

Third Exodus Assembly

The
Realization
Of This
Insane Age
Pt. 5

*The Increasing Desensitization Of This
Laodicean Age*

Pastor Vinworth A. Dayal
30th January 2005

THE REALIZATION OF THIS INSANE AGE Pt. 5 Sunday 30th January 2005

Amen, praise His wonderful Name. I certainly will like to greet you all this morning in the precious, wonderful Name of our Lord Jesus Christ. What a blessed privilege to gather in His presence, Amen!

David said, "I was glad when they said unto me, let us go into the House of the Lord" and how thankful we are, there is a place we can come in this Dark Age, in this dark hour. We know we can come and worship Him in spirit and in truth. He promised where two or three are gathered in His Name there He is in the midst, Amen.

We have a little dedication here, would like to desire your attention at this time as we dedicate this precious little jewel that God has given unto Brother Dave and his dear wife, little Rebekah Lily. Bible says,

Lo, children are an heritage of the Lord, and the fruit of the womb is His reward.

Blessed is everyone that feareth the Lord that walketh in His ways.

For thou shalt eat the labour of thine hands, happy shalt thou be, and it shall be well with thee.

Thy wife shall be as a fruitful vine by the sides of thine house, thy children like olive plants round about thy table.

Behold, that thus shall the man be blessed that feareth the Lord.

What a blessed thing it is, that not only for ourselves that God can give us security, but even for our offspring. Promise is unto you and to your children, even as many as the Lord our God shall call. You believe on the Lord Jesus Christ you and your household shall be saved, the Bible says.

What a blessed privilege we have to not christen them as the present modern trend is, but we can look back in the Bible and see that they brought their little children unto Jesus, the Bible says. They were not at the age of accountability, they were too young to repent for their own sins and so God made a provision for them;

that is what dedication is. Joseph brought his two little sons, that his father Jacob might bless them. Hannah took little Samuel into the temple for Eli to bless the child, she offered him up unto the Lord for a life of service.

Down through the Bible that's the pattern, and how we believe and are persuaded, this great God of the Bible is the same yesterday and today and forever. And here even in these things the Holy Spirit being so mindful, has reawakened our understanding to these scriptural truths. We can bring them by faith, place them in the hands of the Almighty God. We who are faithful to stand by His Word always, to watch over it and keep it. For if you abide in Me and My Word abides in you, you can ask what you will.

Gracious Father, we are thankful dear God for our precious Brother Dave and his wife and this great blessing Oh God that you have blessed them with. Giving them a heritage Father, giving our sister a safe delivery, watching over them and keeping them Oh God, that they can be standing here in health and strength even with their lovely new addition to the family also prospering in health.

Truly dear God, you know how to work in the hearts and lives of your children, and dear God when you see their desire to take your Word into their heart and to walk in Your truth, in Your light and to serve you dear God. You said, "If we seek first the Kingdom of God and its righteousness, all other things shall be added unto us".

And You know the kind of gifts and how to bless us, because of the purpose that You have ordained for our lives and knowing Oh God, how to lead us in life's journey, that You might reveal and make known Your will and Yourself unto us, that we truly might come to love You and to know You and to serve You and to stand as Your representatives upon the face of this earth, "the light of the world and the salt of the earth", You said. That's what we are, that's what You called us to be, Father.

May dear God, as we bring little Rebekah Lily before You, truly Oh God such a beautiful name that they have named the child. Looking Oh God at the way she came to them at this time and the things in the scripture that You impressed upon their hearts and the character of Christ revealed in His people, in nature.

Something Oh God that speaks out of you Lord, that they could identify themselves with, believing it has meaning and purpose and not just looking for the name of some famous person or movie star in the world, or something like that but believing Oh God that this gift that you have blessed them with, that she has come with meaning. You have a purpose and an intention behind her life by sending her unto them at this time.

May You bless this little girl, Father, with health and strength, and may she be raised up in the environment of a godly home, with a godly influence upon her life, that she be trained up in the way of the Lord and she would grow to honour You, that Your light would shine through her and the purpose that You have intended for her and the place that she will take in Your economy, would be fulfilled to Your honour and to Your glory. And it would be an honour to the parents to raise her fulfilling this sacred charge, that you have committed her into their trust. It will be a reward for them on that day Father, because they have been faithful in this vocation, as parents.

We place this little girl into Your mighty hands, asking that Your divine presence will so surround her, You would watch over her, You would keep her sheltered beneath Your precious blood. This place of safety Oh God, where we know she is secure, the greatest security Oh God she can have, where the seal of the Holy Spirit could be upon her life, the great hand of the Almighty God will be her protection, and she dear God would prosper in all things.

Grant it dear Father, we dedicate her today unto You for a life of service giving You thanks and praise Father and praying that You will bless the parents, Lord and you would give unto them all that it will take Father to fulfill this sacred obligation and to raise her up for Your glory. We now dedicate little Rebekah Lily Baboolal unto You for a life of service in the Name of Jesus Christ, Amen.

Our precious Sister Edwards here, you know she is due for an operation and for a hernia, but she and her husband are standing here with faith believing in their hearts, looking unto the Lord Jesus Christ the healer of all our diseases. He, who is able to take care of every affliction, every disorder, in the human body, He

knows how to deal with each and every one of us, and they are just believers and they are trusting Him.

We would like to pray on their behalf today, that God will be gracious and grant our sister deliverance, Amen. That even now He would strengthen their faith to look unto Him who said “I am the Lord who healeth thee of all thy diseases and I’ll call upon the elders, let them pray the prayer of faith anointing them with oil, knowing the prayer of faith shall save the sick and the Lord shall raise them up”, so we will like to unite our faith and if you have a special request standing out in the audience today, God will be gracious to you also.

We see how God has healed the people right here in our midst recently, different cases, severe cases. He is still the same God this morning, “If two shall agree as upon touching anything it shall be done, it is not by might or by power but by My Spirit,” saith the Lord, Amen.

Gracious Father, we stand here today as the church of the living God, believers assembled in Your divine presence and have in our midst dear God our precious Brother and his dear wife, Lord Jesus they have sojourned with us down through these years. Faithful Oh God, they love You, they have taken a stand for Your Word in this day in which they are living in and today they are in need coming forth to be prayed for dear God, looking unto you Father the Healer, the one who paid the price for all our sins on Calvary’s tree.

You were wounded for our transgressions and bruised for our iniquities, the chastisement for our peace was upon you and by your stripes we were healed. Upon you were laid the iniquity of us all and Oh God knowing that through identification with You and receiving what You have done Oh God with a heart of unfeigned faith.

We stand Oh God justified in your presence, that we can have faith and ask Oh God; you said, “The reason we don’t receive is because we don’t ask”. If we ask for a bread You will not give us a stone; if we ask for a fish You will not give us a serpent, You are the giver of every good and perfect gift, that’s our confession today Father. In you there is no variableness or shadow of turning; great is your faithfulness. You are the God of the Amen, the God of the

unfailing promise, the God, the faithful and true witness, the God who stands by Your Word.

And we pray and ask that Your grace Lord will drop that faith into the heart of our sister today, as she stands here with this hernia condition, God, that you will deliver her from it completely, in the Name of Jesus Christ. She is due for an operation but she does not have to take it Lord, You can perform the surgery even before the doctor's knife can touch her.

We ask that Your grace will come to her, Oh God if You can do that for her today Father we will be so grateful and if You will have her to go by the way of the doctor's knife and that is Your will, then give her the faith to trust and believe You, he can only cut out that malignant but it will take You to heal her anyhow. We ask dear God that faith will rise up to such a place in the heart for the miracle, Lord. Oh may you grant it Father, we ask this mercy on behalf of our precious sister, be merciful to her Lord.

When we are going down in age like this and the body begins to get fragile and frail, God these things are so hard to bear and discomfoting many times and that's why Lord we look to you, God, who is rich in mercy, because You are the high priest who can be touched with the feeling of our infirmities, and may You give her that touch today, that she will be ever grateful to you Father. In Jesus' Name we ask it, Amen.

Praise His wonderful Name, sorry to keep you still standing there. But we are praying, we are believing, for these needy ones amongst us, you know God is faithful, He is mindful and that's the blessed assurance we have in our hearts, Amen. So let's just have a word of prayer one more time, and commit the rest of the service into His hands and then we should be progressing on in the service by the grace of God, Amen.

Gracious Father with bowed hearts, in your great august presence, thankful Oh God for the privilege to be in Your House today. It's a joy for us how you blessed us last week. How God we come the beginning of this week to commit our lives into your hands again, to seek your favour and your blessing because we desire to walk in your will. Looking unto you for direction and leadership, praying that the quickening of the Holy Spirit will take the Word and reveal it Oh God and build up faith in our hearts.

Give us the discernment we need Oh God, inspire and anoint our faith Lord that we can walk in victory, living an overcoming life that can be a real example, that can be an influence Oh God unto others, that the church of the living God might keep marching forward in faith.

We stand here Lord, we also bring Your precious children out in the islands that is united with us in heart and purpose. In Tobago where our brothers are today for service, out in Grenada, St. Vincent, Dominica, St. Kitts, St. Lucia. Lord Jesus be gracious Father, may Your great presence just as we stand needy here they stand needy there. And we look to You Lord, the one who promised to supply all our needs and Lord Jesus as we stand we say, Lord remember us Oh God, look down upon us and see that needy places among us.

Oh God, and may you bring our hearts and minds into such a place where Lord God all unbelief, all fears, all doubts will be completely removed and faith could abound to the uttermost to draw from You, the inexhaustible fountain, that which You have already made secure for us in Christ Jesus and is willing to supply to us as we have faith to ask and believe we received what we asked for. You promised we shall have it, let it be done Father, in the Name of Jesus Christ. Now lead and direct this remaining part of the service according to Your divine and perfect will, in Jesus' Name we pray, Amen.

I would like to invite your attention quickly to St. Luke, Chapter 17, amen. Reading from verse 26.

And as it was in the days of Noah, so shall it be.... as it was, so shall it be.... in the days of the Son of Man.

They did eat, they drank, they married wives, they were given in marriage, until the day that Noah entered into the ark, and the flood came, and destroyed them all.

Likewise also as it was in the days of Lot; they did eat, they drank, they bought, they sold, they planted, they builded.... life went on as usual; all these things people do every day....

But the same day that Lot went out of Sodom it rained fire and brimstone from heaven, and destroyed them all....

Notice that the day Noah entered into the ark, the day Lot went out of Sodom, but Noah going into the ark and Lot going out of Sodom was not just by human leadership and human understanding, that was the divine working of God who had prepared the people and they knew one day they would have to, that would take place. They saw the judgment heaping up around them, so notice that. So he says....

Even thus shall it be in the day when the Son of Man is revealed...

Jesus teaching here contrasting these things, the days of Noah one world destroyed by water, days of Sodom one world destroyed by fire there, and then He is likening that to this hour when the Son of Man is revealed....

In that day, he which shall be upon the housetop, and his stuff in the house, let him not come down to take it away: and he that is in the field, let him likewise not return back.

Remember Lot's wife.... remember Lot's wife.

And out of all this from Genesis 6 teaching on the days of Noah, to Genesis 19 when Sodom went out, Jesus picked up that woman, remember Lot's wife. One woman there, remember Lot's wife.

Luke 21, just taking another part there in Luke, verse 25.

And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring....

And that is like that Tsunami that they had there recently, close to three hundred thousand (300,000) people they say, three hundred thousand all now, that was killed there....

Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.

And then shall they see the Son of Man coming in a cloud with power and great glory.

