is great.

Multitudes, multitudes in the valley of decision: for the day of the LORD is near.

Is that what it says there, the Day of the Lord is near? What is that Day of the Lord again? John said ‘I was in the Spirit in the Lord’s Day, and I saw one like the Son of Man with a white wig’. Daniel say, ‘And I saw the Son of Man come to the Ancient of Days.

We had one in this day - Son of Man being revealed, went out with healing in the first pull. Young rabbi – second pull, start to discern the heart. Woman you have five husbands; thou art Simon, the son of Jonah; behold an Israelite in whom there is no guile. Son of Man – second pull. Then coming again we see how he come and he opened up the Seven Seals - Son of Man opening the Word.

But then 1965, at the end of the ministry, he says, “Do you realize we are looking at that picture the wrong way?” He says “The Holy Spirit tell me turn it to the right angle.” The picture was like this, but then God say, “Turn it to the right angle”, and then He saw One, The Supreme Judge. Not until the end, he say this is what, when I was opening the Book of Revelation, Chapter 1. He had preached it out of the Bible, but had nothing to identify ‘we are in that time’.

But one day, up in the Canyon 1964 March 27, the Holy Spirit say “Take that rock and throw it up in the air.” Then January 1965 he standing in Phoenix to preach and the priest come and hand him the Book. The pages in his Bible was stuck, and the Voice come from heaven...The same way the Voice come and say “Pick up the rock” and it start judgment on the earth, the Voice come in a car now, and say “And He went into Nazareth and the priest gave Him the Book”

Now judgment is started and now the Day of Vengeance is here, the second coming. Then God come the third time and say “You looking at the picture the wrong way.” And he saw the picture turned and he saw Christ wigged.

Then eleven days after that he is in California and for half an hour the One who came on the mountain and say “Pick up the rock”, the One who talked in the car, the One who say “You looking at the picture the wrong way”, he say for half an hour I did not know where I was”, and I played it for you Sunday, you heard his own voice. “I was unconscious; for half an hour I did not know where I was.”

Then I played for you Sunday, too, Bro Billy Paul's testimony. And he even picked up the picture and hold it and said, I was right there. He said, "And you know how daddy was." He said Daddy said, "Where are you, Billy"? He said "California." He say, "Be more specific." He say, "Where are you?" He say, "Los Angles, California." He say, "Be more specific. Where are you?" "Downtown, Los Angeles, California." "Be more specific. Where are you?" "I'm stand in the front of May Company, Downtown Los Angles, California." He say, "Well, you see where you standing there, sharks will be swimming there", because that angel is the One who said that. It's going under the sea. And I played that for you.

And I played that for you following them three Messages: **SOON COMETH THE EARTHQUAKE.** Now, where on earth I going to go and preach **SOON COMETH THE EARTHQUAKE?** I know an earthquake coming soon? After preaching all this thing about economics and the food, and this, and the sub-prime mortgage crises, and different things, it went over there to say this is the last part here.

Now, when it get there, the Church better have an ear to hear what the Spirit saying, and the Church better have discernment to discern the body. And the Church better be sensitive to know the signs will be in the body. And the Church better know if they in the body or if I in the body, too.

Because if we don't know these things and it's in our midst, 'For this cause many are sick and weak and asleep.' Asleep, and sometimes I see people just out of it. They don't know what's going on. Good people. He say, but the thing is they feel the pull of the hour, but they fail to see the awakening. They fail to see the thing moving, and they saying, "Let us fast and prayer, it will happen." He say good people. He say "Some of the finest men in shoe leather."

Brother, you see the time? Now watch. Let's finish read. So He says:

Put ye in the sickle, for the harvest is rip...

Did the prophet preach **HARVEST TIME?** Did he preach **THE SEED SHALL NOT BE HEIR WITH THE SHUCK?** Did he preach **IT'S THE RISING OF THE SUN,** the first mature one

ripened. Was it on that very Message I'm saying, he say, "Turn the Cloud, it's the Lord's Day?"

Does the Lord's Day and the Harvest Time come together? Is harvest time a time of judgment? Is that the time he burns the chaff? Is that the time He burns the tares? But is that the same time He gathers the grain in the garner? Redemption for one and judgment for the other, because both ripen together and this Message is what brings the separation – "Come out of her My people because that is what is being bundled in the ecumenical move for the fire. You come out of that."

