SCIENTISTS BEING OF THE DEVIL PT. 2

TRINIDAD

THURSDAY 10TH NOVEMBER, 1988

BRO. VIN A. DAYAL

Let go and let God have His wonderful way

Let go and let God have His way

Your sorrows will vanish,

Your nights will turn to day

Let go and let God have His way

Let's lift our hands as a sign of surrender if you really want to let go and let Him have His way tonight. Almighty God, Author of life, the Giver of every good and precious gift as we Your children stood under Your blood in Your divine presence tonight. Lord we are mindful that it took Your dying Father, it took You being slain, oh God and nailed to the cross that we could come right back into the presence of the living God. How we thank You for that Father that greater love hath no man than this that a man would lay down his life for his friends. Lord God as the day draws closer when our expectation comes very high and we would see You face to face. Oh God Calvary is such a precious thing to us Lord. It means so much more to us in this hour to know that You loved us first and You gave Yourself to be a propitiation for our sins. We thank You for it Father.

Lord we come confessing our sins, our shortcomings, our mistakes, our failures oh God, asking that Your precious blood would blot out and pardon all our transgressions tonight and that the Life of the blood: That Quickening Power: The Holy Spirit, oh God, would lift us up into such a place tonight oh God where You could do the exceedingly abundantly above all that we can ask or think. Give us a ride on Your great Eagle's wings tonight Father, Let us see things, oh God from a heavenly realm Lord, where we can look way out and see Your great Omnipotence, see Your great Majesty

Lord and take courage in this dark hour that we are living in, to know oh God that You are more than able to meet any situation that would confront us. Oh God I pray for You to anoint the Word and send it forth, anoint every heart with understanding tonight and let the Holy Spirit Lord, just fall amongst us afresh tonight. Give us a fresh baptism of fire, oh God let it burn deep down in our souls.

Oh God tonight make us a creature where there is, Lord, nothing of this world inside of us, oh God that all would be pure and divine tonight. Grant it Father. We come humbly yielding ourselves unto You asking for Your Divine leadership and direction in all that we undertake to say and do. Father may You bring understanding to Thy people, may it draw us into a closer walk with You and may it make Your presence so much more real and bring it closer to us tonight. We pray and we ask these things Father, in Jesus' precious Name and for His sake. We all say Amen. [Congregation says, "Amen." —Ed.] Amen. Praise His wonderful Name.

I would like to greet everyone tonight in the precious Name of the Lord Jesus. I'd like to invite your attention to the book of Genesis chapter 6, also Revelation 11, one verse I'd like to get there and I'd like to read a little portion of Romans 8, continuing from Sunday morning. I trust that you come with the expectation in your heart to pull on the Word tonight. Amen. You've certainly been singing in a real wonderful spirit and it feels very refreshing to come to the pulpit tonight. I trust that throughout the remaining part of the service you will just give me your undivided attention and pull on the Word tonight. Genesis chapter 6,

¹ And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them.

Notice that they had daughters.

2 That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.

3 And the LORD said, My Spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years.

4 There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.

5 And God saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually.

6 And it repented the LORD that he had made man on the earth, and it grieved him at his heart.

7 And the LORD said, I will destroy man whom I have created from the face of the earth; both man, and beast, and the creeping thing, and the fowls of the air; for it repenteth me that I have made them.

8 But Noah found grace in the eyes of the LORD.

9 These are the generations of Noah: Noah was a just man and perfect in his generations, and Noah walked with God.

10 And Noah begat three sons, Shem, Ham, and Japheth.

11 The earth also was corrupt before God, and the earth was filled with violence.

And notice when we took those Seven Trumpets we broke that down to show you that the earth, that is speaking of the environment, the creation was corrupt because that word in the Hebrew means to decay, to

ruin or to destroy. And the earth was filled with violence which has to do with the inhabitants of the earth because that is dealing with the wars, the murders and the killings and all these different things, and that is not just the physical creation, that is man; the inhabitants of the earth. Amen?

¹² And God looked upon the earth, and, behold, it was corrupt; for all flesh had corrupted his way upon the earth.

¹³ And God said unto Noah, The end of all flesh is come before me; for the earth is filled with violence through them; and, behold, I will destroy them with the earth.

I'd like to read Revelation 11, verse 18. One verse here under the Seventh Trumpet. And you know how we took those first four trumpets, it deals with the environment, the next three deals with the inhabitants of the earth. And under the Seventh Trumpet is the millennium when the kingdom of the world becomes the Kingdom of our Lord and His Christ, where He shall reign forever. But verse 18 is where we want to look at.

¹⁸ And the nations were angry, and thy wrath is come, and the time of the dead, that they should be judged, and that thou shouldest give reward unto thy servants the prophets, and to the saints, and them that fear thy name, small and great; and shouldest destroy them which destroy the earth.

You know as He said, "As it was in the days of Noe so shall it be in the days of the coming of the Son of Man." [Luke 17:26 —Ed.] He is going to destroy them who destroyed the earth because the earth is again being destroyed just like it was in the days of Noah. And I want to get Romans 8, verse 18,

¹⁸ For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us.

So which one are you going to put your eyes on? You're going to look at all what you're suffering and all what you're going through? Or you're going to look at the glory that is going to be revealed inside of you? Amen.

19 For the earnest expectation of the creature waiteth for the manifestation of the sons of God.

20 For the creature was made subject to vanity, not willingly, but by reason of him who hath subjected the same in hope.

21 Because the creature itself also shall be delivered...or loosed.

Loosed from the bondage of corruption; shall be loosed, shall be delivered.

...from the bondage of corruption into the glorious liberty of the children of God.

Because the earth was corrupt, amen. It was destroyed. It was ruined. It decayed but it will be delivered from that bondage.

22 For we know that the whole creation groaneth and travaileth in pain together until now.

23 And not only they, but ourselves also,
The earth and the inhabitants of the earth is in travail.

...which have the firstfruits of the Spirit, even we ourselves groan within ourselves, waiting for the adoption, to wit, the redemption of our body.

Amen. We are waiting for the redemption of this body, the earth is groaning and waiting for its redemption also. Amen. Let us pray one more time.

Almighty God take these few words that we have read out of Your Scriptures tonight, inspire it Lord, it takes You, the Author to unveil it and make it so real. Make it relevant Lord. You know the thoughts from my heart and the things that You've brought up before us in this

hour that we might be more persuaded and be so anchored to know that the end of all things is come and Lord You're preparing us to take us away from this place. How that encourages our hearts. May tonight Lord, it becomes even more real to us as we sit under the hearing of Your Word we ask it in Jesus' name, amen. God bless you. You may have your seats.

Amen. Praise His wonderful Name. I want to continue speaking from Sunday on the subject **Scientists Being Of The Devil**. And I think that we certainly enjoyed that Sunday morning. It was a real tremendous blessing; just to stop it and come back, and I promised I'll try to finish it up for you tonight because tonight would really be like my last service with you, because Sunday we will have the wedding. Just remember the wedding. We have no service Sunday morning. The wedding is in the afternoon, 3 p.m. I believe it is. 3 pm right here, the whole church is invited. We want everyone to come out, that's the service Sunday. Amen? Come out and have a chance to be in the wedding and then go to the wedding supper. Amen. Have a wonderful time of fellowship and have the opportunity to get to know one another better (amen) that you associate with.

Wednesday and Thursday we are going to have services here. Wednesday and Thursday, a real friend of mine, our Bro. Elias Barjum from Honduras; that's where we always go to. He's a Pastor there, he's going to be with us Wednesday and Thursday. We are going to have service here Wednesday and Thursday so I want you to be praying for the services and come out early. You know he really speaks Spanish but he interprets for me and he speaks English too, so he's going to preach in English, which he did it once or twice in Tucson and that's about it, because it is more to the Spanish people just like Bro. John Chacon. The brother had a real tremendous grasp of the Word and the revelation of this hour, and a very humble brother, a real precious

brother. I am so glad that he can come and be with us for just those two days and then we go to Venezuela and we are going to have service for about ten days straight and then come back here where we are going to pick back up again by the grace of God.