*And when these things begin to come to pass,
then look up, and lift up your heads; for your
redemption draweth nigh....*

Still speaking about this great day when the Son of Man is to be revealed, from heaven in a cloud, with His mighty angels in flaming fire. When the Son of Man came in a cloud, when the day when the Son of Man is revealed.

Like the days of Noah and the days of Sodom, when you begin to see the judgments coming on the earth and the whole earth in perplexity and perilous times. And He says when you see the Son of Man coming, in that time with the revealing of the Son of Man, look up and lift up your heads for your redemption draweth nigh. Your redemption is tied to the revealing of the Son of Man....

*Verily I say unto you, this generation shall not
pass away, till all be fulfilled....*

And if the Bible is really a true book and is really the Word of God and He says heaven and earth will pass away, He says....

*Heaven and earth shall pass away: but my words
shall not pass away....*

And He puts that seal right there, after saying this generation shall not pass away till all be fulfilled. Heaven and earth will pass away: but my words shall not pass away. In other words we can't take these words and these sayings the same about these things lightly....

*And take heed to yourselves, lest at any time your
hearts be overcharged with surfeiting, and
drunkenness, and cares of this life....*

And that's the season we are in right now in the island here, surfeiting and drunkenness, and the cares of this life and the whole country, we call it tourism, brings in revenue, foreign currency.

And we get the tourists in and we give them a time of their life and we put out our best winers (revelers) and our best alcohol that we distil right here and you know, we put out the best shows we can have and you know put everything there in all the boroughs and the cities, and put out the best shows, let them see that....what we're good at, producing and exporting in this island here, Amen... and so that....He says,

*And take heed to yourselves, lest at any time your
hearts be overcharged with surfeiting, and*

drunkenness, and cares of this life, and so that day... that day when you see the Son of Man coming... come upon you unawares....

Unawares! He is going to come unawares; He is going to come like a thief in the night, He will come sudden, unawares mean sudden, unforeseen, unexpected. That day will come upon you unawares....

For as a snare shall it come on all them that dwell on the face of the whole earth....

I think we are on the earth? I think we are part of all them who dwell on the face of the whole earth...

...for as a snare shall it come on all them that dwell on the face of the whole earth....

So it's a snare of a global magnitude, it's a snare that's taking in the whole world, the whole cosmos, the whole cosmos will be caught in the snare....

Watch ye therefore, and pray always, that ye may be accounted worthy to escape....

Watching and praying in this hour is a must, *that ye may be accounted worthy to escape all these things....* that's the rapture, that's the only way of escape....

...that shall come to pass, and to stand before the Son of Man.

May the Lord bless the reading of His Word; you may have your seat.

Once again we want to welcome you all in the House of the Lord and try to settle in here a little bit and try to teach a little lesson here this morning, that I have been taking on Sundays on **The Realization Of This Insane Age.**

And showing you that we have come and we are living in a age when the whole world is going to come to such a deteriorated state and the people will be deformed in such a hideous condition, its all through the Bible and that's why God promises that like it was like in the days of Noah and the days of Sodom, it shall be destroyed.

And for a Bible believer, if we believe the Bible we have to believe these things. If you don't believe the Bible, then it's just a historical book, it means nothing. But when we examine the very Bible itself, we find out that even the very Bible that we have, that it foretells.

It's not like any other book; it foretells thousands of years before things happen, written by forty different writers, over a space of about sixteen hundred years. And no two writers comparing their writings with each other, and yet you cannot find one contradiction inside of it, and yet it expresses one revelation, from Genesis 1 to Revelation 22 make one book. And that one book has one theme, and that one theme is Jesus Christ and He is being revealed from Genesis 1 to Revelation 22, Amen.

So I'm still speaking on **the Realization Of This Insane Age** and I was speaking last week, which I am trying to hold on to that subject a little bit, *The Increasing Desensitization Of This Laodicean Age*. The increasing desensitization, people are being desensitized to judgment, people are being desensitized to the age they are living in, people are being desensitized to what their bodies were given to them for, people are being desensitized to what their moral values and their moral standards should be.

You are seeing people taking off more and more of their clothes daily, you are seeing sex operations, man wants to become woman and woman wants to become man, increasing. Homosexual marriages increasing, it's becoming legislation in all the big cities now. Then rights are being given to them because it is recognized like a true marriage. They could raise children, so they could apply for adoption since a man and a man cannot go and make a child, so they apply for one they give it to them and being two homosexuals to raise a child and it is normal.

Because it is not like...it's not something out in the alley, in the back of the alley no more. It is something that is polished and refined and put out in public, under the term of 'Sexual Preferences'. And all of these things have been, just like I was telling you of recently about the whe-whe(lotto). Long ago you go in a cane field, and the whe-whe banker going and buss a mark, brother you better be careful, because the police will pick you up right away, illegal activity.

They took it out the cane field, they put it in a nice ticket from a computer, they advertise it on TV, they advertise it in a way that its appealing, its nice, its exciting, its thrilling and it's connected to dreams and dreams are the subconscious. You can't dream any dream, so it's moving you now into the realm of occult science.

You get what I'm saying? That's an occult science, with all these numbers, and the dreams and the interpretation.

And then they put it out there, it's out in the malls and you get nice representatives sit down there and the people line up and they queue up and they go to play their mark and they move around the office and they pick up their different things and they discuss the dreams, and everything nice and its on TV and then it is put in the paper.

And they legalized it and they glorified it and so the people gradually, where it was a crime, they decriminalized the thing. like Barbados, they are trying to decriminalize homosexual and prostitution, so it becomes normal. So a young girl now, when that becomes normal, she can go and apply for a job as a call girl, she is attractive, she is not made to feel its prostitution.

She goes in an office, a senior woman sits down there, watch her, makes her walk, different things. She is going to carry out expatriates when they come into the country and tourists; you understand what I am saying? And they want to go out in a hotel for dinner a night, and they are some big technician, they come to see about something here, they are going to spend two weeks in the country, they don't want to be locked up in a hotel room. When their work is done on the job, they're looking to see the country and move around a little bit.

So they call it an escort service, so somebody nice will be at their side, will come in a car and pick them up, take them out maybe they'll go to the Hilton or go to Kapok for a little dinner, sporting something at their side, you understand what I am saying? And then they grade them, how much you can spend, this is first class, this is economy, this is in the baggage section, you understand what I am saying? Because it's a business, but it's all refined and cultured, and this is what the world is coming.

Look how they glorify the cigarettes now, now the amount of people that killed, and is killing. Now they try to clean the air in the office, because they knew all along that when somebody's smoking and you're inhaling their smoke because you are in the same room with them, it's giving you the sickness the same way like them. So they took it out the plane, they took it out the office, they took it out here, they took it out the airport, they even made

restaurants “No Smoking” area, and “Smoking” area. Because they are still trying to hold on to a little business.

You have clientele coming to spend a lot of money in whiskey and you know, food and different things, if you put them away your business will drop down in half. But it is sickness and disease and destroying people, so for conscience sake and to put the responsibility on you, they say “the Surgeon General says that this will give cancer,” so when you buy it the blame is not on them, you get what I am saying?

But the thing is while you’re watching your news or something, that advertisement coming through your eye gate, getting past your human defenses, putting that thing in your subconscious, because they’re manipulating the human being, these subliminal messages.

And then it starts to influence your buying, it’s shaping your taste because it put out there as somebody having fun, as exciting, get some nice woman with slim fingers, you know and they have this box here and they have the box all so nice like you know it’s something so precious inside the box. And men sit down on a computer and designed that logo and designed that box to make it look real good in the showcase.

And then they put the Ad there, but it’s all to do what, manipulate the person to spend money on that product. That’s the whole thing behind it, to make money at the expense of destroying the health of human beings. But that’s the world, that’s the world today, that’s this kind of world we live in. And now after they killed so many millions, now they say okay, well, what we’re going to do now, we are going to ban this. Well if Hitler killed six million with gas, they inhaled that smoke; you understand what I am saying? This killed more than six million and this also is planned, and this also was having the knowledge of the damage, but it is legal. This is the cosmos; this is the world.

That’s why when we read the scripture, you know you read as it was in the days of Noah, you read as it was in the days of Sodom, you read the Word and the things that are in the world and you’re hearing words, but you have no real concept to see how it ensnares and traps and influences and deforms and destroys because it’s a world that was built by architects and engineers. It’s a kingdom, it’s an Eden, it’s a thing that exists, it evolved from the agricultural revolution to the industrial revolution to the information

revolution. The world keeps coming higher and higher all the time, but it is more and more death all the time.

I mean now we have the best medicine, best doctors, more knowledge, more ways of doing research in science. They have the microscope, they have this, they have all kinds of different tests. They know about the Genome Project, they sequenced the human DNA, they have all these things. So great, that men glorify themselves with the knowledge of computers and everything, best laboratories, yet we have more sickness and more disease killing more. So what is the boast about science? What is the boast about knowledge? It brings more death.

But the tree of knowledge was the tree of death to begin with; man was put before two trees in the garden. One was the tree of knowledge of good and evil, one was the tree of life and man walked away from the tree of life and went to the tree of knowledge of good and evil and he ate from there for six thousand years.

And now he is in a world, a knowledge based civilization and the God of this evil age, that tree is in the midst of this garden, and he is the source by which man lives and is considered successful. Oh he is educated, Oh that's a refined and cultured man, he only smokes Benson and Hedges or Havana cigars, he only drives you know, a Mercedes Benz or he only has dinner out in the best hotels or something; his culture is refined, he is successful.

Why? This is the age of information, this is this kind of civilization. Do you get what I am saying? That's why when God says the world will pass away, man can't understand it. They think it is some kind of wild fanatical judgment, some angry God you know, who has a problem and who can't tolerate people.

And you know is some kind of religion, is some kind of fast, some kind of judgmental business, some angry God that just turns over everything and religious people that looks like real you know, critics, or deceived people just swayed into some zeal, you know, after some religion work them up or something.

But when you really look at the Word and judge the Word, and you take mans' wisdom and you examine mans' wisdom in the light of God, man wisdom is foolishness. The wisdom of man is foolishness, the Bible says, to the wisdom of God. Man by his own wisdom has destroyed himself. When God says the condition

of man and shows man his condition, people many times you find they don't want to accept that, you know, I ain't bigoted, I ain't prejudiced, I ain't discriminate....

Brother and some little situation comes up, that goes against them to respect somebody else's opinion, to respect somebody else's value, they will destroy that and then go and uphold something far worse than that; you get what I'm saying?

And when you look at history and you look down through the age, and you see how the world has come from one stage to the next. As we were saying recently, I remember you know, the days brother, a woman wore a pants that was like an abomination! A girl goes out and maybe the little part of her petticoat or something or the slip showing below the dress, she saw that, brother she'll blush, she goes quickly in somewhere... and also your mom and your grandmom.

Brother today they are wearing the pants quite down here, they have a tattoo there they want you to see and half of the time the symbol of the tattoo is some occult symbol, some witchcraft symbol, but they think it is fashion. Then they pierce the body and they put a navel, something on their navel there and in the back here where it low too, they put a tattoo down in the back there to draw attention to certain parts of their anatomy.

Then they put something in their eyelids up here and then they put something inside their tongue and they pierce all over their body and they put the tattoo all over their body and they print up their body and then that becomes now as something so admirable and like an achievement, and the style. And when they are like that and there are people designing the garment to go with that. And then they are the people who can pay for the advertisement, so they're controlling the prime time, so that is what you are seeing. Who has the money controls the prime time; put their advertisement out, you see their product. Their product is what is exhibited; they could pay for the big billboard, put it out there.