Is that where we are? That's where we are. It don't have two harvest time, is one harvest time. It don't have two end of the age, it has one end of the age. End-time seed sign, end-time Messenger. That's why we have a revelation of the rapture and that's why we have a revelation of the judgment. That's why the Seals is opened and the Vials is opened. Because the same angel who is the Messenger of the Seventh Seal was the same angel with the Message of the Seventh Vial. That's right? That's right. That's the Bible.

We in Joel. Who is bringing them people down there? The Locust, the locust. Is there demons in people? Was it called hell following death? Under your forth Seal what is it called? 'And hell followed death'. Who was death? Lucifer incarnate. Who is hell? Catholics and protestants that reject the Message! Hell following death.

Verse 14:

Multitudes, multitudes in the valley of decision...

Not one and two you know.

...for the day of the LORD is near in the valley of decision.

The sun and the moon shall be darkened...

Luna eclipse and solar eclipse. I don't know what you have in your mind. I wonder if Bro Atree have that picture. I game him a picture. I sent it for him to show when they had a total Luna eclipse in the year 2000, there.

You see when these signs take place, the whole world don't see it. Because part of the world is day and part of the world is night

and for you to see the sign you have to be in the part that the sign is in. You understand what I'm saying?

If I'm looking for the sun here tonight, I can't see the sun in the sky. You could see it? But there are people right now sweating in the sun. Not because you not seeing it the sun isn't shining.

But sun and moon go back to Genesis 1: a greater light to rule the day, a lesser light to rule the night, and its given for signs and seasons. Sun and moon is not just for light on earth. It is for signs and seasons. The heavens declare the glory of God and God does nothing on earth before He first show His sign in the Heaven. And the reason God is putting signs there; God is saying "The events will not come so. When these events come, look back and see, it had signs forerun it." It can't happen without signs forerunning it in heaven.

And if you eye was not up in the heaven, because the heaven is a clock and you can even go right back and find the astronomical chart when Jesus was here and you can know even tonight what position the stars was in when Jesus was born. You know that?

Because they make the same cycle year after year, that's why they can predict the next Luna eclipse for 2184, you can say what date the next eclipse will be. And you can say when the next solar eclipse is going to be. Why? Because it moves in accordance...Since God spoke it into existence it is held by the law of God's Word and they are set in their courses.

It was a clock, that's why they sit back there and know when the Messiah will be born. That's why Enoch could of put it in the Pyramid. That's why he could of put World War 1 and World War 11 in the Pyramid. That's why Jesus would come in the sign of Leo, the Lion. That's why we in that sign already. You think it's a sign to come?

The Lion has roared and seven thunders have uttered their Voices, and we in the coming of the Lord. Verse 16:

The LORD also shall roar out of Zion, and utter his voice from Jerusalem.

I read all that to show you, blow the trumpet in Zion; sanctify the people in Zion and then there is a roar coming out of Zion. You can't get the roar out except you are sanctified and set in order. The ones who the roar coming out of, the Bride, let me tell you, that is the ones who overcome the locust invasion.

They are the ones who overcome the locust invasion; they are the ones who overcome the evil of the evil age. You understand?

... and the heavens and the earth shall shake...

Is that what Haggai say? When is it shaking? He say ‘When the desire of all nations shall come, God will shake the nations and He will fill this house with glory.’ He will fill this house with glory. That mean the house had to be built. When the shaking going on the house has to be built.

Has God built back His house in the last days? We sing it – ‘I will rebuilt Jerusalem.’ What that is? Something in Israel? Built back the walls. Are you fortified? The enemy, Sanbalat, and them, outside, shut out? Priests know when to offer the sacrifice, how to offer the sacrifice. They know the approach to God. People with the trumpet, they playing as one voice, that the cloud could fill the temple?

Did Solomon built a house in seven years and fill it with the glory of God? Is Christ going to build a Church, the greater than Solomon? David’s Son built a house for Seven Church Ages and then filled it with the glory. And the glory of the latter will be greater than the glory of the former? Was that the prophecy?

And Paul, in Hebrews 12 says, ‘And he will shake Heaven and earth, but we received a kingdom that cannot be moved’. Have we received a kingdom? Did the King appear in this day? Is the King the Lion? Is the Lion the One who roared? Was that King-Theophany, Jesus? Did Seven Thunders utter their Voices? Was that the coming of the Lord in the age of Leo, the Lion?

