THE GREAT ENDTIME BATTLE

Wednesday 9th June 2004

*I stand, I stand, in awe of You
Holy God, to You all praise is due
I stand in awe of you.*

Let us pray. Thank You, Jesus. Blessed be Your wonderful Name, tonight. It is such a blessed privilege for us, dear God, to come into Your house and be assembled in Your presence. To bring the sacrifice of praise and thanksgiving and offer it up unto You, Lord with grateful hearts, knowing oh God, You have been so good to us. Your grace and Your mercy abound in our lives. And dear God, we realize, had it not been for the great love with which You have loved us, for it is written, 'herein is the love of God, not that we first loved You but that You first loved us and gave Your Son to be the propitiation for our sins' and knowing that 'we have redemption through His blood and the forgiveness of sins, even according to the riches of His grace' tonight, to know that 'we are accepted in the beloved and by a new and living way, through His blood, we could come with boldness into His presence.'

Oh God, and so we come, standing in awe tonight, Lord, as we lift up the great mighty Name of Jesus Christ. Oh God, knowing that we have been redeemed by the blood of the Lamb. Oh God, and You sent back Your Holy Spirit, Lord, the sign that the price has been paid, writing Your Name in our foreheads, Lord, showing that we are Your purchased possession. Oh blessed be Your Name tonight, we belong to You, Father. You have the rights of ownership over us. How we rejoice tonight, to know that we are Yours, Lord, part of the great family of God.

And in this great hour of the dispensation of all things, Lord when You're gathering that which is in heaven and that which is in earth together in Christ, hallelujah! Oh God in this great hour of the resurrection, when You've broken open those Seven Seals to show us how to prepare for rapturing grace. You even put a song in our hearts to sing, Lord, that we have been redeemed by the

blood of the Lamb, oh God, as kings and priests and we shall reign on the earth again. Hallelujah!

We thank You, Lord in this great gathering time. Here You are in our midst, opening up these divinely revealed mystery truths, Lord. You said that it would literally turn our hearts back to the faith of the fathers. It will make us know as we were known and that we will be edified and purified and made ready for your coming. Oh have Your blessed way tonight. Continue Lord, to pour out Your grace into our hearts, Father. Continue Lord, to wash us and make us clean, oh that we might be made ready so completely, Lord.

Lord, we know that we are in the last few closing days, dear God. Soon that door will swing shut. How You have spoken so expressly to us, concerning the end of time. Lord, we just desire to press in tonight. Let every heart be filled with this understanding, Lord. Let every mind be so illuminated. Let faith be inspired in the hearts of Your children. Oh God, all that we have need of tonight, Lord we cast our cares upon You, knowing that You careth for us.

Most of all we pray, Lord even as we are here in Your presence tonight, Lord God, You know just what we have need of tonight, Father, that which You want to minister to us. Our hearts are opened. We come yielding ourselves to You, Lord, saying, "Speak Lord, thy servants heareth."

Lord, we pray for a blessing, a special blessing upon all Your children, out in the islands, oh God. Knowing the tapes go out into Carriacou, into Grenada, St. Vincent, into Tobago and Dominica, out into St. Kitts. Oh God, in different places where we send it Lord. We just pray that wherever it goes dear God, the blessing of Your Holy Spirit will follow. God, it will be nourishment to the souls of Your children. It will cause them to understand Your will more clearly. Your church could be so unified and strengthened in this hour, oh being made ready Father. Grant it we pray. Lead and direct us now and get honour and glory. We ask it in Jesus Name, amen.

God richly bless you tonight. I want to welcome you, in the precious, lovely Name of the Lord Jesus Christ. Amen, we are certainly happy to be in His house.

I would like to invite your attention over to the book of Daniel. We'll read a little bit. We'll get a little part in chapter 7, then speak in different places.

Last night we were down in Cedros there and we are certainly thankful for God's grace and strength that He has given us, to try to help the few saints down there.

You know, sometimes you have so many scriptures; you try not to read too much. But then, you think if you leave out part of the scriptures then sometimes out in the islands, they are now coming in the message in some of the places and when they hear the tapes they would not be able to put all the things together. It might leave questions. So maybe, I should just read from verse one. I'll try to read quickly.

In the first year of Belshazzar king of Babylon

That means that Nebuchadnezzar was already dead. Belshazzar was king now and it was in Belshazzar's time that the kingdom of Babylon fell. It was revealed to Nebuchadnezzar when Daniel stood there and told him his dream but this is a different time because it's a different king here now.

*In the first year of Belshazzar king of Babylon
Daniel had a dream and visions of his head upon
his bed: then he wrote the dream, and told the sum
of the matters.*

*Daniel spake and said, I saw in my vision by
night and behold, the four winds of the heaven
strove upon the great sea.*

*And the four beasts came up from the sea,
diverse one from another.*

The first was like a lion and had eagle's wings:

There were four beasts coming out of the sea and they came up in a particular order because he is numerating them here, in an order, he says the first. He is speaking of the first one he sees coming out, it was like a lion and had eagle's wings.

*...I beheld till the wings thereof were plucked, and it
was lifted up from the earth, and made stand upon
the feet as a man, and a man's heart was given to it.*

*And behold another beast, a second, like to a
bear, and it raised up itself on one side, and had*

three ribs in the mouth of it between the teeth of it: and they said thus unto it, Arise, devour much flesh.

After this I beheld, and lo another, like a leopard, which had upon the back of it four wings of a fowl; the beast had also four heads; and dominion was given to it.

After this I saw in the night visions, and behold a fourth beast, dreadful and terrible, and strong exceedingly; and it had great iron teeth: it devoured and brake in pieces, and stamped the residue with the feet of it: and it was diverse from all the beasts that were before it; and it had ten horns.

Just like the image had ten toes, the fourth kingdom in the image because the four beasts, the four metals that depicted the four kingdoms in the image are the same, you know that. Also it is shown in the same consecutive order. So it is showing you it is the same.

I considered the horns,

This is the part we want to bring out a little bit tonight.

I considered the horns, and, behold, there came up among them another little horn, before whom there were three of the first horns plucked up by the roots: and, behold, in this horn were eyes like the eyes of man, and a mouth speaking great things.

Drop down to verse 17.

These great beasts, which are four, are four kings, which shall arise out of the earth.

But the saints of the most High shall take the kingdom, and possess the kingdom forever, even forever and ever.

Then I would know the truth of the fourth beast, which was diverse from all the others, exceeding dreadful, whose teeth were of iron, and his nails of brass; which devoured, brake in pieces, and stamped the residue with his feet;

So he wanted to know the truth. So he said, “Then I would know the truth of the fourth beast.”

...and of the ten horns that were in his head and of the other which came up, and before whom three fell;

He was really taken up with this and he desired to know it.

...even of that horn that had eyes, and a mouth and spake very great things, whose look was more stout than his fellows.

I beheld, and the same horn made war with the saints, and prevailed against them;

Until the Ancient of days came, and judgement was given to the saints of the most High; and the time came that the saints possessed the kingdom.

Thus he said, the fourth beast shall be the fourth kingdom upon the earth, which shall be diverse from all kingdoms.

That's why we have been trying to take this and stay with this for a little while because this fourth kingdom was different to all the other kingdoms. That's the one that we are living in. The world today, in the Bible, is presented to us in a way that it is going to take the Holy Spirit, giving divine revelation for us to understand the world in which we live today. That's why the Bible says that the whole world will be deceived.

People live in the world and they're deceived because when you look around the world, nobody ever lived in a world like this and here we are, it's the most deceiving age. It's an age of deception but it is also a day of revelation. It's a day when the book is going to be opened. It's a day when the hidden mysteries are going to be revealed. All through the age it was never revealed. It was promised that in the days of the voice of the seventh angel, when he shall begin to sound, it would be finished. So this is a day of revelation. They looked for this day to come.

Then it's a day also, where it tells you, 'every name that is not written in the Lamb's Book of Life will worship the beast.' This is an age when Jesus Christ is rejected by Christians, who are still thinking, they are worshipping Jesus Christ and they don't know that they crucified Him. It is so deceiving. This is an age when there is gross darkness upon the earth and upon the peoples. So it's a deceiving age.

So that's why when it is presented here in the book of Daniel, and in the book of Revelation, both places, it is presented to us in a way where it keeps saying, 'and herein is to him who has wisdom', he will know. Not everybody will know it, he will only know by the Holy Ghost. And Daniel says, 'and the wise shall understand but the rest wouldn't understand.'

So you see how these things are presented. So it not like, 'yes, yes.' No you have to know. You have to see. You have to know what you are looking at. You have to know what you are hearing. You have to know what kind of day you are living in. It's that kind of hour because these things are not like Matthew, Mark, Luke and John. It is sealed up in symbols. Why? God kept it secret. It is not for everybody.

The only people in this hour, who'll know Daniel and Revelation, were the prophet and the Bride, nobody else because it is for eagles. It's for the eagle age. The Revelation comes in the eagle time. Do you get what I'm saying? So it's not a light thing. It is not a thing to be taken lightly. Until the thunders uttered their voices, these things were not made known. But Daniel heard the thunders and John heard the thunders. Both were told, 'seal it up until the time of the end.'

So that's why, in the message today, there are people who don't believe that the Seven Thunders were revealed. People think that something is going to come, maybe just before you go in rapture and boom something is going to happen. We don't believe that here. When the seals were opened, that is what the thunders were about.

When the end-time seal begins it is a total secret. The Rapture is a revelation only for the Bride. People are going to wake up in the tribulation and say, "Wasn't there supposed to be a rapture?" And they had missed it; it's gone. That's the day that we are living in.

So that's why, you don't take these things casually. Sometimes, though I'm preaching it, after a while, sometimes a person may think, "Why is he still with that? I know that." You know that? How do you know that?