So, some other person trying to present some proper modest clothing, brother, they cannot even afford to; who buying that? You get what I am saying? And after awhile it is people, they're rich, they're powerful, manipulating the garment industry, controlling it and dressing people in what they determine the fashion is going to be for this summer.

The same way the newspaper determines what is news, you understand what I mean? So they are telling you what is news, sometimes real important things they don't put there. Some mad doctor discovered something, some great achievement to help the human race or something is put there, they get some little place in the back. Some naked woman out there, some product out there, some body shoots somebody in Laventille, that fills up the paper. And so the people minds is in this kind of world, and with the amount of people competing for the minds.

When you have normal everyday products, you have milk, or some type of clothing or something. You have fifty, sixty different brands of that certain clothing trying to compete for your mind; you have about ten different kinds of milk in the grocery competing for your mind. Everything you have to buy, you have to buy some electronic something, brother you have about two hundred of that competing for your mind and everybody bombarding you, their product is this, their product is that, this one is advertised, this one looks a certain way and the human mind has to make all these decisions.

And it is a constant bombardment, and who is more successful in manipulating and controlling the people, is who controlling the market. And so you have men studying, what they call Marketing Strategy. Because it is corporate warfare and the corporate warfare is for the consumer, because that is market share they call it, so if they control the market then their product becomes predominant and it is fierce warfare.

Many times they bring the goods cheap, those big conglomerates. Put down a big massive complex and put the goods cheap; for a season, everyone is going and buying there. The poor man trying to build up his business for twenty-five years, throws him out of the place clean, and then they raise the thing up afterwards; now they control the whole market, and then they call it success.

So greed, and lust, and war, and competition and these things and strife is the spirit that drives these things and shape the people and become predominant and create the atmosphere that the people living in this kind of world, so everybody is aggressive, everybody.

And that is why after a while when you get that kind of a way, you want to see pictures with violence, you want to see things a certain way and so that, because you only bring out a diet when you have people want that kind of food. And if you don't want that kind of food, then they cultivate in you the taste for it; it's a control.

And that's why we are talking about this cage, people are being hunted, people are being snared, people are being captured, people are being caged and yet they think they are free. The mind is already under the control of a certain influence, because the battleground is in the mind. Decisions are made in the mind, and every man is a free moral agent that was put there in the garden in the very beginning to accept or reject.

That's why friends when you look and you see how relevant Genesis is. What looked like some old ancient story we don't know, a snake in the garden and some kind of thing we have out there, it was the God of wisdom and knowledge, the God of perverted knowledge, the subtlety of the serpent, the enchantment, his beauty, his wisdom, his guile. To take the simple, to manipulate them, to control them, to get through their eyes and make it seem it is pleasant to the eyes, to create the lust and the desire for it; they will walk away from the Word to get it.

Not any old story, its God's Word, its God's revelation in the Bible. That's why He said, "buy of me eye salve." And I've been seeing since I've started to preach this, I can't even get past reading a scripture. Because I'm trying to show you, one of the main things I'm trying to show you behind this is, what the Bible calls the world.

That was a revelation, this world has gone through changes and forms and civilizations and kingdoms and different things. And when it is finished, it becomes hell on the earth, and Lucifer becomes the God of the world and the whole human race bow down to worship this God; that's what it becomes.

And that's why its judged and the atomic bomb was invented, that the righteous will walk out on the ashes of the wicked, the Bible says. God will burn the earth with fire, Amen. The same way it was destroyed by water in the days of Noah, went through the scientific inventions, the thoughts of the heart of men was evil continually, the Bible says.

And brother they couldn't believe a message that was unscientific, because the science and the wisdom of man poisoned the minds of the people to disbelieve that God could bring rain from the sky, because the Bible said there was no rain in those days. But God told Noah rain coming. Now watch something now. But their wisdom and rebellion to the Word of God, God was going to bring the rain. And their wisdom that saying it had none there was going to be proven foolishness before God.

Because they now with their wisdom, the atomic bomb and these things, remember they built the pyramids and those things before this now; up to now man is trying to figure out how they could build those things. They don't know the mathematical science yet today. It is only within the last eighty or ninety years that man began to understand the knowledge and the science of the pyramid, a little bit.

But like civilization always and history, they want to put down that they're so great, so when a next age comes they would want to appear to be so wise, so they don't put it down as it really is and so they can't humble themselves that those people were wiser than them who could build the pyramid, because they can't build that pyramid today, with all the science they have.

They have those mummies, and kept a human body, brother, so preserved three thousand years, they ain't know that science yet, it's lost. The kinds of clothing and these things they had; the dyes that they had. When they opened up all those Egyptian tombs and things and they got things, brother, the colour was still as bright as ever, all those thousands of years. See!

When they found that Waterworks down in Mexico that time, doing excavations and they saw some of the apparatus with the Waterworks, it was far advanced than what they had in this civilization. Out in Peru in some of those places, they found mathematical equations written in those caves, far beyond, and drawings of extraterrestrial things. They think it is man from outer space, but it is man on the earth in a civilization, that in their mind they thought it was cave men.

And then somebody comes with their degree and tells you they find a bone, it's a hundred and twenty eight million years old, spent all his life from a young boy in kindergarten all the way to a renown scientist and his great achievement and discoveries to

come up with some bone and he said “this is a hundred and twenty eight million years old” and he’s going to die and go to the grave and hell afterwards, but he’s trying to show somebody some bone. Waste his life, that’s right.

That’s why friends, we live in an age here people have to be true to themselves, This is an age that... this is a world that if God gives me time and helps me to get through quickly to prove to you this world came by a lie, this kind of civilization came by the lie. So this whole world, the author of it, is the father of the lie. The whole thing is a lie and deception, and everybody born by it and is part of this world is living the lie.

They have a lie in the joy that they get. He lies to them and tells them ‘you are happy’. Drink Johnnie Walker Black Label you are happy, you are better than the man who is drinking Old Oak. You are a better man than him, you understand? Smoke Benson & Hedges, don’t smoke Anchor and Broadway, you are a better man than him, that’s the values, that’s their standards.

Then they tell a woman to take some cosmetic surgery. She is sixty years old you know, but she is living such a false life, when she looks in that mirror and sees those wrinkles, because it has no beauty inside. All she lives for is this outward flesh, and to show how shallow the wisdom was, she didn’t realize by growing older the flesh will decay. So now she wants to reverse the clock.

So they have the poor woman out in a gym in a lambada shorts, round the savannah, all kinds of different things. And then somebody will tell her they have the special thing to kind of relax her, you know help the skin get back a certain way and she needs some hormone shots and a little cosmetic surgery and you know they try to restructure the woman. Poor thing at that age, brother, she has no peace on the inside of her heart.

If you watch these kinds of Joan Collins and Elizabeth Taylor who have seven, eight husbands and all kinds of different things, all of their life is a waste. And this is what is glamourized and put up there. Look at poor Michael Jackson, look at the poor boy and then they put them out there and the thing is you laugh at that; they influence millions and millions of people.

They become an idol to an age, people spend their money everywhere they are, everything they say, every picture they appear in, everything they have, they will put it up on their wall

and everything else. If you only give them a phone call they will faint, whoo! They will feel so special.

Look at Elvis Presley and all these people who died there and gone. I was telling you recently with Bob Marley's wife, and all these Jamaican people want to make a whole fury about it. How you took part of our heritage and carried it to Ethiopia and buried it. This time they don't know where the poor man's soul is you know. Which was the real man? Because the man is not this body out here, but trying to give wisdom to the world and so shallow, you understand what I am saying? But as I keep telling you, did these things just became great or were there people who made these things great in the eyes of people?

And in this kind of society, you have to have these kinds of distractions, you have to mould people from small, say, "he will be a great person, this is a great star, football star coming up, get a hold of him right away". So he's still in primary school, they take the parents and everybody move them over to this country, you give him a contract for the next so much years. We will take care of all the parents' expenses. They already seeing he will full a stadium, you know.

Who is the next star? So they have all these teen talent shows, who will be a star? Who is the next rising star on the scene? And all these people competing for that and exhibiting their talent and when they find them they know it is time for some new stars. Because they have a new generation coming there and you won't catch them with the stars of yesterday, you have to get new ones for this generation.

Who is it controlling that kind of market, cultivating and breeding these kinds of products and looking forward to maintain that kind of influence, to establish and keep that kind of control over the planet? Are you thinking?

This is the same world you and I live in, and bump into those people every day and walk in the streets and in the midst of all the influence? The Bible says *This Present Evil Age*, that He comes to rescue us, God sent his son to deliver us, from this present evil age. Not take us out of the world on a next planet somewhere, but deliver us from the grip and the influence and the power and the control, that no wrong influence will control us and bring us into

idolatry. But we'll live to serve the living God, and walk and worship the one true and living God.

Snare a world, snare a world, as it was in the days of Noah. Let's just read one or two scriptures here as we get around this line here. **This Realization Of This Insane Age**, I'm trying to bring you to this realization. When you hear these things, let your thinking expand, let your eyes become open, catch the concept that your eyes can be anointed with eye salve. Then when you look, you're beholding what you're really looking at.

When Eve looked at the Serpent, she didn't see death within herself and the human race, you know, she saw a fountain of wisdom. When she went to Adam, and said "Adam boy we sit down here like a bunch of dodos, but something happened so great today, if you know the experiences I got and the light I have and this great thing we're looking for, I know how to get it now. I know how we'll bring it to pass". She thought she was excited, she thought she had something, poor little deluded deceived thing.

From that time every child born by sex died, until a God had to become flesh and be born without sex to save all people who were born by sex. Because every man born by sex is born dead in sins and trespasses, came into this world speaking lies. Not every man who ate an apple came into the world speaking lies, you know, every man born by sex came into the world speaking lies. Man that is born of a woman is of a few days and full of trouble, not man who eats an apple is born of a few days and full of trouble, man that is born of a woman is of few days and full of trouble. People always say, man who ate an apple is of a few days and full of trouble.

You hear how the Spirit is saying that? Oh it's such a light. I could stop there, close my Bible and go and sit down in the room and think of that now. It says so much without saying it, but so much just to show you what truth is, my.

1st John 2, verses 15 to 17. I want to put these scriptures here because I'm trying to sensitize you to what the world is and sensitize you to why God has come down in this day to call a people out and sensitize you that we are in the hour when the wrath of God will be poured out on this generation, as promised in the Bible.

Because the world has desensitized the people to this, so they at the churches also are getting into the spirit of judgment and they don't know it. Brother they have their dub and their blocko and they call it contemporary worship, and all that came into the church and influenced the people and then you look now, you can't tell the difference between a church person and a person in the world, you get what I'm saying?

Because why? Because the gospel becomes a moneymaking thing. Man has used business principles in the gospel to commercialize it and to pull the money from the people. And con-artists sit down there and figure all that, and put on a suit and a tie and learn one or two scriptures and do as I do on the corner. What I do on the corner is too slow. Well, let me get in the main stream of religion and get there, and instead of trying to hustle on the corner, "give me a two dollars here, I want something to eat here" he starting to beg, he finds a more polished and refined way to get that meal ticket.

God loves a cheerful giver, and God is going to bless you and sow your seed of faith right now, See! And they learn all those things, and then, the poor, the church world has the people so blind, well they run gullible after all these things and they end up in that mess. So I want you to watch some of these scriptures here, 1st John 2, 15 to 17.

*Love not the world, neither the things that are
in the world....*

What are the things that are in the world? And how did those things that are in the world come into existence? And the things that are especially in the world, that has the world hypnotized and under a spell, and that they spend their money for and that they work hard and labour to put their money into that to find joy, to find pleasure, to find education, to find something.

