

Third Exodus Assembly

Possessing Victorious, Overcoming Faith In The Third Exodus

Pastor Vinworth A. Dayal
13th January, 2002

Possessing Victorious, Overcoming Faith In The Third Exodus Sunday, 13th January, 2002.

Amen. We would like to invite your attention this morning to the reading of the Word. I would like to read out of 1 John chapter 5. Trying to build the faith in the church to a higher level. And as we endeavour to do that today after speaking with you on Friday and posting you a little bit as to what we see needful and how we desire to go and knowing that each and every one of us should be seeking these things. I pray to day that the Lord will give you the grace to be focused; and to pull the things that you have need of in your own life. That you see and that this will be your portion; that God will give you this living substance to make you an overcomer in this age. I would like to read verse 4 in 1 John Chapter 5 one verse here.

For whatever is born of God.

Now notice this because there is a born of the flesh, but he is not talking about the born of the flesh now. Because the born of the flesh - we are all born by the will of man, by the will of the flesh. And we come as flesh man in this world. And we come under the bondage of the beggarly elements of this world; dead in sins and trespasses walking after the course of this world. And if we don't get another birth we'll stay there, die in that condition, and will never ever come to the place where we could have broken through and live to the glory of God.

But if we are to break into that place it means to say that even while you walk in this world after the course of this world there is something inside of you crying and pressing to come forth to real life. How many know that you are not what you used to be? Did you come into that by joining church? You cried, you begged, you pleaded, you searched, you sought, you knocked from door to door; you begged God, you pleaded, you know that there was a reality somewhere.

You tried to read this book, you tried to join that church. But then one day He came to you. One day He came to you. And something happened, you were quickened. Is that what the Bible said happened? And you were raised up. How many know that

they have been quickened and raised up. Now if you are not quickened and raised up this morning, you are still there in the humanistic realm. You're coming to church, another church service. Will it happen to me today? You'll be a church member. You might try to be a good church member but God doesn't have place for good church members in His kingdom. God has place for members of His body that become the Word. Amen.

For whatever is born of God

This is a new birth. This is not a sexual birth. This is a Holy Spirit birth because it is born of God. God becomes your Father and you could say, "Abba Father". Your natural birth puts you in a family. This birth puts you in another family. Your natural birth – you could be born into poverty, a family that's poor. You could be born into a family that's full of trouble. You could be born into a family with sickness. You could be born into a family with frustration and you're growing up poor frustrated, underprivileged and you wish you were in another family. But in God's family there is faith and power. There's victory, there's life. There is a conquering faith.

Whatsoever is born of God overcometh the world.

Not might overcome. Not maybe have the potential to overcome and it is possible that they may end up being overcoming sometime.

Whatsoever is born of God overcometh the world.

That settles it. That doesn't leave room for argument. If you are not overcoming the world check your birth. Is that right? If you are not overcoming the world check your birth because whatever is born of God overcometh the world. How many believe that that is the truth?

*And this is the victory that overcometh
The world*

And this is the victory because if you're overcoming you have a victory.

*This is the victory that overcometh the world
even,*

Say it. [Congregation says *our faith.*]

Even our faith,

So that, born of God is connected to faith. When you were born of the will of man and of the will of the flesh you came without faith.

You came as a flesh man. You came with see, taste, hear, smell, and touch and you walk by sight. But when you were born of God you came from flesh to spirit. You came from walking by sight to faith. You come into a Super Sense. Whatever is born of God has faith, overcometh the world; is victorious over the world. May the Lord bless the reading of the Word?

Let's pray one more time. Father, speak to our hearts. Quicken us and give us this living, conquering faith dear God? We realize that it could only come by the new birth and no man could give another man the new birth. Oh God your children have a representation. You put a seed in them. You put a seed in their dirt and that seed needs scriptural light. It needs the light of the risen sun. It needs the rain from Heaven, the former rain and the latter rain to quicken that life and make it grow. Just like the Botany life needs the physical sunlight and the physical rain.

Lord we pray that you will give us that spiritual light and that spiritual rain today to quicken that life and bring birth. And cause that transforming power in this seed to come forth into the faith of the Son of God. May you grant it Lord, that living conquering faith? Bless us and give it to all you children we ask? In the name of Jesus Christ, Amen - God bless you. You may have your seats.

Well once again we want to welcome you all in the precious lovely name of Jesus Christ. Silver and gold I don't have to give to you but could it gives you faith. Faith comes by hearing and hearing by the Word. And if I speak some theology it wouldn't give you the faith to overcome. And if I speak God's Word, you will receive faith. And the thing is you have to have something that can produce faith in order for people to receive faith. If that Word is not God's Word it wouldn't bring faith. How many know the Bible says, faith comes by hearing and hearing by the Word of God?

And so it means to say, if faith is to come by hearing this morning and hearing by the Word then I'm glad to know because we have received a message that was designed to restore the faith. We have received a message in this day that was to literally turn the hearts of the children back to the faith of the fathers. We have received a message to give us rapturing faith. How many believe that? How many know that is the truth? How many know that they are receiving that faith? Amen – that's right. You can't be

sitting under this message and not receiving faith, only if you're dead and cannot come to life. Amen - but if you're ordained to eternal life the Bible says, as many as were ordained to eternal believed.

And you know so we are looking at this scripture here. Whatsoever is born of God overcometh the world, and this is the victory that overcometh the world. And I want to, you know look on that a little bit, as we would approach that this morning. I want to speak on "Possessing victorious overcoming faith" in the Third Exodus. "Possessing victorious overcoming faith"; faith that will overcome this world.

You say, "Well I am getting a fight with the world, the world has a pull on me." But the Bible is speaking of a birth and a faith. Whatsoever is born of God will overcome the world by their faith. Not by being a hermit. Not by going up in the mountains put on bags and go in some cave and try to say, "I am done with society," not that. You know a faith like Jesus, you walk in the world but you are not of the world. Is that right?

Like Moses, let's look at him because it is he, whom I have in mind as I attempt to bring this out for you this morning, to help you to become partakers of this faith. I'm so glad to know that God is still the same and does the same. And this Bible is not just some little theory of man and some little thing to pacify people. This is the Word of Almighty God that can still give this birth.

So you don't just want to say, "I have faith." We are not talking about that. Everybody has a little mental. Most people say that they believe in something. "I believe in God," but is your faith overcoming? Are you overcoming? Are these things under your feet? Does it influence you and pull you and push you and have you confused? That's what we're talking about. A faith that makes you victorious, it says, if you are born it overcomes the world. Amen - my!

Hebrews 11, we want to read about Moses a little bit. Now I have been speaking on you know, "The just shall live by His faith" and "Spiritual astronauts in the zero hour" achieving this rapturing faith in the rapture age by the revelation of the rapture. And so we'll be looking at this great faith. And I trust that I can bring victory to every one of you by God giving me a mouth to speak these things to release this faith. And that you have a desire for

that faith because you are so dissatisfied, if you know that you are struggling. If you know you believe but your faith doesn't seem to work for you, you want God to lift you up in a place where your faith can operate in the Word, and then you know, "I have it, I have it. I see the results."

Okay Moses, verse 23. Verse 23 tells us about by faith Moses when he was born was hid three months of his parents because they saw he was a proper child. His parents saw he was a proper child and they were not afraid of the king's commandment. Moses at that time, he didn't come to that faith. He was a baby. He was baby Moses, but his parents having faith now that this baby Moses was born for a purpose. Wouldn't they know how to raise him? Wouldn't they know how to raise him? Wouldn't they know how to instruct him and say, "You're born of a certain birth, son. You came in a certain time. You're born to fulfill a certain purpose.

His parents knew that because look at the act to the parents faith. They hid him not fearing the wrath of the king. Why did they hide him? Not because they wanted to protect his natural life. Because they believe that he was born for a purpose. Because they believe that he is going to bring their deliverance. God had promised that he will deliver the people with a mighty hand and they knew this child being born in this house will bring deliverance to us.

I believe this child born in this house will bring deliverance to us. I believe it is not a Methodist child born here. I believe it is not some Pentecostal baby we have. I believe it is the Word of Almighty God. The Word promised for this hour. Amen – just like Amram and Joshebed hid the baby, baby Moses. You know Joseph and Mary took baby Jesus and they fled into Egypt because Herod wanted to kill the child.

Would you let some wrath of some king kill the thing that you know that your deliverance lies in? No, otherwise you stay in bondage for the rest of your life. But they were looking for a deliverance and they knew that this baby, a mighty angel descended from Heaven.

Mary knew, "I was not "impregnated" by Joseph, I am not carrying Joseph's baby. This was not Joseph's baby. She knew that this was Genesis 3:15, the woman shall receive a seed. This was Isaiah 7:14, a virgin shall conceive and bring forth a son and

his name shall be called Emmanuel. Is that right? God with us - she knew that was the Super Sign. She knew that this will bruise the serpent's head. This will free me from the law of sin and death. This will make me - I don't have to go in some religious tradition week after week. This will release the Holy Ghost in me. I'll be drunk under the power of the Holy Spirit with this baby. Is that right?

Do you believe that the message that you have has everything that you need to go back to the Garden of Eden? Or are you looking for another message? Are you looking for another Messiah? You believe - you're persuaded? What persuaded you? This baby had to have certain characteristics to identify that it is the baby because such a baby was promised to come. Is that right?

He must be born in Bethlehem. The star will arise out of Jacob. The scepter will not depart from Judah. He must be of the tribe of Judah. He must be of the seed of Abraham. He must be a seed of David. He must be born of a virgin. Is that right? Nobody could claim they were the Messiah if they weren't born in Bethlehem; if they weren't of the tribe of Judah. They had to trace their genealogy. He had to know that I am from Judah. He had to know that I came through a virgin.

If he said, "You know I remember the night that I and your daddy you know, we were praying for the baby and we had a nice night and God gave me conception after your daddy knew me." He would say, "Praise God whoo! I thought I was the Messiah, I'm born by sex. I need a Saviour myself." Is that right?

When they said, "Son we don't understand but when you were a little child two years old there was a star in the Heavens, and wise men came from the east and they quoted a scripture. And they brought certain kinds of gifts that we can't even understand fully what these things mean. And that night when you were born, angels sang and they came to shepherds. We were surprised; the kind of men that these things were revealed to, to carry this message. Is that right?

And he said, "Tell me, what lineage are you from?" She said, "Son, I don't know but my parents kept very, very - you know in a diligent way - they kept our genealogical records. That we could trace all the way back to David and Abraham and all the way back to Adam." He went to Joseph one day in the carpenter's shop. He

said, "Tell me a little bit about your lineage and your background? And he goes all the way back how he came from the lineage of Solomon through Nathan and all these things.