So I guess that will fill you in on what is to happen. If there is anything else, just remind me. Amen. I know I have a dedication of a baby here. I have that for the end. I think the foremost thing on my mind is to announce the wedding for Sunday.

I just want to go right in here on this message, *And Knoweth It Not* and pick back up on this little part of the dream that I was reading for you, to kind of bring to you something because, you see something have happened this year. I believe in the economy of God. I should say—I should stretch that out in the economy of God, it happened right in the church here but it is for the economy of God and in the economy of God, since we here are part of that economy. And that is when the Holy Spirit came and began to reveal the Seven Trumpets that were laying in the Message because the Message as I had always believed over the years was to reveal the book of Revelation because that was the Prophet's Message. It was an Angel who revealed that book of Revelation to John and John was transported into a future day and it was this day because the day that he was transported into, Christ had a white wig. He saw Him in the Lord's Day. Is that right? In finding that out then, we realized that that was that Lord's Day; that was this day and we really found that it was promised in this day; the Seventh Church Age, there was going to be a Prophet on the earth who was to reveal the entire mystery of Almighty God. That mystery was sealed with Seven Seals and it had an appointed time for it to be revealed. It was going to be revealed in the days of the seventh angel. So all that man probed and grasped in the reformer ages, they couldn't grasp it but it was promised in the Evening Time it shall be light

when the Holy Spirit, God Himself would come down from heaven and give the interpretation of this great plan of redemption that was sealed up in this Book.

And man probed at it down through the years and that's why we have had over nine hundred and sixty nine denominations. I think that is the number that the Prophet gave because they had that as religious statistics back in his time. He quoted that figure; maybe it has more by now; that number may have increased a little bit but nevertheless we know that in this Age when man has been probing, trying to come up with a true understanding of what is in this Book, God had a promise in the Word that it would not be understood. Man was not going to get it until the seventh angel begins to sound. In the days of the Voice of the sounding of the seventh angel when he shall begin to sound the mystery of God would be finished.

I believe that God infallibly showed in such a great magnitude, has vindicated our precious Brother, Bro. Branham, William Branham to be that seventh angel Messenger because of how close his life parallels the life of our Lord Jesus Christ. We saw the characteristics of the ministry that was promised; the spirit of Elijah coming before the great and dreadful day of the Lord. That same type of ministry coming back inside of him. A ministry that was unorganized not part of this world's denominational system. A ministry that was a one man move. The Bible says when 'he' shall begin to sound: Personal pronoun, singular; one man! In the days of the Voice of the seventh angel when 'he' shall begin to sound. One man who would have courage to face an entire generation and stand alone with God. Until God came down and publicly identified Himself there (amen) in the form of a Pillar of Fire that this humble man could say, "I believe by the grace of God, it was the same Pillar of Fire that came to Moses and came to Paul."

Could you imagine that? A humble man could put himself to stand there and say I believe that it is the

same Pillar of Fire because it's doing the same things. Hallelujah! And then science had to come and say it was supernatural. It was a supernatural light that struck the lens. It was not psychology. God used the very testimony of science who was trying to say there was no God to photograph the presence of Almighty God, to give witness that God has visited this generation. Hallelujah!

And greater than all of that I believe, after the death of the Prophet, around the world (amen) without program and man's intellectual genius and man's ambition and all those things, without the help of those things God supernaturally around the world; every kindred, nation, tongue and tribe, God raised up people (amen, brother) who have come and identified with that Message after the Message was sounded and God took the Messenger off the scene; that more people around this world followed the Message after the Messenger went off the scene. Hallelujah! Because Jesus said, "My sheep will hear My voice." There would be a Message in the last days that would sweep the world and pull the Elect out of every nation, amen, to get them ready for the coming of the Lord. Hallelujah.

And when we see some of that, it patterns back the Bible. After Jesus died and ascended into heaven, they had no man to follow any more. Glory! They had no man to stand up discern the people and say, your name is Nathaniel, your name is Philip, your name is so and so, amen, but brother we read in the Bible: in Colossi, in Corinth, in Ephesus, in Smyrna, in Pergamos, in Philippi, in Corinth; wherever they went there was a church being established in the present Truth of the hour. Hallelujah. We found there was a Barnabas, there was a Silas, there was a Paul, men that never walked with Him in the flesh being raised up and given a ministry that shook the generation, unqualified men but qualified when they met the Pillar of Fire. Hallelujah! Glory! God that man so cared for, He

translated them in the Spirit to preach His Word. Amen. Glory! Hallelujah!

Brother, you think about it. What a mighty God we serve tonight. Amen. And this generation has been shaken like no other generation has ever been shaken and will continue to be shaken, until everything could be shaken off. Hallelujah! And only those things which cannot be shaken, the Thing that is doing the shaking shall remain. Hallelujah! Glory! Lived voices that shake the devil, amen, thundering out in sweetness and holiness and purity; (amen) where the Word has become flesh and the flesh has become the Word, shaking this generation. And what a time it is when we look and we see those things moving up in this hour. It gives us great expectation.

You know when Brother Branham in 1965, when we were speaking about it so much recently and focused right into it now (amen), how he saw there was going to be a second ride. Amen. He saw the Holy Spirit (amen), brother, He's going to wind up that apostolic commission, He is going to bring a Bride into rapturing faith, amen. Hallelujah! Brother, He is going to pull the scattered church together and give her some supernatural strength. Amen. Those Seven Thunders would gather the Bride and show her how to prepare for great rapturing grace that brother, just before the going out of the Church there would be men and women that would walk in here: Dynamos, full of the Holy Ghost. Amen. Hallelujah! And you will be seeing again, men like Stephen, full of the Holy Ghost, full of wisdom and power (amen), men like Philip, full of the Holy Ghost and Paul, full of the Holy Ghost, shook the viper in the fire and Peter, full of the Holy Ghost, raised Dorcas back up, amen!

Glory! I believe that tonight! [The congregation shouts, "Amen!" —Ed.] That is my expectation! I see it in the Word of God and I know heaven and earth will pass away but this Word will never pass away! Oh, I believe that's a

holy man's taste tonight. I believe when those Seven Seals have filtered your thinking and the mind of Christ comes in and you know the program of God; what God wants done with the Word. Amen! Hallelujah! When you can see Jesus and His program in this hour, when you can come in the great rhythm of the Symphony, amen, take your place; (hallelujah), you know the Holy Ghost is moving on the earth, with the Bride; God taking the make-belief, taking the fears and doubts out of the people, amen, giving them enough revelation to pull down every stronghold.

You see in this hour people trying to fight an outside enemy. There is no outside enemy. The enemy is right here. The battle is fought here. [Bro. Vin points to his head -Ed] That's why Jesus could walk on the water, that's why He was calm in the midst of the storm, hallelujah. And why they were frightened in the same storm is because they didn't conquer it here. [Bro. Vin points to his head -Ed.] Hallelujah. Glory. And every son and daughter of God, you could do what you want, you have to overcome the battle here to go back to Eden. Hallelujah! Because it doesn't change the battle from being here, the battle is always here [Bro. Vin points to his head -Ed.] until you overcome it, then you go back through the gates where the Cherubims are guarding. Hallelujah! You go back in the presence of God, back to the Paradise of God, amen. Hallelujah. Amen. That's why those divinely revealed mystery truths were to rub the make-belief out; were to break the spirit of fear and bondage and give you a spirit of power and love and of a sound mind (amen), to let you know greater is He that is inside of you than he that is in the world. Amen. Hallelujah. Glory. My!