Then the things that are in the world, does it mean just... no, He's talking about the world and the world that has its' grip. So when you see a rock concert sometimes, and you see there are five hundred thousand people sitting down there, and then you go to have a gospel meeting and you can't get fifty, you realize that (rock concert) has a power in the world. When you see a man makes a movie and puts it out there, some bunch of junk and some fictitious thing and in two weeks they tell you Box Office, already

cross one hundred and fifty million, you get what I am saying? He says, “I see these things are in the world”.

When you start to hear there are two hundred and eighty million pornography sites on the Internet, you realize how much wicked people there are, who are putting out those things there. Like I was reading in the Express yesterday they have some woman, some old prostitute woman there that they have her as they say, the papers say she used to be some ex-prostitute. She get kind of old now, she was kind of famous with all her porn movie and things she used to make and now all her groans and her moans that she used to tantalize people with in that industry, she is going to put it on a phone.

They got a mobile phone company to give her a contract, so you could download her moans and her groans and people start to say...a fellow said “if she calls my name, I want my name”, so he wants to put that on his phone, so when somebody calls him and he doesn't answer the phone and that voice comes on, you know. You could imagine people have taste in the world for that, they're cultured, that's a business and people go on mobile phone communication, why?

There is something called the sex industry. Sex is an industry, that's a billion dollar industry as I read for you last week. They say there are more slaves right now on earth than the four hundred years of slavery, when they brought the people from Africa to work on plantations. There are more slaves today.

It's on Human Rights website, in the United States alone every year it's close to almost a million slaves trafficking to the United States alone. Like I was telling you, Indonesia, Thailand those places are sex tourism industries. There is something called sex tourism. You think all those people coming for Carnival and they are advertising things for Carnival, people are seeing those women coming down Frederick Street or on the Savannah, do you think it's nuns with prayer books?.

When they are advertising some of these shows on Dimache Gras and the Carnival fete and different things and somebody on a website says, “I am hearing about this Trinidad Carnival, you know, let me check it out”, and they see that there, they say “okay I am going down there, I will spend a few days down there, I will

spend my vacation down there,” do you understand what I am saying?

What do you think they are coming down here to say, “mama this is mas, this is mas for class”? You think that is what they are coming to say? Oh brother, I tell you. You see? But it goes on all around us, but the gospel was supposed to wake us up to recognize the day that we are living in, to have discernment of spirit, to see what is put out there and has gripped a nation and a region and held people in darkness and trapped them in there.

That’s why it takes the Word from the mouth of God to break that cage and pull those people out. Because the whole mainstream so called gospel world, brother, they make their small cages too. And this is where we need to be sensitized. You know why you miss it? Because you are so desensitized. You’re so desensitized, the news have you desensitized, the way it’s presented have you desensitized, the way it’s designed to even contact and stop the lust of this fallen man, this outward man has you desensitized.

And the way it puts pressure, and makes prayer hard, and seeking God hard, and waiting before God that seems so long in the mind. And this is an age of fast food. Everybody wants everything fast. Nobody has any time to stand up for anything now. So nobody’s going to any store; man is shopping on the Internet- bring the thing at my door. People are going, they have drive thru, nobody is going to stand up in that line there, they go through the drive thru, everybody wants it quick. They have cultured the world like that.

And people who don’t watch themselves, and people who don’t have a strong conviction and know what they want to be, and what they don’t want to be. And people who have principles and their principles are not just some little slogan they kind of say, but people who are bound by their principles and they will not go away from their principles.

They know ‘I will not let that influence me, I’m not that kind of person and nobody is going to bring me that kind of vice, and nobody is going to control my life that kind of way, brother, no sadistic person inside of there, brother, some vulture, some predator wants to come with some kind of enticement, I refuse to let him control my life, I refuse to support those kinds of things’.

If a person doesn't have that kind of conviction, you know what is going to happen? You'll get talked into anything and talked out of anything. You are just like a little dry leaf on a pond; the breeze blows you this way, blows you that way, blows you that way. And then you kind of feel a form of security when you're in the multitude and a lot of people are thinking like you. Watch and see if those people achieved anything in history, watch and see if those people were remembered at all, watch and see if those people amount to anything in life. You want to be a loser like them? No way man!

You want to know, I know in whom I believed in and I'm persuaded that He is able to keep that which He committed even unto that day, that's right! I am not ashamed of the gospel; this is the power of God unto salvation. But then they kind of make you like you're churchy, and you're kind of weak and you can't handle the world and the world is too rough for you.

So you find they pass you as a little old sheep, "Yes I am a little old sheep", see. Look at you little church boy and church girl... you're not for out here, you can't handle here. Yeah, you sure can't handle here, because it takes a pig to handle that, it's a vulture to handle that, it takes a liar and a deceiver and some demon to handle that and I surely can't handle that.

"I could handle holiness, you could handle that? I could handle true love, you could handle that? I could handle righteousness, you could handle that?" You have things they can't handle too, they could handle their mud, but you have things they can't handle. Yes sir!

Christians are not softy people you know, those are hybrid Christians. Being a Christian you have the Holy Ghost, and the Holy Ghost is all power, is God. It doesn't have anything strong like Him, that's right. And when He comes in a man, He says, "I can do all things through Christ that strengtheneth me, and greater is He that is in me than he that is in the world".

How the Devil is going to handle that? Uh, uh, you mean the Word is mighty to the pulling down of strongholds? It is not you in church; no, you want to walk with God there. How many wants that this morning? Praise God, Amen. Yes Sir! Let's look at this a little more.

Love not the world, neither the things that are in the world....

The things that Satan puts up there to beautify it, makes popular, makes influential, cultured people into, and have them trapped in and they're giving their whole life for and it's worthless. What is He talking about? And I'll show you how those things came about just now....

If any man love the world, the love of the Father is not in him...

That world there means cosmos, arrangement, order, harmony. It's a civilization, it's a kingdom, it's built a certain way. When you come down this avenue, oh you feel an ecstasy, you go down this avenue over here, Oh, you feel excitement, you go down this avenue over here, whoo! You have the greatest of pleasures. It is designed; the world is designed to keep you there all the time.

Don't think the world is the geography part of it, Trinidad, and apple and grapes and you know, mango and you know, beach. The world is more than that, friends. You're talking about the world, the cosmos that is designed, where he said, "I will be like God". This one who built an Eden and in his Eden is really a big prison planet, he is demanded by those who say, "don't open the prison".

And his science has evolved so high, he build a Maximum-Security prison. Everybody in this prison have the Mark of the Beast, you get what I'm saying? And all that is in that cage is because why? They refused the gospel so they can't come out. No matter how much they hear it, they can't come out.

How could they refuse freedom and go back to their origin? He desensitized them, he desensitized them! He got into their system, he made their slavery so nice they don't want to leave their master to go out. He destroyed that desire for what they were in the beginning and the place that they were in the beginning where they fell from, when they came into that slavery.

Man was in a kingdom, friends, far beyond this. But look how Satan has man in this world, brother, this is the world they want to be big in, this is the world that they wish could go on, and go on, and go on, and go on, because they don't want to go back to that world.

And the gospel now has become a thing, that there is so much misrepresentation, that people don't even know what truth is any

more. That it put so much of perverted things out there, people have no confidence in what is the truth any more, they just give up. So people have to turn into all kinds of Eastern religions, start to turn to the occult, start to turn to all kinds of different things.

Why? Because of how he destroyed the church, because he came in there and told them, organization is the church, and he took away the Word from them and gave them a man-made denomination, and tells them that is the truth and killed all the true Christians in the Dark Ages. Foxes Book of Martyrs tells you sixty eight million died under Roman Catholic persecution....

*For all that is in the world, the lust of the flesh,
and the lust of the eyes, and the pride of life....*

So then this says, the man who builds this world he knows the flesh, he understands the flesh and the lust of the flesh. So he builds this world so that the lust in man's flesh, he has that so under his influence and he so puts out things to satisfy the lust of that flesh, the lust of the eyes. Brother, right now there are about five hundred cable channels, then there is the Internet. Brother, you know so many things he gave them to see, they could see day and night.

He has their minds so confused, until they can't tell what is real and unreal any more. They can't remember what they saw in a movie and what they experienced in real life; you get what I'm saying? Because he filled them up with so much fictitious man-made things, that they never learned to grow and develop and be tutored by God in the experiences God ordained in their life to bring reality to them. Satan take their minds, flooded them with all kinds of man-made things, so when they talk, they are talking all kinds of fictitious, imaginary things that Hollywood produced, and there is no real experience inside of them.

Where you expect your spirit to be? A product of what you eat, what you feed upon and then that gave them a repellant to repel God, when the Word of God was to give them a repellant to repel that thing, you're getting that? This is manipulation of the highest order you know.

You think there are those crackpots or some real sophisticated, well learned advanced psychiatrists out there, who could probably read a man's mind, analyze the man's mind, you know, help take away the man's stress, teach him positive thinking, put him in a

certain plane where he could handle and manage stress and you get a book on stress management in this neurotic age and how to keep on with your three jobs and don't be frustrated and how to...brother, and they write all kinds of theories and then they could sit down and doctor you; these are the mind doctors.

And tranquilizer for this, thing for that, they give you certain things to see, you know, when you lie down on your bed, they give you certain things to put earphones on your head trying to manage all your stress and everything else. When you watch people in this world, and in God's world, Adam didn't need that; he had peace. There was nothing to bring stress in God's kingdom. What was it? Everything was joy and peace, had no death, had no sickness, but they changed the world and made this kind of world.

I don't know how many of you have ever been in an insane asylum, or in Ward One in the Hospital and stand up there and see the condition of people and then see some of the remedies to get them back on track that is being applied. You must go sometimes it will do you good, go and see. Because you see that is part of the world you're not seeing and then you realize that there, is a miniature form of the whole world.

Because this world is designed to bring you into that condition, friends, the human body was not made for this. The human body was not made to tell a lie. That is why they put a lie detector on you and prove you're lying. That is why in the Old Testament in Numbers 5, when the woman committed adultery and hid it from her husband, if she lied, if she had committed adultery and lied to the husband, God told Moses, take a certain thing, mix it, a certain formula, give it to her to drink When she drinks it, nothing will happen if she is telling the truth; if she is lying, it will cause a rotting in the exact place the crime was committed.

When God was making the person, the Bible said what, you are fearfully and wonderfully made. The reason that machine picks up the lie, that polygraph machine, is because a lie throws your whole body out of disorder...(mike falls down)... I am talking the truth anyhow, he doesn't like the lie, he is the Father of the lie.

Now watch, so when you watch when that woman tells a lie, you know, they found out that laughter is one of the best medicines, they say when you're under all stress and you could

laugh you know what it does? Certain glands in the head secrete certain chemicals, and it removes that. When you tell a lie that releases certain things, it is a chemistry of the body. Why a person who is sorrowful cries? Why tears come? When a person gets excited erotically, and these things, then those body fluids come too. When a person sees food and gets excited then their taste buds start to spring water. That is the chemistry of the body. Man make up so.

And when a person tells a lie, that causes certain fluids, certain chemicals to secrete there and mix with that thing and brings a poison and that poison used to rot the thigh. Because God knows what He made in nature and God knows what He made in the human body and He knows man is part of the earth and God has all that mystery and God revealed to His prophet Moses and said, “test them here.” To show that God had a lie detector long before man invented this thing by science. The world friends, this world!

May God help us, that our eyes may be anointed to see what appears to look so nice, what attracts and holds people spellbound, because remember in that civilization that is coming, is not this kind of world. Jesus, quickly.... Verse 17. Whosoever is born of God...ah....ok....