He said, "Tell me, you know - where did you give birth then?" He said, "Well I was out in the - you know there was this taxation passed. We were so upset at first, she was great with child and I had to go all the way back to Bethlehem. I couldn't understand why the man had to pass this law at that time. I thought it was unfortunate but then it was quickened to me one night. The same angel that came, came back and said, "Don't be afraid. The scriptures said out of Bethlehem Judah will come forth a governor. So you have to move into the place prophesied in the Bible to give birth to this child because this child must have this identification. Because that will be the basis of His faith, so when He stands there He knows that He is standing in the Scriptures. When He faces those theologians and they begin to ask the hard questions He is on the rock of revelation that the gates of hell cannot prevail against. It gives Him a channel to know that He is fulfilling the very Bible." Is that right?

That's why they hastened into Egypt and they waited. No work for Joseph, he couldn't have any carpenter's shop down there. He had no work permit, going on meager fare. Herod, like he was taking long to die. Do you understand what I'm saying? But they understood what they had. They knew that this was the promised Word and in this Word laid everything.

And right now we are under persecution but we have to hold this Word, we have to guard this Word because we have a sacred responsibility given unto us by God and the great God put His great plan of salvation for all mankind to take them back to that faith civilization in the hands of a little man and a little woman that look so weak to be given this great responsibility.

Could you imagine the thing to bring the rapture, the thing to judge this world is put in the hands of a little people like this? Could you imagine that? It seems like God came down and took such an unqualified people almost in the eyes of the world. The world will never think that God could take this great Word that was promised by the prophets since from the very beginning. Hallelujah - to bring full redemption and restoration back to every

divine promise to reinstate man in his original position in oneness with God again, in the hands of such a little people.

Do you know that is what you have? Or it is just some books and tapes or it is some tradition? Or is it some men in the message walking around? Or do you understand from the scriptures? Did Mary understand who that was? Did she understand Isaiah's prophecy? Did she understand the coming of the angel? That's why they didn't hesitate, they didn't argue, they didn't retaliate, they knew- they didn't question God's wisdom and say, "I think God made a mistake, yes." They said, "If that's your will and purpose for our life then we will guard this Word with our life." Is that right?

Amram and Joshebed guarded it. Is that right? Herod tried to kill it Pharoah tried to kill Moses. Athalia tried to kill the Royal Seed. Is that right? But Johoiada and Jehosheba took Jehoash and they hid him because they knew that was the only remaining seed of the house of David. If that seed was destroyed the promise in the Garden of Eden has failed. God let His plan come down and hang on one seed and one little old priest. And one little old priest's wife had the Word hidden in the house of God. Is that right?

Now sometimes you must get in those places and meditate and say, "God you did this over and over and over in the Bible, unfolding a mystery. Because in the last days here we've come back and an Athalia is coming to kill the Royal Seed. Here is one like Herod, the red dragon coming to devour the man child that the woman is going to give birth to. Here's one like Pharoah in the first exodus, coming back in the third exodus another Pharoah that rose up that doesn't know Joseph.

And you see a Bible because that was a sealed mystery in the book concerning the elect who will get this message when this angel descends in the last days; when seven thunders utter their voices to make this thing known what is happening on the earth and the world doesn't know. Is that right? But do you know? Do you know? Has it been made known to you? And you know something? Isn't the same church world looking for the same thing just like they were looking for it back there, but they couldn't recognize how it was happening? What did the Bible say? *All these things were being done that it might be fulfilled which was*

spoken by God through the prophets. They were looking for it they knew of it. But they couldn't recognize how it was happening.

They couldn't understand how the Messiah would come through this man and this woman, engaged to be married and she is pregnant. It looked funny, it looked suspicious. It put questions in their minds. They looked ordinary. They did not look like the kind of people that God would use because they were not polished with science and civilization and religion. But the angel from Heaven said, "*Behold the handmaid of the Lord*" but man could say, "Look at this little slut. She should be stoned to death." Is that right?

But God had it hid from the wise and the prudent. How many know that is the only time Jesus rejoiced in the Bible? He said, "*Father I thank thee, you have hidden it from the wise and the prudent and you have revealed it to babes such as would learn.*" You can't know it except it is being made known to you. But then when He makes it known to you, He makes it known with such reality, with such conviction, with such clarity, He makes it so conclusive. He identifies beyond any shadow of a doubt to break fear's power, to break doubt's power to drive it away from you that you could stand with perfect faith understanding that you're walking in the will of God.

But sometimes man think, oh it is some little weak thing and they get in the presence of that Word and they realize, "This is not any weak thing, boy I tell you." Amen - there's a strength and a faith; and Johoiada and Jehosheba they guarded that Word.

And now you in this Third Exodus have that Word and you have to guard that Word. Are you willing to guard that Word with your life? Do you know that everything that you have need of; is going to come out of that Word? And while that Word was hidden in the house of God it was growing up to come into power. Amen.

He said, "Honey where is He born king of the Jews?" She smiled and she said, "You know God's gifts always find their places." He said, "Tell me about the master piece?" She said, "It is being formed in the image, getting in speaking conditions." She said, "It is the rising of the Son. Amen - Christ is the mystery of God revealed." They were talking in parables.

And people were saying, “What are the priest and this woman talking about?” They were talking about the hidden Word that was in the house of God hidden from Athalia. From all that Paganism, from all the fundamental ones who were influenced with that denominational spirit. They knew that this Word was going to be taken out one day and be enthroned. It will be positionally placed with authority.

Do you know that the Word that is growing up inside of you is replaced positionally with all authority? Do you know that’s the Son? In that day you will know what – I in you and you in me. This is the secret. The Word is in the Bride. Is she the house of God? So I am laying that for you there to bring this faith here now. I want to get back to this faith here. I kind of keep you where - so you could be focused to what we have been walking; how we have been trying to work with this great faith.

And now we want to drive some of the make belief out; the places where you doubt and the places where you wonder. You start to believe and something goes contrary to your expectation and then you kind of doubt and say, “Maybe I had it wrong.” Or maybe, “It looks like it might not happen,” or maybe, “God is punishing me for some sin, you know I thought everything was going good and then this thing came back and I remembered a time I made a mistake,” or something. And then you can’t seem to see your faith come out to the place where it ought to be.

And that’s why I want to drive this down for you the individual. This is your time. Remember the Holy Spirit is designating these services especially to rub out the make belief, to build that faith. And here we are seeing what it is. Faith is what - The victory that overcometh the world. Faith has overcoming power especially where the cosmos is concerned. Is that right?

Are you getting trouble with the world or some things in the world? Then if you could get a hold of this faith, your troubles are ended. No rehabilitation center, no kind of counseling outside there, some guidance counselor or something like that, none of those things here, now social worker, no social program. Born of God, not joining church and denomination, man made religion, born of God.

Can God still give birth? Except a man be born of water and the Spirit he cannot come into the kingdom. He can’t even see the

kingdom. The only kingdom he will see is this kingdom of this world. Is that right? And you are reflecting what kingdom you belong to. And if you are reflecting the wrong kingdom you will pass away with that kingdom when it passes away.

Did all in Sodom pass away when that world passed away? Did all in the days of Noah pass away when that world passed away? But did Noah live beyond that civilization? Did he come back in a new world? Was Abraham changed? His old body passed away. When that old thing temporal was passing away, his temporal passed away, and he came into immortality, Amen - in a shadow and a type of what we will come into in this hour. Glory!

Why did God put that in the Bible? To give us identification so we would know how we are traveling this road. So we will know that we are not traveling this road by guess. We'll know we are not hoping so. The road is mile posted along the way. He lets you know where you are, what time it is, what to expect, what is the thing.

Why? To every purpose there is a time and there is a season. And when you know what time and what season, you know what part of his purpose is to be manifested. Then you could have the right expectations. Is that right? You know what to expect.

Why – the people are getting ready for Carnival. Do you know why? They know Christmas season already passed and the next season is Carnival and each season has its events. And the people were looking for Christmas. They were looking for the parang people to rise up. They were looking for the pone and the sorrel and the Mauby and they were looking for the ginger beer and they were looking for the fruit cake and these things. Is that right? All who were looking for Santa and everything else in that season, my!

Then now, the talk now is, Minshall is bringing this and Poison is bringing that and this one is bringing this. Why? It's another season but the Bride has a season. There was a season of Methodists. There was a season of Baptists. There was a season of Pentecostals but there is a season of a Super Race, a Super Church, the Royal Seed; a Church being perfected. There's a season when seven thunders are going to utter their voices and the book will be opened and the shout will go forth and the Bride will be gathered together and taken up in the mystery. Is that right?

You could imagine a man paying money for his costume and then he goes up to the place there and he says, "Write it down. I'm registered to play with this band." When it's time to get his costume he is expecting; "Where's my costume?" You could have real ruction and old noise if a man's money is paid and that robe or whatever he has to wear on that day, to show and identify him when they go, brother - to the great big panorama, in the great big meeting out there. My! When the bands parade.

Oh my, well it is the same way we have a king of this band. He is the king of kings. He is the Lion of Judah. Glory be to God! My! We have a queen of this band. She is not Miss Baptist. She can't be the queen of this band, not Pentecostal, not Jehovah Witness, not Seven Day Adventist, the Bride of Jesus Christ, bone of His bone and flesh of His flesh, faith of His faith. My! Oh I tell you, He paid the price for our robes.

Hallelujah! He's put you even in a section. Paul, Iraneus, Martin, Luther every section had their leader. Glory be to God in the highest! Oh I tell you! Thank you Jesus! Oh brother, this band had a Road March. Onward Christian soldiers marching as to war. Oh I tell you! Glory Hallelujah! You know where you stand. When you come before the court of the watchers, when you come before the judges, oh my you want to make sure you're in the rhythm of the Word. You're watching your section's leader.

Did he see the Bride coming into preview? Watched them in order, watched them marching going up. Glory be to God in the highest. My! And they're already getting in the spirit of the season. In each tent, man is bringing out his inspiration for this season. And the people are getting anointed and they are going home driving their car and they're whistling that. The next day they're going to the record shop, brother they want their CD. They want this. They want to get that song as their personal copy.

Some people want to pirate it and all. Amen - because they want to stay under the anointing, something struck them for this season. Something starts to fall around their tent from place to place. Amen! And they know the people who have certain bombs for this season.

Well God has a five fold ministry, brother with real bombs, amen! Hallelujah! They catch the mystery and every local church, brother they're bringing their inspiration for this season and getting

the people under expectation. All natural things are only a shadow of a greater reality. There's a natural perverted kingdom, a kingdom of death but there is a kingdom of life a supernatural kingdom that there is a negative to.