I’m struggling and laboring, trying to show you this is not something way down back in the...It’s happening around you! We in the age! The sickle is in!

Look, you seeing people being baptized tonight. You see people baptized a couple weeks ago. I pray thee; tell me, if the sickle didn’t reap them out of the world and where they were to bring them in the pool how they get there?

Recently you seeing Venezuela, Chaves went with Putin after he united Morales and Rula and the one from Nicaragua, and then America putting pressure on him, he goes to Putin. And Putin says “Yes, we going to have some relation with Iran there”, and he says “we want to restore our relations there with Cuba.”

You know why? Because I preached for you here, last year after the Convention: 'The Vengeance of the Lord's Tabernacle'. They have a big board on the hill, and if you all never stop to read that board, it's no wonder we have the mind block. Because the Word was preached, the brothers went, got the articles and put it there to simply and to verify it is not somebody inventing things here. They gather up all the news clippings that I will not take a Service to read and they put it up there for you, so you can go and read what the prophet say, read the news, read what is being preached here to you and you can stand there and see what is being said.

Because when that took place, America want to put up their missile shield in those two countries there and Russia say, "You put up those shields, there," he say "we take these nukes and we point one to Czech Republic and we point one to Poland", because they see what America is trying to hedge them in – a policy of what they call containment. And so they come back now and say "Ok, that they want to do? We going to come back in Cuba here, we going to make ties with Venezuela here, like you all make with Iran and China and India and them already."

I'm talking about Kings of the East, you know. I wanted to tell you about Beijing, but I had to go all here to try to convince you, after I come through all these last weeks preaching. I keep telling you, listen back the Word; study it!

People letting the very thing that coming to sensitize them and wake them up, go over their head, because people so think they know everything, that once they hearing something they don't know they not interested in that because they sit here and think they know the whole Message. You don't know the Message. Let me tell you, you don't know ten percent of the Message yet.

Because, to know the Message now is to see what is happening in the earth. And what's happening in the earth to see where it is in the Message and where it is in the Bible; then you know the Message. If you don't see it you don't know the Message.

And that's why it says 'Blow the trumpet in Zion' because Zion is supposed to have Light. Zion supposed to be under expectation and awaken. Zion supposed to be a Church praying up, because they in the coming of the Lord.

He said blow it in Zion and He specifies all the conditions if He has to come down there. Now, blowing the trumpet was how they gathered the people. Feast of the Trumpets gather Israel back in their homeland. Spiritually, our gospel trumpets gather us in the Message, the Shout gather the Bride. That is, seven thunders uttered their Voices, gather the Bride. That is the gospel trumpets.

Two hundred and five nations gather in China. How did they get there? Over one hundred Heads of State in the world is gathered there and the biggest spectacle in the history of all the Olympics, from the very beginning to now, they have never had a spectacle as big as that.

Forty billion put into seven years of planning and China is the oldest civilization there is on the earth. And China used the occasion to showcase to the world, “We are not some backward society back there.”

They used it to showcase that they are a super power: Economics, technology, science, everything. And they took the seventy-five minutes and they portrayed, that blew people completely out of their seats. Their history of five thousand years of China; from the ancient China to what it is today. And they set it that it will be eight seconds, eight minutes past eight, on the eight month, in the eight year of the twenty-first century. That’s where they had that. That was the time they set for it because they believe eight is their lucky number.

When you have over a hundred Heads of state: the president of the United States; Russia; England, all over, India, all them different places, all over, being gathered here. You have the international press.

I have something I want to read here for you where they paid over eight or seven hundred million dollars. NBC paid nine hundred million dollars for the rights to show the Olympics. They had the rights to televise or telecast and so on.

It was, they say:

They dramatically showcased more than five milliners (five thousand years) of Chinese history for ninety-one thousand spectators...

That was in what they called the Bird Nest. The place where they had the stadium for the Olympics.

...and an estimated television audience of four billion people.

That is more than two-thirds of the world's population.

The world may never have witnessed a ceremony of the magnitude and ingenuity as that which opened the twenty-ninth Olympic games.

And twenty-nine is a prime number and twenty-nine also is made up of twenty and nine. Because you know you have ten digits. Then if you have eleven, that is ten and one, if you have twelve that is ten and two and so you go. And when you have twenty that is like double ten and nine and nine is a number of judgment.