Because look at the kind of church that Daniel and they were, when a persecution came upon them to bow down and worship an image. Is that right? But they stood. When they were thrown into

the lion's den, they shut the mouths of the lions, quenched the violence of fire. They had gifts they interpreted things. They had visions. They had angelic visitations. Was the early church like that? Is the last day church to be like that? Then the way they knew it, they produced it. Then do we know it the way they knew it? When we know it the way they knew it, it does the same, because wait until the seven thunders utter their voices to a little group, they could take the Word and hand it there.

Seven thunders are connected to the Third Pull. It is connected to 'they that know their God will do great exploits'. It is connected to the unveiling of God. It is connected to the head and body becoming one. Is this the mystery of the thunders that is going to cap the pyramid? Is that right? The head coming into the body? So it is not like, 'yes' intellectually, no. It is, do you know? Do you really know? Have you taken time to look in?

Because remember it takes eagle anointing to give you prophetic vision; and only the Bride could fly up there because not even buzzards could see it. It is too high for them; they will disintegrate trying to get into it. And the only way they overcame in every age was by the anointing that was released to them. Each message released an anointing. That is why they could walk into the arenas and die. They were anointed to die. Then we are anointed to come up in this realm. The church is anointed to live in the heavenly places. Amen.

May the Lord bless the reading of His Word? You may have your seats. Turn with me to Daniel 8 and pick up a little more. I'm going to read this vision as well because I think that it will be good. As I said, I will have to keep in my mind while I am preaching here, that I am preaching to people outside where the tapes go as well. Daniel 8.

Now you know, in 1990 when they had the gulf war, the first Gulf War, I made this track here which you all know. This one on the book of Daniel and Revelation, putting them together with Leviticus, to show the time that we are living in. So that will help you to understand how the book of Daniel is because the book of Daniel is twelve chapters. The first six, mainly are about historical things, yet Daniel saw those historical things fulfilled. And how many know that history repeats itself? That's right.

So it was shadows of things to come too. Then the last six chapters are also in vision and those things there is prophecy for the last days, for the last days; not down through the ages, for the last days. So that's one of the things we need to think of, while I'm reading here. Daniel, as I said in chapter 7 here, was in the first year of Belshazzar.

*In the third year of the reign of king Belshazzar
a vision appeared unto me.*

So what does that tell you? Two years passed and more revelation is coming on the same thing. Because the first four beasts, through those four beasts, he was seeing the same kingdom from a different perspective. Now these are some of the things in Daniel... Like I was speaking a little bit down in Cedros last night, you know, to take a little twist in the approach to the book of Daniel.

Sometimes we are dealing with the kingdoms and the prophecies and the modern events but Daniel is also supernatural. Daniel is one of the books that open up dimensions to you because in Daniel, he is talking to angels. He is seeing dreams that were given to a man and stored somewhere. He had access to God's library. Do you understand what I'm saying?

He is seeing that there are kings. There is a king of Persia, not the physical man, "The rulers of the darkness of this world, principalities and powers." It is opening these things to us.

So in the book of Daniel, when we go there, there are miracles. There is faith. There is wisdom. There is healing. There are tongues. There is interpretation of tongues. All these things are in the book of Daniel. All the gifts of the Spirit are in the book of Daniel. Prayer and fasting is in the book.

So it depends, on how you are teaching and what you're looking at because in the life of Daniel, we see all these things being made manifest. So we realize, that these visions and these dreams, when God is showing them in different ways and repeating them but bringing them from a different standpoint, He has a reason for doing that. Everything the Holy Spirit does, there's a reason for it.

We don't read the Word of God like a newspaper. We read it objectively. We read it, watching the way the Holy Spirit is

presenting it to us. That's why we meditate on the Word. We wait upon God. Why? - Because every jot and tittle is inspired.

And then he wasn't writing these things from his mind, he said, "and I saw in a vision and I didn't understand what I saw. And I was inquiring of the Lord what it meant and the Lord did reveal to me what it meant." So even he, who was seeing the things and writing it, didn't have the understanding many times of what he was writing. But the visions became the Word of God. And the vision was prophecy because even the Angel is saying, 'these visions are not for now. These visions are for later on.'

And then in this book of Daniel, here we are at the end. From 536 BC back there, when Nebuchadnezzar captured Israel and took him to captivity to the year 2004, we are in the times of the Gentiles. Jesus, in Luke 21 said, "Jerusalem shall be trodden down until the times of the Gentiles." Paul said, "Israel's blindness is until the fullness of the Gentiles."

So there is a fullness of the Gentiles because there is a Gentile church. That is speaking of the Gentile church. That's the spiritual part of it. Then the times of the Gentiles, is the political part of it. God has been calling a people out of the Gentiles for His name's sake, the Seven Church Ages, the Gentile church. Then when the Gentile church is gone, Jerusalem is still going to be trodden down by Gentiles for a time. Do you see?

Then, Moses and Elijah are going to come and take out 144,000, you know that. And then all Gentile nations are going to gather around Jerusalem and then Christ is going to come back to fight for them. So, there are things there that the Bible has prophesied. And when we say, the end-time, remember at the end-time is when the end-time messenger comes.

The end-time begins when that book is opened. When that book is opened, and the thunders utter their voices, God is now going to give the revelation. What is the revelation? It's warning us. It is showing us what was, what is, and what is to come. We are caught up in a time, when the great things that were hid in the book are now being brought to light. What is it going to do? Pull the scattered churches together. Gather her together and show them how to prepare for translating faith. To get her out, why? While those thunders are uttering their voices, it is also showing us, 'look what is coming upon the face of the earth'. And this is to

help you to escape what is coming because when the thunders utter their voices, time is no more.

It is connected to time running out, why? Because when that Lamb steps forth to take that book, it means to say, His days of intercession are over, it's the time of redemption. When you see the Son of Man coming in a cloud with power and great glory, look up – your intercession draweth nigh? Your redemption draweth nigh. The Redeemer has the book of redemption in His hand, in the day of redemption, coming between the days of intercession and the days of judgement. He is taking His elect out and putting them under the blood and His wrath is pronouncing judgement on the earth.

That's why in this message He is breaking the seals. He is throwing the rock up in the air and saying, "Judgement has started." And he is saying, "I'm trying to stay under the anointing, to see which message to open, to give you the things you need, to get out of here because redemption and judgement always goes together."

When the serpent was judged, Adam and Eve had a lamb slain for them. When Cain was judged, here Seth and they were receiving the Word. When Sodom was judged, Abraham was coming out. When Egypt was judged, Moses and they were under the blood. It was all happening together. When Rahab was under the token, the iniquity was full and God was judging Canaan. So judgement and redemption always go together.

In the Bible, in the book of Revelation, judgement is presented as the vials, the outpouring of God's wrath. Redemption is revealed as the seals. So the seals and the vials - the vials is not a thing to come. The vials - It is already revealed to us, who is going to be judged because who revealed to you the great whore? One of the angels who had the seven vials. Who revealed to you the Lamb's wife? One of the angels who had the seven vials. Who pronounced judgement on this generation? One of the angels who had the seven vials. Who opened the seals? One of the angels who had the seven vials. Do you get what I'm saying? So it's a time like that.

And that's why – You say, 'well why is it like that?' Remember the people out there; judgement in the Bible is not what you think. We went through that for years and years and years.

That is one of the things that baffles people the most in the message, 'judgement'. Because when they think of judgement, they think of God raining fire and brimstone on people. That's not the Bible. That's the execution of judgement, after they have been judged, tried in court - investigated, brought to trial, found guilty, shut up in prison and then they are being executed. Do you get what I'm saying?

Because if you are justified tonight, somebody is condemned. We sing, '*Justified, never did it in the first place, justified*'. It takes a judge to justify you. The Judge Himself has to justify you and then the Judge pronounces condemnation on them. Why? Because you believe and they don't believe. The soul that sinneth shall surely die and those who are quickened, that soul is passed from death unto life. Is that right? "He that heareth My words and believeth on Him that sent Me, shall not come into condemnation but is passed from death unto life. This is the condemnation that light has come but men chose darkness rather than light." Has light come? Has evening light come? Are we walking in the light in this hour? What does the light do? Cleanses you from all sin. What is sin? - The basis of your condemnation. Sin is the basis of your condemnation, but where have your sins gone? In the blood, in the blood, amen! Glory be to God!

Your sins have gone in the blood. Then, 'there is now no condemnation to them that are' - where? 'Who walk not after the flesh but after the spirit.' Why were they walking after the flesh? We were children of wrath, walking after the course of this world, walking after the prince of the powers of the air, being conformed to this world. But you, (God rich in mercy) you had He quickened and raised up into heavenly places. Glory be to God! In whom we have redemption through His blood, the forgiveness of sins through His grace.

It has been revealed to you. You saw the Lamb. You heard the gospel. You heard the trumpet sound. When was the trumpet sounding? When did the jubilee trumpet sound? In the fiftieth year, in the Day of Atonement, when the priest is coming out of the sanctuary, amen, and when the priest is appearing, that man takes the trumpet and he begins to blow the jubilee, amen. Why? Why couldn't he sound it before? The atonement had to be made first.

There is no blessing that could go forth or be ministered, if there is no atonement. But when atonement is made then the blessing can be proclaimed. Amen! And then, what happens? He put all the sins on the scapegoat and the scapegoat went in a land that was not inhabited. And they saw that goat going, going, going. What was going there? Their sins – “My sins are gone. My sins are gone.” As far as the east is from the west, He put our sins away from us. What did the Bible say? “And on Him was laid the iniquity of us all.” Isaiah 53: ‘He was dumb before His shearers, He opened not His mouth. He was wounded for our transgressions, bruised for our iniquities.’ Is that right? He shed His blood. He was delivered for our offenses, but He was raised for our - what? Justification. The legal and formal acquittal of guilt by God, as a judge.