My, hallelujah! Let me hear somebody say praise God, amen. [Congregation says Praise God] Thank you Jesus! Oh I tell you. Glory, glory be to God! My, oh I tell you God is real! His Word is powerful. My, my, yes sir! No wonder His Word is a lamp unto our feet a light.

You ask a man, "Brother what is happening?" He says, "Brother don't go to that tent, you're wasting your time they're not singing anything down there. There is nothing going on. They are singing all kinds of old last year songs mixed around. They are singing the same thing for the last twenty years.

But over here they're catching something. When those men sing, they're conscious. They're getting you conscious of the time, brother all the things that you passed through in the season. They're showing you what that means and what is happening." He says, "You'll get a good investment there." He says, "Go there you are sure to get your money's worth by the grace of God. My! Man says, "But there is too far to go." He says, "Remember the queen of the South. Amen - Deep South way down Cedros. Amen - Deep South, the queen of the South. Hallelujah! Yes sir. My!

So think about it, this great faith that we're talking about. It's the victory, faith is the victory. You know you do things and you feel ashamed of yourself. You feel embarrassed, you feel frustrated, you beg and you try. You see me "I will burn a candle."

Somebody says, "Boy I give up smoking." Man says, "What did you use boy?" He says, "A new chewing gum came out. Anytime I feel to smoke, I chew that, it takes away the taste." He says, "That's deodorant. That is only masking the thing man. I want something to take the desire out completely without chewing gum, I am not feeling for anything again that is what I want."

Think of what I am saying. I'm trying to bring a little type for you. A lot of people have their little things, a little half way deliverance. Look at their little improved morality, look at their little abstinence and they call it deliverance, they call it Christianity, they call it new birth, not that. The Bible says, *every*

man in Christ has become a new creation, old things are passed away and all things become new.

He becomes partaker of a divine nature; that if these things be in you and abound you shall never fall. You will not be barren or unfruitful in the knowledge of Jesus Christ. A tree of life planted by the river will bring forth fruit for every season. She's never without fruit, amen - she is bringing forth the Word for this season.

Because it is not some hi-bred plant you have to baby and spray and beg to come to church. And give saint of the month a little Bible; or put your name on the notice board, put a little picture of you, you know in church praying at the altar and say, prayer warrior. Whoo! Not that. They are rugged, amen, they are rugged. Why - because they possess this victorious, overcoming faith.

Let's hit Moses quickly before our time goes. Verse 24: Hebrews 11. I was in Amram and Joshebed guarding the baby, Joseph and Mary guarding the baby, Johoiada and they guarding the baby. Now watch the baby growing and coming to years. Watch when the Word is growing up in you, watch what it does now. Watch the behaviour of the Word in another season because it is grown.

By faith Moses

Now remember Paul was telling them in Hebrews 10:38, the just shall live by faith. And he said by faith Abel, by faith Enoch, by faith Noah, by faith Abraham, by faith - now he is on Moses. By faith Moses, whatever is born of God overcometh the world. The victory is what? - Our faith.

Let's watch Moses faith, let's see what Moses faith overcame. Let's see how this faith grew in Moses. Let's see the basis for this faith. This is the first Exodus, he had overcoming faith. He conquered in the first Exodus. You in the third Exodus, like Moses too, you're born for deliverance in this age. My!

When he was come to years, By faith Moses

When he was come to years refused to be called

The son of Pharaoh's daughter

Is that an act of faith? Was that worthy of mention? Did the Holy Spirit overlook his faith speaking things into existence? Did the Holy Spirit overlook Moses shining with the Glory of God? To say in true he refused. We're going to see the power that moves

man to make hard decisions. “Moses because you have made this momentous decision, because you have chosen the harder way, it will make and bring to pass a tremendous victory.” Victory - faith is always connected with victory because faith knows no defeat. Faith is fearless. That’s why let’s get rid of that mental faith if you have it.

When he was come to years, refused, by faith he refused. His refusal to be called the son of Pharaoh’s daughter: what was this that he separated from as son of Pharaoh’s daughter? What did that mean? What does it hold there? You will have to go back in the history of Moses. How she found him in the water. She named him Moses which means to be drawn from water. You see the Ten Commandments? She went there to bathe and she saw the little basket coming with baby Moses where the parents had hid it. And then she took him to herself and she raised him as her own son.

And then Josephus tells you in the history of Moses, the Jewish historian. Because Stephen speaking from there said Moses was learned above all the Egyptians and he was mighty in word and in deed. He was both a statesman and he was also a general in the army. And even that what you saw in the Ten Commandments with conquering Ethiopia and so on that was historical fact, that’s why they put it in the Bible doing Bible research. Because according to Josephus and their history where that history was documented, it showed that that was what he was.

And his fame was throughout Egypt and he being raised up as Pharaoh’s daughter’s son even though he was not of Egyptian blood. Yet they had ceremonies of adoption where a person could be adopted into a family. The Romans had it, the Jews had it, the Greeks had it and he become as a son in that family, placed - and he could receive that inheritance. And he could take that name as though he belongs there. He is placed positionally with that right.

And so we see how Abraham had Eliezar a faithful slave, a steward. And he was a slave is what he was. Abraham purchased him with his own money, a type of Christ purchasing us with the blood of Jesus Christ. You see all these things are shadows and types and that’s why the intellectual minds are confused many a time.

They think it is something contrary because there is a different kind of slavery too that God buys you out from. A slavery to sin and He shed His blood. You are not your own, you were bought with a price. He gave His life a ransom. You know about ransom when people get kidnapped and taken prisoner against their own will and shut up there, cannot be released. But you have a kinsman. You have a family who loves you, who knows that you are born to live in liberty and not bondage. He comes and pays that price to get you out, showing His love, showing His loyalty, showing His commitment.

But watch this, a man of prominence, a man of power, a man of position, a man of fame, a man of glory. Things that man were seeking, people with Egyptian blood who was going to Egyptian universities, studying hard to rise up into Egyptian society and this man who was born and positioned by birth; when he should be a slave and born in a slave family ended up right up to the throne. And because of such great deeds and such great reputation and great influence, he was seen as the man fit to rule.

Because Egypt was a world power in Science in Mathematics, Chemistry, all these things, Astronomy and here this Moses came to a place; and the people - just like Joseph in Egypt was so great right next to Pharaoh above all those Egyptians; so Moses was high. And Moses – watch a call. Watch the power of a call in a man's life.

Let me show you the power of predestination. Let me show you how no matter you take a little seed, a little blade of grass and you put it under that concrete and you cast it with big concrete, reinforced and they ram it and you know power float it and everything else and put BRC to make the place solid. And let that sunlight be able to get to the life in that seed it will burst that concrete. You can take that blade of grass and do it like that yet the life in it will crack that concrete and find a way to push itself out.

And no matter how much of the cement of this cosmos because the dust of the earth is the serpent's meat; and that's what cement is to begin with. And they put you and encase you in a tomb and keep you dead in this Egypt of this world. And even though you raise high to fame and glory and power and influence....

.....and riches. Now I'm getting into Moses. This is what I want to get to here to see faith because some of you, you don't know what real faith is. And you don't know what you possess and you don't know what you're called to manifest. Some people only measure faith by raise a dead, heal a sick.

But in the book of Hebrews unveiling this faith; by faith Abraham obeyed when he was called to go out. By faith Jacob blessed his children concerning things to come. By faith Joseph talked about his bones, "Don't leave my bones here." Is that right? By faith Rehab the harlot hid the spies. By faith Moses refused.

The Holy Spirit knew Moses spoke things into existence. The Holy Spirit knew Moses was God to the age. But He is not writing that as Moses faith because that came out of the faith too. But He is taking where the faith began to grow. Because to get that he had to make this decision and he didn't walk in that by luck and chance. He could look and see the recompense of the reward. He could look and see He who was invisible calling him and drawing him to himself.

The first thing is, "Refuse this Moses." And the man's battle is, "The old Pharaoh is about to die. All you have to do is one stroke of the pen and you could set these people free and you could keep all this." But when he starts to realize, "What I'm called for, I m not called to be this. Pharaoh's daughter with her plan and her economics and her society, and her values she wants to shape my life to reflect Egypt but Egypt is going to pass away one day. But the one who is calling me, He is from a city that can't pass away."

The Bible says, *here we have no continuing city*. Everything here finishes. You buy a nice new car, after a few years it is finished. You buy a nice pair of new shoes after a few years it is finished. You see a child born after a few years he's finished. Nothing continues here. Food runs out, time runs out, health runs out, money runs out. But Moses met the eternal, "Go tell them I am, that I Am." Not I was, not I will be, I AM ever present, the eternal, always present.

When this one begin to draw him, when this one began to grip his life with the power of His influence; when this one who came down on the mountain at the evening time and Moses was drawn into His presence with all his theology, all that mammy taught him all these things. He was going to come into such a place under this

transforming power that he will never be the same again. All that he learnt to trust in, he was coming into such a place under this transforming power that he will never be the same again. All that he began to trust in he was coming to a place where he will never trust in those things no more. Why? He was leaving the temporal and stepping into the eternal.

How many know time runs out for the Church Ages? But at the end of this age when this Seventh age runs out there is going to be an eternal church age at the end of the Seven Seals. There is going to be an Ephesians. People will come to know who they are. People will come to this realization. People will come to see, that brother, they are part of the eternal, always part of the eternal and they dropped down in time. That's why they never found satisfaction in a temporal world. That's why they long to link back up with the eternal.

This faith began to bring an awakening to Moses, just like Mary, "You mean to say I am the one that Isaiah talked about. Isaiah seven hundred and twenty years ago said, "The virgin shall conceive." You mean to say generation after generation after generation passed and that scripture was laying in the Bible? And yesterday morning I was going for some water by the well and the God who gave that promise back in Genesis in the Garden of Eden appointed that day, where the one, who is born to fulfill that Word is going to catch that Word because the time has come for the Messiah that is promised to come forth?" And Mary began to say, "Well if that is true and that is so, it can't just be sixteen, seventeen years ago I started to exist because somebody foreknew me. I had to be born for this." Do you get what I am saying?

Not I joined the church, I like the church; they let me sing in the choir, the church is close to my home; well I am trying to rehabilitate my life, not that. God foreknew you. What did He tell Jeremiah? "Before you were formed in your mother's womb, I foreknew you and sanctified you to be a Prophet and this day I have set thee over the nations." God knew him back there. God knew when to send him. God knew how to raise him. And then God knows the time has come I must set him now to fulfill the purpose that I foreknew him back there for. Moses began to catch that.