This Scripture – Revelation 16:12 says: that sixth vial, the kings of the East is coming: to make a way for the kings of the East. Until when? It's only these last few years China has overtaken the world. And China, which is more than a billion people next to India, which is a billion and Russia, all these people on the same continent – Asia, going right back to Europe.

And, to see this is happening August 1st, when this eight month started and the new moon appeared, the first of this month. Now in the Bible, I went through that with you many times on the Messages when I was preaching about Nehemiah 8, when they opened the Book and they found the time to build the Feast of Tabernacle and all those Messages there. And I showed you how they used to blow the trumpet on the new moon. And how Psalm 29, they used to sing that Psalm in the evening time of the blowing of the trumpets, because Israel is gathered back in their homeland under Feast of the Trumpets, but the Bride is gathered also.

Just like natural Israel is rushed out of all nations back to the Promised Land, the Bride is rushed from all denominations back to the promised Word.

Just like the Bride received a prophet with the Spirit of Moses, Elijah and Christ here, they are going to receive the Spirit of Moses Elijah and Christ over there, also. Just like in the Bride, Michael is delivering the names found written in the Book here, Michael is going to deliver the names found written in the Book, over there. So everything is happening the same.

Just as the woman give birth to the man child and the red dragon wants to take it. In that hour she is given two wings to fly and she flying to the place where she is nourished, the same way for them also.

And just as the earth opened its mouth and helped the woman, so the earth will open its mouth and help the woman, too. Because that other earthquake is when Christ comes back to fight for them, with His saints. You understanding?

Then, if these things are being placed in context, in perspective, for us to look and see...After this Olympics here, the whole world knows China is not some backward nation. China was closed up and the western world could not go in. They open it up; bring the whole world in to see. Blow them away. The oldest civilization.

Then we hearing an election year in the United States. Then we are seeing the same spirit and influence in the time of the cold war that brought the earth under such tension, where it was like a nuclear holocaust. And the prophet standing in the pulpit there, in 1962 when Kruchev put them nukes in Cuba and Kennedy in the Whitehouse, there, showing that the world is now in the brink of nuclear holocaust. And Bro Branham stand there and praying, a prophet seeing what is happening. Already know that Kruchev and Eisenhower, the toes had already been formed and this was happening. Already know he was there and in his day that Word, the Rock cut out without hands was coming. That is the very One that come and veil in the prophet. Is that right?

Just let me read one or two things for you quickly and we change. Because I laboring too much to tell you these things. You should be flying. And I go through these things over and over. You should be reading and watching what's happening in the world.

You living in the Book of Revelation. Up to Sunday: we living in the age of Leo, the Lion; we living in the age of the capping of the pyramid; we living in the twenty-second chapter of the Book of Revelation. But, you see, you hear it, but you see, what makes it whole is when something in you going on connects with that.

When there is nothing going on in you, you hearing and trying to figure out in your mind what he saying, how that fit, so and so. When you walking in the Word and each day you watching because you are being posted and you know you are part of the fulfillment of the Word, and you walking there, you expecting God to talk to you. Because you getting ready to leave this world, you getting ready to put on immortality.

You ain't hoping something happen to you one day. You know you walking with God. Like Enoch, you have rupturing faith inside of you. You know you come out of Egypt, you come through the wilderness, you cross the Red sea, you know God purge the world out of you in the wilderness, you know you eat the first fruit at Kadeshbarnea. You know you cross over when the seals open into the Ephesians. You know you fought and you took your place. You know no devil could confuse your mind, you know what part of the Word you are. You know your promise; you know what you fighting for.

Each day you growing in strategy and knowledge and warfare, how to fight and take what is yours so you can live in the victory as a Son of God, like Caleb lived, so you can say such as I have I give unto you! You can walk there, and that's where the believer is.

The believer ain't somebody coming in Third Exodus Assembly, and we come, we sit here and we having a convention, and saints coming in and yes and we plan. What is the use if you not walking in the Word? What is the use if your faith is not anointing the Word?

What is going to push the prayer? What is going to push the prayer? The trumpet is blowing saying "Look the locust, look what is happening here. Look what is taking place. Look, God come down. Look, God set you in order here. Look, the former and the latter rain is going to be poured out. Look, the last showdown is the Mount Zion showdown."