Jesus stood there in the wilderness and He saw a situation under control and Peter looked in the treasury and it had about two hundred pence and they were all flusterated: "That can't feed the people." The money ran low and the Bible says—He tells them, "Try and get some

bread. The people are hungry,” to see what they would do because He already knew what He was going to do.

Let me say, God already knows what He is going to do in this hour. Hallelujah! Glory! But He only wants to see what we will do. Amen. He wanted to show them the revealed Word that they were following. Amen. There is power in this Word to create, brother, that’s what I’m trying to show you (amen); that scientists, all these things, this way that they have pulled the minds of the people and conformed it to the ways of this world. He said “Be you transformed by the renewing of your mind.” [Romans 12:2 —Ed.] Don’t try to get transformed any other way; it doesn’t come. Amen. Be transformed by the renewing of your mind. Hallelujah. Let the mind of Christ—He says, “Lean not on your own understanding.” [Proverbs 3:5 —Ed.] I’ll show you how He catches the wise in their craftiness and He uses the foolishness of this world to confound the things that are wise.

And while science is looking to find life in outer space and they glorify themselves: “Look at this rocket we built.” And they check it back and forth and how much times they have it and so many different compartments and all the big radar to control it while it is in the air and everything and a prophet of God didn’t need that. He stepped over into another world right there, amen. While they were making themselves something by flying up two miles in the skies or three miles he just went twenty feet and found what they were looking for hundreds of miles away. Amen. He said, “That isn’t twenty feet from where I am. What are all those people doing there?” He said, “Look my shirt, look my bed, look my body laying down there and look at me in this land here young again.” Amen. My! And God is giving them those experiences to open the way in the Word for us because he didn’t just came back and testified, he went in the Bible where it was and he preached to us. Hallelujah. Do you know why? Because he had jumped

over that wall from natural to supernatural that day. Glory. Amen.

You know, I always wondered when he ended up there he was in a new body, a celestial body and there was no record of stepping into a body anywhere, amen, but when he was there he was in the body.

I read something today. It just touched me on the inside. He was talking about when God came to Abraham, when He came to Abraham He just created a body and stepped into it. When He was finished He just spoke it back out of existence, and he said it went back to atoms or whatever it was. Now here was a body that Abraham washed the feet. Here was a body Abraham saw with teeth and everything chewing up that calf and drinking that milk and talking and dust on the clothes and everything else in the heat of the day. It was a body. Abraham hugged Him and embraced Him. It wasn't a different body to his body. It was the same kind of body, amen. He said, "Now, what happens there," he said, "just like you take fire and you're going to burn a piece of wood or paper or something; now you break down the atoms in that." He said, "Look how the fire breaks down the atoms in it." You take a piece of wood right, like you're burning coals or something that is something solid. You see? It's a branch; you could identify what it is. It's a piece of maple branch that's cut from a maple tree or whatever it is; a piece of mango tree or something and you could identify what it is and then the fire burns it and it becomes ashes. You can't call ashes a branch any more but it comes into another form because of the process it passed through, because the fire breaks it down. Amen. Then he began to show—he says, look how God, in that body with all those atoms that made up the body and these things there. Look how God just sent it back to gas or to whatever it was, like that. You mean God could stand up there and put a body on you just like that? Amen. You see? Brother, God has everything prepared. You see, what we know by seeing

and hearing and touching and these things that's the way we know but he says when you go in there it's a far higher science than what science is trying to play around with here.

He says science broke into God's laboratory and they saw all God's toys that He plays with. Amen. That's God's playthings, amen. Hallelujah! You mean in this great big Universe are God's playthings? He says we are talking about a higher civilization than this that we are going to. Let us lift our eyes above this world. Amen. The hour is come. Look at it.

And here I want to go back on this little part here. He was talking about this great thing that this brother had dreamt. Now those brothers were dreaming something but they didn't know what they were dreaming. They were dreaming something in the Word, you know that. What they were dreaming was in the book of Revelation but they never knew it. To them it was only a dream because they didn't know the Scriptures, amen. So they saw a man on a horse dressed up like an Indian chief and so and so and they saw enough of the dream to know who the man was. Then he saw another man, and if you notice in those dreams it didn't have much things, it just had few details. Whatever was there was just put in the dream because it meant something.

It didn't have a lot of people. It had scientists, it had a prophet and it had a false impersonator. Alright. Then a next time it says it had this Texas Ranger, amen, he was driving; it had the brother and his wife there and it was like that. It had no great number of people, no great, big scene there; nothing at all. It was just straight to the point and then he looked in the Word now and he saw what those men were dreaming in the Word. When he saw what they were dreaming in the Word, he realized that God gave it to them in symbol form because when he came to the horse, he said, that's the Word, you know, like a military prance. And when it came to the dress, he said notice the Chief Authority

from the West and he began to kind of unveil to us what these symbols meant but it was something in the Word because he said, “When I get to those Thunders and those Vials, you will see what those men have been dreaming.” In other words, those men were dreaming something in the book of Revelation. Because remember, the Prophet was in the book of Revelation, for when he looked in the Book he saw himself in the Book and when he saw himself in those men’s dreams, he knew that that was in the Book. Alright. It’s simple; not complicated at all if you’re spiritual and you can see the Word.

Okay. So he said here: *“Brother Branham you was dressed as an Indian Chief with all the things the Indians use. It had a breastplate; them bangles on the arms, and all down around like that. You had your hands up like that. ... That horse standing there like a military horse, with a prance like this, walking,”* He says, *“me standing still... And you pulled the reins, went riding off towards the West.*

I looked down there and there was a whole lot of scientists.” That’s where I got my inspiration from; *Scientists Being Of The Devil.*

“... the next morning (That as Saturday.)—the next morning preached on Scientists, you know, being of the devil.

And he said, “Scientists, there were pouring things in tubes and mixing them. You stopped the horse; raised up your hand and begin to scream: “I’ll ride this trail once more!” And he said the whole earth shook. Those people shook; looked up at one another, look up at you, shrugged their shoulders and went on with their scientific research.” Alright.

They went back on with their scientific research, page 21. Next week he came and preached *Christ Is Revealed In His Own Word*, the next week and he’s speaking here again about the condition that the world is going to end up in. He said, *“...it is going to head up in the god of this*

world where they'll throne Satan himself, thinking that they're having a great world leader to bring them peace.

[Now] *"I told you the other day; I say it again; that even civilization itself today is absolutely contrary to God. Civilization is contrary to God. Education is a million miles from Him. Science is a million miles. Science and education is trying to disprove God..."* You get that?

Now that was God in a Prophet discerning the hearts of science today. That wasn't a man making a statement. He knew they were in their laboratories trying to disprove God, to exalt their own knowledge above the Word.

So they are *"...trying to disprove God through theological seminaries, and schools, and rooms of science, and so forth. They've had their shake."* They've had their shake.

As I told you, they say Eve ate an apple. Alright, then God came and did what? God had this woman to make a white child and a black child: Conceived by two different fathers in one day. Prior to that when a woman conceives the womb is supposed to be closed but within twenty four hours then she could conceive again. And the Prophet showed that is what happened in the Garden of Eden when Eve was with the Serpent in the morning and with Adam in the afternoon and they laughed at it. They said it can't be. And he tried to tell them, the Serpent was like a man, was the link between the animal kingdom and the human race. The Bible says the Serpent was a beast, not a reptile, a beast. More subtle than all the beasts; it could have talked and the Bible says God cursed it and said, "Upon your belly you will go and the dust you will eat." It's the curse that made it a reptile and God brought him from the highest to the lowest. Amen. And that's why when they come up with the theory of evolution they have a missing link that they can't prove. They know there is an association between man and animal but they can't find the link because God has the link hidden. They can't find any

bone. They're looking for a bone. They are looking for some kind of bone or skeleton or something but God changed the shape into a reptile. God could do it because He created it. Amen. It isn't hard for God to do.