Why was Cain judged and marked? He rejected vindicated truth. He held on to a man-made religion. He refused truth. That was the first marking of a person, the marking of the beast. Is that right? One, who was born by false teaching from the womb of a deceived church. Is that right? Then in the last days, how does the mark of the beast come? Children that are born from deceived churches: denomination, deceived churches. They received another man’s seed instead of the Word that God said, left the Word! Eve left the Word to take the serpent’s Word above God’s Word; committed adultery.

Cain a product, when he saw the vindicated truth, he couldn’t accept it. God long suffered. “Do like your brother or sin lieth at the door.” He refused to do as God said. He brought a squeeze, a persecution upon the elect. Is that right? He was judged but he didn’t die the same day. Is that right? But he already crossed the line and was excommunicated from the presence of God. He was put out of the economy of God and could never come back in because of the willful rejection of vindicated truth. That’s right.

When a man refuses to hear the jubilee trumpet, what used to happen? He was bored and marked. Is that right? He could never go free again. That’s it in the Bible, in Genesis, in Exodus, in Revelation. That’s it in the Bible.

When Jesus came He said, ‘I came to preach - what? The acceptable year of the Lord.’ He was blasting a trumpet but they stayed Sadducees and Pharisees. What happened? Did Titus get

them? But did the Holy Spirit come and mark and seal the elect who believed the message? Redemption and judgement always go together. One is the seals.

That's why when we say, "We believe the seals were opened." Then there ought to be, present tense, redemption working inside of us. There's a baptism of the Holy Ghost that goes with that because those whom He calls, He seals in the forehead. He puts them under the blood. He makes them secure. Is that right? When they have that experience they know it. Amen! Many times like this, he ties them with the Word. He ties their soul to the absolute, binds them in the chains of the Word and then He takes the hot branding iron, the revelation of the Name in the Thunders and He burns it in their soul, amen!

And brother, they stay there under that intensity there, like when they are branding calves, when they're branding those little heifers. They tie down their feet and they put the firing iron and it burns through that flesh and you see that flesh smoking, amen. And then when they let it go, brother, they start to run and bawl and scream and jump and everything else. But when they are done, their names are inside of there and they know whom they belong to. Hallelujah!

He said, "That's what teaching does. That's what teaching does, it takes the Word and it burns it into your soul, amen. It burns out all of your fears, burns out all of your doubts, burns out all of your flesh and brings you subject to the Word. It gives you peace and security, amen! You know that God is your Father. Why? It comes by fire. It comes by fire, amen! Not some little tattoo or somebody putting a little cosmetic in there, it burns. Brother, you have that mark inside of you till death. Glory! And the reality is that, you have passed from death unto life and you could never die again. That's right.

Oh my, let me get back to Daniel 8. Brother you see, I'm trying to show you, why these things are happening - the seals, the thunders they have been made known. We are in the end time and there's a beast devouring the earth and you need to know what time you're living in. You need to know what is happening. Why can we believe this? Why can we have faith in this? Do you know why we can have faith in this? Because from 536 BC when Daniel got that first vision and Nebuchadnezzar, who he was talking to

right there, he said, “King, you are the head of gold.” Up until today every part of that vision if fulfilled from the head, right down to the toes.

And in Daniel twelve, when that Angel comes with that book to deliver the names, we are right there and we are understanding how that Name is inside of us. Then you say, “Then if you say that is so, then that fourth beast is in the earth, and the earth is being devoured?” That’s what it’s uncovering to you. That’s what it’s uncovering to you, identifying those powers. Identifying their working, showing their intent, showing how they are going to come.

We have been warned and forewarned that places like these will have to close. This is one good time we have here. We don’t know how many more we are going to have but this will be one less when this service is dismissed tonight. Amen, when we can sit like this and gather like this and talk like this and rejoice and sing together. Then when we are scattered, you must have the Word inside of you. You must remember these things.

These things must come alive inside of you, amen. Why? Because the uttering of these voices is to bring you to know who you are and what you are raised up for. The achievement of this Word in your life is going to turn your heart back to the faith of the fathers. You’ll live like them. You’ll walk like them. You will have the same life, same teaching, same baptism, same faith, same understanding, same relationship with God, the same way! Under this Word, you have to become like that because it is sent to do that. It gives you faith from the earthly to the heavenly.

Abraham and Sarah sat under that Word and became young again. Is that right? Glory be to God! Those who believed the prophet in the days of Noah came out of the Old World and went into the New World. Is that right? Then we are not just going along, friends, unless we are not part of this. But if we are a part of this, something is happening inside of us.

I can testify that down through the years, things have happened to me. Amen! I have heard His voice. I have seen Him. I have met Him. Amen! He has revealed His Word. He has shown His presence with me, amen. He has made His Word real in my heart. He sent me across the world to proclaim this. I know that this is nothing but the truth. From a little old place like Cedros there, all

the way to New Zealand, and in a couple of weeks, all the way up into Russia. What is this? - God in simplicity.

Brother, for forty-five minutes they're trying to wrestle me down to get into the Congo. I said, "No, I can't do that right now." Why? I said, "They have other people? Send people, send this one. Send this one." They said, "Yes, but you see, you speak these things a certain way, and that is what will help people now.

From a little old place like Cedros down there, going down there tired. Come out there, my head spinning almost, sit down there and take a few minutes, not even a little place to read your Bible before church. And then, step in and start to speak a Word that could help a few people that you see need to get a little more ripe, to get under the Word, to see more deliverance come in their lives.

That's why I say, "Don't waste these times." These times are precious times. Know why you are here, write down the Word, and take your little notes. These things are your handfuls of wheat that you are getting on purpose. So today or tomorrow, you can't say, "I don't know what to read in my Bible." No, you could go back in the scripture. You read it. You pray over it. You meditate upon it. Amen! Sometimes you are hearing the Holy Spirit quoting something from the message, quote something else over there. You say, "I picked that up too. I'm following closely." Amen!

Then when you go to pray, you could pray according to what God is revealing for now. What does that do? It gets you under the anointing that the Word is designed to release and bring upon you. What is that going to do? Make you overcome in this hour. Make you overcome in this hour because that is how it is coming to you.

Daniel 8:23 - no, we were on verse one, I'm sorry. I was in the third year of the reign of Belshazzar. I wanted to read that because of the people on the tape.

In the third year of the reign of king Belshazzar a vision appeared unto me, even unto me Daniel, after that which appeared unto me at the first.

And I saw in a vision; and it came to pass, when I saw, that I was at Shushan in the palace, which is in the province of Elam; and I saw in a vision, and I was by the river of Ulai.

Then I lifted up mine eyes, and saw, and behold, there stood before the river a ram which had two horns: and the two horns were high; but one was higher than the other, and the higher came up last.

Now look how beautiful that is, first over here in Daniel when he showed the vision of the image: Medes and Persians. What was happening? It was a dual kingdom, Medes and Persians, that's two nations. Do you know that Iran today was Persia? Iran, yes that was Persia, and so this is a dual kingdom. Back there when God was showing the same kingdom over here in chapter 7, it was a bear. Because after the lion, the first beast, the lion was the head of gold, the chest of silver was a bear when God showed it as beasts.

Over here now, it is being shown as a ram, which is the symbol of Persia and they had two horns. Horns represent power. You know that? How many know the Lamb had seven horns? How many know that the Lamb had seven eyes? That's right, all of this, is symbols in the Bible. Everything has a meaning. Horns represent power. That's the kings. They are dual kings.

There was one that came up first but he wasn't as great as the other one. But this is prophecy because Daniel is still in the time of Belshazzar. That means the Medes and Persians did not come in as yet. But God was showing them a power that was rising in the earth, and God is showing him, how that power is going to be destroyed. Remember he already saw all these kingdoms destroyed, even before he knew who they were.

In chapter 2, the stone broke everything, so he knew what was going to happen in the end. But he is watching the parts of it that is happening in his day, in his time. In other words, we know that we are going to be in the new heavens and the new earth but we are not there as yet. But we know that there are powers in the earth today.

We know that something is going to happen in America there. We know that something is going to happen in Israel. We know that something is going to happen in Russia, 'watch the king of the North'. We know that something is going to happen in Rome, the Vatican. We know all of that and these powers are in the earth. That is why we are watching these powers because we know that our doing will have to be with these powers. They will bring the earth into a place where you can't buy or sell. And that's where

we will have to have faith to multiply bread and fish because God took care of them in the time of economic depression. How many know that under Elijah's message, the woman's meal and oil multiplied, the Gentile woman? Do you get what I'm saying?

So it is not playing church. Right now, things are happening to you. She had a season where she was getting faith, and then she could offer everything. Then she could bring it on two sticks. Then she could minister back because she kept the Word alive. Is that right?

So, you are sitting down and you are hearing it tonight and you're catching faith and you're catching understanding. "Lord, I'm in the end-time. Oh God, we know that things are coming. There's going to be a resurrection but before the resurrection comes, Jesus was publicly crucified." There's a crucifixion, is that right? But even while He was walking about, He changed His movements a little bit because they began to conspire to kill him. And He didn't walk in Jewry anymore, and He didn't go up to the feast openly; He went up in secret. Is that right? And he told the apostles, "Get two swords." And so you're watching and you're seeing that He is conscious.

In other words things are moving in. The season is changing. He steadfastly set His face towards Jerusalem. He is not yet there, for the crucifixion but He sees the powers at work and He started to preach, 'Now is My hour come. The hour is come now'. Why? In a prayer meeting, it started to come out. He sat there and the woman anointed Him and He caught the sign, "This is unto my burial."

He is not yet nailed to the cross. He is not yet shut down but He is catching things and He is building momentum. It is moving Him in a channel. That's why it is not intellectual. The things you are seeing, the things that are being preached to you, the things that are posting you, is to give you faith. You see the thing coming in. The symphony is playing out and it is moving you up into a certain gear.