When that starts to come to you friends you start to operate with another power by another sphere. Do you know why some people can't refuse? To refuse, something has to be offered to them. Says "Moses from according to the popular opinion since we had the last couple of polls of who is to succeed me on the throne, I think you know, we see you as the best man fit to take over. And we have you ear marked for this so we are trying to work on your public image Moses.

We're going to give you some good exposure and we are going to get you trained, you know, into the new type of politics that we see becoming predominant on the earth. Because all the uniting of the world and all these different things and you know the labour and revolutions and all these things here and we are going to have to try to get you geared to take over because you are the man to lead this nation in its status as a super power. As a matter of fact through your victories you have helped to put this nation in the place where it is today.

But then when something started to come to him and say, "But check how you were born Moses, it was your mother that day who defied the king's commandment. Do you think that God wanted you to be Pharaoh that is why you end up in here? That is God so making the wisdom of the enemy foolishness because he thought he had killed all the children and killed the deliverer. And God used the very one who gave the decree to kill the deliverer. He made him raise you up. He made them be the ones who protected you and preserved your life. And while they thought that they had a victory over God's people he didn't know that he was taking good care of you until I was ready for you Moses.

Now watch this friend, by faith he refused. Today a lot of people can't refuse. Balaak couldn't refuse the offer and instead of staying where he could be a word Prophet he sold out for more money and influence. And come into politics and get pressured by man and controlled and manipulated and exploited and used to be a curser instead of a 'blesser'. And then for fame he started to pervert the Word to back up the false system he belonged to. Only because he didn't have what it took inside of there.

When they started to offer him this and offer him that and started to paint a big picture of prosperity and how maybe he has this special calling and he was going to do this great thing. He

didn't know he was being seduced and manipulated and he was being sown with a seed of pride and he was going to come to a premature end. And even though he wanted to try to go against the plan of God, brother he couldn't stop what God had ordained for in that hour. Think of it.

Esau couldn't refuse when Jacob offered him the morsel of meat for the birthright. He sat down there and he started to halt between two opinions, his faith started to get destabilized. He said, "Well I know he is going through a hard time already. I will play a scheme with him." Judas couldn't refuse. I'm showing you what it takes to refuse.

But when the king of Sodom came to Abraham and tried to seduce him and manipulate him he says, "Take all this, here's all." Abraham said, "Get next to your self, take what? Could you give me something? For you to go and say you have made Abraham rich? I have already lifted my hand to the possessor of Heaven and earth. I don't want a thread or a shoe latchet from you.

I've already tasted bread and wine from Melchisedec. I've already seen the eternal king, the only wise God, the immortal, the invisible, hallelujah, who built that city four square. I've seen one, brother who can take me to a place where there is no sickness, nor death, nor sorrow. Because sickness had a beginning, death had a beginning, sorrow had a beginning and anything that has a beginning has an end. Only those things that didn't have a beginning shall remain.

Think of it. Jesus led by the Holy Spirit being tempted of the devil in the wilderness. And here after fasting for forty days and the appetite, oh is craving. The more you fast, the more you get hungry, the more the body desires food. And then the alarm goes off saying "Drink some water now." And then you pass into a place where you can control even that hunger. But then when you come back out, to break that fast, you're hungry.

And He was hungered, and He was hungered, and the appetite was craving. And Satan knows, "I have Him weak, now is my chance. I waited until He is hungered. I didn't try to get Him when He's all in that realm there. Now He's come out of the fast, I'll make my move now." He sized him up and said, "Turn these stones into bread." And tried to give Him economic blessing, tried

to make Him see His need for economic blessing. Put His mind on things of the appetites of the flesh - the lust of the flesh.

And when that didn't work, he took Him to a high mountain and showed Him the kingdoms. "Well if I can't get Him in the flesh, I'll get Him in the spirit realm. I know His ego. I know His ambition. I'll inflate His ego. I'll show Him visions of grandeur. I'll give Him a false sense of importance. I'll give Him the kind of glory that could fade away. I'll blind Him with that because I know that He has a calling. I know Herod - I tried to use Herod to stop the birth, and I couldn't stop it. I didn't even know where He was for a season. I see the man show up again.

When I watched that Prophet John, I tried to get all those Pharisees to say he's a false Prophet. But the man saw a vision, "Behold the Lamb of God." He said, "Well I'm out here waiting for Him because I followed Him when I saw Him come out here and now I am making my move on Him." And when Satan made that move and he said, "Just bow down and worship me. What is a little worship to give to me? What you sow, you will reap. Give me a little worship, you will get so great and powerful and have all these kingdoms, you will have millions to worship you after. You will see how they will come and give you adoration. You will see how they will follow you like the pied piper. You will see how they will hunt you for autographs."

Wasn't Jesus the most popular man back there, for a season? And no matter what Satan tried, he couldn't get there, because Jesus - something inside of Him, He didn't have that mental faith. He had something that could refuse the offer. He didn't want the kingdom that way. He knew that was a short cut.

He said, "I - like Abraham when the man said, take it free. It's okay, you're a nice man. Take it free. He said, "No, let us weigh the money, I want to buy it. When I buy it you have no claim on it again. You wouldn't be on my back all the time telling me, "I gave you that and I think you should do this with it. And you see the same thing, you're ungrateful." No, no, no, and I'm being bound up under pressure. When I buy it from you, I could tell you, "Shut your mouth, this is mine. You have no rights over this. You have been paid in full for this." My! He refused.

When Satan starts to offer some of you, you stand there. A man says, "You're going up in that church there. What happen,

you think church, church, church. If you're Elect, you will be elected anyhow." So what happen, wouldn't I serve God one day too? Let me carry you and show you the house I just finished going through the bank to purchase. Look at the kind of life I could offer you. Think of the kind of people that I associate with. And it's looking so nice.

And he says, "Well do you want to be a little church girl? That is all you want to be, that's your life, in this age? What about Queen Esther? Wasn't she a queen? Didn't she marry the Persian king? What are you playing? Didn't God have a purpose in that? And Satan knows how to quote the Word, he quoted it to Eve. Didn't he offer Eve? "You shall be like God knowing good and evil and she couldn't refuse. Is that right? She couldn't refuse. Do you think that refusing is an easy thing?"

Man say, "We have you ear marked for this next job you know, an increase in salary and different things but you have to work on Sundays. And we have to send you away on a course and you will stay in a nice hotel. We have a nice hotel for you and different things. And don't be afraid, we have perks and ways to take care of you while you're out there when it gets cold. The job comes with all the benefits."

And you stand there like Esau for the morsel of meat and your mouth is watering and you're watching, "I want that. I want that." He said, "What is this birthright to me anyhow? What is this birthright to me?" And Esau – Paul said he is a profane person. You know what a profane person means? You want the best of two worlds. You want to be in the world and you want to have God at the same time. You want to do this and have this at the same time – profane.

But watch Moses. I'm trying to dig down in the refuse. It is simple to read the refuse by faith and don't see any faith connected to it, and yet Satan is tying you up everyday. But let me tell you something here. He didn't just refuse too, the next line says what? He chose - He didn't just refuse that you know? He didn't get pressured into a situation. He had the opportunity to weigh the two. The pleasures of Egypt, the riches of Egypt and then the reproach of Christ; to take the way with the Lord's despised few or to enjoy the pleasures of sin for a season. To suffer affliction with the people of God, he weighed it.

And when he weighed it, the Bible said and then after he chose, he esteemed. He esteemed. Esteemed means what? Value - He valued it, he estimated it. He weighed it in the scale and he estimated it. He said, "This suffering is going down in that pit living a life where I wouldn't have that car, I wouldn't have that house, I wouldn't have these things here. But I would have God with me, I will have leadership, I would have the power of God in my life. And when this Egypt passes away - now I wouldn't even have time but watch something.

I want to catch things and places if I could throw it out quickly to show you, Egypt. He wasn't to get that revelation in the Exodus you know? Do you hear what I am saying - Possessing, victorious, overcoming faith in the Third Exodus. In the Third Exodus we know that this world is going to pass away, this cosmos. But I want to show you that hi- bred faith can't overcome it.

Had the Pentecostal church gone on to Laodicea? Did they end up rich and increased with goods and have need of nothing? Was blind, wretched, naked, miserable, and didn't know it? And didn't God say with all their natural riches, he said, "Come buy of me gold tried in the fire, you'll be rich. Come and buy white raiment, you'll be clothed." Is that right?

How come a church that got the Holy Ghost end up there? Do you know why? They didn't have that faith. They got a birth that wasn't the real birth. They got a church birth. They got a denominational birth and look what the Church Age end up to. They talk about faith. They kind of produce some psychology and different things. Hear them today; hear the kind of worship they have, hear the kind of songs they're singing. See the kind of atmosphere they're in. See the kind of message they preach. See, why? They are trapped in their cosmos. Why? They can't refuse.

Rather they try to pull everything the people have from them to get rich and increased with goods. You know why? Their eyes weren't anointed with eye salve to see the fire and the atomic bomb hanging over this age; saying the earth shall burn as a heaven and the elements shall melt with fervent heat. But Abraham's faith could see beyond the fire. Amen - Abraham saw the fire hanging over the posterity and the pleasure of Sodom. And he knew that was passing away.

And Lot couldn't see that and Lot went towards Sodom but Abraham, he kept following the invisible one. He refused what the king of Sodom had to offer and Moses had the same DNA. Moses had the same strain like Abraham. He could refuse Pharaoh too because he saw the same one Abraham saw. And he followed that pillar of fire and pillar of cloud and he said, "My angel will bring you into the place I have prepared for you." Is that right?

Friends then in this third exodus, this God has come down. Moses as that little baby, where the parents saw a proper child, grew up into a place to become God to the people with power to speak into existence. The same baby, the same Word that the mother was hiding saying, "This will come into power one day. Our deliverance is going to come. This will produce the Spoken Word when the season comes one day." Is that right?

Did it grow up and become that? And did it take them out of Egypt? And did it destroy the enemy? Did Jesus grow up and manifest the Spoken Word and say speak to this mountain? Did He bruise the serpent's head and raise the sleeping saints - The Word that they guarded; the Word that they guarded. Did Johoash come on the throne and Athalia was slain with the sword? - The Word that they guarded. Yes, Amen!

What do you think is going to happen to this Word that is hidden in your house? Is it growing up? Is it coming to years? Did it start to refuse this world? Did it start to get a vision to see beyond this world? Or you're saying, "Girl I see a new thing down there by Sabga and I see this over here and that is all you're seeing. And when God wants to give you eye salve to see now a robe. Amen - changing robes to another dimension, a robe without seam, a robe to go into the marriage supper. When you don't have the right robe they will put you out, like the parable Jesus told. Is that right?