The Bible says Cain was of that wicked One. Is that right? Nowhere in the Bible does it say Cain was Adam's son. Every time the genealogy is mentioned it leaves Cain's name out. Amen. We saw Cain and Abel come from two separate lineages in the Bible but we don't have time to deal with that tonight.

So he says, "*They've have had their shake. How about the vision the other night of the man when he screamed to those scientists down there pouring that stuff in like that. They just turned, and looked up, and went on.*" And he says, "*There'll be one more ride.*"

Oh my! Now watch. Here he saw those people pouring those things; those scientists doing their research and it was outstanding to him how God would show the brothers he's having this great ride, which was the Message. Because he says, you cried with a loud voice Brother Branham, the voice you spoke with. The first part of the ministry was the sign but that was the Voice of the sign. That was the Message coming forth that was the Supreme Authority Himself speaking out. God was speaking now. Amen

And then page 38, *Christ Is Revealed In His Own Word*, continuing on he says, "*But we've got one of the most dreadful times to go through that ever laid before human beings. And I'm just waiting for the hour, when we can get—everybody can get a chance where you can get off from work and spend a few days, and we can get set up somewhere where I can speak on those plagues and things that's to fall in the days,*"

He wanted to bring it to the people because he saw the hour was coming up. The plagues were going to strike the world because denomination had the people's minds so twisted away from the line of the Scripture

that they didn't know what they were looking for. They're looking for tribulation. They don't know what they are looking for. They're in the very system that is going to take the mark of the Beast and they don't know what the mark of the Beast is. So here he says,

...where I can speak on those plagues and the things that's to fall in the days, and throw about two or three weeks together, and bring that together, if the Lord let's me live to do it and will inspire me to do so.

He did it but in a very condensed way. That is what the dream was. Daniel saw what he dreamt in a vision. Is that right? He spoke the dream and in that dream he saw the head of gold right down to the toes of iron and clay. There were ten kings in the last days. Is that right? When the Rock is going to come and smite them and it will grow into a great mountain and the God of Heaven will set up His Kingdom on the earth, and when Jesus comes, He knowing that He says, "Pray Thy Kingdom come." Is that right? Then He's going to leave the Father's throne one day to take His own throne. Revelation 3:21. Is that right? I have overcome and sit in My Father's throne because it wasn't the time for it yet. They say, "Lord when will Thou restore the kingdom to Israel?" He says it is not for you to know the times or the seasons. Amen. But it is going to be revealed one day. He will come to gather His subjects; because you supped with Me, you'll reign with Me. Amen. He's going to come to get them. And in Revelation 10 we see Him coming down on the earth, Seven Thunders uttered their voices, all these mysteries are being revealed. To do what? Gather His Bride together. Come out of her My people. Come out of her and be not partakers of her plagues. It's judgment for her but redemption for you. Amen. Hallelujah.

So notice, when he saw those things there, to him it wasn't a dream—Just like Daniel; Daniel told Nebuchadnezzar, "God showed you what He was going to do." We are still waiting for that Rock to come and

smite those toes and grow up into a great image and bring in the New Kingdom because we know that we are living in the days of the ten kings.

Look at Joseph, Pharaoh had a dream too. Is that right? Then Joseph saw the dream; it was a dream of prophecy in symbol form but Joseph being a prophet could see over the dream and interpret the dream for him and reveal what the symbol meant. Amen. And when these men had dreamt the dream, since they can't add to the Bible, it had to be somewhere in the Bible because even when God spoke those Seven Thunders, it couldn't be anything outside the Bible; it was already in the Bible because it is the entire revelation of Jesus Christ. The Prophet knowing that, when he saw those men's dream, he saw it in the Word. He saw it right in the book of Revelation.

When I get to them Thunders and them Vials you'll see -you'll find out what that man and them people has been dreaming.

And I believe by the grace of God I know what those men have been dreaming and that's why I'm trying to bring these things here. Amen. *...you'll notice what them revealed, that great Thunder coming forth out of the skies. ...of course, the whole bunch of you, you know, that I know what that means. But let's just wait till the time comes for it ... And it'll be more in season.* [Christ Revealed In His Own Word 65-0822 —Ed.]

The only reason that the grace of God could let us see these things is because it is more in season now. My! If you caught my Scripture when I read in Genesis 6 you'll understand what I read there, because in Genesis 6, is when God was talking to His prophet and Noah was making that ride, it was in the midst of a bunch of scientists who were destroying the earth. Amen. Hallelujah. He was raised with an unscientific message. He was shaking science. Men of great renown who had destroyed the earth, who had destroyed the creation until it grieved God and He said, I'll wipe the whole thing

off, the end of all flesh is come. Amen. But in a prophet's Message going forth, the Supreme Authority was speaking and those scientists were building the Sphinxes and they are doing this, shooting things into outer space. Is that right? A whole bunch of scientists right there destroying the earth and God was getting ready to destroy them because that ride was going to make one turn and come back around before God shut that door, then the Third Pull will go to the lost after the doors are closed.

As it was in the days of Noah so shall it be in the days of the Son of man. Amen. So he says, *'wait until I get to those Seven Thunders then you'll see what those people have been dreaming'*. He says in *God Of This Evil Age* [65-0801M —Ed.], referring to the dream the first time when he spoke it, he says, *It's Thus saith the Lord. It's something coming forth from God. I don't know what it is.*

It is really striking, very striking.... There's something just getting ready to happen [and I don't want to miss it].

And when he saw it, then he saw it in the Word, he saw it was a furtherment of his ministry still. He saw it. It had a promise of speaking to the Bride that was to come. He saw there was a promise of the Voice of the Archangel before the last Trumpet comes, when the dead in Christ shall rise from the earth incorruptible and all these things. When mortal shall put on immortality, we who are alive and remain shall not prevent them who are asleep. Amen. When we see them we'll be changed too. Amen. And he saw those things right there, laying in line. He was in the Shout bringing the Message, opening the Seven Seals, revealing the mysteries to the people; waiting on the anointing to see which one to open up: *Who Is This Melchisedec?* or *Marriage And Divorce*, or *God's Only Provided Place Of Worship*, or *Things That Are To Be*, or *The Rapture*, or *A Thinking Man's Filter*; which one of those mysteries to open up, and he was opening them up. From '63 to '65 he's opening them up: *God Of This Evil Age*, *Satan's*

Eden; he's bringing out those mysteries: *God's Power To Transform*. All those were mysteries in the Book. Amen.

Those weren't little denominational sermons. Those were to tie Genesis to Revelation, to reveal the plan of redemption. He was under that leading to bring forth the Word in its fullness because he had that ministry. The whole seven-course menu. And here it was, while he was getting ready and that part was fading out, he was looking. He knew there was another Message coming forth that he prayed on, *On The Wings Of A Snow White Dove*. He says, "*Father... and the next day, seeing that eagle flying, O God, there is a Message coming forth now, and I pray, God, that You'll let the Dove lead*". Amen. He says remember that Indian Chief riding toward that wall and these things.

So he was getting ready to go into it. He was looking for it to happen. He looked in the Word and saw what it was but it was in such a trying time to bring it to the people. He was closed down everywhere. He couldn't even get the gymnasium anymore even to hold a meeting. So he says, "Maybe we could get a tent somewhere and go out in somebody's farm and you leave your job for a two weeks or so; we'll get everybody there together and we will have the meeting." Because he saw the urgency. It was a great striking thing that he wanted to bring to the people because he wanted to finish up that book of Revelation. So here it was. They didn't know now that God was showing them something; those people. They were dreaming. They were dreaming but they didn't know what it was. So they're saying since I dreamt that man, let me go and tell that man the dream. They felt led, they felt urged, moved; because that man was the predominant one in the dream. Amen. But when the Prophet saw the dream in the vision, he saw what they were dreaming and he saw where it was laying in the Word.