And the world passeth away, and the lust thereof: but he that doeth the will of God abideth forever...

The world passeth away and the lust thereof, now catch that eh. The days of Noah passed away you know, and the days of Sodom passed away you know, and Lot’s wife see that world passed away and she could not handle that world passing away, and she passed away with it. She was conformed to that world, she was conformed to that world, she was caged in that world and when those angels came to take them out of the cage she was so desensitized to what was going on, she knew these were angels coming, she knew this was an hour of judgment.

The Bible says the angels had to hold Lot’s hand, hold her hand, hold the children’s hands and dragged them out. And just the evening before Abraham was on his knees, crying, begging God. Why? Because he was sensitized to the appearing of the righteous Judge, he was sensitized that judgment was coming upon the world, he saw the last sign, he knew the promise was at hand, he

sat in the tent door waiting, he was so sensitized of the time and the season.

He was looking, and when he saw the appearing of the angels he rose to his feet, he knew it was time for the promise, it was time for the change. When you see the Son of Man coming, the angels appearing, look up your redemption draweth nigh. Because as it was in the days of Sodom, so shall it be. Look at the passing away of that world, but that world had them desensitized to the coming of the Lord.

The angels met Abraham in the tent door waiting for the promise, cattle was starving, brother, herdsman were fussing, Sarah was complaining, but he was sitting there because God said, "this time next year." You check the time, he was in the season, he was in the season. He believed the promise, he had a new name God called him - Abraham. He nursed from El Shaddai that gave him strength and had him locked in, looking for the promise.

The other angel came and found Lot in the Gate handling Sodom's matters, occupied with the business of Sodom and when he saw them he said "My Lords, how would you come into my house and stay" they said "Not at all, we will stay in the streets all night". He begged, he begged, he begged, he pressed, then the angels started to say, "okay, we will stay." When he told his sons-in-law and others, "come on, judgment is going to burn this place in the morning," they started to laugh, they felt he was making a joke.

They saw so much of Jay Leno and David Letterman, they listened to so much Sprangalang and Tommy Joseph and all of these things out there, they were so desensitized, John Agitation and others, Beulah...the whole world is a comic for them, they are clowns, I'm talking about Lot's sons.

So Lot was talking about judgment, he said "angels come you know, angels are in the house here" he said "I was the first pull, this is the second pull, Elohim came down" he said "He's right behind, by morning He will be here, and this place is going to burn, that volcano there is about to erupt". Scientists say, " no, it might not erupt in about five hundred years"; they said "its kind of igniting some gases, but it doesn't look like its ready for any explosion yet."

But the angels said “It isn’t ready for an explosion? When we come here and we speak the Word that explosion will start, and all that fire and brimstone raining out of that volcano and dropping down in this place here will turn this place into ashes”.

She was desensitized, the sons-in-law were desensitized, Lot was desensitized, his wife, the daughters were desensitized and Abraham was so sensitized to the coming and the hour. But it’s where you’re living, where you’re living, and what is around you, influencing you, where you’re living. Do you get what I’m saying? Lot represented what? The lukewarm believer, the hawk that got soft, hmmm!

1st John 5, just turn, I’m not going to hold you, I’m going to be a good boy today. I gave you enough last week, so I have to pay up my dues today. 1st John 5, verse 18.

We know that whosoever is born of God sinneth not: but he that is begotten of God keepeth himself, and that wicked one toucheth him not.

And we know that we are of God, and the whole world lieth in wickedness....

And the Word there, if you have a revised version in the margin there it says, literally the wicked one, the whole world lieth in the wicked one. He is the author of this civilization, he is the designer of this world, he is the designer of the people. He has his own church system, you get what I’m saying?

The whole world, the cosmos lieth in the wicked one. He told Jesus “I’ll give you all, if you bow down and worship me” it belonged to him, he built that. His son Cain, is who started to build and what his son started to build, he will sit down as God over it and be enthroned, and be worshiped by the subjects of it, you get that? That is good !

Yeah, what his son started to build. The son, he opened the door to the human race and brought forth by the lie. Perverted truth brought forth a perverted birth, a perverted birth brought forth a perverted life, a perverted life could never obey the Word of God; it brought forth a child of disobedience that rejected the truth and established a false religion, couldn’t take correction of the Word. Is that right? That’s right. Brought forth the tares....

And we know that the Son of God is come....

You know He's come? Not was come, is come....

and hath given us an understanding, and hath given us an understanding...divine revelation.... that we may know Him that is true, and we are in Him that is true, even in His Son Jesus Christ. This is the true God, and eternal life.

Little children, keep yourselves from idols.

Not little statutes, from idols.

Movie idols, sports idols, fashion idols, music idols. In this age the idols are not a little piece of concrete stuck up somewhere, there still is that kind for the ones who are already bound in tradition and superstition. But in this age, and in this generation, he puts them living, walking about all over, they say that is my idol and they put up their big picture and brother however that person dresses, whatever that person does, they follow that, that is the idol. And they have a next name for them, they call them role models too.

Like I was showing my boy and them the other morning, they had this, ah.. Sherwyne Winchester, Destra Garcia, I forgot the other fellow's name, and they were down there in Woodbrook Secondary School, one of those schools, talking to the children you know, they're going for the Carnival season. So the teachers through the Ministry of Education I guess organized a nice little thing for the children to get in the festival, in the atmosphere you know.

So they got down there and then they told them, 'ahem, now be careful'. Destra Garcia was saying, "Be careful, obey your parents, keep God in your life". The other one told them about, don't do drugs and sex, and then in a lot of these places too they have these little booths and different places passing out the condoms and so on.

That was on one page and they had that there, and it looked nice, in a nice kind of public relations article, kind of showing some interest in the nation's youths and you give them a warning for the season with a little barrier to keep them you know, in discipline and order. And then they have their stars, who they feel will have some influence on them, who told them that?

But to show you how the paper is just a thing, it's a product; paper is a product to sell. And for the next page they had the same woman who was just saying that there, and she on a show singing and she had this little piece of thing up here, and it fall open and a man sitting down in the back of her tying it back up, because it fell open while she was singing a song.

I say "Look here, look at the hypocrisy and the double standards of these things". What kind of influence could that bring? That could bring some influence to somebody? You see some people like a signpost, they put it down in concrete by the side of the road; five miles to Princes Town, it's telling everybody. To get to Princes Town is five miles, but it isn't going one step you know. But it's telling everybody, to get to Princes Town is five miles and you're not moving at all.

That's the kind of example they have today; everyone is telling someone else what to do and nobody is doing it. The real example is you live - you walk the talk, you live what you're telling people, otherwise its pretence, its hypocrisy, its downright deception, that's right!

Romans 12, I'm giving you these on the world because the world is the cage, the world Babylon, has become the cage. The abominations of this system has shaken the world, this is the revived empire, this is the Eden of Satan himself, the God of this Evil Age that blinded the minds of the people the Bible says. I'm showing you the world according to the scripture and this is just one or two I chose; I had it at the side here I thought it's convenient to slip it in and that's what I'm trying to do here, get off my route a little bit. But I want you to see the world, the whole world lieth in the wicked one, the idols to keep yourself from.

Watch how John and the others had revelation and they said the only way that wicked one can't touch you, you have to be born of God, you must have the birth; that's the only way. Because that birth will put you in a next kingdom, that birth takes you out of the grip and delivers you and rescues you from this world, because this world is going to pass away friends. Romans 12:1

I beseech you therefore, brethren.... same Paul again here brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy,

acceptable unto God, which is your reasonable service.

And be not conformed to this world...he said now don't be conformed to this world.... but be ye transformed by the renewing of your mind...

That can take place now because why, the revelation of what this world is and how this world was designed and how this world lieth in the wicked one and how the wicked one perverted the true seeds of God. I'm going to show you, the real world came by God's Spoken Word, Genesis 1 and 2.

Let there be, let there be, let there be, let there be and God said let there be light and God separated the water from the dry land, and God you know call for the animals, and then God did this, and then God made man in His image and likeness, and then God said its not good for man to be alone, and then God took part of him and made the woman and then God himself came down amongst them and God and man were united and there was harmony, there was no death or nothing at all. Everything was perfect, no sickness, no death, no sorrow, no fear, no lie, no nothing and then the enemy came in and said "Ye hath God said, you shall not surely die".

And by the perverting of what God spoke, he began with that to change the world. He began with that and he got the woman and she opened up, and then he opened a door for himself and then she conceived and then God said 'I'll put enmity between the woman's seed and the serpent's seed,' because now he had a seed inside of there. Jesus said the evil sower sowed the evil seed and the evil seed is the children of the devil and that's the tares, but the good sower sowed the good seeds and that is the children of the kingdom, that's the wheat.

Light and darkness, there are two trees, we are at the harvest time, we are at the end of the world and he says....

And be not conformed to this world: but be ye transformed by the renewing of your mind...

In other words, God is giving us a revelation with the opening of the seals, to look beyond this civilization and He takes us back to Genesis before there was one city. Before there was one city, He shows us what the world was. Then He shows us Cain went out and he began to change the world by what? Science!

Industry, science and all the things we have today is what science gave us. Education, a great civilization has come forth out of this. Look at the cities we have, we hear about New York, Los Angeles, Rome, and Paris and each one of these cities have their own character and they have their own attractions and now he has united all these cities together, united the world together. What a kingdom he has built friends, what a kingdom he has built.

Let the musicians come for me, and I'll close off there.

Think of it, when God started in Genesis it was divine love, God and Man, perfect love, perfect peace, perfect faith. God by His perfect faith spoke and brought an Eden into existence, from a chaos to an Eden, nothing couldn't die there. Man lived by the Word of God, God and man were in union and fellowship.

There was perfect love between Adam and his wife, in harmony, no adultery, no fear, no mistrust, no superstition, and then adultery came in, a perversion, bestiality, sexual act. From divine love with God, to phileo love, from agapo love to phileo love. Adam and his wife brought up like a brother and a sister, yet husband and wife, yet looked at each other and was not ashamed, veiled in a holy veil in a kingdom of innocence and righteousness, no lust.

Then from there you got polygamy, Genesis 4, now man was not satisfied with one wife. Then, by the time it reached to Noah, Genesis 9, with Ham, you had incest, and Genesis 13, Sodom. Lot separated from Abraham to go into Sodom and it got burnt, in Genesis 19, was Sodomites.

From divine love with God and man in union, here is the same God now come down to man in Sodom and man was living with one another, the same God who was in Genesis with Adam and Eve. Adam was Christ you know that, then God put Adam to sleep. I'll give you a little bit of the mystery so you could see it from another side.

Then God took the bride out, she is part of the bridegroom, that is the Church, Christ and the Church, that is the Ephesians, perfect love, no sin, a sin free church. But as the serpent beguiled Eve so did these become corrupt in their minds and the serpent came into Eve, that's Nicolaitanes, the White Horse rider deceiving the church, sowing a seed of discrepancy, the evil sower putting the tares in the field.

Then bitterness out of that womb came Cain and Abel, a child of disobedience and a child of obedience, a tare and a wheat and they begin to clash and Cain killed Abel. Then Pergamos married, the church married the world because now its two lineages, the sons of God saw the daughters of men and took unto them wives and begin to get into further hybridization that started with Eve and the Serpent.

Then Thyatira, Babylon set up a kingdom on the earth and begin to get drunk with all the blood of the prophets, killed everything that didn't agree with her and forced the whole earth under her control, that dominant female. That is exactly what Nimrod did at Babel, when he built Babel and set himself up as God, the false prophet there, and forced that religion on the world and began to kill and hunt all those who wouldn't bow to that thing.