He told them to go in the upper room and tarry. The Holy Ghost didn't come until ten days. But He said, "Get there now, don't go the day before." He could've told them, "Go in the day before, I'll come down on you." He could have told them the hour. He said, "Go now. Go and tarry in Jerusalem. Not many days

from now.” Even though it took a few days getting them, getting their hearts, getting their minds in condition, why? ‘And when the day of Pentecost was fully come, they were in one mind and one accord’. But a few days before, some went back fishing. Some said, “I will not believe.” Some over here were saying, “You are the gardener.” Do you get what I’m saying?

So we are coming to this church and going through things and are we changing and knitting, why? As the Word is being ministered, revelation is coming in, closing the gaps in your mind, bringing light in the dark places, convincing you. God is giving you experiences and turning you around. Get your priorities right. Lovest thou Me more than these?” “Oh God, yes Lord.” “Lovest thou Me more than these?” Get your priorities right, why? It is time for the promise. He is getting them focused. He let them go into their own leadership and then they ended up with nothing. He said, “Do you have meat? Now throw your net out on the right side.” Do you get what I’m saying?

Now by hindsight you could look back and say, “God let that happen to me. Nothing went wrong. God let that happen to me. God is moving my mind and heart into a channel. I have to get in the rhythm of the Word. God wants to handle these things here.” Amen. That’s what faith does.

That’s what the Holy Ghost does. The Holy Ghost sensitizes you. The Holy Ghost, anoints you to see and understand, gives you perception; perception! ‘And Abraham perceived.’ You could perceive what was happening. Why? You’re walking in a vision. You’re walking under expectation. You know what time of the day it is.

How many of you, who go to work, know when it is lunchtime? How many know what time you have to leave work? How many know what time the car is coming to meet them? How many know what time the service starts? How many know when you’re running home from work, you watch the time and you calculate and you make a decision, “It’s best, I go to service in my work clothes. If I go home I will get trapped because there is a lot of traffic on the road” and you are making decisions. What causes you to do that? Your understanding of the time - you’re understanding of the time. Is that right?

Then how is it, when it comes to the Word, your clock could be fast sometimes? Is your clock more sure than the Word? Your clock misses the hour and you have to re-chain your clock but it governs your life. You trust the taxi driver, "Driver, move a little faster. I'm running kind of late. Take this back road, you could beat some of the traffic here." Is that more sure than the Word? Jesus was right on time. That's why, when He gives you a revelation of the Word, brother, it puts you right in step. You are right on time with His plan for your life, and what He has called you unto in this hour. It's great, isn't it? That's right. You want to walk there. You want to walk there.

That's why, this kind of preaching and this kind of church is different to the denominational kind of church. They have a program and they get you busy, in what man wants for you. Here we are trying to get you focused, as to what God prophesied in the Bible and revealed what time you are living in and showing you that these things are coming to pass.

Because here we are again after six thousand years and you can't look anywhere in the Bible, in any prophecy, at any time and see where it ever failed for six thousand years. And then, God came down now and showed you yours in your day, in your time and showed you which part of the Word you are fulfilling, to get you in step. Is that right? It ought to give you faith. It ought to put you in step.

Moses didn't look for a ram and a he-goat. Did Moses look for that? Unless they made an atonement back there but we have to look for those things. Daniel was shown things. When God told Daniel about Ram and he-goat, it was different to when He told Moses about Ram and he-goat, you know. Moses used it in atonement and offering for people's sins and so on. This here is powers in the earth. This is nations. This is policy. These are things that are going to happen in the political realm and these things.

So watch here. He got these visions and he was talking about it. He was in Shushan in the palace by the river Ulai and verse 3:

Then I lifted up mine eyes, and saw, and behold, there stood before the river a ram which had two horns: and the two horns were high; but one was higher than the other, and the higher came up last

I saw the ram pushing westward, and northward, and southward; so that no beasts might stand before him, neither was there any that could deliver out of his hand; but he did according to his will, and became great.

Oh my! I tell you. You could take that scripture there; how many known America came out like a little lamb? And how many know that the American power has become so great today because it pushed northward, it pushed westward, it pushed southward and its influence went into all the earth.

Now, that is speaking of the Medes and Persians there. But I'm trying to show you, nations in the Bible had representation. In other words, God showed you a nation; He showed you politically what makes a nation great. He showed you that a nation starts in a very simple way. And what makes them push forward and westward? They want territory. Why do they want territory? To control resources, to become secure in the earth, to be a player in the earth because in the earth are beasts and predators. Either you become conquered or a conqueror. Either your people in your economy are living in slavery, in debt to a bigger nation or you become the stronger nation and you exercise your will. That is the law of the jungle the strongest rules; survival of the fittest. You heard the statement already.

So he is in Babylon but he is watching this Mede power doing things in the earth, getting strong, conquering territory, becoming great, winning their wars, nobody could deliver out of their hand. Rising, building their armies, making strong allies.

I'll go in a different direction and I'll be too long if I go into that. But I wanted to show you, when America started as thirteen colonies, how did it become the super-power in the world? It would be good if you read some of the history sometimes. When they were coming from Europe, they were crossing the Atlantic; they landed on the east coast, New York, then into Florida and those places. They landed on the east coast. But where was the gold rush? California, in the west.

But then, when you land there and there is no plane to fly as yet, how do you know what is in the rest of the country? Because you would not see Geronimo and Cochise and they in New York. You would not see Sitting Bull and they in New York. There were

people in the land and if you're going west, you have to go through territories of people, and you are coming as an invading nation. Do you get what I'm saying?

See, that is why this book as I said; do you think that revelation there, the movement of the ram rising - because remember, Babylon is a super power with the head of gold. Babylon conquered the whole world but this nation has not yet conquered the world. This is not a world power.

Look at Russia for the last few years. It had to be a kind of docile, half-broken power, licking its wounds and looking to get strong again. Is that right? And it will get strong again.

Have you ever seen two men fighting in a ring, and one leading on points and beating up the next one? And the one, who knows he is ahead on all the scorecards, is carrying on. And the next man now, one eye's shut down and everything but he is looking for the opportunity. He is looking for the opportunity. And then some of you think; you already write him off saying, "He cannot come back." Because the other man is so overconfident and because of the kind of body language he is showing. Have you ever seen those kinds of things?

Have you ever seen in a football match where a man comes and scores a wicked goal? Brother that ball bends about forty degrees up in the V. Have you ever seen that; and in the last second of the game, wins the game? You see people are watching the world. That is why you have to watch the prophecy. You watch the prophecy. No matter how the world looks, the prophecy can't fail. It tells you what is going to happen. Watch the prophecy, amen!

And it's God who gave that vision. In other words, God wanted to tell Daniel, "You see that Daniel. You are in Belshazzar's time." Remember, you're in Belshazzar's time. So that tells you that Daniel 8 is before Daniel 5. Are you understanding that? Daniel 5 is when, Belshazzar was weighed in the balance and found wanting. But in Daniel 8, he was watching the Medes rising up in the earth. In the third year of Belshazzar. So that is how the Word is.

You have to know how to read the Word because that is how the revelation has been given in the Word. The normal educated mind wants it like, one, two, three, four, and five. The Holy Spirit is sealing it up in date and time. And in the third year and in the

second year, and to find what is happening, you have to keep a time line, to know where to put what where, to rightly divide what where. Do you get what I'm saying?

And that's why we are in the earth here and we are watching things and we are seeing powers rising, and we are seeing the conquest. Because remember when a nation is going to war, he is pushing northward. Why is he pushing northward? It is either trade route, it is either resource, it is either something that he wants there that is going to strengthen him. Nobody is going to war to weaken themselves, you know. They are going to war to strengthen themselves because they are predators; they are beasts.

America needs the oil there, so they went there for oil but they can't tell anybody, "We are going to steal the Iraqi oil. We covet that oil because it's the only way we are secure. We don't know what those Arabs are planning. We are losing popularity in the world already and they see us as the big Satan. And all the religious people are calling us all kinds of names, and if they only shut down that pipeline, we are in trouble. We'll have to restructure and come back maybe like a little old lamb and then this big high life style we like, we cannot live that way. So to maintain this life style, we have to secure certain resources that will help us to maintain this life style."

Do you think that the lion wants to become a vegetarian? No, he doesn't want to be a vegetarian. You might say, "That poor old deer." Poor old deer? That is protein to keep him strong and the cubs will come out strong too. He doesn't want to leave a legacy for his cubs, that when his cubs come around, jackal and hyena are kicking around his cubs. He wants his cubs to know from small, "I will be the next king here in this jungle. When my father goes, I will be the next king of this jungle." Do you get what I'm saying? That's what it is, friends. That's what it is.

Now, my! You see I could read the scripture but when I read the scripture, you miss all of that. I have to explain some of that to you, so that when things happen in the world today, you're watching. You're watching this. You're watching that. You're watching that and it's the same way with the church.

You're watching the church going up the coast. What is happening there? She is becoming strong. What are we going up the coast to do? Wage war. What are we doing? Breaking the

chains around the elect who are tied up in organization. What is that doing? Making the bride stronger because sometimes it is a hand that the body lacks. The hand comes in up there. Sometimes it is a few more helper T cells that the body needed and when they come in there, then the body becomes more immune because you have certain ones, who are praying for the church. You have certain ones like Kelisha and they who are writing certain songs and bringing certain inspiration. Do you get what I'm saying?

You have people like Elijah and they who are not sitting down with the gospel. And what is happening? Then, parts of the island that were in darkness, now there is light springing up, light is springing up, light is springing up. Do you get what I'm saying?

So, he saw in that verse 4 alone speaking about the Medes and the Persians, in that one verse it is showing you, how it is becoming great because it says, he did according to his will and became great.

Because it eventually became the second world empire, it became so great it overcame Babylon and the first one. But it showed you how it grew in the earth. How many know that Britain - they used to boast, 'the sun never sat on the commonwealth'. When it starts, it rises in the east and it sets in the west. Brother, there were countries in different parts of the world, in the commonwealth that they had colonized. Do you get what I'm saying? No matter, there was some island or some country or some part of the world where there was light, where they had their empire.