He didn't say when I get to the Church Ages, I'll show you it, or we will preach that when I get in the Church

Ages or when I preached on the Seals the last time that was it there. No. He says, "Wait until I get to those Trumpets, those Thunders and those Vials and these things, I'll show you what they're dreaming." You see? So he was looking to bring that. And that's why, you know, we believe that this is something special that is happening and we don't want to miss it. See? And that's why we want to keep all the minds right there in the channel regardless of what is happening on the outside. Whether the barrel of meal is going down, let it go down. Amen. You obey the Word, you sacrifice for the Word and God will take care of you. You cast your care upon Him, He careth for you. Amen. If you care to believe His Word, He will care to take care of you through this. Amen. Hallelujah.

And then he saw what they were dreaming, he saw where it was laying in the Word and he saw what it meant. And then, he who was seeing those dreams, he knew where it fitted in the Word because he was part of the same Word. He says, "When I get those Thunders you will see." Why? Why when he gets those Thunders? A Mighty Angel came down from Heaven with one foot on land and one foot on the sea and did what? Cried with a ... loud voice. And who had those Seven Thunders? That was his ministry. Amen. That great Thunder, He said, "You see what it reveals? That great Thunder coming out of the skies, that's what it reveals." Amen. See? So he knew that it was him and it was correct because he had those Thunders. He had that loud Voice that was going forth there; that Seven Thunders. He had that Message. When a man thought it was something outside the Bible, he says that is what those things were all about. That is what is revealed there. That's what it opened up.

He says, Remember my Message on the Seven Thunders, *What Time Is It, Sirs?* Amen. And when he saw that he was a part of that mystery, those scientists were part of the mystery too. And that impersonator on

the grey horse was part of the mystery too. They were all part of the mystery. I'm going to show you that. Because in the Trumpets and the Vials is where the scientists destroy the earth and destroy the human race. It's in the Thunders that is going to give us rapturing faith to change this body. But when does this body change? At the last Trumpet.

He said six have been sounded, we are gathered for the sounding of the last Trumpet; we shall be changed in a moment, in a twinkling of an eye. Faster than the Angels came. He says, could those Thunders mean that my brethren? Could it be? Is it a mystery going to be opened up to let us know that it will end in rapturing faith? These vile, old marred bodies that science destroyed with all their hybrid food that's rotten and perverted, is going to be changed? And the rest who are not changed will be counted fodder for this Atomic Age? You will walk out on the ashes? Is that the Bible? The righteous will walk out on the ashes of the wicked. Amen. I think it is clear.

I've been holding the title a little bit so some of you who can't see in Revelation, you're going to see the type. It will help you see the type. You see, you have to get a little scene there. Now, watch Noah. Watch the scientist. That's why I'm putting that right back there with Noah and those scientists. They didn't take him out of his Message. They said, "This old fanatic." Hallelujah! But God washed away their science in the flood. A little old farmer had known more about science than those scientists. He could have told them what was there by vision, what their instruments couldn't find out there, what all their cameras and all their mathematics couldn't tell them out there; he saw the rains hanging there. And he built the Ark under criticisms. Amen. He stood there and built the Ark, showing he had believed. He had works and faith together.

By faith, Noah being warned of God, moved with fear. Then the hour came when he stood in the door of the Ark while the longsuffering of God waited. While the scoffers and the mockers and the disobedient were crossing the line, then God moved in and shut the door. Is that right? I wonder how close we are in that hour right there.

And the scientists knew it not until the floods came after one of their fanatics pushed the button. What caused the flood? An atomic explosion! The scientists destroyed themselves with their own scientific research. Amen. How they tore up the environment, amen, with their science back there. My! I know that you're seeing it, amen. See? That's why all the earth is groaning!

But I want to show you something, how right in there the manifest—because Noah walked out back in the millennium. I'm going to show you the manifestation of the Sons of God; how he spoke, how he was dressed. Amen! Chief Authority, amen. The Word will flash like lightning, amen. I'll show you how those manifested sons are going to come up while the earth is groaning and travailing in pain. Why is it groaning and travailing in pain? Is it because of those woes? Woe, woe. Were those woes the birth pains: World War I and World War II? Amen? And the last birth pain is coming on this earth? Amen.

While we are sitting down here tonight, they are in their scientific research in their laboratories. But we're in another kind of laboratory here, amen. Hallelujah! While they are trying to go on Mars, we are moving to go to Heaven, amen. Hallelujah! Glory. Amen. So here they were, those scientists were part of the mystery too. That's why he wanted to get the Thunders because that was him; and he wanted to get the Vials because that was them. Amen. And then you can tie them together and you're going to see what is happening.

Now I want to show you it was all happening together. It was just different realms because they were in the

scientific realm: education, civilization and science. He was in the spiritual realm and that impersonator on the grey horse was in the religious realm. But it is the same earth. Are the Seals religion? Religious realm? Religious disturbance? Are the Trumpets political disturbance? Sure. It's just different realms. Amen. Just different realms. Amen. Look. God, in the dream, what God was doing—Now God was opening up the Book of Revelation, but by dreams. By dreams they were coming and the Prophet by vision was going to the Scripture.

You know, I saw something there because, you know, sometimes when the inspiration comes, if people are not spiritual or not knowing the Word, or not knowing something is a promise, they can't recognize it. They don't have the thing to grasp it. And sometimes little things scare them because they kind of feel maybe that man is trying to make that that or he's trying to make that say that, if they can't see through the Word. You see? But I want to show you something, that very same month of August '65, when those men had the dream and he was getting ready to preach them Vials, "Reader's Digest" had put out an article about hybrid food rotting in the body and Billy Graham had to go and run all that distance.

If you have been a studier of these things in the Word, you would notice every time he mentions hybrid foods destroying the body, he says, when I open up those plagues, you'll see what is going on; how the whole earth will go insane, because if that is rotting in their bodies, isn't it rotting their brain cells too? Then he begins to observe them and relate certain behavioral patterns: the way they drive in the street, the insane murders, the perversions. He says they are becoming perverted by eating the hybrid food. Women are becoming narrower in the hip and broader in their shoulders. Is that right? He said men are becoming homosexuals by eating the hybrid foods; it's perverting their bodies because it's

chemicals. You see? As we say... Like they invent this DDT and the spray to kill the mosquitoes; the only thought that they had in their minds was to get rid of all these mosquitoes that cause malaria. So that proved to wipe them out. But while that proved to wipe them out, now... then the fowl begins to pick up the cockroach and pick up this what the DDT killed. It takes years before it breaks down in the atmosphere. Then that goes into the fowl, then the fowl comes into you when you eat the fowl. Then they hybrid the cow. He said there are the Hereford and the Longhorn and they show you the picture of the Hereford with all the big rump and all the big thigh and different things with all the prime cuts and different things. He said, "But you put her out to winter, she can't winter, she would freeze and die. But that old Longhorn walks out there, brother, she would be a mummy to her young ones and she would go right through the winter though she may not look as big, because hybrid makes a bigger crop but it's death." Because once you cross the life—Remember when you're crossing the life of something, if God created it, that was God's original thought and God's original thought, you can't add to it.