Did they have a Mount Carmel showdown? Did it have a Mount Transfiguration showdown? You see? Everybody know "yes", they know it by reading. There is a Mount Zion showdown? What is the Mount Zion showdown, the Lion roaring out of Zion? What is the showdown? And is the Mount Zion showdown the rapture? It that what it say it is? And that is happening when the squeeze come down?

My wife had a dream, she was telling me. She told Sister Irma. I was sleeping and then she told Sister Irma. She says I had a dream, I was telling Sister Irma." I say "What you dream?" She says "I had a strange dream. I don't even know how I dream that." She says "I dreamt Patrick came to you with this envelope, like with a letter, and he brought it to you and it was something from

the Government saying you have to close down Service. You can't preach no more." She say and "Irma begin to cry in the dream when it happened. And it specified they don't want to see so much people gathered at no time together in no place." And all the different things it had there.

I say, "Well, that is what we talking about now." Since November these are the things that come on our doorstep. I don't have to watch her dream, I have the Bible here. But **DREAMS, VISIONS, DIMENSIONS and PROPHECIES** were preached that God could communicate His will. And if I hearing this Word, the dream not conflicting with the Word. I was looking for you, Irma. I now see you sitting there. I was wondering where you were at. I watching Merle, I not seeing you. But she told you that dream, right? (Sister Irma nods her head). See?

It's the time, friends. Look, the saints from Venezuela come. Maybe, God give them something to bring for us. I don't believe they just come to maybe, eat and sing and run around the place. Maybe, God give them something to bring for us.

Its strange God had those two ministers from Mexico pass through here, God have these brothers come through here. Well, if this ain't wake you up, God has to send something to wake you up. You understand?

Let's stand to our feet. Next day I will tell you a little bit about China. You hear the prophet say the gospel go back to the east when California go down? That is the west coast. Then it go in the Pacific Ocean, go back to China, go back there. And the last few years God bring out a few believers in China? I myself cross over in China and preach.

Pray to wake up, pray to wake up. I can't wake you up; the Holy Spirit has to wake you up. I could say what He give me to say. But you have to have your heart open for it to fall into your heart. And then you have to believe it.

If you sit and say, "I want to figure it out." If, by now, after thirty-five years you have to figure me out, because I would sure like to hear what some of us looking for. I sure like to hear where God is dealing with some of you all. What is in your heart. What you looking for. What you under expectation for. What we see. I sure some of you could get a list and pick out the ready ones who

ready to go out the Church. And say, “These done gone through already, as far as God is concerned.”

Brother Branham in this prayer, I read the two prayers for you. I’m going to read back one from **WAY OF A TRUE PROPHET**. He came to pray. He was talking about the lion roaring. He said “Let’s pray now.” And he begin to pray. He say:

*O Lion of the tribe of Juda, rise up and roar.
Thou art roaring in this last day. Your eyes are
narrowed; You're looking down.*

*You're seeing the sin of this so-called Christian
nation and world.*

*You're seeing the sin of this nation, when it's
been bought with precious Blood.*

*You're seeing how the denominations are
wading over Your Word, see how the false prophets
are lying, God's Truth they're denying.*

He says:

Roar, O Lion of Juda; let Your prophets cry out.

When God speaks, who can keep from prophesying?

When God speaks who can but prophesy? The Lion doth roar, who can but prophesy? If God really roared in this day, and there is to be a ‘Thou must prophesy again’, you are able to prophesy if the lion has roared. Because, if the lion roaring the King has spoken. And if the King spoke and seven roars went out, His whole council; past, present and future is known.

It takes nothing for me to stand and prophesy, “California will go down!” It takes nothing to prophesy, “He’ll ride this trail once more!” Why I could prophesy these things, because the lion already roared those things and when it’s coming more in season, the roar is only to say back what has been said. That’s why the Spirit in the Bride is saying what the Spirit said.

Oh God, he said:

*It's the Word of God coming out of the Bible, moving up
through the prophet. How can he hold his peace? If he would, he'd
blow to pieces.*

Look under the sixth vial, the kings of the east is coming forth. The kings of the east have to do with the drying up of the river. The drying up of the Euphrates River has to do with the fall of Babylon. The kings of the east is communist. They aligned with

the king of the North, because the same scenario is coming back. Because the western world has united, lift themselves up, deceive the world. Go in and take the oil in Iraq, destroyed the people, then go down there and President Bush is saying, he is speaking out against human rights in China.