And then how many know that all these little chains of islands here: Grenada, St. Vincent, Trinidad, they all started to come out from under the yoke of the colonial power, because of the pressure. They couldn't maintain and hold their empire together. And so, they had to make a decision and say, "We can't be a world power anymore." We'll have to settle to just being a strong nation, maintaining what strength and power we have, so that we don't become slaves.

But they were the colonizers. Have you ever looked at the size of Britain? Have you ever looked at the size of Britain? Have you ever looked at the size of Israel? In Solomon and David's time that was the kingdom of the earth. All the kings of the earth brought their glory there. It was small like this, to the whole big world.

Britain is a small place to the whole big world. Do you know how many times Britain could lose in Brazil, they couldn't find it. Yet that little place had colonized most of the world, pushed all over.

And islands like these, when they pushed here, they took Trinidad like this and gave it to the Spanish. The Spanish gave them back afterwards. Exchanging people, real estate and people getting exchanged by these big powers. Sure. When you find places like San Fernando and Santa Cruz and so forth, why do you think those places are called that? Because of the Spanish influence that was here.

We used to have the Union Jack. We used to have all these different things. Remember when we had the Hochoy and those fellows walking around in short pants. Governor General, they used to call them with the big white, kind of Safari hat. We who have grown up, when we were young we knew that. You see, but when you are young, you didn't understand what the things were. Now that you have come in the Word, you understand.

Look at that power so great and then that power has to come down and be a small power. That used to be like that modern United States, you know. It was the English and the French, who were fighting for North America. Do you know that? You see when you don't know history, you don't know the Bible, because a lot of the prophecies that are already coming to pass, to really understand what is happening in the world and why - because remember although those things change, with that small power, anything that's happening here, Scotland Yard comes down here, you know. And anything that happens here, we are still ruled by the English law, you know. Look the big English lawyer is coming down to prosecute here, you know. Do you realize that?

You see, that's where in the scripture, when your eyes are opened, you realize, 'look at how the Word is coming to pass,' around you. In other words, you are seeing the operation of things in the scripture but you need to perceive what that is. And when you start to see that, you understand now, how powers still have control of certain powers.

All the laws we have that govern our seas with Barbados and things, those are old English laws, you know. It was not Trinidadians who made those laws. The English people made those laws. Remember when the queen used to be on our money? We

used to have farthing and pence and pounds. Our nations were like tributary nations.

When you are reading the Bible, and Israel conquered this one and made them pay tribute, and they conquered this one, that is where they were breaking powers and bringing them under their control and then they have to look to them. And anytime they have a case or something there, then these people come down and judge their empire.

And then all these little islands, well today is not, (oh, this is coming to me clearly) today, why people are being deceived in the world is because it is not being done through nations, so to speak. It is being done through *organizations*. You have the IMF and they control all of this; and the World Bank is controlling all of that. So it is a different kind of control.

You are not seeing soldiers from other countries walking around, trying to keep you in line. Because your nation is already broken economically and everything by bigger powers that are invisible to you and you're arguing about pay. Have you ever seen those fellows sitting down in tents and they are playing cards all day and they strike and say, 'we are getting the things here'.

Do you know why? When they get orders, 'Restructure, too many people are there. This kind of thing can't go on. You have to pay back your debt and we are expecting you all to come up there. You all are not generating enough money inside of there and then you can't pay your debt. You have too many people employed in those places there. Restructure it.' And they come and they start to give you policy.

The next thing you know, they add on a little more money and you see restructuring starts in the place. And when you look, you are one of the names that have to go and they offer you severance. Do you think it's the foreman who knows that you are working very hard, is letting you go? It is from higher up. Sometimes the foreman, right there, doesn't know what is going on because he is on the breadline too when the time comes.

And then, you sit down in church when you're hearing the Word and say, "Well, that is not touching me. I'm in Trinidad." You are in Trinidad? All of Trinidad is gone already. All of Trinidad is gone already. Do you know what Trinidad is like? It is like a man who has credit cards. You are owing the bank so much

money, you're bankrupt. Do you know why? Your debts exceed your assets. So it is just a matter of time for you to be liquidated. And that is what is going on. But you are looking as though you are alive but you are not really alive, and that's the world.

When they break that US dollar, that crash that is coming, if it crashes in the morning, what do you think Trinidad will have? If you have ten million in the bank and it crashes in the morning, what do you think you will have? Then you'll find out how real those things are. And how many know that is promised to come? Maktesh, the destruction of the present day money system, sure.

Are you looking for your body change? All of that is promised too. Do you think the thunders opened the mystery of your body change only? The thunders opened the third seal: the balance, economics, the financial systems of the world, the thunders opened that. The thunders will filter your thinking and bring you into God's economy because you know, 'I must be rich in faith.' Why? What is the promise in the last days? "Come and buy gold that you might be rich." What did He say to Smyrna? "You are poor but you are rich."

In Smyrna He told them, "You are poor but you are rich." That's faith. Do you know why? In every one Irenaeus' churches, (read it in the church age book) they had all the gifts of the Spirit, Everyone in Irenaeus' church - rich!

Oh my! That's the kind of church I'm labouring here to try to bring, where a man will bring you into a golden age, who could divide the Word and get you there. That is where I'm trying to get you. You will see the value of this when the squeeze comes. What do you think, I am taking all of that persecution and not fighting back and taking all of that for? Because I'm trying to play tough? I have a more serious objective before me. I'm trying to get a church sealed away, sheltered in the refuge that when the storms come, God is the refuge, amen.

Brother, you'll stand there; that man in that city of refuge, nothing can touch him. Everything is provided inside of there, typing a man in Christ, amen. He is controlling the avenger. That man wants to kill him but he can't touch him because he is standing there. God's economy. Oh my! That's right, friends.

You can't go to the doctor. Oh God, the child is bawling, you didn't get to sleep last night. What will you do? Hold your head

and pull out all of the hair on your head? Can you say, “Oh God, You’re punishing me. What is going on?” No, while that group is riding and afflicting you with sickness and different things, you’d better be on a charger that could rail up, amen. Glory be to God!

When trouble comes, you don’t buckle under pressure, amen. You watch Perseus and the sword coming out. Brother, those snakes on Medusa’s head will be flying left and right. That’s right. Because the Word will be quick, anointed Word.

Trying to call up the Pastor, you will hear a next kind of communication of that telephone because you can’t have that either. Sure right, sure right. Oh my! It’s the kind that Peter had. “A call is coming for you, Peter. They are down stairs, the three of them. Don’t go doubting” Hallelujah! Glory be to God in the highest! He said, “I know who you all are and I know what you came for.” Amen! “An angel appeared in your master’s house and he sent you down here and the Holy Ghost told you that there is a man down here. Well I’m that man.” Amen!

Oh, those men, I could see when that man came, he told Peter, “Put the man in the next room here. Let us go and get the master.” He told the master inside, “If you think that that angel coming up here was something. No, no, no, we went down there and by the time we got in that house, that man came down stairs and we could see the glory in that man. I don’t know if he was seeing visions upstairs or what. When he started to speak to us, he already knew that we were coming and the man never saw us before. So whatever was communicated to you, that same thing was communicated to that man. And if that angel tells you, ‘let that man come here’, you know something is going to happen. Oh thank You, Lord.

They were the Elisha of that day. They had the robe that Jesus had. They fit in the robe. When Jesus ascended on high, He sent that Robe back for them and they were wearing that Robe. Is that right? But Jesus was the Elijah, Who made the sacrifice, (is that right?) Who removed the plague, Who brought the rain back, Who ascended, Who sent back the Spirit. Wasn’t it He? Glory!

And when Peter saw Him die, Peter said, “I am not crossing the Jordan. I’m going back fishing.” That Elijah came and said, “Come over Jordan. You are the spokesman. What is the matter with you?” Oh brother! It was the age of Pisces. He was going to

catch the fish. He was going to throw the net out on that water and catch three thousand, in one catch. What was the last miracle, he saw before Pentecost? Throw your net on the right side, one hundred and fifty two or fifty-three; caught them under the direction of the Master.

How many know He told the prophet, He said, “Look at them there. Those rainbow trout, I’ll teach you to catch them because they are Revelation 10: 8 to 11. You can’t catch them with any little healing and thing. You have to catch them with something greater than that. Your first pull can’t catch them and your second pull can’t catch them. The way to catch them is, you’ll have to show them something about themselves. You have to show them their origin. You have to know their DNA. Amen!

That is why it takes certain things to move the Bride, amen! To wake them up and give them a shot of the real thing in the arm. Do you think God couldn’t give a dream to that mother hen to tell Junior, “You are not one of mines, you belong to a bird called eagle. I think you could fly, go ahead and fly.” Do you think God would get him like that? He had to see one of his kind fully manifested. That was good enough for him, amen! Glory be to God in the highest. Amen!

When he saw that, he said, “Oh God, I dreamt about this thing. I never knew it would be so real. Something always told me, I wasn’t a funny chicken. I even started to believe it but something told me, I was not that. I was born for something greater than this.” Oh my!

And if you feel that tonight, you are one of His. That’s why He knows to bring you around the Word. It makes men and women, it makes gentlemen and ladies out of you. You’ll walk right; you’ll begin to carry yourselves like a king’s children. Oh my! Because we are living in an age here, friends, while those other powers are moving, there’s a power on this side too, eagle power, eagle power! Living creatures, they had clarion on the earth. Over here they had zoom. Do you get what I’m saying?

It said the first beast, second beast. They are not beasts like what is on the earth, you know. These beasts are really living creatures. Cherubim, Cherubim. Heavenly, connected to the throne of God. Those others were connected to the throne of man on the earth. They were connected to the throne of God. Those others

were connected with political power, religious power, and financial power. This one is connected to supernatural power.

Daniel, Shadrach, Meshach and Abednego with zoom power against Nebuchadnezzar with political power. Peter and Paul and they with zoom power, lion anointing, against Rome with political power. Oh my! Moving the church up. What kind of Christians we ought to be!