The same way you can't add to the Word because it is perfect to begin with. Because remember, what is the earth? What is the sun? It's only a manifestation of God's Spoken Word. Is that right? And then what is a word? A thought expressed. It had to be in God's thinking before He speaks it and when He speaks it it materializes and comes into a manifestation, but before it comes into a manifestation it was a thought. Before it was a dog or a horse, it was a thought in God's mind. Then God said, "Let there be a dog. An Alsatian dog. Let it be a pot-hound dog. Let there be a Doberman"--not a Doberman, that's a hybrid. Then maybe he calls different types of dogs. See? Now when he calls those different types of dogs now, that was His Spoken Word coming to pass. "Let there be a giraffe, let there be a

tiger.” Alright. Now when that Word materializes, you see something with a long neck, you say, well that’s a giraffe. Then that’s why Adam had to come back and say which one is which one.

When God brought out animal life, brother, it was in abundance, you know. There were all kinds of species. You stand up there and you say, which one is the giraffe, which one is the tiger? I heard God say giraffe, tiger, lion; which one is which then? Somebody has to come now to identify the fulfillment with what was spoken. Now let me tell you, that will always take the Holy Spirit up-to-today. Amen! Hallelujah! God says it all through here but it had to take God’s own Nature and God’s own Life to identify when this manifests outside. Amen, Yes. Sure.

So notice, when man now, begin to rearrange the molecules of that life, they begin to hybrid the chickens, they begin to hybrid this, begin to hybrid that and they’re crossing the life. They are trying to break that genetic code. You see, it is a design and it is an Intelligence behind the design.

The resurrection, how are you going to break into it? It was laying in the Word. Satan was bringing us by a reverse process and God was bringing us back by the original process because death is just life perverted. But in this day, the Word has come to open our eyes to see when this civilization started, and when they begin to work in science. And in doing that, they begin to rearrange everything and they now had to pervert the man’s taste to live and relate to this because it comes from Satan’s perverted heart. So that’s why the man who has a taste for water is now being satisfied by alcohol. Man who wanted peace and pleasure in the presence of God is now getting it by drugs; killing himself. Do you see? Sure. It’s not strange.

He says, “These things had to wait until the Seven Seals are opened.” I’m closing. I’m closing because it’s nine. I’m closing now.

Now, how is it going to come back? How is it going to come back? Do we have a hope of it coming back? I thank God when I got detoxified. Amen. Sure. Satan wanted to pollute our minds with all that toxic education; all that toxic waste coming out of those big educational industries, amen. See? He wanted to deform us; spray us with all that higher learning and these things. Amen. See? But something happened. God caused the rock—Like when the chaplain went out there after World War I and everything was burnt up all over and there was death all around and what happened, he walked out there and he said, “Brother Branham, there was no sign of Easter morning, the resurrection and no life anywhere. There was death everywhere, no grass, no trees, no leaves on the trees, no bark, no nothing.” He said, “But something said, ‘Go over to that rock and kick it over.’” He said, “And when I kicked it over, there was a little Easter flower.” Amen. Sheltered, from all the poison gases. I thank God for the Rock in this hour. Amen. Hallelujah! Amen. This Rock is Jesus, this revealed Word that we could go into, amen.

What is the way out? Let me bring that for you. I’m closing with this. What is the way out? Oh my! I heard the Prophet say years ago as I told you Sunday morning. I’ll read the quote for you first so you’ll know where I’m coming from. Page 43, *Third Exodus*. He’s speaking about the Third Exodus going from the baptism of the Holy Ghost, into the Millennium and the Great Hereafter. He says, the First Exodus took them from a natural land into a natural land, the Second Exodus took them from a religious condition to a baptism of the Holy Ghost but the Third Exodus, it takes us from the baptism of the Holy Ghost into the Millennium and the Great Hereafter, into a theophany. A body where there is no more sickness, no more pain, no more sorrows, no more death no more nothing, just all life. Amen.

And in this Message, *Third Exodus*, he says:

“Now, I want you to notice. This same Pillar of Fire is leading the people again to a Promised Land, the Millennium, where we found... get it now. He says, ...where we found under the inspiration of this Sixth Seal, that’s never been taught before, how the earth has to be purified for the Millennium.”

Well you see the kind of person I am, I’m a little inquisitive, so where he says, *“...where we found under the inspiration of the Sixth Seal”*, that challenges my heart. I’ll go back on the *Sixth Seal*. I say if he says he found it there, I have to find it there. I know where to look then. Like how the Angel told the shepherds where to look in Bethlehem, I know where to look, which one to look under. Now years ago it never meant anything because the Trumpets weren’t revealed yet, but under the Sixth Seal is where the Trumpets were preached supernaturally and those Trumpets, the first four, are how the environment was destroyed and the seventh one is how the environment is purified for the millennium to bring back the restored Eden. He said the animals will be at peace with one another. So he just said *“[The Millennium... and] we found by inspiration under the Sixth Seal, that’s never been taught before, how the earth will be purified for the Millennium.”* So I thought, how could they get a Millennium if the earth hasn’t been purified? And many teachers had taught there is going to be a purification on the earth for the millennium, but I read this article and it struck me because he always said that it will be purified by volcanics but you know something, the word “volcano” isn’t in the Bible.

It is not in the Bible. You take a concordance and look it up. That word volcano is not in the Bible but volcano is on the earth. God made the earth. The Bible said, God made the mountains but when you look and you see how mountains are formed and what makes the mountains ...volcanoes. Sure. What moves the earth and pushes up this part of the earth? Earthquakes.

Sure. What brings irrigation and life to the people? Rivers. It's the system that functions. You see it condenses as truths. So, when we don't go deeper than the Scriptures are written and we just stay right there, we don't see anything; so our mind is blank, but as we go into the inspiration of what is laying there, we see what he's talking about. So he says how the earth has to be purified, that is what has never been taught, because no teacher ever taught it is by volcanics.

Now science, they can't see this earth coming back. They see a dying planet, that's why they're in space exploration. That's why they realize the moon has nothing, so we are not stopping there and playing around, we're heading for Mars now. It's the next best bet we have. See? Because I think they check out Venus and they didn't see anything encouraging in Venus, so they say maybe Mars is going to have something. And as I read for you, they said they don't believe it has ten or twenty years remain. The whole world atmosphere, climate is changing everything. They said "This was the summer that the world hit back." Sudan, millions die there and many were homeless and after that, floods. You're talking about dysentery, cholera, all kinds of diseases followed after: Epidemics, pestilence. Sure. They're killing out much more than the flood killed.

They say the same River Nile that brought life, water to irrigate all their land to grow their crops and feed the people, brought death this time. They say, you know what spawn it, in Nepal and Bangladesh also, the same thing? They say, you know what spawn it? Deforestation: Cutting down all the trees. Botany life that God created man began to destroy it. Amen. Then, what happened after? After, we see right in the Caribbean, they say what took ten years, in one day was destroyed in Jamaica. What it took ten years to build, it was destroyed in one day. (Hurricane). [Hurricane Gilbert 1988-0908 -Ed.] They had us here in the islands in so much of high alert. Then it went down into Mexico, it

went down in Nicaragua and devastated the place down there; all through Central America and went over in the United States. They said this was the summer it hit back because they realize it is a global problem. They say “Rapidly escalating global, environmental crisis.” And the Prophet is showing us, “Don’t be afraid, don’t get in the rat-race and run to Mars. Stay right here; it’s coming back.” Amen! Glory! Glory! I’m saying something there. My!

Now watch now. See? Science—Scientific thinking. But let the mind of Christ, the Headstone is here, amen. The great secret in the back part of God’s mind is being put in the hearts of the Bride. So he says “...*we found by inspiration which have never been taught before.*” My! Could you imagine a man with a seventh grade education says it have never been taught before? But I see it under the inspiration of the Sixth Seal, where them Trumpets was preached supernaturally. I see how the creation has been destroyed. I see it is going to come back. I found it.