I say, “Look at these people. You kill over a million people in Iraq. Lie to the world, and you have the audacity to talk about human rights. You have thousands in Guantanamo Base in chains, just under suspicion. Just, maybe, they look Arab or something, and you have the audacity to go and talk about human rights.”

Sure, maybe the people need to be spoken to on human rights; but then, when you in that condition...You know what they call that? Politically correct. You see, somebody hand you a paper and say, “When you here you will look like a compromiser if you don’t say this and this. And you are an icon in the world, so we expect you to talk on the economy. Talk on the political state, talk upon human rights.” So you go and you make a statement, and this is what the world has come to. This is what the world has come to.

This is the spirit and influence our nation is aligned with, and governed by. This is the first set of people we look to for help. This is the people we pattern after. Bride wake up; wake up.

The Bride is the Word. She is Life of His Life, Spirit of His Spirit, Word of His Word. Works of His works. She and Him is one.

Look what is following that eclipse, there. That place has been so shook and struck with disasters. They set this thing up eight seconds past eight, on the eight day on the eight year of the twenty-first century. The oldest civilization, the nation with the largest population, where over two hundred and five nations is gathered in these. Because with the new moon come the gathering of the people, and when they gathering of the people, every thing is designed to showcase that this nation is...

It’s not about the games, you know? They call it the most political games they have had since the modern games over the last hundred and something years. And all the leaders of the World want to really go in to see what is in there.

But out of there is coming forth a new power, a new power in the earth. That is written in the Book of Revelation there and that’s why as I say the US Government tried to destabilize

Venezuela, to undermine the influence, because they don't like the association of Venezuela and Cuba.

And through the influence the spirit that was on Castro past there, because these are people that can read the objectives behind the United States - an imperialistic nation, a nations that wants to rule the world and break other nations and bring them under their control.

And so they decide to resist, and they go and they aligned themselves right back up with Russia, which is raised up to bring the sickle to reap the earth. 'Put in the sickle!'

Then, if all of this is moving into place, ain't we moving into place, too? And if we in the midst of the famine before it can go back to the Jews aren't we to be dismissed? Then after those three Messages there, and He shook California after fourteen years, surely I don't think that God is playing.

I believe, you see when I speak so, I am thinking of, I look for a certain kind of response that you understanding, that you grasping, that you believing and that what you hearing moving you up a little closer to God.

And as the pastor who preaching the Word, I will know what kind of atmosphere that Word will put you in and create around your life. I am looking for an atmosphere where you starting to see people walk in a world of perfect faith. Because they are being made known positionally who they are and what they are and what time they living in.

Because I am conscious this Word is telling you what time you living in. I am conscious this Word is showing you your position. I am conscious this Word is showing you the position of the nations. I am conscious this Word is showing the condition of the lukewarm church. I am conscious this Word is showing you the continuity of the Message after the prophet. I am conscious all of that is in this Word.

And I have travelled the world, and I know this Word is very, very, very, very, very rare. But I know Life connects with Life and I know faith connects with faith and I know anybody have a noble spirit like in Berea, they go back and they search the Bible and search these things, they will know this ain't an invention of man. This ain't something somebody human mind trying to bring down to tickle people. This is a Word trying to minister you into a

place, into a condition, into a position, because I know where I am living and where I'm walking. I know what the revelation has done in my life.

Let's just sing, '*Turn your eyes upon Jesus; look full in His wonderful face.*' The prophet say look away to Jesus. Look away from the world and look away to Jesus.

*Turn your eyes upon Jesus,
Look full in His wonderful face
And the things of earth will grow strangely dim
In the light of His glory and grace*

Oh, prayerfully now, with all your heart and soul. *Oh, soul, are you weary and troubled?*

*Oh soul, are you weary and troubled
No light in the darkness you see
There is light for a look at the Savior
And life more abundant and free*

He say, 'I came that you might have Life and Life more abundantly'.

He wants to give you something more than your yesterday, friend. Why don't you turn your eyes on Him, tonight? He is the Judge, the Supreme Judge. It made Abraham fall on his face, and begin to weep and to plead in desperation for Lot.