Could you see that robe this morning? Is that a beautiful robe? When the Father said for the prodigal son, "Bring forth the best robe," in an hour of restoration when the son is being reinstated back into his position and his inheritance and in oneness with the Father again. He called for the best robe. And then they went into the supper. Yes! Oh I feel Him here this morning. I know that Word is real.

Power to refuse, you could spit the world out, and say, “Satan you deceiver, you deformer because you know that you have temporal life and will pass away, you idiot. Do you think I have temporal life? I have eternal life, I existed before you. When you pass away – maybe some of didn’t get that. Do you know that if you are part of Jesus Christ that you existed before Satan? Because Eve was bone of Adam’s bone and flesh of Adam’s flesh.

The Bible said, you were chosen in Christ, when - before the foundation of the world. And your name was put in the Lamb’s Book of Life, when – before the foundation of the world. That’s why the Lord told Jeremiah, before you were in your mother’s womb I knew you. I knew what you were going to be. I purposed to bring you here. Those whom He foreknew He predestinated. Those He predestinated them He called and you are the called according to His purpose. Is that right? Sure it is.

And the reason hell is created – anything that is created had a beginning. Hell was created for the devil and his angels. Satan is going to be annihilated in the lake of fire. Whatever atoms or whatever constitutes his person; God has a fire to burst that up in pieces. You see we have this building here – let me explain that to you.

You see we have this building here, one time this building here all these bricks were in the dirt and all the wood was in trees. And a man looked at a tree and said, “This has some good lumber you know.” He cut that tree down, and he knows how to dress it, measure it, plane it and he brings it down to boards and they pack them up in a hardware store. And a man walks in and says, “I want a few lengths of this and I want a few lengths of that and a few lengths of this.” But that tree was a seed that grew up into a tree.

And a man had a thought of how to construct a house and then he started to mine the clay and make blocks. And he built a house and that house was built with an intent, for a purpose. Because the pattern of the house existed in the man’s mind and the materials was manifested in the earth. And through the wisdom of the man he drew the materials and brought it together. And brought what was a thought in his mind as a pattern of a house into expression until it is a house.

And he says, “This is the mother’s room. And these are the rest rooms over here. And this is a multipurpose room over here. And this is an office back here, and this is a music room back here, and this is the main sanctuary here because all this was part of the design of the house. And you say when you come into the church you sit in the sanctuary. And the musicians put the equipment in the music room. And you know the mothers take the babies in the rest rooms – in the mother’s room. And you want to go to the rest rooms to refresh yourself, go to the rest room because he knew all the functions and the activities that will take place in the different rooms.

Well if a man takes a ‘grain of match’ one ‘grain of match’ a man lights that, it would bring this whole thing back to ashes. And you will have a pile of ashes but it was really a house at one time. And while it was a house we could come and gather for service in it. Plug in the fans, plug in – you have power outlets, we have different things. Lights – turn the lights on, we have water, turn the water on.

When we come down to ashes, nobody can gather in it to have service. Where’s the sanctuary? Where’s the room? Fire changes the composition. It is the same thing changes form, broken down now to another state because fire has that power and ability within it to change the atoms of the thing.

And you could call that pile of ashes there, say, “Let’s go by the church.” I say, “Where is the church?” You say, “Look the church is there.” I say, “Get next to your self. Are you crazy or what? You belong in the St. Ann’s Hospital man. This is a pile of ashes that is not a church.” Man says, “But it was a church one time,” You say, “But you can’t call it a church now. It can’t serve that purpose anymore.”

Well God has fire to annihilate this whole world. All those big cities a man say – you fly in those big airports and see all those big planes and big control towers, the 747 and 757 and all this kind of fighter jets and everything else. You go and see all those big malls and parks, and avenues and government buildings and all these different things. And you know scientific buildings and all these things and twin towers.

Look at the twin towers. It’s a big hole in the ground now. Do you know why? Fire – fire, there were eighty people from eighty

countries who had offices there. It doesn't exist anymore. There are pictures stuck up on the wall of people who perished there. It became a graveyard. It became a cemetery. Fire made it into that. One time people went up there, came out, sat behind their nice big polished desk and they're on the phones there and move around the office with an air and an atmosphere but fire changed all that. Do you get what I'm saying?

Well God has fire for this world. Because everything in this world – when God created the earth, there was no motor car, that is material that was in the earth. You get rubber from rubber trees. You get plastic and extract from oil and different things. They have gasoline, they have the iron ore. They have different things that man comes with knowledge of science and technology and take certain materials and bring this out. Well this is another form of the earth here.

When Adam walked in the garden with Eve, there was not this kind of civilization. There was no airport. There was no industry. There was no motor car plant. But man by mining and industry changed the world. It went through a revolution, an agriculture revolution to an industrial revolution. Now we are coming to an information revolution.

Like I was saying, man used to send smoke signals to communicate. Man took his blanket and make his smoke and send that smoke up there, they have the art. They knew how to do it. The next man on a next mountain says, “Aunty and uncle and the children and they are coming over. I'm seeing something about turkey and cow but I don't know if it is beef, I don't know if it's a cook-up. I don't - they're bringing some livestock, something is wrong because the breeze already blew away the communication. There is a lot of static in it.

Then they wanted to go beyond that, they got a man to run with a message. They said, “You go and tell.” So he started to run, that was a little ‘more sure’. But they found that that was too slow. So you know what they did? They got a man with a pony express. He was riding a horse. You get the same communication but more speed now.

Then you got airmail. You tied the message to a pigeon and the pigeon flew and you got airmail. But now there are satellite

signals. Now you could talk to people, person to person, around the world.

But look how that communication evolved. See? Back in the agricultural age, man cuts down his tree, got his leaves and that is the kind of communication in an agricultural civilization. In the industrial civilization, man had telegraph. See? But look here now with that information civilization, the information super highway. It keeps opening because the scientists in this world took the people from that agricultural level which is a kind of low primitive level and brought them up into an information age; into a highly sophisticated scientific level.

Where a man is walking here, brother he has a palm reader in his hand. Brother he is getting email there, he is sending faxes there. He is doing different things there. See the man talking person to person, GPS system connecting people around the world, satellite tracking people and everything else. So then man comes into a super power, they don't want to go back there.

But fire is going to take all these things and put it back in the earth. The same earth will be there but these things, fire will change the composition; turn it back into its original form and it will be no more. And friends I reached as far as Moses refusing and now I'm going to bring it to a close here on this. He refused and he chose. And what made him choose, he esteemed.

Does your faith make you analyze things? When you say, "I have faith." Does your faith make you see, what is a subtle move of the enemy, intended to take you away from the revealed will of God; and the plan for your life? If your faith is not doing that; that is not real Bible faith there you know. That is not the substance the Bible talks about. That is a mental faith from the outward man.

Real faith is from the sub conscience because the man in the sub conscience in the engine room is the man who's driving the ship. Not if you get double minded and unstable you say, "Boy I'm going through a real fight boy. Boy I'm going through a real fight yes, it's the biggest battle I ever had because I get an offer here." And you're putting your spiritual life, your revelation on hold and you're putting the age on hold.

And God descended from Heaven and opened the Seven Seals and so time is run out. The Bride is taken out of that age and that age has gone into apostasy, into darkness taking the mark of the

beast death striking them. And God is raising the Bride up into a faith, scientists working with the chemicals of the Word to achieve this Rapturing faith.

And if you don't see that happening, do you know what you can do? You say, "Well according to the way the experiments are at present I think I have a lot of time." Man says, "But do you realize that that second stage of the five fold has come back around? Do you realize that you can show your name in the book?"

Are you realizing how you can understand the will of God? Are you realizing that now the modern events are made clear? Are you realizing that now you're posted and know your junction time? Do you see, where's the position of the nations? Do you see nations uniting? Do you see armies uniting? Is that right? Are you seeing a war for the resources in the earth? Are you seeing the scheme that is deceiving the earth right now, what they call war and terrorism? One of the biggest hoaxes in the twenty first century, because there's a power that wants to control that oil; because to control all trade and commerce you have to get those resources.

And now they have the equipment they have the technology that they could blind the whole world through misinformation. And when you listen to the information correctly, all these big media houses, CNN and Fox news, and ABC and NBC and all these things, you see the kind of big propaganda war for the minds of the people.

And then you see a little group of people, Seven Seals opened and uncovered the scheme of the enemy. Seven Thunders uttered their voices to show the Bride the hour, to show where we are, to show what is happening. That it's a repeat performance of all diabolical and cunning cruelty. It's Pharaoh saying, "We will deal subtly with them."

And while he was using measures to break their spirits and they – did you know it was a war that they could not go out there and worship? How many studied the Bible in the first exodus? What was the contest between Moses and Pharaoh? God wanted the people to go and worship for three days in the wilderness. He says, "No, take the old people and go." He says, "No everybody has to go." And the contention started. He says, "No that doesn't work here."

And then you see a pressure on the industrial systems. People are going to work and now you have the shrewd people by computers. They work out everything. They say, “This Company is losing money.” And they compute all those figures. They say, “We have to send some people home. Recession is on and we have to cut jobs by so much percent. And we have to redefine certain offices.”

And now the taskmasters, they are masters at tasks. So they get a tool that could perform many tasks at one time. And with the introduction of that, it brings pressure. You have to do four of five people’s work now and you have to work longer hours.

And the cost of living got so high that the money you’re working for is to keep you in debt always. Because you could never make the amount of money that it takes to live. Not only families and individuals, nations too that is why there is IMF, trapped them into debt and restructured them. Why? Because it’s a death trap to trap the world and make them slaves again.

Because in the Bible it’s great and small, rich and poor, bond and free, no middle class; rich and poor, great and small, bond and free, no middle class. And except you could buy or sell, you take the mark. But you know something when they started to bring that pressure God sent a Prophet that He had already opened a faith economy to.

He wasn’t a normal preacher like Jannes and Jambres and the religion that they had down in Egypt. This was an anointed and commissioned Prophet. And God said, “I’m giving you two signs to confirm your commission and if you would be sincere you would even be God to the people.” And then the cloud came down on the mountain and the Prophet went up into the cloud. When it came down on the mountain and he came back out with the Word veiled and there was a glory and he began to speak in the first person and he commanded. And he had vestures of chief authority and then it was the fulfilling of a tent vision, because he came down from the mountain with a vision of a tent where God and man will become one on the earth. God will dwell with them.

Did that happen in this age? Did we see a Prophet with two signs? Then when the rock was thrown up like when Moses threw water on dry land, judgement started? Have we seen plagues, Ebola breaking out in the earth? How we’re seeing Anthrax

scaring people, how we're seeing all these kinds of terrorists on the move there, how we see the world panicking under fear, how we're seeing Aids.