Then he came here on *Victory Day*, page 22: “*We’ve had several wars, the wars and rumors of wars and V-days, and V-days, V-days. And it’ll finally end up in the great battle of Armageddon. That will be the last of it. When she comes to the battle of Armageddon, that will settle the whole thing.*” Because we had the 1st War, 2nd War and the 3rd War is Armageddon.

“*Just before the great Millennium. Armageddon is to clean off the earth. She repurifies herself with this atomic blowing and the volcanic ash and thing...*” Amen. (this earth that is) “...*soaked with blood of men upon the earth and sin and crime she sinks beneath the earth. The volcanic breaks out again and renews and cleans the earth for the great Millennium.*”

The volcanic ash and the atomic power, he says, is going to bring it on to purify the earth for the Millennium. Listen again.

Christ Is The Mystery Of God Reveal, page 83. And he says here:

“Then we can see the Marriage Supper is at hand. Now if I never see you again,...” (Now if I never see you again...) I’m saying this inside there in parenthesis. Amen. *“... if I never see you again, remember, the Marriage Supper is at hand. And then the Kingdom according to the promise is ready to be issued in, the great Millennium, the taking up of the Church, and the destroying of the wicked, and the world under the Sixth Seal to be purified by volcanic to take all the corruption and sin of the world, and to mold her out again, and to bring forth a bright new Millennium for the age that is to come.*

When, we see all these great threefold revelations: God in Christ; Christ in the Church; the Kingdom coming, Adam and Eve redeemed back in the Garden of Eden...” Remember that’s the Seventh Trumpet: Adam and Eve back in the Garden of Eden. *“...the representation of Christ and His Bride, and then the Kingdom is going to be restored according to His promise.”*

Flashing Red Light Of The Sign Of His Coming, page 35:

“Go back in Sodom. Don’t worry, there is an A-bomb waiting to clean it all up, ...clean up the whole world. It’ll do it. And then it’ll all be renewed again.”

I gave you four places already where he’s showing you what is going to renew the earth. *“...It’ll all be renewed again, like we seen under the Sixth Seal.”*

Amen? I’ll leave that one for last; the Sixth Seal to show you what he’s saying.

...for a redeemed bunch of people that has accepted the Lord Jesus Christ”. Amen.

Sixth Seal, on the *Seven Seals* book, page 439 and 440. He was giving a little type here where the Indian being a conservative. You know them Red Indians there how they had the land first, like Adam. That was one civilization. They had no science there. They used to

hunt, they used to fish, they preserved the lakes, they kept the rivers clean. Amen. They used the animal skins for clothing, for tents. They use the hooves for pots and pans. They were conservationists and it means the saving of the natural resources. Preservation of the natural environment, that's what conservation means. But then he says the white man is the rascal; he comes in with science. Sharps [Christian Sharps —Ed.] invented the buffalo rifle, comes in and kills out the buffalo; left it to contaminate the land. Is that right? Begin to pollute the environment with all the whiskey bottles and have all the prostitution in the land. But then he shows that God is going to clean it off with tribulations to bring it back. What was he doing? Showing us two civilizations: One, the first one, and then science comes in and invades and destroys this one and God's taking off the scientific one to bring back the original. Is that what those Seven Trumpets are all about? Sure. On the Sixth Seal, he preached it supernaturally and then he comes and says:

"That's the reason we are in travail, Christ, to bring forth the Bride... Everything is travailing, and groaning. See, there's something fixing to happen. And this Sixth plague lets her go.

Brother the earthquake burst open, and the stars shake; volcanics will come forth, the earth will renew itself. New lava will break forth from the centre of the earth and she'll crumble all around and around and around when she spins out in yonder.

I tell you, one morning when Jesus and His Bride comes back to the earth, there'll be a Paradise of God..." Amen! ...there will be a paradise of God.

Yes, the Sixth Seal is going to do something.Truly the whole world is groaning and paining for the Millennium Age." He says:

"Now, the one now is so soaked up with filth. As I preached here not long ago, ..., "The World Falling Apart..." Look what's falling apart in the world.

Everything is falling off it. Certainly it is. It's got to fall apart. Look, its frame. Let me show you the reason that the world's got to do it. Let me show you the reason that the world's got to do it." He said, *"The frame of this world: the iron and the brass and the materials of this earth has been pulled out of it, its framework, for war and industry..."* What did it? Science. Scientific research destroying the earth. But it is going to redeem a people to come back on a redeemed earth. Amen.

So notice. It was under the Sixth Seal it opened up. It was under the Sixth Seal he saw it. Amen. And that's why those Trumpets were peached supernaturally. And he found the earth was going to be purified by volcanics and bring on a bright new Millennium. See? And he says that has never been taught before and he showed us how science... He says, science, what they did, they discovered the atom.

Listen to this. *There's A Man Here That Can Turn On The Light.* " *...That's all right to know how to split an atom. I wished they'd never found it out. They have to do it because the world is hanging today...*" This is page 19, *"...They have to do it because the world is hanging today, it had to happen to burst..."* Look what the atomic power is looking to do today. Atomic power and volcanic is going to clean off the earth for the Millennium *"...to burst these big holes in the earth to let that lava come forth and rejuvenate this world again to make a new earth; where the righteous will walk out upon the dust of the wicked, where sin will be forgotten. Everything, he says, has a way of renewing itself."*

Now here it was under the Sixth Seal in those Seven Seals, when those Seven Trumpets held those mysteries that science wanted to find out about the environment. And they are spending billions of dollars in their space research, scientific research; all kind of big summits for scientists. Trying to find out what could slow down the environment. What to do, to go into outer space. "Maybe we should team up with the Russians now

because we can't do it alone. We need to put up a man's space station out there because Mars is so far away and the rest of the Solar System, if we ought to do something together. How are we going to do it? Who is going to finance it? And we don't have long here again." And what they are looking for to find out: "How can we get this environment...", was laying right there in those Seven Trumpets and those Seven Trumpets were under that Sixth Seal. Amen. And when that Sixth Seal was being preached, it was being preached supernaturally. Like Boaz was telling the Bride, "You don't have to go Mars and live, don't bother with that. It will come right back here. God gave you that as an inheritance." And the Title Deed to the earth has come back in the form of this Message! Hallelujah!

Before the Millennium, before God purifies it, He gives you the Title Deed and He gives you a revelation, "I am going to purify it for you. Get ready to live on it....." [Break on the tape]

...all you could do is have perfect love, amen. And that is where you're going, that is where the Pillar of Fire is taking you. Right up those seven steps, back to your theophany. When you come right up to the top, you see an atmosphere of love and power. Just like a woman with a baby; that is the earth in birth pains getting ready to give birth, so the Bride, a woman clothed with the sun, travailing in birth and pained to be delivered. But what happens? A sweet spirit of love. Oh my. She begins to look at the pure undefiled booties, the little baby's blanket. Everything is new; innocence. Amen. Because why? This civilization is knowledge. In the first civilization, they didn't even wear clothes. It was innocence. It was faith. This one is science and knowledge and we are coming back to innocence and faith again. Amen.

It's proving the Word. Lean not on your own understanding. [Proverbs 3:5 —Ed.] Let the mind that was in Christ be inside of us. [Philippians 2:5 —Ed.] Don't be

conform to this world, this science civilization and the way that they think, but be transformed by the renewing of your mind. [Romans 12:2 —Ed.] Have faith in the Word. Look and see how God has come to show us and prove to us what it is we have really received in this hour. It will never stop unfolding. As long as we have an understanding and we have this Word, it will never stop unfolding because it is the eternal Word of Almighty God. Amen.

He says we are going right back to that Seventh Morning; man never lived with God yet when they called him out of His rest, we will go back to that Seventh Morning, in the Paradise of Almighty God. Oh, there is coming a day.