When God showed the prophet, you in the vision. You were moving this way, ‘onward Christian soldiers, proudly displaying’. Amen, Oh brother, ‘armour gleaming and colours streaming’. And because some of you never see yourselves here, you’re slumped down and you don’t know, ‘my back pain, oh God’. Get into zoom power tonight and you watch what is going to happen. You watch what is going to happen. That’s right.

Let’s read. Let’s read. Are you enjoying His presence? It’s nice to be in the house of God, amen. Oh my, I can’t even get to give a title as yet. I’m still reading my scriptures and everything. That is to tell you I should never be at this desk. But if I was a clergyman, I would have clarion power but I am not a clergyman, so I have zoom power. Zoom power goes a different way. Amen, my Jesus. Verse 5:

And I was considering, behold, an he goat came from the west on the face of the whole earth, and touched not the ground: and the goat had a notable horn between his eyes.

Here, he is seeing another power rising up in the same earth, a goat now, a he-goat and with a notable horn between his eyes.

And he came to the ram that had two horns, which I had seen standing before the river, and ran unto him in the fury of his power.

And I saw him come close unto the ram, and he was moved with choler (that is anger, anger) against him, and smote the ram, and brake his two horns: and there was no power in the ram to stand before him, but he cast him to the ground, and stamped upon him:

God is showing him the breaking of the Medes and Persian’s power by the Grecian power. So God is saying, “You see that power rising, pushing northward, eastward, westward, look how

great it is becoming but then watch a power that is going to come and destroy him.” And he is seeing all that before the first kingdom passes away. He said,

...and there was none that could deliver the ram out of his hand.

Who could deliver Iraq out of America’s hand? They defied the power that could rise up to say something - the United Nations. Who? France grumbled. Germany grumbled. Russia grumbled and was watching. And they crossed the Atlantic and they went east. Did you ever look at a map and see the distance those people moved and went? They crossed the oceans to go there. Battleships, planes, and they were shipping out citizens from their country to go in there. And then, they rallied the coalition forces from Spain, and from Poland and different places and Australia and they brought them and they went there.

You read the Bible, ‘and Nebuchadnezzar and the king of Babylon went up against Jerusalem,’ and you read in the Bible, ‘and in the time of Daniel so and so went up there; and the lion left the thicket’. And you’re watching.

They say the American army is the most powerful army that the world has ever seen, in the history of mankind. They have spy satellites that Nebuchadnezzar didn’t have. They have F16 bombers and the mother of all bombs and all kinds of different things, that those other nations, Alexander the Great never had. They’re crossing distance in a short space of time and moving with swiftness. Nebuchadnezzar with the lion and the swiftness of the eagle, the two eagle’s wings, was still moving on horseback and had foot soldiers when he was carrying his army.

They carry them out in battleships. They carry them out in jet planes. And when Nebuchadnezzar himself had to be up there with the battle, to see what was going on, they sit down in the White House and through satellites, they are talking to the generals through video conferencing. Do you get what I’m saying? There has never been an army as powerful as that in the world.

Remember, it was President Regan who just died there, who got the inspiration and he started the star wars. And remember, in those days in Barataria, I showed you that Revelation 19 is star wars. Lucifer pulled down one third of the stars, and Michael had seven stars and Michael was the bright and morning star and how it

is going to end up as star wars. Hell following death and heaven following life and they were all stars before, and the battle that started in heaven ended up on the earth and down through the church ages was star wars; when Paul went out he was a star. How many know it's star wars tonight? Oh brother, and I preached about those fallen stars in Hollywood, Los Angeles, the city of the angels, fallen angels and how the light of those stars influenced the whole earth.

So when, you are watching the Word here, I want your thinking to expand. I want your thinking to expand. You can't be a shallow church. This church has too much inspiration, and revelation of the Word, for you all to be shallow. The Word opened too plainly to the angel in this church, for you all to be shallow because that is where your power is: revelation. No new age could have come on until a man caught a mystery. Do you know that?

There was an Ephesian Age because Paul caught a mystery. You have a Bride Age here because Malachi 4 caught a mystery. Other than that he had to preach like Oral Roberts and they and that kind of preaching is to find a little text and preach how nice Jesus was. But when he caught that mystery, he started to read the handwriting in the world.

When Paul caught that mystery, brother, Paul knew exactly. He said, "All the things that were hid is now being revealed to us." And brother, he knew out there, he said, "I have planted, Apollos watered. As a wise master builder, I have laid this there." Brother, he knew his place because he knew what work he was doing there.

Brother, if we have caught a revelation of these things here, that's God making Himself accessible to a people. And when you recognize that the Word is opened, then you can go into the Word. If the Word is sealed you cannot go in and God showed us what the seals are because people still have the seals book and don't know what the seals are. Every book has seals in it. Your life has seals on it because your life is a book too. This church is a book there are seals on it. Do you know that?

Everything has seals until it is opened. When it is opened, then you know what it is, then you know how to relate to it. Whether it is medicine, whether it is science, whether it is military, whether it is economics, it has to be revealed to you, before you could have power to do it. Have you ever seen a man going into business,

taking a big loan from the bank and then the thing crashes? Do you know why? He went in there and he has no key. You have to get the key to business to go into business. Otherwise you have no business in business.

Have you ever seen a man trying to be a preacher? He takes all kinds of courses in psychology and gets a certificate and all kinds of things and when he comes on the pulpit, he can't preach? Have you ever seen that? He has to use hoax and has to use different things, has to use psychology on people, saying the same thing for twenty years over and over and over because you have to get a key. In everything you must have, you have to get a key.

Did you ever see a man marry the wrong woman and gets trouble for the rest of his life? He needed that key to choose a bride. A woman needs the key to choose a husband. When they don't have the key, they can't make the right choice. When man's choosing the body looks big, the fellow looks religious in church. When he goes home, brother you realize, the kind of bird he really is. Do you get what I'm saying. Oh yes, you know that is the truth. Everything has to be revealed.

Have you ever seen, God bring an opportunity in a man's hand, puts money in his hand and everything else and he squanders it and wastes it. And then in the end, they're vexed and everything else. Why? They never had a key. They never knew how to use what God gave to them. God gives every man a talent. He gives every man equal opportunity. He teaches every man the principle of stewardship. Is that right? That is why, Christian life is not just coming to church, friends.

Oh, no, no, no, no. My time is up. Let me finish just reading that little part of the scripture there. Verse 6:

And he came to the ram that had two horns, which I had seen standing before the river, and ran unto him in the fury of his power.

And I saw him come close unto the ram, and he was moved with choler (anger) against him, and smote the ram, and brake his two horns: (in pieces)

Just think about what America did to them and Afghanistan and you will understand what you're reading there. That is war. This is a symbol of war between two nations.

...and there was no power in the ram to stand before him,

When they went into Iraq, there was no army, there was no weapons of mass destruction. All they had was a man with a big mouth.

...and there was none that could deliver the ram out of his hand.

Therefore the he goat waxed very great: and when he was strong the great horn was broken;

That is Alexander the Great death in symbol form. When he became to the heights of his power - How may know he died at thirty-three years old, and he already conquered the world? He went insane. He died at thirty-three years old. The prophet said, 'the greatest military general outside of Joshua'. That's right.

He said, "I'll tell you of another One Who at thirty-three years, conquered not only the physical world but the unseen world too. He died and conquered death too and rose triumphantly." That's right. My, the Rock cut out without hands. Do you love Him tonight? He is the Rock. He is the Rock. Thank God for that Rock. Blessed be the Rock, hosanna!

Therefore the he goat waxed very great: and when he was strong, the great horn was broken; and for it came up four notable ones toward the four winds of heaven.

What was Daniel revealing to you? What was Daniel's revelation? Now catch this. I'm going to give you a thought here to think on. Daniel 8 is showing you the transfer of power from the east to the west. Where is power in the Gentile nations today? Iraq as a nation was Babylon. Do you know that? And Iran that is next to Iraq is Persia. Do you know that? That was your lion and your bear right there, side by side and America is the little lamb that came out of the earth, where there was a multitude of people.

And you're watching what is going on in the world today, when that little lamb grew up there; that ram grew up there and what it is doing to the world today. And you're watching those ancient countries, that are Biblical powers that you read of here, when the Gentile dispensation started, we are still in the times of the Gentiles. When Napoleon from France and Hitler from Germany almost conquered the world, where was the power? In the west.

But do you know what the Bible is showing you here? Because Babylon was in the east; the Medes and Persians were in

the east. But God is showing now, how the power from the head, is going to end up in the toes. And that iron, which nation is she working through, that is built for her? America. The beast and the image are going to conquer the whole world. The image was built for the beast to spread his influence. Ahab and Jezebel - the old world and the new world.

Friends, by now if you are a Bible believer and you have the Holy Ghost in your life, you ought to know that Satan is bringing his kingdom into flesh. What you're watching as man there, is not just man, friends. It's the same way with the church, what you're watching in the church is not just man. It is God in people because both kingdoms are coming into flesh. Antichrist, false prophet, beast, is a spirit becoming incarnate and the subjects are those, who rejected the Word. That is why they are still in man-made kingdoms.

But this message says, "Come out of Babylon!" "Where, where are You carrying us?" "I'm taking you off the earth. I'm taking you to another kingdom. I'm taking you to a kingdom without end." So are you understanding?

A transfer of power; because here from the Medes and Persians it starts to go to Greece. It is coming out of the east. It is coming west. Then when it came to Greece and it broke up, one of those horns ended up into Rome, (is that right?) to come into the fourth kingdom. And then, Rome, Catholicism – Brother, where are the most Roman Catholics today in the world? From Mexico to Chile, in one continent. If you go out to the east, it's Buddhists, Hindus and Muslims. Do you get what I'm saying? Italy where the Vatican is, that is a small place. That's the seat of his authority and power, not where all the Catholics are.