He saw them feet turn into brass, he saw them eyes like a flame of fire. He saw that hair white like wool. He heard that Voice like the sound of many waters. He knew what hour had come.

*And the things of earth will grow strangely dim
In the light of His glory and grace
Through death into life everlasting...Hallelujah, hallelujah.*

He passed and we follow Him there...Crossing that Jordan, friends, going through Calvary

*to get to Pentecost. Hallelujah.
Over us sin no more hath dominion
For more than conquerors we are*

Hallelujah. There must be a death first to have a resurrection.

Turn your eyes upon Jesus,

He is the example. Let's follow His bloody footprints, tonight. Before you could cross over in the Holy Ghost, that ark in the midst of Jordan had to make a way for them to come. They had to follow the ark over. The ark was Christ conquering death, and

through His death opening a way to bring them, where all things could be under their feet.

And the things of earth will grow strangely dim

In the light of His glory and grace

His word shall not fail you He promised

His unfailing Words of promise. Tie your soul to it tonight. It's an absolute. You have the Holy Spirit, it will only point to that Word, that's the North Star. It never moves; it always remains the same.

Believe Him and all will be well

Then go to a world that is dying

His perfection salvation to tell

Turn your eyes upon Jesus

I want to invite Bro Collin Wellington. You hear the trumpet blowing in Zion, tonight, calling for a full, complete consecration. The locust invasion is on, darkness all around, but the breaking of the morning also. Because there is a final roar to go forth in the final ride, the final quickening unto the rapture, final Voice to the final age.

Why don't we take each others hand? We come to the end of the Meeting here. The Convention is at hand. What are we going to come and do? Talk about things in the past or walk in the realization of what is being revealed, what is happening? What are we going to do? Just thank Him and praise Him for what He did in the past and praise Him for what He is going to do in the future, or are we going to get into the rhythm of the symphony and see the same harmony as that Holy Spirit is being released through the Word and the Word coming down and becoming the mind within us. Moving our human mind out of the way and the Word, Christ; the mind of Christ coming in, then we know what He wants done with the Word, because we know the Word, His will for the time and season that we are living in. The part of the Word He is leading us to quicken and anoint and bring to life, that Word could be interpreted in us.

That by seeing these things we'll see a Church waking up to recognize His Presence and come under the influence of a rapturing grace, a rapturing faith that we all can partake of in this hour.

Have that desire in your heart. Have that desire. As the prophet says, "Pray for revelation. You need it more than your very own food." We have planned a lot of different kinds of food to eat over these next few days, but how that is going to be in the draught a couple days after, but the food that we can feed upon, the Bread of Life is He who is come down from Heaven, that nourishment for the soul. How we should pray.

Last week we were praying for the Holy Spirit. May we pray for the revelation of His Word in our hearts because the Spirit must have that Word to quicken and make real to write it in your heart by a birth. 'I'll write my laws in you heart and your mind,' He says.

The eyes of our understanding could be enlightened. We can hear, not just hear but move in that channel where the Spirit is moving us, getting us ready.

You just believe in your heart, tonight, and may God, in whose Presence we are gathered, guide our brother to pray. And the ones whose hands you are holding, you, in your heart, have prayer for them. They will be praying for you and you will be praying for them, and let's keep this Convention, that this will be a special time for us, because the things that are happening...

Maybe, Sunday the Lord willing, the Lord help us to bring it out more for you to get you ready, saints.

Don't let it pass you by. Get to the place where Christ means more to you than everything in your life and this world, that the Lord, Jesus, this One, the Author and the Finisher of your faith, He will be able to settle in and in that day you will know as I was in the Father and the Father in Me, not know the Scripture that says that, know *that*, because He walks in you and talks in you. He leads you and guides you, He instructs you. He constrains you, He convicts you. How you want to come up into them places, by God's grace.

All through the region, take each others hand, there. Let's be united. In a few days we will all be gathered together in this place, looking with great anticipations to the Almighty God, as our prayer could go up before Him, tonight. By the Spirit, according to His will, He would answer. He would answer. We are praying to a prayer-answering God. A God who is revealing to us what we

need to ask for. What condition and what position we need to be in, that He can work in and through us to fulfill His Word.

Oh God, may He help us, tonight.

{Bro Collin Wellington prays}.