Then God called Abraham out like Luther, Sardis, escaped ones, come out of her my people. And then after Abraham came out Genesis 12, not knowing where he was going, like Abraham looking for a city whose builder and maker is God.

Then Genesis 15 God came and confirmed the covenant by blood, Wesley, the message of Sanctification. Then Genesis 17 God came with El Shaddai, nurse from me the breasted one, as the nursing mother for the baby, the Pentecostal age. Then Genesis 18, the day of Sodom, when the sins of Sodom is heaped up and the cup of Sodom's iniquities is full and God hear the cry and God came down in an investigation judgment to judge the world.

And in that day, God came in a man like a prophet, not the corporal body, a man like a traveler with dust on His clothes, God came walking, Hallelujah! A man who could open the mystery, a man who could turn his back and show a sign by knowing the secret of the heart, a man who came to sensitize the elect that the promise is at hand, a man who had come to put them in order for a change.

And then He turned and went down to Sodom. And when he went down to Sodom, on the earth, these Gentile cities which was in the border of the children of Ham, when Ham in the new world had committed that incest with Noah's wife, his own mother, stepmother, and look what happened. Noah said, 'cursed be Canaan, the son of Ham', and that curse was upon the Canaanites.

And you go in Genesis 10 it tells you Sodom and Gomorrah was the land of the Canaanites.

And Lot was so unconscious of what was taking place with Abraham, Lot was so unconscious that Abraham was following something, that Abraham had continuity, Abraham knew the hour had come for the visitation, he understood the time and the season. God began to open up after twenty-four years God changed his name, bring circumcision, gave him further revelation of the time, set him in order for the visitation of the angels.

And Abraham was so sensitized, he was walking in an hour where he know when he saw those angels appearing, the change was at hand. He knew the coming of those angels was an investigation judgment coming, was an opening of the mystery coming, was to give them faith and set them in order for the promise, was to take the unbelief out of the church and bring the church up where Sarah was doubting, is that right? Rub the make belief out and raise her in a higher bracket of faith for the change.

And while that was going on in this group that was so sensitized, the other... next twenty-eight days, the other group down in Sodom there, their family, their family, when Abraham realized that it was Sodom He was going to, and He was talking judgment, Abraham begin to plead and beg because Abraham knew that world was about to pass away.

And Lot's wife down inside of there, here was this woman, here was this woman, she did not know the world that she was conformed too, the world that she lived for, the world that she was gripped by and moulded to reflect, the world that she lived in and tried to keep up with all of its trends, and when that Word was telling her go quickly the time is at hand, she couldn't go.

Angels from heaven, they'll pick you up one of these days and those angels that came to pick them up she couldn't even move and they were right there in her house, she could not even recognize the supernatural. You see what the problem is with some of you all, you'll say if an angel comes in your house, you will know... they knew it was angels.

And Lot was arguing with the angels, let me go in a next city, that little city, he said 'go to the mountain' he said 'let me go to that little city, in that little one,' he got so conformed to city life. He said 'up there doesn't have any Burger King, up there doesn't

have any Kentucky (KFC) Drive Thru,' you understand what I'm saying? He got so cultured to city life he could not take his life being disrupted; he went there and ended up with two children for his two daughters, went there and got drunk, city life.

The glamour of Sodom paralyzed Lot's faith. But Abraham's eagle eye, the prophet said like Moses looking through the same window that Pharaoh looked through, eagles, they soar up into another realm. Can your spirit soar? Is there something in you that wants to elevate you and lift you up? Lord lift me up and let me stand, by faith on heaven's tableland, a higher plane than I have found, to mount up with wings of an eagle to come up into the heavenly vision, come up hither.

What is it? Trying to raise this church up in this hour, showing you the woman in travail, showing you the conspiracy and the conspirators, showing you the insane age, showing you it is time to stand up for the cause of the Word, showing you don't despise your birthright, have value for the birthright, the Word talking to you.

The Lord, this is what He's been telling us, what He is telling us, church. First, to go back in the meeting, I wasn't getting...I could hardly perceive...know your hindrances, and break through your hindrances...because without that birth you can't come out this world, no way you could come out of this world.

It is the lust of the eyes, the lust of the flesh, the pride of life; these are the buyers of the cage. These are the things that are designed to appeal to your senses, these are the things that manipulate you and get into your system and control you from the inside and these are the things that are produced through science, to satisfy your perverted taste.

He perverted the world, the original Eden, because he can't create. He deformed it into this kind of Eden, everything God created. He perverted the food, it destroyed the body, opened up the fourth dimension and tried to transmit all these things from hell, all these kinds of images, all these hideous things, all these sensual things and perverted the spirit of man.

Then he formed all these false religions and perverted the soul of man and he take in man's body, spirit and soul and perverted them completely, totally perverted. Man feels he is happy, but what is he happy on? God's water with alcohol in it, God's food

processed with all kinds of preservatives and all kinds of different things and then through genetic engineering manipulated the things, mixed a tomato with a potato, mixed this with that, mixed this with something else. Brought this hybrid corn, made cornflakes out of that, and next thing the women are getting broad in their shoulders and narrow in their hips and men are getting narrow in their shoulders and broad in their hips.

And long ago girls used to have nice little feet, seven and a half, now girls have size twelve feet. Seven years old, and they are having their ladies' cycle and things already, at seven years, eight years. All those things they pumped up in the mad cow beef, all those things they pumped up in the chicken, all those things they put in the egg, deformed the human body with it, made them a weaker race dying, every flu that passes, every virus passes, they have it, and then they produce all these pharmaceutical drugs to keep them living off that, day and night, day and night. What kind of world is this?

My mother used to walk out in the yard and take up Vervine, (local bush) take up this other bush. Brother, when we got a purge, we got a good old castor oil, got fixed up, brother, they have to get all this kind of special things. You go in the drug store, a man in a white jacket there stands up and tells you, "this will surely work and this will...you have to take this one and take three bottles of that" and man spouting up their knowledge and trying to overpower your mind. They take your money and put it in their pockets and you put your faith in some man made thing. And then afterwards, six years down the road you hear, well, they have to take those things off the shelves because really, they find now it has side effects, after they glorify its big discovery. That's the world we live in friends, wake up and see what is happening.

That's why this world has no future, its dead and gone. That's why the new generation, brother, everybody has a gun. By the time they reach fourteen years the amount of violent movies they've seen, they may have seen about two thousand killings, they may have seen about eight thousand seductions, all this violence and sex movies and they have them so cultured on that diet by the time they come out on the street, brother, you see that walk, that body language, that kind of stare, that aggression that they have. They

can't tolerate this, that kind of reaction, they blow up under pressure.

And how you think it got in the country? You have all these big people on the census board they don't see nothing wrong with that and nothing wrong with this and nothing wrong with that and when all those seeds start to bring forth and it starts to spin crime and it gets out of control, when you find the kidnappers, who kidnapping who, brother, its seventeen and eighteen years old kidnappers. And you have to get special anti-kidnapping squad with special anti-kidnapping squad instructors from the big countries, but what kidnapping school them going to?

You are getting all this big high-faluting special gadgets, special technology, special this, special instructors are going for training to catch the home grown kidnappers right here in this small island who aren't going to any kidnapping school, to learn kidnapping techniques. It makes sense? How that could make sense? They call it education, UWI gave them that. I feel safer with my little common sense right here, from out of this book, because I can see the foolishness of what they call wisdom.

Now they give you laws, you can't beat children, you see the society? The bible says if you spare the rod you'll spoil the child. You are not talking about abuse, you're talking about correction, because God usually corrects nations. God chastised Israel seventy years in Babylon, four hundred years in Egypt, two thousand years after they rejected Jesus Christ. Look at what God did to the church; if you are without chastisement you are bastards, but believe the wisdom of God and the Bible and you come with your own man made wisdom what you gave society to breed, you think they'll apologize, say they're wrong, and go back to basics? They are too proud for that, they have to come with a new technique and a new higher wisdom.

No friends, this is an Eden of death, this is an Eden of sin, this is an Eden designed to destroy, but we are leaving here, we are going back to that real Eden. Let us stand to our feet. I want to read you a quote as we stand to our feet. I'll read it to you standing.

Do you see why the love that was in the first church, that perfect love, and when it came down in the last day church like Sodom, because remember Eve fell in God's Eden and just like the

spiritual Eve fell in the beginning of the church Eden and look at what we have in the last days.

Just as I started this, this is the quote I wanted to read. It is really a prayer from Leadership, the last message before Communion, before God's servant went off the scene, and this is his prayer, and we are going to read this prayer and we'll sing a song and worship him a little bit and you in your heart, as you sat today and you listened and you take in the Word, meditate upon it, think on these things.

Here is him crying out in this prayer. He had preached Leadership, he said "my title is Leadership, my subject is Follow Me". That's why Jesus told the rich young ruler and he was telling an age that was rich and increased with goods, thought they had need of nothing, religious to the core and God presented this age, the same Son of Man presented the leadership of eternal life like the rich young ruler who was a symbol of this age. And they rejected it the same way.

And in his prayer as he was closing, after a life of fifty-six years, the pillar of fire came over that little crib until he was getting ready to go off the scene here, he said:

"Oh God let me go Lord. Don't leave me behind, Jesus. Let me go with you, Father. I don't want to stay here on this earth to watch these tribulations coming on. I don't want to stay here in this insanity. I don't want to stand here when hideous sights... the people loosing their mind. We look at men trying to act like beast and look like beast.... Have all those tattoo and all those things in their eyebrows, brother, all those kinds of clothes they're wearing, all those kinds of hair cuts and different things.... and the women trying to look like animals, with paints on their face. Knowing that these things are predicted to happen, that the thing will, they'll go so insane till locusts will rise up with hair like women to haunt the women; and teeth like lions, and things that You've said, the mental condition of the people will be completely gone. We see it in the making right now, Lord."

Nineteen Sixty-five (1965), we say Lord we see it in the making, the Seals had opened God had dropped down on the earth and God was ripping the Seals of the book and one of the mysteries was The Original Sin, one of the mysteries was Where Organization Come From, from the lie that was told. Eve, the

deception of the church, in giving birth to a reprobate, who came with a false worship. The first marking of the first human being was him right there, who was born by the lie. Who lied in God's face because he was born by a lie, because he was born from the very father of the lie, who challenged God up in heaven.

Look at the perfection of the Bible friends; those things have been traced all the way back, backwards and forwards. And then when he saw that, and he saw this new world that started he started to unveil that also for you, Satan's Eden, God of this Evil Age, And Knoweth It Not, showing the condition of the world, the condition of the people and the God who built this world, to put them in that condition, held them in that condition, to enslave them.

A world that is designed to bring them into insanity, because man when God made the first man, he was to have the mind of Christ. God passed the animals before Adam and everything that God had made them, Adam could name them because he and God was in the same mind. He was made for what? Fellowship, he was a little one like God, same nature; God gave him a kingdom and a position as a king with dominion over it because he was a son. God reproduced in human flesh on the earth, it is the same mind.

Doesn't the mind of Christ come back in the last days? Doesn't the secret in the back part of God's mind be put in the heart of the Bride? In the capstone, the intelligence of God, did it come on the Bride? Didn't he say, "the Bride has the mind of Christ and she knows what He wants done with the Word"? That's what we have. Then, when you reject the mind of Christ, what are you going to have? It is designed to go into insanity friends. And this information age, the climax of this Eden brings it. Life gets too fast and there are too many activities, and the human being is overloaded with things he wasn't designed for.