But when they crossed here and brought a biological Armageddon on the Americas, when they came here in the Caribbean, there were about one hundred million Caribs and Arawaks and Incas and Mayas and things and before you know it, the handful of people, who came on three ships killed out all of that. They started the conquest. That is why they call them the conquistadors.

And that is why, we ended up with here being called Trinidad which means Trinity, when he came and he saw the three peaks because they were Catholics. And your King Ferdinand and Queen

Isabella were Catholics. And they took all the wealth from here and put it on their ships and carried it back to Europe and they left dead people here.

Daniel is the times of the Gentiles and we are still in the times of the Gentiles, from Babylon all the way down. When you come to Revelation, he said, "How did Pergamos become the seat of Satan?" Satanic religion started in Babylon. Babylon was in Babel when Nimrod was bringing the world together. Nimrod came from Ham. Is that right? And Ham was the serpent after the flood, who went with Noah's wife like the serpent went with Adam's wife.

And so, Babylon that started back there became the serpent, the anti-Christ spirit. Cain the false prophet, Nimrod the beast, who united the world under his plan. But it came to such global influence as the world spread and became greatly populated. Then in the time of Nebuchadnezzar, it was known as the head of gold because it came to such grandeur and power in the time of Nebuchadnezzar, from its early beginnings under Nimrod and they. Because after the New World started, Nimrod went out and was the first one who started war. What was that? The second seal, military conquest. He had false religion with it and then he controlled the economy of the nation. He broke it. White horse, red horse and then he united the whole world. Read the Bible. The book is opened.

And that's why he said, look when Babylon was falling under the Medes and Persians, before the nation could break, Belshazzar was already killed. And while Belshazzar's head was rolling, Attalus fled with the mysteries, a private jet - a horse waiting and he took off with a bunch of priests and set up shop outside the Roman empire, unknown as any power in that time because the Medes and Persian were the power and then Greece is the power. But he set up outside the Roman empire and by the time Attalus III, it was known only in the sovereignty of God, what was the reason, he willed over the whole thing, all the sacred mysteries of Babylon, the religion of Nimrod, he willed it over to Caesar and Caesar became Pontiff Maximus. And then, it went on for a while and then, all of that time Rome was a political empire and then it fell.

And then, they didn't want all of this religious business. They wanted military conquest. They wanted economics. And the

priests took it and when Rome was broken, then you had a new kind of Roman coming up. But they were coming up now, as the mysteries of Babylon. And now, what was the head of gold that went out of existence, and the chest of silver and the thighs of brass, all of that went out. The mysteries of satanic religion, is in the Roman Catholic Church and that was to go until the end. And that is here in the earth today and that has the biggest following and it is the recognized church in the world.

And that is the church that is prophesied to control the world. And how did they control the world? With the mysteries, with the satanic mysteries, with the mysteries of Babylon. And what is the mystery of Babylon? Cush divided the speeches of the people and then Cush's son was Nimrod.

I'm quoting the Church Age Book for you. Do you read the Church Age Book? Half of you all have stopped reading. Some of you, if you give you a little while, you wouldn't even know what the message is. You're in this church and you wouldn't know what the minister believes. And then some of you in that condition want to sit down and check me out. And look at me, I'm right in the Word. I can't leave that Word at all. Do you get what I'm saying. Then some of you can't understand my zeal to stand up for the truth.

I'm seeing the things happening in the world and what that same power is doing and I see the very origin of that very thing here. And I saw when Shem went out there and he slew Nimrod and he cut him up in pieces and he sent pieces all over. And God called Abraham out of Mesopotamia that was under Babylon's control. He started to walk by faith and opened up the true mysteries, not the perverted Word because satanic mysteries started with the serpent - 'you shall not'. They started to misplace and mis-locate the Word.

Then Cain came out with altar and religion and the Cainites controlled the world in science and everything. Is that right? And after the flood, Nimrod started to work in science and to build cities like when Cain went out. The cities you are seeing today are harvests of cities - find the seed. The believers you are seeing today are harvests of believers - find the seed. The prophet you see today is a harvest of seed - find the seed.

Your seed is your origin, your beginning, Genesis is seed. Everything on planet earth tonight has its origin in Genesis. Isn't it strange that after six thousand years, the truth of Abel, the way back to God, through atonement, where the Cherubim were, in the Shekinah glory guarding the way, the flaming sword, all those things are back here in Abel country next to the tillers of the soil?

You see that is too microscopic for some of you all. I say it and maybe it sounds like music to some of you all. You like it. That is not just a little music, you know. The same Spirit that is talking all of that, is talking this too. It is not a different tongue. I didn't change my tongue here. That is the same tongue.

You have to see what you are around, friends. You have to see what God has opened. It's rivers of living water, Aquarius. How many times have you come to church here saying, 'What else will they preach again'? You know what you're finding out now? It is Aquarius. This water cannot end.

What did the sister from Guyana say? Rivers of living water. It was being preached here and we went there. And Brother Fenton came by me one morning, on the step by Brother Jerry and they, he said, "I brought your son as a witness." He said, "Because when the woman said it, I went back because I wanted her to know that she didn't know what was happening in Trinidad when we went over." We came back and testified.

Another sister had a dream too, not from there from here. She was in the church some years ago, she's dead now. She saw this river and the voice there. I was preaching some services, 'He has the Living Water'. Isn't this living water? This Word showed, 'And a river went out from Eden'. And showed the river in the city and the river in the Sanctuary in Ezekiel and brought the river in Revelation and brought it down to the Bride, in the days after, 'I, Jesus, sent My Angel', 'and the Spirit and the Bride say', 'he that is a thirst, let him come.' From that river to that river in a people.

If you are revealing somebody else's revelation, when they come, what are they going to reveal? Do you get what I'm saying? I'm trying to say this, "She is revealing herself." In other words, there was not a man, who could stand up and take all of the scriptures pertaining to Malachi 4 and preach it and show you and then Malachi 4 did not yet come. The Bride is Bride, friends. The Bride is Bride.

What I'm saying is, we as members of the Bride, this is not like preaching nice things. No, you shall know as you, what? - were known. Those who are around me know, I started to preach that quite back in 1976. Those are the kind of scriptures, 'know yourself'. The Word is making you know who you are. If you could pattern scriptures, those would have been my scriptures, personally. 'Knowing as you were known, you shall know as you were known'. This kind of knowing, you are coming to know who you are.

Let the musicians come for me.

There wasn't a time like this time. (Just for the tape, you could use the same title that we are using) I want to make this statement here. In the time of the Gentiles, every kingdom came in and went out by war. Did you get that? Nebuchadnezzar had to fight war and enter into war and conquest to become the world power. It went out when it lost the war. Do you understand that?

How did the Medes and Persians come in to become the world power? They had to fight them and conquer them. How did Greece become the world power? Right here, we are reading it before your eyes. And Rome came in the same way by conquest. How is the Millennium going to come? Under that third woe, under that third woe. Armageddon will clean up the earth for the Millennium and Armageddon is the battle that started in heaven. It's quite there I'm going, you know.

That is the battle that started in heaven and ended up on the earth in Armageddon. And the second woe is already passed and the third woe cometh quickly and between the second woe and that third woe, seven thunders uttered their voices. A prophet was sent out. He had to wait until the war came because that second war put Israel in the homeland and that's why it said, 'the third woe cometh quickly', because that generation shall not pass away until all these things be fulfilled.

And while Revelation 16, (I had it on Sunday) while that unclean spirit like frogs coming out of his mouth and gathering them quickly, gathering the earth, 'behold I come as a thief'. While they are gathering for the third woe, 'behold I come as a thief'. We are between the second woe and the third woe. The second woe was between 1939 to 1945. The world came from national to international. Between the second woe and the third

woe, the world came to the age of globalization. The world has changed. War always changes the world.

War always changes lives. Was your life changed without war? When Malachi 4 went out, that Angel went out to make war. Scriptural war. He caught a mystery. When he began to blast that trumpet, what was it? A religious disturbance. Trumpets is political war; Seals is scriptural war. Are you getting me?

When America and they went out against Iraq, they said that they're fighting the war of God. They are going against the antichrist out there. When the Muslims are going to war, they say that is Jihad. What is this, a picnic? Is this a picnic? All hell is against this truth. The Philistines garrison the well. Is that right? Did he say that? The Philistines garrisoned the well but men drew their sword. When? Between His rejection in 1963 and His coming to power. For what? To bring a revival, to bring that book of Acts back here. Is that right?

What was He doing down through the years before they went out? Picking up Gentiles, mighty Gentiles. The rejected King was picking up; chickens? No, mama eagle was flying picking up eaglets; God's eagles between the Gentile eagle and the Jewish eagles; rugged. He was flying, looking for them. He picked up a Benaiah. He picked up a Uriah. Have you ever looked at those men's names? Brother, a little group of the true seed in the last days. God will shake this earth with one more ride and then take His Bride into the skies.

In the heavens is Pegasus, the white horse, on that horse is Perseus. In the prophet's ministry on earth, what was it? Chief Authority on a white horse. And what is it for the Bride? "I'll ride this trail once more." What is in heaven is on earth. In the book of Revelation, what is it? A white horse and Him that sat on it - And under the fourth seal that is deceiving the whole world, what is it? And him that sat on the horse was called death, and all hell followed him. And Revelation 9, under the trumpets, 'and an army of horsemen.' What do you think it is? What do you think it is?

Do you see Him on a horse riding here tonight? Do you see the kind of steed this is? Do you see the kind of stallion this is? Do you think it's a mule going, 'hee-haw, hee-haw, hee-haw'. The saddle fits you. He said, "The saddle fits you." There are men who came riding in there and tried to bounce this big mare, and this big

mare with a big prance, he said, "They couldn't shake that horse." He said, "Get away from here. Don't you know a man has to be ordained of God to ride this?" Is that right?