Germ warfare, biological warfare, men breathing things in laboratories and could break your economy. Keep you in poverty by loosing biological weapons to destroy your crops. Remember how we had to get big, big money to get something to fight mealy bug? Why?

Then man going into the laboratory and trying to breathe certain things to eat up that thing that is destroying all the trees. And money has to be spent for that. Why? It is destroying the heritage, it is reducing the country. And money is being spent there. Why? A man could develop a virus that would target certain things and you're not seeing a big bomb with a plane flying. That is not the only kind of bomb they have. Under the fourth seal, he said, pestilence, he said the sword, the beast of the earth. Is that right? - *and they have power to kill one fourth part.*

No wonder it is shaking up people's minds. Going and bomb people back to the stone-age, sedate them. Do you think that they're bringing everybody they caught here? Nebuchadnezzar when he took the city; Nebuchadnezzar had a man to screen them. Find out who is of value. "Tell this bunch of fellows influence – send them back, I don't want them. Let them go and cook and run down rabbits in the thing there, they're of no use to me.

This fellow here, he's trained to disperse biological weapons. This fellow here from the FBI [fileaway] Interpol Connection and the CIA: we have information that this is one of the trainees that they sent there. And this one was known back there when he was in Afghanistan there. And they hand picked the ones that they wanted and bring them down in a special facility.

They are going to start....because remember these men are programmed. These men were trained and built up to be fighting machines, to be terrorists, to know their targets, to know their weapons and how to operate. They're built up into that you know?

Like God is building a mighty marching army right now. God is building a people into a Super church a Super power. God knows how to build this church into the living tabernacle of the living God that brother will destroy this kingdom of the world. Amen! Saints will judge angels and these things. God is bringing a

church that will destroy sickness and death from your own body by passing into immortality. How many know that?

Destroy fear and frustration that grip your mind. God gives you a Word bringing you to a place giving you an inoculation an immunization, giving you resisting power to shake the devil off. Didn't God do that to Abraham? God took a man from down in Babylon and when God started to deal with this man and take this man – every attachment that he had. Give up your father. Give up Lot. Give up Ishmael. Is that right? And God was breaking him because God knows when I am done with him and he stands on this mountain and says, “The lad and I go and come back again.” God knows. He was able to offer up the thing he loved the most.

And this man started to come into a place the Bible says, “*And he staggered not through unbelief, he was strong in faith. He believed in hope against hope and being not weak in faith he considered not his own body now dead.*” This man was standing in the midst of scientists and doctors and he said, “Doctor what did you say let me hear what you just said there? Your test said that my body is dead and I can't have any children and my wife is dead? And I should go back home and say that God is a liar, go back to my old religion? Is that right? Is that what you want?” He said, “Let me tell you I will bring this baby for you. You will examine this baby.”

The doctor calls up his partner in the psychiatric ward he says, “I think I have a candidate for you. I think we need to get this fellow like he is kind of cracking up under the stress. He can't handle – because when I run all my tests today, his body is totally dead. But God had built that man into a place. Hallelujah! “*And Abraham staggered not but was strong in faith giving praise, and giving glory unto God.*”

And Moses refused and he esteemed the reproach.

And he said, “I'd rather take reproach now than people pat me on the back now.” He said, “I would rather suffer affliction than to enjoy a few beers, a few women, you know drive around in this nice car, wear this nice evening gown, eat up in Hilton and say that is high life.” He said, “I would rather refuse that right now. Because you know something my revelation tells me that with the coming of this exodus, Egypt will pass away. This great thing will pass away.” He said, “You might call them a super power right

now and you might be planning for your next century where you're are going to be."

He said, "But I tell you with the coming of this Prophet there is a judgment on the road for Egypt. With the coming of Noah there was a judgment for that world. With the coming of Abraham there was a judgment for Sodom. With the coming of Elijah God will burn this earth there is a judgment for this world. Is that the Bible?"

What a faith? To people who possess this conquering faith, this overcoming faith - faith is not a feeling. A lot of people think that faith is something that it isn't. Faith is not an imagination. Faith is not the little mental thing in your mind $1 + 1 = 2$ and $2 + 2 = 4$, no.

You look at me right now and someone says, "You didn't see the minister come out with a big gown and a big cross around his neck this morning boy?" You say, "You're having an optical illusion or what? Aren't you seeing the minister standing there with a jacket, shirt and a tie? What optical illusion are you talking about? You say, "Why this man has on a big red pants this morning in church?" He says "Well you're colour blind boy?"

Now why? You learn to believe what your senses declare to you. If I was blind and I put my hand on this here, I could feel that this is wood. This is not plastic, this is not iron; this is wood. I could feel this microphone here and know that this is plastic, this is sponge here. By my sense of touch, without seeing it, without smelling it, without tasting it, without hearing it, I could tell what that is. I couldn't even see that fan but I could hear that fan and I could feel the breeze I know that there is a fan in that corner there, if I wasn't seeing it.

By your sense of taste - if somebody gives you water, you could taste that. If you're blind and you have no sense of smell, you could taste that and know that that is water; this is orange juice, this is grapefruit juice, this is peanut punch, this is sea-moss, this is mauby and this is ginger beer, just by your taste. Your taste could declare what it is without seeing it. And you could taste coffee, cocoa, Milo and know what it is. And nobody could tell you that there is milk in it or it doesn't have milk or it is cold or it is not cold. If it is hot they could never convince you that it is cold because you believe what your senses declare to you. Is that right?

If I was blind preaching here and I hear you say, "Amen." I know that there are people here. And if somebody says, "No, no, no that is just a radio somebody has on timed to say, "Amen" when you say certain things." I could walk down there and touch and feel people here without seeing and know that there are people really here. And I could even run my hand through here, through a face and even tell characteristics. Whether it is a man or a woman, whoever it is here, old or young, by the sense of touch.

You could smell perfume, you could smell smoke, you could gas. You could smell different kinds of foods, curry and stew and oil down, you could smell all that, Bar-B-Que and you're not seeing it. You have not tasted it. Smelling is discernment. Where did we get these senses? We can't live without them in this world. Do you know where we got it? A birth brought them to us. A birth, born of flesh, born of sexual desire, a man and a woman coming together had sexual relationship, the woman conceived and the body came forth with these senses.

And as we grew - as this body grew, the eyes got focused, the smelling got more refined, you got to a place where your sense of touch got more refined. And that's a sexual birth, that's a fallen birth that had death associated with it. Because the sexual birth brought a body but we are not just body. You are an outward man and an inward man. You are body, spirit and soul and in that spirit you have another set of senses. You have reasoning, imagination, memory. What if you did not have memory? You would walk into the same problems over and over.

You could sit down here and imagine what it is going to be like if you get home and there is no food or you see your house broken into or something. Or somebody tells you something that happened to somebody and you start to imagine, "When those people start to fight and I see the man's hand fall on the ground and he didn't even have a cutlass." You could imagine that.

Or Satan comes and starts to anoint you with (blank spot on tape).....that is born of God. Whatever is born of God overcomes. Whatever is born of flesh could see and smell and taste. Powerful senses, as I described to you just now and those senses are attached to death and are attached to sex. Sickness and death are attached to that birth and that's why we needed a Saviour to come and die to get us out of that because we are in a fallen condition.

We are in a pest house full of disease and everything else. Worms are crawling around inside of it. In three days time after you die, worms start to come out of you. Then think, because I am closing here with this; bringing you to this faith whatever is born of God, the real you. Your mother and father could produce a body but your mother and father couldn't produce a soul. The real you is that soul. The real you came from God.

The real you – part of you were in your mummy and a part of you were in your daddy, this body that you have here. It was through a union with your daddy's seed and your mummy's egg coming together and produced this body. And that's for nine months that was formed inside of your mother's womb. But that soul that came from God was in God too. And God knew where to bring you and what family to put you in whether to bring you male or female. God had a purpose for you.

God knew which country He wanted you to live in. God knew which vocation in life. God knew how to design you. God knew whether you are an outdoor person and like outdoor things or you are an inward person you like mind things. You like to write and draw and paint and play music. Or you like to work with your hands and you're skilful and make things and so on. See?

God knows how He made you up to think and function because He put you under a sign, He gave you a personality. He made you up for a certain work. He gifted you with certain talents to show where you are going to be used and how He is going to be using you and what is the purpose for bringing you. Well that soul inside of there - that soul inside of there that was God's seed. And that soul the real you have all the potential to be like God.

And you lived out here in these senses and you enjoyed life (so to speak) in these senses, because you didn't know that other sense. And when God came to you – when God came to you, and He began to quicken that man he went past your flesh, past your spirit and began to deal with that inner man. That quickening began to bring out in you - because that soul has a sense too that is faith or unbelief, and that's the Super Sense. That is part of God. That is the one that could believe this Word and make this Word manifest.

That's the one that Abraham broke into that when he looked at this body and saw this body dead and reason was telling him, "It

can't produce, it passed the age, Sarah passed the age, we took the medical test; we can explain why she can't do it. There is nothing that science can offer, you have to live so. Accept it, adopt a child." He had a sense that moved him up, that overcame all of that. The Bible said he considered not. He didn't even take it into consideration. It could not enter into his mind.

The Bible said and *he was fully persuaded*, thoroughly convinced. It means whatever happened to the inner man, it gave him such resisting power. And gave him such insight that no matter what excuse, what reason, what fear, what could come in this realm that inner man could take it and bring it under control. And he governed – the inner man governed this outer man that he made this unbeliever stay subject, until this other man inside produced the things God was talking about.

Moses was catching that from there. Some of you have the same faith and have to manifest greater faith than Moses. And some of you don't have the magnitude of the influence and the pull and the amount of things to give up like Moses had. Yet in this age you have to have greater faith than that.

And if God could get that man, *whatever is born of God*. That's the man the Holy Spirit this morning, wants to get a hold of but he is in a patch of weeds. All the cares of this life want to choke that man. It choked Balaam, it choked Esau. It choked those who came out of Egypt. Let the musicians come - began to choke them until they were no more, they fell away. They fell away. And as the journey went on they were falling away, falling away, falling away.

But two men Joshua and Caleb, something inside of them was growing. When the seventy went back, when the multitude went back, you had eleven of them walking in there. And they were coming into a place to live, operate and do what Jesus did. Joshua and Caleb came into where Moses was following that Prophet Moses. Faith grew up and came into a place.

The very Word that Amram and Joshebed had; the very Word that Joseph and Mary had. One season they were protecting it, one season it was a little baby Word, one season you may wonder. You have to have faith that this is the Scriptures being manifested, it will do it. You have this faith. If you are growing in this faith, you see victories in your life.