He said "We see it in the making right now, Lord. Help us! Restore us to the sane mind of Christ Jesus our Lord.

Oh Great Leader of Eternal Life, we accept Your promise tonight, Father. I plead for this people. I plead for every one of them, in the Name of Jesus Christ, Lord. I pray that Christ the Son of God will come into the hearts of every one of us, Lord, and mould us and make us into new creatures in Jesus Christ. Grant it, Lord.

We love You. And we want our dispositions... our change to come into us, that we can be Your children, feel of Your Spirit moving in our hearts, Lord, tendering us and bringing us to realization of this insane age that we're living in. Your Spirit Lord, coming, tendering us."

This was a prayer in his heart before he left the world. He said, "I see it in the making I see what is coming. I open the mystery of it; I see hell will be created on the earth, Lord." Down through these years, I always try to pick that up and the Holy Spirit, just bring that back right here, why? Keep bringing us **to the realization of this insane age.**

Can you see it? I'm trying to break it down, I'm just trying. I'm trying to show you what you bump into every day, what you are influenced by. I'm trying to show there was a thought, there was a designer behind all this, with an intent to ensnare and entrap and control and influence and pervert. Because in this war between him and God he is taking prisoners and when he..ov'r.. wins the greatest battle ever fought in the mind, he locks you away in his kingdom and he begins to take your body over and use you to fulfill his purposes.

He said, "I'm short up of prostitutes outside there, I'm short up of comen outside", you get what I am saying? You know what he is going to do? Like a slave master who has a big kingdom, I have nobody to feed my swine, this man lost his inheritance, he dropped down here through a debt his father can't pay, he ended up in slavery, regardless if he is big and strong, he said, "he will take my quarries", he knows how to exploit that man's strength.

You have a good voice, you can sing, you will entertain me, entertainment section for you. You have administration skills, I will make you an executive, you will be a slave master, a task master, to make sure the work is rigid and I get enough production. He has a plan for you in the kingdom too.

When he takes prisoners friends, he is using slaves' labour, Pharaoh used slaves' labour to build his kingdom. You see how the footballers are slaves? They buy them and sell them, but they feel they're preferment, they feel they're free. It is the same way in Satan's kingdom. He calls you an executive, he calls you this, he calls you a CEO, he calls you all kinds of things, but you are slaves.

We have a next kingdom and that revelation is creating that right here amongst us. And when we are inside of here we are all equal, we say brothers and sisters. We are redeemed and washed in the blood. And all men have on white robes, and the Master has a white robe, He said “you will walk with Me in white”, because He’s wearing white too, yes sir!

Oh my, we’re in the Exodus going out, we’re under the blood. We’re applying the blood of a slain lamb. Our ears are attending to the sound of the trumpet and we’re feeding on unleavened bread when we eat it and there are some bitter herbs in it too, but that is to tell us our bitter bondage is over. Amen! Hallelujah!

He said, “Grant it God. When we see young men.. young man.. young women so caught up in the web of the devil, young men, perverted minds, children, dope addicts, cigarette smoking, drinking, immoral, Satan’s Eden.

God, it taken you six thousand years, according to the Bible, to build an Eden. And you put your son and his wife in there (the bride), to rule over it. And Satan came around and perverted it; he’s got six thousand years, and he’s built his own intellectual Eden through science, and education, and so-called intelligence, and he’s built it into a mess of death.

Oh God, take us back to Eden again, Lord, where there’s no death, where there’s no sorrow. Grant it Lord. We stand humbly, waiting for the second Adam to come for his Bride. Make us part of him, Father. We pray in Jesus’ Name. Amen.”

Then he said: “Do you love God?” Do you love God this morning? He said: “Do you realize what I’m trying to tell you?” Do you realize what I’m trying to tell you? “If you can understand this just raise your hands,” you could understand? Amen. “I understand what you’re trying to say”. He said, “Can you see the insanity of this age? Look how it’s gone, there’s not even reasons among the people no more. It’s gone! Even Leaders.”

O my, he said. “In the church, the Ministers, where are those man of God, those prophets that stand out and dare to defy all the things of the world? Where are those men of integrity? Where are they at? They’re so soft, and through intellectual conceptions and things, till they’re not here no more. Oh God, have mercy upon us.

These hideous sights that's coming upon the earth. You can see how the people's moving right into it. It's an insanity. But when that thing strikes, the Church will be gone."

He said, "God, let us be there. That's my prayer to the great Supernatural Being that's in the building tonight (this morning), the great Christ that still has Eternal Life. I pray Thee, redeem with your blood. God, don't let not one of us be lost. We want to be right with you. So cleanse us, O Lord, from all our iniquity. Take away our sins and things.

We seen you heal our sick, even raise our dead (come back to life through prayer), and we seen all these things happen, Father. Now bring us back to Life, spiritually; bring us back into realization of Eternal Life through Christ Jesus. Grant it Lord, Grant this, Father. I commit it all to you. In Jesus Christ's Name."

He was praying that they get a realization of this insane age. He said "I can see people moving into it right now, it's in the making" Man wants to look like beast, they don't know where the influence is coming from. Women want to look like animals, they don't know where the influence is coming from. Their taste has been perverted, in an age where the churches have been perverted, our food has been perverted, everything. The things we eat, our clothes, everything has been perverted in this Eden of death.

Remember in Mexico just December last year (2004), those Mexican pilots they saw those UFOS. Maybe I should read it for you. We went through that here already.

Mexican Air Force pilots filmed 11 unidentified flying objects (UFOS) in the skies over southern Campeche State, a Defense Department spokesman confirmed yesterday (Tuesday).

A videotape made widely available to the news media yesterday shows the bright objects, some sharp points of light and others like large headlights, moving rapidly in what appears to be a late-evening sky.

The lights were filmed on March 5th 2004 by pilots using infrared equipment. They appeared to be flying at an altitude of about 3,500 meters (11,480 feet), and allegedly surrounded the Air Force jet as it conducted routine anti-drug trafficking vigilance in Campeche. Only three of the objects showed up on the plane's radar.

“Was I afraid? Yes. A little afraid because we were facing something that had never happened before”, said radar operator Lt. German Marin in a taped interview made public yesterday.

“I couldn't say what it was... but I think they're completely real”, added Lt. Mario Adrian Vazquez, the infrared equipment operator. Vazquez insisted that there was no way to alter the recorded images.

The plane's captain, Major Magdaleno Castanon, said the military jets chased the lights “and I believe they could feel we were pursuing them”.

When the jets stopped following the objects, they disappeared.

A Defense Department spokesman confirmed yesterday that the videotape was filmed by members of the Mexican Air Force. The spokesman declined to comment further and spoke on customary condition of anonymity.

The video was first aired on national television Monday night, then again, at a news conference yesterday by Jaime Maussan, a Mexican investigator who has dedicated the past 10 years to studying UFO's.

The Prophet said “the Pentagon, now the Mexican Air Force, all these people seeing these things.” He said “What are they? What are these UFO's?” he says “that's Investigating Angels of Judgment, coming down because it's a day like Sodom when Angels came down to investigate before the place was burned”.

Then look, let me just read back some of this here on this, even thus shall it be in the day when the Son of Man is revealed, Amen.

Never has there been such an uprising of the homosexuals or Sodomites such as we have seen June 26th, 2004. Massive gay pride parades took place all around the world on that day for twenty-four hours, the sun never set on the massive square uprisings that circled the entire globe involving millions of people.

It was planned so that it will be completely around the world, in every city, in different time zones, that at no time the earth was

going to be without it for twenty-four hours. Planned like that to put it out on display, and because it was so powerful, they start to come out of their closet.

In other words, what is it? It's those Sodomites bursting through the door to come in now. Why? And take over, because it has to be. From that agapo love I showed you how it deformed and deformed and deformed until it became to sensual, beastly love of man who was made in the image of God. And when God came down and looked at man they had no fellowship there. And the ones they were trying to save were so desensitized, think of it.

Same God that came down in the Garden of Eden and the world that was a beautiful world with no death had become sin and God had to burn it by fire. And Jesus said, "*As it was in that day so shall it become*". And God has perfectly paralleled and acted out that scripture with the coming of the Son of Man in this last days. But we who are under the message have seen these things.

Government officials and even church leaders marched with the Sodomites....Government officials and even church leaders marched with the Sodomites in these parades which took place in San Francisco, Rio De Janeiro, Calcutta, Guatemala City, La Paz, Bolivia, Vienna, Mexico City, Bogotá, Colombia, Rome, Madrid, Zagreb, Croatia, Hamburg, Berlin, San Salvador, Tel Aviv, Jerusalem and Toronto. Tel Aviv, Jerusalem, Tel Aviv and also Jerusalem, in Jerusalem the city of the great King of the Bible, where the Holy Temple of God was.

What does Revelation 11 say about Jerusalem, the city that is called what? Sodom and Egypt where our Lord was crucified, the city that was called Sodom and Egypt where our Lord was crucified! The most holy place on earth that rejected Jesus Christ when He was crucified.

Last year there was one of the biggest gay parades in Jerusalem, where the saints used to go up three times a year to appear before God in the only provided place of worship to worship the King. Think friends, you're spiritual. Think!

In Paris the French Mayor married gays at the front of a parade that involved seventy thousand people (70,000) people. Lot was the Mayor of Sodom, here a French Mayor marrying gays in front of the parade that involved seven hundred thousand people (700,000) people. The biggest European and gay parade and

festival was in London, England with large numbers of Sodomites. Police officers led the massive procession down Piccadilly. In New York City thousands joined the Sodomites' parade down Fifth Avenue after the parade was launched by Mayor Bloomberg.

The main mega cities, the metropolises of the world, the main centers of the arts and music and entertainment and you know, commerce and banking and these things, religion, watch! In New York City, I'm showing you the UFO'S, I'm showing you this, the Sodomites, but they're all desensitized. Look at what's happening, it means nothing; the mind can't think of it as revelation of the Bible and they are trapped in there.

One entry in New York... one entry in this New York queer parade was two nearly naked men wearing only fig leaves and large ribbons that said "Adam and Steve"; it is Adam and Eve so they playing Adam and Steve. Thank God we have the real Steve here, Amen, to condemn that thing, that's right. The Homosexuals never come out of the woodwork, and have risen up with a new aggressiveness. The High Court in the People's Republic of Massachusetts ruled in favour of full and equal marriage rights to gay couples.

In San Francisco, California over two thousand homosexual couples stood in vast lines on Friday 13th 2004. That was the day before Valentine's Day, as San Francisco Mayor Garvin Newsome defied the law and authorized marriage licenses to be issued to gay couples. This continued on throughout the weekend and it's obvious the state opened to accommodate them. Two thousand homosexual couples standing there in line; they marry and give license. Last year the world changed coming to these things, that's right friends. He says, "*the cry has come up and I have come down to see if it's so and I will know*".

And here, the Angels are coming, appearing, those Air Force Pilots who are monitoring the skies and the security of their country saw those lights moving, they started to chase them down and they disappeared but they filmed it on infrared. The Angels allowed themselves to be photographed again, that's right.

And while that is happening, the same year on earth it was bursting out all over - Toronto, Massachusetts, Boston, San Francisco, brother, they licensed them everywhere, legalizing it and everything else. Why is this all happening? It is because we

are a nation and a world that is saturated with occult and witchcraft. In the realm of occult there are two ways that power is obtained and invoked. These two ways are through the rituals of sex, and rituals of blood. Think! Think, friends!

What brought the fall of the world? What did Satan use to enslaved man? What does he continue to use? Why is everything in the world today is sex, sex, sex, sex and after what is the next thing with their false religion, shed blood, blood, for what? Religion, to propagate the lie. We have not followed cunningly devised fables, friend.