There is coming a day

Oh where no heartache shall come

All is peace forevermore

Oh, think about it.

on that happy golden shore,

Oh it's going to be regenerated and come back all new again.

*What a day,... glorious day that
will be.*

*What a day that will be when
my*

Oh when you see the King comes out in His beauty and glory

And I look upon His face,

The One who save me by His grace

*One who saved me by His
grace;*

*When He takes me by the
hand,*

*and leads me through the
promised Land,*

*What a day, glorious day that will
be.*

Oh there will be no sorrow there. Think about that. All those burdens that are so heavy now. Oh, no more burdens to bear. All those sick, aching bodies, think about it. They will all be gone.

No more sickness, no more pain...

No more parting over there.

Oh and forever I will be

Oh with the One who died for me.

What a day, glorious day that will be

With everyone singing, every redeemed that is going there.

What a day...

Oh the greatest joy of the Christian, when we see Jesus. Oh, to look upon His face. Oh, even so come Lord Jesus! Come quickly, Lord. ... *leads me by His grace*

Then he takes me by the hand

Oh, in that great honeymoon for a thousand years in the Eden of God.

... the Promise Land

What a day, glorious day that will be

Oh my! What a day that will be. Think about it. You know God knows how to work things just right. We come to have this little dedication at the end of the service. Little innocent, little baby boy--little baby girl rather: "Virtuous Ruth." You know Ruth is one of those redeemed who came back to live in that redeemed inheritance of Elimelech; that virtuous woman. Boaz says, "I know she is a virtuous woman." Amen. Brother Ellis Joseph and his wife, little baby girl here; Virtuous Ruth. Amen. You give me something like that. I think it's just the right baby tonight—the right name. Right after a message like this, something new, something just born, amen; something that came after labour and birth pain. Hallelujah. Glory!

Brother Branham... I know how he felt now. He says, "This is no fairy tale friends." He said, "This is the Bible's truth." Amen. We see it is the Bible's truth. Oh my! Let us ask the Lord's blessing to dedicate this little precious jewel to our Lord Jesus, Virtuous Ruth.

A prayer request for Timothy Jordan whose hands are swollen and very painful. Hold these things upon your heart if you have a request also. This time as we centre our hearts upon the One that we love so much, our Lord Jesus. The One that loves us so much and that love from our hearts to His heart can contact tonight and fill this place that we are so invisibly united here and is so real, heart to heart, spirit to Spirit, united with this Word. We can have what we ask.

Oh gracious God, such reality that these things break forth and unfold. The Prophet did say that the end of all things is at hand. All things come to its end under that Seventh Seal: The end of this world, the end of the struggle in nature, the end of the Ages, the end of the Seals, the end of the Trumpets, the end of the Vials, it even ends the ushering in of the Millennium. It is going to come right back to that great faith civilization again. You're redeeming this earth by the same plan that You're redeeming us by, Lord. Same way this baby came into this earth, water and blood, then the life came forth after the mother was in labour and pain, travailing to give birth. Oh God, everything testifies of Thee. May it so inspire our hearts. Lift us up Lord in the realms of the Spirit, we could see with eyes of faith, revelation. These great divine truths that would cause the faith muscle in our hearts to rise. Make us stand, gallant, noble soldiers in this hour, pressing on the upward way, knowing that Thy Word is true, Lord. It cannot fail. How great it is for us to see these great things that unfold right before our eyes that we can look at Lord, and see how it bears witness to Your Word and make Your Word so illuminated unto us: The entrance of Your Word tonight, bringing light and understanding into our

hearts. I pray dear God, that it makes this hope that is within us even a greater reality. It inspires this faith in us Lord, and the love of God shed abroad in our hearts afresh by the Holy Spirit.

Oh precious Jesus, may we ever walk in the Spirit, talk in the Spirit, sing in the Spirit. Whatever we do, do it in the Spirit. Do it with understanding, Lord. Let partial realization become perfect realization, Lord, until life breaks between mortal and immortality, between the dying world of corruption and a bright new shining day. May the Message of the Light say shalom to our hearts, Lord. Oh, may It cause us to lift up our heads and look up. Grant it, Jesus. May we stand with our hearts filled with this inspiration, in the midst of this great reality of Your Word coming to pass, the breaking forth of this great mystery truth, striking our hearts with the impact and power of revelation, transforming the soul from glory unto glory on the inside. Such an atmosphere of faith and love created here in the building now, that all who have a need in their hearts could reach out and receive the blessing, the request that they are desiring and asking of Thee. Oh God, may substance faith take a grip on that Word. Grant it, Lord.

Drop it into every heart tonight, them that hunger and thirst for You, Lord. Oh, Jesus, we have Brother Ellis and his wife with the little baby, Virtuous Ruth, standing here in this atmosphere to be dedicated. Bringing her, Lord, offering her back up unto You for a life of service. You've given them added blessing, another arrow in his quiver, another blessing in the home. He has nothing to fear. Recession and these things mean nothing. You said consider the lily of the field; consider the sparrows that are sold for two farthings. You're the God that told the disciples where to cast their net even though they had toiled all night and thought that water was barren and unfruitful and had no fish. You who could multiply the bread, it's to

You that they are dedicating her. May their hearts be filled with the love and the joy and to recognize Your grace in giving them this blessing at this time.

May they see it through the eyes of Your Word and not through a scientific mind to cause them to doubt and start to wonder and murmur. Lord, may they see it's their heritage. It's an inheritance that You've given them, Lord. May You give them all that it would take to raise her up in the fear and admonition of the Lord. May she always bring joy to the home, Lord. She would grow in grace and beauty in Your presence and unto health and strength. I pray that the great Holy Spirit surround her and that she'd be covered by Your precious blood. We ask all these things as we dedicate little Virtuous Ruth Joseph unto Thee for a life of service, in the Name of the Lord Jesus Christ.

Father, our brother Timothy Jordan with the swollen hand, touch it, Lord. Remove the swelling and make his hand whole again in the Name of Jesus Christ. Every brother and sister, stranger, visitor, even one that don't know You and looking unto You at this time, may they look with eyes of faith. May the sick see the Healer. May the hungry see the Bread of Life. May the lost see the Saviour. May the captive see the Deliverer. May those that are weary receive their strength. Hallelujah! May the troubled heart see the God of all Peace and Comfort. May the needy see the Great Jehovah Jireh. May they look and live tonight as the Son of man is being lifted up before them. May they look and live.

Father, as we leave this place to go to our homes, may this never-failing Presence go with each and every one of us and may it keep the Word fresh in our hearts, and may it continue to teach us further on these truths. Inspiring our lives that we would be so governed and controlled and influenced by the joys that You've prepared for us that love You, that would motivate us, to keep us pressing on in this hour that we are living in. May the darkness don't bring fear, may the gloominess

don't bring despair, may we remember there is a Man here that could turn on the light. Hallelujah! Glory be to God in the highest; our Absolute. Thank You, Jesus. Thank You, Lord! Thank You, Lord! Glory! Glory! Hallelujah! Oh, Hallelujah! May we have faith. May we look up Lord, and keep pressing on in the Name of Jesus Christ. May You bless Your children, take them safely to their homes. We commit them into Your hands in Jesus' Precious Name we pray, amen. Amen.

We are Travelling on the right road. God bless you, you may have your seats. *We are travelling on the right road there is only one way to the City.* You believe that? [Congregation answers, "Amen." —Ed.]. Heaven is sounding sweeter all the time? Oh my, how true is His Word. Press with all inside of you, eagle.

...we are travelling on the right

We are travelling on the right road.

There is one way to the City of God

That's where we're going. Not the city that Cain built but the City that Abraham was looking for. Sing it.

We are travelling on the right road

We are travelling on the right road

There is one to the city of God

We are travelling on the right road.