Moses refused that, but he didn't see the people delivered as yet. He didn't see the Spoken Word manifested as yet but he refused that. He chose rather to suffer affliction. And he got there and he began to go through the hardships. And maybe no doubt battles might have come, "You think you did the right thing?" He went and tried to deliver a man. Do you know that? He saw two people fighting, the Oneness and the Threeness fighting among themselves.

Supposing the Bible says in Acts 7, that they would understand that he was sent for their deliverance, that the angel met him and gave him two signs to confirm his commission. And it says, "You will come here to be a judge and ruler over us?" And he says, "I will put them out put this one out" go on to a next place and he says, "No draw a bigger circle and draw them back in. Don't fight among yourselves." God is getting ready for the Exodus. The cloud is going to come sure as ever. When it was time for the cloud to come the dreams and the visions came. "Go on the mountain" He climbed up the mountain and went up into the cloud and came back out. He said, "Remember when I came among you with those two signs? Remember I told you that one of these days that we are going to come to this?" And they looked at him and they could not understand. The Word was too glorious. Say, "No, no, no, you're trying to make yourself God." He said, "That is not too far from the scriptures."

Who do you say this is? The mighty God is unveiled before us. A greater than Solomon is here. The unveiling of the Master Piece - It is the rising of the Sun. This is the Morning Star. Shalom. They couldn't understand. For them to really begin to see something - when they began to see that, they realized, "Oh my! Look at what time it is. Look at the day. Look what our expectations should be? God you came down and you made these things so real. You've brought this so close."

Then from there it came down into your life, that's why death couldn't take you back there. That's why I preserved your life, that's why I kept you. Remember that dream you had that time? Now it is going to come to pass in your life. Remember that thing you couldn't understand about yourself, and at times you get down there and you cry and you beg and you even contemplate suicide sometimes? And then you didn't know the pressure left you; just

thinking that you went good for a season? He said, "It was me keeping that off of you. I had to bring you to this place. You've come to your junction."

Brother it's when you begin to go like Joshua and Caleb. Joshua said, "Caleb that is the Messiah. That's what God told our Father Abraham." He said, "How are you certain about that?" He said, "Watch the time that we are living in. The time is run out, it ought to be here. God is right on-time. Watch the characteristics. Have you seen anything like that here in Egypt? Look at, Jannes and they in their organization. Look at Jambres and his organization down there. Look at the Egyptian priests, what they are teaching over here." He said, "When that man talks it is coming from another place."

He said, "I stood in that meeting and that man like he was looking right through me. It seems like God came down right there and open the book of my life and begin to talk to me and say, "Son your hour has come." Brother the Holy Spirit began to hover and go pass the human mind, and something down in the heart – what was God doing? -Getting ready to bring a birth. And that faith life that Super Sense, that was dormant is now going to be activated.

Like a man who was blind all the time and one day his eyes opened. He lived in a realm of four senses. Someone says, "Look at that nice sun. Look at the rising of that sun. Look at that sunset. Look at that rainbow. Look at that dove. My! Look at that eagle fly." You can't see it; you don't have the senses to contact it. You say, "Tell me about it, tell me about it."

"Look at that Rose of Sharon. Look at the Lily of the Valley. Look that lamb, look at this great Lion of Judah over here." You can't see it, you say, "I hear the roar but I would like to see His Majesty, sounds so powerful, so majestic," - couldn't see it. But then his eyes opened, he said, "I heard by the hearing of my ear, now my eyes could see it. Oh my! He is in a realm far above where he was shut out before that came.

That's why the church world grew in religion, tradition, ritual, superstition but God has brought something in this age. It has come to free sons and daughters of God. It has come to answer their unanswered questions. It has come to place them and to unveil the mystery of their life; and who they really are. Take their

amnesia away and set them in the channel where they could walk in the will of God and gives them the strength to do it. Yes sir.

In 1 John 2 says, “And the lust of the world - and this world – he that has the lust of the world does not have the love of the Father in his heart; because this world is the lust of the flesh the lust of the eyes and the pride of life. And this world and all the things that are in the world will pass away. Faith is the victory where you don’t become conformed to this world because revelation made you see that this is the world in a perverted form. Like I explained to you man pulled the elements out and they made all these things and have people spell-bound and hypnotized.

But it is filled with death, filled with war, filled with crime, filled with Aids, filled with Ebola, filled with all kinds of different things. Filled with rotten politics and rotten religion, when God made it, it wasn’t so. And you could see beyond this world like Moses – endure. This faith - God is trying to contact what is in your heart and bring it out. When Moses started to get around that burning bush, all these qualities that were in him began to come forth. It wasn’t just that he was there and “I wonder how that is happening boy?” No, no, no.

At first he started to wonder, how the bush was on fire and not being burned, but then he started to realize, “I’m starting to realize, like I’m born for a purpose. I’m hearing that voice that is coming out from that light saying, “*Moses, Moses I remember my promise and I’m come down and I’m sending you Moses,*” And picking up things that we believe and He is bringing it personally to me. It is being made actual in my experience and it is anointing me and commissioning me and making it real to me.”

And when that Word began to get real, he began to get anointed. And fear – he found that fear was leaving him. That where he had run from Egypt and the only success he had to point to was one rotten, dead stinking Egyptian. He was going back to take over the whole country with a rod in his hand and drown the whole army in the Red Sea and take the people out, at eighty years old.

Could you be in the presence of that same eternal I AM – Look what he did to Paul. Let us stand to our feet. Look what it did to them, my friends. Paul said, “All that was gain to me I count but loss.” He said, “This thing that had been unveiled to me, for me to

die is gain.” He said, “I am crucified to this world. I am crucified with Christ and the world is crucified to me and the life I live now I will begin to live and operate in the faith. And he began to tell others, “God beyond the camp.”

Because when he met that Pillar of Fire that Moses met, Paul said, “We are not of the bondwoman, this earthly Jerusalem. We are of the free woman, Sarah, Heavenly Jerusalem. Why? He had met that same Melchisedec. He said, “Now unto the king eternal, immortal, invisible the only wise God.” He said, “Here we have no continuing city.” The same experience Abraham had. Moses looked at Egypt and refused the treasures of Egypt and he went out following that one. Abraham looked at Sodom and he refused that and he went out following that one; faith overcoming the world, the lust of the flesh.

My young brothers and my young sisters, is there something being offered to you that you can't refuse? Do you have the spirit of Esau? Are you a profane person? Do you want the best of two worlds? Are you not maybe standing right where Jesus stood, and you're making the offer so grand and so great? But you have resisting power because you have been inoculated with the baptism of the Holy Ghost. If you don't have that faith- that tie-post, you are going to be shaken. Because he did not say, what is born of flesh overcomes the world. Whatever is not born of God will be defeated but what is born of God overcomes the world. A hi-bred faith, a mental faith cannot -does not possess enough resisting power. That first birth does not have resisting power to resist this world. That will come through the infusion of the Holy Spirit.

But do you know something? He can give that to you right now. I can't give it to you but he can give it to you. But if I stood and spoken this Word and he has anointed that Word and that Word has moved your faith up a little bit and you begin to see these two things in the scale and it is being weighed; I could enjoy the pleasures of sin for a season but I can take the way of the Lord's despised few. I can suffer affliction with the people of God or I could get the treasures of Egypt. It is weighing before you but Moses chose. It is better to suffer.

What did God tell Paul? “This man will suffer many things for my name's sake.” What did God tell the prophet? “This message will be rejected according to Revelation 3:20.” What did God tell

Jesus? “You will have to be nailed and crucified and rejected because they are blinded.” When Isaiah spoke of them - they will never receive the message. But did this discourage them? He said, “Father what shall I say, Father save me from this hour? Malachi 4 said, “Friends I am not washed up, I am washed in. I know I am forsaken but He will crown my message.”

How many know fourteen hundred years after Moses was seen with Elijah and Jesus on Mt. Transfiguration? You know that is the Bible? How many know Satan contended with Michael for the body of Moses? Because he couldn't find the place where he was buried and Michael rebuked him, “He's overcome you already. Do you know that he overcame you?” Don't you know you tried to give him the world, the lust of the flesh, the pride of life, the lust of the eyes and you couldn't deceive him? He doesn't belong to you, nothing belongs to you. The Lord rebukes you Satan. My! Make that momentous decision, friends. Moses faith came up into a place.

Let's try this song, “I was a dry bone in the valley when Jesus found me.” Ezekiel saw that age, this age here. Everything was dry and parched and dead and death everywhere, a graveyard. And God said, “Son of Man can these dry bones live? Is there any hope? Could this become the mighty marching army?” And inspiration maybe took the prophet back to the dark chaotic earth that was transformed into a Garden of Eden. He said, “Oh God, thou knowest.” You're asking me but you know; and you know that I know too because you revealed it to me. Hallelujah!

He said, “Son of Man, Prophecy.” And the anointing began to come upon him and he began to prophesy and bone began to come to its bone. Sinew and flesh began to come upon it. God was making a new creation. God was building a new church. God was building a Paradox. Out of the ashes of Phoenix, something was rising up. Hallelujah! - Power of Transformation. He could take the dark things of confusion of your lives friends and build it back into a son or daughter of God this morning. And after he prophesied the Holy Spirit said, “I'm glad, this is a good improvement; I think we will stop here.” He said, “No prophecy again. I am not satisfied until I see it marching up to Zion. Prophecy to the wind let the breadth come into the body. And quickening power, dynamics began to come into the mechanics.

I remember out there with my big chillum, back there, a pack of cards in my pocket, keeping up with events of the season and the spirit of the season. And I'm saying, "Oh God this is a negative, something is wrong here. This doesn't last. This is only a little shadow, beggarly elements. Where is the reality? I can't satisfy a holy thirst with this. Where is that reality? Brother and one day that eagle came, flying. That eagle came, flying. And when I heard that eagle scream I said, "My, that's the reality, that's the thing I longed for. And from a dry bone in that valley I believe something began to happen to me. That which was locked up in me began to come forth. Can't you see me now? Oh My! I can set my wings in the air currents. Amen! I can fly above the storms. I can look the storm in the face. I can fly into this Word. Amen – and get a hold of a mystery that can give me a Rapturing Grace. Hallelujah!

That is why I can sing, I was. If you aren't that as yet, sing I am a dry bone in the valley but you found me this morning, Jesus. But if you know that is your past, the life you used to live, I was a dry bone in the valley. Sing it like you never sang it before. Sing it with praise. Sing it with exaltation this morning. Sing it and lift Him up and magnify Him, for His great Word that has come to pass. Sing it because it's your experience identified in the Bible. You went through these things. Amen – you are in that prophesy.