Amen. Why don't you turn around and greet your brothers and sisters and tell them 'God bless them'. Amen. Let's sing *He never let go of my hand* before we leave. You could have your seat afterwards. Hallelujah. Amen. Make sure you greet all the visitors here. Thank You, Lord. Amen. Praise His wonderful Name.

We have a little testimony here from our Brother Kevin Mitchell, who is the Brother who was married recently. Police Officer in the Special Branch over there in Grenada, a fine brother. He's really standing for the Word. He says:

God bless you, our precious Pastor Vin, and to all the soldiers of the Cross throughout the region and the world streaming in. I think it is of great importance I give this testimony of something supernatural that happened in a Service couple Sundays passed.

About two months ago I was led to the studying of earthquakes and the part it played in the Son of Man's ministry, and how it always leads to a dispensational change in time. I followed the leading of the Holy Spirit and studied every available document I have in the Message about earthquakes and was certainly fascinated.

But what really fascinated me even more is when two months later the Holy Spirit will put it upon your heart, pastor Vin, to sensitize the Church about the same earthquake and its importance in the Son of Man's ministry.

*What I did not understand became much clearer to me. That day I am speaking about was Sunday July 6th, when you preached **SOON COMETH THE EARTHQUAKE**. I was sitting in the back and was following very closely the Scriptures you took and out of that I even gave the Message a subtitle: *The Progression of God's Wrath Upon Those Who Reject The Message*. Pastor Vin you continued preaching.*

I heard you make mention of rain falling in Trinidad. There was no rain in Grenada at that time but as soon as you started reading the quotes the weather changed, rain started falling. I recalled when you read one of the quotes where you spoke of

lightening and thunder and the earthquakes and other disasters that would come upon the face of the earth. All of a sudden one very bright lightening flashed, the projector screen went blue, but we were still hearing your voice. And then one extremely great blast of thunder went forth that caused saints to jump on there seats. It was like a cannon went off in the Church. I said to myself, what was that?

I went home after the Service and really took thought to what had happened. I later found out, during the course of the evening, that that lightening had sent a man blind during the day. I said to myself, while the sign that would be seen will mean redemption for us, while on the other hand it will mean judgment for those who rejected the Message of the hour.

Saints, I believe with all my heart that the hour is very late and that we, at all times must consecrate ourselves and pray without ceasing for the leadership of the Holy Spirit, because it is an hour of great deception.

Saints, I see two classes of people every day. I see my brothers and sisters in Christ Jesus, and I see the criminal elements, also. My daily job is to control them. I see the evil veil that is upon them. The aggression, the killing instinct that you see in their eyes, and I know that it is not normal; they are all controlled by the power from the underworld.

I think of the darkness Moses pronounced upon the Egypt before leaving and I also think of the darkness one like Moses in this day pronounced that will be on the face of the earth before we leave.

God bless you saints. Let's keep on pressing the battle, looking to the unseen at all times.

(End of testimony).

This brother is an officer with the Special Branch people. These are scientific, special kind of training. It's the first time I ever hear him talk like this. He is not prone to get out and just want to talk to the saints and send something like this.

But I believe, you look in the body and you see those in the body who can catch the Spirit, get hooked into the same Spirit. And God witnessed that by the mouth of one with a witness, he is giving testimony.

This is a mind that is trained to investigation. This is a mind that is forensic and deals with details. This is a person who has that kind of training. And that is why, he says, he studied these things, he explored all the different materials and these things, then two months after he hear the Spirit come with the Message and see what happened.

Then he takes it into his daily work and life, his occupation and his experience, what he has to deal with and things he sees in the Message and it comes out.

He says it's a testimony, I say it's a witness and a warning. It's an admonition and exhortation to the Church. And that is something in 1 Corinthians 14. If you think it's the Pentecostal way, you get up and say "Yea, saith the Lord", but where he spoke from, something strike in the Word there and he speaks.

He was not in the men's Meetings. I don't know if he was, and feel led to say something, but what I read here tonight is very, very aligned. Its not loose, it's in a channel.

Also, in Guyana there, the song leader Bro Brian Bobb sent a note of thanks.

(Bro Vin prays for brother Bobb).

Let's just sing this song, *He never let go of my hand*

There's a hand that covers the mountain

And that furnish all the galaxies

And that same hand that holds the world in space

Is the same hand that is holding me

Amen.

He'll never let go of my hand...