He said, "A man has to be ordained of God to ride this trail." He said, "It was a narrow trail. It was high up in the mountains and that horse was moving like lightning. I'll ride this trail once more!" And then he comes, "She, she shall turn at the west." Then he comes, "We shall ride this trail again." I will ride this trail - she shall turn at the west - and we will ride this trail again.

When you get away from the way God presents the Word, your life will be one dull little church life. You are in the church and you're digging your nose. You are in church and you are sleeping on yourself. But when you're in church and the vision is breaking before you, and God is presenting you to yourself from the Bible, the way He knows you.

When the Angel was trying to show Gideon, 'though mighty man of valour, you will smite them as one man.' He said, "Me, smite an army as one man? I am even afraid to go and tell my father about that." He said, "No, no, no, you are talking to the wrong man, sir."

That is the key. That is the key, when you start to see yourself the way He sees you. You see, your first birth makes you see yourself after the flesh because the first birth is by flesh and you're just thinking that it's only one family you have. That is the family that you are born in physically. But then, when you get the new birth, that doesn't deal with your flesh, that deals with the inner man and the soul, 'and though the outward man perishes, the inward man is renewed day by day'.

The new man is being created after the image of Him, Who created him in holiness and true righteousness, Ephesians 4:24. And you, beholding the glory, not the Hoffman head, that is the veil that veiled the glory - you behold the glory. Who is the 'you'? You, who are part of that glory, will be changed into the glory you behold because each star has its glory. Stars differ in glory and He is the Bright and Morning Star, the Fairest of ten thousand. Oh my! Think of it.

You are a soldier. You are an astronaut. You are an eagle. You are a dove. You are His sheep. You are His wife. You are His garden. You are His building. Start to know yourself; start to know

yourself. You have zoom power. They come into that position by vote and politics, to get that power. You come in by birth in the family to get this power. That birth places you in the family.

Isn't He wonderful? Let's worship Him a little bit. Let's stand to our feet and worship Him a little bit. Amen, and let's just give Him honour and glory tonight. Hallelujah! Oh, thank You, Jesus. Thank You, Lord. Glory and praise be unto Your mighty Name. Hallelujah, hallelujah, hallelujah! Oh, we love You, Jesus. What a mighty God, we serve. What a mighty, mighty, mighty, mighty, God we serve.

Oh how we love You tonight, Father. How we thank You. We lift our voices in praise. We lift our voices in thanksgiving unto You the great Rock cut out without hands, the great Headstone that has come in these last days. The great Chief Authority, King of kings and Lord of lords. That mighty Angel with the silver sword that has dropped down, under that seventh seal with the opened book in Your hand. You, Who were dead and are alive forever more, Who have the seven stars in Your right hand. You, Who have the sharp sword that cometh out of Your mouth; the amen, the faithful and true witness, the beginning of the creation of God; You, Who are the Morning Star. Oh God, how we thank You.

You, Who walk in the midst of the seven golden candlesticks, Lord, we worship You tonight. You, Who revealed Yourself in this way, oh God, because You wanted to show Your greatness and Your glory. You revealed Your bride, in so many ways because You wanted to show that she is part of You, oh God. Lord, and we rejoice tonight, as our eyes become anointed in this hour, to see the great deliverance at work, delivering Your children, oh God, revealing Yourself to them.

Oh, we thank You, Jesus. We thank You, tonight. We bless You wonderful Name, tonight. How great is our God and how greatly to be praised. Oh, we love You, Lord. We love You, we love You, Jesus. Let Your mighty power move in this service here. Let Your Holy Spirit, Lord God, where hearts could believe You, oh God, Lord, that there could be deliverance; that what Your children have need of tonight, as they stand in Your presence, Oh God, Your quickening power; You, Who know their thoughts, You, Who know their desires, even as they breathe that holy Name in prayer, even though they keep it in their hearts unspoken, You

know and You can answer. You can drop in their subconscious and quicken them, oh God. Lord, we believe that tonight.

We thank You, Jesus. We thank You. Oh, we thank You. How great is our God. We just love You, tonight. We just love You tonight, Father. Blessed be Your Name.

As we bow our hearts, we invite Brother John Phillips to come and pray, amen. Hallelujah! Just have faith around the building here. Just have faith around the building.

Those of You, Who don't know the Lord Jesus Christ, you could receive Him tonight, in the full revelation of His Word as He has come, in these last days. Those of you, who He is drawing by the Holy Spirit, knowing that 'no man could come except the Father draws him.' And He is drawing you that you could say, "What kind of place is this? What kind of Word is this? I don't understand it but there is something here. There's a reality here. Oh this is what I long for. Something in my heart tells me that this is real."

I pray that you will have that in your heart tonight. That the Holy Spirit, can give you, who are visiting here tonight. And even those who are here for the first time, may the Spirit of God give to you, tonight, as we look to Him in prayer. You just hold it in your hearts and say, "Lord, witness to me if this is the truth. Reveal to me, confirm to me, if this is Your people and You gave me the privilege to come here, tonight. Lord, it is strange but Lord, You witnessed to me because I can sense that there is something supernatural here. Something is real, something is alive here. Oh, my God, the world is so dark but the light here is so bright.

(Brother prays)

We all say, 'amen' Amen. Hallelujah!

Just think, just think. If all of these things in this book are coming to pass, exactly, precisely and there were only to be four kingdoms; and all these things have come to pass. And when it comes down to the end-time, here is the prophet, end-time Daniel, at the end of the Gentile dispensation standing there. A man reading the handwriting on the wall. The Angel that is to say, "Babylon is fallen, is fallen." The one that is to show the Bride, "You're going out of here."

If that Daniel back there could see that that Babylon power was falling, this end-time Daniel could see this mystery Babylon's

power is falling. And that Daniel went in there and got the whole mystery, all the way to the end and this Daniel in the end-time here, went in there and got all the mysteries, all the way to the New Heaven and the New Earth and brought it for a people, friends.

And the Angel came to that Daniel and the Angel came to this Daniel. And if all of those things have been fulfilled from the head of gold, all the way down to the toes of iron and clay and the part of the Rock cut out without hands have been fulfilled, the Angel with the book coming there, Revelation 10, have been fulfilled - Daniel 12, then wouldn't the part with the names in the book to be delivered be fulfilled too? The part with the hearts of the children being turned back to the faith of the Fathers be fulfilled? And the part where the wise shall understand would be fulfilled?

If for twenty five hundred years, nothing has missed, (think) when the Word comes to pass, it is made more sure because it is confirmed, it is vindicated. Then what does that become? A light in a dark place. He didn't say, 'dark hour'. And then, what does the book of Daniel become? A more sure Word of prophecy, made more sure, confirmed. It becomes a light because that light is showing you all of the powers; how the beast is devouring the earth, how the elect is being called, how the Angel is with the open book, how Michael is here in a time of trouble, all of these things.

When the Spirit of wisdom has come into the church, to go out. He said, "Do you know what is happening? We are trying to place the church positionally, before those great plagues begin to fall. That's what is happening. Get them in, like Moses into Goshen, like Noah into the Ark, like in the time of Ezekiel, sealed up, 'hold those winds until we have sealed up these, who have been called.'

Know that you are one of them. Let it become an experience, personalized to you, my brother and my sister. Do not take it for granted because all of these things, he said, "Oh king, oh church tonight the dream is certain, and the interpretation is sure." This is where the promise of the vision, the history, the Word, the vindication, all come together to show to us, we have the proven Word of Almighty God.

And then, God proved His Word by those, who could have faith in that proven Word, who know the Word is certain. Be certain of God. God has made it like that. Let's get in, friends. Let's be covered. Let's be sure. Let's get in the refuge tonight.

And I cried, hide me, Rock of Ages,
Separate me from the evils of this life.
Cover me with Thy robes of purity,
Be Lord, be lord of my life.

I too, beheld in the night vision, (Me, the end-time
Daniel)
Over the great sea of humanity, (that beast coming
out.)

But do you know something? I am part of the group on that white charger, who is coming to slay that beast; to slay that beast! I'm part of that army. And when that beast was slain, all of heaven rejoiced, "Lord God, omnipotent, who reigneth, for Thou has avenged Thyself of the blood of Thy saints and Thy martyrs!" Oh my!

Death is riding and we see it, uniting his powers and we see him but while all of that uniting is going on, we see the Bride uniting too. We see the Headstone coming down over the body, the marriage, a union is taking place. That one is visible, all of the world could see that. But this one is invisible, you have to have discernment to see this one. That one is natural uniting with natural. This is natural here, uniting with supernatural. Amen, visible uniting with invisible. Oh, thank You, Lord.

(I cried hide me.)

...Rock of ages,

Separate me from the evils of this life,

(Oh and cover me with Your Word tonight, Your robe, Your Spirit.)

...of purity.

Be Lord of my life.

(Oh sing that again. I cried hide me. Enter into the refuge my friends.)

...me, Rock of Ages,

separate me from the evils of this life.

(Oh and cover me)

Cover me with Thy robes of purity

Be Lord of my life.

(I beheld in the night vision. In the night beholding it.)
...that sea of humanity,
(Oh creeping things, all hell coming out of the pit.)
From my soul came a desperate cry,
Lord, hide me from this hell I see,
I want to live with you eternally.

I cried, hide me Rock of Ages,
(I want a total separation from unbelief)
Separate me from the evils of this life.
(Oh, I want that white raiment, Lord; like Boaz covered Ruth,
amen!)
...of purity,
Be Lord of my life.

(Then I lifted my eyes towards heaven, oh and Seven Seals
were breaking. Lo, a mighty angel came down.)
...one foot on the land, and one on the sea
and His face shone like the Sun.
when he spoke His voice was like thunder,
And a mystery was made clear
For the voice that thundered judgement
Whispered freedom in my ear.
(The voice of the Supreme Judge, telling you that you are
justified, amen! You are free.)

I cried, hide me Rock of Ages
Separate me from the evils of this life.
(Oh let's stay and go in the Spirit now, until Friday...)