[Brother Vin sings.] *Can these dry bones live and I answered - Oh Lord thou knowest! Said son of man - can these dry bones live and I answered - Hallelujah! Oh I was a dry bone - A dry bone in the valley - Oh When Jesus, that great eagle, found me. Oh think about that a dry bone - A dry bone in the valley - when he put flesh upon me, Oh said son of man - can these dry bones live and I answered, Oh lord thou knowest - Said son of man - said son to man, can these dry bones live and I answered, oh Lord thou knowest.*

Oh you have given us prophetic eyes - *you have given us prophetic eyes - So we won't believe Satan's lies - so won't believe Satan's lies - and although the world thinks us absurd - and though the world thinks us absurd - we'll keep on holding to your Word - we'll keep on holding to your Word*

Oh said Son of Man - *said son of Man can these dry bones live and I answered. Oh Lord, thou knowest - Oh we are the flowers -*

and you are life's essence - He's the perfume that perfumes our lives, May oh Lord you have the preeminence. Oh for that's the reason why you made us to achieve your greatest purpose.

Oh said Son of Man - *Can these dry bones live and I answered, oh Lord thou knowest* - Oh sanctified from the bondage of sin, as the Holy Spirit now dwells within. Oh said son of man can these dry bones live - *and I answered Oh lord thou knowest* - Said son of Man - *and I answered oh Lord thou knowest.*

Now I'm no longer a dry bone in that valley, amen that valley of sin. That valley of decision, that valley of death Amen since Jesus set me free. And now I'm growing in His grace, from faith unto faith, from glory unto glory. And someday soon I'll see his face.

Oh said Son of Man - *can these dry bones live and I answered oh Lord, thou knowest* - Oh said Son of Man, can these dry bones live and I answered. Oh Lord thou knowest. Oh said Son of man can these dry bones live Oh Lord thou knowest.

Oh sisters, Son of Man, Hallelujah! Hallelujah! Oh brothers, said Son of Man - *said son of man can these dry bones live and I answered oh lord thou knowest* - Altogether, said Son of Man - *Can these dry bones live and I answered, oh lord thou knowest.* Hallelujah! Hallelujah! Hallelujah! Hallelujah! Hallelujah Lord! Hallelujah.

Now as we bow our heads we would like to invite our minister brother, Brother Aubrey Hunt, Pastor friend and brother from Guyana, Minister of the Gospel standing with us all these years to come and pray. Amen. And you let's unite our hearts under the inspiration of the Word that he ministered to us, with our brother, God's servant.

And you who desire to see this faith, like Paul said, "The life I live now I live by the faith of the Son of God who loved me and gave himself for me. I am crucified with Christ. The world is crucified to me." Oh My! Like Moses, like Abraham, they obeyed and they went out. They refused these things and they endured and they came into such and inheritance; fourteen hundred years after they were still alive in that land following that Great Eternal One. Let's just believe Him even right now for the things that you have need of. As you see this faith, you want to possess this victorious, this conquering faith.

In that first exodus which is a type of this exodus, look at that Word, look at the faith that that Word grew to, that was protected, that produced the deliverance. This same Word that is growing up in you, this same Word that you are protecting, your deliverance is locked up in this Word. And this Word will overcome this cosmos this Satan's Eden, who is trying to grip you and pervert the thirst in your soul. But you are thirsting for that living God, that great Angel of the covenant who can give you comfort and assurance, who can provide and supply every need and raise you up to live in that faith economy. Oh my, this great vision of the eternal today.

All around the building, all in the rooms right now, in the side rooms, on the outside, let this very moment this special time here, let's agree. Let's say, "Yes Father we can receive from you now." Let Him break the hold of the enemy around your life, where he might bring fear and doubt and where he might try to grip you and make you a slave in a system and keep you in the bondage of sin. But this Word has come for you deliverance. Moses is this revealed Word, this is the anointed Word. This is the expressed thoughts of God. Hallelujah, Let us believe as our brother would pray.

[Brother Aubrey prays] Almighty God, Eternal Father, we stand today in Your great August presence. Hearing the Word that has been ministered dear God to the needy places in our lives today. What an expression of faith that comes out of the Scriptures dear God. Showing us Moses under the influence of the Holy Spirit was willing to refuse to be called the son of Pharaoh's daughter and made a decision to suffer the afflictions of Christ, esteeming the reproach greater than the riches of Egypt.

And when this same God in this evening time again come back in the third exodus, revealed to a Bride in the evening hour; Lord and when we see ourselves in this world again constantly Lord under the pressures of life; Satan trying to inflict our minds. Pulling us away from the truth Lord but oh God I pray that you make the vision of the Word clear today to every single believer Father?

May we see clearly the one that Moses saw? May we come under the influence, Father, of the Holy Spirit and the message that is being delivered Lord, that we could also make that choice? We could also put value on the Word of God. Value on what is made

available to us Father, knowing that this world is going to pass away Lord. Already we can see it crumbling and falling apart Lord because you are preparing to cross us back into a faith civilization Lord.

We want to set aside reasoning, we want to set aside everything Lord. We want to put aside malice and hatred and envy and strife and lusting God, and we want to take a hold of the Word of promise Father knowing that it is eternal. It will never pass away, dear God. That's where our life rests today Lord.

Oh God, send down the rain today upon us Lord? Send a refreshing upon us Lord? Send a fresh anointing Father? Oh may there be a new burst of faith Lord that would come forth from the hearts of the believers Lord? We see the challenge that is coming Lord. We see what is fixing to come against this Bride Lord and we know only those who have caught a hold....

Oh God bless the visitors and strangers that have come in today within the gates Lord, and they have heard the Word Father. May you quicken their minds to see their place and see their hour of deliverance? As we minister to them Lord, Father may they not walk through these gates and go back to their homes Lord, outside of seeing the grace of God that has been extended to them.

God as we leave this place today, keep us in Your divine presence. Keep us under the influence of Your Word Father. Keep our minds focused on what You have promised Lord; and give us the determination and the desire to press on to the mark of the high calling in our Lord and Saviour Jesus Christ.

We bring our precious brother Johnny Budica before You today Father. Lord remember Your servant dear God. We unite our faith together, Father. We see the enemy trying to move in Lord but you said, "When the enemy comes in like a flood, the Spirit of God would raise a standard against him." Oh great Jehovah, oh great omniscient one lift up the standard here today Father. Show forth Yourself Lord as the same yesterday, today and forever, the unchanging God in all His ways.

Lord we are dependent upon You. Oh great Five Star General may you stand today with Your children in battle array Father, as we stand against the wiles of the enemy. Move in dear God. May every son and every daughter draw their sword Father and fight the fight of faith Lord. Oh God, until we can see our brother

completely free, completely delivered Lord. Oh God, grant it today Father? As we give you thanks, we give you praise and glorify you for a finished work dear God and all Your people say, Amen.

Oh lift your hands around the building and praise Him, Amen. Claim and take what God has given. Oh freely you have received today. Hallelujah! Glory be to God. Thank you, Jesus. Amen. Turn around and shake your neighbour's hand, say, "God Bless You" Certainly glad to be in the house of God, Amen. I wonder if the brothers would come and sing, "Stand". After having done all to stand, stand. But before they come I want Sister Maria to come and sing, "I know my Redeemer liveth". You may have your seats, Amen.

We have these songs here, yesterday we were going up there and taking our brother for a little drive by the seaside to help him to relax, free his mind a little bit and so on. And while we were there I got to understand that these songs have been such a tremendous thing in his life, and blessing. And it so happened supernaturally and they turned the radio on and here they came. And you know God even witnessed it, right there that we should even sing that for him so if Maria would come, "I know that my Redeemer liveth".

Do you know that your Redeemer liveth? Amen - Redemption by blood and redemption by power and redemption with completeness and joy. Blessed be His wonderful name. Hey Maria I heard something in the song, I said, "I have to tell Maria I never heard you sing that part there." She said, "I spoke to Him this morning." Yes sir! [Maria testifies and sings.]

Oh Hallelujah! Hallelujah, hallelujah! Oh just give Him glory, give Him honour, give praise unto His name! Oh magnify His name, lift up His mighty name. Claim your victory. Oh He lives friends. He lives within your heart. His Word is anointing you. Oh thank you Jesus. Hallelujah! Hallelujah! We are going to frustrate this devil, Amen. This devil is going to get so fed up with us that he'll have to leave us because there is a conquering faith in the heart of his children.

After you have done all to stand, you just stand there. Don't roll over under the pressure and die and bawl, "I will die, I will die." Stand there and say, "Though He slays me I will trust Him,

Amen” You have a testimony that I know that my Redeemer lives. Hallelujah! Thank you Lord. [Brothers sing “Stand”]

Don’t you feel that faith in your heart being anointed? And as you get ready to go, I was telling the brothers last week, I said, “This is the hour of charge.” Do you know what charge means? When sometimes you feel like you’re pinned down by the enemy and you refuse to live in a pinned down situation. And men lift that flag, they blow that trumpet, they sound that battle cry and charge into the enemy. And brother sometimes they drive such terror into the enemy. And the prophet says, “It will be doomed devils on the run.” And I just feel so charged this morning that I want to let this devil know, Amen - brother, let my people go, we are not going to leave one hoof behind.

And for all you soldiers in the army; that you will buckle on the armor a little tighter this morning. You know we are dismissed. We are dismissed already, we already prayed and dismissed, if you have to go. I have just one song on my heart “I stood in the ranks of a great army and there were the saints of the Most High God. We fought the dragon and we overcame by Michael’s two edged sword.” I believe that the Ancient of Day is here, how many know that He is here? With experience, maturity and wisdom, Hallelujah! And I want to feel that battle cry. I want to feel that warrior faith here this morning.

And to you who are not a Christian, I want to say there’s a pool with water here and there are robes. The Bible says, “Repent every one of you and be baptized in the name of the Lord Jesus Christ for the remission of your sins.” How can you come into a place like this with an atmosphere like this; and know that God has preserved a people in spite of all the foolishness, in spite of all mockery of Christianity, there’s a truth. There’s a reality.

When you see young people washed clean, raised up - anointed with the Holy Spirit to sing the songs of God with faith in their hearts, you know that there is a transforming power that changes. There’s a power of the strong man that breaks the hold of the enemy around the lives of His children and He truly causes them to walk in liberty.

Let’s sing the song, “The Ancient of Days is here.” Let’s worship, this is no concert now. This is the army being anointed for battle, a battle against sickness, a battle against fear, a battle

against doubt, a battle against lust, a battle against all kinds of evil. They'll be shaking vipers in the fire and going forth in victory in this hour. This is your time to claim it by the grace of God. Hallelujah! Hallelujah. [Brother Glaude sings]