Little children, take this Word into your hearts, mix it with faith, understand the hour we are living in, understand the hour we are living in. Let's just sing that song again. I don't just want to sing something, because it's just something inside of me. We Are Free...we are free, freedom from bondage.

I trust that you appreciate the Word this morning, Amen, praise His Mighty Name, Hallelujah, Oh thank you Lord! (congregation claps). Doesn't it feel good to know that God has sounded a trumpet, he has proclaimed liberty, proclaimed emancipation, Amen! You don't have to be in bondage...you can go free. freedom from bondage, what will you choose today, a free man forever or a servant to the grave? You can have life anew, I know God will see you through, he is calling a Bride unto Himself.

Oh my, let's sing that song, We Are Free, and you sing as though you know you are free. He freed you from that cage; He rescued you from this world!

Song: *We Are Free*

Chorus

.... Before the world and its religions,
And boldly testify, that we are bought with a price
His blood has been our sacrifice,
That makes us free for the marriage unto Him.
We are free,
Purged and born again
So rejoice in that in our day, the price for freedom has been paid.
Who the Son has set free
Is free indeed.

Through the Seven Ages of the church
Like servants unto man,
Enslaved by vain traditions,
And a world of self-made plans,
Would we ever be made free,
Be granted liberty,
Or be forced to serve the systems round about us?
But the bible tells us about
A seventh year release,
Where the masters freed their servants
If they choose to be set free,
And at the dawning of the day
They can go in their own way
Or take the mark of bondage ever to be a slave.

Bridge

Freedom or bondage... (make your choice today friends)
What will you choose today?
A free man forever, ... (I ain't going to go back in that darkness,
God is shining the light to sensitize you, to wake you up to call
you out, to separate you from the unbelief)
Or a servant to the grave?
You can have a life anew,
I know God will see you through,
He is calling a bride unto himself.

Chorus

And we are free... (Hallelujah! The Lord's freed man,
Hallelujah! Bought with a price, purchased, you could never go
back into bondage no more)
From the chains of any man,
We are free,
And freely we can stand
Before the world and its religions,
And boldly testify, that we are bought with a price,
His blood has been our sacrifice,
That makes us free for the marriage unto Him.
We are free,

Purged and born again

So rejoice in that in our day, the price for freedom has been paid.

Who the Son has set free

Is free indeed.

Our names is something different now,

Our life is not our own,

We're united with Jesus Christ...(He is the Word friends)

And Jesus Christ alone...(He is the Bridegroom, Amen!)

And there's no man can take His place,

There's no church we'll have to face,

Because the voice of God is speaking now through us.... (Oh, the Spirit and the Bride)

And we are free

Like the eagles in the sky

We are free,

So spread your wings and fly,

Don't look back, don't turn around...(Don't do like Nelly Sanders)

To Christ we're Heaven bound,

Who the Son has set free is free indeed.

Don't look back, don't turn around

To Christ we're Heaven bound,

Who the Son has set free

Is free indeed.

Who the Son has set free

Is free indeed.

Oh, the price for freedom was, His very own life, the price to deliver us from the cage. In the days of Noah the tree had to be cut down, the sap had to be taken out, the ark had to be constructed, it had to applied, to keep the judgment out and give them security on the inside.

In the days of Moses, the price for freedom from bondage from that cage of Egypt that Pharaoh built, that shut them up and enslaved them, the lamb had to be slain, the blood had to be applied to give them security to come out of that Egyptian cage. Always friends, that's what it takes.

When He came in the middle of the Bible it was the same thing, the tree cutting down and the Lamb being slain, and when it came back in the last days it was a bloody Lamb as though He was being slain, coming to take the book to loose the Seven Seals, crucified a second time in organizations to bring this freedom to us again.

It comes with a price, it always comes with a price, let us appreciate that today. All around the building, all in the side rooms, all on the outside, for the next few moments lets bow our hearts as we invite our precious Brother, God's servant our deacon Brother Steve to come and pray, Amen.

And to you before we go, you have heard His Word today and it touched you in your heart. You see places in your life and you see you were being desensitized and you were unconscious and you really weren't awakened and enlightened to certain things, that you were just drifting and kind of almost getting stuck in the web of the enemy, that he spins. That web there, to ensnare his prey. Like a snare it will come upon the whole world, but God has come to bring that rescue. He rescued Lot and them out, He rescued Abraham out, He rescued Noah and Enoch and them out of that world and here in this hour He is rescuing His elect out in the same way.

Recognize it friends, recognize the God of the bible, the same yesterday, today and forever. See what He's doing; recognize His truth and the continuity of the scriptures and today if you hear His voice, harden not your heart. If you draw near unto Him, He will draw near unto you, just get right into His presence. Flee idols, flee them idols children, if you are part of Him there is something in you that will pull you towards Him and when His words comes and His Spirit moves in that Word, there is something that feeds your soul that you want to rise up and be identified and live for Him.

I pray today that His grace will cause you to move into that place. Because we see the realization of this insane age, we see it in the making, we see the people moving into that insanity and we see the whole world being gripped in that darkness, friends Let's wake up and recognize.

Lord God we thank you for a way of escape Father, thank you for the refuge Lord Jesus, this shelter Father, storms all around Father, to be under this Rock Lord, in a land that is weary Lord, be

under the blood Father when judgment is passing through Egypt, Father. When the plagues are all over in the land Father, when darkness, gross darkness is upon the people Father, drunkenness, revelry Father, evil Lord. All their inventions Father, all their activities Lord, everything Lord.

We thank you for a way of escape, Father. Lord we could never stop thanking you for all that you have done for us Lord, to begin with Lord you first separated us Father, by a message Lord, you sent a prophet Lord, 'Thus Saith the Lord' to call us out Father. Same way You made a way of escape for Noah and his little group Father, You made a way of escape Lord through the Red Sea for Your children Lord.

God we thank you this morning Father, our hearts are filled with appreciation Father to see Lord you included us in Your plan of redemption Father, not just a few years ago Father but way before the foundation of the world Father, before there was an atom, a star, even a molecule Father you thought of us Father, you thought of everything that we will need on our journey Father, and we see how you supplied everything Father.

Lord Father, you are our God, you are our God and our Father. You could never ever be brought up Father for child maintenance Father, because you maintained us. You maintained our fathers all down through the bible, all down through the ages Father, you met every need Father. We love you this morning God, we desire in our hearts to be obedient children Father, not spoilt children Father. We thank you for the rod of correction Father, we thank you for whipping us ever so often Lord Jesus, it has made us and will always make us a better people Father. We know we are not bastards Father, we know your life is within us Father. We see it Lord, we see the evidence Father.

We love you this morning Lord. Lord a message like this Father not only like this Father, but since the first time we came Lord under this ministry Father, it has always been the same Father, it has grown from strength to strength, Father. It came stronger every time Father, it is you dear God.

We think of the strangers in our midst today Father. Coming in Lord hearing a Word like this Father, we think about Moses born a proper child spoken of his parents about a God of Abraham, Isaac, Jacob and Joseph, but he didn't know you Lord. But one day he

was amongst the sheep Father, he saw a bush on fire being burnt Lord not being consumed Father, he had the sense to draw near and he heard a voice call him by his name Father, God his life was changed ever since Lord, when he died twelve hundred years after he was following you on Mount Transfiguration Father.

Could that be their experience today Father? We desire that for them Lord that they would know that this is not an ordinary thing Father, this is not religion Father, this is You as You promised in that day you would know, I in You and You in me. The world wouldn't see Me, the world would be in revelry and drunkenness but you will see Me, but I will be with you even in you unto the end of the world. We thank you Jesus.

Oh God may this be a good week for us Father. With a Word like this Father we go with this Word through this week Father, we know we'll come back on Wednesday and Friday Lord, and we want to thank you in advance Lord for the success this week. Our failures last week Lord, would not be like this week Lord, we will be overcoming Lord, we learn from our mistakes Father. We want to apply the Word with everything dear God.

We could never fail, never stop praying for Your servant Lord, this piece of gopher wood You picked up from under the hog plum tree Father, that You pitched within and without Lord, that has stood the test down through the years Father, this shittim wood covered with gold Father, this fountain Lord with that Word Lord that has cleansed us and washed us making us clean Father.

This angel on the pulpit Father, He had an angel to the Church Age Father, but He gave us an angel to this church Lord, a messenger with a message, a dove flying Lord with a message Lord and every time this message keep coming home Father. Bless him Lord, Bless him Jesus, God may he continue to take that coal of fire from off Your altar Lord and keep cleansing us Father, wash away all our defilement Father that we could go forth in the ministry Lord Jesus of the fullness of all you promised for us in this Word Father.

You said when we come to perfection; You said the resurrection will take place Lord. Bless him Lord, anoint him Lord. We know Your servant Moses is dead Father, now He is the one that is going to take us over Father, place us Lord, by the Word spoken Lord he

is going to place us Father, keep him dear God, a special one you have given us dear God.

Not like the ones we see on the television Lord, all those evangelist, all those pickpocketers Father, deceiving the people Lord, all those Esaus Father, but a Jacob Father one who have wrestled Lord night and day Lord take pains to go down to Your Word Lord and get a hold of the revelation Father, found where it was written dear Jesus, God and he came out saying Messiah is on the earth now, Father.

Thank you Lord for a commissioned shepherd Father, thank you for the rainbow covenanted one dear God, pray to God that we will all be like him Father, pray dear God we all keep following so close Lord as we follow Paul Lord, we follow him dear Jesus. If we don't follow a man Lord we will end up following a woman Lord, you never had a woman to lead Your people Lord, it is always men Father because men have to see it Lord Jesus.

Plant that Word in our hearts Lord to bring forth the life of Jesus Christ. Bless us as we go on our way Father. As our brothers in the regions roundabout Father, all the Caribbean islands Father, the saints Lord let these sayings go to them Father, may they see a weather prophet Lord in a watch tower Lord, recognizing all the oncoming danger Father of the floods that's coming Father.

Oh God we won't be like those people in that Tsunami dear God, have no warning coming to them Father. It took them unawares Father, a sea roaring Lord, waves Father destroying them Father, wiping them off the face of the map Father, off the earth Father. But Lord we have a warning Father and we take heed to the warning Father because lives will be saved when we take heed to the warning Father.

How many lives has been lost spiritually Lord because they have never taken heed to the warning of Your prophet dear Jesus, they kill the effects of the Word dear God, now they are without warning and without excuse Father. We took the warning Father; we recognized the voice Lord, the voice Lord Jesus, of the Seventh Angel Father.

Thank you Jesus, bless each and everyone Lord, everyone who has come with their cup up Father, we know it has been filled Father, may we go and drink Lord, drink Lord Father to our

satisfaction Father because we truly, today have received another satisfying portion.

Bless the community meeting tomorrow Father, wherever you will lead us Father we will go Father, bring a blessing Father in the home Lord Jesus, light up Your children Father who are in need at this time Father as you have chosen Lord to minister in this way through the weak Father. We thank you Lord, just lift our hands to say thanks Father, thanks for everything Lord all that you have done for us Father, making us who we are Lord, thank you for everything Father, thank you for truth Father. In Jesus Name, Amen!

Amen, greet your brother and sister, greet a stranger, God bless you. Let's really make that effort for Wednesday night, Amen. Let's hang in there for that Wednesday night meeting, invite someone out and come out because I believe that God has really shown that he really wants to do something for His people in these last couple Wednesday night services, God bless you.

Amen, we just have a baptism service; we can all have our seats Amen.

Baptism service.
